ABOUT CHRIST UNIVERSITY

CHRIST (Deemed to be University) was born out of the educational vision of St Kuriakose Elias Chavara, an educationalist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831, which administers CHRIST (Deemed to be University). CHRIST was established on 15 July 1969 as an affiliated college, with the Vision of 'Excellence and Service'. It became a preferred educational institution in Bangalore, Delhi-NCR and Lavasa within the short period of inception. One of the first institutions in India to be accredited in 1998 by the NAAC, and subsequently in

2004 and 2016, CHRIST (Deemed to be University) has the top grade 'A' in the 4-point scale.

Today, the University offers many Undergraduate, Postgraduate and PhD Programmes in Humanities, Social Sciences, Science, Commerce, Management, Engineering, Education, Law, and Architecture to over 24000 students from all the states of India and about 60 different countries. In 2019, CHRIST (Deemed to be University) completed 50 glorious years of its existence and sterling contribution to the cause of higher education in India.

ABOUT THE CONFERENCE

SDG volume release conference series-1 includes five volumes focusing on the status of the United Nations, Sustainable Development Goals 3, 4, 6, 7, and 15. The volumes are written by scholars from Universities across the world. The volumes highlight the progress toward the UN's 2030 Sustainable Development Goals. Each volume discusses innovative educational, social, and policy-driven practices implemented worldwide. At the conference, editors and contributors would share their insights on specific SDG goals and further shed light on the way ahead to achieving the UN's Vision. The conference is jointly organised by the Centre for Research Project CHRIST

(Deemed to be University) in association with the Graduate School of Global Environmental Studies, Sophia University, Tokyo, Japan.

The conference is organised at the CHRIST Bangalore Central campus. Bangalore is widely known as the Silicon Valley of India, making it a hub of innovation, research, and technological advancement. The city's rich cultural diversity and vibrant academic environment create a unique space for meaningful dialogue, cross-cultural exchange, and collaborative learning.
