Handful of Food

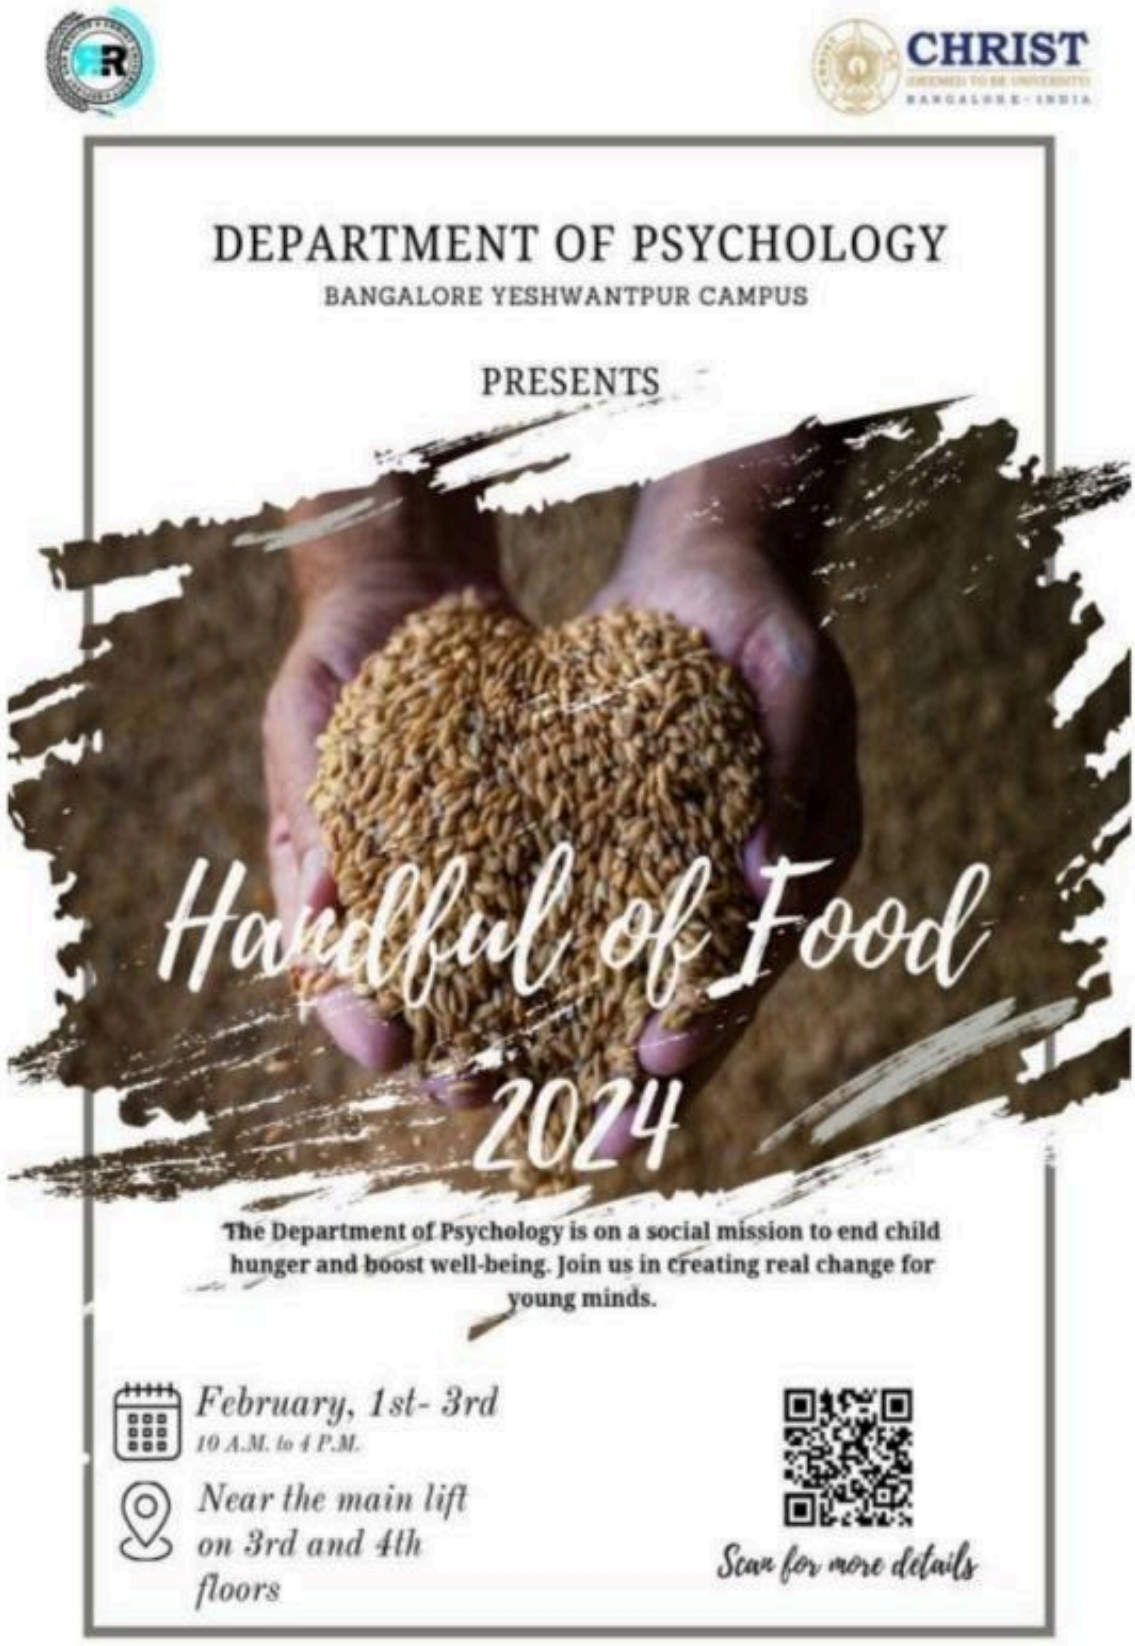

Event: Handful of Food (Stall Event)

Date: 1 - 3 February 2024
Time: 10:00 am - 4:00 pm

Venue: Near main lift of 3rd and 4th floor

Through comprehensive approaches, Zero Hunger in India strives to end food insecurity and malnutrition. Despite improvements, challenges like insufficient supply of food and inequality in socioeconomic status still exist. India being the fastest growing country, hunger still remains as the major challenge in some villages especially children and women.

The Department Psychology, directed by Coordinator Dr. Sherin Antony, organized a stall event named "Handful of Food" that was conducted on 1-3 February 2024. The event commemorated 175 Years of Education and, in honor of founding the first educational institution by St. Kuriakose Elias Chavara, successfully relaunched the mid-day meal program for 130 government school children in the project area. The event's very first day brought awareness among the students about the program by explaining its significance.

10 A.M. to 4 P.M.
Near the main lift on 3rd and 4th floors
Scan for more details

Participants were encouraged to contribute amounts that were comfortable for them, even the professors also contributed to the event's success. The interesting aspect was the emphasis on in-kind donations, making it feasible and encouraging for students to participate. It empowered students to participate in a meaningful social cause, nurturing a sense of responsibility and altruism.

Some of the Key highlights:

- Raised awareness about the mid-day meal program among students.
- Encouraged contributions in kind, fostering inclusivity and feasibility.
- Demonstrated community engagement and social responsibility.
- Empowered students to participate in a meaningful social cause.
- Removed financial barriers and encouraged widespread participation.

The event successfully combined educational significance with a practical, inclusive, and impactful approach, fostering a sense of community engagement and social responsibility among the student body.

Photography Competition

Event: Photography Competition

Date: 16/2/2023
Venue: Stalls opposite to block 1. Beside central block

Poverty is the big issue that still India faces. It is primarily caused by persistent inequality in one of the fastest-growing economies in the world, and is still complicated and serious. This ongoing problem is driven by a number of factors, such as systemic problems with inequality and inadequate distribution of resources, as well as insufficient access to high-quality healthcare, education, and employment opportunities.

The Department of Economics of SDG cell designated by DEEPA V K, Assistant Professor in Christ University Bangalore, had conducted a photography competition showcasing sustainability and SDG goals on 16th February 2023 at opposite stalls of the block1. The event was conducted to bring awareness on the SDG goals. Students had a great opportunity to showcase their talent in photography.

SUSTAINABLE DEVELOPMENT GOALS

United Nations Academic Impact

CHRIST (Deemed to be University)
Bangalore Central Campus

The event was opened for all Christies irrespective of their branch and the event saw active participation of students who participated and submitted their photographs. Selected photographs were displayed at the stall. They used a poll system to declare the winners, in addition to the jury's evaluation. The process of selection went fair to all the participants. There was a cash pool of 3000 rs for the winners. The first place will get a prize money in the range of 1500-2000 rs and the next winner gets 1000-1500 rs. With the cooperation between the department and the students' the event was successful.

This photography competition had a great impact on the students. They had an opportunity to explore villages, streets for photos. They create a concise visual depiction of economic inequalities, which may promote thoughtful discussion on social issues and improve one's understanding of root causes. This can lead to campaigns and well-informed action towards reducing poverty.

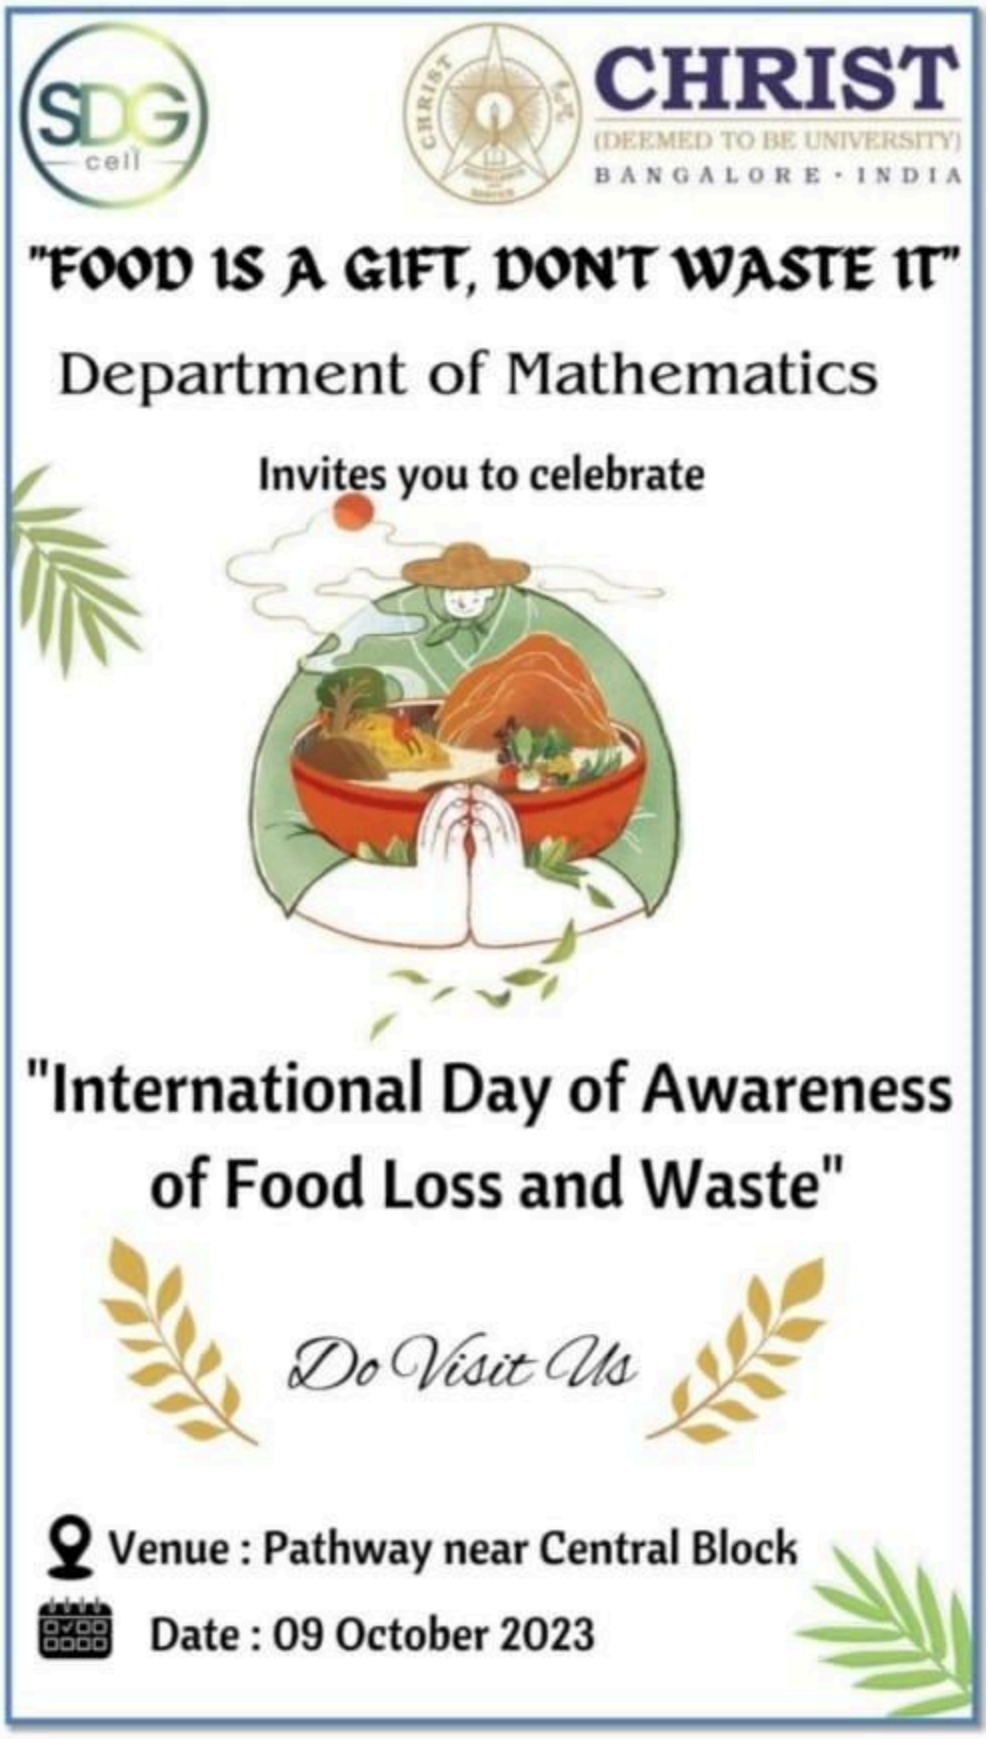

International Day of Food Loss and Waste Awareness (Stall Event)

Event: International Day of Food Loss and Waste Awareness (Stall Event)

Date: October 9th, 2023
Venue: Pathway near central block

The International Day of Food Loss and Waste Awareness aims to raise awareness about the impact of food waste on the environment, economy, and society. Reducing food waste can help alleviate hunger, conserve resources, and mitigate climate change. Let's take action to reduce food waste! Knowingly or unknowingly, we waste so much food which has plenty of impact on our environment.

The Department of Mathematics has come up with the event 'The International Day of Food Loss and Waste Awareness' that was organized on October 9th, 2023, to raise awareness about food wastage on campus and promote sustainable practices. The event was a huge success, attracting 300 participants, including students and faculty members.

Learnings:

- Conducted Awareness games, such as the Dare Wheel, Memory Game, and Whisper Challenge, were effective in educating participants and creating a fun learning atmosphere.
- Interviews with staff, canteen owners, and students revealed trends, challenges, and potential solutions to food wastage on campus.
- Informative posters, pictures, and awareness videos attracted a huge turnout and promoted deep conversations.
- The campaign successfully fostered awareness, encouraged dialogue, and mobilized the campus community towards sustainability.
- Feedback from participants was overwhelmingly positive, with many expressing interests in joining the Sustainable Development Cell and future sustainability initiatives.

Key Takeaways:

- The importance of awareness and education in promoting sustainable practices.
- The need for collective action to address food wastage and promote sustainability on campus.
- The value of feedback and collaboration in guiding future initiatives.

Follow-up Plan:

Feedback Integration: Incorporate feedback into future sustainability initiatives.
Sustainability Workshops and Webinars: Organize workshops and webinars on food sustainability, waste reduction, and SDGs.
Collaboration with Canteens and Food Joints: Implement strategies to reduce food wastage, such as smaller portion sizes, better inventory management, and food donation programs.

The lecture, which marked the International Day of Food Loss and Waste Awareness, was an immense hit in increasing awareness and inspiring students to take action for sustainability on campus. Further attempts will be based on the conclusions and input from the event, ensuring a sustained focus on encouraging sustainable practices and limiting food waste.

Being Farmer Series - Exploring the Realities of Farming in India.

Event: Being Farmer Series - Exploring the Realities of Farming in India.

Date: 26/8/23 [Farmer Series]
19/10/23 [Field Visit]

Agriculture is the backbone of India's economy, with millions of farmers contributing to the country's food security and livelihood. However, the farming sector in India is complex and multifaceted, with various challenges and issues affecting farmers' lives and livelihoods. The Being Farmer Series aims to explore the realities of farming in India, delving into the nuances of the farming sector and shedding light on the complexities and challenges faced by farmers.

The Being Farmer Series, organized by Christ University's Economics Department, aimed to provide students with a comprehensive understanding of the farming sector in India. The series consisted of two events: a lecture by Dr. Sandipan Bakshi on "Farmers in India: A Homogeneous Entity or a Differentiated Category" and a field visit to Yelachenahalli village, Hoskote.

Learnings:

The lecture by Dr. Bakshi challenged the conventional definition of a farmer, highlighting exclusions and complexities in defining farmers. He discussed caste disparities, local politics, and policy challenges, providing valuable insights into the challenges faced by farmers.

The field visit to Yelachamanahally village allowed students to engage with farmers, gaining firsthand experience and knowledge about agriculture. They visited various village institutions, including a closed primary school, village bank, and Anganwadi center, and interacted with village students and households.

The lecture and field visit provided students with a refined understanding of the farming sector in India. Dr. Bakshi's presentation highlighted the need to redefine the concept of a farmer, acknowledging the diversity and complexity of the farming community. The field visit enabled students to connect theoretical concepts with practical realities, fostering empathy and understanding.

Impact on Students:

- Increased awareness: Students gained a deeper understanding of the farming sector, its complexities, and challenges.
- Empathy and understanding: Students developed empathy for farmers, recognizing their struggles and contributions.
- Practical experience: The field visit provided students with hands-on experience, allowing them to connect theoretical concepts with practical realities.
- Critical thinking: Students were encouraged to think critically about the farming sector, its policies, and challenges.

The Being Farmer Series was a massive success, providing students with a comprehensive understanding of the farming sector in India. The events challenged conventional notions, promoted empathy and understanding, and encouraged critical thinking. The series displayed the importance of experiential learning, allowing students to connect theoretical concepts with practical realities.

Community Living Camp: SDG 6: Clean Water and Sanitation

Event: Community Living Camp: SDG 6: Clean Water and Sanitation

Date: 11/3/23
Venue: Yeldur, Kolar

Scarcity of water is the major issue that India still faces. Still there are some villages where there is water scarcity and polluted water. Due to the increase of machines and the industries they release the waste into the lakes and ponds that are nearby. The village people, especially children, are drinking those polluted water and are suffering from various dangerous health hazards from which some are life-giving.

The Community Living Camp, held on March 11, 2023, at Lakshmisagar Village, Kolar District, Karnataka, aimed to promote awareness on Sustainable Development Goal 6: Clean Water and Sanitation. The program, organized by CHRIST (Deemed to be University), involved B.Ed. students in collaboration with CSA, CHRIST University, who engaged with the rural community to raise awareness about water conservation.

Through this camp, students gained hands-on experience in community engagement and awareness-building. Students had an opportunity to explore the importance of water conservation, effective usage, and management of water resources.

Students developed skills in:

- Creating awareness through street plays and rallies.
- Engaging with rural communities and understanding their challenges.
- Aligning with SDG Goals and promoting sustainable practices.

Key Takeaways:

- Understanding the challenges and needs of rural communities.
- Aligning with SDG Goals and promoting sustainable practices.
- Importance of community engagement and awareness-building.

Students demonstrated their dedication to sustainable development by interacting with the community and promoting SDG 6. The Community Living Camp was a successful initiative that brought up awareness of water conservation in rural communities. Students gained helpful learning experience and embarked with skills that will benefit society. The program's success highlights the significance of community participation and awareness-building in accomplishing sustainable development goals.

Revolutionizing Higher Education for Global Sustainability

Event: Revolutionizing Higher Education for Global Sustainability

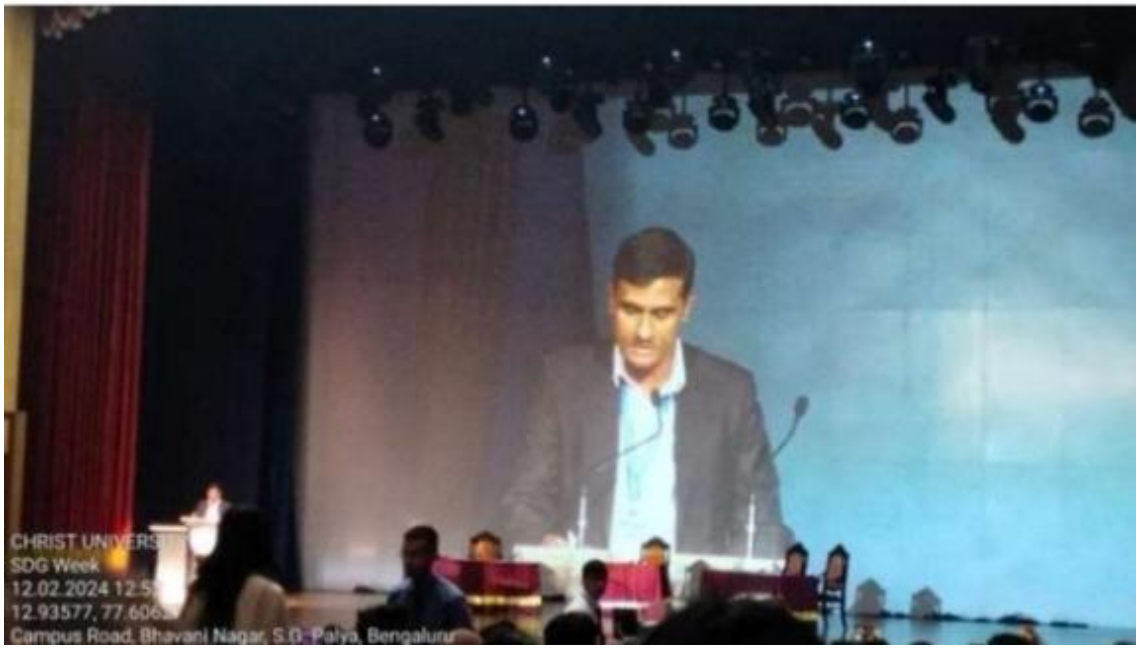

Date: 12/2/24
Venue: Main Auditorium, central campus

The Sustainability Week - Day 1, named "Revolutionising Higher Education for Global Sustainability," was performed at CHRIST (Deemed to be University) on February 12, 2024. The event aimed to raise awareness about Sustainable Development Goals (SDGs) and promote sustainable practices among students.

SUSTAINABLE DEVELOPMENT GOALS

Learnings:

The keynote speaker, Mr. Guruprakash Sastry, emphasized the importance of incorporating sustainability into individual and organizational systems. The panel discussion highlighted the need for higher education institutions to cultivate skills and mindsets among students to address social and environmental challenges. The event underscored the crucial role of young leaders in promoting sustainable development.

Highlights:

- The event was organized by the School of Education in collaboration with the School of Law.
- Around 80 B.Ed. students and students from other departments participated in the event.
- The panel discussion featured experts from various industries, including Infosys, TCS, CGI, Bosch, and Schneider Electric.
- The event emphasized the need for higher education institutions to incorporate sustainability into curricula and empower young leaders to address global concerns.

Impact on Students:

The event inspired students to adopt sustainable practices in their daily lives and collaborate with the SDG Cell to create awareness about SDGs. The interactive stalls and educational games raised awareness about SDGs 4, 5, and 16. The panel discussion motivated students to explore career opportunities in sustainability and contribute to achieving a more sustainable future.

The Sustainability Week - Day 1 was a successful event that raised awareness about SDGs and promoted sustainable practices among students. The event inspired students to adopt sustainable lifestyles and explore career opportunities in sustainability. The collaboration among various stakeholders highlighted the importance of working together to achieve a more sustainable and equitable future.

Community Living Camp (CLC)

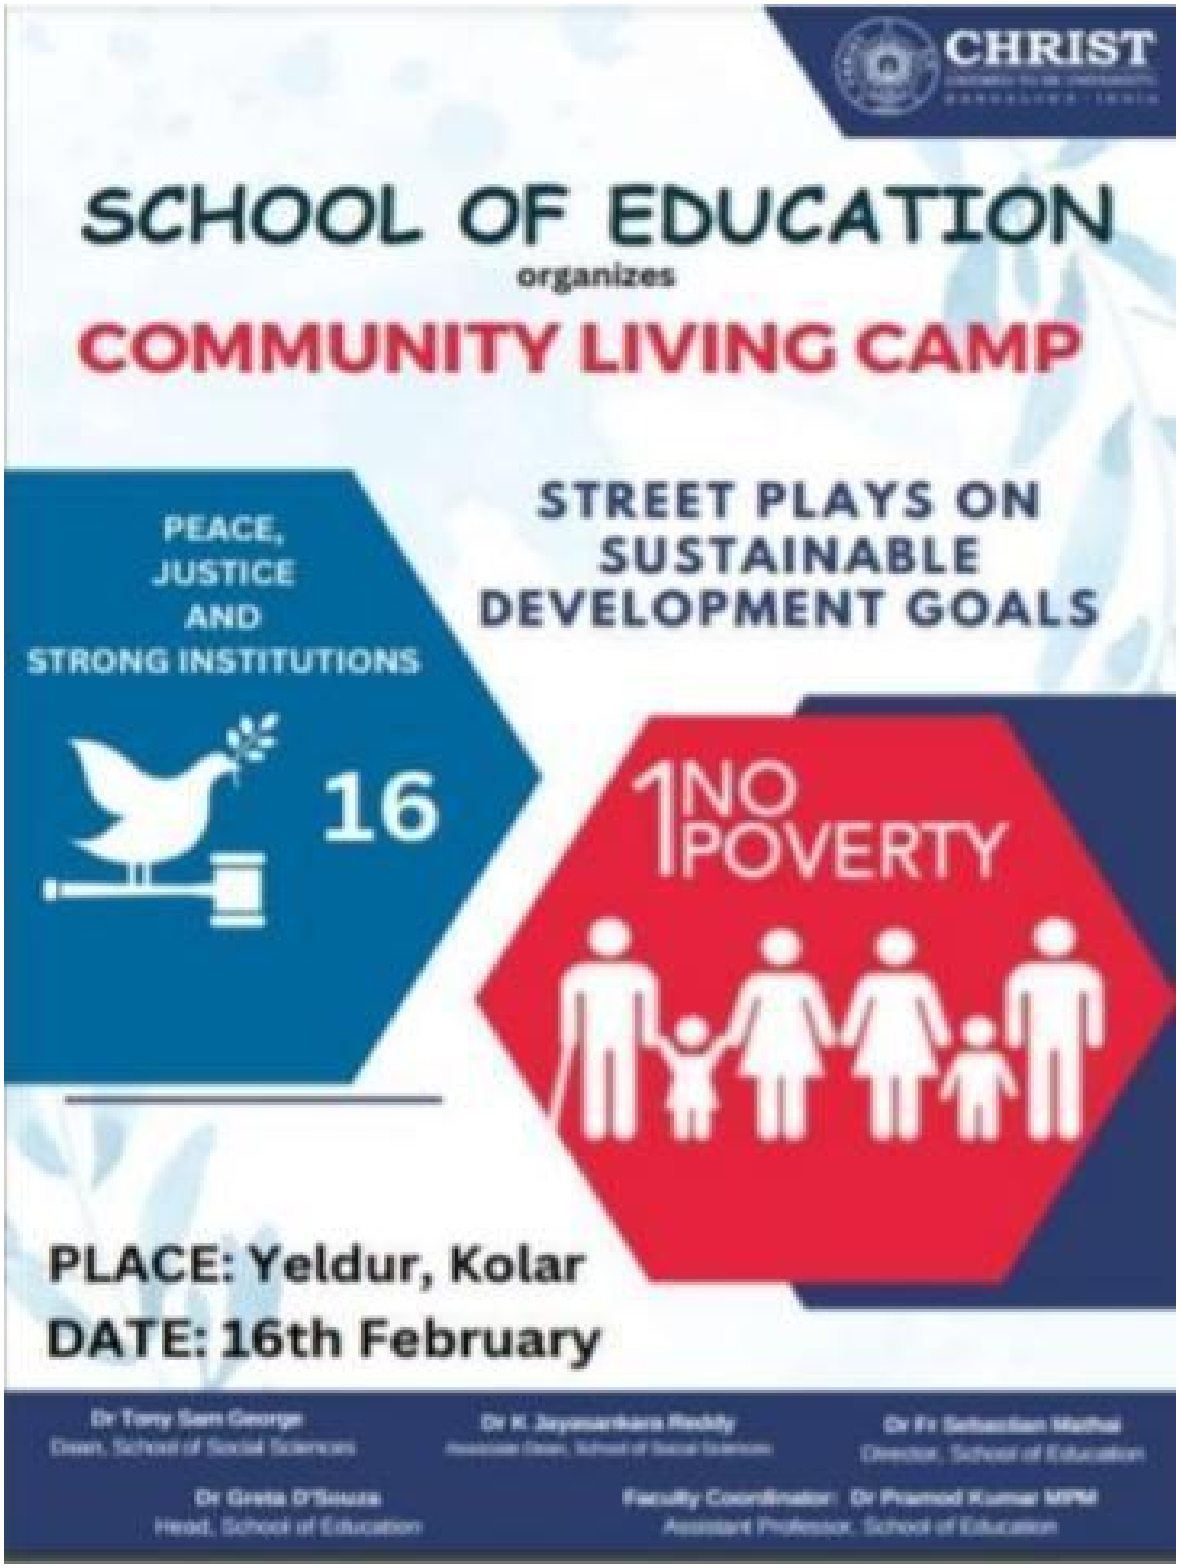

Event: SDG 1, 4, 16 - Community Living Camp at Yeldur, Kolar

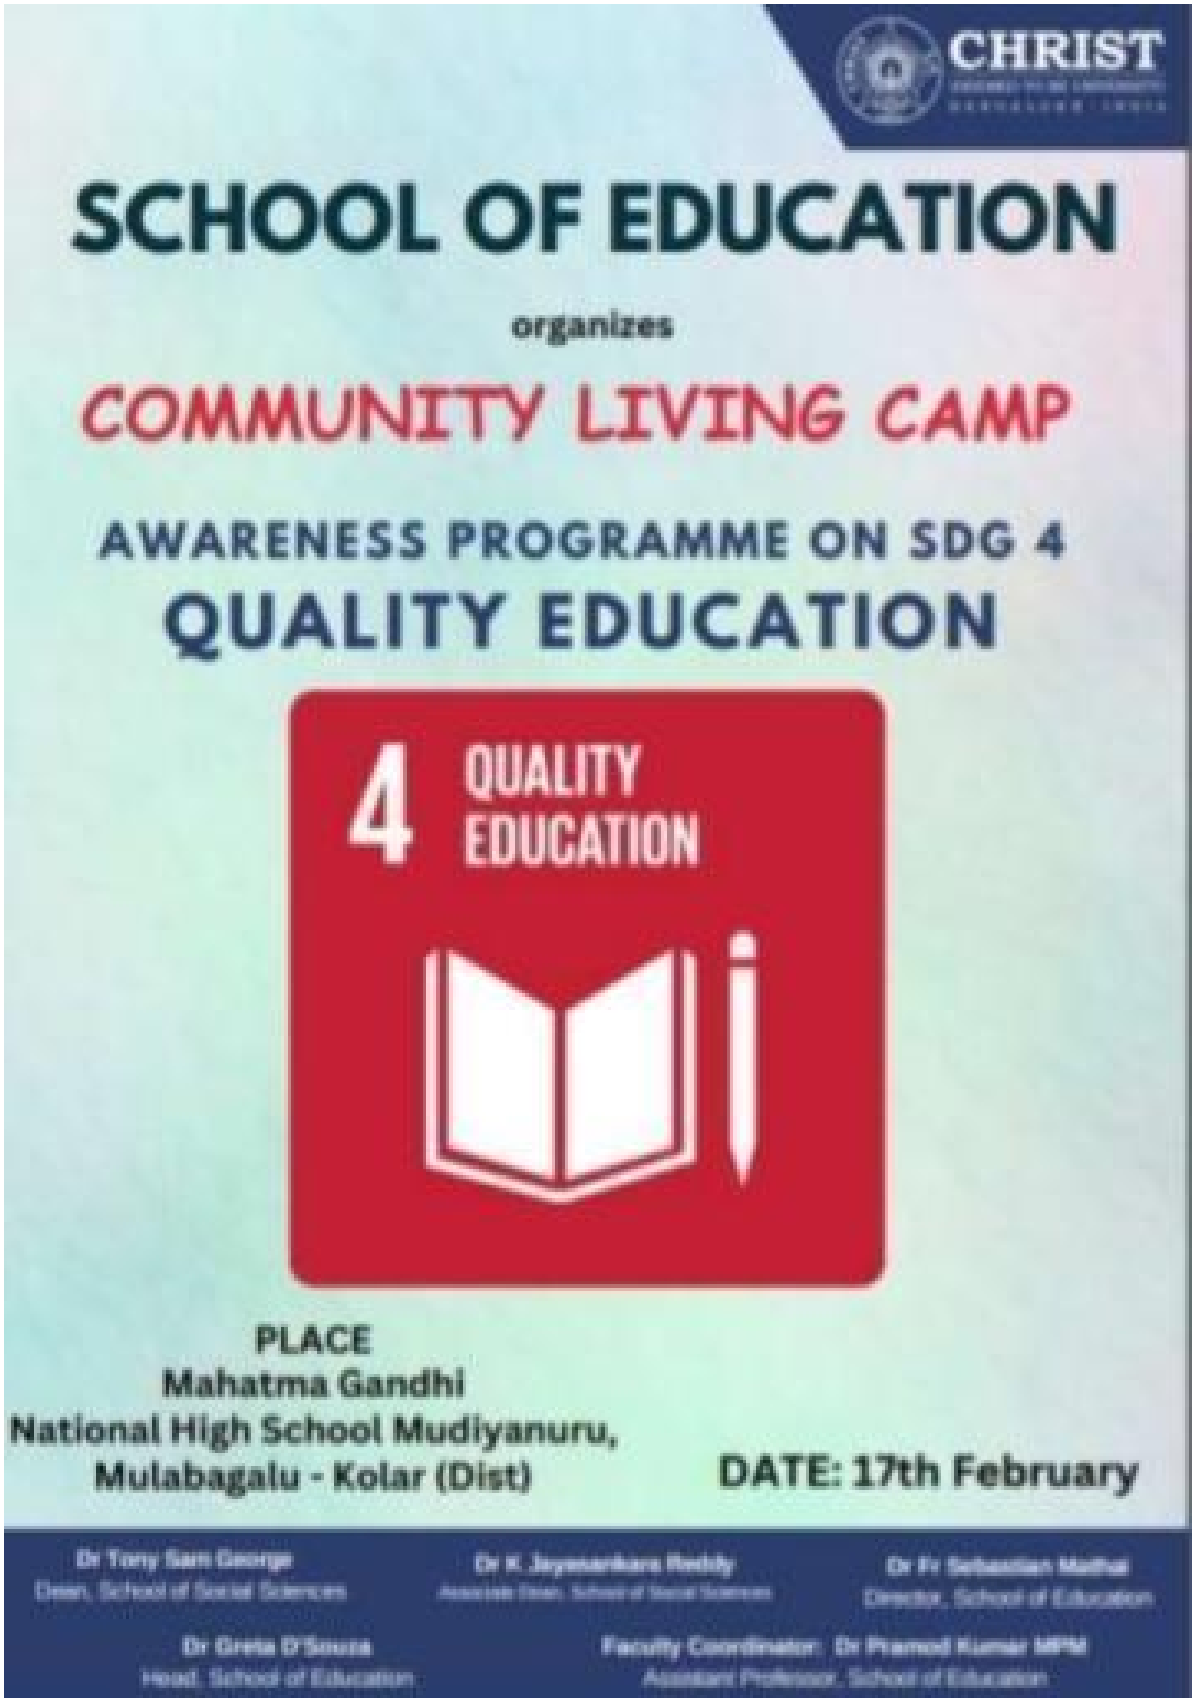

Date: 16th - 17th February

Venue: Yeldur, Kolar

The School of Education, in collaboration with the Centre for Social Action (CSA), organized a Community Living Camp at Yeldur, Kolar, on February 17-18, 2024. The camp aimed to raise awareness about Sustainable Development Goals (SDGs) 1, 4, and 16 among village dwellers and students. The Community Living Camp is a 2-day activity where pre-service teachers from the School of Education visit rural villages to raise awareness about Sustainable Development Goals (SDGs) 1, 4, and 16 through street plays and interactive sessions, promoting community engagement and sensitivity towards social issues.

Highlights of the Activity:

- Street plays were performed in five villages, covering topics related to SDGs 1 and 16.
- Pre-service teachers conducted sessions and games for students at Mahatma Gandhi National High School in Mudichur, focusing on SDG 4.
- The camp provided insight into the lifestyle and problems of village dwellers.
- Students learned about existing practices in the community that align with SDGs.
- The camp highlighted the lack of awareness about government schemes and the importance of sensitive teaching practices.

Key Takeaways:

- Understanding the lifestyle and challenges of village dwellers.
- Recognizing existing community practices that align with SDGs.
- Emphasis on contentment with minimal material possessions.
- Identifying areas where teachers need to be sensitive.
- Learning about programs conducted by CSA in Yeldur.

The Community Living Camp was a successful event that raised awareness about SDGs 1, 4, and 16 among village dwellers and students. The camp provided valuable insights and learning experiences for pre-service teachers, emphasizing the importance of sensitive teaching practices and community engagement.

Community Engagement Program on Women Empowerment: SDG 8

Decent Work and Economic Growth

Event: Community Engagement Program on Women Empowerment (Community Living Camp)

Date: 10/3/23
Time: [10:00 am - 6:00 pm]
Venue: Lakshmisagar Village, Yeldur Hobli Srinivaspur Taluk, Kolar District, Karnataka 563138

The Community Living Camp (CLC) was organized on March 10, 2023, at Lakshmisagar Village, Kolar District, Karnataka, with the objective of promoting women's empowerment and awareness about Sustainable Development Goal (SDG) 8: Decent Work and Economic Growth.

The camp began with a survey of women's status in rural areas, collecting data on educational qualification, marital status, employment status, and age of marriage. A street play was performed to raise awareness about domestic violence, menstrual hygiene, and women's empowerment. A rally with handmade placards and slogans emphasized the importance of women's education. The program concluded with a discussion with Gram Panchayat members, focusing on women's role in governance and its impact on society.

Learnings:

The camp highlighted the importance of education in mitigating child marriage and promoting women's empowerment. Vocational training programs, such as tailoring and stitching, enable women to earn a living and make independent decisions.

The CLC was a successful event that raised awareness about SDG 8 and women's empowerment in rural areas. The camp demonstrated the impact of education and vocational training on women's lives and their role in governance. The experience provided students with valuable lessons in community engagement and social responsibility.

Odha do zindagi

Event Name: Odha do zindagi

Date: 29th February to 1st March 2024
Time: 9:30AM to 4:30PM
Venue: Near Dominos

The event "Odha do Zindagi" was organized by the CSA volunteers on 29th February and 1st March 2024, in collaboration with Goonj, an NGO working towards dignified rural development. The event aimed to spread warmth by collecting contributions in reusable condition.

Learnings:

The volunteers learned about the importance of donation drives and the impact of their contributions on rural development. They gained knowledge about NGOs and their role in society.

The event involved setting up donation boxes near Dominos, where students and faculty members donated clothes, toys, books, and other items. The volunteers worked together to collect and sort the donations, which were then handed over to Goonj NGO.

Impact made on students:

The event had a positive impact on the volunteers, who developed their coordination skills and gained experience in organizing events. They also enhanced their creative ideas for future events. The beneficiaries of the event were the rural communities who received the donations, and the volunteers who gained valuable experience and knowledge.

The event "Odha do Zindagi" was a success, achieving its objective of spreading warmth and making a positive impact on the community. The volunteers gained valuable experience and knowledge, and the event highlighted the importance of donation drives and NGOs in society. The event demonstrated the power of collective action and the impact that can be made through simple acts of kindness.

Agricultural Growth and Goal of Zero Hunger Challenges and Prospects of India

Agricultural Growth and Goal of Zero Hunger Challenges and Prospects of India

Date: 28 July 2023

Time: 10:00 AM – 12:00 PM

Venue: Main Auditorium, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru

The Inauguration Ceremony of ECONTAGO - The Economics Association was held on July 28, 2023, at the Main Auditorium, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru. The event began with a welcome address by Dr. Taru Saigal, the faculty coordinator, followed by a lamp-lighting ceremony.

Professor R S Deshpande, the guest speaker and former Director of the Dr. B R Ambedkar School of Economics & Institute of Social and Economic Change, delivered a lecture on "Agricultural Growth and Goal of Zero Hunger: Challenges and Prospects of India." He highlighted the manipulation in nationally published data sources and emphasized the importance of critical analysis in understanding economic issues.

The ceremony also featured the introduction of ECONTAGO's association members, the release of the first issue of the newsletter Equinomica, and the announcement of the academic calendar for 2023-24, which includes various events such as fests, workshops, and panel discussions. Dr. Sreedevi RS voted of thanks.

The Volunteering event at Akhila Karnataka Prani Daya Sangha Goshala

Volunteering at Akhila Karnataka Prani Daya Sangha Goshala

Date: 6th April 2024

Time: 9:00 AM - 12:30 PM

Venue: 6th Block, Koramangala, Bengaluru, Karnataka - 560095

Collaboration: Central for Social Action, Central Campus, Bengaluru

Participants: Students from the School of Law, CHRIST (Deemed to be University), Bengaluru

Event Overview: The volunteering event at Akhila Karnataka Prani Daya Sangha Goshala focused on breed preservation, animal nutrition, healthcare, and sustainable farming methods. Students engaged with stakeholders, including farmers, veterinarians, and caretakers, gaining insights into the practical aspects of managing a Goshala.

Key Activities:

- Interaction with stakeholders involved in Goshala management.
- Contribution of funds towards the welfare of the Goshala.
- Learning about the legal framework governing Goshalas and their impact on society.

Skills Developed: The program helped students develop socio-legal skills, ethical considerations, and leadership qualities. It also provided an opportunity to critically assess laws related to animal welfare and sustainable agriculture.

Follow-up Plan:
The committee plans to conduct similar programs in the future to continue fostering social transformation and support for Goshalas.

Mapping to Program Outcomes (POs) and Course:

- PO5: Social transformation through socio-legal engagement.
- PO6: Ethical and professional behavior in teamwork.
- Course: LAW266 - Development and Public Policy

Cross-Cutting Issues Addressed:

- Environmental Sustainability: Promoting organic farming and biodiversity preservation.
- Social Justice: Providing employment opportunities to marginalized communities.
- Ethical Considerations: Addressing animal rights and humane treatment.

Alignment with Sustainable Development Goals (SDGs):

- SDG 2: Zero Hunger: Promoting sustainable agricultural practices and food security

Smart Plates, Big Savings: Affordable Nutrition Strategies Workshop

Smart Plates, Big Savings: Affordable Nutrition Strategies Workshop

On September 6th, 2023, Wevolve Community Clinic hosted a hands-on workshop titled "Smart Plates, Big Savings: Affordable Nutrition Strategies" at the Bangalore Central Campus. The session, held from 4:00 PM to 5:00 PM, was attended by 15 postgraduate students eager to learn practical, budget-friendly nutrition tips.

Workshop Highlights:

- **Expert Guidance:** Certified Nutrition Coach Hemalatha led the session, sharing her journey and offering actionable advice on affordable, healthy eating.
- **Free Resources:** Participants received free downloadable materials, including grocery lists, exercise guides, and high-protein recipes.
- **Interactive Learning:** The workshop was divided into four parts: an introduction, affordable nutrition strategies, a goal-setting activity, and a Q&A session.

Key Takeaways:

- Students gained essential knowledge on nutrition's role in physical and mental health.
- Affordable and easy-to-find foods rich in essential nutrients were introduced.
- Participants engaged in setting personal health goals, focusing on realistic strategies to improve their daily habits.

Summary:

The workshop was a valuable experience for students, emphasizing the importance of maintaining good nutrition on a budget. It provided practical advice on overcoming common health challenges faced by students, especially those living in hostels and PGs. The session concluded with a lively Q&A, where participants discussed topics like intermittent fasting and gut health, leaving them better equipped to make informed dietary choices.

Handful of Food

Handful of food

Date: Monday to Friday (Every week)

Time: 8:45 am – 12:45 pm

Venue: Community Kitchen, Basement, Block IV

"A Handful of Food" is a community service initiative by the Parivaar Club at Christ University's Department of Hotel Management. The program provides fresh, hygienic midday meals to government school students to address nutritional deficiencies. Hotel management students plan, prepare, and package the meals with strict hygiene standards. The meals are distributed to schools through a partnership with the Centre for Social Action. This initiative enhances students' well-being and academic performance while fostering skill development, social consciousness, and holistic development. The program received 80% positive feedback from stakeholders.

Community Lunch

Community Lunch

Date: Monday – Friday (Every Week)
Time: 8:45 am – 1:45 pm
Venue: Community Kitchen, Basement, Block 4

The Community Lunch initiative by the Parivaar Club of Christ University's Department of Hotel Management provides 350 hygienic meals to students on weekdays. Prepared and distributed by students with faculty support, this program teaches bulk cooking, teamwork, and service values. It starts at 8:45 a.m. daily, with meals ready by 12:30 p.m. The initiative fosters community, supports eligible students, and develops practical skills. 72% of stakeholders gave positive feedback.

It was conducted focusing on skill and community development, with an emphasis on social service and hands-on learning. The event, which involved 159 students, was centered around student-run distribution, skill development, and community building. Key takeaways included comprehensive learning, skill enhancement, and a strong emphasis on safety and cleanliness. The activity also provided comprehensive culinary training.

Program Learning Goals (PLG) / Program Learning Objectives (PLO):

- **PLG1:** Social Responsibility and Ethical Sensitivity - Students are encouraged to be aware of social and ethical issues and evaluate business actions from an ethical perspective.
- **PLG2:** Functional Knowledge and Application - Students should apply management concepts and evaluate management theories across functional areas.
- **PLG3:** Communication - Focus on professional oral and written communication.
- **PLG4:** Lifelong Learning - Encouraging the exploration of entrepreneurial opportunities in the hospitality industry.
- **PLG5:** Design Thinking - Students are to examine problems contextually and discuss standard operating procedures to meet customer requirements.

Sustainable Development Goals (SDG) Addressed:

- No Poverty
- Zero Hunger
- Good Health and Well-Being
- Quality Education
- Gender Equality
- Decent Work and Economic Growth
- Responsible Consumption and Production
- Climate Action

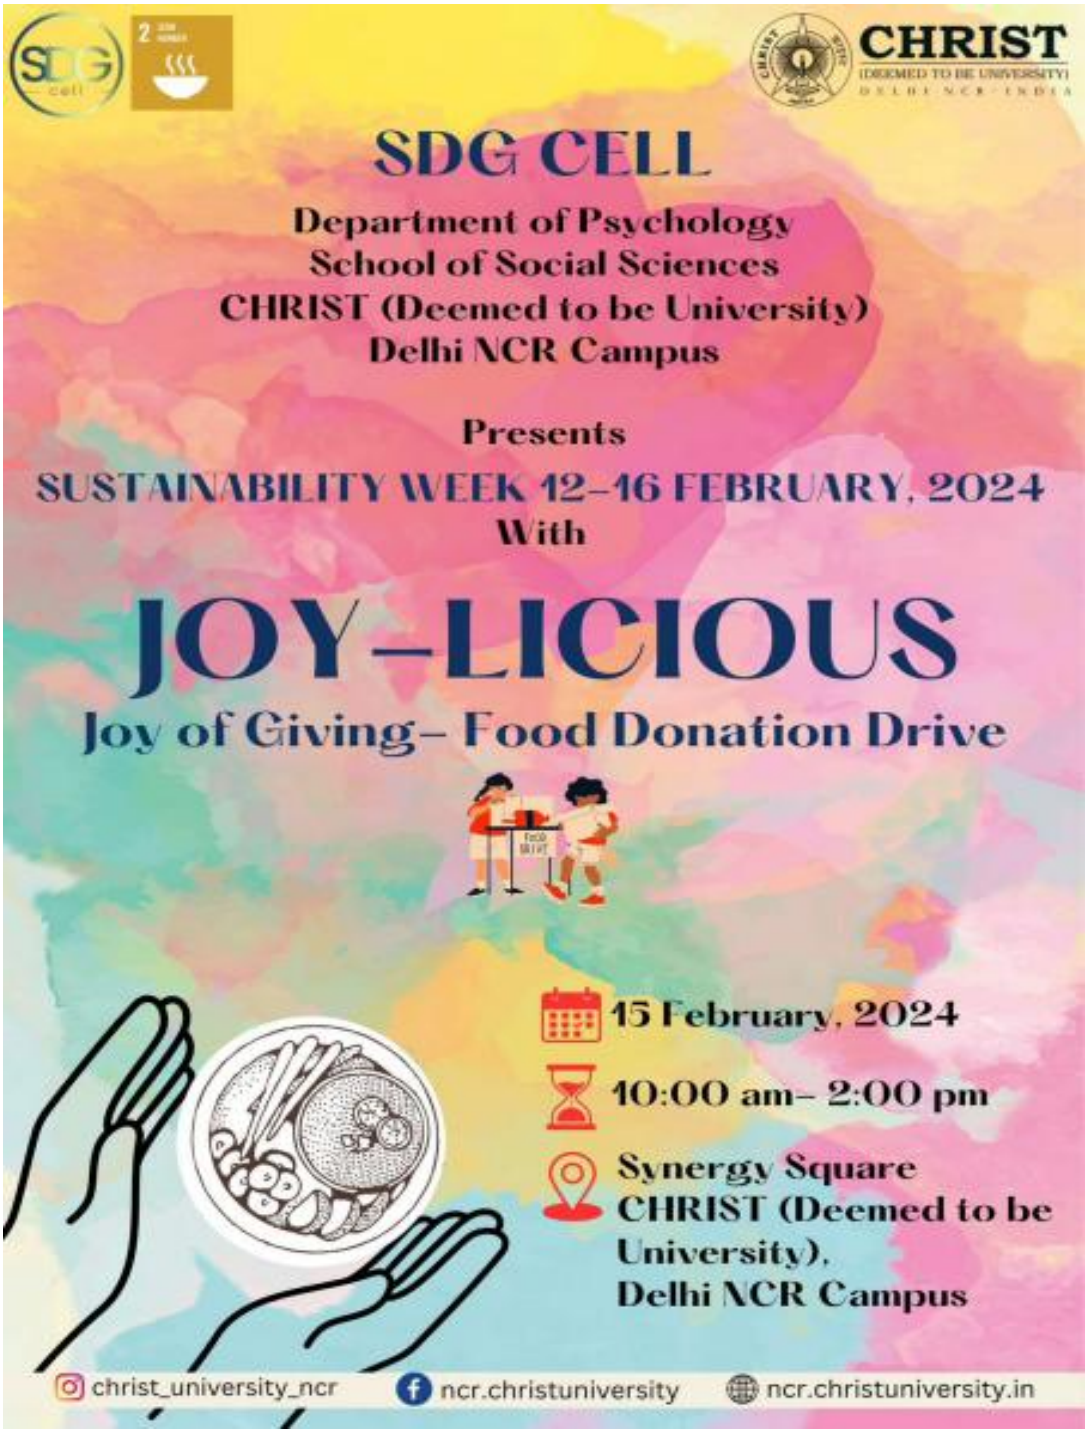

Food Donation Drive

JOY-LICIOUS, Joy of Giving

Date: 15th February 2024

Time: 10 am-2 pm

Venue: Synergy Square, Christ (Deemed to be) University, Delhi NCR Campus

Participants Profile:

- **Type of Participants:** UG Psychology Students, 2 Faculty Coordinators
- **Organization:** Student Volunteers, SDG Cell, Department of Psychology
- **Faculty Coordinators:**
    1. Professor Aavleen Bakshi, Assistant Professor, Department of Psychology
    2. Dr. Shefali Mishra, Assistant Professor, Department of Psychology

Highlights:

1. The "Joy-Licious" Food Donation Drive was organized to increase access to nutritious food and support Sustainable Development Goal 2: Zero Hunger.
2. The drive emphasized the impact of collective action, compassion, and generosity in contributing towards a hunger-free world.

