CUESTIC 2018 - 19

CUESTIC (Christ University Electronics Students Technical Interaction Club) was formed with the aim of providing a platform for the students to create technical awareness and to generate interest in the core fields of Electrical & Electronics Engineering and Electronics and Communication Engineering .The Association was inaugurated in the academic year 2013-14 and from then on CUESTIC has done its fair share in promoting technical and managerial skills among the members and in providing a platform for innovation and excellence . The intra departmental technical events ,with the title SOURCE CODE, workshops ,tech-talks etc conducted under CUESTIC has always abided by the aim of the association and has helped students to explore the infinite oppurtunities awaiting them. This year was bigger and better with source code and ME-AW (Mobile & e-waste awareness week) drawing particpants as high as 150 from across departments.

Expert Talk: Mr.Manjunatha Dixit.
