NODAL OFFICE, TRIVANDRUM

## DR. RAJESHWARI U R

Dr. Rajeshwari U R is an Associate Professor of Economics at CHRIST(Deemed to be University), Bangalore. She holds a Ph.D. on “Value Added Tax and Its Adoption in India” and specializes in Public Finance, Development Economics, and Econometrics. With 15 years of teaching experience, she has guided Ph.D. scholars, led major research projects, and published extensively in national and international journals.

# WORKSHOP HIGHLIGHT

- Time Series Basics: Learn what time series data is and how to visualize it.
- Models: Understand simple and advanced time series models like ARIMA and VAR.
- Applications: Use these techniques for research and real-world data analysis.

This 10-hour workshop introduces participants to time series analysis. It covers the basics of time series data, key modeling techniques, and practical applications, helping participants analyze and interpret time-dependent data for research and real-world projects.