Key Takeaways:

1. The initiative heightened awareness among students and faculty about the importance of nutritious food.
2. It demonstrated how individual contributions, driven by empathy, can make a significant difference in addressing hunger.

APEEJAY ANAND CHILDREN'S LIBRARY

Summary of the Event:

On 15th February 2024, the "Joy-Licious" Food Donation Drive was held at CHRIST (Deemed to be University), Delhi NCR campus, organized by the SDG Cell of the Psychology Department. The event began at 10:00 AM with an inaugural ceremony, where Father Josy C. and Dr. Surekha C., Head of the Psychology Department, endorsed the initiative. The university community actively participated, reflecting a shared commitment to combating food insecurity.

From 10:30 AM to 2:00 PM, food donations were collected, with SDG Cell members and volunteers encouraging participation. At 2:00 PM, 8 students and 2 faculty members delivered the collected food to Salaam Balak Trust, where they interacted with children and engaged in activities to create a positive atmosphere. The next day, on 16th February 2024, another donation was made to Anand Bhawan, further extending the initiative's impact.

This drive exemplified the university's collective efforts towards social welfare and achieving the Sustainable Development Goals, particularly Zero Hunger.

Tree Plantation Drive

Plantation Drive in Collaboration with Prayatna, NCC, and SayTrees

Date: 5th June 2022

Time: 7:00 a.m. - 1:00 p.m.

Venue: Bingipura landfill, Electronic City

Collaboration/Sponsor: NCC, SayTrees, VrukshaBharatha

Speaker/Guest/ Presenter Details

Name: Dinesh Sir

Title/Position: NCC Officer

Organization: National Cadet Corps (NCC)

Title of Presentation: Address and Motivation for Volunteers

Participants profile

Type of Participants: Students and Volunteers
No. of Participants: 27

Highlights of the Activity

Collaboration between Prayatna, NCC, and SayTrees for a tree plantation drive.
Volunteers were oriented to the Miyawaki plantation technique, organic fertilizers, and methane-contaminated groundwater.
The planting of 10,000 saplings has been completed, and the transformation of the Bingipura landfill has been completed.
Awareness about SDG goals, including Climate Action, Life on Land, Responsible Consumption, Clean Water, Sustainable Cities, and Zero Hunger.

Key Takeaways

Improved landscape and environment at Bingipura landfill.
Enhanced awareness about sustainable practices and SDG goals among volunteers and the community.

Summary of the Activity

The tree plantation drive held at Bingipura landfill on 5th June 2022 was a collaborative effort between Prayatna, NCC, and SayTrees, supported by VrukshaBharatha. Under the leadership of Anup, Mahek, and Ananya, 27 volunteers gathered at 7:00 a.m. Dinesh Sir from NCC motivated the volunteers, emphasizing the importance of disciplined behavior. The participants learned about the Miyawaki plantation technique, actively planted saplings, and contributed to achieving SDG goals related to Climate Action, Life on Land, Responsible Consumption, Clean Water, Sustainable Cities, and Zero Hunger. The event concluded with the successful planting of 10,000 saplings, transforming the barren landscape into a green and sustainable area. A feedback session on the bus journey back highlighted the positive impact of the drive and suggestions for future improvements.

Nutrition Kit Distribution Drive

Tilaknagar Nutrition Kit Drive

Date: 14th July 2022

Venue: Tilaknagar

Type of Participants: Students and Volunteers

No. of Participants: 19

Highlights of the Activity

Christ University students distributed nutrition kits to students of the Activity Center in Tilak Nagar.
Approximately 60 packets of rations were unloaded and distributed.
A collaborative effort among the students, promoting teamwork and community engagement.
Sensitization of families in the project area about good nutrition and its importance.

Key Takeaways

Improved access to nutritious food for families in the Tilaknagar community.
Raised awareness about the significance of good nutrition and provided support for families.

Summary of the Activity

The Tilaknagar Nutrition Kit Drive, organized by Christ University students on 14th July 2022, aimed to provide essential nutrition kits to students of the Activity Center in Tilaknagar. Around 60 packets of rations were distributed, showcasing the students' active involvement and teamwork. The drive not only ensured access to nutritious food for families but also raised awareness about the importance of good nutrition in the community. The event emphasized the achievement of Sustainable Development Goals, including.

Centre for Social Action (CSA) Initiatives

CSA has facilitated an array of development programs in rural, urban and tribal areas of different states. CSA facilitates developmental activities in various sectors like health, education, social/community development, empowering community-based organizations (CBOs), land development, agricultural development. CSA aims to empower communities by empowering women to be socially, politically, economically active, and independent. The organization functions in the states of Karnataka, Maharashtra, Delhi, Kerala, Telangana, and Chhattisgarh. The quality of life rendered to the women, children, and the community has brought notable and immeasurable positive changes.

BASTAR COMMUNITY DEVELOPMENT PROJECT CHHATTISGARH

- 34 Villages benefited
- 75 SHGs with 934 members formed
- Quality of life of 3,170 children improved
- 252 Tribal families received IGP loans
- 560 Adolescents trained in adolescent health & addiction
- SHG fund has grown to INR 48,34,512/-

PRAGATHI CHILD FOCUSED COMMUNITY DEVELOPMENT PROGRAMME

- 100% Immunization in our project area
- 1725 Children(cumulative) benefited through Supplementary Education Centre (SEC)
- 596 Adolescent girls made aware on personal health and hygiene through meetings and trainings
- 380 Members benefited through health camps

UNNATHI SHA - CHILD FOCUSED COMMUNITY DEVELOPMENT PROGRAMME

- 11 Villages benefited
- 51 SHGs with 834 women formed
- Quality of life of 1,258 children improved
- 70% Women self employed
- 834 Women trained as educators

VRIDDHI PROJECT

- Ambedhkar Nagar & LR Nagar covered
- 875 Families benefited through COVID-19 relief
- 40 Adolescent girls attended the tuition classes conducted by International Federation of Catholic Universities (IFCU)
- 125 Children provided with sponsorship under the IFCU programme

Livelihood Intervention

Livelihood intervention has brought about economic empowerment among the beneficiaries. It has provided the members with financial stability and kept them away from the money lenders. This has been achieved through training like Entrepreneurship Development Programme (EDP), financial literacy, organizing visits for women providing exposure to a successful organization, etc.

The projects that were sustained earlier have contributed more (70% – 90%) in these aspects. Bastar and Unnathi are currently running projects which are contributing around 50% towards livelihood. The numbers are increasing as the awareness about the importance of livelihood among the members is increasing.

Villeges with CSA Intervention

CBO Collaboration CSA Endeavours

STUDENT VOLUNTARY BODY

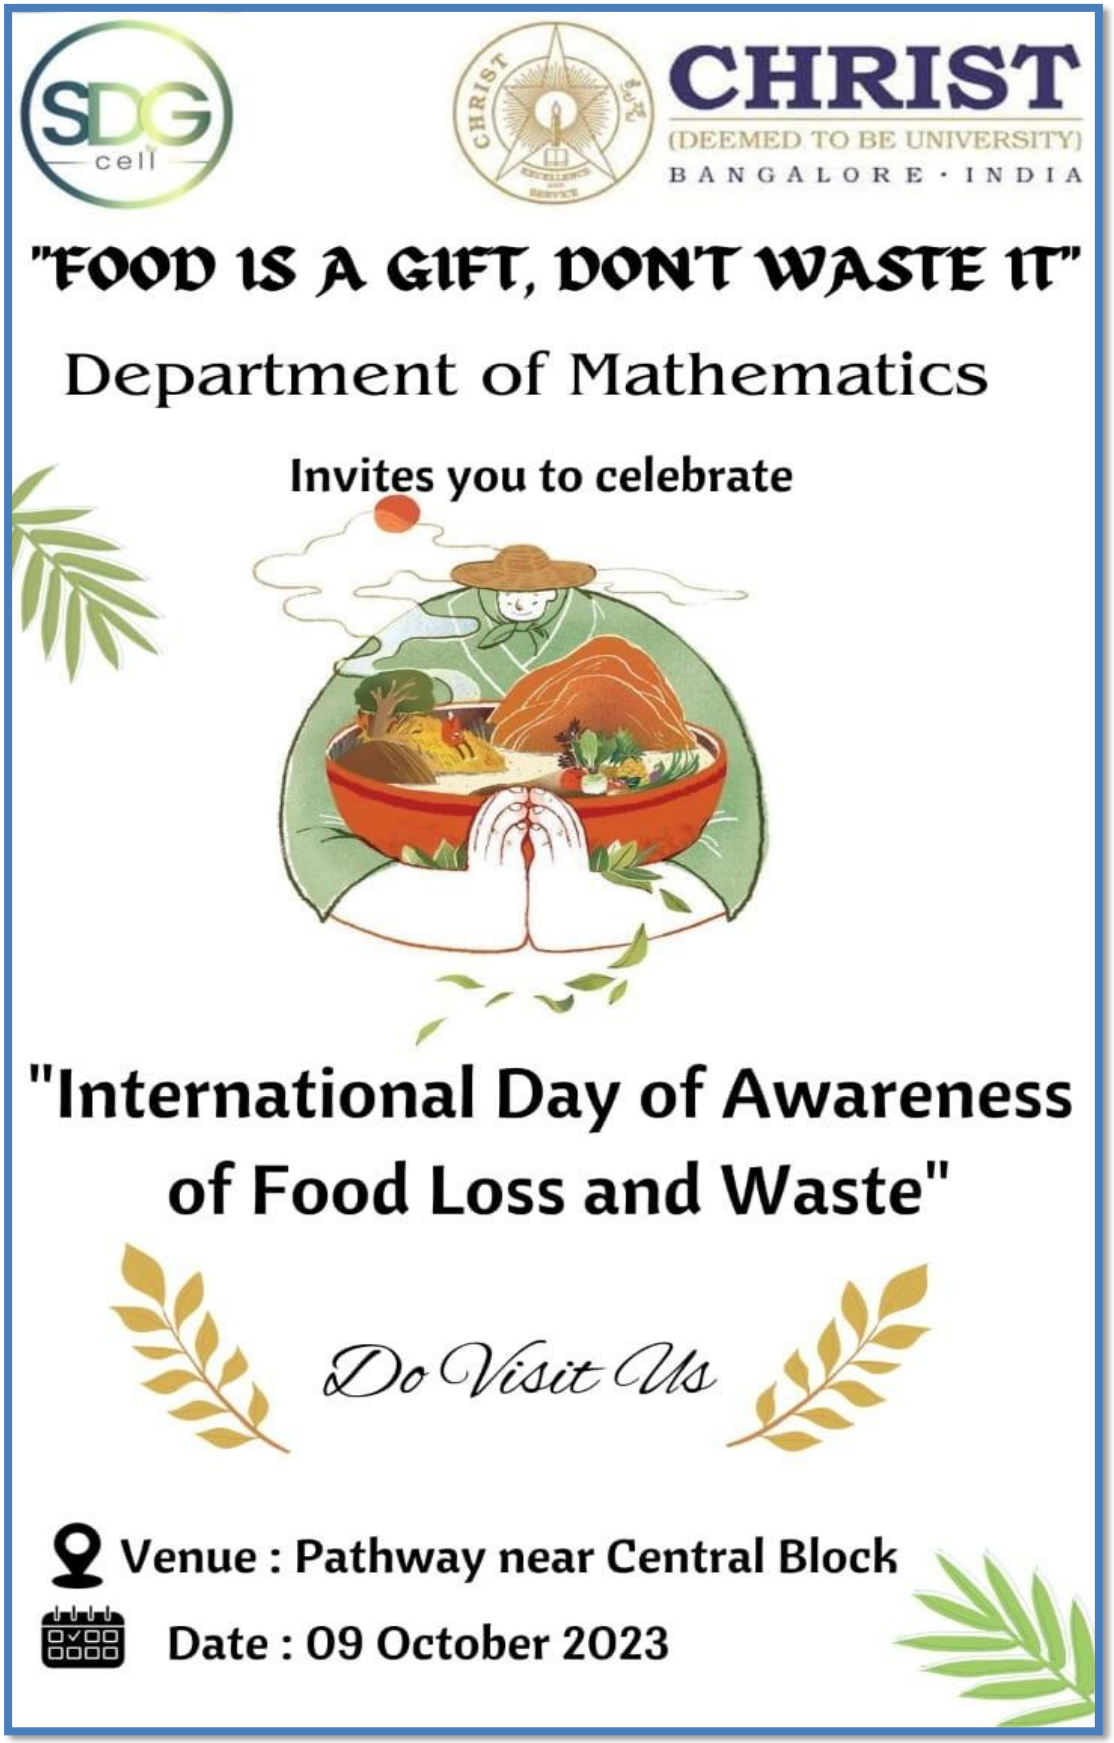

Community-based organizations (CBOs) are the people's institutions. CSA forms CBOs intending to ensure their active participation in the developmental process. Having successfully managed 12 Self-Help Groups (SHGs) in Rajendra Nagar, which is now completely independent, CSA continues to form and strengthen SHGs to proactively engage the women of the slum community for social progress and economic dynamism.

Currently, CSA is managing 11 SHGs in Janakiram Layout and 2 SHGs in LR Nagar. While the total savings of the groups amounted to Rs. 18,43,080, the total loan availed by the members amounts to Rs. 23,07,000, and the loan repaid amounts to Rs. 12,80,700.

Apart from the aforementioned, children's parliament, eco-clubs, parent's committees, and youth groups are being promoted in the slum community to involve the local communities in the people-based development paradigm propagated by CSA.

The quality of services rendered by CSA through its 5 urban slum development projects has brought illustrious & immeasurable changes. Our sense of pride comes out of significant transformations and positive results among the children and women of the marginalized section in health, education, awareness, livelihood promotion, and promoting value-based living. Substantial contributions have been made to improve the quality of life and sense of belonging to the underprivileged section regardless of their caste, creed, color, religion, and language.

Activity Report

Summary of the Activity

The Campus Food Waste Awareness Campaign was organized by a team of 18 students, comprising both bachelor's and master's students. It drew a turnout of 300 participants, the event effectively spotlighted the pressing issue of food wastage on campus, aligning it with the Sustainable Development Goals (SDGs) through the use informative posters and games. The many expressing interest in joining the Sustainable Development Cell and future sustainability initiatives

Highlights of the Activity

- Awareness Games: Games were conducted to educate participants and also to create an atmosphere of fun and learning. Games included: Dare Wheel, Memory Game, Whisper Challenge.
- Conducted interviews with staff, owners of canteens and food joints, students, teaching and non-teaching staff about food wastage on campus.
- Analysis of the primary data collected revealed trends, challenges, and potential solutions.
- The inclusion of Informative posters, pictures and awareness video was helpful in attracting a huge turnout and fostering deep conversations

Key Takeaways

- The Campaign accomplished its objectives by fostering awareness, encouraging dialogue, and mobilizing the campus community towards a shared goal of sustainability.
- The feedback received from participants was overwhelmingly positive, with many expressing interests in joining the Sustainable Development Cell and future sustainability initiatives.
- The data collected will prove invaluable in guiding future initiatives aimed at addressing food wastage and promoting sustainable practices on campus.

Follow-up Plan, if any

Feedback Integration: Incorporate the feedback received into the planning of future sustainability initiatives. Address any suggestions and concerns raised by participants.

Sustainability Workshops and Webinars: Organize workshops and webinars on topics related to food sustainability, waste reduction, and the SDGs. Invite experts to share insights and best practices.
Collaboration with Canteens and Food Joints: Establish communication with the staff and owners of canteens and food joints to implement strategies to reduce food wastage. Explore options such as smaller portion sizes, better inventory management, and food donation programs.

International Day of Food Loss and Waste Awareness

The Campus Food Waste Awareness Campaign, organized by the Sustainable Development Cell, was a remarkable success, drawing in 300 participants and fostering a sense of responsibility towards sustainability. The event effectively conveyed the urgency of reducing food wastage through informative posters and an awareness video. It created an atmosphere of fun and learning, engaging students, faculty, and staff.

The discussions during the event revealed a deep commitment to sustainable practices within our campus community. Participants actively discussed strategies to minimize food wastage, aligning with the Sustainable Development Goals. The positive feedback and expressed interest in joining the Sustainable Development Cell and future initiatives underscore the event's success.

The Campus Food Waste Awareness Campaign served as a catalyst for increased awareness and action, and the Sustainable Development Cell is committed to building on this momentum to create a more sustainable and responsible campus environment. We extend our gratitude to all participants, volunteers, and supporters and look forward to a greener, more sustainable future for our campus.

Recommendations and Suggestions

1. Education and Awareness: The university should conduct awareness campaigns to educate students about portion control and the environmental impact of food wastage.
2. Food Quality Improvement: Food vendors should continue to work on improving the quality and taste of their offerings to reduce dissatisfaction among students.
3. Regular Monitoring: Periodic monitoring of food wastage levels should be conducted, and vendors should be encouraged to continually refine their strategies.
4. Collaborative Efforts: The collaboration between food vendors and non-teaching staff should be encouraged and expanded to minimize food wastage further.

Conclusion

The Campus Food Waste Awareness Campaign accomplished its objectives by fostering awareness, encouraging dialogue, and mobilizing the campus community towards a shared goal of sustainability. It is evident that the event not only raised awareness but also sowed the seeds for long-term, positive change. The Sustainable Development Cell is committed to building on this momentum and working collaboratively with the campus community to create a more sustainable and responsible environment for all. We extend our heartfelt gratitude to all participants, volunteers, and supporters who contributed to the success of this event and look forward to a greener, more sustainable future for our campus. We look forward to Community partnerships like collaborating with local businesses and organizations to increase the reach of the event and involve a wider audience. Also, we hope to organise more interactive workshops along the same lines in near future.

IMPACT ANALYSIS

The International Day Food Wastage Awareness Stall was a well-organized and highly impactful event, successfully achieving its goal of raising awareness about food wastage. The event exhibited a substantial turnout, with approximately 300 participants, and integrated various engaging activities and presentations. The real-time interviews conducted at the stall provided valuable insights into public perceptions and behaviours concerning food wastage. The event successfully combined education and entertainment, ensuring a memorable experience for participants.

Throughout the day, participants interacted with informative posters and the awareness video, which effectively conveyed the urgency and significance of reducing food wastage. The engaging games and activities, such as the Dare Wheel, Circle of Death, Memory Game, and Whisper Challenge, not only educated attendees but also created an atmosphere of fun and learning. The distribution of exciting prizes further encouraged participation.

In addition to being an enjoyable event, the Campus Food Waste Awareness Campaign served as a platform for sharing ideas and experiences related to food wastage. The discussions held during the Circle of Death session revealed a deep-rooted commitment to sustainable practices within our campus community.

Participants actively discussed strategies and solutions to minimize food wastage, aligning with the SDGs and contributing to a more sustainable and responsible campus environment.
The feedback received from participants was overwhelmingly positive, with many expressing interests in joining the Sustainable Development Cell and future sustainability initiatives. This demonstrates that the event successfully inspired a desire for continued action and engagement. The data collected will prove invaluable in guiding future initiatives aimed at addressing food wastage and promoting sustainable practices on campus.

Celebrating Inclusivity and Ecological Diversity at SDG Week

Celebrating Inclusivity and Ecological Diversity at SDG Week

Date: 15 February 2024
Time: 09:00 a.m. - 04:00 p.m.
Venue: Garden Street, Central Campus, CHRIST (Deemed to be University)
Collaborator: World Wildlife Federation (WWF)
Focus: SDG 10 (Reducing Inequalities) and SDG 3 (Good Health and Well-being)

Overview:

On 15 February 2024, CHRIST (Deemed to be University) hosted a dynamic SDG Week celebration, featuring the "Inclusivity and Ecological Diversity Stalls." In partnership with the World Wildlife Federation (WWF), this event invited students, faculty, staff, and guests to engage with Sustainable Development Goals (SDGs) in an interactive and meaningful way.

Exploring the Inclusivity Cell Stall

1. Equality Canvas:
- Participants unleashed their creativity at the Equality Canvas, where they expressed their visions for reducing inequalities. Through drawings, words, and symbols, they contributed to a collective vision board with powerful messages like "Being gay is not okay, it is amazing."

2. Jar of Joy:
- Attendees exchanged positivity at the Jar of Joy, picking or leaving messages—whether it was a quote, an affirmation, or a favorite song lyric. Students and professors from various departments joined in spreading joy and encouragement.

3. Harmony Tree:
- The Harmony Tree celebrated diversity as participants added their colorful touches. Leaves, birds, and butterflies represented the beauty of inclusivity within the community.

4. Myths vs Facts:
- Participants tested their knowledge and challenged stereotypes in an engaging discussion on gender-related myths and facts. This activity promoted gender inclusivity and broke down common misconceptions.

5. Men's Sexual Health and Hygiene:
- The stall featured a conversation on men's sexual health and hygiene, aiming to dispel myths and promote open, informed dialogue. Participants engaged in a quiz and gained valuable insights in a supportive environment.

Discovering the Ecological Diversity Cell Stall

1. Share Your Healthy Habits Board:
- Attendees shared their secrets to a healthy life on this board, inspiring others to adopt good habits.

2. Health and Hygiene Quiz:
- Participants tested their knowledge in a quiz that not only educated but also rewarded them with sustainable gifts!

3. Sustainable Decorations:
- Decorations made entirely from waste paper showcased the beauty of sustainable practices. Attendees learned how simple changes could have a big impact on the environment.

Key Takeaways

- Engaged and Reflected: This event was more than just stalls; it provided an opportunity to actively engage with critical issues of equality, inclusivity, and environmental consciousness.
- Learned and Discussed: Participants engaged in lively discussions around gender inclusivity and sexual health and took part in quizzes that made learning fun.
- Created and Inspired: Whether adding to the Harmony Tree or contributing to the Equality Canvas, participants' voices and creativity helped foster a culture of inclusivity and well-being on campus.

Summary:

The Inclusivity and Ecological Diversity Stalls at CHRIST (Deemed to be University) provided an enriching platform to explore and engage with the Sustainable Development Goals. With a focus on reducing inequalities and promoting good health, these stalls fostered community dialogue, creativity, and a commitment to a better world. This event left a lasting impact on SDG Week 2024!

Experience the All Things Handmade Stall Event at CHRIST University

Experience the All Things Handmade Stall Event at CHRIST University

Date: 11 August 2023
Time: 9:00 AM - 4:00 PM
Venue: Bangalore Central Campus, CHRIST (Deemed to be University)

On 11 August 2023, the bustling Bangalore Central Campus of CHRIST (Deemed to be University) hosted a vibrant and eco-conscious event titled “All Things Handmade.” This unique stall event was an initiative by the Ecological Diversity Cell in collaboration with Wasted360, aiming to raise awareness about sustainability, healthy living, and entrepreneurship within the student community. Let's dive into the details of this inspiring event and explore the exciting activities that unfolded.

Participants: 40-50 students and faculty members
Collaborators: Wasted360

A Showcase of Sustainability
The stall event was a feast for the eyes and minds, with an array of handmade and eco-friendly items on display. Visitors could explore:

Canvas Paintings: Beautiful, handcrafted pieces that added an artistic touch to the event.
Reused Clothing: Stylish yet sustainable fashion options, emphasizing the importance of reusing and recycling.
Books: A selection of preloved books, perfect for book lovers seeking to expand their collections in an eco-friendly way.
Organic Deodorants: Homemade and chemical-free, these deodorants were a hit among the health-conscious crowd.
DIY Decorative Items: Creative and sustainable decor items that were both functional and aesthetically pleasing.

The "All Things Handmade" event was a fantastic success, blending sustainability with creativity and entrepreneurship. Wasted360's contribution to their eco-friendly products must have added a lot of value, aligning perfectly with the event's focus on promoting SDG Goal 3. The activities like face painting seem to have provided a fun, interactive element, making sustainability more approachable and engaging for visitors.

The emphasis on entrepreneurship, event organization, and communication skills for the volunteers is particularly commendable. It not only fostered a sense of responsibility among the Christite community but also offered practical experience in managing a real-world event.

The positive feedback from attendees is a great indicator of the event's impact. Moving forward, expanding the event and continuing to gather feedback should help in fine-tuning future initiatives. Overall, it's inspiring to see how community-driven efforts can make a significant difference in promoting sustainable living.

The *Alumni Sports Meet 2023-24*

The Alumni Sports Meet 2023-24

Date: 17th March 2024,

Time: 7:30 AM to 2:00 PM

Venue: University Grounds, CHRIST (Deemed to be University). This event was organized by the **Recruitment Coordination Committee** of the **School of Law, CHRIST (Deemed to be University)**, with the aim of fostering stronger connections between the current students and the alumni through sports.

Objectives: The primary objective of the meeting was to provide an opportunity for the students of the School of Law, CHRIST (SLCU), to interact and bond with alumni in a dynamic and engaging environment. Through friendly yet competitive sporting activities, students and alumni could establish professional and personal relationships that may benefit them in the future.

Events Conducted: Several sports were organized, including:

- Cricket
- Football
- Basketball
- Volleyball
- Table Tennis

The competitions were spirited, with the alumni emerging victorious in the majority of the events, demonstrating their continued prowess and competitive spirit. The performances of both alumni and students were commendable, and the "Player of the Match" was awarded to the best performers in each sport.

Impact and Engagement: Beyond sports, the alumni played a pivotal role in sharing insights and knowledge about life post-graduation, particularly around the work-life balance. This proved invaluable for the students, providing them with a glimpse into their future careers. The exchange of experiences and tips on handling professional life added significant value to the interactions, helping students prepare mentally and professionally for the challenges ahead.

Participation:

- **52 Alumni**
- **38 Students** These participants formed teams for the various events, leading to competitive yet friendly matches that reinforced the spirit of sportsmanship.

Organizers:

- **Faculty Coordinators:**
  - Asst. Prof. Anubha Srivastava
  - Asst. Prof. Vetha Philos V
- **Student Convenors:**
  - K Varun Dev
  - Ekshita Jain

The meeting was organized within the allocated budget, with a total expenditure well under the approved amount, demonstrating efficient financial management.

Recommendations: Based on the success and positive feedback from both students and alumni, it is recommended that the **Alumni Sports Meet** become an **annual event**. This will provide a recurring platform for students to benefit from the experiences of alumni, both on and off the field, while also fostering long-term connections within the law community at CHRIST.

Conclusion: The *Alumni Sports Meet 2023-24* was a well-executed event that achieved its objective of building bridges between students and alumni. Both groups enjoyed the event, and valuable life experiences were shared. The event's success highlights the importance of such initiatives in enhancing the overall educational and extracurricular experience at SLCU.

Blood Donation Drive - "Legion of Super-Heroes"

The *Blood Donation Drive* titled "Legion of Super-Heroes"

Date: 31st January 2024

Time: 9:00 AM to 3:00 PM

Venue: behind Ivy Hall, near Choir Practice, Audi Block at CHRIST (Deemed to be University).

This event was organized in collaboration with **St. Johns Medical College** and **Kidwai Memorial Institute of Oncology**, aimed at enhancing public health and promoting the critical importance of blood donation among the university community.

Objectives: The main objective of the blood donation drive was to create awareness about the importance of blood donation in saving lives. It aimed to engage students and faculty in meaningful social action, fostering a culture of community service and altruism within the university. Additionally, the event sought to ensure a safe and efficient donation process for all participants.

Participants:

- **Type of Participants:** Students and Faculty
- **Total Number of Participants:** 171

Event Highlights:

- **Slogan:** "Heroes come in all blood types" – This tagline captured the spirit of the event and resonated strongly with participants.
- **Promotions:** A comprehensive promotional campaign that included posters, social media content, and on-campus advocacy played a vital role in generating awareness and encouraging participation.
- **Collaboration:** The collaboration with **St. Johns** and **Kidwai** ensured seamless management of the donation process. Health screenings were conducted by the medical staff to ensure that donors were eligible for blood donation, and the event proceeded smoothly, with medical and procedural support provided throughout.
- **Incentives & Engagement:** Donors were offered refreshments post-donation, and they received stickers stating, "I am a proud donor." Additionally, certificates were distributed to acknowledge their contribution. Friendly competitions and incentives also added an exciting element to the drive, further motivating participation.

Process & Execution:

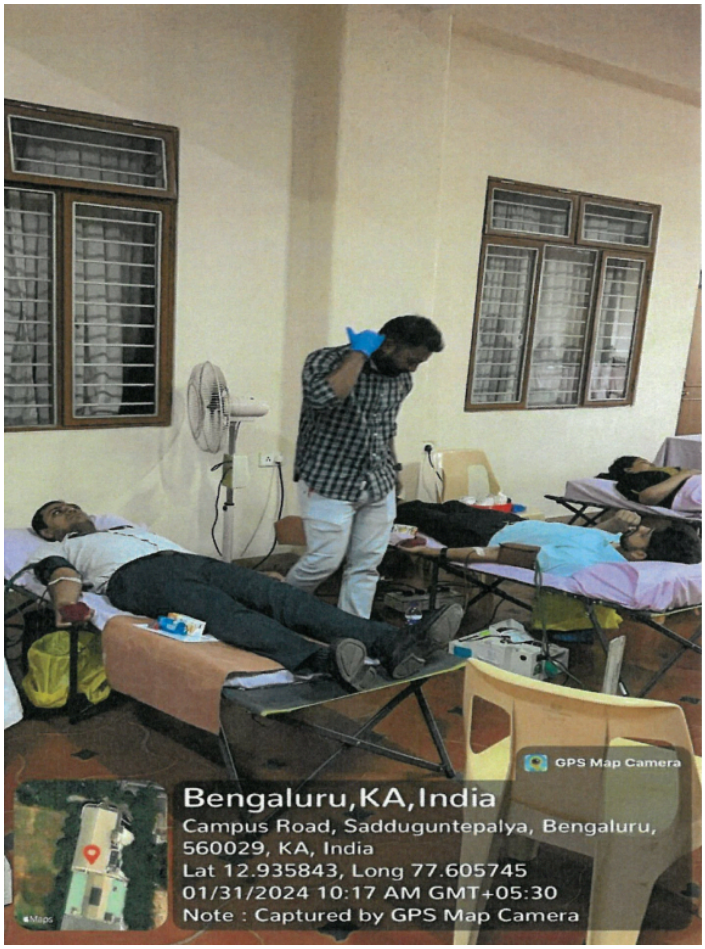

- Students registered for the drive through an online platform, and time slots were allotted to ensure a smooth flow of donations.
- Upon arrival, participants checked in at the registration desk where their details were recorded, and they were asked preliminary health-related questions (such as whether they had eaten).
- Health screenings were conducted by medical staff to confirm donor eligibility. Once cleared, participants donated blood and were then given refreshments to recover.
- After donation, participants were provided with certificates and stickers as tokens of recognition. Volunteers also helped students document the hours missed due to participation to claim attendance credit.

Impact and Takeaways:

- The event fostered a deeper understanding among students and faculty of the importance of blood donation. Many participants were made aware of how a single donation can significantly impact a life in need.
- By involving the student body in this initiative, the event reinforced a culture of giving back to society and underscored the importance of community service in the university environment.
- The drive helped improve community health and motivated participants to engage in future social and health-oriented volunteering opportunities.

The event was conducted efficiently within the approved budget, demonstrating careful financial planning and management.

Conclusion & Recommendations: The *Blood Donation Drive* was a resounding success, with significant participation from students and faculty. The seamless organization, impactful promotional efforts, and efficient collaboration with health institutions ensured that the event ran smoothly and met its goals. Given its success, it is recommended that similar blood donation drives be organized in the future to continue fostering a spirit of altruism and public health awareness in the university.

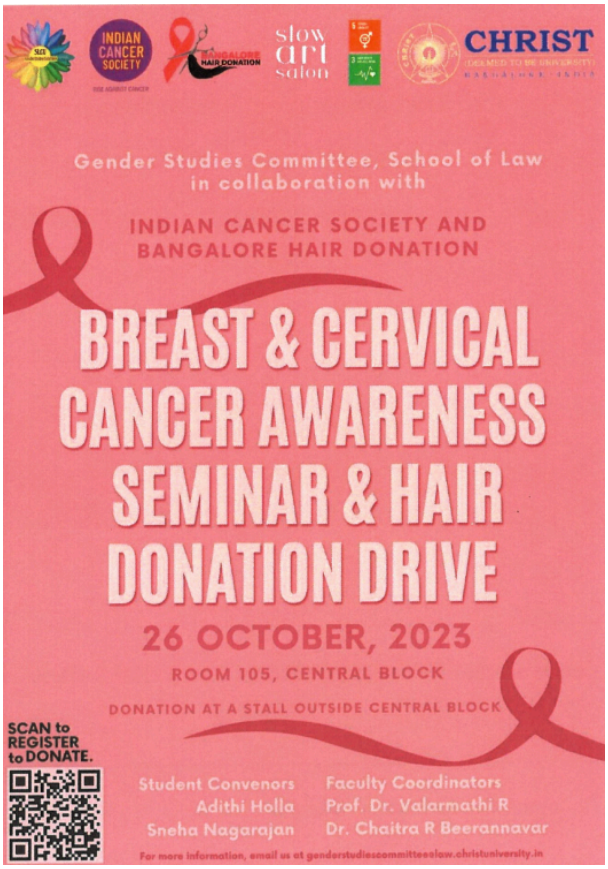

Breast & Cervical Cancer Awareness Seminar & Hair Donation Drive

Breast & Cervical Cancer Awareness Seminar & Hair Donation Drive

Date: 26th October 2023,

Time: 9:30 AM to 4:30 PM

Venue: Room 105, Central Block, Central Campus, CHRIST (Deemed to be University), Bangalore. The event was organized by the **Gender Studies Committee**, School of Law, CHRIST, in collaboration with the **Indian Cancer Society**, **Bangalore Hair Donation**, and **Slow Art Salon**. The seminar aimed to spread awareness about the early detection, prevention, and consequences of breast and cervical cancer while promoting the importance of hair donation for cancer patients.

Objectives:

- To raise awareness about breast and cervical cancer, including early signs, symptoms, stages, and treatments.
- To destigmatize breast and cervical cancer and highlight the importance of regular screenings for early detection.
- To promote hair donation, helping cancer patients regain confidence through the creation of wigs.
- To provide emotional support and guidance for patients undergoing cancer treatment.

Speakers and Presentations:

1. **Dr. Lohita Krishna** – *Breast Surgeon*, Sri Shankara Cancer Hospital and Research Centre, Bangalore
   Presentation: Pink Power: Uniting for Breast Cancer Awareness
2. **Dr. Rekha B. R** – *Consultant Gynaec-Onco Surgeon*, Sri Shankara Cancer Hospital and Research Centre, Bangalore
   Presentation: Cervical Cancer: Know, Prevent, and Empower
3. **Mr. A.P. Kamath** – *Management Committee Member*, Indian Cancer Society, Karnataka
   Presentation: Introduction to the ICS
4. **Dr. Guru Suhas** – *Chief Operations Manager*, Indian Cancer Society, Karnataka
   Presentation: Giving the Gift of Hope: Hair Donation for Cancer Patients

Participants Profile:

- **Type of Participants:** Students from all batches of BA/BBA LL.B and LLM students from the School of Law, CHRIST
- **Total Participants:** 60 students

Event Highlights:

- A **seminar** was conducted by leading medical professionals, who provided a comprehensive overview of breast and cervical cancer, explaining early symptoms, treatment options, and preventive measures.
- The **Indian Cancer Society** emphasized the role of emotional support for cancer patients and the significance of hair donation in boosting the self-esteem of patients undergoing chemotherapy.
- A **hair donation drive** was set up in a stall, where students donated hair to create wigs for cancer patients. Additionally, a donation booth with games and stickers helped raise funds for cancer support.
- Participants learned about the **stages of breast and cervical cancer**, the anatomical differences, and the critical role early detection plays in successful treatment outcomes.

Key Takeaways:

- The seminar successfully raised **awareness about breast and cervical cancer**, educating students on the importance of early detection and destigmatizing these diseases.
- Hair donation was highlighted as an impactful way to help cancer patients regain a sense of normalcy and confidence during their treatment.
- The event encouraged a **culture of community service**, and many participants expressed interest in further involvement in cancer awareness and support activities.

Follow-up Plan: The success of the event has led to plans for conducting **future awareness seminars** and **hair donation drives**, continuing efforts to educate students and staff about cancer prevention and support.

Program Outcomes (POs) & Program Specific Outcomes (PSOs):
The event mapped onto several POs and PSOs relevant to the curriculum:

- **PO 5:** Social transformation through socio-legal engagement.
- **PO 6:** Ethical and professional behavior, collaboration, and leadership.
- **PSO 1:** Policy suggestions and law modifications based on socio-political structure.
- **Relevant Courses:**
    - LLM233CAL Health Law (Global, Employability, Gender)
    - LAW354 Constitutional Law - I (National, Skill Development, Gender)

Conclusion:
The *Breast & Cervical Cancer Awareness Seminar & Hair Donation Drive* was a well-rounded and impactful initiative. It not only educated students about the critical importance of early detection but also inspired them to contribute to society through acts of kindness like hair donation. The collaboration with medical experts and cancer organizations ensured the event was informative and emotionally resonant.

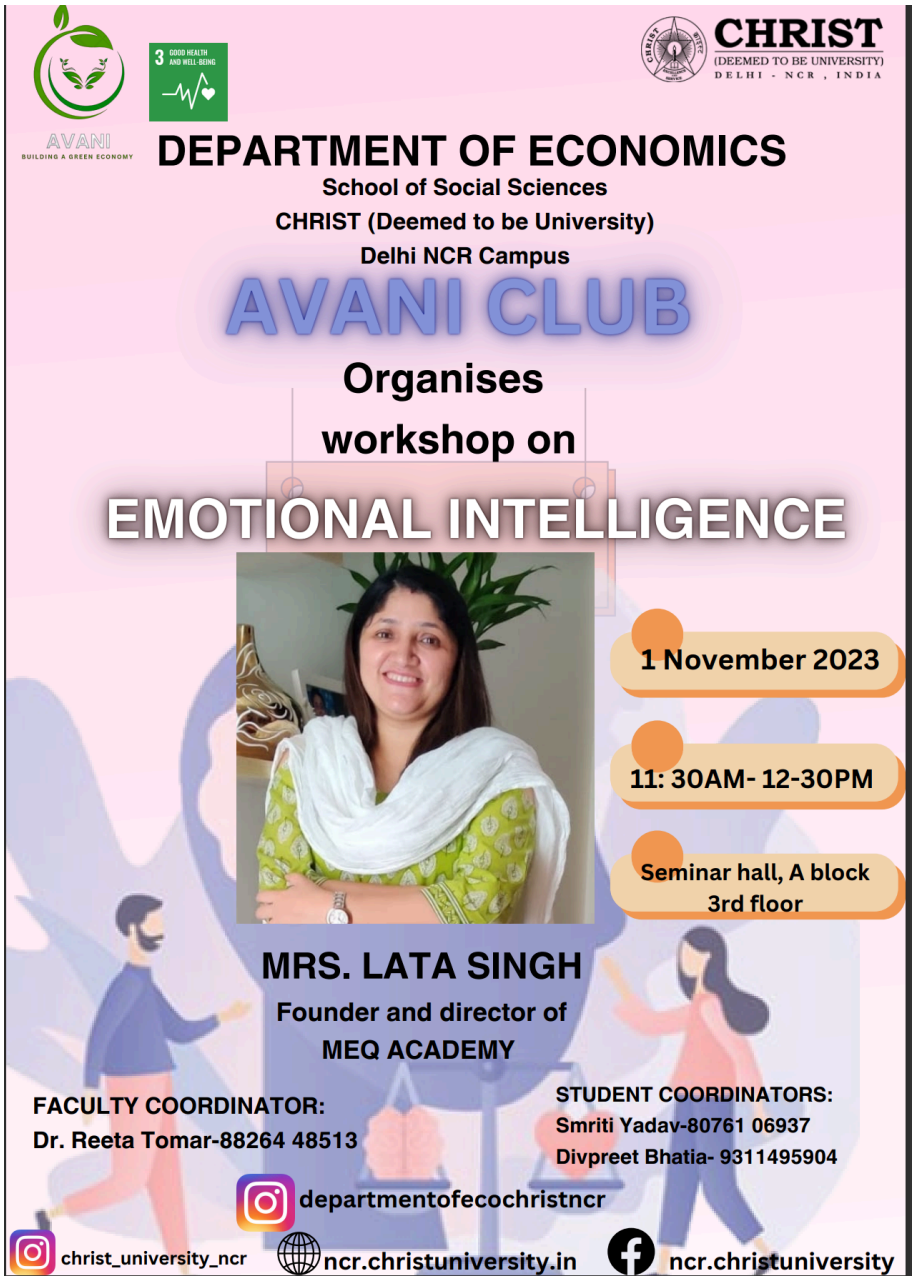

Workshop On Emotional Intelligence

Workshop On Emotional Intelligence

Date: 18th January 2024

Venue: CHRIST (Deemed to be University), Delhi NCR Campus

The **AVANI Club**, Department of Economics at the School of Social Sciences, organized a workshop on **"Emotional Intelligence"**. The workshop was conducted by **Mrs. Lata Singh** and **Mrs. Chetna Singh**, the Founder Directors of **MEQ Academy**, Noida. The event focused on enhancing emotional intelligence, emphasizing its importance in both personal and professional life.

Participants Profile:

- **Type of Participants:** Students and Faculty
- **Total Participants:** 188 students and 1 faculty member (Total: 189)

Highlights of the Activity:

- **Interactive Session:** The workshop began with engaging activities led by Mrs. Lata Singh, involving the audience in discussions on emotional intelligence and problem-solving techniques.
- **Personal Relations Management:** Mrs. Chetna Singh addressed personal relationship management issues faced by students, offering practical advice.
- **Individual Sessions:** Both trainers conducted one-on-one sessions with select students, providing personalized guidance.
- **Felicitation and Appreciation:** The event concluded with a felicitation of the trainers, and students gifted them handmade greeting cards as tokens of appreciation.

Key Takeaways:

- **Emotional Awareness:** Participants learned the importance of emotional intelligence in managing personal and professional relationships.
- **Practical Problem-Solving:** Students were introduced to techniques for understanding and addressing emotional challenges.
- **Personal Development:** The workshop emphasized the role of emotional intelligence in enhancing interpersonal skills and self-awareness.

Summary of the Activity:
The workshop on **"Emotional Intelligence"** was a highly engaging and informative session conducted by **Mrs. Lata Singh** and **Mrs. Chetna Singh**, both experts in emotional intelligence training. The event started with an introduction by **Dr. Shivani** and **Dr. Reeta**, who welcomed the resource persons with saplings as a gesture of appreciation.

Mrs. Lata Singh initiated the workshop by conducting activities that encouraged students to participate and reflect on emotional intelligence's role in their lives. She addressed various emotional challenges and shared strategies to overcome them. Following her session, **Mrs. Chetna Singh** spoke about managing personal relationships and how emotional intelligence can be a crucial factor in improving communication and understanding in interpersonal relationships.

Both trainers actively engaged with the students, answering their queries and providing insightful advice. Later, they conducted individual one-on-one sessions with select students, offering personalized guidance on emotional intelligence and personal growth.

The event concluded with a felicitation ceremony, where the trainers were honored, and students presented them with handmade greeting cards as a token of gratitude.

Follow-Up Plan:
The AVANI Club plans to organize a similar workshop on emotional intelligence next year, continuing its focus on emotional development and interpersonal skills.

Conclusion:
The workshop on **"Emotional Intelligence"** was a successful initiative that provided students with valuable insights into emotional intelligence and its significance in both personal and professional contexts. The interactive sessions, one-on-one guidance, and practical problem-solving techniques helped participants develop a deeper understanding of emotional awareness and interpersonal skills.

Proathlon 2024

Proathlon 2024

Dates: 4th January 2024 to 29th January 2024

Venue: Christ University Ground, DVK Ground, and University Basketball Courts.

Proathlon 2024 was an intra-departmental sports event organized by the Department of Professional Studies at CHRIST (Deemed to be University), aimed at promoting physical activity, health, and wellness among students. It was open to all students from the Department of Professional Studies, attracting over 1000 participants. The event took place during weekdays, Saturdays, and Sundays, with different time slots.

Participants Profile:

- **Type of Participants:** Open to all students from the Department of Professional Studies
- **Number of Participants:** 1000+

Highlights of the Activity (Objectives):

- Encouraged students to participate in sports activities, fostering a culture of health and wellness.
- Promoted teamwork, camaraderie, and a strong sense of community through competitive sports.
- Celebrated sportsmanship and a healthy competitive spirit.

Objective Outcomes and Key Takeaways:

- Participants learned the importance of teamwork, sportsmanship, and maintaining a healthy lifestyle.
- The event emphasized incorporating physical activity into daily routines to enhance well-being.

Summary of the Activity: Proathlon 2024 was successfully conducted over four weeks from **January 4th to 29th, 2024**. The event was designed to promote health and wellness while minimizing disruption to the participants' academic commitments. Sports activities were scheduled during breaks, ensuring that participants could engage in physical activity without impacting their coursework.

A wide range of sports, including basketball, football, cricket, and athletics, were featured, providing students with a variety of activities to showcase their skills. The event was carefully planned to ensure the safety and well-being of all participants, with first aid kits and hydration support readily available. The closing ceremony was held on **March 5th, 2024**, in collaboration with the department's cultural event **Blossoms 2024**, where winners were awarded medals and certificates in recognition of their achievements.

Hospitality: Participants provided positive feedback on the hospitality during the event. Organizers ensured the comfort of participants and referees by providing refreshments during matches, maintaining hydration, and offering first aid as needed. Feedback was actively collected throughout the event, enabling organizers to make adjustments and improve the overall experience.

Organization: The event was efficiently coordinated, with clear communication and seamless execution of logistical arrangements. Participants appreciated the well-organized match schedules, which facilitated smooth transitions between events. However, there were some suggestions for improvement in scheduling to allow for more rest time between matches, indicating potential areas for future enhancement.

Participant Satisfaction: Participants expressed overall satisfaction with the event, highlighting the competitive nature of the games and the fairness of the officiating, which was conducted by university players across various departments. Some participants recommended expanding the range of sports offered in future editions to cater to more diverse interests.

Conclusion: Proathlon 2024 was a successful event that effectively promoted health and wellness while fostering a sense of community among students. While the event was positively received, feedback regarding scheduling and the desire for additional sports highlights areas for improvement in future editions. The department looks forward to building on this success and creating an even better experience for participants in the coming years.

Breakfast Buddies

Breakfast Buddies

Date: 19th October 2023, Thursday

Time: 8:30 AM - 9:00 AM

Venue: Bird's Park, Christ University

Participants Profile:

- **Type of Participants:** SDG Cell Members + Students from the Department of Professional Studies (DPS)
- **Number of Participants:** 30

Highlights of the Activity (Objectives):
The **Breakfast Buddies** initiative was created to foster camaraderie and promote mental and emotional well-being by bringing students together in an informal setting to share a healthy breakfast. The event supports the United Nations **Sustainable Development Goal 3 (SDG-3) - Good Health and Well-being**, promoting social interaction, mental wellness, and community building.

Expected Outcomes and Key Takeaways:

1. **Building Camaraderie and Friendship:**
   Strengthened peer relationships and built a more connected campus community.
2. **Mental and Emotional Well-being:**
   Provided a platform for students to discuss their challenges and concerns, contributing to reduced stress and anxiety.
3. **Promotion of SDG-3:**
   Encouraged good health and well-being through a focus on mental and emotional health in line with global well-being efforts.
4. **Knowledge Sharing and Skill Development:**
   Facilitated conversations about personal, academic, and career matters, promoting growth.
5. **Increased Campus Engagement:**
   Strengthened students' sense of belonging, encouraging their involvement in other university activities.
6. **Community Building:**
   Fostered the development of tight-knit communities within the university.
7. **Cultural Exchange:**
   Provided a platform for students from diverse backgrounds to share their experiences, promoting intercultural understanding.
8. **Reduced Stigma Around Mental Health:**
   Created an open space for conversations about mental health, helping to reduce stigma.

Geotagged Pictures:

Summary of the Activity:

The **Breakfast Buddies** event, held on **October 19, 2023**, at **Birds Park** within Christ University, was a student-led initiative aimed at promoting social connection and well-being. The event was designed to foster a sense of community among students, adhering to **SDG-3**, which emphasizes good health and well-being.

- **Location:**
  The event took place in the serene environment of Birds Park, providing an ideal space for students to relax and engage with nature while enjoying each other's company.
- **Objective:**
  The primary objective of the event was to encourage students to take a break from their routines, enjoy a nutritious breakfast, and engage in meaningful conversations with their peers.
- **Breakfast Session:**
  A variety of healthy food options were provided, supporting **SDG-3** by promoting a balanced meal. Students gathered over breakfast, which helped set a positive tone for the day.
- **Fun Activities:**
  The event featured fun icebreakers and team-building exercises, designed to encourage interaction among students from different backgrounds. These activities played a crucial role in breaking the ice and building strong connections.
- **Camaraderie and Friendship:**
  The event provided a platform for students to form deeper bonds with their peers. This helped combat feelings of isolation and contributed to the overall mental and emotional well-being of the participants.
- **Social Impact:**
  The event successfully promoted the importance of mental health through social engagement. By providing a supportive and inclusive space, **Breakfast Buddies** contributed to creating a healthier and happier campus community.

Follow-up Plan:

The SDG Cell plans to make **Breakfast Buddies** a weekly event, held every Thursday at **8:30 AM** in **Bird's Park**.

Guest Lecture on Well-being

Guest Lecture on Well-being

Date: 1st August 2023

Time: 10:00 AM – 11:30 AM

Venue: KE Hall, Christ University

Speaker/Guest/Presenter Details:

Name: Ms. Issabella and Ms. Anushka

Title/Position: Student Trainers

Organization: Department of Psychology, Christ University, Central Campus

Title of Presentation: Mental & Physical Well-being

Participants Profile:

- **Type of Participants:**
  Students
- **Number of Participants:**
  800+ students

Highlights of the Activity:

1. Focused on **SDG 3** (Good Health and Well-being), particularly on mental and physical well-being for new students.
2. Student-led training to establish rapport with freshers, making the sessions more relatable and engaging.

Key Takeaways:

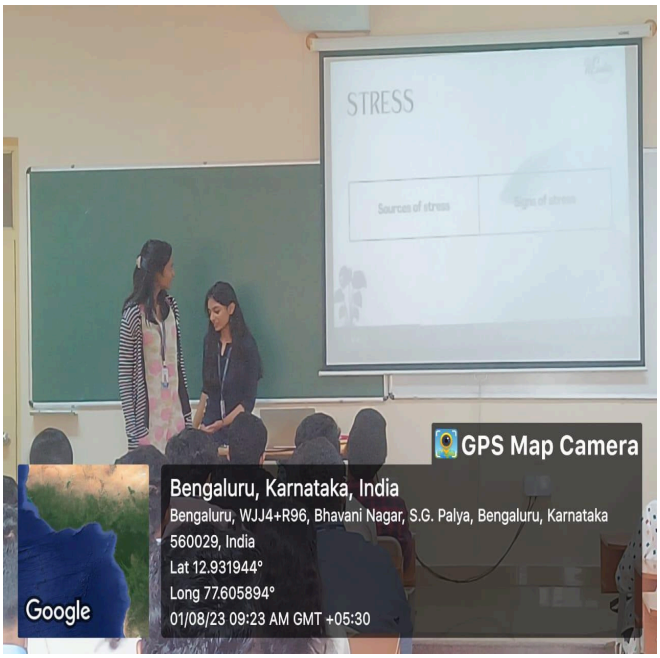

- Provided information on how to overcome mental and physical challenges faced in new surroundings.
- Introduced students to the various support systems and resources offered by the university for their well-being.

Summary of the Activity:

The **Guest Lecture on Well-being (SDG 3)** was specifically organized for the first-year students at Christ University, many of whom are likely to face emotional and physical challenges as they adjust to their new environment. The session focused on providing guidance and strategies to cope with these challenges, promoting **mental and physical well-being** in line with **SDG 3**.

The session was conducted by final-year students, **Ms. Issabella** and **Ms. Anushka**, from the Department of Psychology, at Christ University. Both speakers had been trained by faculty members in the Psychology department to support students, particularly freshers, who may experience stress and adjustment difficulties.

During the seminar, the student trainers shared valuable insights into mental and physical health, emphasizing the importance of reaching out for help when needed. They also outlined the variety of resources available at the university to support students' well-being, such as counseling services, peer support groups, and wellness activities.

By using a peer-to-peer approach, the session created a comfortable and relatable atmosphere for the new students, helping them understand that they are not alone in their challenges and that help is readily available.

Follow-up Plan:

The Department of Professional Studies plans to continue organizing such sessions annually for first-year students to help them adapt to university life and maintain their well-being.

