

CBCS Interdisciplinary Masters Programmes Guidelines

1. Interdisciplinary master's programmes under choice-based credit system is a regular full-time postgraduate programme offered at CHRIST (Deemed to be University) in the morning from 6.30am-8.30 am, evening from 6.30 pm-8.30pm on all week days and from 1.30pm -8.30 pm on all Saturdays.
2. Five programmes are offered under CBCS Interdisciplinary Masters Programmes
1)MSc (Behavioural Science) 2) MSc (Strategic Management) 3) MSc (Sustainable Development) 4) MSc (Data Analytics) and 5) MA(Economics) offered by the Department of Psychology, Department of Professional Studies, Department of Sociology and Social work, Department of Computer Science and Department of Economics respectively.
3. The programme is offered in three trimesters starting from January, June, and September of every academic year. Admissions for this programme is opened throughout the year and students with 50% marks in undergraduate degree can join in any of the trimesters and obtain the postgraduate degree after completing 18 courses with 4 credits each, of which 12 core courses or 14 (12 core courses + 2 discipline specific electives) courses shall be from the programme student is admitted to and 6 (or 4 for Data Analytics) courses shall be from the electives offered by any of the disciplines. A total of 18 courses amounting to 72 credits have to be completed to secure the degree. The core courses under the parent programme are offered in a staggered manner trimester-wise and a dissertation that start in 4th trimester and completes with viva at the 6th trimester. The electives will be offered as interdisciplinary where the students can take electives offered by any of the five choice based credit programmes. However, they are not permitted to take more than two electives offered by one programme including their parent programme. Students of one discipline should not choose core courses in other disciplines. Students are free to choose extra elective courses from other Interdisciplinary programmes to enhance the credits. A maximum number of electives from the core programme is restricted to 2. That means the students can take 12 core courses and 2 elective courses from their core programme. Students may take a minimum of two years to complete the program and a maximum of four years. An additional year extension may be granted with an

additional fee of Rs 10000/- (Ten thousand only)

4. Selected students of CBCS interdisciplinary master's programmes should register for the **CBCS programme** and **courses offered** in each trimester separately.

5. **Maximum number of the courses** one can choose in a trimester is **strictly 4**.

6. Students can choose the dissertation only in the **fourth trimester**.

7. MSc (Data Analytics) courses are only for

- BSc with Mathematics major or minor / BE/ BTech.
- BCom/ BBA with Business Mathematics or Data Analytics as Specialization.

8. MSc (DA) admission is only once a year (In June trimester).

9. Check the schedule of the classes and choose courses by avoiding **the class timing** clash.

10. Check the website link of Interdisciplinary Masters programmes in CHRIST University website for syllabi, eligibility criteria, credits, etc.

11. June 2021 trimester will commence on 14 June 2021.

12. Last date for registration of June 2021 trimester courses - 12 June 2021. Please use office.cbcspg@christuniversity.in for any official correspondence.
