

Faculty of Engineering and School of Architecture

September 05, 2019

Teachers' Day, which is one of the major events organised by the Student Council was celebrated on 5th September 2019 . In Kengeri Campus, for the past 7 years, it was being organised by SWO. But this year, the Student Council had decided to collaborate with them in organising an unforgettable Teachers' Day for all the teachers . The Gifts Usually, the gifts given to the teachers are common to all. This time, the Student Council of Kengeri Campus decided to give personalised gifts to the teachers to make the gift more special. Hand-drawn Portraits of teachers have been framed and given to all the Teachers.

The Process The decision of the gifts was done way back in June. The work started in the first week of July and ended by the first week of September. All the 196 sketches of the faculties from Faculty of Engineering, School of Architecture and the Institute of Management have been drawn by our University Student Council member Harshit Srivathsava, as we wanted consistency in the quality of all the sketches. The collection of money has been started by the SWO as usual, but we had negotiated and convinced them to work along as our part has been planned long ago and most importantly that is a unique initiative.

All the Deaneries collected good amount of money, supported by the amount given by the management we could make it possible. Involvement of the Deanery Student Council Members The frames had been ordered from Frames speciality store. The Deanery Student Council Members were asked to help in putting up the sketches and frames together. The Distribution On 5th September, from 10:00 am onwards, the gifting of portraits was being done by Deanery Student Council Members along with the University Student Council Members. This distribution happened department-wise which made it quicker and more efficient. Gifting was done various places like the corridors, laboratories and classrooms which also ensured that each student in the campus is aware of what their contribution was utilised for.

To ensure that this initiative and work of Student Council is noticed by every individual, the portraits of Fathers, Deans and Heads of the Departments had been gifted to them in the Open-Air Auditorium amidst the gathering by the University Student Council Members after some wonderful performances by the teachers.