E-Sports Championship 2023-24

E-Sports Championship 2023-24

Date: 20th March 2024 to 23rd March 2024

Time: 4:00 PM to 6:00 PM

Venue: School of Law, Central Campus, CHRIST (Deemed to be University), Bangalore

Participants Profile:

- **Type of Participants:**
  Registered Students from all batches of the School of Law, CHRIST (Deemed to be University), Bangalore Central Campus
- **Number of Participants:** 87

Synopsis of the Activity:

The **E-Sports Championship 2023-24** was an intra-department event organized by the Sports Committee of the School of Law at CHRIST (Deemed to be University), Central Campus. The tournament, which spanned over four days, provided students an opportunity to showcase their gaming skills and tactics while competing in four different online games.

The event aimed to foster teamwork, coordination, and competitive spirit among participants, while allowing them to demonstrate their strategic thinking and adaptability in various gaming formats.

Event Highlights:

1. **Call of Duty Mobile (2v2) - 20th March 2024:**
   Teams of two battled each other through multiple rounds, with the best duo emerging as champions.
2. **Call of Duty Mobile (5v5) - 21st March 2024:**
   Teams of five competed in a series of matches, applying diverse strategies and teamwork to win the rounds. A single team stood victorious at the end of the event.
3. **Battlegrounds Mobile India - 22nd March 2024:**
   This intense battle format saw teams face off on in-game fields, demonstrating their combat skills in a competitive setting.
4. **FIFA 2024 - 23rd March 2024:**
   The event concluded with FIFA 2024, played on a gaming console. Participants showcased their football gaming expertise, with different teams vying for the championship title.

Key Takeaways:

- **Discovery of Talent:**
  The tournament helped identify and nurture gaming talent within the student community. Students showcased unique abilities across different gaming platforms.
- **Teamwork & Strategy:**
  The event demonstrated the importance of teamwork and coordination, with participants using different tactics to emerge victorious across the four gaming events.
- **Camaraderie & Engagement:**
  The tournament fostered a sense of camaraderie and engaged students in a fun and competitive environment.

Summary of the Activity:

The **E-Sports Championship 2023-24** was a high-voltage event that saw participation from 87 students across all batches of the School of Law. Over four days, students competed in various online games, including **Call of Duty Mobile (2v2 and 5v5), Battlegrounds Mobile India, and FIFA 2024**.

Each day featured intense matches, where teams applied different strategies to outplay their opponents. The event was not only about competition but also about discovering talents and building teamwork. It successfully brought together gaming enthusiasts and allowed students to engage in a rapidly growing field.

The event concluded on 23rd March 2024, with winners being celebrated for their achievements in each gaming category. The enthusiasm and energy throughout the event reflected the growing interest in E-Sports among students.

Follow-up Plan:

The Sports Committee plans to regularly conduct similar E-Sports tournaments in the future to keep up with the growing trend of online gaming. Such events will provide a platform for students to showcase their skills, enhance their gaming tactics, and foster a sense of community and engagement among the participants.

Organizers:

- **Organizing Committee:**
  Sports Committee, School of Law, CHRIST (Deemed to be University)
- **Faculty Coordinators:**
  - Asst. Prof. Anubha Srivastava
  - Asst. Prof. Vetha Philos V
- **Convenors:**
  - K. Varun Dev
  - Ekshita Jain

This report was prepared to document the successful conduct of the **E-Sports Championship 2023-24** and the outcomes achieved through the active participation and engagement of students.

Healthy Lives and Well-Being: Mini Sports Event

Date: 16th February 2024

Time: 1:00 P.M. to 2:00 P.M.

Venue: Sports Arena, Basement -1

Participants Profile:

- **Type of Participants:** Students and Faculty
- **Number of Participants:** 79

Synopsis of the Activity:

The **Mini Sports Event** was organized by the SDG Cell of the Department of English and Cultural Studies as part of Sustainability Week. The event aimed to highlight the importance of sports and encourage participation from both students and faculty.

Highlights of the Activity:

Active Participation:
Both students and faculty participated enthusiastically in various sports activities.
Promotion of Health and Well-being:
The event emphasized the role of sports in maintaining a healthy lifestyle.

Key Takeaways:

Importance of Sports:
The event highlighted how sports contribute to overall well-being and encouraged participants to integrate physical activity into their daily routines.

Summary of the Activity:

On 16th February 2024, from 1:00 P.M. to 2:00 P.M., the Sports Arena in Basement -1 hosted the Mini Sports Event organized by the SDG Cell, Department of English and Cultural Studies. The event, part of the broader Sustainability Week, included a variety of games such as table tennis, foosball, chess, carrom, and billiards.
In addition to the traditional sports activities, participants were invited to compete in a step count challenge. This initiative was aimed at promoting daily physical activity and maintaining a healthy lifestyle. The step count competition added a fun and engaging element to the event, with prizes to be awarded for the highest step counts.
The winners of the sports events and the step count competition were scheduled to be announced during the valedictory ceremony of Sustainability Week, held on 17th February 2024 in the main auditorium at the BGR campus.

Intra Department Sports Event - Cricket Quiz and IPL Auction

Intra Department Sports Event - Cricket Quiz and IPL Auction

- **Date**: 16th March 2024
- **Time**: 12:45 PM - 5:30 PM
- **Venue**: Classroom No. 417
- **Collaboration/Sponsor**: NIL

Speaker/Presenter Details:

- **Name**: Ryan James
- **Title/Position**: Auctioneer, 5th Year Student
- **Organization**: School of Law, Christ (Deemed to be University)
- **Title of Presentation**: IPL Auction Simulation

Participant Details:

- **Type of Participants**: Open to all students of the School of Law, Christ (Deemed to be University)
- **No. of Participants**: 40 participants (20 teams)

The **Cricket Quiz and Indian Premier League (IPL) Auction** was a dual-stage event aimed at combining cricket knowledge with strategic thinking. The event started with a **Cricket Quiz** designed to test participants' knowledge of the sport. Out of the 20 teams, the top 10 based on quiz scores qualified for the second stage — a simulation of an **IPL Player Auction**. In this phase, participants engaged in bidding for players, simulating a real IPL auction environment. Teams of two selected players to form their squads and will be judged on the performance of their chosen players during the IPL 2024 season.

Highlights of the Activity:

- **Cricket Quiz**: A challenging segment that required participants to demonstrate extensive knowledge about cricket.
- **IPL Auction Simulation**: A highly interactive and strategic event where participants bid for players, offering an immersive team management experience.
- **Team Formation**: The 10 successful teams from the quiz stage formed their squads for the IPL Auction, and their performance will be evaluated based on real IPL 2024 outcomes.

5. Key Takeaways:

- **Holistic Development**: The event balanced co-curricular engagement with academic life, encouraging teamwork and strategic thinking.
- **Skill Development**: Participants honed their decision-making and analytical skills, critical in both personal and professional development.
- **Healthy Competition**: The event promoted sportsmanship, teamwork, and confidence among the students.

The event had two stages. In the first stage, 20 teams participated in a Cricket Quiz, with 10 teams qualifying for the second stage. The second stage involved an IPL Player Auction where teams bid for cricket players. The team's performance will be tracked based on their players' real-time performance in IPL 2024. This approach not only celebrated the participants' cricket

knowledge but also tested their strategic acumen.

Follow-up Plan:

The teams formed during the event will now await the IPL 2024 matches to see how their selected players perform. Points will be awarded based on the players' performance, and the final results will be announced after the first few IPL matches.

Mapping and Impact:

- **PO's & PSO's Mapping**: This event addressed local, regional, national, and global needs by fostering strategic thinking and sportsmanship.
- **SDG Alignment**: SDG 3 - Good Health and Well-being, by promoting physical and mental engagement through sports activities.
- **Skill Development**: The event promoted employability, entrepreneurship, and skill development by encouraging participants to engage in strategic, competitive environments.

Intra Department Cultural/Farewell Event - Excelsior 2024

Intra Department Cultural/Farewell Event - Excelsior 2024

- **Date**: 15th April 2024
- **Time**: 10:30 AM - 2:00 PM
- **Venue**: Main Auditorium
- **Collaboration/Sponsor**: None

Participants:

- **Number of Participants**: All students (1900) from 1st Year to LLM of the School of Law, Christ (Deemed to be University), Bengaluru

Synopsis of the Activity:

Excelsior is the annual cultural and farewell event of the School of Law. It is a celebration to honor the academic, co-curricular, and extracurricular contributions of students for the academic year 2023-24, while also bidding farewell to the graduating LLM and LLB batches. The event allows students to showcase their talents through various performances and speeches, while also recognizing the exceptional achievements of students with **Certificates of Appreciation**.

The event began with a welcome by the emcees and a ceremonial lamp lighting, followed by a formal introduction by the Cultural Committee Convenors. The highlight of the event was a **Cultural Extravaganza** featuring performances by the SLCU Choir, Dance Team Pravah, the graduating Class of 2024, and 4th-year students. Valedictorian speeches by 5th-year students brought a sentimental touch to the event, as they reflected on their journey at law school.

Addresses by the Dean, the Head of Department (HOD), and the Director of the School of Law further enriched the program. A special memory video, followed by the official **Excelsior Event Video** created by Vimarsh, the media team of the School of Law, was also showcased. The event concluded with a **vote of thanks** from the Cultural Committee Convenors, acknowledging the efforts of all involved in organizing the event.

Highlights of the Activity:

- **Cultural Performances**: Spectacular singing, dancing, and musical performances by various student groups, creating a lively and memorable experience for attendees.
- **Valedictorian Speeches**: Heartfelt speeches by the 5th-year graduating students, sharing their memories and experiences at the School of Law.
- **Prize Distribution**: Certificates of Appreciation were awarded to students for their outstanding achievements during the academic year.
- **Memory Video**: A nostalgic video showcasing highlights of the graduating batch's journey, followed by the official Excelsior event video created by the media team.

Key Takeaways:

- **Recognition of Achievements**: Students were recognized for their contributions and achievements, fostering a sense of pride and accomplishment.
- **Talent Showcase**: The event provided a platform for students to express their artistic talents, promoting creativity and cultural engagement.
- **Farewell Ceremony**: A touching tribute to the graduating LLM and LLB batches, celebrating their journey and contributions to the School of Law.

Follow-up Plan:

Based on the success of **Excelsior 2024**, a standardized plan will be developed to ensure the seamless organization of future events. Best practices and lessons learned from this year's event will be documented to maintain the excellence and smoothness of upcoming iterations.

Mapping and Impact:

- **PO's & PSO's Mapping**: This event addressed local, regional, national, and global needs by fostering leadership, collaboration, and a spirit of ethical and professional behavior within the student body.
- **Skill Development**: The event promoted employability, entrepreneurship, and skill development by encouraging students to participate in leadership, performance, and teamwork.
- **Cross-Cutting Issues**: The event aligns with the program's objective of developing well-rounded, culturally aware, and ethically responsible professionals.

Screening of Wall-E

Screening of Wall-E

Date: 16th October 2023

Time: 10:00 AM - 11:30 AM

Venue: Room 403

Guest Details:

Name: Dr. Jais Merlin P Augustine

Title/Position: Assistant Professor

Organization: Department of Media Studies, CHRIST (Deemed to be University), Bannerghatta Road Campus

Title of Presentation: Planning Monthly SDG Activities for the Department

Participants Profile:

Type of Participants: Students from 3 JOUH

No. of Participants: 36

Synopsis of the Activity:

The **SDG Cell**, Department of Media Studies, CHRIST (Deemed to be University), Bannerghatta Road Campus, organized a screening of **Disney-Pixar's WALL-E**. The film delves into the dangers of unsustainable lifestyles and the impacts of consumerism, offering critical insights into environmental degradation, technological advancement, and human connection.

Highlights of the Activity:

Environmental Awareness: The film presented the detrimental consequences of environmental neglect, showcasing a desolate, trash-covered Earth as a stark warning of unsustainable living.

Role of Technology: It portrayed technology as both a contributor to the problem and a key solution, encouraging innovation for positive environmental change.

Human Connection: The relationship between WALL-E and EVE underscored the importance of human connection, even in an increasingly digital world.

Key Takeaways:

Environmental Responsibility: Students learned about the pressing need to take responsibility for environmental protection by minimizing waste and being mindful of consumption.

Technological Innovation: The film highlighted the potential of technology to address environmental challenges when used wisely.

Human Connection: The narrative reinforced the importance of authentic human relationships and collaboration for addressing global challenges like environmental conservation.

Summary of the Activity:

Through the screening of **WALL-E**, students explored the themes of environmental stewardship, technological innovation, and the importance of human relationships. The movie offered a powerful reflection on the harmful impacts of unsustainable living and consumerism. The film also served as an educational tool on the potential of innovation to drive positive change and the essential role of human relationships in fostering a healthier, more sustainable world.

The event emphasized the **United Nations Sustainable Development Goal (SDG)**

Responsible Consumption and Production and SDG 13: **Climate Action**, instilling in students a sense of personal accountability toward the environment.

Follow-up Plan:

No formal follow-up was mentioned. However, the event aligns with ongoing monthly SDG activities planned by the department, contributing to a broader environmental and sustainability education initiative.

Speaker Profile:
Dr. Jais Merlin is an Assistant Professor at the Department of Media Studies, CHRIST (Deemed to be University), Bannerghatta Road Campus. She is actively involved in planning and executing various activities related to the Sustainable Development Goals (SDGs) within the department.

Pop Psychology Awareness Activity

Pop Psychology Awareness Activity

- **Date**: 4th October 2023
- **Time**: 1:00 PM - 2:00 PM
- **Venue**: Foyer Area Near Library, Block B
- **Collaboration/Sponsor**: NIL

2. Stall Representative:

- **Name**: Rachaita Sao
- **Class**: 1BSc PSY A

3. Participants Profile:

- **Type of Participants**: Students from various departments
- **No. of Participants**: 44

4. Synopsis of the Activity:

The **Pop Psychology** awareness stall aimed to educate participants on mental health and psychology by addressing common misconceptions. The activity was designed to make participants more aware of their mental well-being by debunking myths and engagingly reiterating facts. The participants took part in an interactive game, where they decided whether a statement was a **fact** or a **myth**. The result of their choice was revealed by popping balloons, with participants receiving rewards for correct answers.

5. Highlights of the Activity:

- The stall focused on helping participants become more aware of their mental well-being by breaking down stereotypes related to psychology.
- Participants were encouraged to make thoughtful decisions and reconsider their understanding of psychology through the "pop the balloon" activity.
- The activity was designed to be both fun and educational, with a focus on promoting critical thinking and evidence-based understanding.

6. Key Takeaways:

- Participants were actively motivated to question and reconsider their beliefs, ensuring they understood the importance of evidence-based information.
- The activity worked toward eradicating common myths regarding psychology and the human mind, helping participants develop a more rational understanding of mental health.

7. Summary of the Activity:

The **Pop Psychology** stall was a fun yet educational activity aimed at promoting awareness of mental health and psychology. Participants were presented with statements about psychology and asked to decide whether they were myths or facts. This interactive exercise encouraged critical thinking and helped break down misconceptions about the human mind. By engaging participants through a balloon-popping activity, the event provided a creative and entertaining way to address mental health awareness and foster rational thinking.

Cathartic Movement Event

Cathartic Movement Event

- **Date**: 5th October 2023
- **Time**: 09:00 AM – 04:00 PM
- **Venue**: Respective Classrooms

Highlights of the Activity:

1. The event introduced participants to **movement therapy**, which helps individuals explore and process internal emotions and experiences that may not be accessible through traditional talk therapy.
2. It emphasized the benefits of movement and dancing, such as **emotional release**, **self-expression**, improved **body-mind connection**, **stress reduction**, and **enhanced self-esteem**.
3. Participants were engaged in enjoyable and immersive activities that provided a temporary escape from daily pressures.
4. The event also promoted interaction between seniors and juniors, fostering a sense of **community** and building better relationships within the student body.

3. Key Takeaways:

1. **Surprise Activities**: The volunteers incorporated an element of surprise into the event, randomly engaging students with fun and spontaneous activities, which added excitement and enhanced the overall impact.
2. **Catharsis**: The event introduced the concept of catharsis, helping participants understand how emotional release is crucial for mental well-being.
3. **Emotional Release through Movement**: Participants discovered the therapeutic power of movement, particularly free-form dancing, as a tool for emotional release. The event provided a safe space for students to let go of pent-up emotions, leading to a sense of relief and catharsis.

4. Summary of the Event:

The **Cathartic Movement Event** was a day-long initiative aimed at promoting emotional well-being through movement therapy. It introduced participants to the concept of emotional release through physical activity, such as dancing and movement. The event offered an immersive experience that allowed students to disconnect from daily stressors and connect with their emotions in a supportive and non-judgmental environment.

By incorporating surprise elements, the event was able to sustain enthusiasm and engagement throughout the day. Participants experienced the benefits of movement therapy firsthand, which helped build a stronger sense of community and improved relationships between students. The event successfully demonstrated the therapeutic impact of catharsis, leaving participants with valuable insights into managing their emotions.

Metaphors On Life - Informative Activity and Awareness

Metaphors On Life

- **Date**: 5th October 2023
- **Time**: 1:00 PM – 2:00 PM
- **Venue**: Near the foyer area of C - Block
- **Collaboration/Sponsor**: NA

2. Stall Representatives:

- **Name**: Rachaita Sao
  Class: 1 BSc PSY A
- **Name**: Sai Kanchika
  Class: 1 BSc PSY A

3. Participants Profile:

- **Type of Participants**: Students from various departments
- **No. of Participants**: 56

4. Synopsis of the Activity:

The **Metaphors on Life** activity aimed to encourage participants to reflect on their personal strengths and weaknesses. Through a guided discussion, participants learned how to improve their strengths and work on their weaknesses. The event created a platform where students engaged in meaningful conversations about personal growth and well-being.

5. Highlights of the Activity:

1. Participants were asked to introspect about their strengths and weaknesses, sparking conversations on how to strengthen their positive traits and overcome challenges.
2. Each participant selected a random chit with a topic written on it, followed by a discussion with the host about how to integrate the positive aspects of the topic into their

lives.

3. The activity provided a non-judgmental and welcoming platform for students to engage in productive and intellectual discussions.

6. Key Takeaways:

- The activity allowed participants to **reflect on personal growth**, constructively addressing both strengths and weaknesses.
- Discussions between the host and participants emphasized the **importance of imbibing good qualities** to improve mental and emotional well-being.
- The event facilitated **open conversations** in a safe space, fostering personal development and self-awareness.

7. Summary of the Activity:

The **Metaphors on Life** event was an interactive and informative session organized by two students from 1 BSc PSY A. Participants selected random chits containing specific topics, and through discussions with the host, they explored ways to integrate positive traits from those topics into their lives. The event was a success, providing participants with a platform to discuss intellectual and meaningful issues in a non-judgmental and supportive environment.

The activity helped students gain insights into personal development, creating a space for reflection on how they could improve their well-being through understanding and adopting positive traits.

Music - Activity and Awareness

Music - Activity and Awareness

- **Date**: 5th October 2023
- **Time**: 1:00 PM – 2:00 PM
- **Venue**: Foyer area near the lift in Block C

2. Stall Representatives:

- **Name**: Angel Maria Biju
  Class: 1 MPCL A
- **Name**: Lalitha H
  Class: 1 MPCL B

3. Participants Profile:

- **Type of Participants**: Students across various departments
- **No. of Participants**: Not specified

4. Synopsis of the Activity:

The **Music** activity aimed to create a relaxing and engaging environment by offering participants access to curated playlists for various moods. Students could scan QR codes to explore and enjoy music that resonated with their emotions and shared the experience with others.

5. Highlights of the Activity:

1. The stall featured a variety of specifically curated playlists accessible through QR codes, catering to different emotional states and moods.
2. Participants discovered new music while enjoying their comfort music, fostering an environment of emotional connection and mutual support.

6. Key Takeaways:

- The activity achieved its goal of validating various emotions by offering playlists that catered to different moods, ensuring students felt their feelings were recognized.
- Music became a medium for collective experience, providing both comfort and a shared sense of relief from stress.

7. Summary of the Activity:

The **Music** stall was a soothing and engaging experience where students discussed and listened to different songs suitable for various emotional states. By collectively exploring new music and enjoying familiar tunes, the participants found a sense of relaxation and stress relief in a supportive environment. The event allowed students to bond over music, enhancing their well-being through shared emotional experiences.

Anti-smoking Week Art Installation

Anti-smoking Week Art Installation

- **Date**: 18th January 2024
- **Time**: 10:00 AM – 3:00 PM
- **Venue**: Front of the Central Block, Bangalore Central Campus

2. Facilitators:

- **Abharna KJG**
- **Abirami Roy**
- **Sathvika Shyam**
- **Narain KB**
  (Master students of MSc Psychology Health and Wellbeing)

3. Participants Profile:

- **Type of Participants**: Open to all individuals on campus
- **No. of Participants**: High response rate

4. Synopsis of the Activity:

The **Anti-smoking Week Art Installation** was set up to promote awareness about quitting smoking and substance use creatively and interactively. Participants were invited to write, paint, or draw motivational messages to support individuals on their journey to quit smoking. This initiative aimed to foster community support and empathy while also promoting Wevolve, a student-led wellness clinic.

Pictures taken during installation:

5. Highlights of the Activity:

1. The installation attracted considerable attention and engagement from students, faculty, and visitors.
2. The activity achieved its objective by promoting the message of quitting substance use in a light-hearted and approachable manner.

6. Key Takeaways:

- The installation successfully raised awareness about the challenges of quitting smoking and the importance of community support.
- Participants were encouraged to share messages of empathy and encouragement, promoting a sense of solidarity for individuals trying to quit smoking.
- The event also helped promote the services of **Wevolve**, particularly for those seeking counseling for substance use.

7. Summary of the Activity:

The **Anti-smoking Week Art Installation** was an interactive and impactful event that provided participants with an opportunity to express their thoughts on quitting smoking through creative means. Facilitators guided individuals to paint, write, or draw on charts that encouraged supportive and motivational messages for those struggling with substance use. This collective expression not only raised awareness but also emphasized the role of social and community support in the journey to quit smoking. Additionally, information about **Wevolve**, a student-led wellness clinic, was shared to encourage the use of counseling services. The activity was well-received, with many participants expressing thoughtful insights and feedback.

8. Objectives:

1. Raise awareness of the anti-smoking week and its significance.
2. Promote the importance of social and community support in quitting substance use.
3. Provide a light-hearted, empathetic platform for people to express their thoughts.
4. Promote **Wevolve** as a wellness clinic for substance use counseling.

9. Installation Structure:

Participants were prompted to create motivational messages on the board using paints and sketch pens. They were also provided with information about **Wevolve** and encouraged to refer the clinic's services to those who might benefit, especially for substance use counseling. After contributing to the installation, participants filled out feedback forms to assess their engagement and experience.

10. Report Prepared By:

- **Name of the Organizer**: Abirami Roy
- **Designation**: Masters student, MSc Psychology Health and Wellbeing
- **Signature**: (To be inserted)

Speaker Profile:
Masters students training to be health professionals in psychology and allied fields in varied settings.

Yoga Energiser - 2024

Yoga Energiser - 2024

- **Date**: 8th February 2024
- **Time**: 4:00 PM – 5:00 PM
- **Venue**: Room 530 (Seminar Hall), 5th Floor, R&D Block, Central Campus

2. Participants Profile:

- **Type of Participants**: Masters students
- **No. of Participants**: 4

3. Synopsis of the Activity:

The **Yoga Energiser - 2024** workshop aimed to introduce students to the benefits of yoga as a holistic practice to enhance well-being and fitness. Through peer training, guided yoga practice, and experience sharing, participants learned step-by-step instructions for various asanas and pranayama techniques.

4. Highlights of the Activity:

- Peer-led yoga training and experience sharing among postgraduate students.
- Guided yoga practice facilitated by an internationally certified yoga practitioner.
- Focus on holistic health improvement through ancient yoga practices.

5. Key Takeaways:

- Step-by-step guided practice of essential yoga asanas.
- Insights into the importance of yoga for better posture, digestion, cardiovascular health, bone and muscle strengthening, flexibility, and immune system boosting.
- Experience in pranayama (breathing exercises) and relaxation techniques for stress relief.

6. Summary of the Activity:

The **Yoga Energiser** workshop was an informative and enriching experience that introduced participants to the ancient art of yoga. Led by Ms. Jadhav Sakshi Dattajirao, an internationally certified yoga practitioner, the workshop included a comprehensive introduction to yoga, prayer, and various practices such as sukshama vyayam (micro-exercises), suryanamaskars (sun salutations), asanas, savasan (relaxation), and pranayama (breathing exercises). Each step was guided to ensure participants understood the movements and benefits.

7. Objectives:

1. Promote a healthier and more fit lifestyle among the participants.
2. Introduce holistic exercise patterns incorporating pranayam and yoga practices.
3. Improve posture, digestion, cardiovascular health, bone and muscle strength, flexibility, and immunity.

8. Structure of the Workshop:

- **Introduction**: Facilitator Mr. Narain introduced WEvolve, a student-led wellness clinic, and the key instructor Ms. Jadhav Sakshi Dattajirao.
- **Warm-Up (Sukshama Vyayam)**: Micro-exercises targeting each body part.
- **Suryanamaskar**: Demonstration of 6 cycles of sun salutations.
- **Asanas**: Practice of 6 asanas (2 standing, 2 sitting, and 2 stretching).
- **Relaxation**: Practice shavasan for deep relaxation.
- **Pranayam**: Breathing exercises including anulom, vilom, kapalabhati, single nostril breathing, and omkars.
- **Closing**: The session concluded with a prayer.

Speaker Profile:

- **Ms. Jadhav Sakshi Dattajirao -** Internationally Certified Yoga Practitioner (2MPHW).

Stress Management Session in BIDS

Stress Management Session in BIDS

- **Date**: 15th March 2024
- **Time**: 9 am - 3 pm
- **Venue**: Bangalore Institute of Dental Sciences (BIDS)
- **Collaboration**: Bangalore Institute of Dental Sciences (BIDS)

Facilitators

- **Dr. Patrick Jude L** and **Dr. Manjusha G Warrier**
  - **Title/Position**: Assistant Professors
  - **Organization**: CHRIST (Deemed to be University)

Participants Profile

- **Type of Participants**: Students and Faculty
- **Number of Participants**: (*To be inserted*)

Synopsis of the Activity

The stress management session at BIDS was a collaborative effort between CHRIST University and BIDS, aimed at empowering participants with practical tools to manage stress. The session focused on practice-oriented techniques, including mindfulness and relaxation exercises. Participants reported enhanced well-being and resilience, showcasing the importance of mental health support in academic environments.

Key Takeaways

- Practical tools and techniques for managing stress were introduced, emphasizing the significance of mental well-being in educational settings.
- Techniques such as Box Breathing, Jacobson's Progressive Muscle Relaxation (JPMR), and mindfulness exercises were practiced to relieve stress.
- Participants provided positive feedback, highlighting the session's effectiveness in promoting resilience and mental wellness.

Summary of the Activity

This one-day program focused on psychoeducation and stress-relief techniques for the students and faculty at BIDS. The program was designed to raise awareness about stress and provide actionable strategies for managing it. The facilitators, Dr. Patrick Jude and Dr. Manjusha Warrier led immersive sessions that included mindfulness, grounding exercises, and practical relaxation techniques.

Speakers Profile

- **Facilitators**:
  - **Dr. Patrick Jude L.** and **Dr. Manjusha G Warrier**, Assistant Professors from the Department of Psychology, CHRIST (Deemed to be University), delivered the majority of the module.
  - Coordinators from **Wevolve**, a wellness clinic, assisted in the delivery of

exercises such as **Box Breathing** and **Jacobson's Progressive Muscle Relaxation (JPMR)**.

Descriptive Report

On March 15, 2024, a stress management session was conducted at BIDS by the **Wevolve** wellness clinic, specializing in mental health and holistic well-being. The session was designed to address the prevalent issue of stress among students and faculty members and provide them with practical strategies to effectively manage stress.

Objectives:

1. **Quantifying Stress**: Help participants recognize and measure stressors in their lives.
2. **Understanding Stress**: Provide insights into the physiological and psychological aspects of stress.
3. **Mindfulness and Grounding**: Introduce techniques that promote present-moment awareness and grounding to reduce stress.
4. **Imagery and Self-Kindness**: Explore the use of imagery and self-compassion as tools for stress reduction.
5. **Practical Techniques**: Offer hands-on sessions on stress-relief methods like Imagery, JPMR, and Box Breathing for immediate stress relief.

Content and Outcome:

The stress management session emphasized stress awareness, offering coping strategies to both students and faculty. Held in the campus auditorium with no budget constraints, it successfully provided participants with valuable insights into managing stress and building resilience in their personal and academic lives.

Smart Plates, Big Savings: Affordable Nutrition Strategies

Smart Plates, Big Savings: Affordable Nutrition Strategies

- **Event Type:** Extension Activity by Wevolve - Community Clinic
- **Date:** 6th September 2023
- **Time:** 4:00 PM - 5:00 PM
- **Venue:** 516, 5th floor, R&D Block, Bangalore Central Campus

Participants:

- **Profile:** Postgraduate students
- **Number of Participants:** 15

Activity Highlights:

1. The resource person provided free downloadable materials, including grocery lists, exercise guides, breakfast guides, supplement information, and high-protein recipes.
2. The workshop was structured into four sessions: Introduction, Affordable Nutrition Strategies, a Goal-setting activity, and a Q&A session. It covered practical nutrition tips, affordable meal ideas, and interactive goal-setting.

Key Takeaways:

- The workshop was highly informative, focusing on the importance of nutrition, budget-friendly food options, micronutrition knowledge, and personal goal-setting for improved health.

Summary of the Activity: The workshop covered good nutritional habits, structured activities, and affordable strategies tailored for college students to maintain their health.

Speakers:

- **Facilitator:** Hemalatha, Certified Nutrition Coach (1MPHW)

Objectives:

1. Promote affordable healthy eating habits for university students.
2. Raise awareness about the role of nutrition in physical and mental health.
3. Educate participants on micronutrient deficiencies.
4. Facilitate goal-setting and habit-building through interactive activities.

Content and Outcome: The session, led by Ms. Hemalatha, emphasized the importance of balanced nutrition for physical and mental well-being. Practical food recommendations, including nutrient-dense options like whole wheat bread, seeds, and legumes, were provided. Strategies for maintaining health, especially for students in PGs and hostels, were discussed. The participants engaged in a goal-setting activity to prioritize their health goals. The Q&A session covered topics like intermittent fasting, protein intake, and gut health.

Organizers: Samiha Sengupta, Suruthi S (Team Wevolve, MSc Psychology Health & Well-being)

Exploring the potential of applied Theatre as a tool for practice-based learning in good health and well-being, in partnership with NIMHANS

Exploring the Potential of Applied Theatre as a Tool for Practice-Based Learning in Good Health and Well-Being

- **Date:** 17th and 18th April 2024
- **Time:** 2:30 PM - 5:30 PM
- **Venue:** Dr. M. V. Govindaswamy Centre, NIMHANS
- **Collaboration:** SDG Cell, Department of Psychiatric Social Work, NIMHANS

Participants:

- **Profile:** 6th-semester BA students in Theatre Studies, English, and Psychology (TEP)
- **Number of Participants:** 37

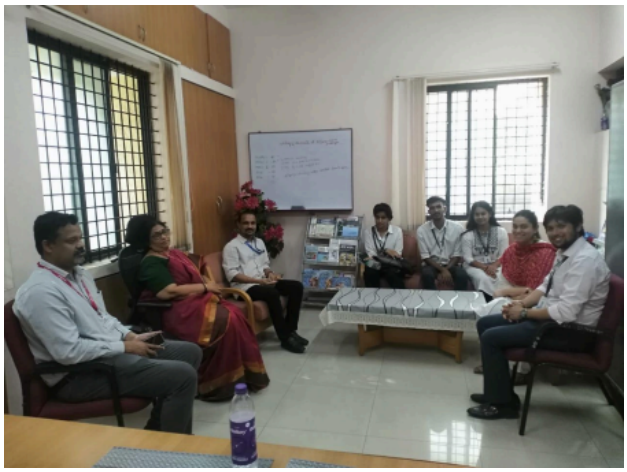

Activity Highlights:

- **Group 1:** Used sock puppetry, song-making, and movement for stress reduction.
- **Group 2:** Interactive drama with physical warm-ups, emotional exploration, and body scan meditation.
- **Group 3:** Conducted theater activities involving meditation, role-playing, and storytelling.
- **Group 4:** Focused on stress relief using art forms like hand painting and origami.
- **Group 5:** Combined theater games, meditation, and zentangle art for stress relief.
- **Group 6:** Engaged in drawing and storytelling to boost creativity.
- **Group 7:** Improvised theater games to enhance self-expression and social interaction.
- **Group 8:** Employed clowning techniques for self-discovery and inner joy.
- **Group 9:** Explored emotions using Natyashastra and role-playing in theater.

Key Takeaways:

- Participants enhanced self-expression, communication, emotional regulation, and creativity.
- The activities promoted mindfulness, stress reduction, team dynamics, and well-being.
- The session fostered connection, empathy, and social interaction, helping participants explore personal stories and emotions.

Summary of the Activity: Each group employed different theater techniques, such as puppetry, drama, art, and improvisation, to promote mental well-being and stress relief. The applied theater approach facilitated creative self-expression, stress management, and emotional exploration, contributing to participants' overall well-being. The collaboration between the theater students and NIMHANS provided a unique learning environment where health and theater merged to promote personal growth.

Follow-up Plan: There is a proposal for further collaboration through frequent visits and sessions.

Overall Outcome: This partnership between NIMHANS and theater students demonstrated the power of applied theater in enhancing empathy, communication, and understanding in

mental health care. Theatre's creative and reflective processes provided an innovative path for mental health education, offering future practitioners more effective learning methods. The integration of theater into healthcare settings holds promise for more engaging and impactful ways of addressing mental health challenges.

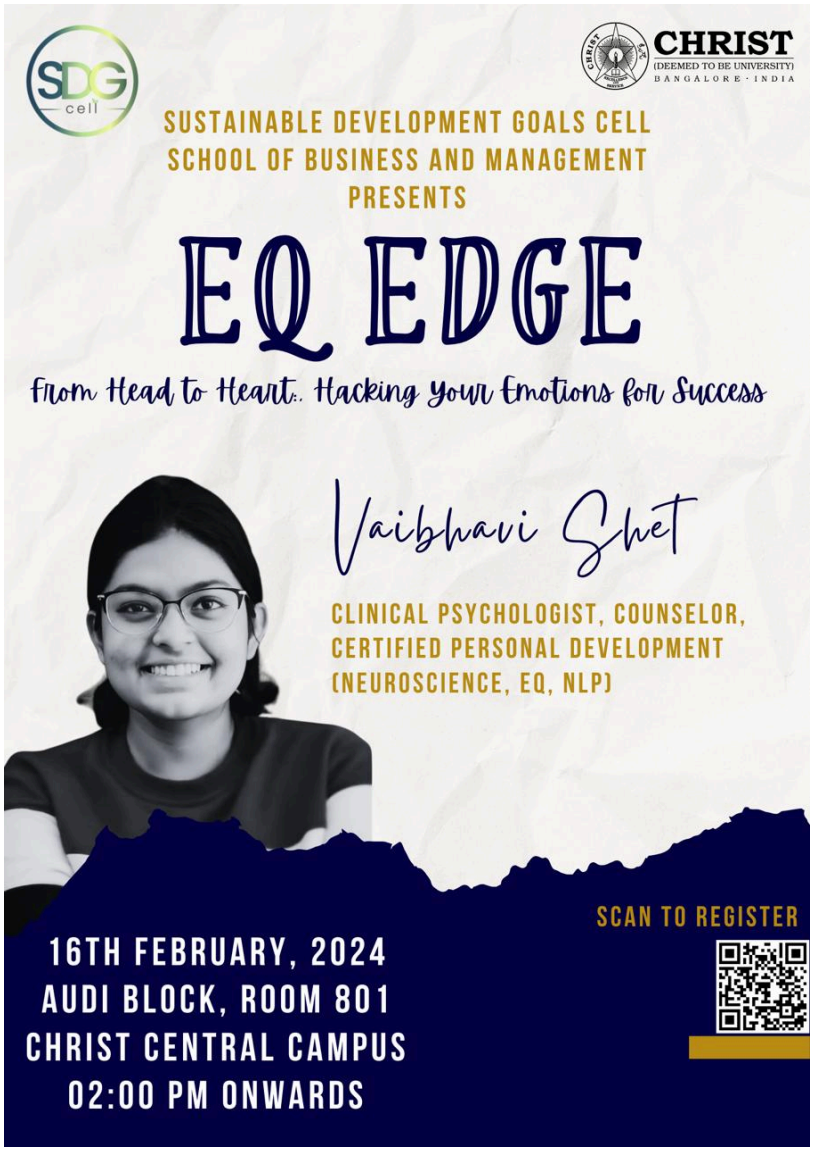

EQ Edge

EQ Edge

- **Date:** 16th February 2024 (Friday)
- **Time:** 2:00 PM – 4:00 PM
- **Venue:** Audi Block, Room 802

Participants:

- **Profile:** Second-year students of the School of Business and Management
- **Number of Participants:** 40

Synopsis of the Activity: The session, led by emotional intelligence (EQ) expert Vaibhavi Shet, focused on understanding and managing emotions for personal and professional development.

Activity Highlights:

- **Understanding Emotions:** Participants learned how emotions impact thoughts, actions, and choices, exploring personal emotional triggers to foster self-awareness.
- **Emotional Resilience:** The session emphasized building resilience by practicing self-compassion, and mindfulness, and maintaining strong support systems to manage challenges.
- **Goal Setting:** Setting achievable goals with flexibility and celebrating progress were highlighted as essential for motivation and long-term fulfillment.

Pictures from the Event:

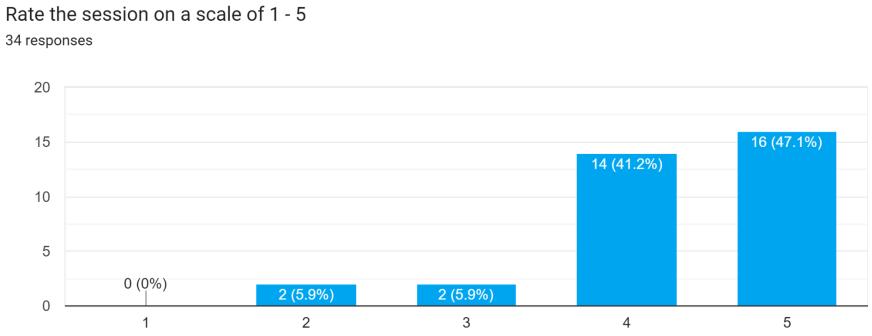

Key Takeaways:

- Gained insights into the power of emotional intelligence (EQ) for managing personal and professional life.
- Learned strategies to build emotional resilience, cope with challenges, and set realistic, flexible goals.
- Emphasized continuous learning, self-discovery, and the importance of social support and professional help for personal growth.

Impact Analysis:

- **Increased Self-Awareness:** Students gained better insights into their emotions and how they affect behavior.
- **Improved Social-Emotional Skills:** Enhanced communication, empathy, and conflict resolution skills.
- **Reduced Stress:** Learned healthy coping mechanisms for stress and anxiety.
- **Enhanced Academic Performance:** Increased motivation and focus on studies.
- **Stronger Relationships:** Developed better relationships with peers, teachers, and family.

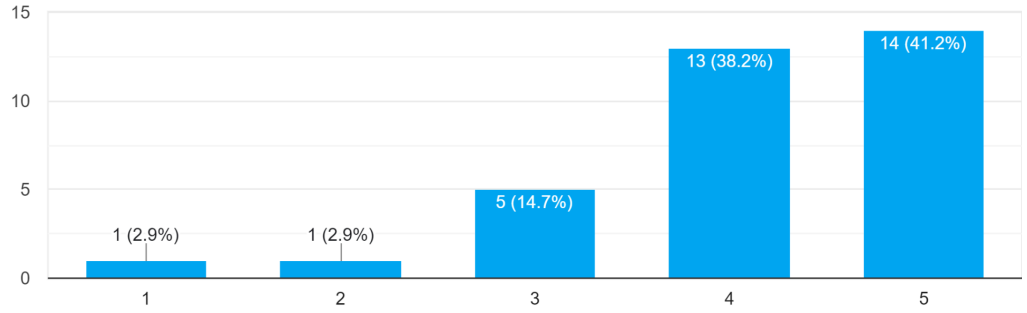

Feedback: Participants appreciated the session's focus on self-awareness, coping strategies, and the importance of social support. Some wanted more concrete applications for specific goals, but overall feedback highlighted the speaker's effectiveness and the session's interactive nature.

Speaker Profile: Vaibhavi Shet, a psychologist with expertise in emotional intelligence, holds a Master's in Clinical Psychology and various certifications in neuroscience, emotional intelligence, and neuro-linguistic programming. She has over three years of experience, working in various settings, including child mentorship and psychological counseling. Her workshops focus on emotional intelligence, stress management, and personality development.

Old Age Home Visit - "ASHIRWAD"

Old Age Home Visit - "ASHIRWAD"

Date: 18th January 2024

Time: 11:00 A.M. – 2:30 P.M.

Venue: Dua Old Age Home, Noida

Participants Profile:

- **Type of Participants:** Students and Faculty
- **No. of Participants:**
  20 Students + 1 Faculty = 21 Participants

Highlights of the Activity:

- Interaction with elderly residents.
- Played games and sang songs with the residents.
- Cut a cake and distribute it among the elderly.
- Greeted residents with flowers and handmade greeting cards.
- Donated shawls to the residents as a gesture of warmth and care.

Key Takeaways:

- The activity helped students gain experience in organizing events.
- It created awareness of social work and societal issues, especially concerning the elderly.
- It provided students with an understanding of the emotional and physical challenges faced by senior citizens.

Summary of the Activity:

On the 18th of January 2024, the AVNI Club organized a visit to the Dua Old Age Home, where 20 students and 1 faculty member participated in a heartwarming interaction with the elderly residents. The students were enthusiastic and prepared personalized handmade cards to brighten the residents' day.

The old age home offered a homely and supportive environment where the elderly, though separated from their families, found companionship in one another. The students spent time interacting with them, playing games, and listening to the residents' stories, which gave the students valuable insights into life and aging.

The visit included cutting a cake and distributing it, along with cards and flowers, to bring joy to the elderly. In a touching moment, one student's father donated shawls for the residents, further enhancing the spirit of the occasion. Pictures were taken at the end of the visit, creating memories that both the students and residents will cherish.

Follow-up Plan:

- The AVNI Club plans to continue this tradition of visiting the old age home next year to strengthen community ties and further social learning.

SBM Stalls during Sustainability Week

SBM Stalls during Sustainability Week

Date: 16th February 2024 (Friday)

Time: 09:00 AM – 04:00 PM

Venue: Garden Street of CHRIST

Participants Profile:

- **Type of Participants:** Students of CHRIST
- **No. of Participants:** 100+

Synopsis of the Activity:

The SDG - SBM stalls during Sustainability Week were designed to promote self-discovery, teamwork, and sustainability awareness through a series of engaging and fun activities. Two primary stalls were set up with distinct challenges that integrated mental, physical, and social skills, aligning with the broader goals of the Sustainable Development Goals (SDGs).

Highlights of the Stalls:

Stall 1: ODYSSEY

- **Personality Test:** An interactive game designed to help participants discover their personality traits.
- **Push-Up Challenge:** A fitness challenge to test upper body strength and discipline.
- **Minute to Win It Games:**
    - **Water Ping Pong Challenge:** Focus and breath control are essential as students guide a ping pong ball across water.
    - **T-Shirt Challenge:** Participants multitask by putting on t-shirts while keeping a balloon afloat.

Stall 2:

- **7 Up & 7 Down:** A dice game testing math skills and luck with varying payout ratios based on the outcome.
- **Compatibility Test:** A quiz that explores the bond between friends through a series of questions.
- **Mystery Box Challenge:** A sensory game where participants identify objects inside a box using only touch, encouraging non-verbal communication.

Key Takeaways:

From Stall 1: ODYSSEY

- **Self-Discovery:** The personality test provided participants with insights into their strengths and tendencies.
- **Physical Fitness:** The Push-Up Challenge encouraged participants to test their upper body strength, and other games promoted fitness through fun and movement.
- **Problem-Solving:** The “Minute to Win It” games required creative solutions and quick

thinking to complete the tasks.
- **Teamwork & Communication:** The T-Shirt Challenge emphasized teamwork and communication, especially when performed with a partner.

From Stall 2:

- **Risk & Reward:** The "7 Up & 7 Down" game allowed students to understand the concept of risk versus reward through mathematical decision-making.
- **Friendship & Compatibility:** The compatibility quiz fostered the exploration of friendships in a lighthearted, interactive way.
- **Non-verbal Communication:** The Mystery Box Challenge enhanced non-verbal communication skills by requiring participants to rely on touch alone to identify objects.

Overall Takeaways:

- The activities integrated physical, mental, and social challenges, providing a comprehensive learning experience.
- Students were able to learn about their strengths, decision-making abilities, and collaboration skills through fun and engaging games.
- The event fostered teamwork, competition, and personal growth while promoting key elements of the SDGs.

Summary of the Activity:

During the event, students participated in a range of activities that combined personality exploration, physical challenges, luck-based games, and communication exercises. Stall 1 focused on self-discovery, physical fitness, and problem-solving through interactive games, while Stall 2 emphasized risk-taking, friendship compatibility, and non-verbal communication skills.

Both stalls offered a dynamic, hands-on approach to learning that promoted the values of Sustainable Development Goals (SDGs) in a fun and engaging way. Students enjoyed the mix of mental, social, and physical activities that stimulated a sense of community, personal growth, and awareness of sustainability concepts.

These activities fostered teamwork, fun competition, and self-reflection, contributing to the overall success of the Sustainability Week.

Thrift and Handicraft Stall

Thrift and Handicraft Stall

Date: 13th October 2023

Time: 9:00 AM – 4:00 PM

Venue: Garden Street, CHRIST (Deemed to be University)

Collaboration/Sponsor: Wasted360

Agenda: To raise awareness around sustainability and healthy eating while promoting **SDG Goal 3 - Good Health and Well-being**.

Participants Profile:

- **Type of Participants:**
  Students and Faculty of CHRIST (Deemed to be University)
- **Number of Participants:**
  20-30

Synopsis of the Activity:

The Ecological Diversity Cell organized a thrift and handicraft stall aimed at promoting sustainability, eco-friendly practices, and healthy living among the Christite community. The stall featured a range of handcrafted items and thrifted goods, offering students an opportunity to explore entrepreneurship while supporting a sustainable lifestyle.

Highlights of the Activity:

- **Homemade Items Sold:**
  Products such as handmade deodorants, paintings, and bookmarks were available for purchase.
- **Thrifted Clothes and Books:**
  In collaboration with Wasted360, the stall featured a collection of thrifted clothes and books, promoting the practice of recycling and reusing items.
- **Entrepreneurship and Organization:**
  Volunteers gained practical experience in event organization, customer communication, and entrepreneurial skills through the sale of handcrafted and thrifted items.
- **Fun Moment:**
  An interesting moment occurred when a teacher had her face painted while correcting answer scripts, adding a unique touch to the event.

Key Takeaways:

- **Promotion of Sustainability:**
  The event encouraged eco-friendly habits and raised awareness about the importance of sustainability within the university community.
- **Skills Development:**
  Volunteers and participants gained valuable skills in entrepreneurship, teamwork, and event organization.

- **Community Engagement:**
  The event fostered student bonding and encouraged engagement in sustainable practices.

Summary of the Activity:

The thrift and handicraft stall, organized by the Ecological Diversity Cell on 13th October 2023, successfully promoted sustainability, healthy eating, and eco-friendly practices. Students sold homemade products such as deodorants, paintings, and bookmarks, while thrifted clothes and books were offered in partnership with Wasted360. Volunteers benefited from hands-on experience in entrepreneurship, communication, and event management.

A memorable highlight was when a faculty member had her face painted while grading papers, adding a fun and engaging element to the event. The overall feedback from participants was positive, emphasizing the importance of sustainable living and healthy practices.

Detailed Summary:

The Ecological Diversity Cell, in collaboration with Wasted360, held a successful thrift and handicraft stall at CHRIST (Deemed to be University) on 13th October 2023. The initiative aimed to promote SDG Goal 3 - Good Health and Well-being by raising awareness about sustainability and healthy eating habits. Volunteers sold eco-friendly handmade items and thrifted goods, providing students and faculty with an opportunity to engage in responsible consumption.

The event was well-received, with students expressing appreciation for the opportunity to buy sustainable products while learning more about healthy living and eco-conscious habits. Additionally, the event gave volunteers valuable entrepreneurial experience, which could be applied to future initiatives.

Action Plan:

- **Continue organizing similar events** to further promote sustainability, eco-friendly habits, and healthy living on campus.
- **Engage additional partners** to expand the range of items sold and increase the impact of future events.
- **Collect and analyze feedback** from participants to improve and refine the event structure and offerings in the future.

YUVARDHA VII
Sports Fest

YUVARDHA VII Sports Fest

Date: 27th September – 1st October 2023

Venue: National Law University, Jodhpur

Participants Profile:

- **Type of Participants:**
  Students from all batches of the School of Law, CHRIST (Deemed to be University), Bangalore Central Campus
- **Number of Participants:**
  58 students

Synopsis of the Activity:

The YUVARDHA VII Sports Fest, hosted by National Law University Jodhpur, was a five-day event featuring various sporting competitions between students from different colleges across the country. The event fostered a sense of teamwork, sportsmanship, and friendly competition among participants while promoting physical fitness and camaraderie.

Highlights of the Activity:

- The event commenced with an opening ceremony, featuring a **welcome speech by the Vice Chancellor of NLU Jodhpur** and an inspirational speech from **Balbir Singh Sr.**, former Indian Hockey Captain and Padma Shri Award winner. His speech offered insights into the world of sports and the perseverance required to excel.
- The tournament officially began the following day, with various events held over the next few days. The closing ceremony on the final day included a **prize distribution ceremony** recognizing the achievements of participants.
- The contingent from CHRIST (Deemed to be University) won **1st place in the Women's Throwball event** and earned medals in other competitions as well.
- The event fostered teamwork, collaboration, and unity within the CHRIST contingent. Students not only participated in sports events but also learned to respect the interests and needs of their fellow teammates and competitors.

Key Takeaways:

- The tournament marked the **first external participation** of the School of Law CHRIST (Deemed to be University) contingent since the COVID-19 lockdown, making it a valuable experience for all participants.
- **Teamwork and Coordination:**
  Participants demonstrated leadership, collaboration, and ethical behavior while working as a team and competing in events. It also highlighted areas for improvement, which will help the contingent in future competitions.
- **Networking and Sportsmanship:**
  The event provided opportunities for the CHRIST contingent to network with students from other universities and maintain a **healthy competitive spirit**. This allowed them to engage in **healthy competition** while building new contacts.

Summary of the Activity:

YUVARDHA VII, held from 27th September to 1st October 2023 at NLU Jodhpur, was a successful sports fest that allowed students from various universities to participate in friendly competitions. The event opened with an inspirational speech by sports legend Balbir Singh Sr., which motivated participants. The contingent from CHRIST (Deemed to be University) performed well, winning 1st place in the Women's Throwball event and earning other medals. The event not only promoted athletic excellence but also helped students foster teamwork, sportsmanship, and networking skills.

This was the first external event that CHRIST students participated in since the COVID-19 lockdown, making it a learning experience for improving future performances.

Follow-up Plan:

- **Future Participation:**
  The contingent plans to participate in more external sports fests to gain experience and improve performance in future competitions.

Demonstration on Waste Composting

Demonstration on Waste Composting

Date: 16th October 2023

Time: 03:00 P.M to 04:00 P.M

Venue: Waste Recycling Area, CHRIST (Deemed to be University) Bannerghatta Road Campus

Guest Details:

- **Name:** Mr. Ravi
- **Title/Position:** Gardener, in charge of Recycling
- **Organization:** CHRIST (Deemed to be University) Bannerghatta Road Campus

Participants Profile:

- **Type of Participants:**
  SDG Volunteers of 3 JOUH (Journalism Students)
- **Number of Participants:**
  7 participants

Synopsis of the Activity:

The Department of Media Studies, in collaboration with the university's waste management staff, organized a practical demonstration to raise awareness about the **importance of waste segregation and composting**. The session emphasized the **effective disposal and decomposition of waste** and educated participants on the proper management of waste generated on campus.

Highlights of the Activity:

1. **Waste Segregation and Decomposition:**
   The demonstration focused on educating participants about the **different types of waste**, their **decomposition periods**, and the significance of waste segregation in day-to-day life.
2. **Practical Display of Waste Items:**
   Participants were shown a variety of waste materials, including **food waste and dry waste**, and learned how long each type takes to decompose. The staff highlighted the process of managing organic waste, particularly waste generated in the campus canteen, such as fruit and vegetable leftovers, which take approximately **one week** to decompose.
3. **Recycling and Plastic Waste Management:**
   The staff explained the methods used to **handle plastic waste** and how it is managed by the university. The demonstration highlighted the importance of recycling and its impact on environmental sustainability.
4. **CSA Contribution:**
   The event acknowledged the role of the **Centre for Social Action (CSA)** in contributing to the waste management process on campus, particularly in promoting responsible recycling practices.

