ABOUT PUBLIC POLICY AND GOVERNANCE COMMITTEE

The Public Policy & Governance Committee of the School of Law, CHRIST (Deemed to be University) is a student-led platform that is dedicated to fostering engagement with law, governance, and public affairs. The Committee plays a vital role in bridging the gap between academics and practice by undertaking research projects and providing non-partisan policy suggestions to State and Central Government bodies, as well as think tanks. With an emphasis on student participation, PPGC seeks to cultivate interest in contemporary policy issues and governance challenges. It organizes lectures, workshops, and interactive sessions with policymakers, academicians, and practitioners to encourage critical thinking and dialogue.
