CHRIST (Deemed to be University)
Bangalore 560029

Department of English and Cultural Studies | Central Campus

Date: 15 June 2017

Venue: Room 911, Central Block

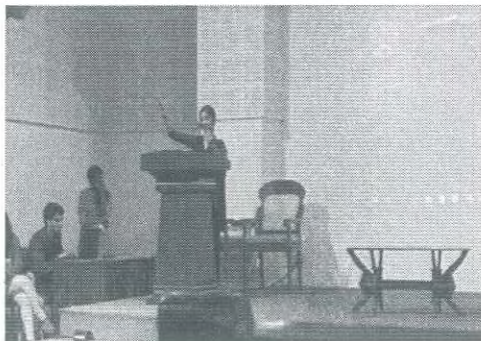

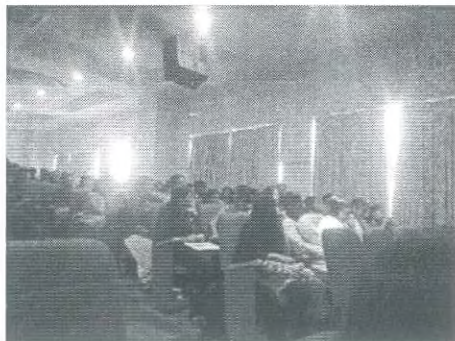

Time: 2 PM – 4 PM

Title: Research Paper Presentation – Responses and Discussions (Research Methodology)

Profile of the Speakers: K Sajitha (2nd Year MA English with Communication Student)
Rachel Lewis (2nd Year MA English with Communication Student)

There were two of the second year students who presented a paper and some interesting knowledge. After the welcome of the audience, K Sajitha presented her paper on “Where Emptiness Narrates: Narratives through Negative Space in Graphic Images.” It was a very fascinating and attention-grabbing paper where she discussed about how negative spaces dwell into positive spaces with examples of quite a number of images. The paper was responded by Ivan Sanjeev, from 2nd M.A. and also by Aadishree Atul Dixit, a 1st year student. They both appreciated the paper and also shared their views on it, like how it can be extended to poetry also.

Later, Rachel Lewis of 2nd M.A. did some knowledge sharing session which was again very exciting as it was on Disney and Influence. She basically dealt with how music in Disney movies are influencing and how it stands for different notions and ideas. She showed us few videos of Disney movie songs from the lion king, cars, mermaid and others, which made the session very interactive and stimulating. She put forth many questions for the audience and asked for their opinions.