Key Takeaways:

1. **Educational Insight:**
   The demonstration provided participants with valuable information on the **proper segregation of waste**, equipping them with the knowledge to apply **waste management principles** in their daily lives.
2. **Hands-On Learning:**
   The practical demonstration helped students gain a deeper understanding of **environmental consciousness** by visually witnessing the process of **waste decomposition**.

Summary of the Activity:

The Department of Media Studies organized an engaging and educational demonstration on **waste composting** and **segregation** as part of its broader **waste management initiative**. During the session, participants were shown various types of waste—such as food and dry waste—and learned about their decomposition timelines. Special attention was given to **organic waste** from the campus canteen, which decomposes within a week. The session also explored how **plastic waste** is handled, and the crucial role of **recycling** was highlighted.

The event emphasized the contributions of the **Centre for Social Action (CSA)** to the university's waste management efforts. The demonstration was interactive and provided valuable knowledge, helping participants become more environmentally conscious and responsible.

Follow-up Plan:

- Continue organizing similar demonstrations to further promote responsible waste management and environmental sustainability.
- Engage more student volunteers and departments in future events.
- Explore opportunities to collaborate with external organizations specializing in waste management for future initiatives.

Gratitude Board

Gratitude Board

Date: 6th October 2023
Time: 01:00 PM to 02:00 PM
Venue: Foyer area near the lift in Block C

Stall Representatives:
- **Shreyanka Bakshi**
  Class: 1 BSc Psy B
- **Devanshi Chandwani**
  Class: 1 BSc Psych B

Participants Profile:
- **Type of Participants:**
  Students from various departments
- **Number of Participants:**
  30 participants

Synopsis of the Activity:
The "Gratitude Board" was an awareness and activity-based initiative aimed at encouraging students to reflect on and express their gratitude. Students were invited to write down notes of gratitude and stick them on a board. Materials were provided at the stall, and as a token of appreciation, students were given sweets after writing their notes.

Highlights of the Activity:
1. **Encouragement of Positive Thinking:**
   Students were encouraged to write notes of gratitude, allowing them to reflect on positive aspects of their lives.
2. **Interactive Engagement:**
   The stall provided materials for students to write and decorate their notes, making the activity interactive and engaging.
3. **Token of Appreciation:**
   Participants were given sweets for contributing their gratitude notes, adding an element of fun to the event.

Key Takeaways:
- **Fostering Positivity:**
  The activity created a positive atmosphere and helped participants focus on gratitude, encouraging positive thinking and grounding students in thankfulness.
- **Increased Interest:**
  Many students were excited to participate and wrote unique notes of gratitude, highlighting the importance of such activities in promoting emotional well-being.

Summary of the Activity:
The "Gratitude Board" activity allowed students from various departments to come together and share their notes of gratitude. The board was quickly filled with heartfelt messages as participants embraced the opportunity to reflect on positive moments in their lives. The simple act of writing and decorating notes fostered a sense of thankfulness, and students left feeling uplifted. The activity served as a reminder of the importance of gratitude in maintaining mental well-being, and the overall atmosphere was positive and encouraging.

Alzheimer's Awareness Workshop

Alzheimer's Awareness Workshop

1. **Name:** WG CDR DP Sabharwal
   Title/Position: Veteran
   Organization: Dementia India Alliance
   Title of Presentation: Alzheimer's Awareness
2. **Name:** Ms. Vipanchika
   Title/Position: Psychologist
   Organization: Dementia India Alliance
   Title of Presentation: Alzheimer's Awareness
3. **Name:** Mr. Abhishek
   Title/Position: Social Worker
   Organization: Dementia India Alliance
   Title of Presentation: Alzheimer's Awareness

Participants Profile:

- **Type of Participants:**
  1st Year Students of Master of Science - Psychology (Clinical) and 2nd Year Students of Bachelor of Arts - Communications and Psychology
- **Number of Participants:**
  120 participants

Synopsis of the Activity:

The Alzheimer's Awareness workshop aimed to educate students about Alzheimer's disease and dementia. The session covered various aspects of dementia, including symptoms, caregiving, and the social stigma surrounding the condition.

Highlights of the Activity:

1. **Interactive Activity by Mr. Abhishek:**
   An engaging exercise allowed students to experience the feelings of doubt, fear, and worry that dementia patients face.
2. **Introduction to Dementia by Ms. Vipanchika:**
   Provided a simplified definition of dementia, explained warning signs and symptoms, and discussed the prevalence of different types of dementia.
3. **Role of a Caregiver by WG CDR DP Sabharwal:**
   Focused on the challenges and responsibilities of caregivers, offering insights into managing the emotional and practical aspects of care for dementia patients.
4. **Volunteering Opportunities:**
   The students were informed about the Dementia India Alliance and how they could volunteer for the organization.

Key Takeaways:

1. **Early Identification of Dementia:**
   The session highlighted the importance of recognizing dementia symptoms early to provide timely support.
2. **Understanding the Role of a Caregiver:**
   Students gained insight into the emotional and physical demands placed on caregivers of

dementia patients.

3. **Addressing Stigma:**
   The session emphasized the need to eliminate misconceptions and stigma associated with dementia and Alzheimer's disease.

Summary of the Activity:

The Alzheimer's Awareness workshop, organized by the Dementia India Alliance, was a highly informative and interactive session aimed at educating students about dementia and Alzheimer's disease. Through engaging presentations, the speakers—Mr. Abhishek, Ms. Vipanchika, and WG CDR DP Sabharwal—provided crucial insights into the condition, including the importance of early detection, caregiving roles, and eliminating the social stigma surrounding the disease. The session helped students develop a deeper understanding of the challenges faced by dementia patients and their caregivers.

Follow-Up Plan:

- Encourage students to volunteer with the Dementia India Alliance and support dementia patients and caregivers.
- Plan future awareness campaigns and educational sessions to further break the stigma surrounding Alzheimer's and dementia.

Organizer Details:

Name: Dr. Sherin Antony
Designation/Title: Assistant Professor / Coordinator

Annexure: Speaker Profiles

WG CDR DP Sabharwal:
A Veteran with a post-graduation in Aerospace Engineering from the Indian Institute of Science, Bengaluru. He served in the Indian Air Force for 26 years and has since been dedicated to teaching and social work. He is the founder and Chairman of ADRAG-India (Alzheimer Dementia Rotary Action Group) and has delivered over 180 talks on Alzheimer's awareness.

Ms. Vipanchika:
A psychologist with a background in HR, Ms. Vipanchika has shifted her focus to geriatric care and dementia awareness. She has worked with the Nightingales Medical Trust and is currently engaged with the Dementia India Alliance, increasing awareness about dementia care.

Campus Level Drive on Waste Management

Campus Level Drive on Waste Management

- **Date**: 16th October 2023
- **Time**: 03:00 PM - 04:00 PM
- **Venue**: Waste Recycling Area

2. Guest Details:

- **Name**: Mr. Ravi
- **Title/Position**: Gardener and In Charge of Recycling
- **Organization**: CHRIST (Deemed to be University), Bannerghatta Road Campus
- **Title of Presentation**: N/A

3. Participants Profile:

- **Type of Participants**: SDG Volunteers of 3 JOUH
- **No. of Participants**: 7

4. Synopsis of the Activity:

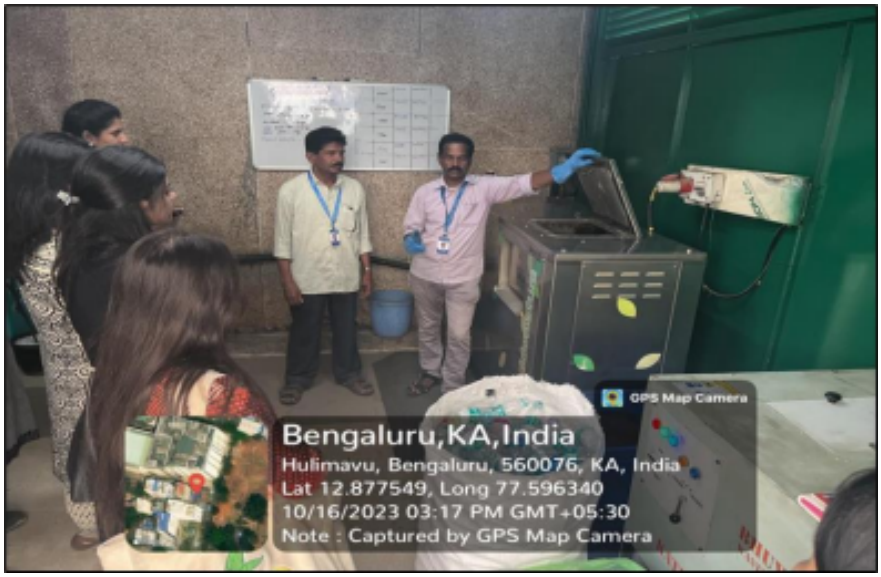

The **Media Studies Department** in collaboration with the university waste management staff organized a demonstration focusing on **waste segregation** and **decomposition**. The activity aimed to raise awareness about effective waste management and its environmental impacts. Various waste items, such as food waste and plastic, were showcased along with their decomposition timelines to promote a better understanding of the importance of segregating waste.

5. Highlights of the Activity:

1. **Waste Segregation Awareness**: The demonstration emphasized the importance of categorizing waste properly and how it can reduce the burden on the environment.
2. **Decomposition Process**: Participants were educated on how different types of waste decompose, with a practical demonstration of various waste items, including food and plastic waste.

6. Key Takeaways:

1. **Educational Insights**: The participants gained practical knowledge on segregating waste efficiently and learned about the environmental benefits of waste management.
2. **Hands-on Experience**: Through a practical display, participants deepened their understanding of the decomposition process, enhancing their environmental consciousness.

7. Summary of the Activity:

The **Media Studies Department** hosted a **demonstration** as part of a waste management drive. This event highlighted the need for **effective waste segregation** and its impact on the environment. During the activity, various types of waste, such as food scraps and dry waste, were displayed, and their decomposition timelines were explained. For instance, waste from the campus canteen, primarily fruit and vegetable leftovers, typically takes **one week** to decompose. The participants also learned about the management of plastic waste and the broader **recycling process** handled by the campus authorities.

Additionally, the **Centre for Social Action (CSA)**'s contribution to waste management efforts was acknowledged. Mr. Ravi, the Gardener and charge of Recycling, provided valuable insights, educating volunteers on the importance of **responsible waste management** and promoting **environmental consciousness** interactively and engagingly.

8. Follow-up Plan:

No formal follow-up plan was mentioned. However, the session laid a strong foundation for continuous efforts in promoting responsible waste management practices within the campus.

Name of the Organizer: Dr. Jais Merlin P Augustine
Designation/Title: Assistant Professor, Department of Media Studies, Bannerghatta Road Campus

Annexure:

- **Speaker Profile**:
  Mr. Ravi is the Gardener and is In Charge of Recycling at CHRIST (Deemed to be a University), Bannerghatta Road Campus. He oversees waste management and composting activities on campus, contributing significantly to the university's sustainability initiatives.

Introductory Mooting Rounds 2023-24: Intra-Departmental

Event Name: Introductory Mooting Rounds 2023-24: Intra-Departmental

Date: 31.07.2023-01.08.2023
Time: 3:30 PM-6:30 PM IST
Venue: 4th and 5th Floor (School of Law) Classrooms, Central Block

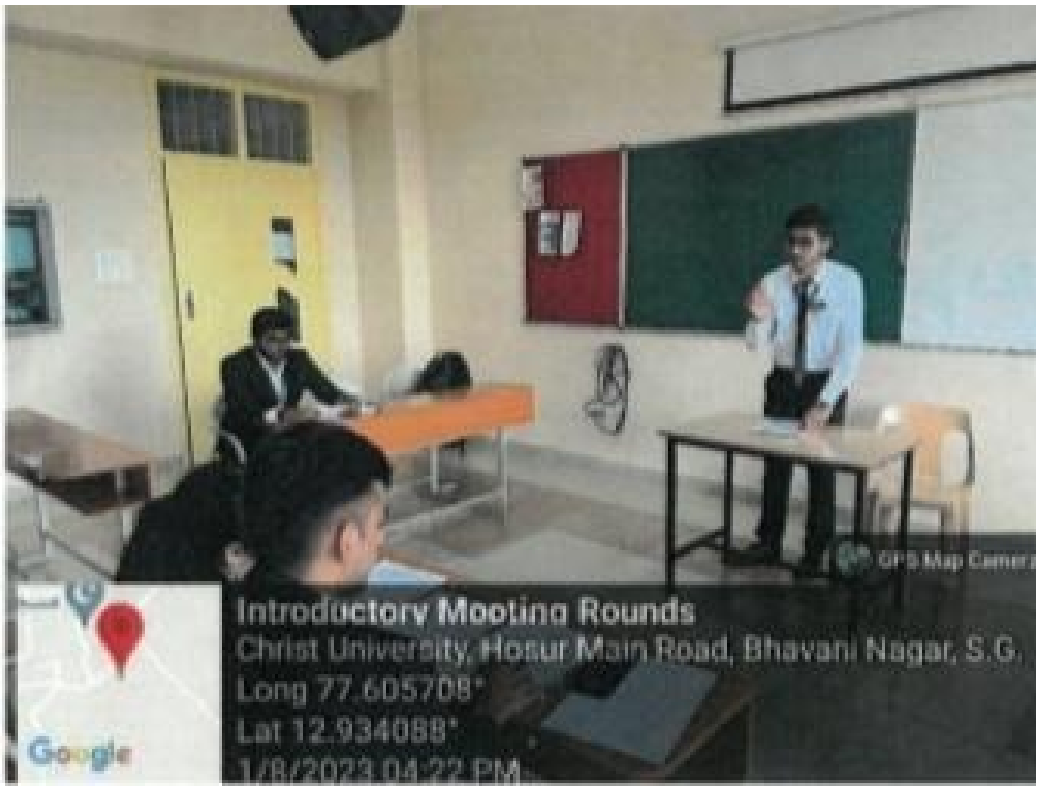

The Introductory Mooting Rounds (IMR) were organized by the Moot Court Society for first-year law students at the School of Law, Christ (Deemed to be University), Bangalore. The event aimed to introduce students to the world of mooting, providing a platform to learn and develop essential skills.

Learnings:

Students gained hands-on experience in researching, drafting, and presenting arguments in a moot court setting. They learned about court procedures, etiquette, and effective argumentation techniques.

The IMR consisted of oral rounds, where students represented either the plaintiff or defendant in a tort law-based proposition. Fourth and fifth-year students acted as judges, providing valuable feedback to participants. Prior to the competition, teams were allotted third-year coaches to assist with research and preparation.

Impact made on students:

The IMR had a significant impact on students, equipping them with essential skills for success in law school. Students developed research acumen, legal knowledge, and critical thinking skills. The event also fostered a supportive environment, allowing students to learn from their peers and receive personalized feedback.

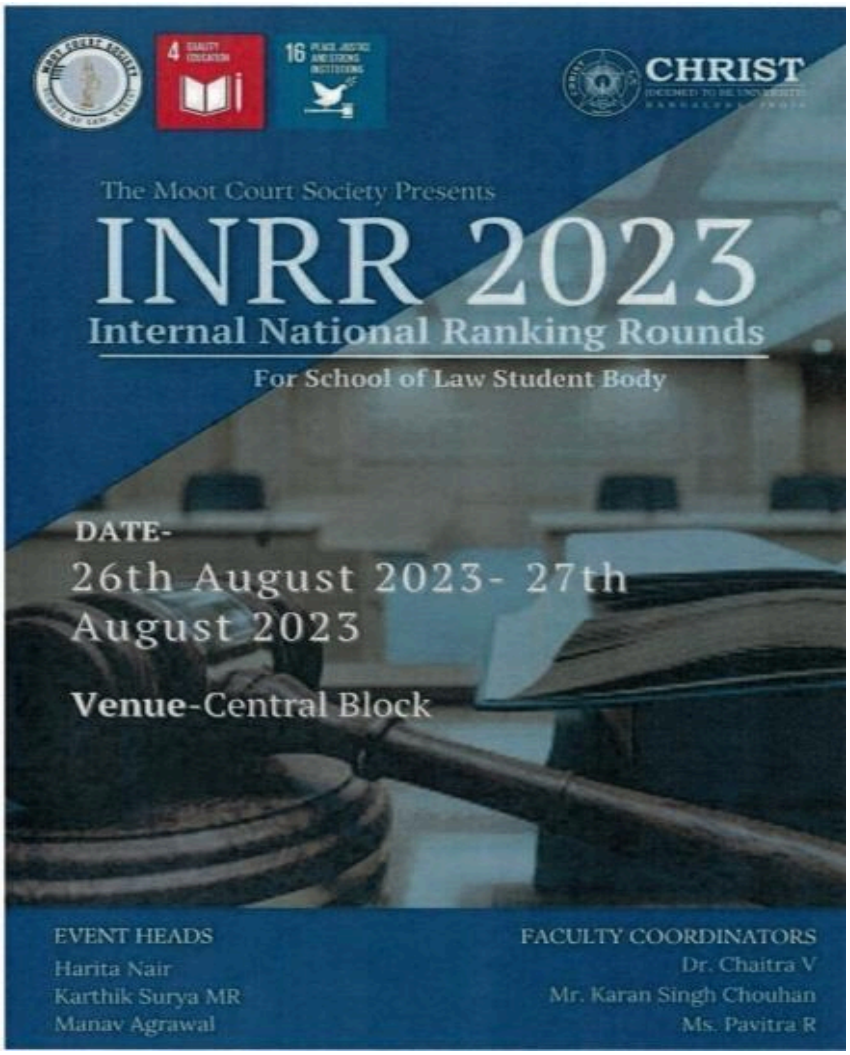

The Introductory Mooting Rounds 2023-24 were a resounding success, achieving their objective of introducing first-year students to the world of mooting. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the IMR has set the stage for future success in internal, national, and international mooting competitions.

Internal National Ranking Rounds 2023-24: Intra-Departmental Activity

Event Name: Internal National Ranking Rounds 2023-24: Intra-Departmental Activity

Date: 26.08.2023-27.08.2023
Time: 26.08.2023-12:45 PM-8:00 PM
27.08.2023-7:30 AM to 3:30 PM
Venue: 4th and 5th Floor (School of Law) Classrooms, Central Block

The Internal National Ranking Rounds (INRR) were organized by the Moot Court Society for undergraduate students at the School of Law, Christ (Deemed to be University), Bangalore. The event aimed to provide a platform for students to develop mooting skills, research, and critical thinking.

Learnings:
Students gained hands-on experience in researching, drafting, and presenting arguments in a moot court setting. They learned about court procedures, etiquette, and effective argumentation techniques, specifically focusing on Constitutional Law.

The INRR consisted of oral rounds, where students represented either the petitioners or respondents. External judges, comprising litigating and corporate advocates, provided valuable feedback to participants. The proposition centered around Constitutional Law, involving aspects of the doctrine of basic structure, judicial review, anti-defection laws, and interpretation.

Impact made on students:
The INRR had a significant impact on students, equipping them with essential skills for success in law school and beyond. Students developed research acumen, legal knowledge, critical thinking, and effective communication skills. The event fostered a competitive environment, allowing students to learn from their peers and receive personalized feedback from experienced judges.

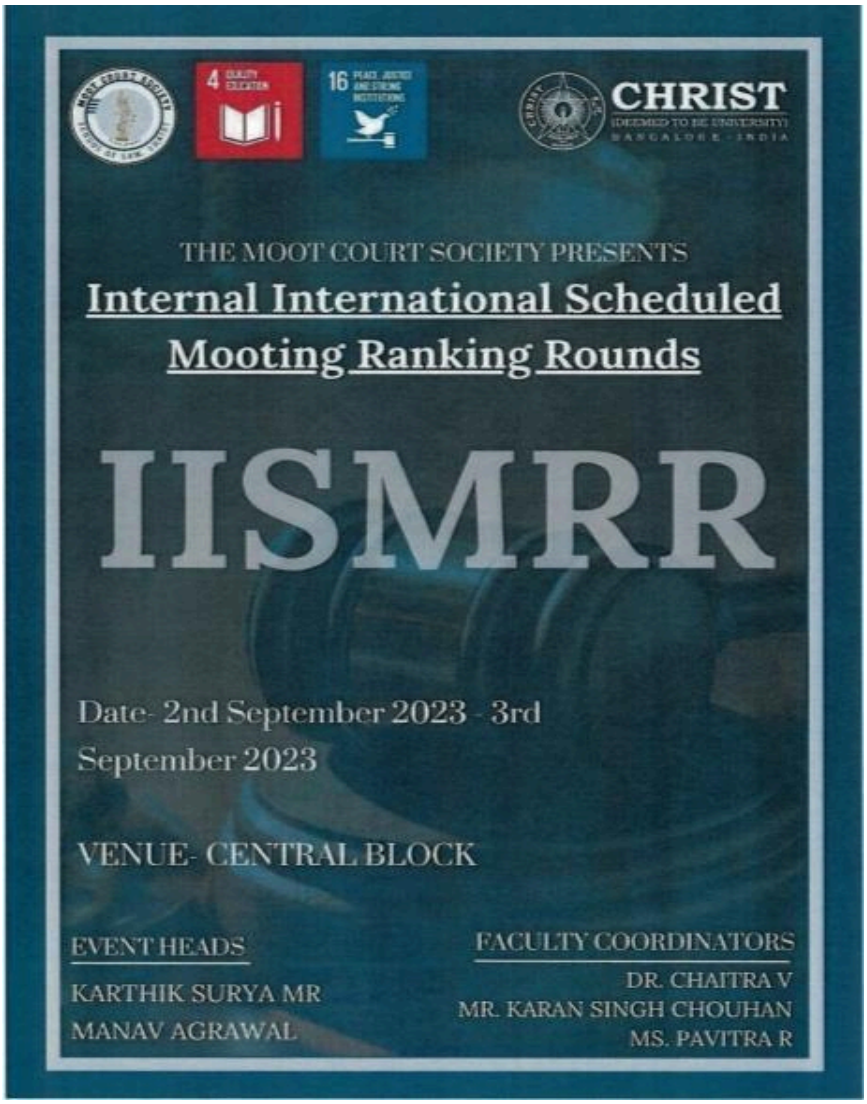

The Internal National Ranking Rounds 2023-24 were a resounding success, achieving their objective of developing mooting skills among undergraduate students. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the INRR has set the stage for future success in external moot court competitions and professional endeavors within the legal field.

Internal International Scheduled Moot Ranking Rounds 2023-24 Intra-Departmental Activity

Event Name: Internal International Scheduled Moot Ranking Rounds 2023-24 Intra-Departmental Activity

Date: 02.09.2023-03.09.2023
Time: 02.09.2023-2:00 PM to 8:00 PM
03.09.2023-9:00 AM to 3:30 PM
Venue: 4th Floor (School of Law) Classrooms, Central Block

The IISMRR was organized by the Moot Court Society for undergraduate students at the School of Law, Christ (Deemed to be University), Bangalore. The event aimed to provide a platform for students to develop international mooting skills, research, and critical thinking.

Learnings:

Students gained hands-on experience in researching, drafting, and presenting arguments in an international moot court setting. They learned about international criminal law, court procedures, etiquette, and effective argumentation techniques.

The IISMRR consisted of oral rounds, where students represented either the Prosecution or Defense. External judges, comprising international law experts, provided valuable feedback to participants. The proposition centered around international criminal law, involving aspects of crimes against humanity, war crimes, and Geneva Conventions.

Impact made on students:

The IISMRR had a significant impact on students, equipping them with essential skills for success in international law and mooting. Students developed research acumen, legal knowledge, critical thinking, and effective communication skills. The event fostered a competitive environment, allowing students to learn from their peers and receive personalized feedback from experienced judges.

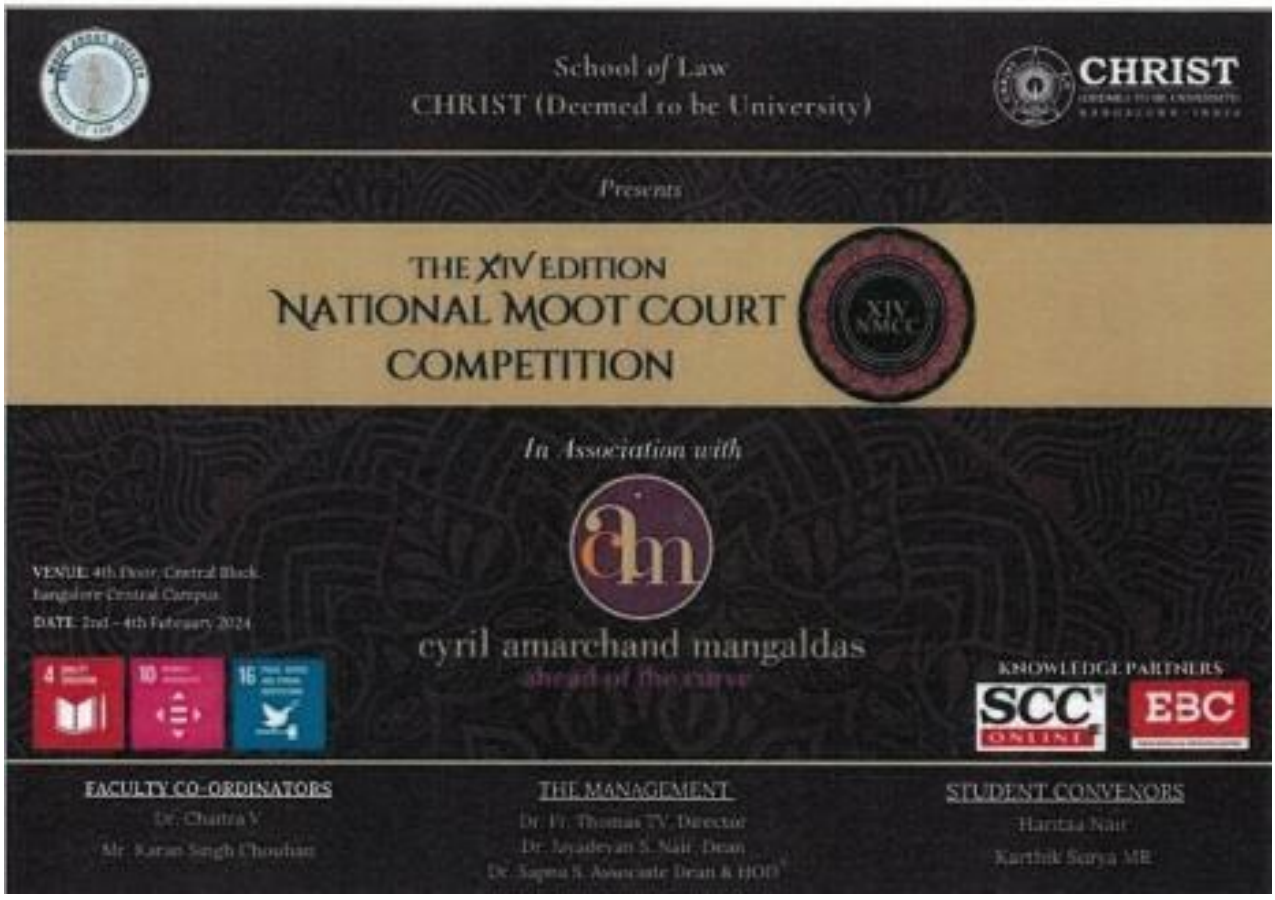

The Internal International Scheduled Moot Ranking Rounds 2023-24 were a resounding success, achieving their objective of developing international mooting skills among undergraduate students. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the IISMRR has set the stage for future success in international moot court competitions and professional endeavors within the legal field.

14th National Moot Court Competition in Association with Cyril Amarchand Mangaldas, 2024

Event Name: 14th National Moot Court Competition in Association with Cyril Amarchand Mangaldas, 2024

Date: 02.02.2024-04.02.2024
Time: 02.02.2024-7:00AM-10:00PM IST
03.02.2024-8:00AM-9:30PM IST
04.02.2024-7:00AM-3:30PM IST
Venue: 4th and 5th Floor (School of Law) Classrooms, Central Block,
Main Auditorium, Audi Block Moot Court Hall, 4th floor, Central Block

The 14th NMCC was organized by the Moot Court Society, School of Law, Christ (Deemed to be University), Bangalore, in association with Cyril Amarchand Mangaldas. The event aimed to provide a platform for undergraduate law students to develop mooting skills, research, and critical thinking.

Learnings:

Students gained hands-on experience in researching, drafting, and presenting arguments in a moot court setting. They learned about health law, constitutional law, court procedures, etiquette, and effective argumentation techniques.

The 14th NMCC consisted of oral rounds, where students represented either the Petitioners or Respondents. External judges, comprising associates, senior associates, partners, and judges from High Court and Supreme Court, provided valuable feedback to participants. The proposition centered around health law and constitutional law.

Impact made on students:

The 14th NMCC had a significant impact on students, equipping them with essential skills for success in law and mooting. Students developed research acumen, legal knowledge, critical thinking, and effective communication skills. The event fostered a competitive environment, allowing students to learn from their peers and receive personalized feedback from experienced judges.

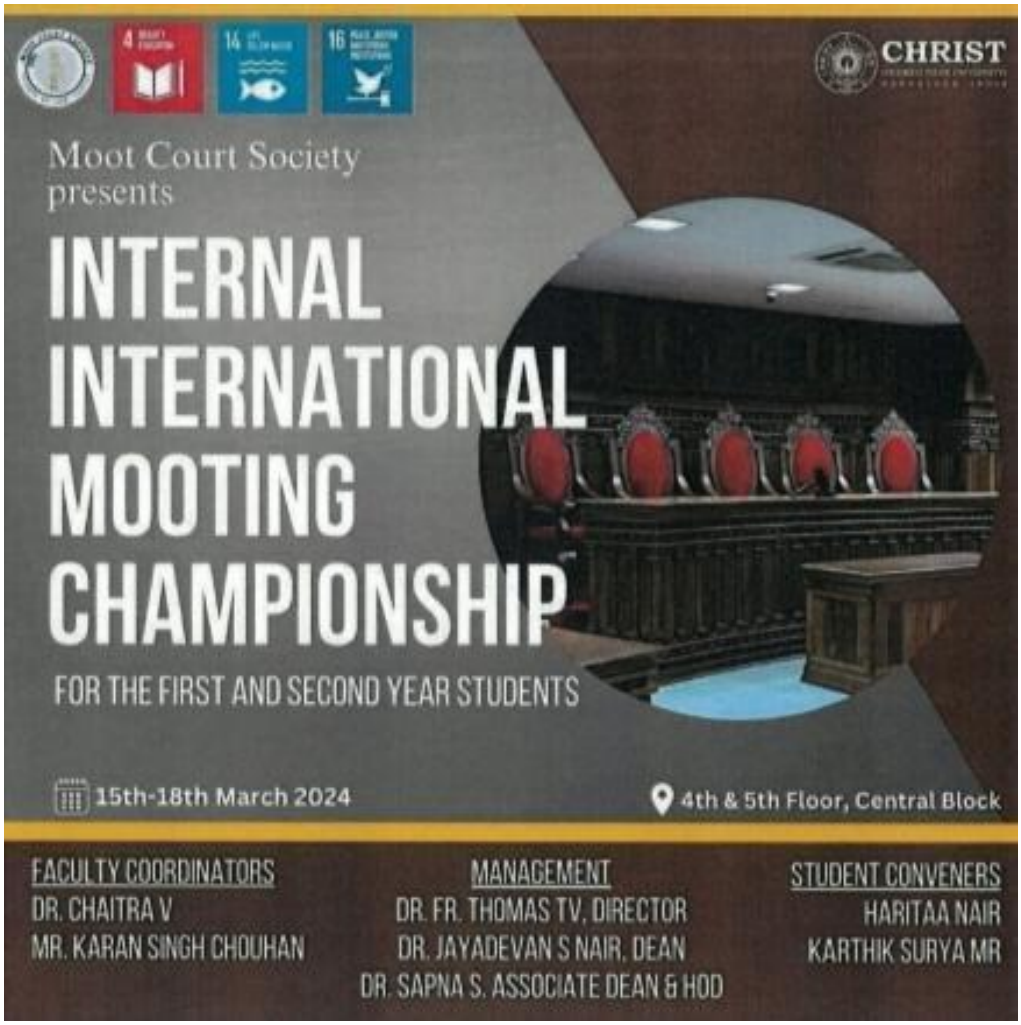

The 14th National Moot Court Competition 2024 was a resounding success, achieving its objective of developing mooting skills among undergraduate law students. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the 14th NMCC has set the stage for future success in moot court competitions and professional endeavors within the legal field.

Internal International Mooting Championship 2024: Intra-Departmental Activity

Event Name: Internal International Mooting Championship 2024: Intra-Departmental Activity

Date: 14/3/2024
15/3/2024
18/3/2024
Time: Day 1-4:15PM to 7:00PM IST
Day 2-9:00AM to 5:30PM IST
Day 3-3:45PM to 6:00PM IST
Venue: 4th and 5th Floor (School of Law) Classrooms, Central Block

The IIMC 2024 was organized by the Moot Court Society for 1st and 2nd-year students at the School of Law, Christ (Deemed to be University), Bangalore. The event aimed to provide a platform for students to develop international mooting skills, research, and critical thinking.

Learnings:

Students gained hands-on experience in researching, drafting, and presenting arguments in an international moot court setting. They learned about public international law, international relations, refugee law, and environmental law.

The IIMC 2024 consisted of oral rounds, where students represented either the Prosecution or Defense. Fourth and fifth-year students served as judges, providing valuable feedback to participants. The proposition centered around international law, emphasizing the Genocide Conventionandhumanitarianlaw.

Impact made on students:

The IIMC 2024 had a significant impact on students, equipping them with essential skills for success in international law and mooting. Students developed research acumen, legal knowledge, critical thinking, and effective communication skills. The event fostered a competitive environment, allowing students to learn from their peers and receive personalized feedback from experienced judges.

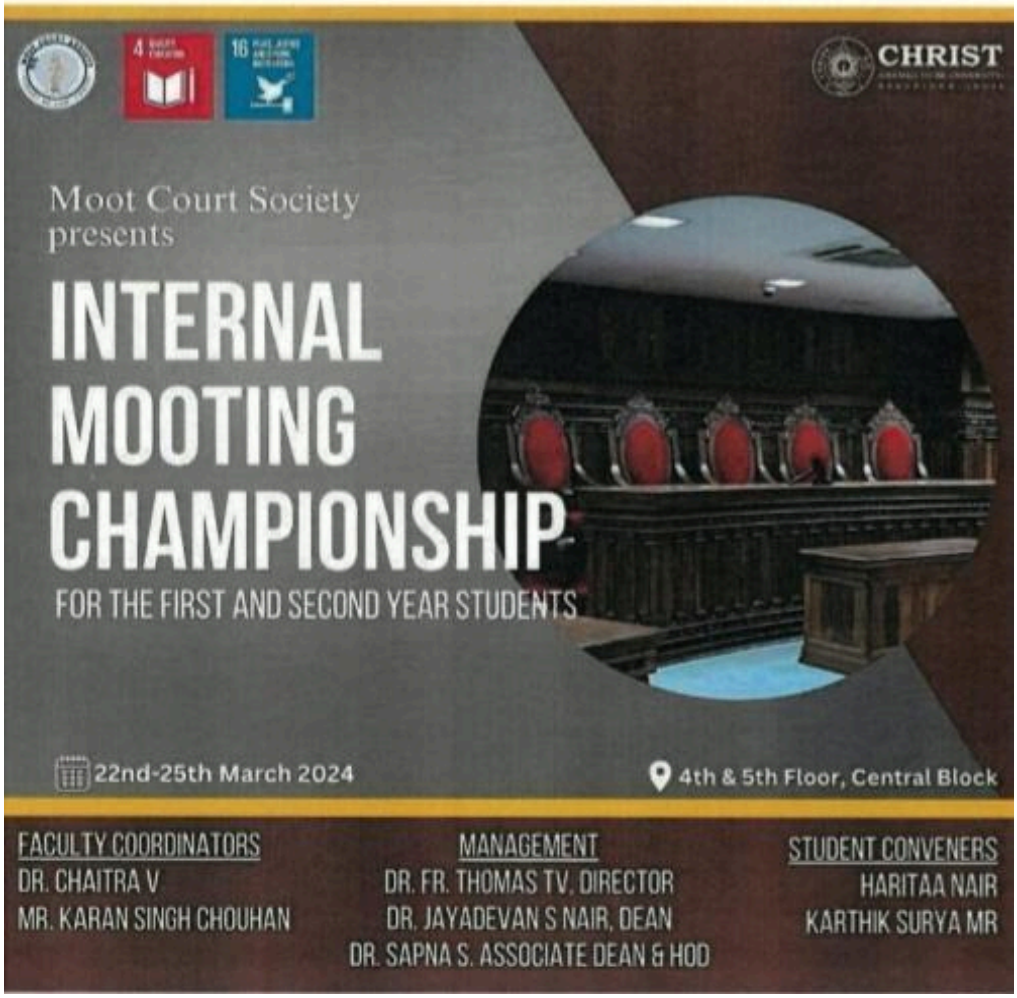

The Internal International Mooting Championship 2024 was a resounding success, achieving its objective of developing international mooting skills among 1st and 2nd-year students. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the IIMC 2024 has set the stage for future success in international moot court competitions and professional endeavors within the legal field.

Internal Mooting Championship 2024: Intra-Departmental

Event Name: Internal Mooting Championship 2024: Intra-Departmental

Date: 22/3/2024
23/3/2024
25/3/2024
Time: Day 1-4:15 to 7:00PM IST
Day 2-1:30 to 5:30PM IST
Day 3-3:45 to 6:00PM IST
Venue: 4th and 5 Floor (School of Law) Classrooms, Central Block

The IMC 2024 was organized by the Moot Court Society for 1st and 2nd-year students at the School of Law, Christ (Deemed to be University), Bangalore. The event aimed to provide a platform for students to develop mooting skills, research, and critical thinking.

Learnings:

Students gained hands-on experience in researching, drafting, and presenting arguments in a moot court setting. They learned about contract law, consumer laws, court procedures, etiquette, and effective argumentation techniques.

The IMC 2024 consisted of oral rounds, where students represented either the plaintiff or defendant. Fourth and fifth-year students served as judges, providing valuable feedback to participants. The proposition centered around contract law and consumer laws.

Impact made on students:

The IMC 2024 had a significant impact on students, equipping them with essential skills for success in law and mooting. Students developed research acumen, legal knowledge, critical thinking, and effective communication skills. The event fostered a competitive environment, allowing students to learn from their peers and receive personalized feedback from experienced judges.

The Internal Mooting Championship 2024 was a resounding success, achieving its objective of developing mooting skills among 1st and 2nd-year students. The event demonstrated a comprehensive approach to skill development, incorporating critical thinking, legal reasoning, and effective communication. By providing a platform for students to develop essential skills, the IMC 2024 has set the stage for future success in moot court competitions and professional endeavors within the legal field.

A Book Talk On ‘Poonachi: The Story of a Black Goat’

Event Name: A Book Talk On 'Poonachi: The Story of a Black Goat'

Date: 7 November 2023
Time: 12pm to 1pm
Venue: Room 105, Central Block

The Ecological Diversity Cell from the Department of English and Cultural Studies at CHRIST (Deemed to be University) hosted a book talk on "Poonachi: The Story of a Black Goat" by Perumal Murugan on 7th November 2023.

Learnings:

The session highlighted the importance of storytelling and its influence on perspectives. Students gained insight into the themes and controversies surrounding Perumal Murugan's writings, including power of translation, freedom of speech, education, anger, and student activism.

The event began with a screening of an Instagram reel by Danish Sait, followed by a discussion on the significance of storytelling. Ms. Jane Caryn Thomas introduced the book and its author, providing context on his controversial yet influential writings. The session included an analysis of the book's title and specific lines, discussing the writer's intentions and interpretations.

Impact made on students:

The book talk had a positive impact on students, enhancing their critical thinking capabilities and promoting discussions on relevant books. Students gained a deeper appreciation for the themes explored in "Poonachi: The Story of a Black Goat" and understood the importance of analyzing text.

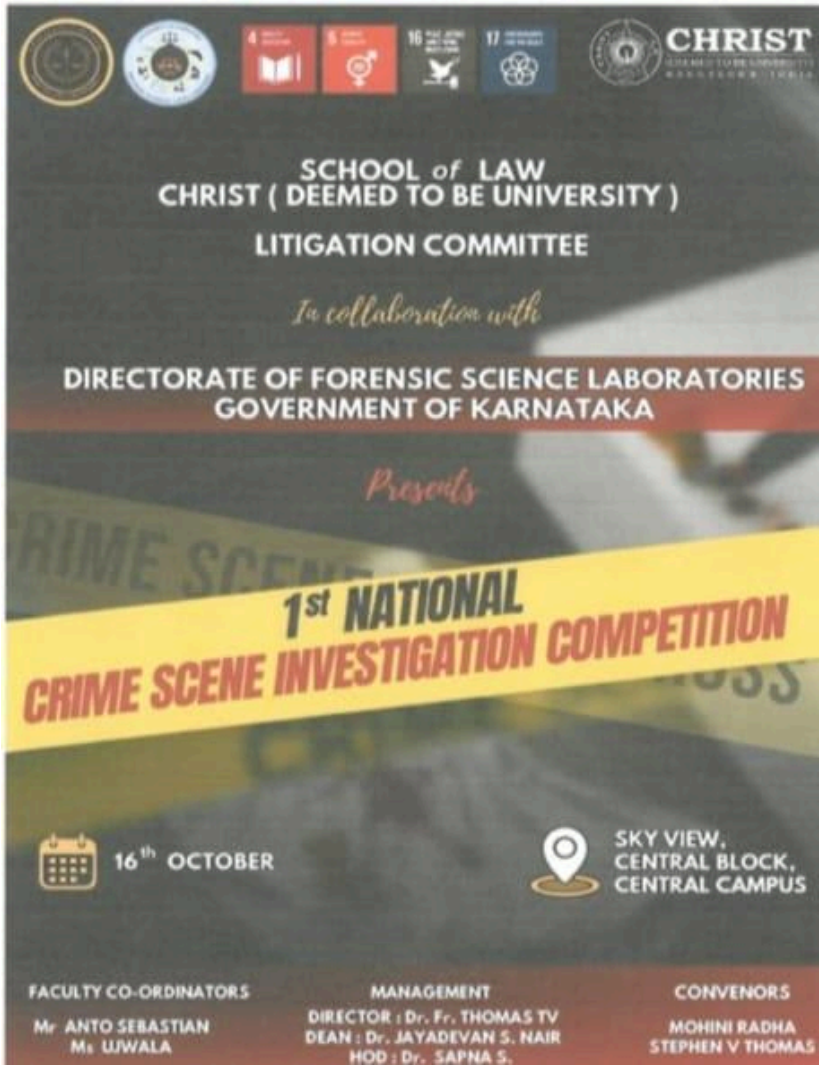

The book talk on "Poonachi: The Story of a Black Goat" was a success, achieving its objective of promoting discussions and enhancing critical thinking capabilities. The session demonstrated the power of storytelling and its influence on perspectives, leaving participants with valuable insights and a deeper appreciation for the themes explored in the book.

1st National Crime Scene Investigation Competition 2023

Event Name: 1st National Crime Scene Investigation Competition 2023

Date: 16th October
Time: 8:30 am - 4:30 pm
Venue: CHRIST (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

The School of Law, CHRIST (Deemed to be University), in collaboration with the Directorate of Forensic Science Laboratories of the Government of Karnataka, organized the 1st National Crime Scene Investigation Competition on October 16, 2023. The event aimed to provide law students with practical experience in crime scene investigation and legal analysis.

Learnings:

Participants gained hands-on experience in evidence collection, analysis, and teamwork, mirroring real-world scenarios. They developed critical thinking, attention to detail, and an understanding of forensic techniques.

The competition consisted of 34 teams from universities across India, who investigated crime scene stalls and created detailed reports. The event was evaluated by esteemed judges from the Directorate of Forensic Science Laboratories.

Impact made on students:

The competition had a positive impact on students, enhancing their employability by honing essential skills. It fostered critical thinking, problem-solving, and effective communication. The event also promoted inclusivity and gender balance, contributing to Sustainable Development Goals 4, 5, 16, and 17.

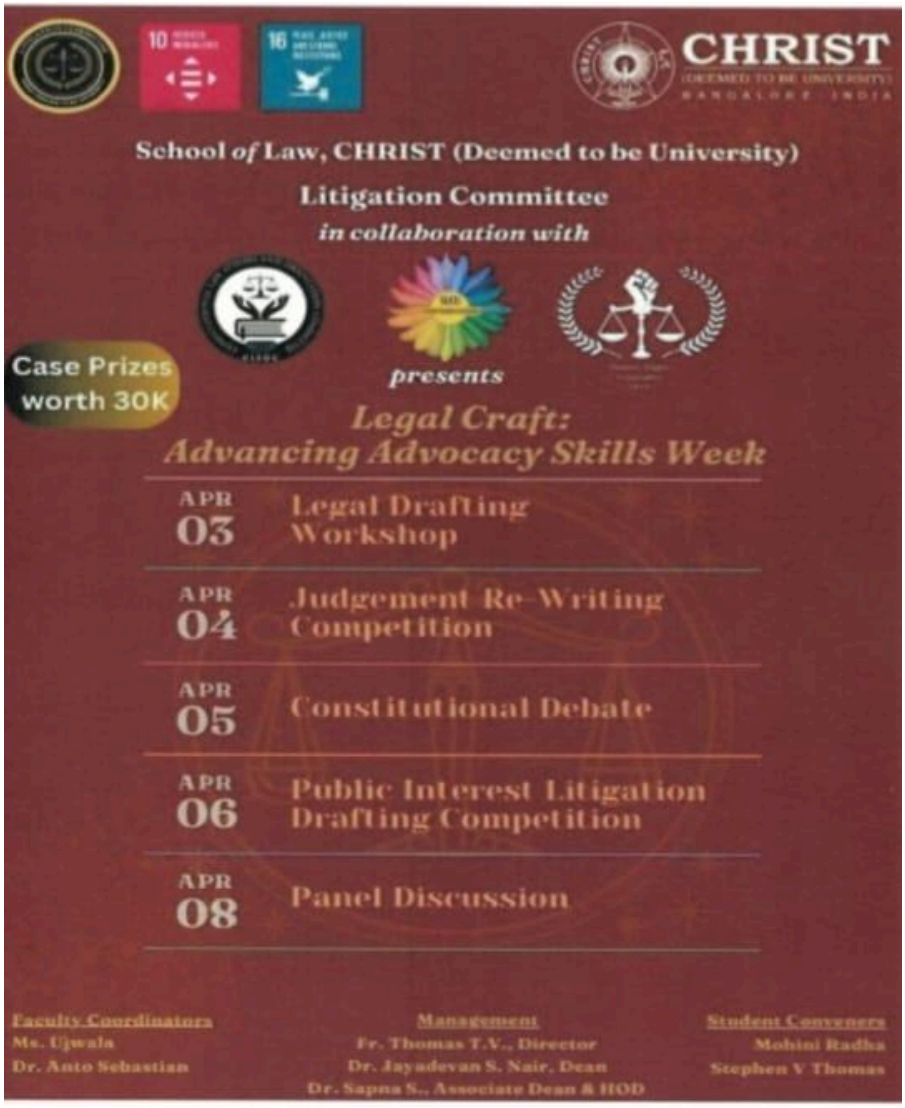

The 1st National Crime Scene Investigation Competition was a success, providing students with practical experience and skills essential for success in the legal realm. The event demonstrated the importance of forensic science in criminal investigations, promoting public awareness and quality improvement. The competition inspired participants to strive for excellence in their academic and professional pursuits, motivating them to continue their education and training in forensic science or related fields.

Advancing Advocacy Skills Week

Event Name: Advancing Advocacy Skills Week

Date: 3rd to 8th April 2024
Time: 8:30 am 4:30 pm
Venue: CHRIST (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

The School of Law, CHRIST (Deemed to be University), organized the Legal Craft: Advancing Advocacy Skills Week from April 3-8, 2024, in collaboration with the Constitutional Law Studies and Orientation Committee, Human Rights Committee, and Gender Studies Committee. The event aimed to enhance advocacy skills and legal knowledge among law students.

Learnings:
Participants gained practical experience in legal drafting, judgment analysis, and constitutional debates. They developed critical thinking, problem-solving, and effective communication skills.

The event consisted of a legal drafting workshop, judgment re-writing competition, constitutional debate, and panel discussion. Renowned advocates and judges evaluated the competitions, providing valuable feedback to participants.

Impact on the students:
The event had a positive impact on students, enhancing their employability by honing essential skills. It fostered critical thinking, attention to detail, and an understanding of legal techniques. The event also promoted inclusivity and gender balance, contributing to Sustainable Development Goals 4, 5, 10, and 16.

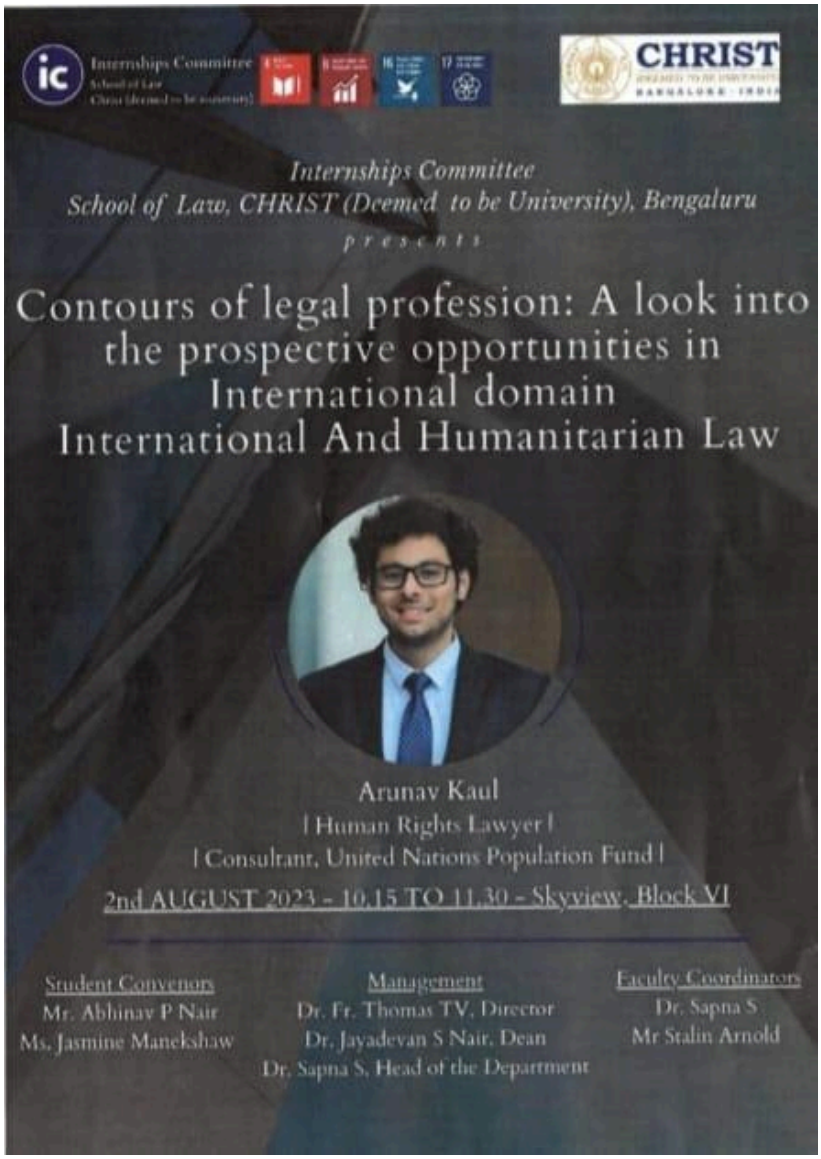

The Legal Craft Advancing Advocacy Skills Week was a success, providing students with practical experience and skills essential for success in the legal realm. The event demonstrated the importance of legal drafting, judgment analysis, and constitutional debates in ensuring fair and just laws and their outcomes. The competition inspired participants to strive for excellence in their academic and professional pursuits, motivating them to continue their education and training in law.

