PROGRAMME OVERVIEW

There has been a growing demand for accounting and tax professionals who are proficient and have expertise in accounting skills, regulatory aspects, reporting frameworks, taxation of different entities, budget preparation, forecasting cash flows, and analysis of complex business transactions. The programme aims to develop industry-ready Accounting and Tax professionals by honing skills in in-demand tools, techniques, and standard accounting practices. The curriculum provides a solid theoretical foundation for critical components like Financial Reporting, Goods and Services Tax (GST), Customs Procedure, Transfer Pricing Methods, and Cross-Border Tax Compliance issues. During the programme, students will have the option to undergo training for the Enrolled Agent (EA) Certification Examination conducted by the Internal Revenue Service (IRS), USA, and pursue the Certified Internal Auditor (CIA) course alongside their undergraduate studies.
