

## International Student Support Cell – Deanery of Science : Activity Report

Name of the Event : “An Insight” *Sharing Experiences*

Date: 21/3/19

Time: 3-4 PM

Venue: Room 911, Central Block

Audience – International students and faculty members of Deanery of Science .

The International Student Support Cell of the Deanery of Science is envisioned with the objective of facilitating the international students in adapting to the knowledge environment and culture of the university. Also to support the students to achieve their full potential both academic and co-curricular activities. With a strength of more than 90 international students in the deanery the cell looks forward to facilitate their progress in coming academic year with activities like orientation for academic writing skills, increased peer interaction with cultural evenings, celebrating the diversity in the deanery through “International Student’s Day” and many more.

On 21st March 2019, International Student Support Cell of Deanery of Science, conducted an interactive session “An Insight” *Sharing Experiences*. The session included introduction of the cell, its objectives, team members and proposed plan on the activities of the cell for next academic year. Dr. Surendra Umesh Kulkarni, Dean of Sciences and Dr. Lobo J.W, Director International Student Affairs talked on the necessity of the cell and shared their experiences. The outgoing international students shared their experience which was appreciated by all. The session ended with few synergy activities conducted by students.