Workshop on Employability

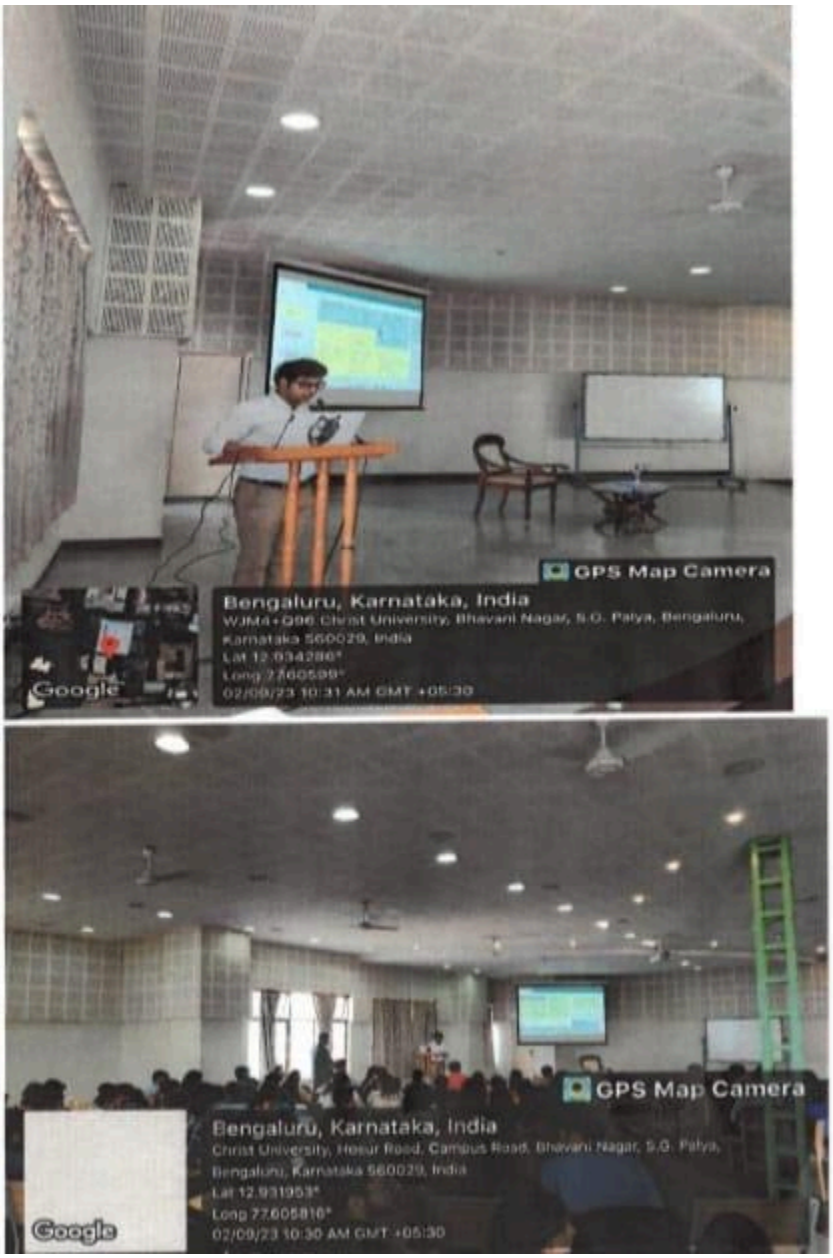

Event Name: Workshop on Employability

Date: 2 September, 2023.
Time: 10:00 AM-11:45 A.M.
Venue: SKY VIEW, Central Block, School of Law, Christ (Deemed to be) University.

The School of Law, CHRIST (Deemed to be University), organized a workshop on September 2, 2023, to explore opportunities in international law and humanitarian law. Mr. Arunav Kaul, Human Rights Lawyer at the United Nations Population Fund (UNFPA), shared his expertise with 252 students.

Learnings:
The workshop provided insights into international internship opportunities, job prospects in international organizations, and guidance on pursuing a Master's degree in international law.

Mr. Kaul discussed the scope of international and humanitarian law, highlighting potential career paths and the importance of acquiring international experience. He emphasized the need for a deep understanding of international relations, public international law, and alternate dispute resolution.

Impact made on students:

The workshop had a profound impact on students, particularly those considering a Master's degree in international law. It provided a roadmap for a career in international law, emphasizing the importance of internships, education, and networking. The event raised awareness about global issues and the role of international organizations in resolving them.

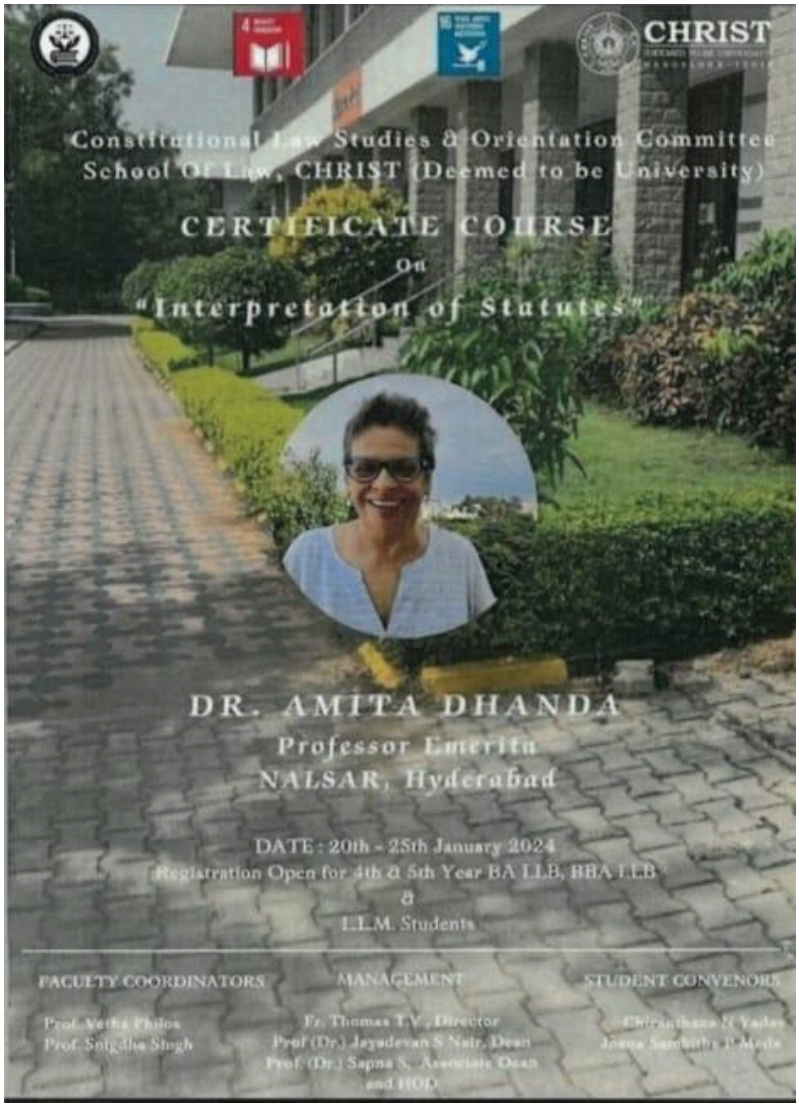

The workshop successfully bridged the gap between theoretical knowledge and practical experience, enhancing students' employability and understanding of international law. It aligned with Sustainable Development Goals 4, 16, and 17, promoting quality education, peace, justice, and partnerships. The event inspired students to pursue careers in international law, contributing to a more just and peaceful world.

Certificate Course on enhancement of interpretation skills

Event Name: Certificate Course on enhancement of interpretation skills

Date: 20th 25th of January 2024
Time: 2:00 PM to 4:00 PM
Venue: Room No. 505, Central Block

The School of Law, CHRIST (Deemed to be University), organized a five-day certificate course on "Interpretation of Statutes" from January 20-25, 2024. Renowned Professor Emerita, Dr. Amita Dhanda, led the course, aiming to enhance participants' interpretation skills and understanding of statutory interpretation.

Learnings:
The course covered the basics of interpretation, unitary theories, and alternate theories. Participants gained practical experience through exercises involving real-life and hypothetical scenarios, developing critical thinking and analytical skills.

The course consisted of five sessions, each lasting two hours. Dr. Dhanda's expertise and interactive teaching style facilitated a deep understanding of interpretation principles. Participants analyzed trends in judicial application of theories and rules of interpretation, identifying practical applications.

Impact made on students:
The course significantly impacted students, developing their critical thinking skills and ability to interpret statutes effectively. Participants gained hands-on experience, enhancing their employability and potential for career advancement in legal professions. The course indirectly contributed to improving access to justice by ensuring legal professionals can interpret statutes accurately, promoting fairness and equity.

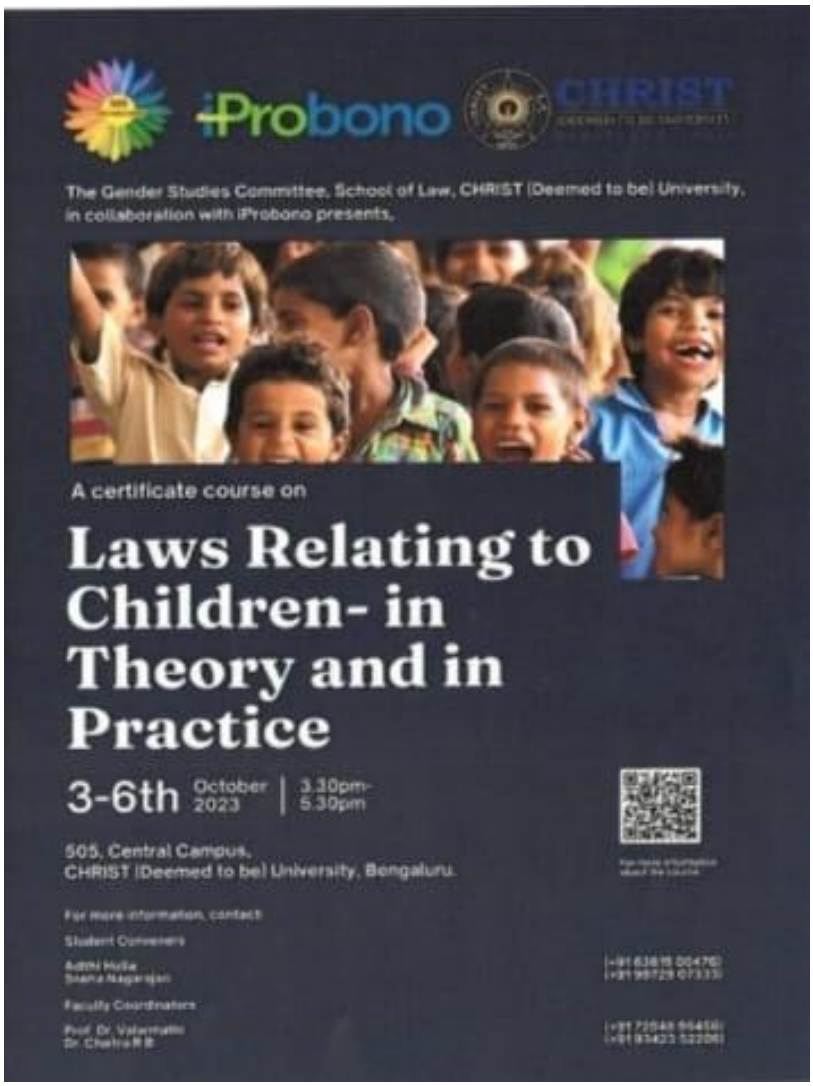

The certificate course on "Interpretation of Statutes" successfully equipped participants with essential legal skills, aligning with Sustainable Development Goals 4 and 16. Dr. Dhanda's expertise and the course's practical approach made a lasting impact on students, preparing them for legal practice and contributing to the advancement of legal scholarship.

Certificate Course on 'Laws Relating to Children In Theory and Practice

Event Name: Certificate Course on 'Laws Relating to Children In Theory and Practice

Date: 3rd October 2023 [Tuesday]-6 October 2023 [Friday]
Time: 3:30 PM 5:30 PM
Venue: Room No. 505, 5th floor, Central Block, Christ (Deemed to be University), Bangalore.

The Certificate Course on "Laws Relating to Children - In Theory and Practice" was a comprehensive program conducted by Christ (Deemed to be University), Bangalore, in collaboration with iProbono. The course aimed to equip participants with in-depth knowledge of child-related laws in India.

Learnings:
The course covered critical child-related laws, including the POCSO Act, Child Marriage Act, JJ Act, and laws addressing child and bonded labor. Participants gained practical insights through case studies and exercises, emphasizing sensitivity and adherence to legal procedures in child protection cases.

The course featured expert speakers from iProbono, who provided detailed insights into each legislation. Participants learned about the importance of prioritizing children's well-being and rights in law enforcement and advocacy. The course also highlighted the need for a child-centric approach and the eradication of bonded labor.

Impact on students:
The course had a profound impact on participants, enhancing their knowledge and skills in child-related laws. It instilled a sense of responsibility to advocate for children's rights and welfare. The course also contributed to building a more informed and compassionate approach among future legal professionals, potentially leading to positive change within the legal community.

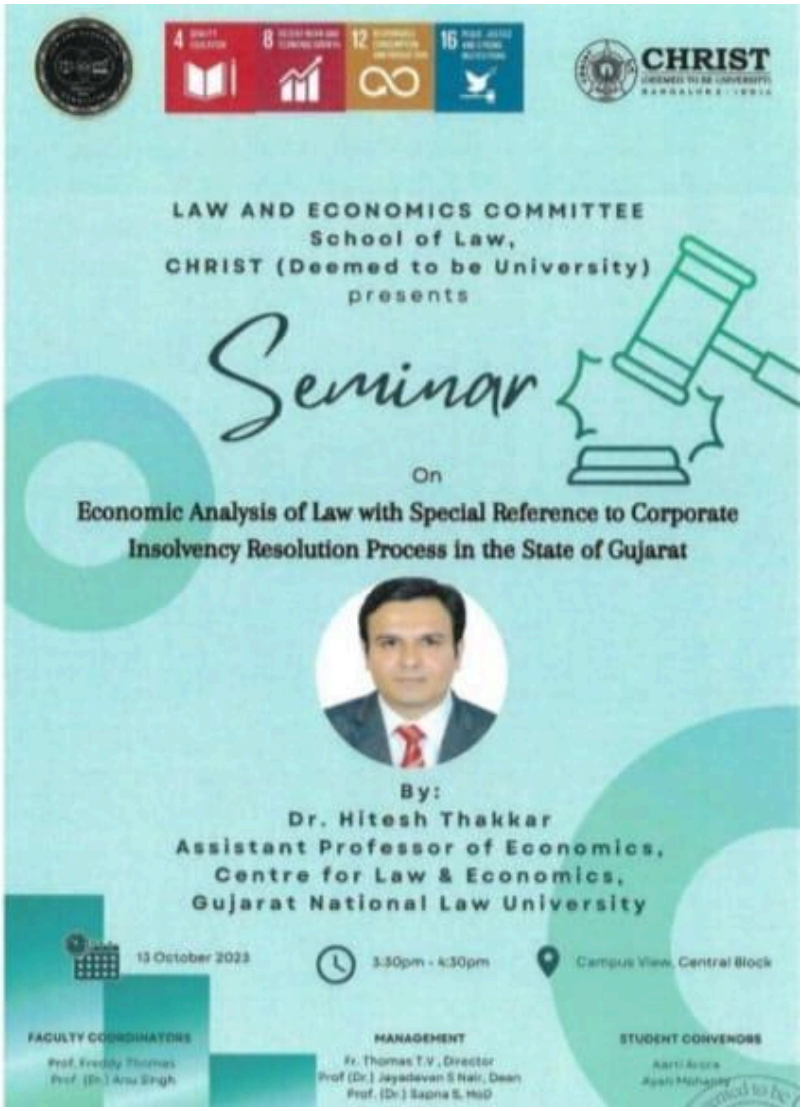

The Certificate Course on "Laws Relating to Children - In Theory and Practice" was a valuable program that equipped participants with essential knowledge and skills to advocate for children's rights and welfare. By emphasizing practical applications and a child-centric approach, the course made a lasting impact on students, inspiring them to contribute to building a safer and more secure environment for children in India.

Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat

Event Name: Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat

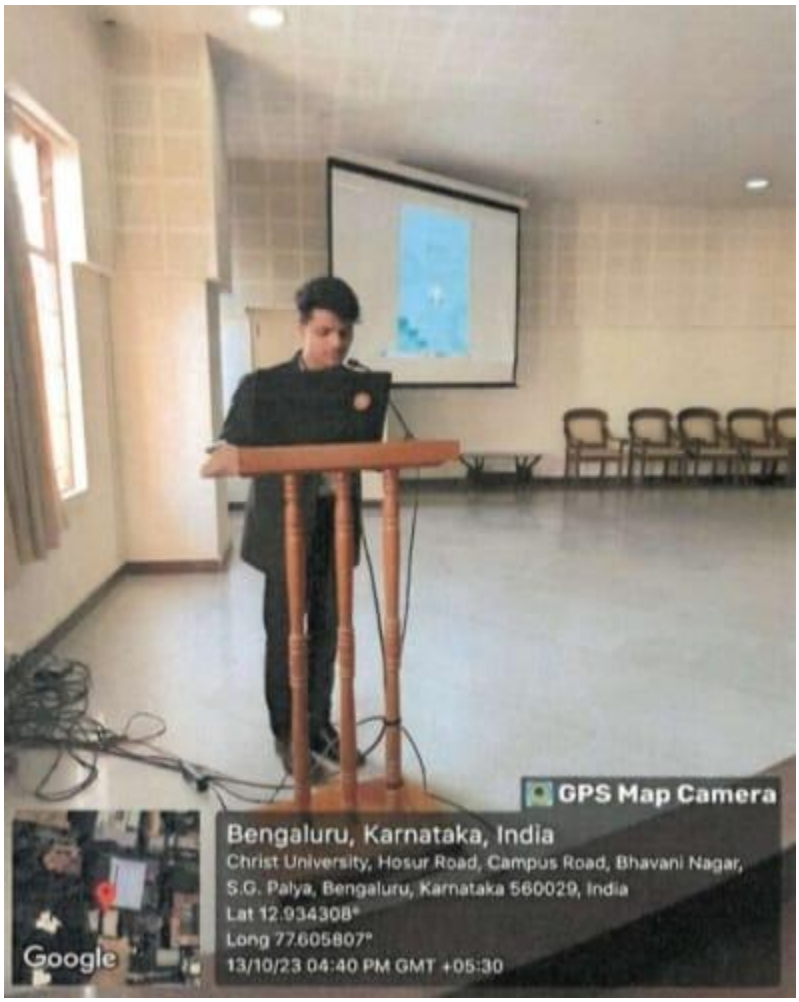

Date: 13th October, 2023
Time: 3:30 pm-4:30 pm
Venue: Skyview

The School of Law, Christ (Deemed to be University), Bangalore, organized a seminar on "Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat" on October 13, 2023. The seminar aimed to provide students with practical insights into the application of economic principles in corporate insolvency resolution.

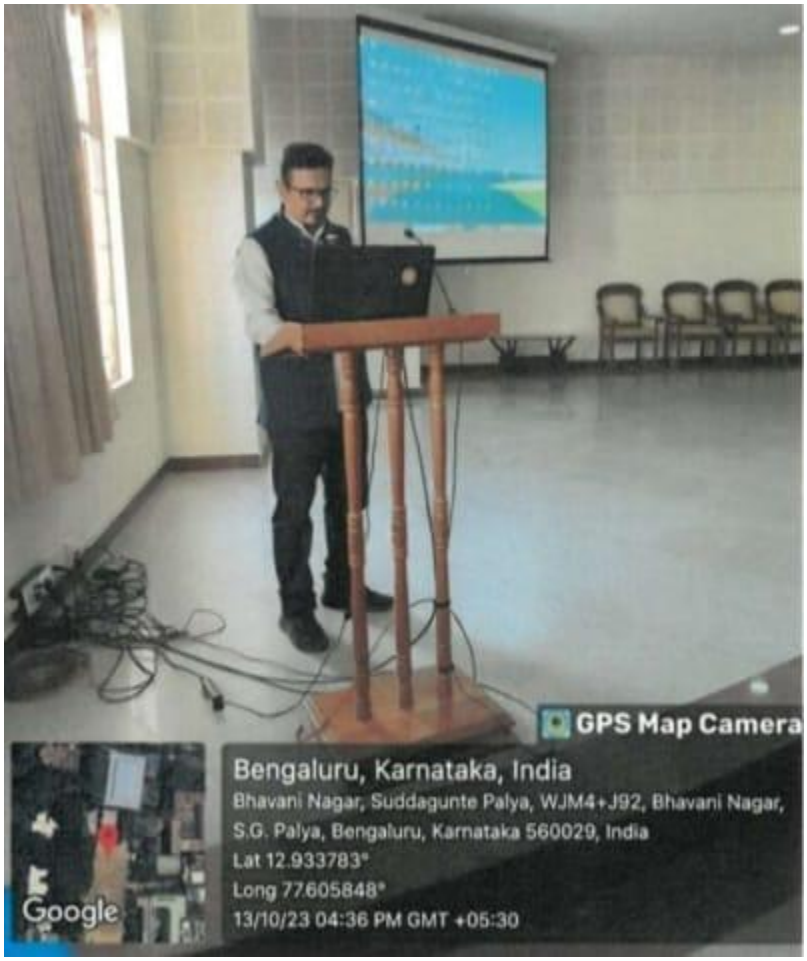

Learnings:
The seminar covered the basics of economic concepts and their application in corporate insolvency resolution. Dr. Hiteshkumar Thakkar, Assistant Professor of Economics at Gujarat National Law University, engaged students in an interactive session, using real-life scenarios to explain how economics influences corporate insolvency resolution in Gujarat.

The seminar highlighted the importance of economic analysis in legal decision-making, particularly in corporate insolvency resolution. Students learned how economic principles affect the outcome of insolvency cases and how lawyers can apply economic reasoning to develop sound arguments.

Impact on the students:

The seminar had a significant impact on students, enhancing their understanding of the intersection of economics and law. Students gained practical insights into the application of economic principles in corporate insolvency resolution, making them more aware of the economic implications of legal decisions. The interactive session encouraged students to think critically and develop problem-solving skills, essential for effective legal practice.

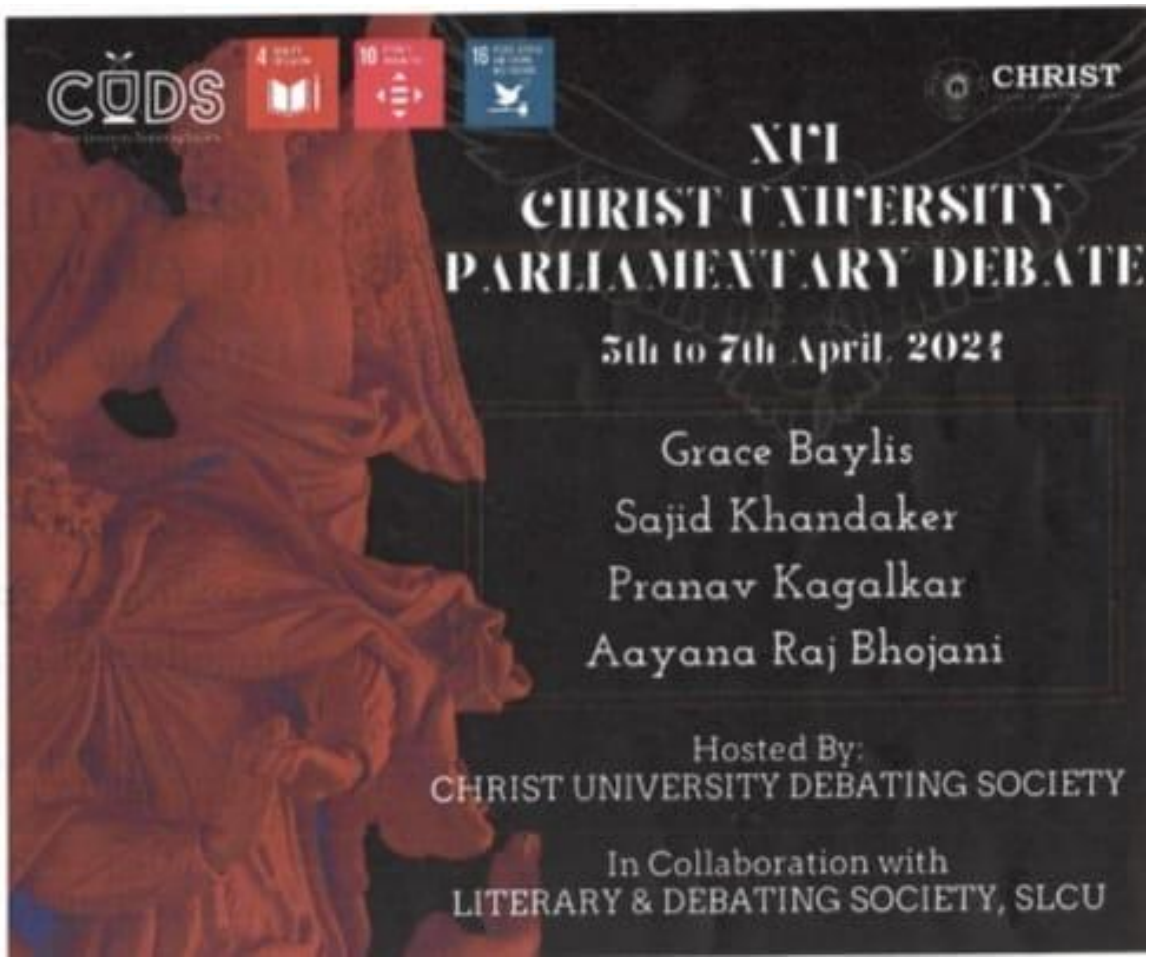

The seminar on "Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat" was a valuable learning experience for students. By exploring the economic dimensions of corporate insolvency resolution, students gained a deeper understanding of the complex relationships between law and economics. The seminar's interactive approach and use of real-life scenarios made the learning experience engaging and practical, preparing students for future careers in legal practice.

Christ University Parliamentary Debate 2023-24

Event Name: Christ University Parliamentary Debate 2023-24

Date: 5th-7th April 2024
Time: 9:00 a.m. onwards
Venue: 4th & 5th Floor, Central Block and Christ Junior College, CHRIST (Deemed to be University)

The Christ University Parliamentary Debate 2023-24 was held from April 5th to 7th, 2024, at CHRIST (Deemed to be University). The event brought together 130 participants from various universities across India to compete in the Asian Parliamentary Debate format.

Learnings:
The debate helped participants develop critical thinking, logical legal reasoning, and effective argumentation skills. It provided a platform for students to showcase their abilities, understand debating culture, and compete against each other.

The event consisted of debating rounds, where speakers and adjudicators competed against each other. Participants were scored based on established criteria, and external adjudicators provided feedback. The debate covered various motions, including local and global issues, and required participants to think critically and communicate effectively.

Impact on students:
The Christ University Parliamentary Debate had a significant impact on students, fostering a dynamic environment for intellectual discourse and competitive debate. Participants honed their debating skills, deepened their understanding of effective argumentation, and developed critical thinking skills. The event contributed to the United Nations' Sustainable Development Goals (SDGs), including Quality Education, Reduced Inequalities, and Peace, Justice, and Strong Institutions.

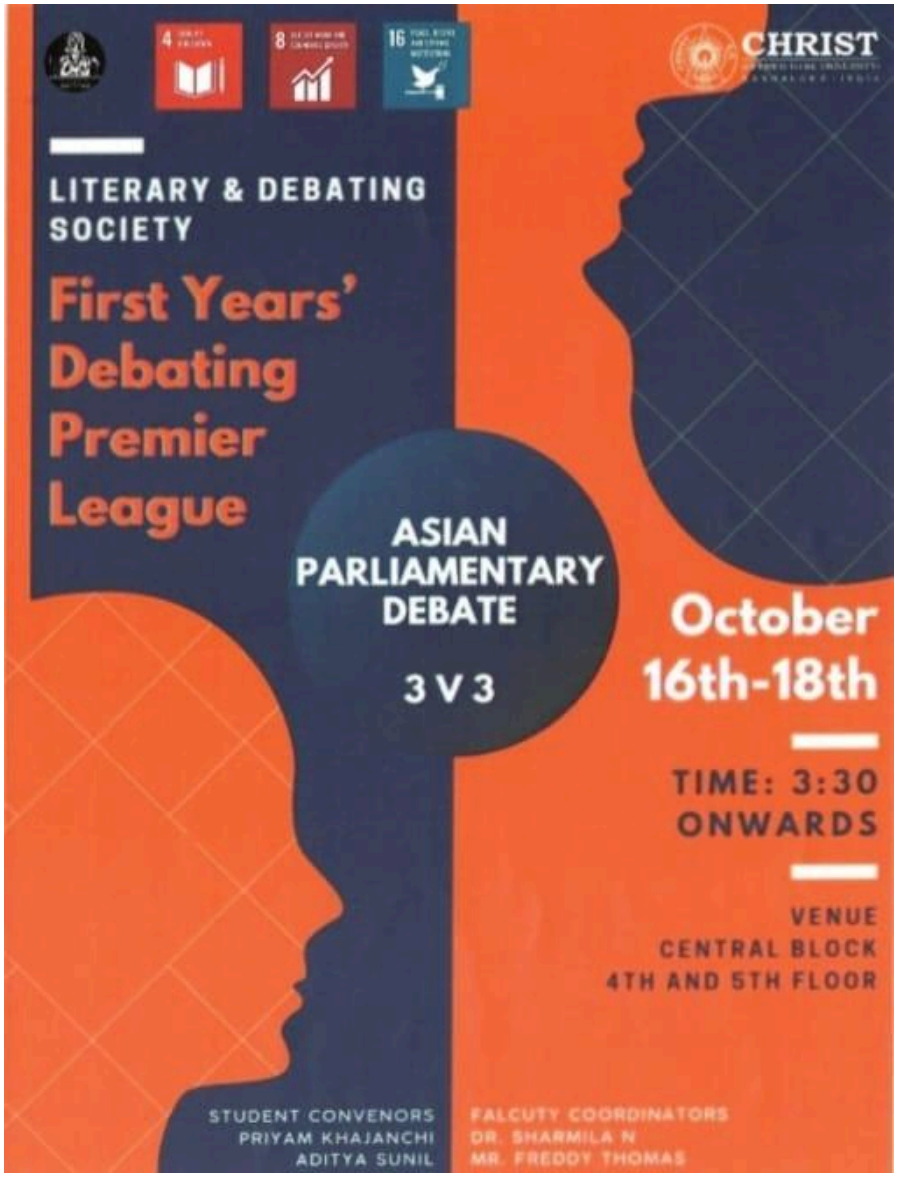

The Christ University Parliamentary Debate 2023-24 was a successful event that promoted debating culture, skill development, and intellectual discourse. By providing a platform for students to compete and learn from each other, the event contributed to the development of confident and articulate debaters. The committee's plans to continue supporting students will sustain this culture, empowering participants to excel academically and professionally.

Internal Debating Ranking Rounds 2023 - 24

Event Name: Internal Debating Ranking Rounds 2023 - 24

Date: 16th-18th October 2023
Time: 4:00 p.m. onwards
Venue: 4th & 5th Floor, Central Block, CHRIST (Deemed to be University)

The First Years Debating Premier League 2023-24 was a three-day internal debating tournament held from October 16th to 18th, 2023, at CHRIST (Deemed to be University). The event aimed to introduce first-year law students to the nuances of Asian Parliamentary Debating and provide a platform for them to showcase their debating skills.

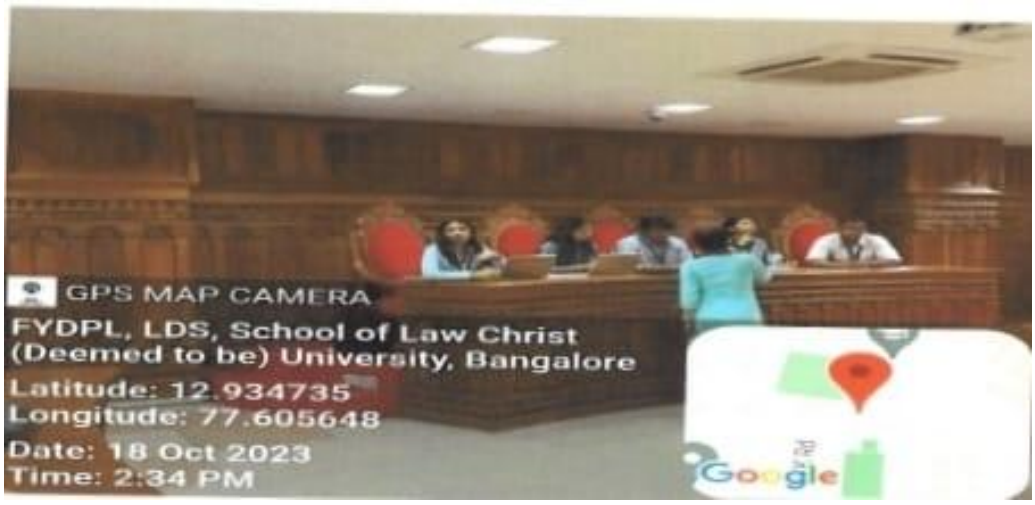

Learnings:

The tournament helped students develop critical thinking, logical legal reasoning, and effective argumentation skills. It also introduced them to the procedures and formalities of Asian Parliamentary Debating.

The event consisted of debating rounds, workshops, and a grand finale with a six-judge panel. Students debated various motions on topics such as climate change, feminism, justice, education, and philosophy. The tournament saw high enthusiasm and competitive spirit among participants.

Impact on students:

The First Years Debating Premier League had a significant impact on students, fostering a dynamic environment for intellectual discourse and competitive debate. Participants honed their debating skills, developed critical thinking, and gained confidence in articulating their arguments. The event contributed to the United Nations' Sustainable Development Goals (SDGs), including Quality Education, Reduced Inequalities, and Peace, Justice, and Strong Institutions.

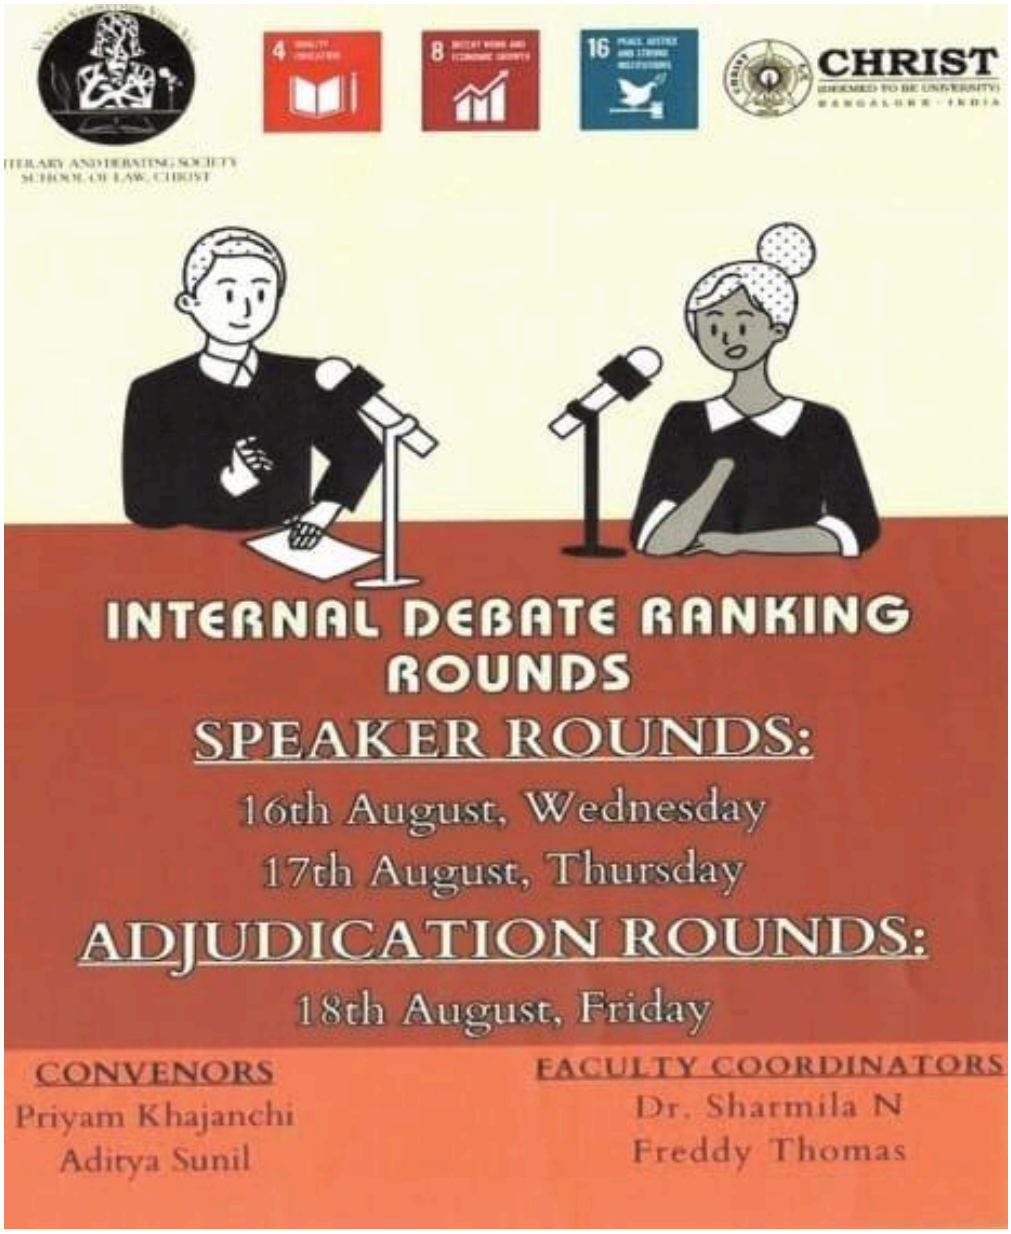

The First Years Debating Premier League 2023-24 was a successful event that promoted debating culture, skill development, and intellectual discourse. By providing a platform for students to compete and learn from each other, the event contributed to the development of confident and articulate debaters. The committee's plans to continue supporting students will sustain this culture, empowering participants to excel academically and professionally.

Internal Debating Ranking Rounds 2023-24.

Event Name: Internal Debating Ranking Rounds 2023-24.

Date: 16th-18th August 2023
Time: 3:30 p.m. onwards
Venue: 4th & 5th Floor, Central Block, CHRIST (Deemed to be University)

The Literary and Debating Society of CHRIST (Deemed to be University) organized the Internal Debating Ranking Rounds from August 16-18, 2023. The event aimed to enhance debating skills, critical thinking, and effective communication among law students.

Learnings:
The workshop provided students with a platform to develop their debating skills, critical thinking, and effective communication. Participants learned to approach problems with an unbiased and logical manner, developing their ability to argue effectively and make rebuttal arguments.

The event consisted of two rounds of debates and one round of adjudication, where students were scored by external adjudicators based on established criteria. The workshop helped students understand the nuances of argumentation, rhetoric, and critical thinking, fostering a culture of continuous improvement.

Impact made on students:
The Internal Debating Ranking Rounds had a significant impact on students, providing them with a practical platform to enhance their debating and adjudication skills. The competitive environment encouraged students to strive for excellence, and successful performance granted priority access to external debate competitions.

The Internal Debating Ranking Rounds successfully achieved its objectives, fostering a culture of debating and critical thinking among law students. By providing a platform for skill enhancement and broader engagement, the event contributed to the development of effective communication, critical thinking, and problem-solving skills, ultimately preparing students for future legal careers.

SDG Cell Event Student Round Table Discussion

Event Name: SDG Cell Event Student Round Table Discussion

Date: 15-02-2024
Time: 12.00 P.M. - 01.00 P.M.
Venue: Venue Conference Hall, A block

The Student Round Table Discussion on Quality Education (SDG-4) was held on February 15, 2024, at CHRIST (Deemed to be University). The event aimed to explore challenges and solutions in India's education system, aligning with the United Nations' Sustainable Development Goal 4 (SDG-4).

Learnings:
The discussion highlighted educational challenges in India, such as accessibility and quality disparity. Students presented strategies for enhancement, including comprehensive reforms across various aspects of the education system.

The event featured a comprehensive examination of India's education landscape, with proactive students leading the discussion. Participants engaged in a thorough exploration of challenges and solutions, emphasizing the need for reforms to address quality education in India.

Impact made on students:

The event had a profound impact on students, inspiring them to consider their roles in education and encouraging thoughtful contemplation and action. Students appreciated the emphasis on factual correctness and the opportunity to fact-check material, increasing the depth and trustworthiness of the discussions. The event motivated students to drive positive change in education, acknowledging their leadership and dedication.

The Student Round Table Discussion on Quality Education (SDG-4) was a successful event that promoted thoughtful discussion and inspired action. By exploring challenges and solutions in India's education system, students demonstrated their proactive role in shaping the future of education. The event's emphasis on factual correctness and comprehensive reforms underscored the importance of addressing quality education in India, aligning with SDG-4.

Seminar on enhancement of dispute resolution skills.

Event Name: Seminar on Significance of Economics in Dispute Resolution- From the Perspective of a Practicing Advocate

Date: 4th October, 2023
Time: 9:30 am-11:00 am
Venue: Skyview

The School of Law, CHRIST (Deemed to be University), organized a seminar on "Significance of Economics in Dispute Resolution" on October 4, 2023. The event aimed to equip first-year law students with practical insights into the application of economic principles in legal matters.

Learnings:
The seminar covered basic economic concepts, such as rational beings, individual satisfaction, efficiency, and Pareto Optimality. The guest speaker, Mr. Ronak Chhabiria, explained how these principles are applied in legal matters, including arbitration, to maximize satisfaction and reach optimal outcomes.

The interactive session allowed students to engage with real-life scenarios, applying economic principles to arrive at efficient solutions. The discussion on the ongoing dispute between Humans of Bombay and People of India enabled students to comprehend the practical application of economic concepts in legal disputes.

Impact made on students:

The seminar significantly impacted students, providing a strong foundation in economic principles. By understanding how to approach legal matters through an economic lens, students will become better lawyers and advisors, capable of identifying efficient solutions for their clients.

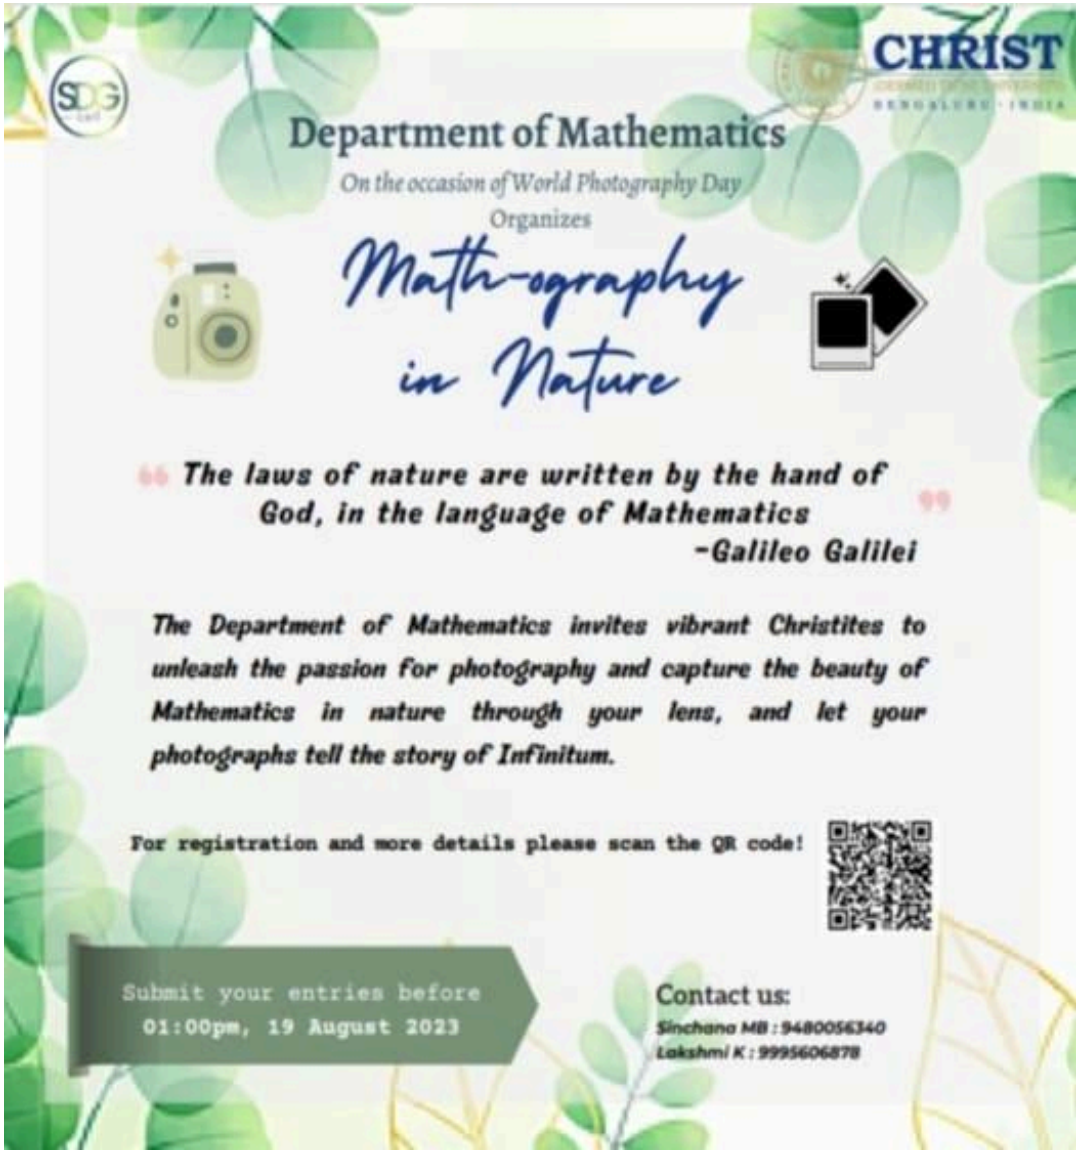

The seminar successfully achieved its objective of introducing students to the significance of economics in dispute resolution. By integrating economic principles into legal education, the event contributed to the development of well-rounded legal professionals. The seminar's alignment with Programme Outcomes, Programme Specific Outcomes, and Sustainable Development Goals (SDGs) 4, 8, and 12 underscores its relevance and importance in fostering quality education, decent work, and responsible consumption and production practices in the legal profession.

Mathography in Nature

Event Name: Mathography in Nature

Date: 13 September 2023
Time: Two weeks
Venue: CHRIST (Deemed to be University), Central Campus

The Department of Mathematics and SDG cell of CHRIST (Deemed to be University) organized a photo submission contest, "Mathography in Nature," from September 13, 2023, for two weeks. The contest aimed to inspire students to explore mathematical concepts in nature and relate them to Sustainable Development Goals, specifically Quality Education.

Learnings:
The contest helped students develop an aesthetic appreciation of mathematics in nature, recognizing patterns and concepts in their daily surroundings. Participants learned to see mathematical concepts beyond textbooks, fostering a deeper understanding and love for mathematics.

The contest required students to capture and caption a natural scenery on campus, providing a mathematical explanation behind the image. Submissions showcased various mathematical concepts, such as fractals, patterns, and geometric shapes, demonstrating the beauty of mathematics in nature.

Impact made on students:
The contest significantly impacted students, inspiring them to view mathematics from a different perspective. Participants developed a new appreciation for the interconnectedness of mathematics and nature, recognizing the beauty and precision of mathematical concepts in the natural world.

The Mathography in Nature contest successfully achieved its objectives, encouraging students to explore and understand mathematical concepts in nature. By relating mathematics to real-life scenarios, the contest fostered a deeper appreciation and love for mathematics, contributing to Quality Education and Sustainable Development Goals. The contest's impact will be sustained through continued exploration and appreciation of mathematics in nature, inspiring students to become passionate learners and advocates for mathematical awareness.

Session on ESG & SDG

Event Name: Session on ESG & SDG

Date: 5th August 2023
Time: 10.00am – 10.45am
Venue: Main Audi, Central Campus

The School of Commerce, Finance, and Accountancy at CHRIST (Deemed to be University) organized a seminar on "ESG & SDG" on August 5, 2023. The session aimed to create environmental and societal awareness among students and emphasize individual social responsibility.

Learnings:
The seminar provided students with information on Sustainable Development Goals (SDGs) and highlighted new job market opportunities in this field. Dr. Biju Toms, Director of the School, delivered a motivational presentation, inspiring students to take action towards achieving SDGs.

The session focused on creating awareness about environmental and societal issues, emphasizing the need for individual social responsibility. Dr. Toms, a renowned motivational speaker, encouraged students to emerge as leaders in promoting sustainable development.

Impact made on students:

The seminar had a significant impact on students, particularly first-year students, who were introduced to the importance of SDGs and their role in achieving them. The session inspired students to take action and explore new career opportunities in the field of sustainable development.

The Session on ESG & SDG was a successful event that created awareness and inspired action among students. By emphasizing individual social responsibility and highlighting job market opportunities, the seminar contributed to the achievement of Sustainable Development Goals. The session's impact will be sustained through continued awareness and action, fostering a new generation of leaders committed to sustainable development.

OUTREACH ACTIVITIES ON "Harmony in Green: Empowering Villages through Sustainable Social Service Initiatives"

Event Name: OUTREACH ACTIVITIES ON "Harmony in Green: Empowering Villages through Sustainable Social Service Initiatives"

Date: 12.02.2024 Monday
Time: 08:00 am to 5:00 pm
Venue: Nangli Village,
Mulbagal Taluk, Kolar District
Karnataka - 563132.

On February 12, 2024, Christ University, Bangalore, in collaboration with the Centre for Social Action (CSA), organized an outreach activity in Nangli Village, Mulbagal Taluk, Kolar District. The program aimed to promote sustainable social service initiatives and raise awareness on critical issues affecting rural communities.

Objectives:

- Educate villagers on health, communication skills, problem-solving, and analytical skills.
- Raise awareness on substance abuse, girl child education, prohibition of child marriage, and waste management.

Activity Highlights:

- 166 first-year (link unavailable) students participated in the program.
- Tree plantation drive in schools and the village.
- Rallies, skits, and dance performances to spread awareness on critical issues.
- Cleaning of wastages and plastics in schools and the village.
- Donation of stationery kits for 1000 school children.

Expected Outcomes and Key Takeaways:

- Students gained insight into village culture and awareness among the public.
- Villagers benefited from the awareness programs and cleaning initiatives.

The outreach activity was a resounding success, with students and villagers benefiting from the initiatives. The program demonstrated the importance of sustainable social service and the impact that collective efforts can have on rural communities. Future plans include expanding the program to other villages, continuing the awareness campaigns, and monitoring the progress of the initiatives.

Follow-up Plan:

- Conduct regular follow-up visits to monitor the progress of the initiatives.
- Expand the program to other villages in the district.
- Collaborate with local authorities to ensure sustainability of the initiatives.

Financial Literacy Training WorkShop SFS College

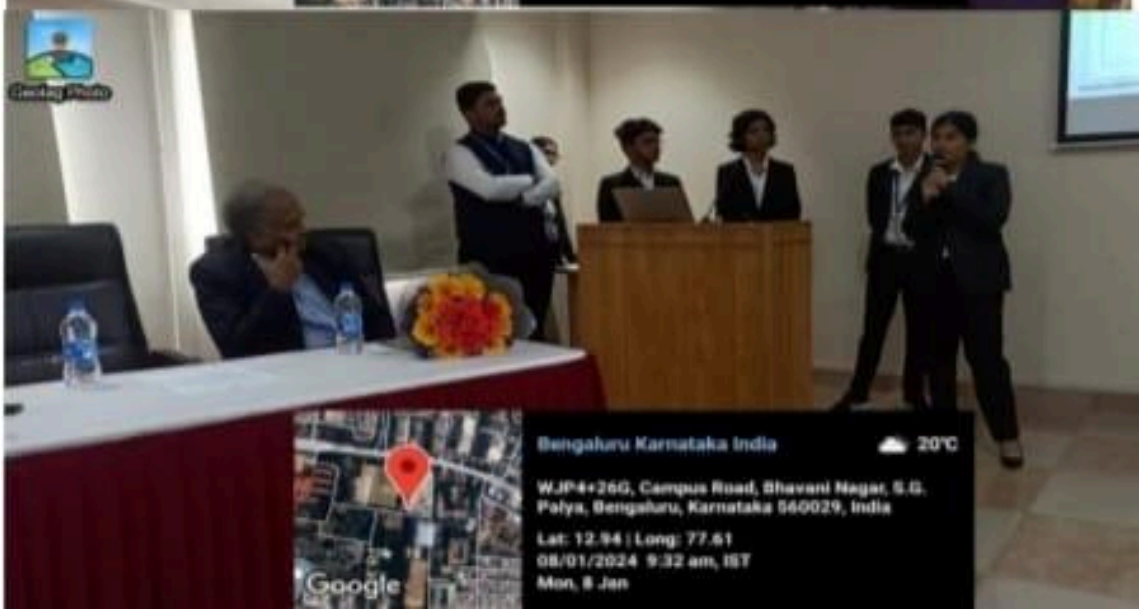

Event Name: Financial Literacy Training WorkShop SFS College

Date: 8th and 9th January, 2024
Time: 9 AM – 4.00 pm
Venue: Seminar Hall, 4th floor, CJC

The Financial Literacy Training Workshop was a collaborative effort between Saint Francis De Sales (SFS) College and the Finance and Investment Cell (FIC) of Christ University. The two-day workshop, held on January 8-9, 2024, aimed to enhance financial literacy among (link unavailable) students of SFS College, Bangalore.

