INSTITUTE *of* MANAGEMENT

Management Development Programs

January 20, 2011

Dear Sir/Madam,

Greetings from Christ University Institute of Management, Bangalore.

Christ University Institute of Management (CUIM) is pleased to announce Management Development Programs for the year 2011.

In a highly challenging, competitive and demanding environment of business, the organizations and the highly skilful professionals do accept the need for these programs delivered in a structured framework without being strain on organization's and professional's time.

These programs also play a major role in bringing qualitative change in the system and personnel within an organization. These programs have become a necessity as the international and national accreditation boards, quality councils, and such other bodies emphasis on delivery of such programs and inspire confidence in the international and national customers.

To fulfill all these objectives and many more, CUIM is conducting the Programs as mentioned in the brochure. The enclosed brochure provides details about the program, fees and other formalities. We look forward to receiving confirmation of your participation and to having you with us here at Christ University campus.

In case you intend to conduct it on your premises or to arrange an exclusive program for your organization at our University campus, please do not hesitate to contact our MDP coordinator at the given number below or the MDP office email : mdp@mba.christuniversity.in

Yours sincerely,

Fr. Thomas T. V.
Director, CUIM
