DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
CHRIST UNIVERSITY, BENGALURU - 74

INDUSTRIAL VISIT to INFOSYS CAMPUS, MYSORE
7th September 2019

An industrial visit to the Infosys Campus in Mysore, was organized by the Department of Computer Science and Engineering, on 7th September 2019, at 9:30am for the students of 7BTCS-B. The visit to the campus was a learning and knowledge gaining experience, as the students got an opportunity to know more about the working and management of Infosys and about the history and the formation of the Company.
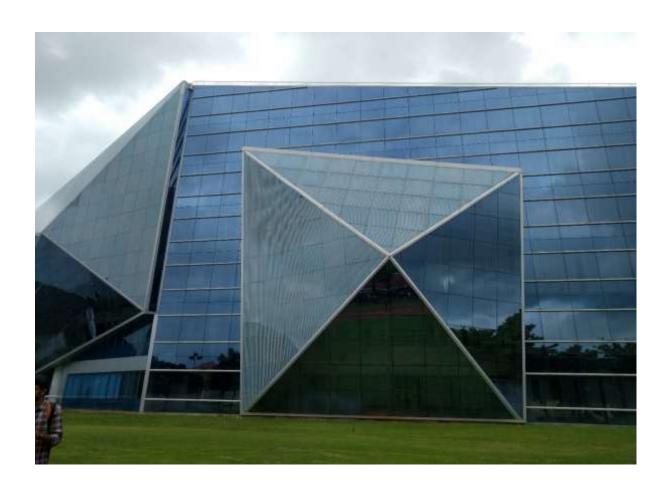

Visit Details:

Date of Visit	Semester	No. of Students	No. of Faculty members	Timing
7th September 2019	VII	59	4	9:30am to 2:30pm
Total no. of visitors		59+4=63		

➢ Students were first given a campus tour where they got to see the beautiful buildings and the architecture within the campus.

➤ After the campus tour, we were taken for a seminar where we were shown videos of the finding and formation of Infosys and its growth and achievements. We were also shown a video about the Mysore Campus of Infosys which showed what the campus was known for and its beauty and glory.

➤ After the videos were shown, the students were made to do a few tasks as team-building exercises. They were divided into five teams and were given two tasks to complete at the same time, one was making the tallest tower out of twenty straws and making it stand and the second was getting to know the teammates and finding out three of their favourite things. Although it was challenging, all the students enjoyed and gained a lot of knowledge on what needs to be done and what needs to be improved when working as a team.

➤ Overall, it was a wonderful experience, for both the students and the teachers.

Learning Outcomes:

- The Industrial Visit to Infosys Campus, Mysore helped the students to achieve the following:

- ✓ Understand the training methods, syllabus and procedures in training the future employees of Infosys.
- ✓ Understand the working and management techniques of the company.
- ✓ Understand the history, formation and importance of the company.

- Technical discussions between students and the expert from Infosys on the following:

  i. Team-building techniques

  ii. Education and Training