Learnings:
The workshop covered essential financial concepts, including budgeting, saving, investing, and financial planning. Students gained a deeper understanding of these concepts through interactive sessions, real-world examples, and engaging instructors.

The workshop featured expert speakers, including Prof. Jossy Peter, Prof. Mathew Verghese, Dr. Biju Toms, and Mr. Manoj K Cyriac, who shared their expertise on professionalism, campus-to-corporate transition, future of universities, and digital tools. FIC members conducted training sessions, focusing on presentation skills and effective communication strategies.

Impact on Students:
The workshop had a positive impact on students, enhancing their financial knowledge, presentation skills, and confidence in public speaking. Students developed essential life skills, empowering them to make informed financial decisions and excel in their future endeavors.

The Financial Literacy Training Workshop was a resounding success, achieving its objectives of sharing expertise, launching SFS's Financial Literacy Program, and enhancing students' presentation skills. The collaboration between SFS College and FIC exemplifies the power of partnerships in promoting financial literacy and educational excellence. The workshop's long-term impact will benefit students in their personal and professional lives, making them financially literate and proficient in essential life skills.

International Conference on Sustainable Finance and Accountancy

Event Name: International Conference on Sustainable Finance and Accountancy

Date: 29.02.2024 and 01.03.2024
Time: 9 am to 5 pm
Venue: KE Auditorium, Panel Rooms in Second Block, Conference Hall in Central Block

The International Conference on Sustainable Finance and Accountancy (ICSFA 2024) was held on February 29-March 1, 2024, at CHRIST (Deemed to be University). The conference aimed to facilitate knowledge exchange, explore sustainable accounting, promote responsible investment, enhance financial resilience, and discuss policy and regulation.

Learnings:
The conference provided a platform for academics, practitioners, and policymakers to exchange ideas and insights on sustainable finance and accounting practices. Participants learned about cutting-edge methodologies, responsible investment strategies, and innovations in sustainable accounting.

The conference featured paper presentations, poster presentations, panel discussions, and publication opportunities in Scopus-indexed conference proceedings/journals. Participants had the opportunity to network with like-minded professionals and forge collaborations.

Impact made on students:
The conference had a significant impact on participants, providing them with research exposure, networking opportunities, and publications. The event facilitated discussions on sustainable finance and accounting, shared best practices, and inspired innovative solutions for a sustainable and responsible financial future.

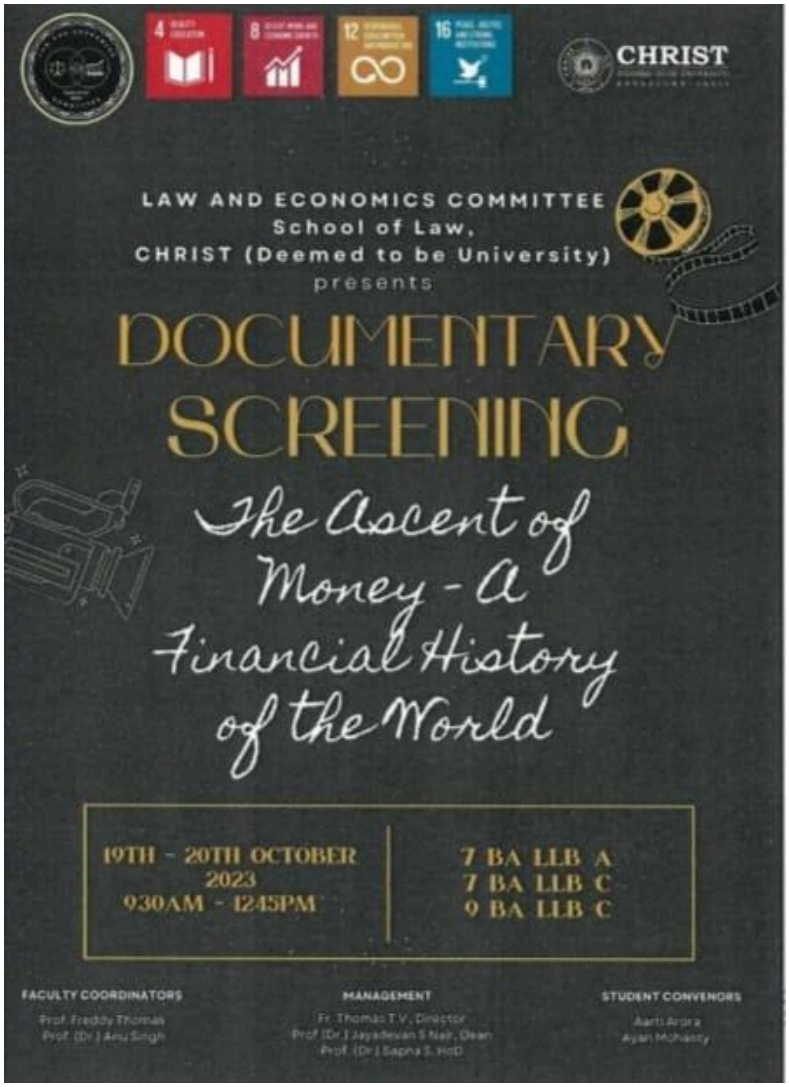

ICSFA 2024 successfully achieved its objectives, providing a platform for knowledge exchange, exploration of sustainable accounting, and promotion of responsible investment. The conference contributed to the development of sustainable finance practices, enhancing financial resilience and driving positive societal and environmental impact. The event's impact will be sustained through continued collaboration and innovation in sustainable finance and accounting.

The Ascent of Money - A Financial History of the World: Dreams of Avarice

Event Name: A Financial History of the World: Dreams of Avarice

Date: 19 - 20th october 2023
Time: 9:30am - 12:45pm
Venue: Christ University, Central Campus

The Law and Economics Committee at the School of Law, CHRIST (Deemed to be University), organized a documentary screening on "The Ascent of Money - A Financial History of the World: Dreams of Avarice" for 4th and 5th year BA LLB and BBA LLB students. The event aimed to provide students with a deeper understanding of financial history, economics, and their implications on the world.

Learnings:
The documentary explored the concept of Avarice and its economic ramifications worldwide, providing students with insights into complex economic principles and their real-world applications. Students gained a broader perspective on financial and economic matters, enhancing their critical thinking skills.

The screening facilitated discussions on the ethical and moral implications of financial practices, encouraging students to reflect on the consequences of single-minded pursuit of financial success. The documentary highlighted the importance of considering the broader implications of actions as future legal professionals.

Impact made on students:
The event had a significant impact on students, fostering a deeper appreciation of economic principles and ethical reflection. Students were encouraged to view legal issues through an economic lens, enabling them to provide more efficient and informed counsel to their clients. The documentary screening shaped students into more competent and responsible professionals in the legal field.

The documentary screening on "The Ascent of Money - A Financial History of the World: Dreams of Avarice" was a valuable learning experience for students. It provided a comprehensive understanding of financial history, economics, and their implications on the world, while promoting ethical reflection and responsible decision-making. The event achieved its objectives, enhancing students' academic experience and preparing them for their future careers in law.

Seminar on WTO: A Step Forward towards Gains from Trade

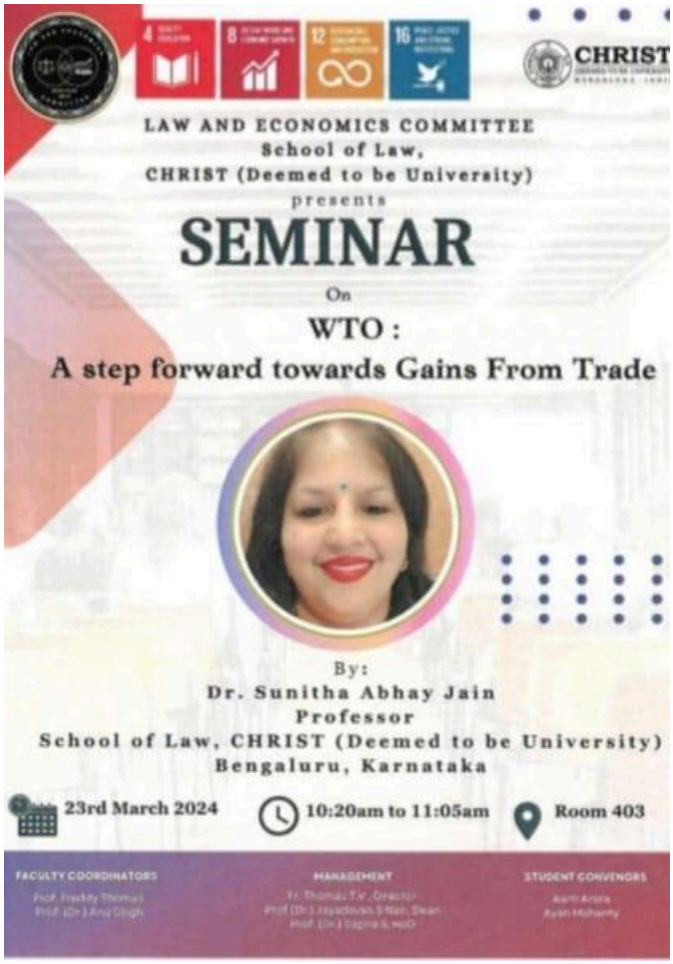

Event Name: Seminar on WTO: A Step Forward towards Gains from Trade

Date: 23/3/23
Time: 10:20 - 11:05 am
Venue: Room 403

Objective: To provide students with practical insights into the workings of the World Trade Organization (WTO) and its impact on economic and trade relations between nations.

Speaker: Dr. Sunitha Abhay Jain, Professor at the School of Law, CHRIST (Deemed to be University).

Participants: 65 law students from the 3rd year BA LLB and BBA LLB elective class on Economics of International Trade.

Key Takeaways:

- Students gained a deeper understanding of WTO's functions, dispute resolution mechanisms, and economic implications of trade agreements.
- The seminar promoted critical thinking, logical legal reasoning, and sound analytical skills.
- Students learned to analyze problems, suggest policy changes, and develop concrete measures in compliance with the law.

Alignment with Programme Outcomes and Sustainable Development Goals:

- The seminar aligns with Programme Outcomes (POs) and Programme Specific Outcomes (PSOs) of the UG BA/BBA LLB program.
- It contributes to Sustainable Development Goals (SDGs) 4, 8, 12, and 16, focusing on quality education, decent work, responsible consumption, and peaceful societies.

Impact Analysis:

- The seminar provided students with practical insights into WTO's operations and economic implications.
- It helped students develop a stronger base of economic principles, enabling them to become better lawyers and advisors.
- The seminar promoted critical thinking, logical legal reasoning, and sound analytical skills, preparing students to address complex legal and economic challenges.

Frontiers: Building Respect for IP

Event Name: Frontiers: Building Respect for IP

Date: 4 and 5 March 2024
Time: 9:00 AM-12:45 PM (On both days)
Venue: Sky-view Auditorium (on 4"), Council Room (on 5"), and Garden Street (Stalls on both days)

Objective: To provide students with practical insights into intellectual property (IP) law, innovation, and competition law.

Speakers:

1. Dr. Nagahanumaiah, Director of Central Manufacturing Technology Institute.
2. Dr. Lakshminarayan R., Director and Head of IP and Innovation Management at Samsung Electronics.

Participants: 319 students from LLM-IPL and third-year LLB programs.

Key Takeaways:

- Collaboration is key to driving product innovation and IP creation.
- Understanding the IP landscape and legal frameworks involved in protecting intellectual property.
- Appreciating historical innovations and creative problem-solving.
- Learning effective strategies for IP management and extracting business impact from IP assets.

Stalls:

- ❖ An informational booth was set up to teach students about IP law and competition law.
- ❖ Interactive games, such as GI Tags and Logo Infringement, were played to raise awareness and engage participants.

Follow-up plan: Conduct more events to raise awareness and gain working knowledge on IP and Competition Law.

Mapping:

- Programme Outcomes (POs): PO2, PO3, PO6.
- Programme Specific Outcomes (PSOs): Analyze legal problems and suggest concrete measures in compliance with law.
- Local, Regional, National, and Global needs: Intellectual Property Law, Antitrust and Patent Law.
- Employability/entrepreneurship skill development needs: IP law, innovation, and competition law.
- Cross-cutting issues: Quality Education, Decent Work and Economic Growth, Industry, Innovation and Infrastructure, Peace, Justice and Strong Institutions

Impact Analysis:

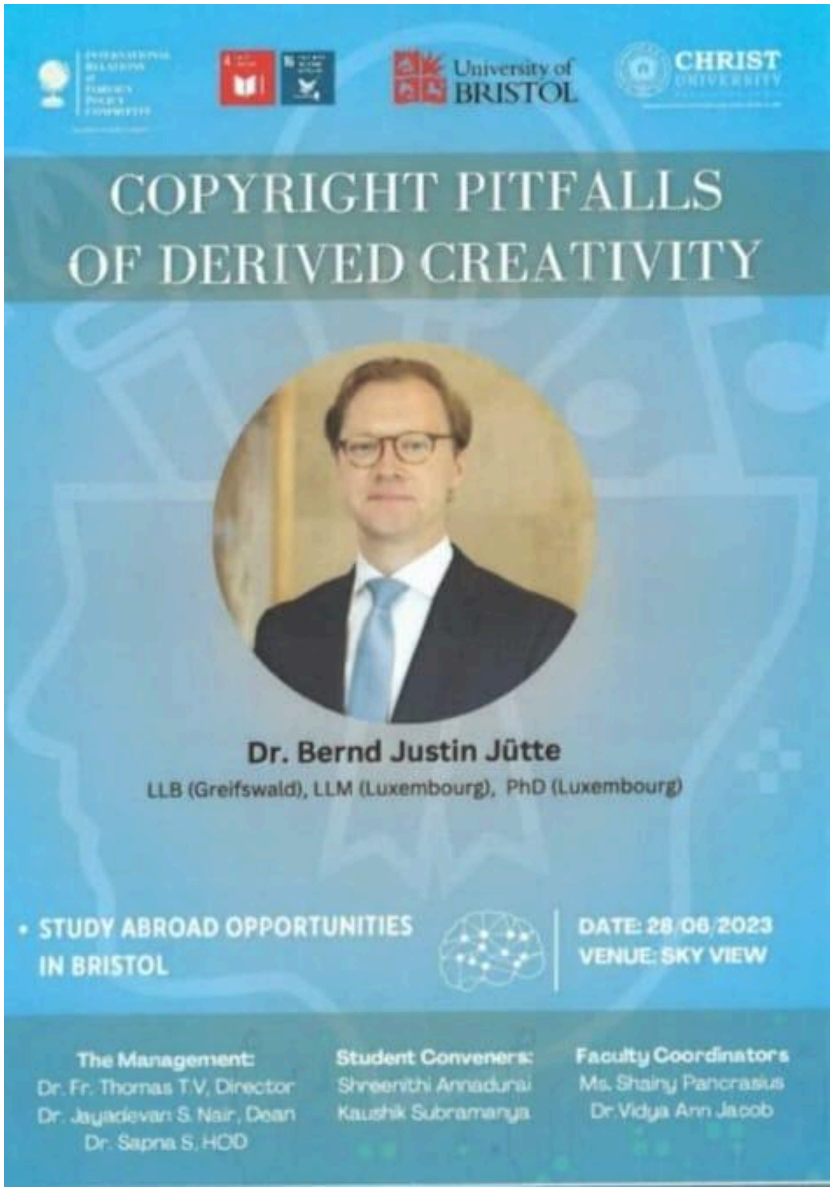

- The event provided valuable insights into IP law, innovation, and competition law.
- Participants gained knowledge and experience that could enhance their employability in the field of IP law.
- The event fostered a culture of innovation and collaboration among law students, potentially shaping the future of legal practice in IP law.

Seminar on Copyright Pitfalls of Derived Creativity

Event Name: Seminar on Copyright Pitfalls of Derived Creativity

Date: 28 August 2023
Time: 11 a.m. to 12 a.m.
Venue: Sky View, Central Block, 10th Floor, CHRIST (Deemed to be University)

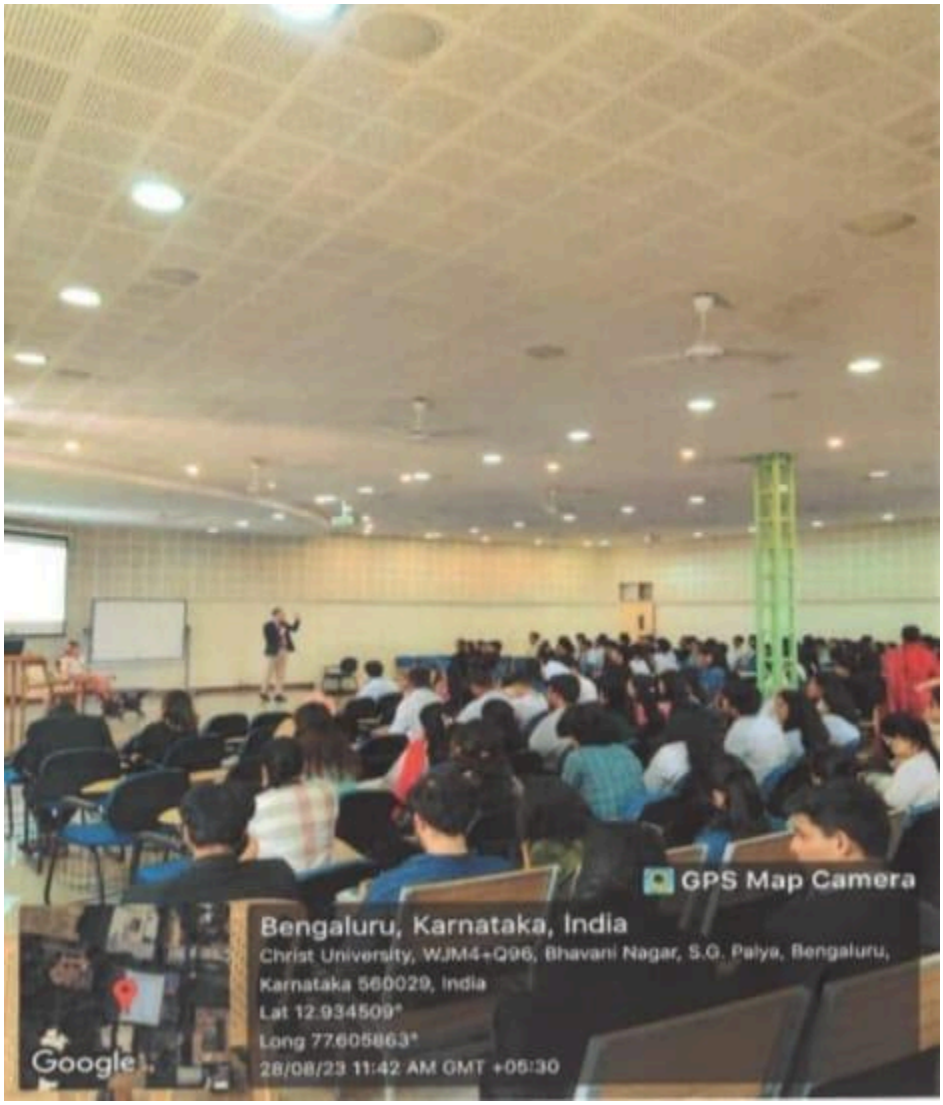

On August 28, 2023, the School of Law at CHRIST (Deemed to be University) hosted a seminar on "Copyright Pitfalls of Derived Creativity" featuring Dr. Bernd Justin Jütte, Assistant Professor in Intellectual Property Law at University College Dublin. The event aimed to provide students with practical insights into copyright law and its implications on creative expression.

Learnings

The seminar delved into the intricacies of copyright law, exploring the rights and exceptions to copyright, related rights, and the infringement test. Dr. Jütte analyzed significant legal precedents, including the Pelham v. Hütter case, to illustrate the complexities of derived creativity. Key takeaways included:

- Gaps and inconsistencies in copyright law governing artistic freedom.
- Importance of understanding copyright law to safeguard creative works.
- Navigating the fine line between inspiration and infringement.

Impact
The seminar had a profound impact on students, fostering:

- Increased copyright awareness and understanding.
- Deeper appreciation for the complexities of derived creativity.
- Reduced risk of unintentional copyright infringement.
- Stimulated creativity within legal boundaries.
- Exposure to international expertise and perspectives.

The seminar "Copyright Pitfalls of Derived Creativity" was a resounding success, providing students with valuable insights into copyright law and its implications on creative expression. Dr. Jütte's expertise and engaging presentation style made the complex subject matter accessible and engaging. The event's impact will be felt in the students' future endeavors, as they navigate the intricacies of copyright law with confidence and creativity.

Environmental Law Orientation Session Economic Analysis

Event Name: Environmental Law Orientation Session Economic Analysis of Environmental Impact Assessment

Date: 9 February, 2023
Time: 1:30 pm. to 2:30 p.m.
Venue: Room No. 505,Central Block, CHRIST (Deemed to be University), Central Campus

On February 9, 2023, the Environmental Law Studies and Orientation Programme (ELSOP) at CHRIST (Deemed to be University) organized a seminar on "Economic Analysis of Environmental Impact Assessment." The event aimed to raise awareness about environmental concerns and the economic implications of environmental decisions.

Key Takeaways

- Cost-Benefit Analysis (CBA) in environmental impact assessment.
- Market failure consideration and trade-offs in decision-making.
- Economic analysis of environmental policies and projects.
- Importance of economics in environmental impact assessment.

Impact Analysis
The seminar had a profound impact on participants, fostering:

- Increased awareness and understanding of environmental issues.
- Enhanced intellectual growth and knowledge on climate change.
- Empowerment to make informed decisions and contribute to climate action.
- Heightened interest in climate change research and related fields.
- Increased participation in climate awareness initiatives and activism.
- Personal lifestyle changes to reduce carbon footprint.

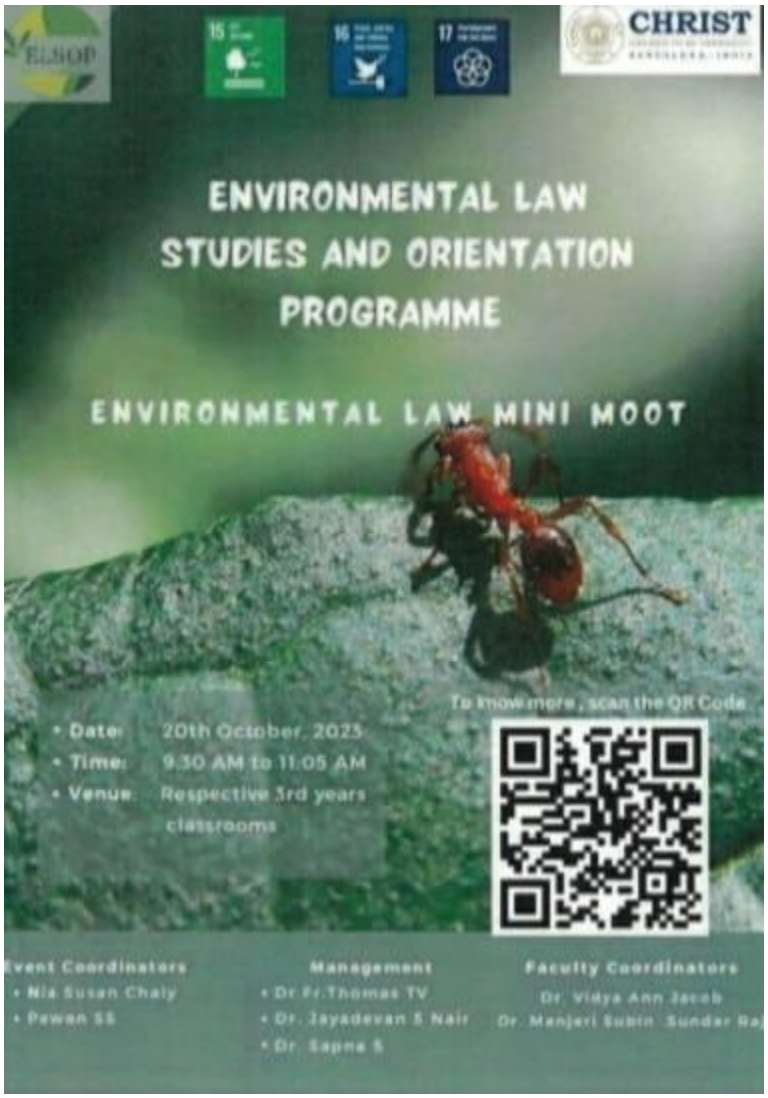

The seminar was a resounding success, providing valuable insights into the economic analysis of environmental impact assessment. By empowering students with knowledge and skills, the event contributed to the global movement for climate action and sustainable development.

Environmental Law Mini Moot

Event Name: Environmental Law Mini Moot

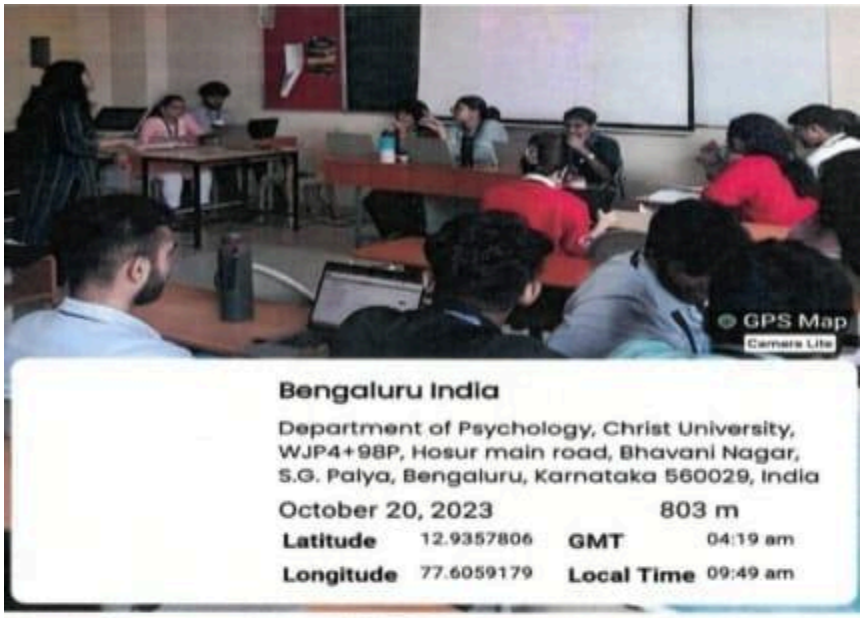

Date: 20th October 2023
Time: 9:30 AM to 11:05 AM
Venue: Classrooms of 3rd Year BA & BBA LLB, 4th and 5th floors, Central Block, CHRIST (Deemed to be University), Bangalore

On October 20, 2023, the Environment Law Studies and Orientation Programme (ELSOP) at CHRIST (Deemed to be University) organized a mini moot on environmental law for third-year students. The event aimed to provide practical legal experience and enhance students' understanding of environmental regulations in India.

Key Takeaways

- Practical knowledge and skills in environmental law.
- Enhanced understanding of Indian environmental policies and legislations.
- Improved legal research, drafting, and argumentation skills.
- Emphasis on sustainability and environmental consciousness.
- Encouragement of eco-friendly practices.

Impact Analysis

The mini moot had a profound impact on participants, fostering:

- Hands-on experience in environmental law.
- Heightened awareness of environmental concerns and legal solutions.
- Empowerment to contribute to global environmental issues.
- Commitment to sustainability and responsible practices.
- Enhanced legal competencies and career prospects in environmental law.

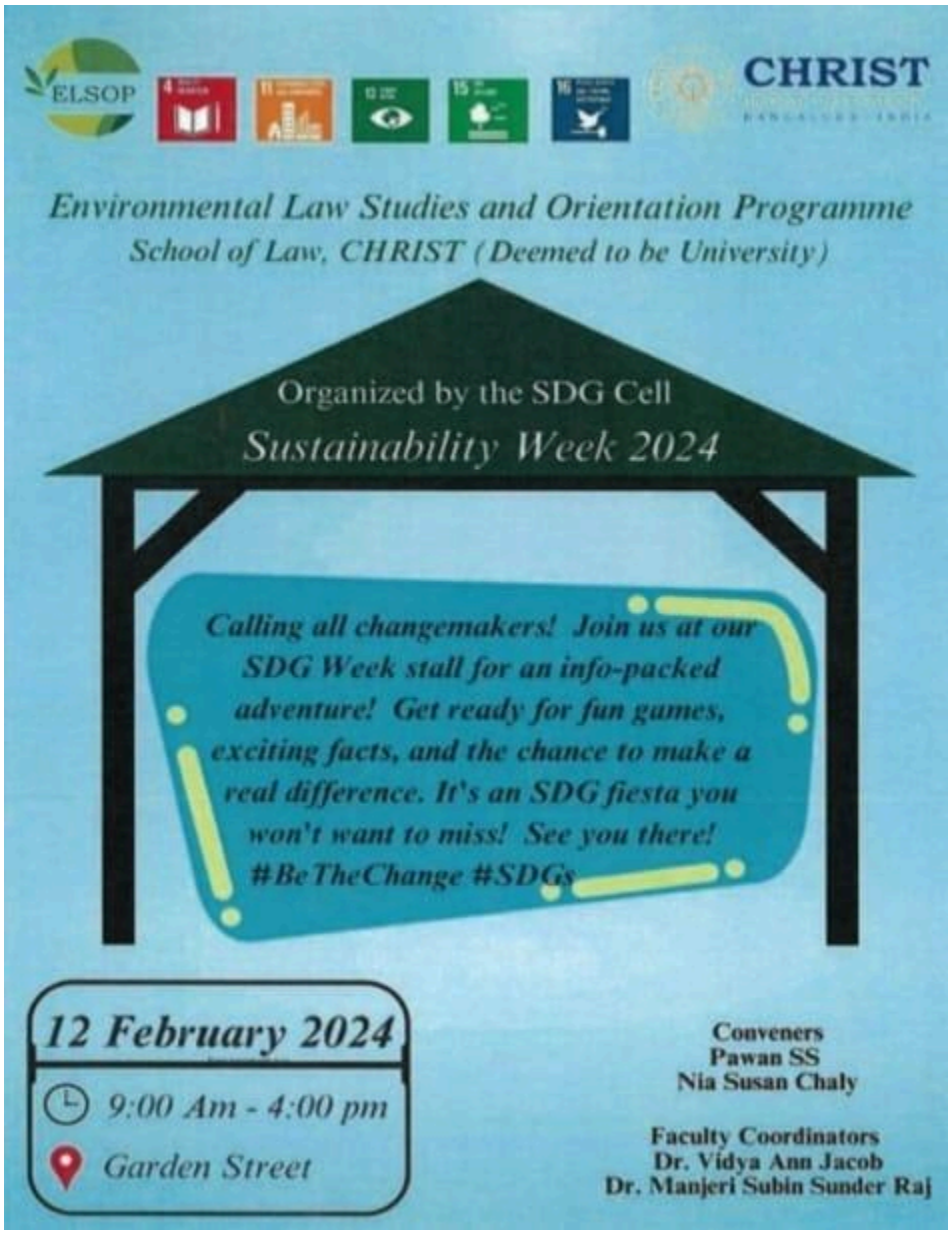

The mini moot was a resounding success, providing students with valuable insights and practical experience in environmental law. By emphasizing sustainability and environmental consciousness, the event contributed to the global focus on environmental preservation and consciousness.

SDG Week Stall

Event Name: SDG Week Stall

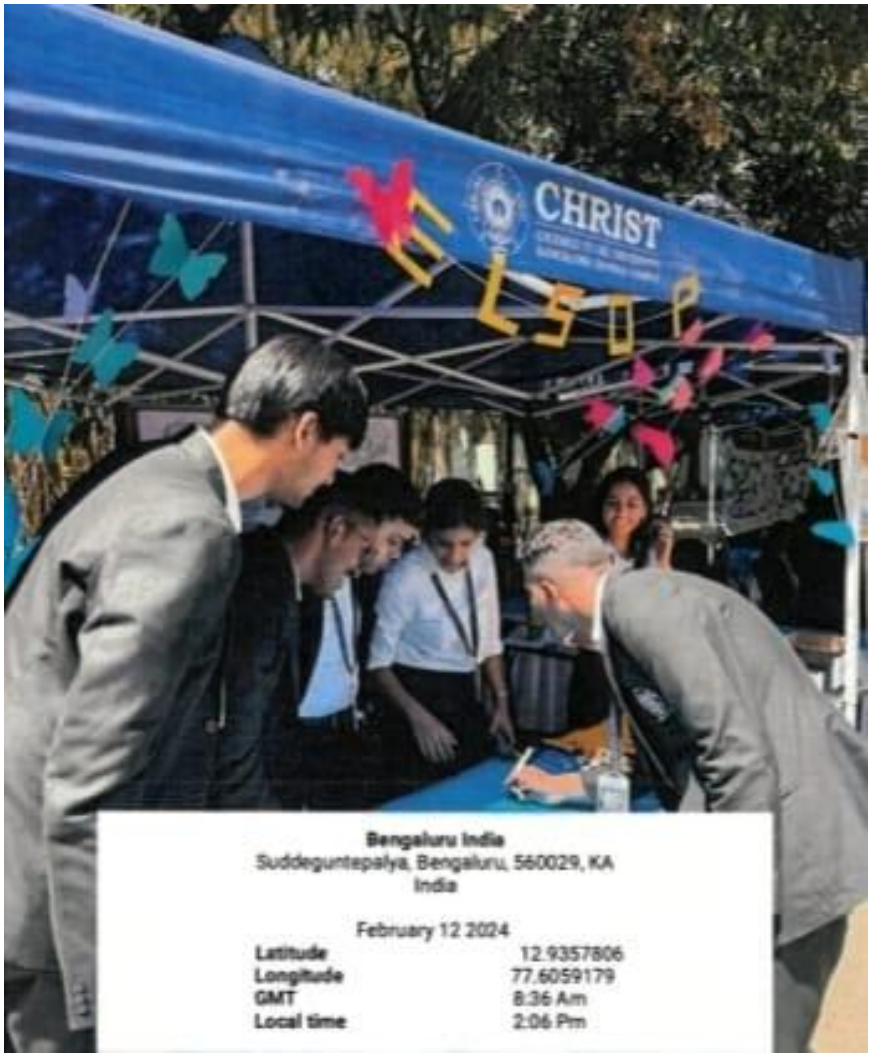

Date: 12th February 2024
Time: 9 AM-4 PM
Venue: Garden Street, Christ (Deemed to be University), Central Campus

On February 12, 2024, the Environmental Law Studies and Orientation Programme (ELSOP) Committee at School of Law, CHRIST (Deemed to be University), organized a stall focusing on Sustainable Development Goals (SDGs) on the Central Campus.

Key Takeaways

- Awareness of sustainable practices and environmental protection.
- Enhanced knowledge and understanding of SDGs.
- Encouragement of community engagement and collective responsibility.
- Promotion of critical thinking and problem-solving skills.
- Inspiration for proactive steps towards a sustainable future.

Impact Analysis
The SDG-Week Stall had a profound impact on the university community, fostering:

- Heightened awareness of sustainable practices.
- Corrected misconceptions about environmental issues.
- Enhanced knowledge and understanding of SDGs.
- Encouragement of community engagement and collective responsibility.
- Inspiration for proactive steps towards a sustainable future.

The SDG-Week Stall was a resounding success, providing a platform for discussion and awareness about sustainability and environmental protection. The event inspired attendees to take proactive steps towards a more sustainable future, leaving a lasting impact on the Christ University community.

1st National Legal Case Study Competition

Event Name: 1st National Legal Case Study Competition

Date: 7th March 2024
Time: 9:30 am. 1:40 pm.
Venue: Main Auditorium

On March 7, 2024, the Management Studies Committee of School of Law, Christ (Deemed to be University), Bangalore, organized the 1st National Legal Case Study Competition.

Key Takeaways

- Enhanced critical thinking, problem-solving, and communication skills.
- Developed professional development and interdisciplinary learning.
- Fostered ethical awareness and responsible decision-making.
- Provided valuable networking opportunities.
- Contributed to advancing multiple Sustainable Development Goals.

Impact Analysis
The competition had a profound impact on participants, fostering:

- Critical thinking, strategic thinking, and legal analysis.
- Ethical conduct, social responsibility, and effective collaboration.
- Oral presentation skills, teamwork, and time management.
- Networking opportunities with industry experts.
- Exposure to real-world corporate challenges.

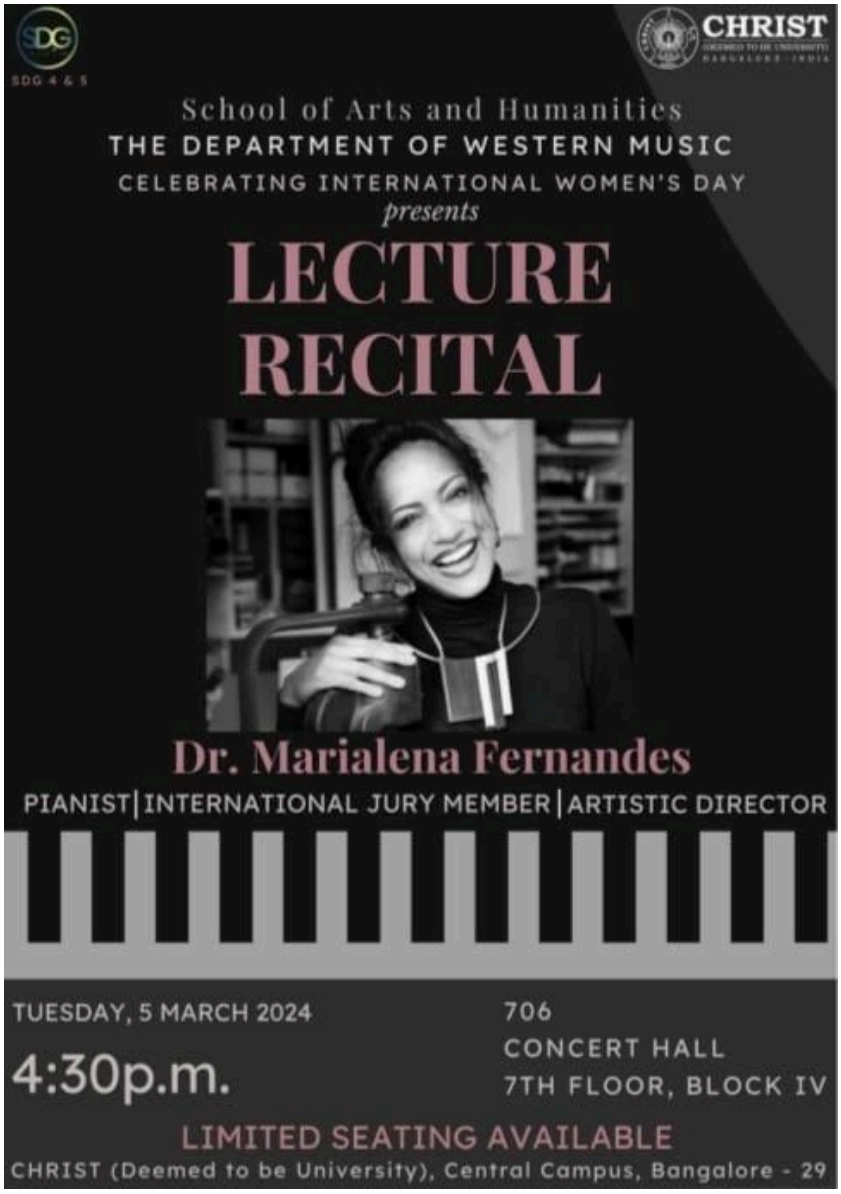

The 1st National Legal Case Study Competition was a resounding success, providing a platform for law students to engage in practical problem-solving, enhancing their legal and strategic judgment while addressing real-world governance challenges. The event contributed to advancing multiple Sustainable Development Goals, including Quality Education, Decent Work and Economic Growth, and Peace, Justice, and Strong Institutions.

Lecture Recital

Event Name: Lecture Recital

Date: 5 March, 2024
Time: 4:30 p.m. to 5:45 p.m.
Venue: 706 Concert Hall, Block IV, 7th floor, Central campus, CHRIST (Deemed to be university)

The Department of Western Music at CHRIST (Deemed to be University) organized a Lecture Recital on March 5, 2024, celebrating International Women's Day. Dr. Marialena Fernandes was invited to perform and share her insights on Western classical music.

Learnings:
Dr. Fernandes enlightened the audience on the importance of 'hearing' and 'listening' to music, distinguishing between the foreground and background of each piece. She emphasized the significance of close listening in deciphering different voices and instruments. The interactive session encouraged students to share subjective interpretations of the performed pieces.

The event featured Dr. Fernandes' finely picked repertoire from various eras of Western classical music. Her passionate approach motivated the audience, and her emphasis on musicality and emotion eased performance anxiety.

Impact on Students:
The Lecture Recital had a positive impact on students, inspiring them to appreciate Western classical music and encouraging them to develop their musical skills. Dr. Fernandes' interactive approach and emphasis on subjective interpretation made the event engaging and thought-provoking.

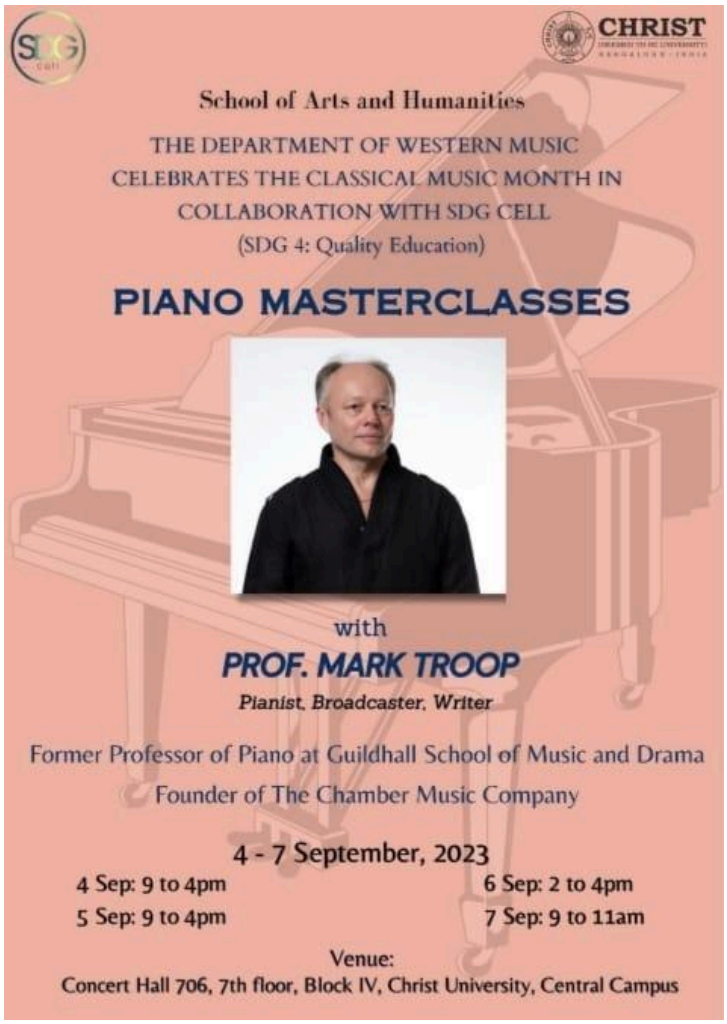

The Lecture Recital was a resounding success, achieving its objectives of celebrating International Women's Day and promoting Western classical music. Dr. Fernandes' enthusiastic approach and emphasis on musicality made the event memorable. The Department of Western Music plans to invite Dr. Fernandes for future lecture recitals, further enriching the musical experience of students and faculty.

Piano Masterclasses

Event Name: Piano Masterclasses

Date: 4 September 2023 to 7 September 2023
Time: 4 Sep: 9:00 am to 11am & 1:30pm to 5:30pm
5 Sep: 9:00 am to 4 pm
6 Sep: 2:00 pm to 4 pm
7 Sep: 9:00 am to 11 am
Venue: 706 Concert Hall, Block IV, 7th floor, Central campus, CHRIST (Deemed to be university)

The Department of Western Music at CHRIST (Deemed to be University) organized Piano Masterclasses from September 4 to 7, 2023. Prof. Mark conducted the masterclasses, providing students with personalized guidance on piano technique and interpretation.

Learnings:
Students learned various aspects of piano playing, including hand positions, posture, tone production, and sound quality. Prof. Mark addressed technical issues specific to Indian pianists and offered insights on interpretation and performance.

The masterclasses were open to observation by non-participating students and faculty, allowing them to gain knowledge and inspiration. Each participating student received one-on-one attention from Prof. Mark, working on their chosen repertoire.

Impact on Students:
The masterclasses had a positive impact on students, enhancing their piano skills and musical understanding. The personalized guidance and feedback from Prof. Mark helped students improve their technique and interpretation.

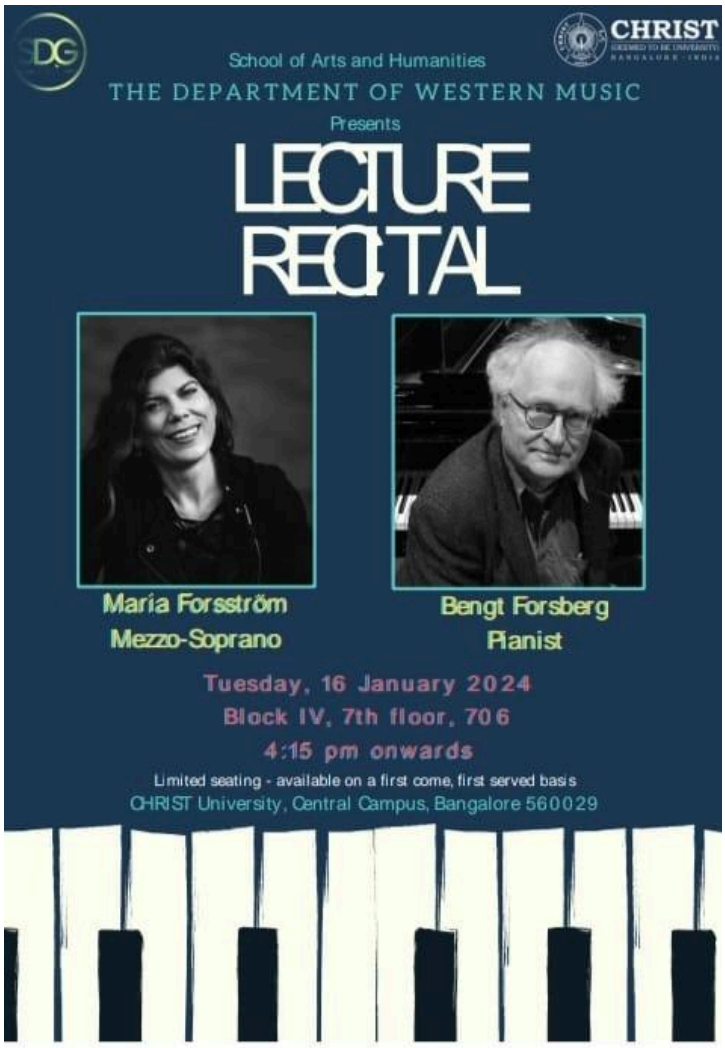

The Piano Masterclasses were a resounding success, achieving their objectives of providing quality education and expert guidance in piano playing. The Department of Western Music plans to initiate yearly or bi-yearly masterclasses with Prof. Mark, ensuring continued growth and development for piano students.

Lecture Recital

Event Name: Lecture Recital

Date: 16 January, 2024
Time: 4:15pm to 6:00 p.m.
Venue: 706 Concert Hall, Block IV, 7th floor, Central campus, CHRIST (Deemed to be university)

The Department of Western Music at CHRIST (Deemed to be University) organized a Lecture Recital on January 16, 2024, in collaboration with the SDG Cell (SDG 4 - Quality Education). Maria Forsström and Bengt Forsberg presented a repertoire of Western Classical music, ranging from the Baroque era to the 20th century.

Learnings:

The audience gained knowledge about different musical eras, composers, and analysis of each piece. Maria and Bengt also shared strategies for improving vocal and piano techniques, encouraging audience interaction through questions and discussions.

The Lecture Recital featured a diverse repertoire, with each piece accompanied by insightful commentary. The audience engaged actively, asking questions and participating in discussions. A short Q&A session followed the recital.

Impact on Students:
The event had a positive impact on students, enhancing their understanding and appreciation of Western Classical music. The interactive approach and expert guidance from Maria and Bengt inspired students to improve their musical skills.

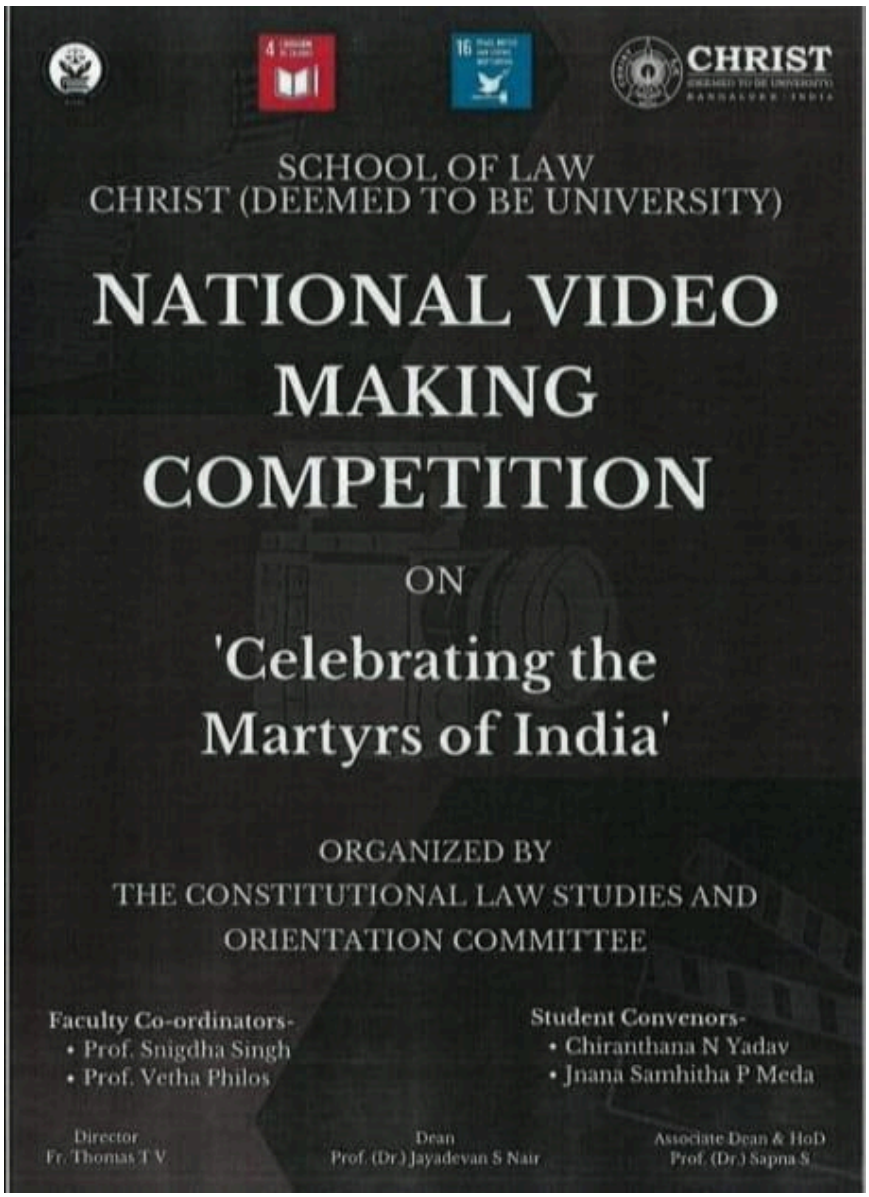

The Lecture Recital was a success, achieving its objectives of providing quality education and promoting Western Classical music. The Department of Western Music plans to invite Maria Forsström and Bengt Forsberg for future lecture recitals and masterclasses, further enriching the musical experience of students and faculty.

Celebrating the Martyrs of India

Event Name: Celebrating the Martyrs of India

Date: January 1st - January 30, 2024
Venue: Online Submission

The National Video Making Competition, themed "Celebrating the Martyrs of India," was organized from January 1 to January 30, 2024, with the aim of enhancing creative skills and promoting practical learning in constitutional law.

