

Department of Chemistry

Program Report

Date: 10-07-2019

Time: 4:00 to 5:00

Venue: Conference Hall, Central Block, CHRIST (Deemed to be University)

Program Coordinators: Dr. Vinod T. P.

Nature of Program: Faculty Development Program

Program Level: Departmental

Title: Equipping for Education 4.0

Number of participants: 15

Nature of Participants: Faculty

Speaker: Prof. Rishikesh K B, Department of Commerce, CHRIST (Deemed to be University)

Remarks: In this informative session, Prof. Rishikesh discussed about the recent developments in areas of information technology and artificial intelligence. He gave his insights and predictions about how these developments are changing our lives drastically. He then spoke about the role of educators in a society undergoing fourth industrial revolution. He emphasized on our ability to emotionally connect to the students as the key advantage we have over any form of artificial intelligence.
