WELL HONED PROGRAM

Since 2010, Admissions for 11th Batch

STUDENTS' SPEAK

I used to think ... what next ... in a smaller way, in a narrow minded way. Now I know the opportunities are on me... I think on a broad perspective.

Shashank Gowda
2012-14 Batch, Global Marketing Management

I could go back (to India) if I wanted to and be a better candidate ... out of this (VCU) experience. ... (alternatively) I could explore ... an internship or job opportunity... in any part of the country (USA).

Seemoli Ganatra
2012-14 Batch, Finance

Overall, it is an excellent program for students of my age. The education system is mind blowing. You work with different kinds of people and you learn by experience and I think, experience is the best way to learn.

Rajas Iyengar
2016-18 Batch, Finance

PARENTS' SPEAK

I wish I had words to thank you for the sense of security that we all parents do get in India ... with the excellent feedback that we keep getting from my daughter regarding the out of the way emotional support that your University provides to the foreign students ... being far away from their families.

Mr. Sanjay Uttam
Parent of a student from Class of 2019