Key Takeaways

- Enhanced research, critical thinking, and communication skills.
- Fostered ethical awareness and civic responsibility.
- Promoted constitutional values of fraternity, justice, and equality.
- Contributed to Sustainable Development Goals 4 and 16.

Impact Analysis
The competition had a profound impact on participants, fostering:

- Holistic learning and innovation
- Emotional connection and patriotism
- Historical awareness and understanding of martyrs' sacrifices
- Appreciation for the enduring impact of martyrs on the nation

The National Video Making Competition was a resounding success, providing a platform for students to engage in creative expression, historical exploration, and constitutional analysis. The event promoted ethical awareness, civic responsibility, and constitutional values, contributing to Sustainable Development Goals 4 and 16.

Pre-Placement Career Guidance by Resolut Partners

Event Name: Pre-Placement Career Guidance by Resolut Partners

Date: 18 August, 2023
Time: 11 AM
Venue: Room No. 105, Central Block

The Pre-Placement Career Guidance Workshop, held on August 18, 2023, aimed to equip law students with insights into career prospects in a Private Equity advisory law firm.

Key Takeaways

- Gained understanding of work culture and selection process.
- Exposure to deal portfolios and advisories.
- Insights into the firm's ethos and values.
- Equipped with necessary tools for informed decision-making.

Impact Analysis
The workshop had a profound impact on students, providing:

- Valuable insights into career prospects.
- Practical understanding of the work environment.
- Bridge between academic learning and professional expectations.
- Preparation for successful careers in Private Equity advisory law firms.

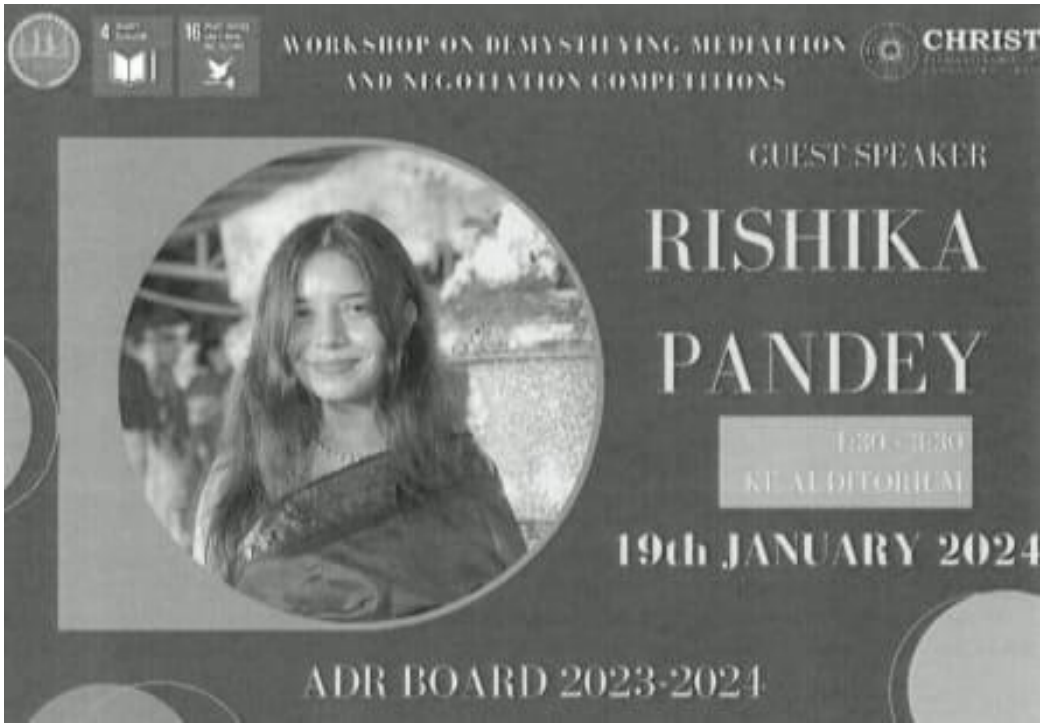

The Pre-Placement Career Guidance Workshop was a success, offering students a comprehensive understanding of career opportunities in a Private Equity advisory law firm. The event contributed to Sustainable Development Goals 4, 9, and 16, fostering quality education, industry innovation, and strong institutions.

Negotiation and Mediation competitions

Event Name: Negotiation and Mediation competitions

Date: 19th January, 2024
Time: 2:30 pm
Venue: K.E. Auditorium

The Alternative Dispute Resolution (ADR) Board at School of Law, CHRIST (Deemed To Be University) organized a guest lecture and workshop on ADR mechanisms, featuring Ms. Rishika Pandey, a renowned negotiation and mediation coach.

Key Takeaways

- Gained understanding of ADR mechanisms, including negotiation, mediation, and arbitration.
- Practical skills in applying ADR principles to real-world scenarios.
- Exposure to diverse legal domains, including public international law and commercial arbitration.
- Networking opportunities with legal professionals and peers.

Impact Analysis
The workshop had a profound impact on participants, providing:

- Comprehensive understanding of ADR mechanisms.
- Practical skills in dispute resolution.
- Enhanced employability and marketability.
- Valuable networking opportunities.
- Preparation for success in legal practice.

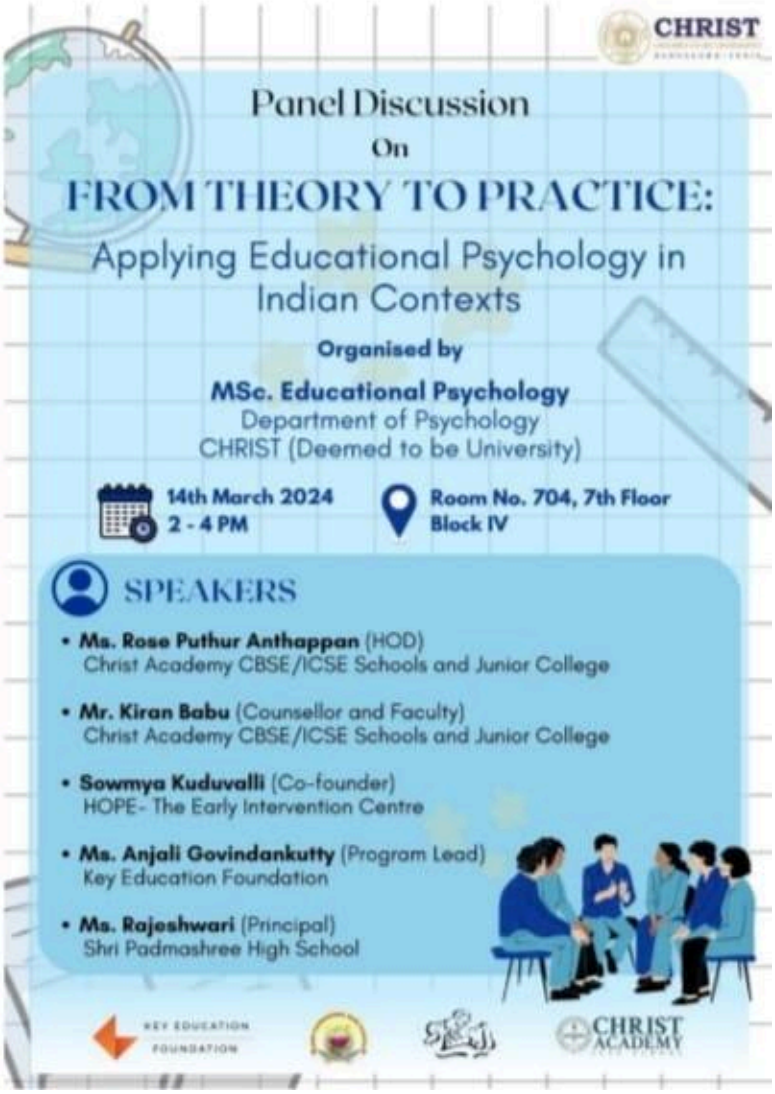

The guest lecture and workshop on Alternative Dispute Resolution was a success, offering participants a holistic understanding of ADR mechanisms and their application in various legal contexts. The event contributed to Sustainable Development Goals 4 and 16, fostering quality education and peace, justice, and strong institutions.

From Theory to Practice

Event Name: From Theory to Practice

Date: 14/3/2024
Time: 2 PM-4 PM
Venue: Room no :704, 7th floor , Block IV

The Department of Psychology at CHRIST (Deemed to be University) organized a panel discussion, "From Theory to Practice: Applying Educational Psychology in Indian Contexts," on March 14, 2024. The event aimed to bridge the gap between theoretical knowledge and practical applications in educational psychology.

Learnings:
The panel discussion featured experts from various domains within educational psychology, sharing insights from their practice and expertise. Key takeaways included the importance of future-ready skills, active collaboration, advocacy of roles, and creating inclusive educational spaces.

The panel consisted of distinguished individuals making significant contributions to education, including Ms. Rose Puthur Anthappan, Mr. Kiran Babu, Ms. Sowmya Kuduvalli, Ms. Anjali Govindankutty, and Ms. Rajeshwari. They shared their experiences and challenges in their respective practice areas, ranging from early childhood education to school mental health.

Impact on Students:
The event had a positive impact on students, providing them with a sneak peek into real-world applications of educational psychology. The panelists' invitations for students to volunteer and collaborate with their organizations offered valuable exposure to practical experiences.

The panel discussion was a success, achieving its objectives of applying theoretical knowledge to practical contexts. The event highlighted the importance of inclusive education systems and the role of educational psychologists in bridging gaps for diverse backgrounds and needs. The Department of Psychology plans to organize similar events, further enriching students' understanding of educational psychology in Indian contexts.

SDG Related Activities

Event Name: SDG Related Activities

The Economics Department at Christ University has organized various SDG-related activities during the 2023-24 academic year. These events aimed to promote sustainable development, social responsibility, and community engagement.

1. **"Being Farmer" Series:**

- Session 2 (September 30, 2023): Dr. Marcella D'Souza discussed water conservation and management practices in rural India.
- Session 1 (August 26, 2023): Dr. Sandipan Bakshi explored the complexities of defining farmers and their challenges.

2. Field trips:

- Nandini Factory Outlet (September 11, 2023): Students learned about dairy operations, milk quality checks, and distribution.

- Yelachamanahally village (October 4 and 19, 2023): Students engaged with the community, learned about agricultural practices, and visited the cooperative bank and Anganwadi center.

3. **Research Methodology Sustainability Visit** (August 25, 2023): Students explored waste management at Christ University, learning about waste collection, segregation, and its impact on women's empowerment.

These activities align with the United Nations' Sustainable Development Goals (SDGs), particularly:

- SDG 2: Zero Hunger
- SDG 6: Clean Water and Sanitation
- SDG 8: Decent Work and Economic Growth
- SDG 12: Responsible Consumption and Production
- SDG 13: Climate Action

The events promoted experiential learning, community engagement, and awareness about sustainable development and social responsibility.

Club Hours

Event Name: Club Hours

Date: 3rd August 2023
Time: 11 AM - 1 PM
Venue: Audi Block

The SDG Cell at the School of Business Management, Central Campus, organized an intra-department club hour on August 3, 2023, for first-year BBA students. The event aimed to introduce students to sustainable development concepts and encourage them to integrate these concepts into their curriculum.

Learnings:
The event featured interactive activities, including an ice-breaking session, "Two Truths and a Lie," and group presentations. Students learned about the importance of SDG awareness, global trends in sustainability, and the role of SDGs in shaping business strategies.

The event began with an ice-breaking session, followed by "Two Truths and a Lie," which highlighted pressing global issues and their connection to SDGs. Students were then divided into groups and assigned a company/brand/person that failed due to non-compliance with SDGs. They developed revised strategies adopting appropriate SDGs to revive the company/brand. Additionally, students created and pitched an 18th SDG, and the best pitch was rewarded.

Impact on Students:
The event had a positive impact on students, inspiring them to become agents of change and work towards creating a more sustainable and equitable world. Students gained knowledge on global trends in sustainability and developed interpersonal skills through presentations.

The club hour was a success, achieving its objectives of familiarizing students with SDGs and the SDG Cell. The event was a small step towards big changes, promoting sustainable development and social responsibility among students. The SDG Cell plans to organize similar events, further enriching students' understanding of SDGs and their role in shaping a sustainable future.

International Youth Peace Fest

Event Name: International Youth Peace Fest

Date: 29th September 2023 - 02nd October 2023
Venue: Colombo, Sri Lanka.

The SDG Cell at CHRIST (Deemed to be University) participated in the 16th Global Youth Peace Fest, held in Colombo, Sri Lanka, from September 29 to October 2, 2023. The event aimed to promote peace, sustainability, and youth leadership.

Learnings:
The fest featured interactive sessions, panel discussions, and presentations from delegates from 15 countries. Key highlights included:

- Panel discussion on gender equality.
- Presentations on SDG actions and innovative implementation strategies.
- Local cultural performances.
- Discussions on peace projects and SDG implementation.

Awards and Recognition:
Dr. Leena James received the Youth Leadership Award, and the CHRIST team won the 1st SDG Asian Challenger Award. The awards were presented by Former President of Sri Lanka, Maithripala Sirisena, and Minister of Justice, Dr. RajaPaksha.

Impact on Students:
The event provided students with opportunities for networking, building connections, and learning about innovative SDG implementation strategies. Students gained insights into global perspectives on peace, sustainability, and youth leadership.

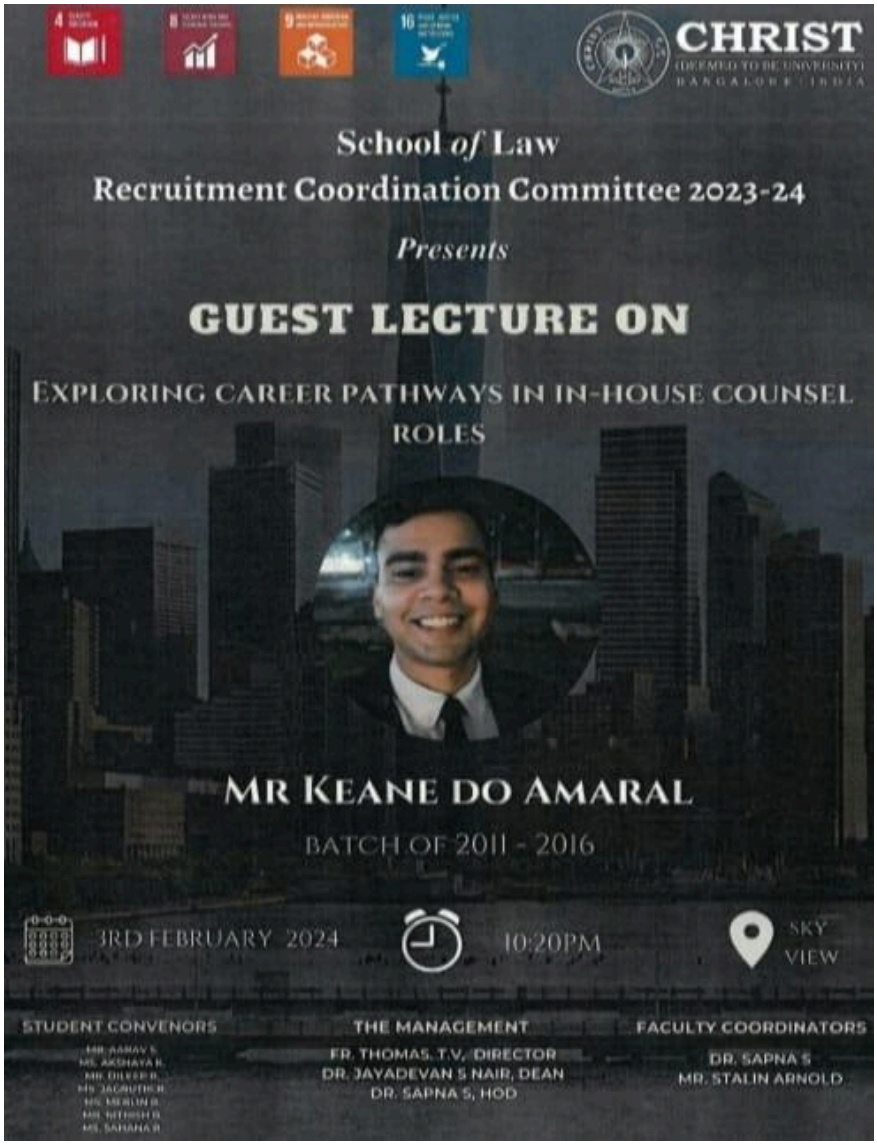

The 16th Global Youth Peace Fest was a resounding success, achieving its objectives of promoting peace, sustainability, and youth leadership. The SDG Cell's participation and recognition at the event demonstrate CHRIST University's commitment to SDG awareness and implementation. The event's key takeaways will inspire and empower students to become agents of change, working towards a more sustainable and peaceful world.

Seminar on Career Guidance

Event Name: Seminar on "Exploring Career Pathways in-house counsel roles"

Date: 3rd February, 2024
Time: 10:20 AM to 12:30 PM
Venue: Sky View, Central Block

The School of Law organized a seminar on career guidance as an in-house counsel, featuring Mr. Keane Do Amaral, Group General Counsel at Connect Ventures.

Key Takeaways

- Understanding of in-house counsel roles and career trajectory.
- Insights into diverse legal work across industries.
- Importance of collaboration within corporate settings.
- Broad expertise required for in-house counsel roles.
- Work-life balance in in-house legal roles.

Impact Analysis

The seminar had a profound impact on participants, providing:

- Practical knowledge and industry insights.
- Enhanced employability and skill set.
- Realistic perspective on potential career paths.
- Networking opportunities with industry experts.

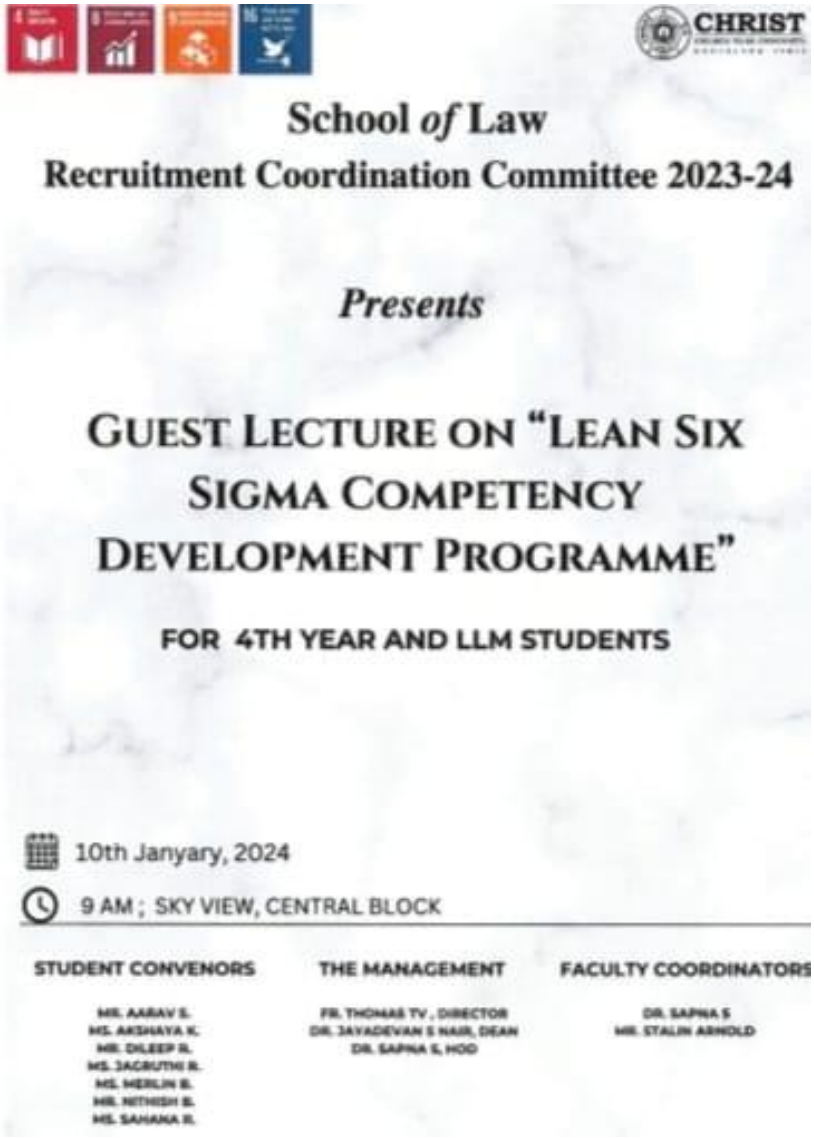

The seminar on career guidance as an in-house counsel was a success, offering participants a comprehensive understanding of in-house counsel roles and their applications in various industries. The event contributed to Sustainable Development Goals 4, 8, 9, and 16, fostering quality education, decent work and economic growth, industry innovation, and peace, justice, and strong institutions.

Seminar on Corporate and Soft Skills

Event Name: Seminar on "Lean Six Sigma Competency Development Programme"

Date: 10th January, 2024
Time: 9:00 AM
Venue: Skyview, Central Block

The School of Law organized a seminar on corporate and soft skills, featuring KPMG's "Lean Six Sigma Competency Development Programme".

Key Takeaways

- Understanding of Lean Six Sigma methodology and its applications.
- Insights into process improvement and waste reduction.
- Practical experience in analyzing data and implementing solutions.
- Enhanced employability and career prospects.
- Knowledge of industry innovations and infrastructure development.

Impact Analysis
The seminar had a profound impact on participants, providing:

- In-depth knowledge of Lean Six Sigma principles and methodologies.
- Practical skills in process optimization and waste reduction.
- Enhanced employability and career prospects.
- Understanding of industry innovations and infrastructure development.
- Inspiration to pursue pathways towards professional growth and success.

The seminar on corporate and soft skills was a success, offering participants a comprehensive understanding of Lean Six Sigma methodologies and their applications in various industries. The event contributed to Sustainable Development Goals 4, 8, 9, and 16, fostering quality education, decent work and economic growth, industry innovation, and peace, justice, and strong institutions.

Industrial Visit to StoveKraft

Event Name: Industrial Visit to StoveKraft

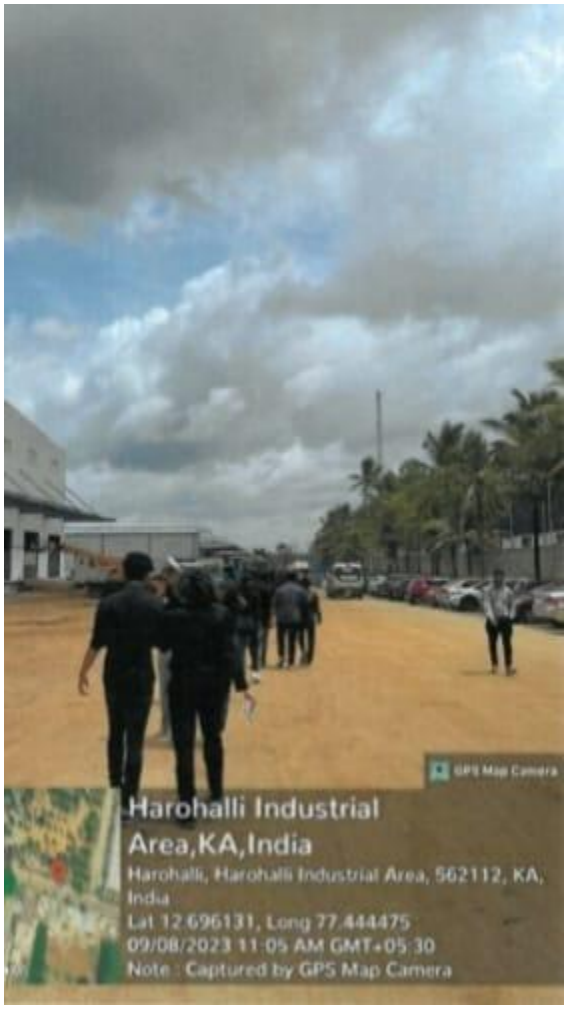

Date: 8th September, 2023
Time: 08:00 AM to 04:00 PM
Venue: Stovekraft 3rd Block, 297, 10th Main, Bengaluru, Karnataka 560011

The Management Studies Committee of School of Law, Christ (Deemed to be University), Bangalore organized an industrial visit to StoveKraft on September 8, 2023.

Key Takeaways

- Practical application of management principles in a corporate setting.
- Insights into technology, corporate culture, career opportunities, and social responsibility.
- Realistic understanding of management principles and their benefits.
- Enriching experience with valuable insights into the IT industry

Impact Analysis
The industrial visit had a profound impact on participants, providing:

- Practical exposure to organizational operations and management fundamentals.
- Enhanced understanding of legal principles in corporate environments.
- Valuable networking opportunities with industry experts.
- Insights into diverse career paths within the legal field.
- Refined communication skills and ability to articulate legal concepts effectively

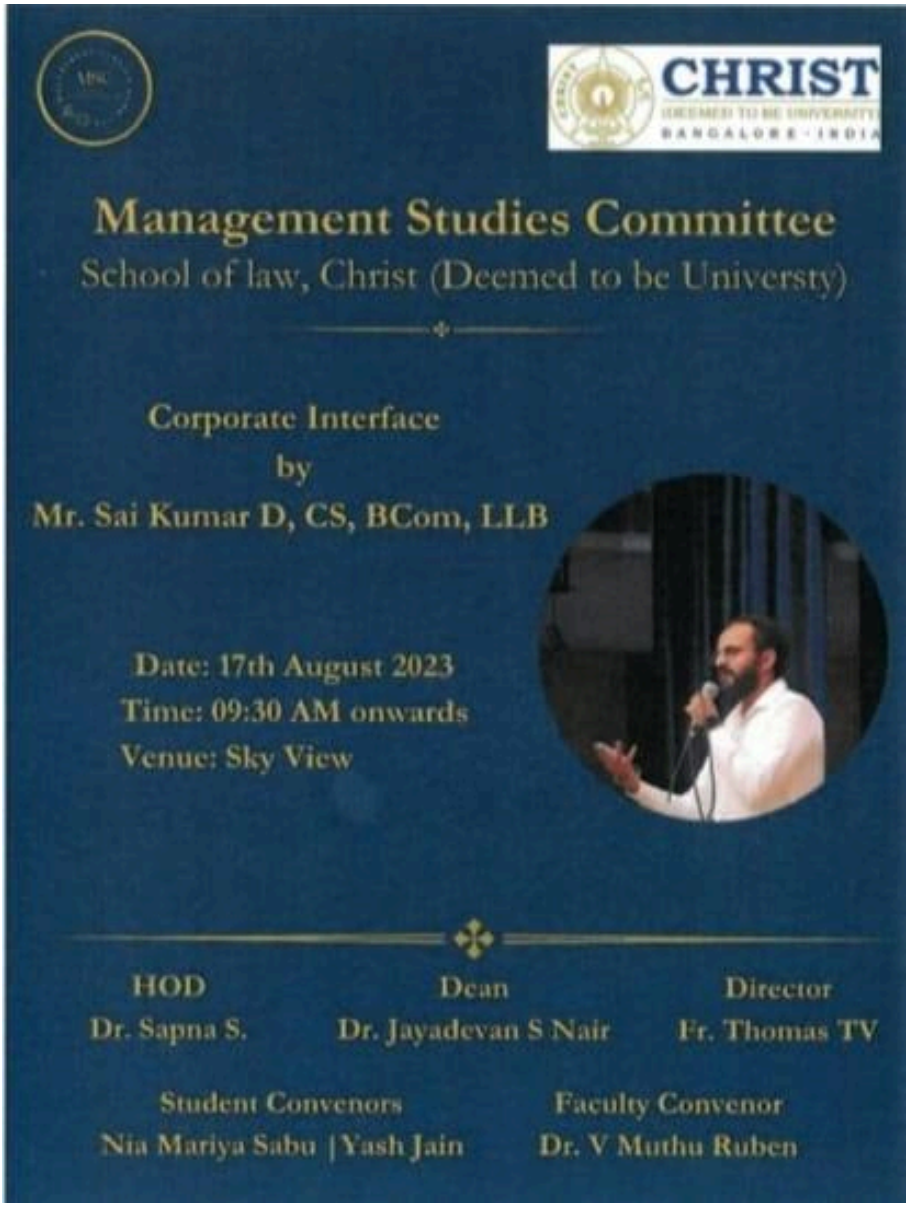

The industrial visit to StoveKraft was a success, offering participants a comprehensive understanding of management principles and their applications in a corporate setting. The event contributed to Sustainable Development Goals 4, 9, 13, and 16, fostering quality education, industry innovation, climate action, and peace, justice, and strong institutions.

Corporate Secretary Orientation

Event Name: Corporate Secretary Orientation

Date: 17 August 2023
Time: 9:30 a.m. to 11.05 a.m.
Venue: Sky View, Central Block.

The Management Studies Committee of School of Law, Christ (Deemed to be University), Bangalore organized a Corporate Secretary Orientation program on August 17, 2023.

Key Takeaways

- Overview of the Company Secretary course, its stages, subjects, and admission process.
- Insights into company law, securities law, and corporate governance.
- Career prospects and professional opportunities available to Company Secretaries.
- Understanding of debentures, their types, and conditions for issuance.

Impact Analysis

The orientation had a profound impact on participants, providing:

- Valuable learning experience and informed decisions about future career paths.
- Specialized knowledge and skills in niche legal areas.
- Enhanced employability and problem-solving abilities.
- Understanding of industry requirements and legal expertise.

The Corporate Secretary Orientation was a success, offering participants a comprehensive understanding of the Company Secretary role and responsibilities. The event contributed to Sustainable Development Goals 4, 8, 9, and 17, fostering quality education, decent work and economic growth, industry innovation, and partnerships for the goals.

Industrial Visit to Infosys, Mysore

Event Name: Industrial Visit to Infosys, Mysore

Date: 11th September, 2023
Time: 08:00 AM to 04:00 PM
Venue: Infosys, Mysore 9H6W+XHC, Infosys Rd. Hebbal Industrial Estate, Hebbal, Mysuru, Karnataka 570027

The Management Studies Committee of School of Law, Christ (Deemed to be University), Bangalore organized an industrial visit to Infosys, Mysore on September 11, 2023.

Key Takeaways

- Practical application of management principles in a corporate setting.
- Insights into technology, corporate culture, career opportunities, and social responsibility.
- Realistic understanding of management principles and their benefits.
- Enriching experience with valuable insights into the IT industry.

Impact Analysis

The industrial visit had a profound impact on participants, providing:

- Transformative experience exposing diverse career paths within the legal field.
- Enhanced communication skills and ability to articulate legal concepts effectively.
- Valuable networking opportunities with industry experts.
- Practical exposure to application of legal principles within a multinational corporation.

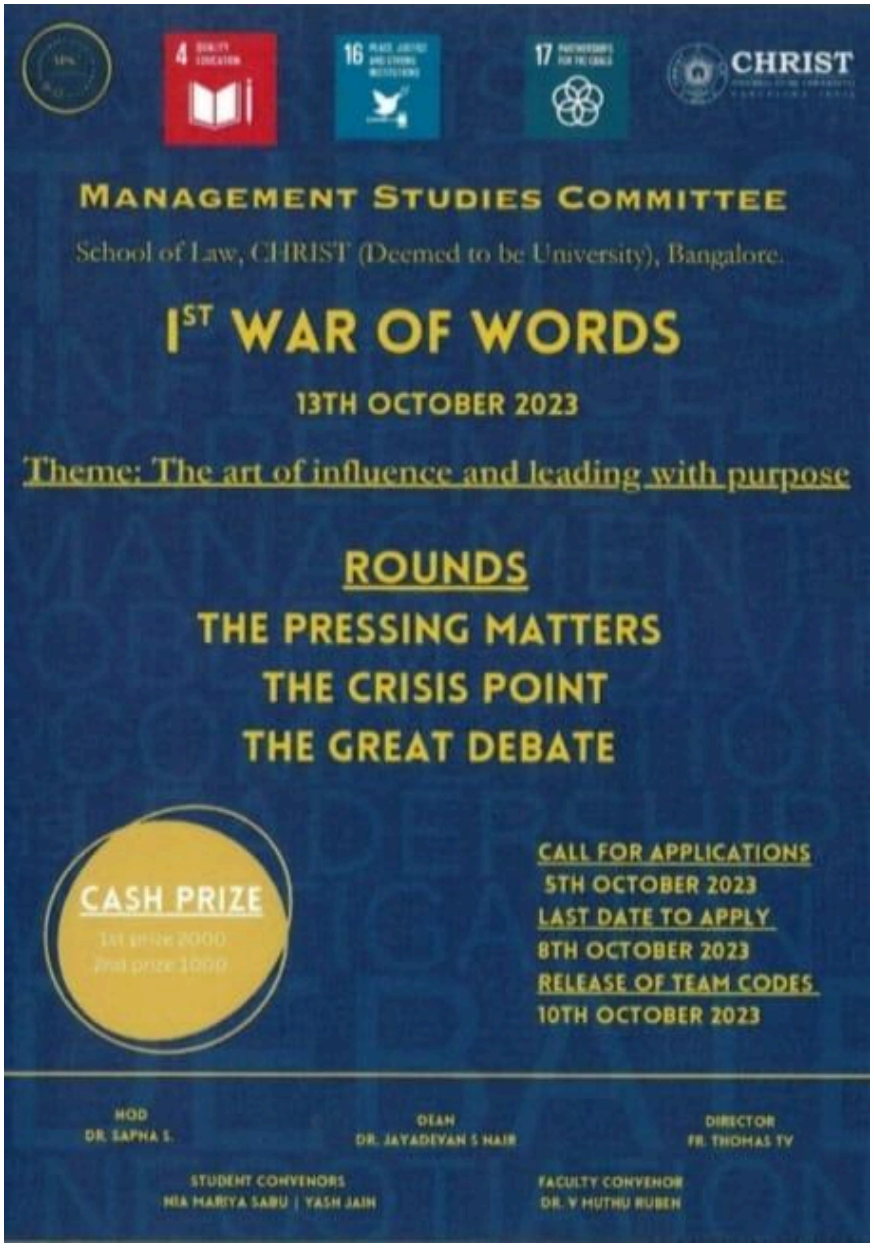

The industrial visit to Infosys, Mysore was a success, offering participants a comprehensive understanding of management principles and their applications in a corporate setting. The event contributed to Sustainable Development Goals 4, 9, 13, and 16, fostering quality education, industry innovation, climate action, and peace, justice, and strong institutions.

Internal Competition "War of Words"

Event Name: Internal Competition "War of Words"

Date: 13th October, 2023
Time: 4:30 pm- 6:30 pm
Venue: school of Law, Central Campus, CHRIST (Deemed to be University)

The Management Studies Committee of School of Law, Christ (Deemed to be University), Bangalore organized an internal competition "War of Words" on October 13, 2023.

Key Takeaways

- Enhanced public speaking, debating, problem-solving, and leadership skills.
- Exposure to various topics, stimulating critical thinking and articulate expression.
- Real-world scenarios for practical application of knowledge and skills.
- Competitive arena for showcasing debating prowess and intellectual discourse.

Impact Analysis
The "War of Words" event had a profound impact on participants, providing:

- Transformative experience boosting employability.
- Essential skills for future endeavors, including public speaking, debating, and problem-solving.
- Valuable assets to potential employers, opening up career opportunities.
- Contributions to Sustainable Development Goals 4, 8, 9, and 17.

The "War of Words" event was a success, offering participants a dynamic platform for growth and development. The event aligned with Sustainable Development Goals, fostering quality education, decent work and economic growth, industry innovation, and partnerships for the goals.

Certificate Course "Equity and Venture Capital"

Event Name: Certificate Course "Equity and Venture Capital"

Date: March 2, 2024 to April 20, 2024
Time: 12 hours (2 hours on 6 Saturdays)
Venue: Central Block, Central Campus, CHRIST (Deemed to be University), Bengaluru

The School of Law, Christ (Deemed to be University), Bangalore, in collaboration with Khaitan & Co., organized a certificate course on "Equity and Venture Capital" from March 2 to April 20, 2024.

Key Takeaways

- Comprehensive understanding of private equity and venture capital.
- Essential concepts and practices in the investment landscape.
- Deal cycle navigation, due diligence, and legal considerations.
- Negotiation skills for securing favorable terms.

Impact Analysis
The certificate course had a profound impact on participants, providing:

- Enhanced knowledge and skills in private equity and venture capital.
- Ability to navigate complex investment transactions.
- Understanding of legal frameworks and documentation.
- Effective negotiation strategies.

The certificate course was a success, offering participants a comprehensive understanding of private equity and venture capital. The course aligned with Sustainable Development Goals 4, 8, 9, and 16, fostering quality education, decent work and economic growth, industry innovation, and peace, justice, and strong institutions.

The Green Wave: How Regulations Are Driving the Sustainable Business Revolution

Event Name: The Green Wave: How Regulations Are Driving the Sustainable Business Revolution

Date: 11th December 2023, Monday
Time: 10 AM - 12 PM
Venue: K.E Auditorium, Block IV of CHRIST

The SDG Cell at the School of Business Management (SBM) organized a speaker session on "The Green Wave: How Regulations Are Driving the Sustainable Business Revolution" on December 11, 2023. The event aimed to explore the legal and ethical aspects of sustainable business in India.

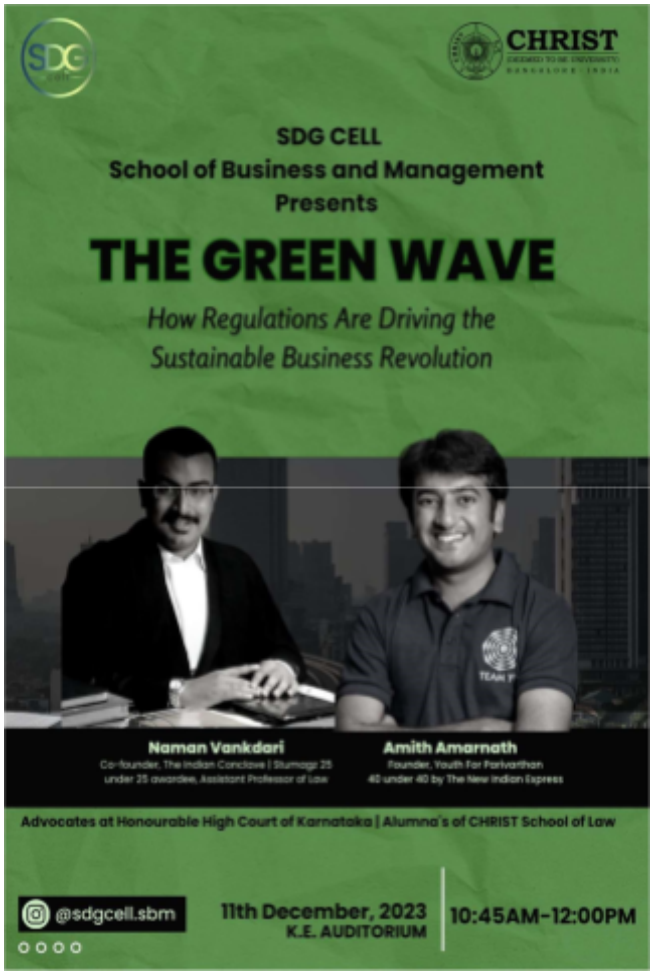

Learnings:

The session featured speakers Mr. Naman Vankdari and Mr. Aman Amarnath, who discussed the pivotal role of regulations in shaping sustainable business landscapes. Key takeaways included:

- Understanding India's evolving regulatory framework for sustainable business.
- The importance of balancing legal compliance with ethical considerations.
- How regulations can drive innovation, reduce costs, and access new markets.

The speakers provided insights into India's environmental legislation, CSR mandates, and renewable energy policies. They emphasized the need for businesses to leverage regulations as catalysts for positive change while upholding ethical standards.

Impact on Students:

The session empowered participants with a comprehensive understanding of the harmonization between legal obligations and ethical imperatives in sustainable business practices. It inspired a proactive approach among businesses to integrate sustainability into their core strategies.

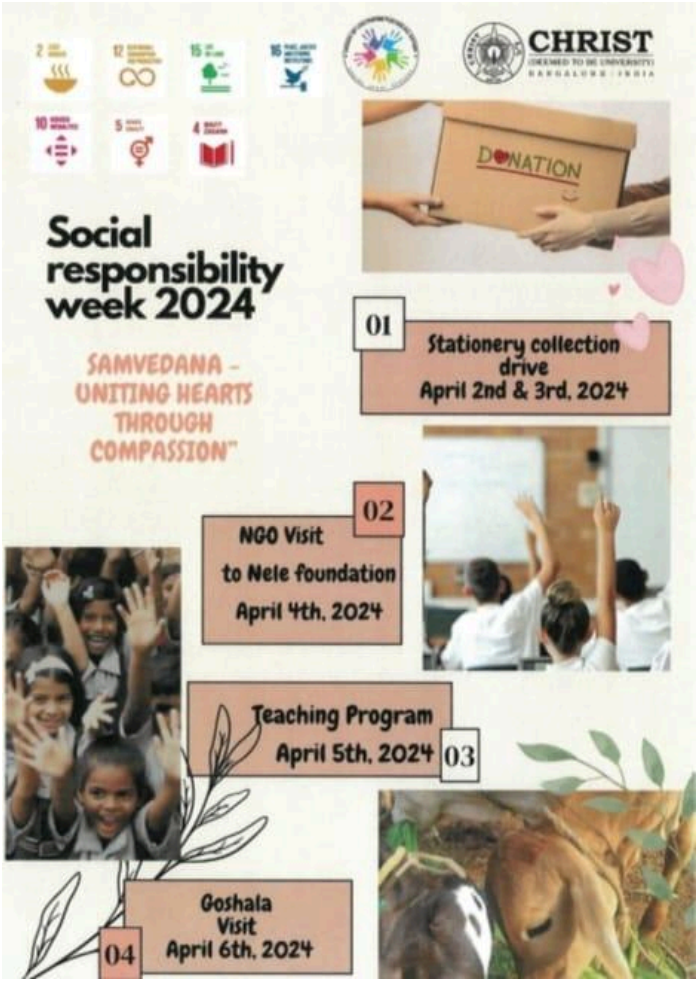

The speaker session was a success, achieving its objectives of raising awareness about the importance of sustainability and regulations in driving sustainable business practices. The event inspired students to adopt a proactive approach to sustainability, recognizing the potential for regulations to drive positive change while upholding ethical standards. The SDG Cell plans to organize similar events, further enriching students' understanding of sustainable business practices and their role in shaping a resilient and responsible business landscape.

Stationery Collection Drive

Event Name: Stationary and fund collection drive for orphanages and Goushala

Date: 2 April, 2024 to 3 April, 2024.
Time: 9a.m to 5pm
Venue: Next to Central Block

The committee organized a two-day stationery collection drive to raise funds and collect stationery items for underprivileged children. The event aimed to address educational needs and promote social responsibility.

Learnings

- Community engagement through fundraising and interactive games.
- Importance of educational equity and social responsibility.
- Effective dispute resolution and social transformation through socio-legal engagement.

Impact made on students

- Raised Rs. 5000 for stationery items, enhancing learning experiences for marginalized youth.
- Fostered community involvement and awareness about educational inequities.
- Contributed to SDG 4 (Quality Education) and SDG 16 (Peace, Justice, and Strong Institutions).

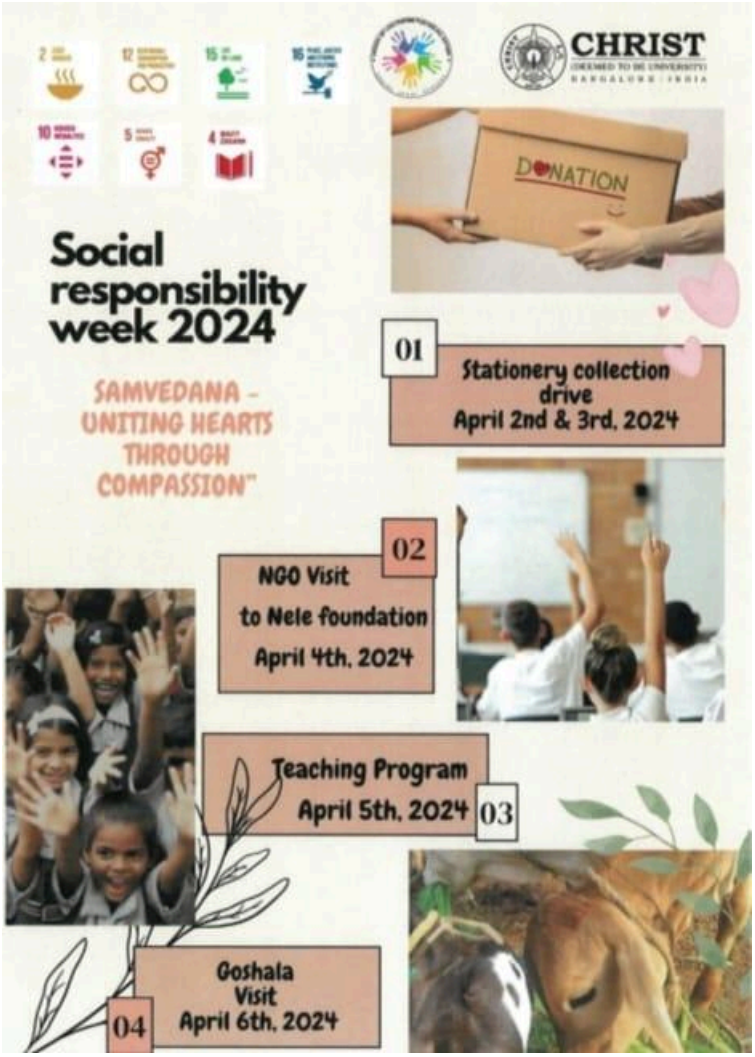

The stationery collection drive successfully mobilized support for a noble cause, addressing educational needs and promoting social responsibility. By engaging the community and raising awareness, the event made a positive impact on students and marginalized youth, contributing to a more inclusive and equitable society.

Project Area Teaching Program

Event Name: Importance of communication skills and developing empathy among each other, break the stereotypes and express better.

Date: 5/4/2024
Time: 5:00 PM 6.30 PM
Venue: Madiwala

The CHRIST Centre for Social Action, Bengaluru, organized a teaching program in Madiwala, focusing on communication skills and empathy among students from classes 2 to 9.

Learnings

- Effective communication and teamwork through interactive activities.
- Breaking stereotypes and promoting empathy.
- Developing quick thinking, creativity, cooperation, focusing, strategic planning, and observation skills.

Impact on students:

- Enhanced communication skills and teamwork among students.
- Promoted empathy and understanding.
- Contributed to SDG 4 (Quality Education), SDG 5 (Gender Equality), and SDG 10 (Reduced Inequalities).

The teaching program successfully engaged students in activities that fostered communication skills, empathy, and teamwork. By promoting inclusive education and addressing social issues, the program contributed to the development of essential life skills, aligning with SDG goals. The program's impact will be sustained through future initiatives, empowering students to become active contributors to social transformation.

Research Work Presentation and Discussion

Event Name: Student Seminar-Unravelling Unconventional Sectors and Strategies.

Date: 6th – 7th October, 2023
Time: 6th October – Inauguration Ceremony – 9.30 am – 10.15 am
Session 1 - 10:25 am to 12:00 pm
Session 2 - 1.15 pm – 3.30 pm
7th October – Session 3 - 9.15 am to 10.45 am
Valedictory Ceremony – 11.00 am – 12.00 am
Venue: Seminar Hall, Room Numbers 402,405,408 and 409, Christ (Deemed to be University) Bannerghatta Road Campus

The Student Seminar, "Unraveling Unconventional Sectors and Strategies," was held on October 6-7, 2023, at Christ (Deemed to be University), Bannerghatta Road Campus. The event featured 38 research paper presentations by students, exploring various unconventional sectors and strategies.

Learnings:

The seminar covered a range of topics, including:

- Nutrient-based subsidies and their impact on GDP.
- Behavioral economics and Guerilla marketing strategies.
- Black money in the Indian market.
- Private equity pooling and its expansion since 2012.
- Digital Financial Inclusion and its linkages with the Central Information Commission.
- The 4th Industrial Revolution's impact on job creation in India.
- ESG scores and their correlation with Industry 4.0.
- The effectiveness of monetary policy in promoting green finance.

Economics Research Wing BGR
Student Seminar
Hulimavu, Bengaluru

Impact on Students:

The seminar provided students with a platform to showcase their research papers and receive feedback from esteemed faculty members. It encouraged students to think critically and explore unconventional sectors and strategies.

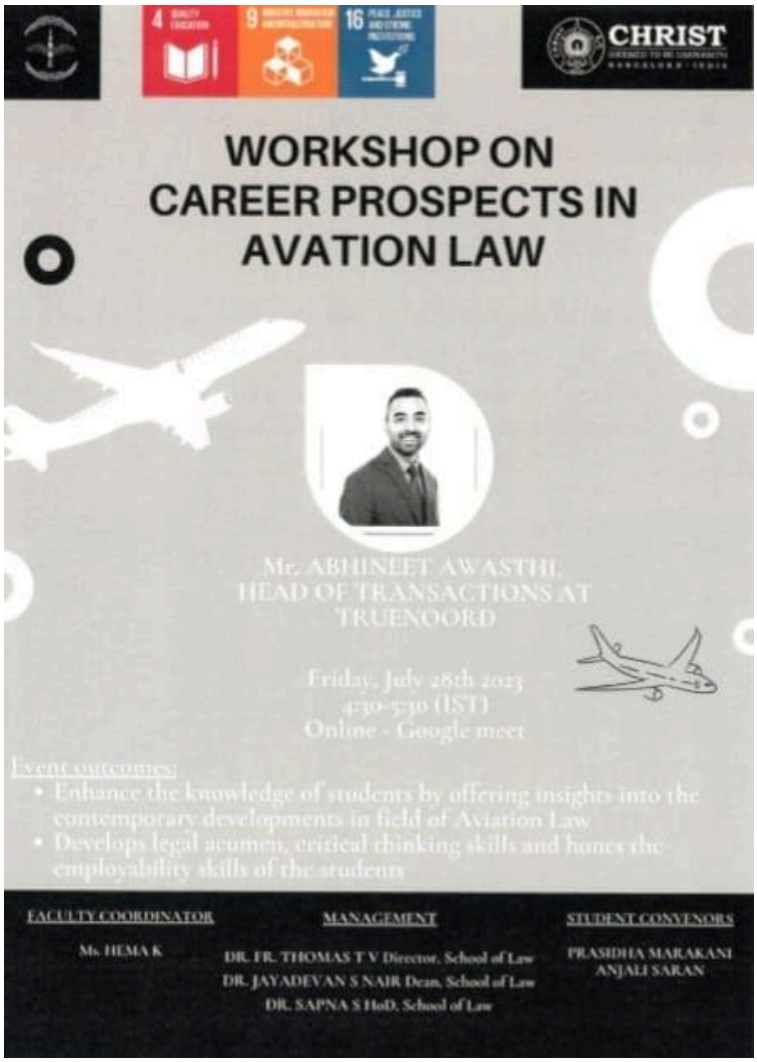

The Student Seminar was a success, achieving its objectives of promoting research and exploration of unconventional sectors and strategies. The event inspired students to think creatively and develop innovative solutions to real-world problems. The seminar's emphasis on research and critical thinking will have a lasting impact on students, preparing them for future challenges in their academic and professional pursuits.

