

REPORT ON SEMINAR FOR GENOMICS SUMMER SCHOOL BY BIONIVID TECHNOLOGY IN COLLABORATION WITH DEPARTMENT OF LIFE SCIENCES HELD ON 6 FEBRUARY, 2020

Genomics Summer School is a collaborative programme by Bionivid Technology and CHRIST (Deemed to be University). The main aim of this programme is to train students in various aspects of genome data analysis. So, as a part of this programme a seminar was organised in Seminar Hall, Block 2 of CHRIST (Deemed to be University) on 6th February, 2020. Students from various departments attended the seminar. The session was initiated with an introductory talk by Dr. Alok Kumar Malaviya, Associate Professor, Life Sciences, CHRIST (Deemed to be University). He introduced the students with the main motto of this programme after which Mr. Avinash Dhar from Bionivid Technology took over. He gave a 45 minutes presentation about various fields of genomics to be covered in the 5 days of training programme in the Genomics Summer School. Various applications in the field of genomics and the need of genomics in the present day was also highlighted by him. After the completion of the presentation, there was an interactive session between students, Dr. Alok Kumar Malaviya and Mr. Avinash Dhar, where the students interacted and discussed about the career aspects and other related information about the programme.