Career Prospects in Aviation Law

Event Name: Career Prospects in Aviation Law

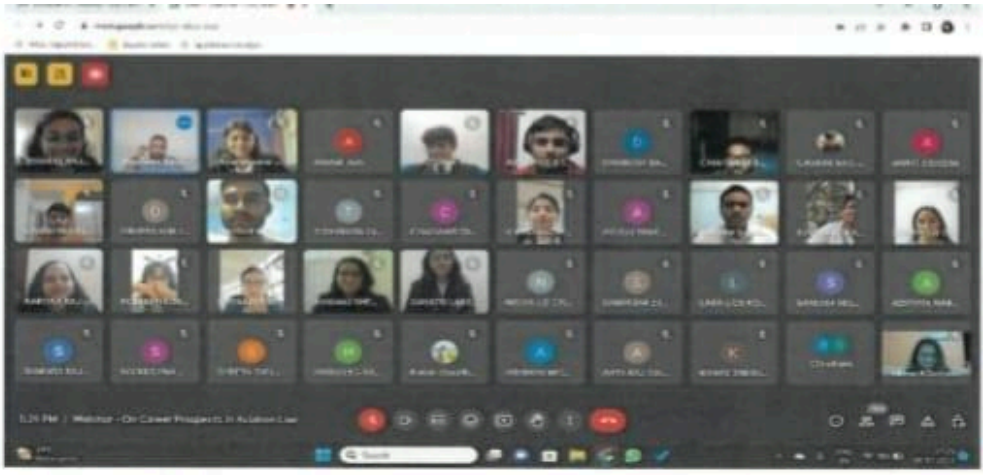

Date: 28th July, 2023
Time: 4:30-5:30 PM
Venue: Online on Google Meet

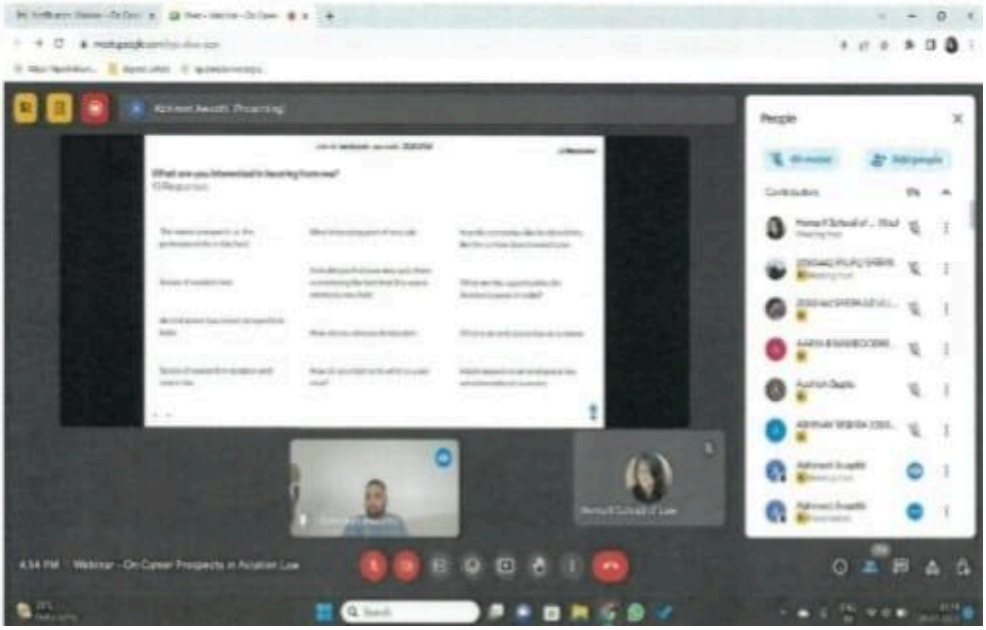

The School of Law, Christ (Deemed to be University), organized a workshop on "Career Prospects in Aviation Law" to educate students about the legal framework governing air travel and career opportunities in the field.

Learnings:

- Overview of aviation law and its significance.
- Career opportunities in aviation law, including roles in law firms, government agencies, and international organizations.
- Qualities essential for a career in aviation law, such as legal acumen and critical thinking skills.

Impact:

- Enhanced knowledge and skills in aviation law among participants.
- Increased awareness of career opportunities in the field.
- Improved employability skills, with a focus on problem-solving and critical thinking.

The workshop successfully provided students with valuable insights into aviation law and its career prospects. By addressing national and global needs, the event contributed to quality education, industry innovation, and strong legal institutions. The positive feedback from students highlights the effectiveness of the workshop in enhancing their knowledge and skills. Future events can build on this success by incorporating more interactive elements and practical guidance on career development.

Legal Aid and Awareness Workshop 1

Event Name: Legal Aid and Awareness Workshop 1

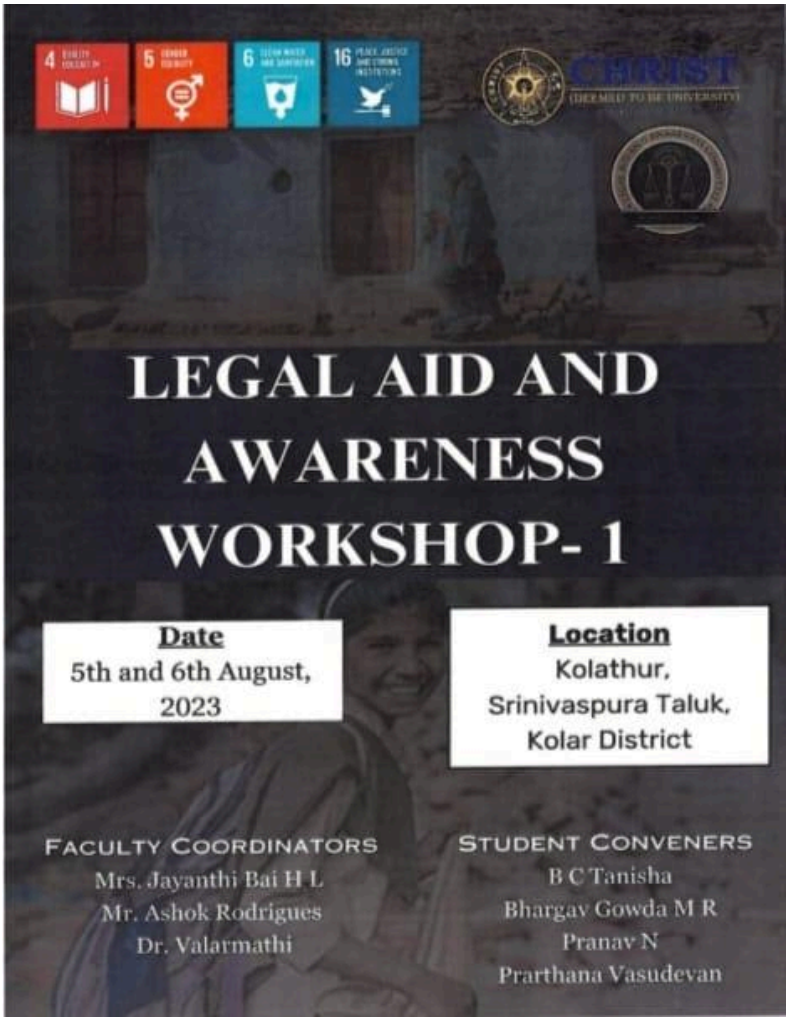

Date: 5 and 6 August 2023

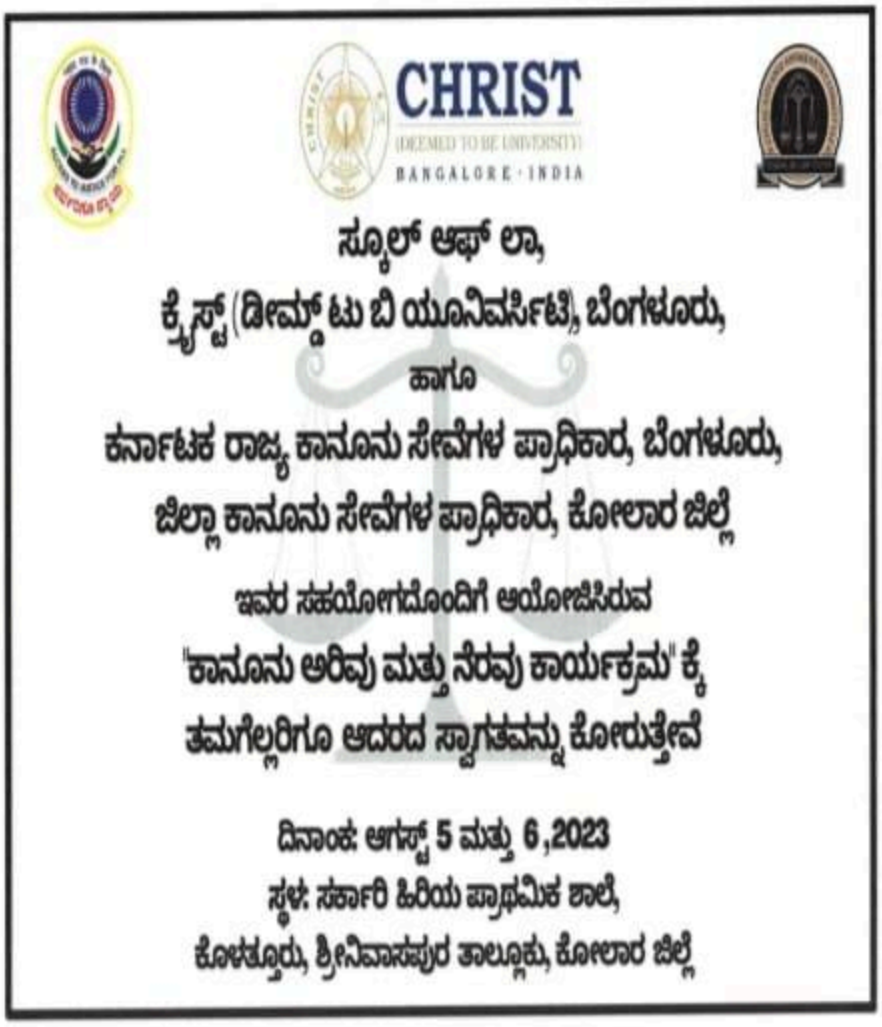

Time: Day 1: 9:30 AM-11:30P.M.

Day 2: 8:30 A.M-4:00 P.M

Venue: Kolathur Village, Srinivasapura Taluk, Kolar District

The School of Law, CHRIST (Deemed to be University), organized a two-day Legal Aid and Awareness Workshop in Kolathur Village, Kolar District, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and District Legal Service Authority (DLSA), Kolar.

Learnings

- Free legal aid and its outcomes.
- Importance of RTE and free legal aid.
- Rights and duties of citizens.
- Legal awareness on NDPS Act and rights of senior citizens.

Impact:

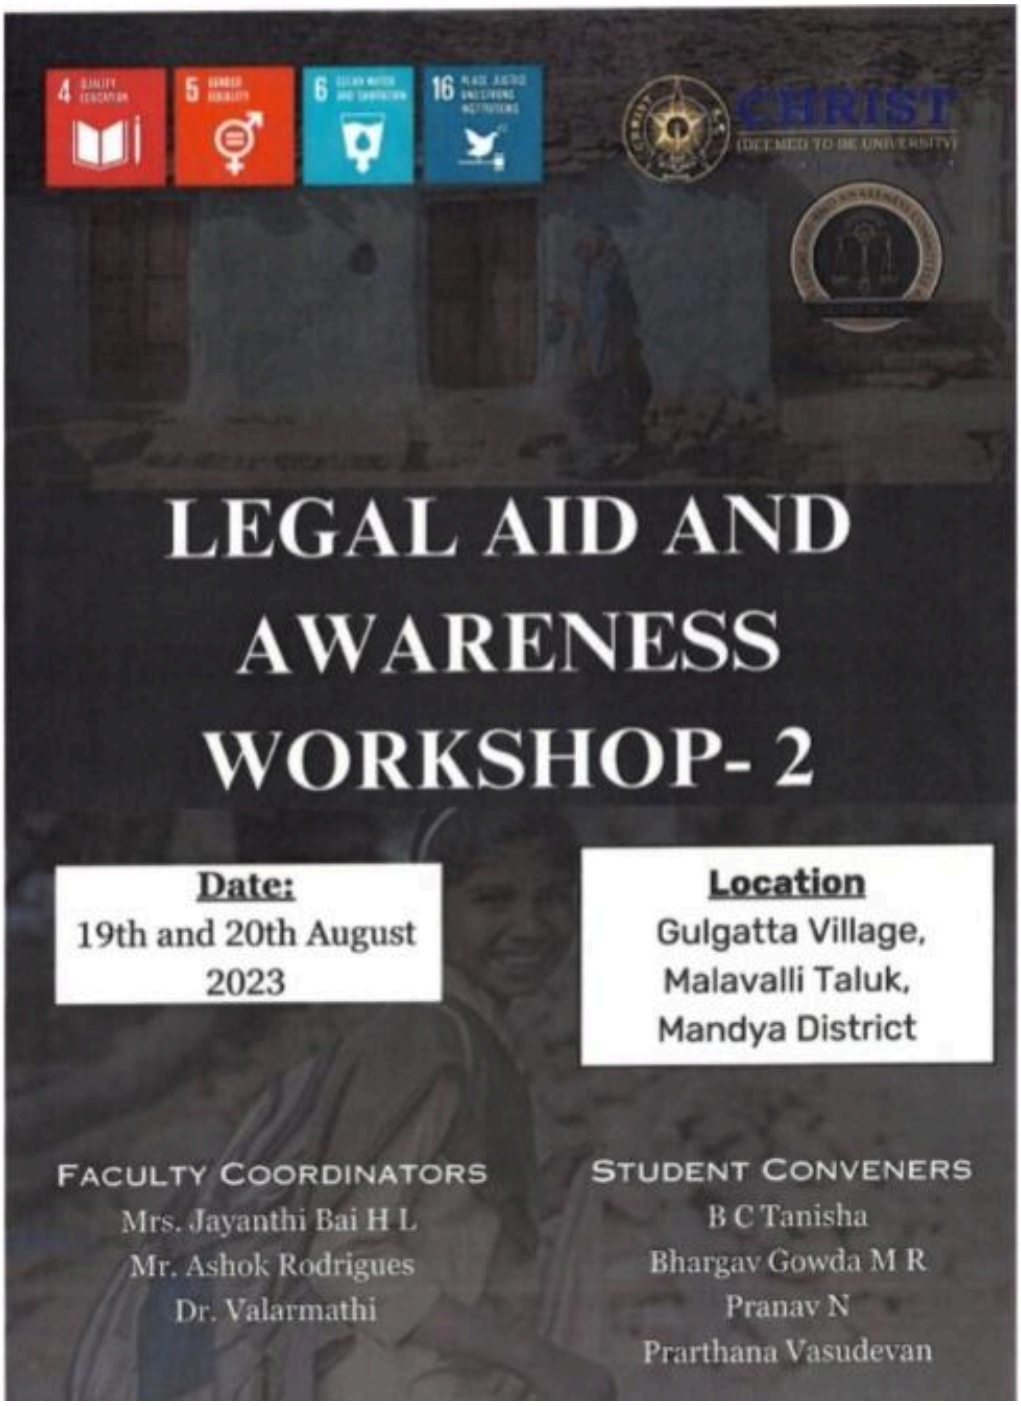

- Enhanced legal awareness among villagers.
- Identification of socio-legal problems, including lack of birth certificates.
- Empowerment of women through awareness of their rights.
- Contribution to SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions)

The workshop successfully disseminated legal knowledge and addressed socio-legal concerns in Kolathur Village. The survey and interactive programs empowered villagers, especially women, to exercise their rights. The initiative demonstrated a comprehensive approach to legal empowerment, incorporating gender awareness and sustainability practices. Future workshops will build on this success, fostering social responsibility and empathy among participants.

Legal Aid and Awareness workshop 2

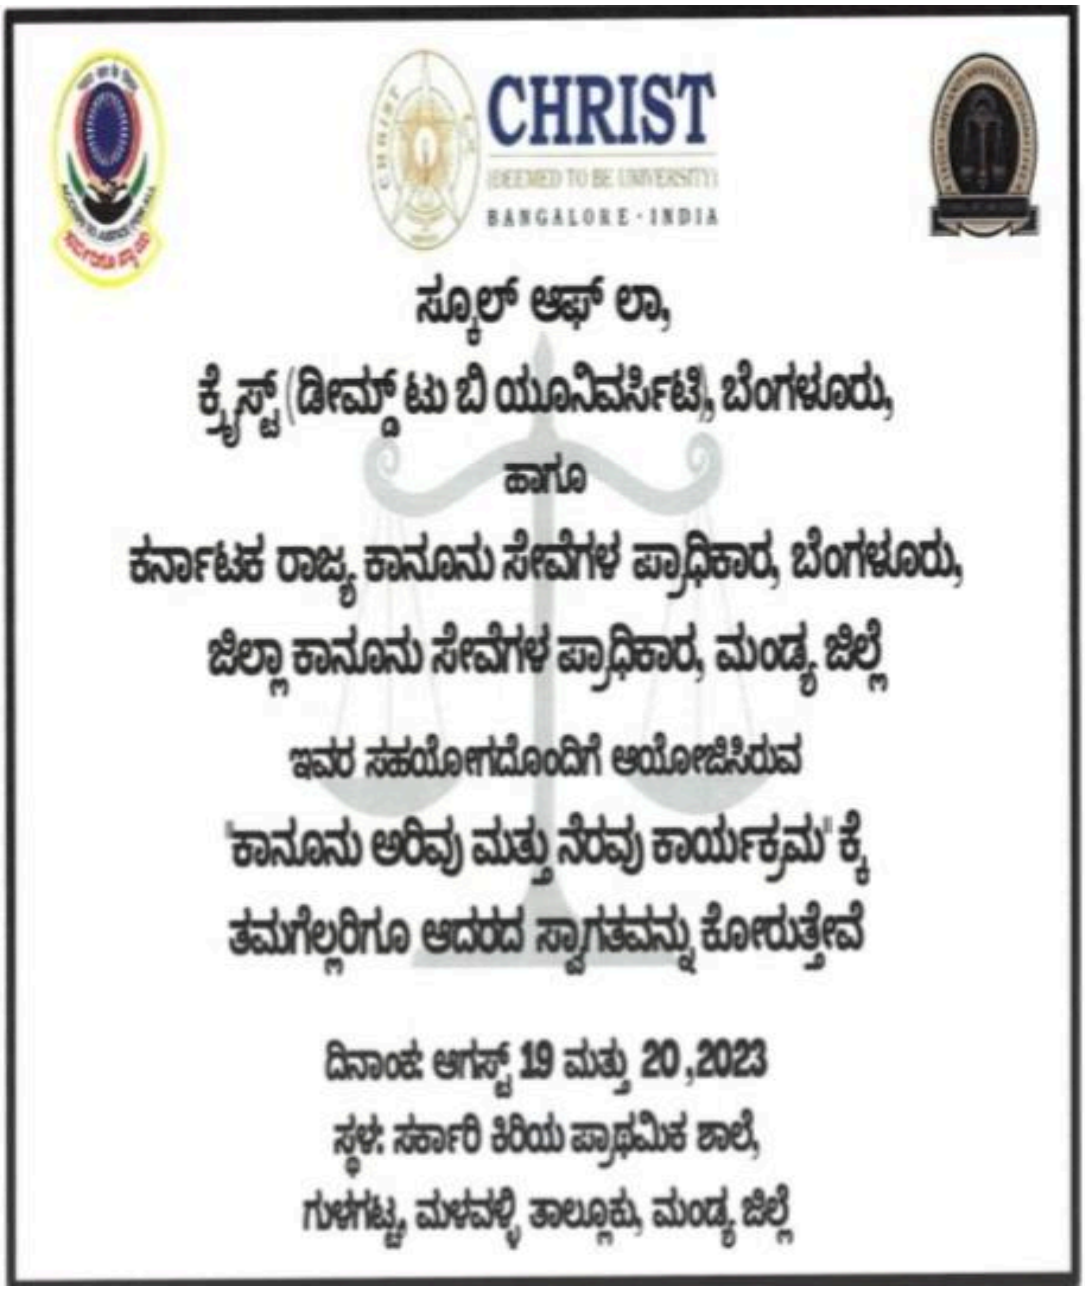

Event Name: Legal Aid and Awareness workshop 2

Date: 19th and 20th August 2023
Location: Gulgatta Village, Malavalli Taluk, Mandya District

The Legal Aid and Awareness Workshop 2 is an initiative that empowers rural communities by providing legal education and awareness. Through interactive activities, surveys, and expert sessions, the workshop addresses socio-legal concerns, promotes gender equality, and supports sustainable development, aligning with the United Nations' Sustainable Development Goals.

The Legal Aid and Awareness Workshop 2, organized by the School of Law, CHRIST (Deemed to be) University, was held on August 19-20, 2023, in Gulagatta Village, Mandya District. The workshop's main goal is to educate and empower the rural community on their legal rights and procedures.

The two-day workshop comprised various activities, including a legal awareness rally, cultural program, survey, and official program. The rally and cultural program raised awareness about legal rights, women's rights, and environmental conservation. The survey identified legal difficulties and broader societal challenges, such as access to basic utilities like water and electric supply.

The official program enabled villagers to interact with legal authorities and express their unfairness. The survey report indicated that 135 residents lacked birth certificates, prompting the Taluk Court Judge to assure assistance in issuing certificates.

The workshop provided students with a learning opportunity, exposing them to rural realities and the value of legal aid in addressing socio-legal concerns. The initiative demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The workshop contributed to the United Nations' Sustainable Development Goals, particularly SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions).

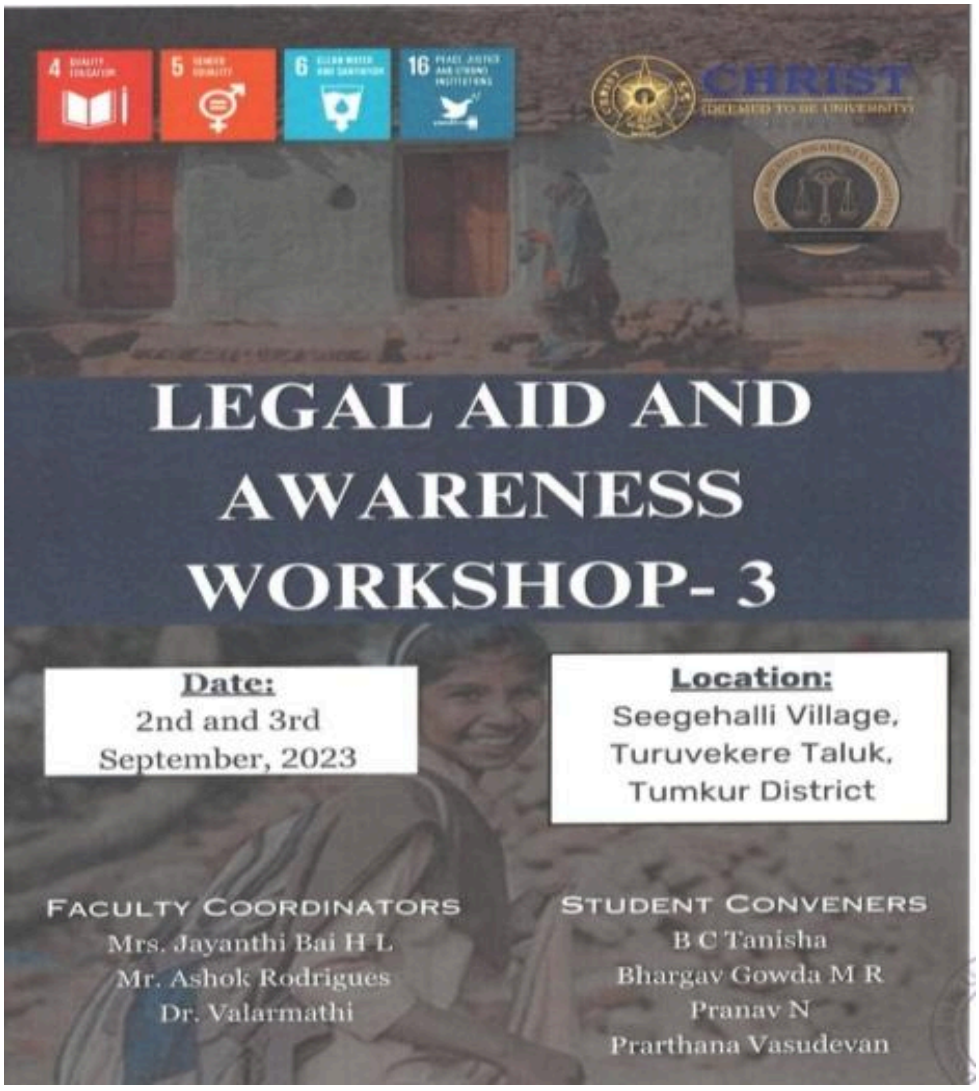

The Legal Aid and Awareness Workshop 2 successfully transmitted legal information, created a sense of social duty, and laid the groundwork for future legal aid and community efforts. By empowering rural communities, the workshop promoted legal awareness, education, and social transformation.

Legal Aid and Awareness Workshop - 3

Event: Legal Aid and Awareness Workshop - 3

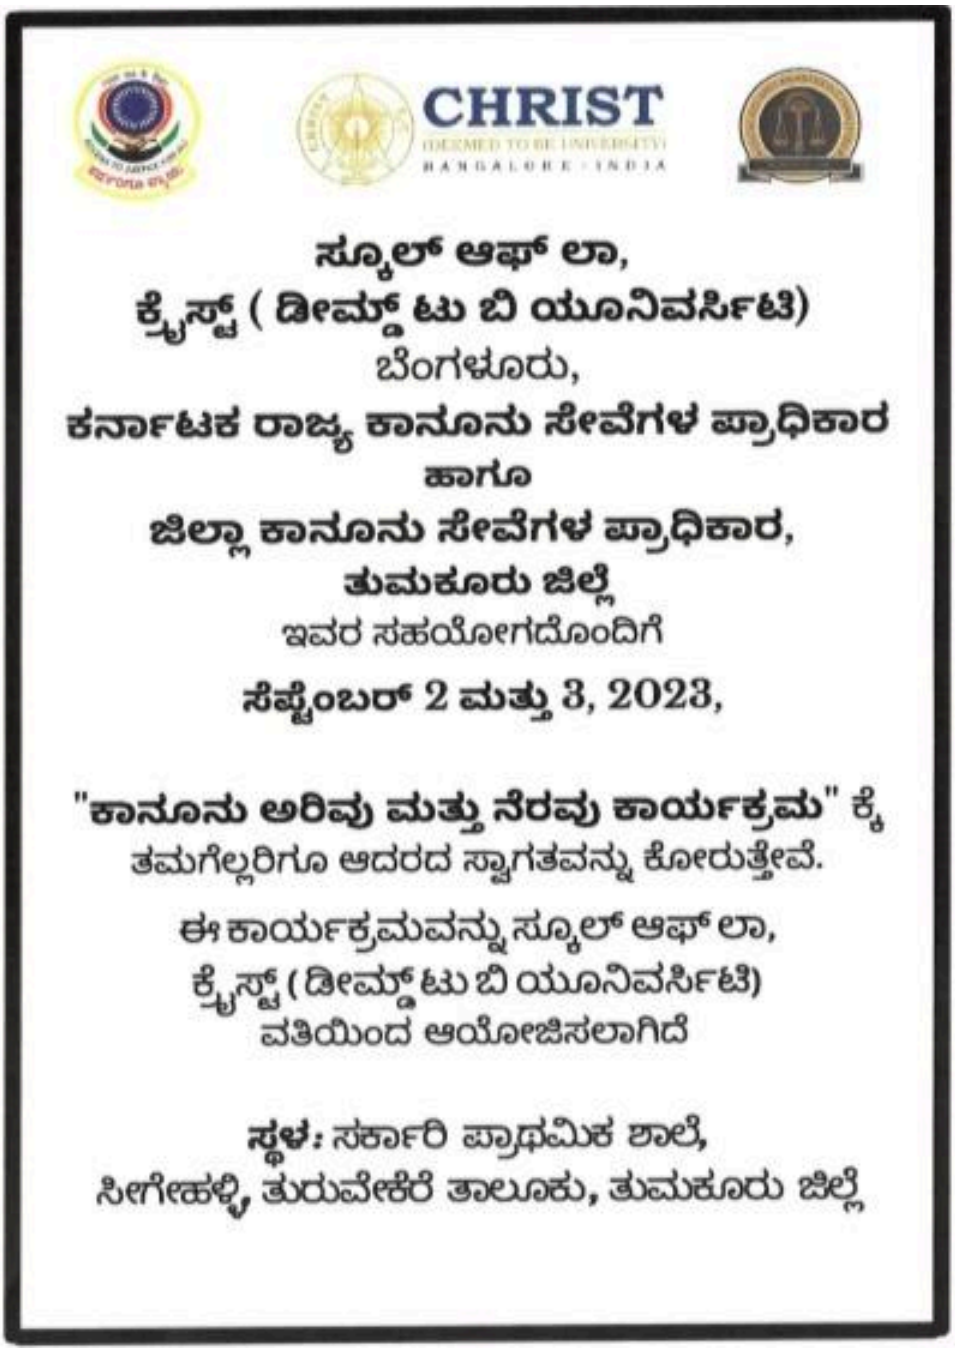

Date: 2nd and 3rd September 2023
Time: Day 1: 9:30 AM - 11:30 P.M
Day 2: 8:30 A.M-4:00 P.M
Venue: Seegehalli Village, Turuvekere Taluk, Tumkur District

The Legal Aid and Awareness Workshop 3 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Kolar. The workshop aimed to spread legal awareness among the villagers of Seegehalli Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, and an official program. The students and committee volunteers conducted a survey to identify the legal needs of the villagers. The survey revealed that 135 villagers did not have a birth certificate, and the Taluk Court Judge assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey was a crucial aspect of the workshop, identifying legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The camp enabled the villagers to interact and express their grievances directly to the Taluk Court Judge. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices.

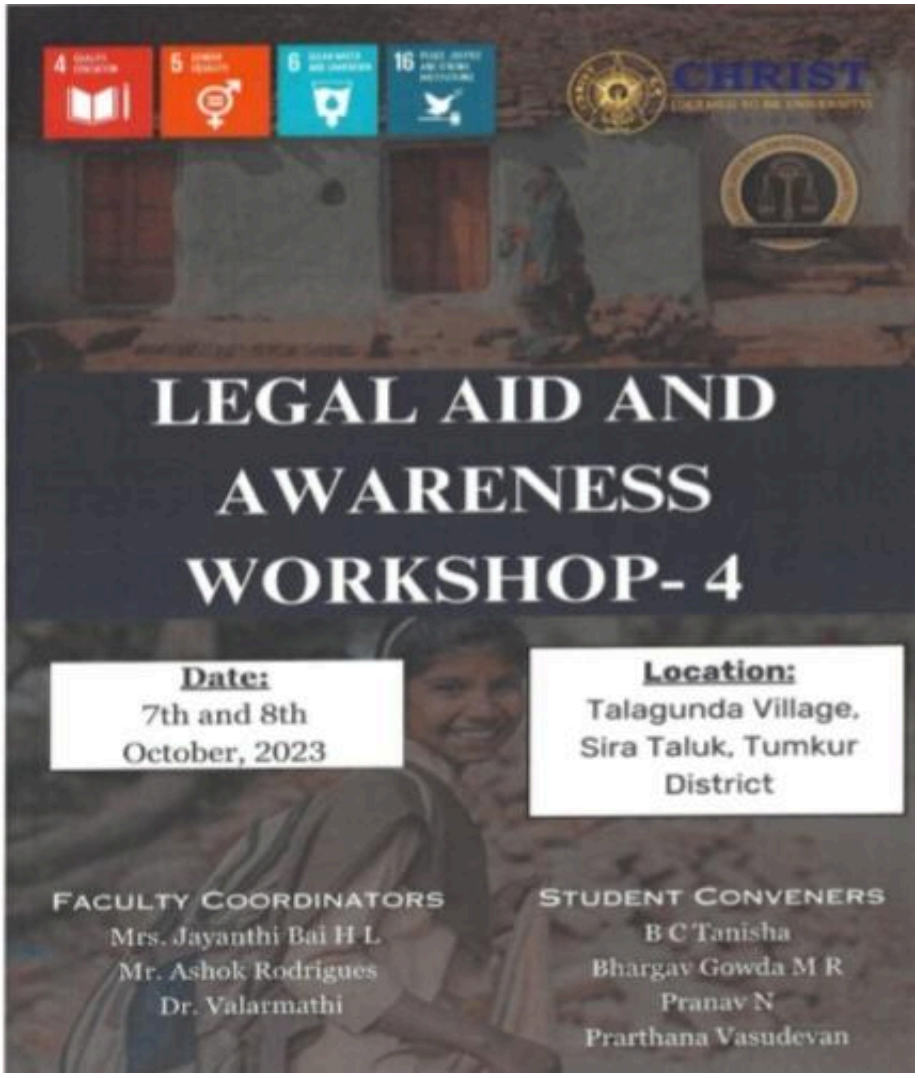

In conclusion, the Legal Aid and Awareness Workshop 3 was a successful initiative that transmitted legal information, created a feeling of social duty and empathy among participants, and laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 4

Event Name: Legal Aid and Awareness Workshop - 4

Date: 7th and 8th October
Time: Day 1-9:30 A.M-11:30 P.M
Day 2-8:30 A.M-4:00 P.M
Venue: Talagunda Village, Sira Taluk, Tumkur District

The Legal Aid and Awareness Workshop 4 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Talagunda Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey revealed that 197 villagers did not have a birth certificate, and the Member Secretary of Tumkur District Legal Service Authority assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

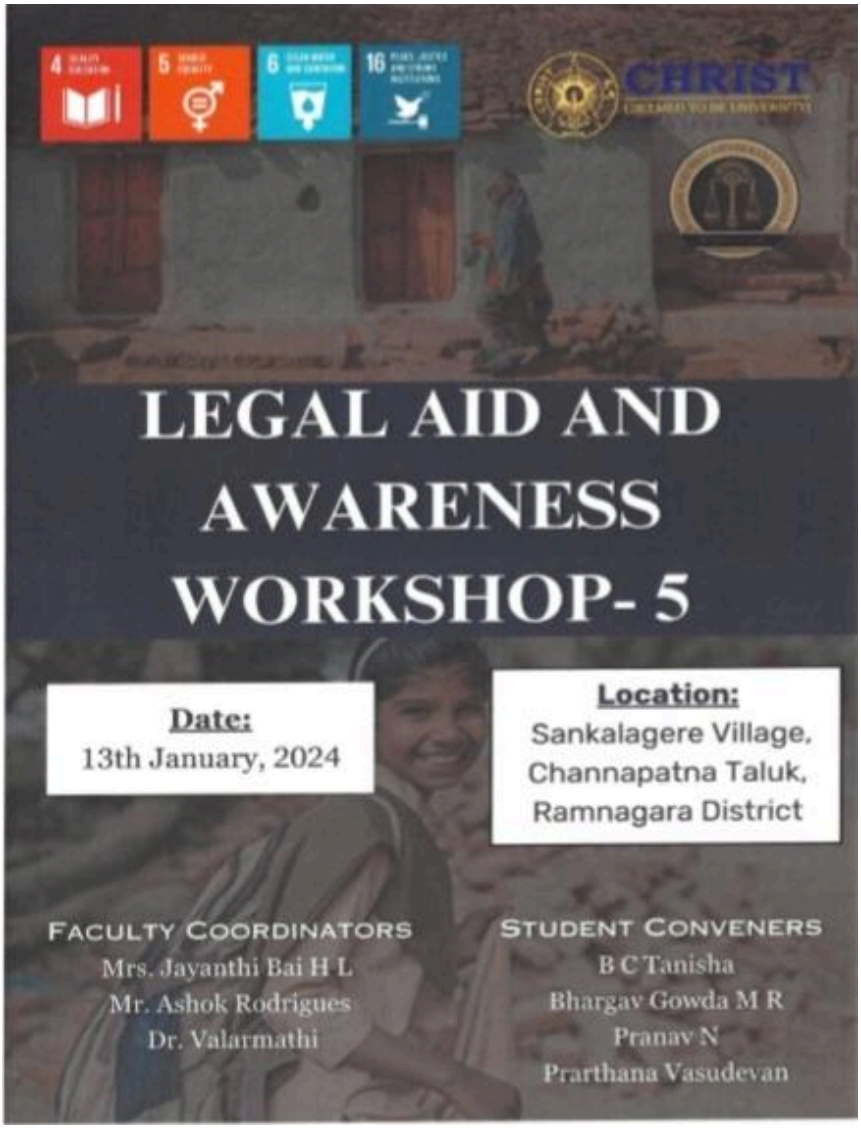

In conclusion, the Legal Aid and Awareness Workshop 4 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. Through its comprehensive approach, the workshop empowered the villagers with knowledge of their rights and duties, while also equipping students with practical skills in legal aid and paralegal services. The collaboration with legal authorities and judicial personnel further reinforced the importance of legal awareness and access to justice. As the workshop demonstrated, legal education can be a powerful tool for social change, and its impact will be felt in the community and among the students for a long time to come.

Legal Aid and Awareness Workshop - 5

Event Name: Legal Aid and Awareness Workshop - 5

Date: 13 January 2024
Time: 7:30 AM 6:00 PM
Venue: Sankalagere, Channapatna Taluk, Ramanagara District.

The Legal Aid and Awareness Workshop 5 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Ramanagara. The workshop aimed to spread legal awareness among the villagers of Sankalagere Village, Channapatna Taluk, Ramanagara District.

Learnings:

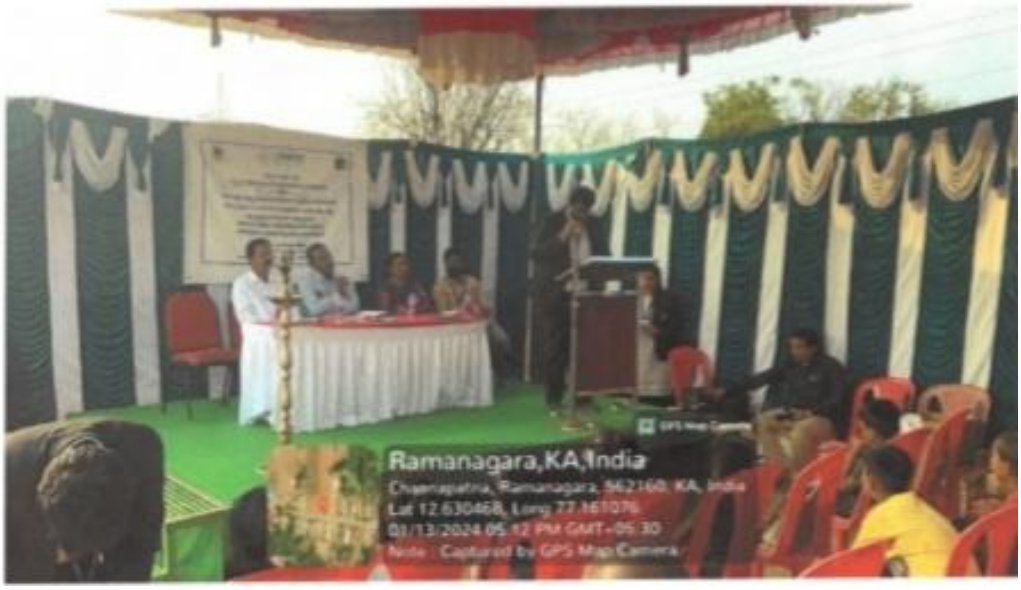

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

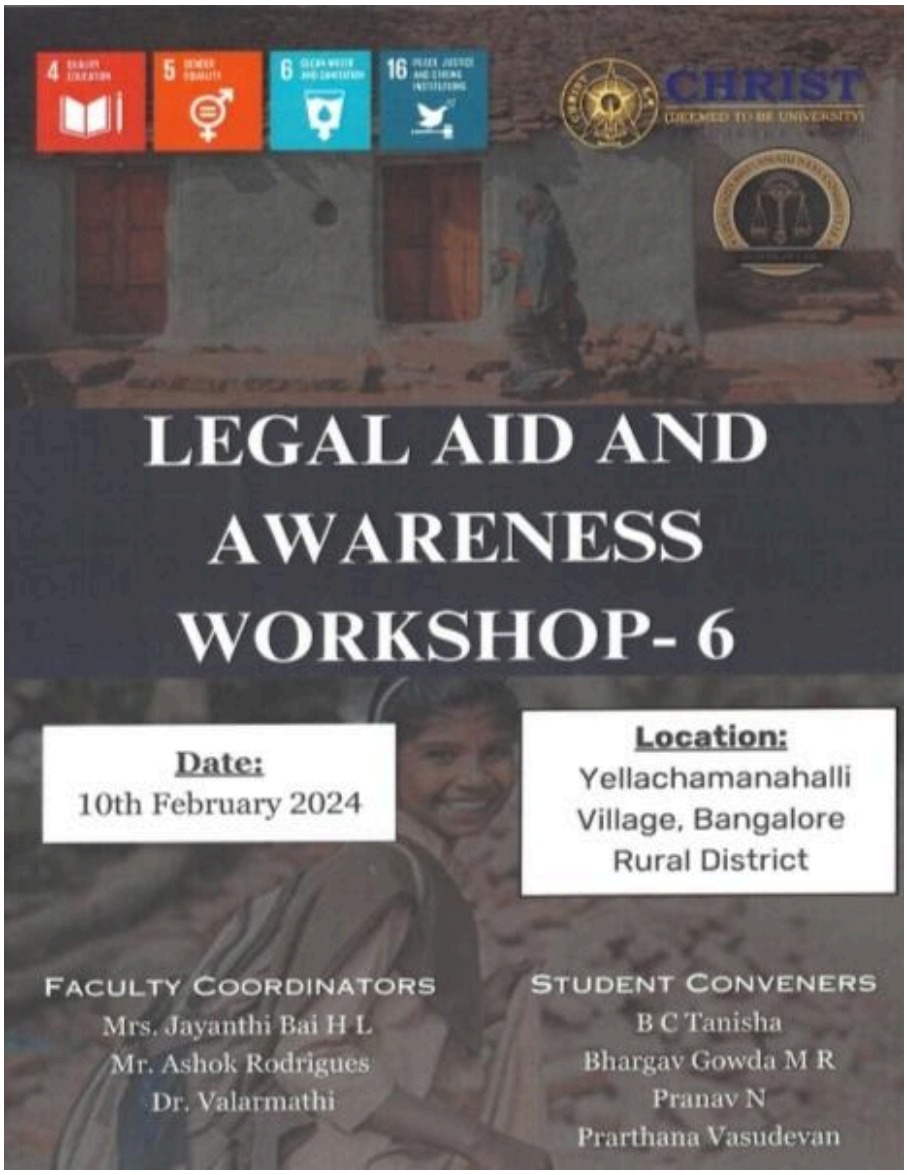

The Legal Aid and Awareness Workshop 5 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 6

Event Name: Legal Aid and Awareness Workshop - 6

Date: 10/2/24
Time: 9:30 am - 5:30 pm
Venue: Yelachenahalli Village, Hoskote, Bengaluru Rural

The Legal Aid and Awareness Workshop 6 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Yelachenahalli Village, Hoskote, Bengaluru Rural.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on February 10, 2024, with various activities such as a rally, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

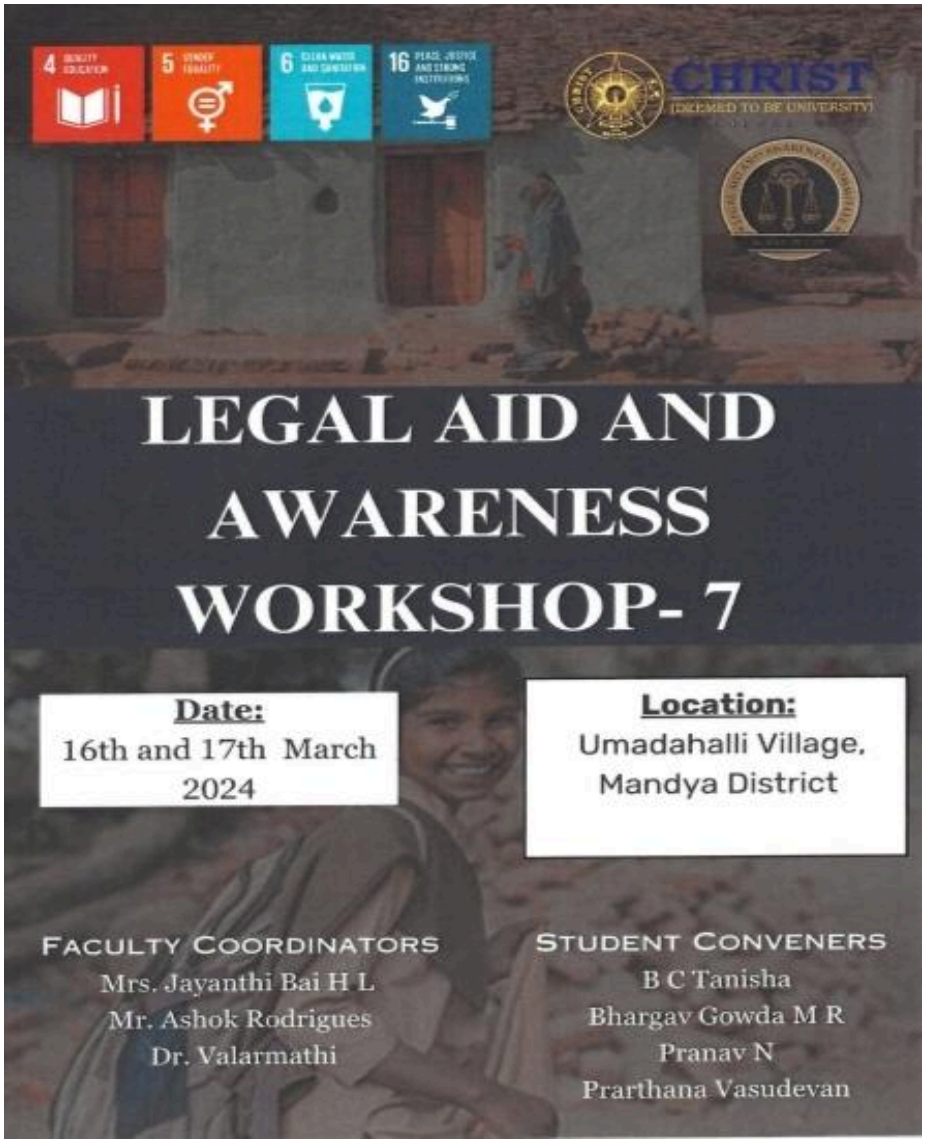

The Legal Aid and Awareness Workshop 6 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 7

Event Name: Legal Aid and Awareness Workshop - 7

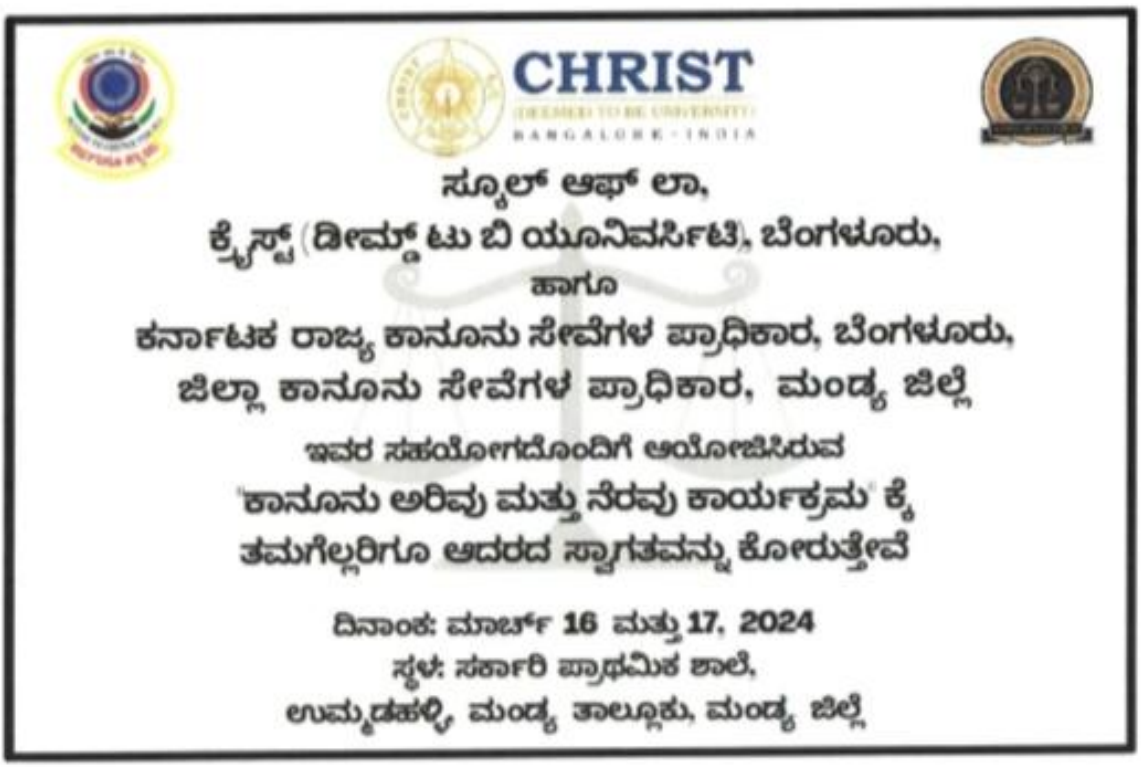

Date: 16th and 17th March 2024
Time: Day 1 9:30 A.M 11:30 P.M
Day 2 8:30 A.M-4:00 P.M
Venue: Ummadahalli Village, Mandya District

The Legal Aid and Awareness Workshop 7 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Mandya. The workshop aimed to spread legal awareness among the villagers of Ummadahalli Village, Mandya District.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on March 16 and 17, 2024, with various activities such as a rally, cultural program, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

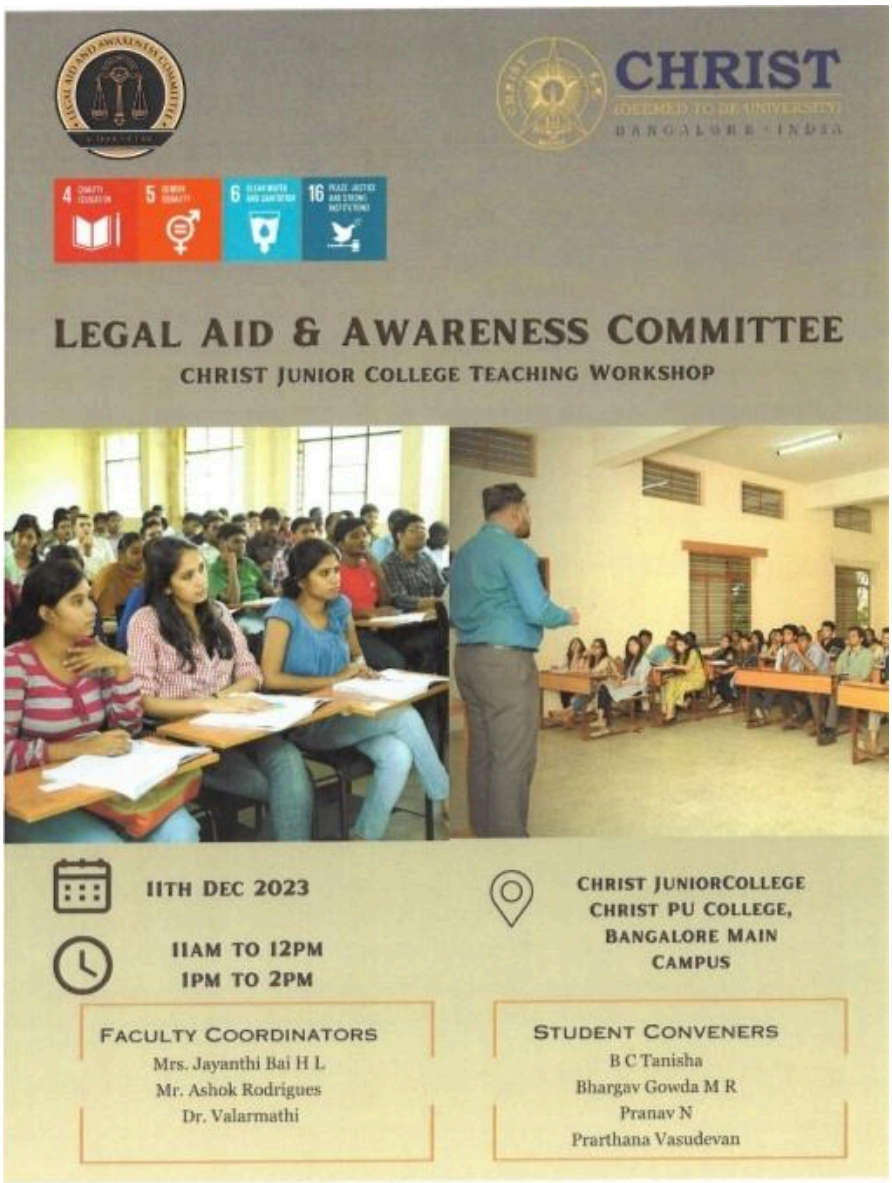

The Legal Aid and Awareness Workshop 7 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Teaching Workshop

Event Name: CJC Teaching Workshop

Date: 11/12/23
Time: 10:00 am - 2:00 pm
Venue: Christ Residential PU College, Bangalore, Kengeri Campus.

The CJC Teaching Workshop was organized by the School of Law, CHRIST (Deemed to be University) in collaboration with Christ Residential PU College, Bangalore, Kengeri Campus. The workshop aimed to spread legal awareness among Pre-University students.

Learnings:
The workshop covered essential legal topics such as the Constitution of India, Motor Vehicles Act, Consumer Protection Act, Right to Information Act, and Narcotic Drugs and Psychotropic Substances Act.

The workshop was conducted on December 11, 2023, with student volunteers and committee members engaging with Pre-University students through interactive sessions. The program was conducted for both 1 PU and 2 PU students, covering all three streams: science, commerce, and arts.

Impact made on students:
The workshop had a significant impact on both the Pre-University students and the student volunteers. The Pre-University students gained a comprehensive understanding of legal concepts affecting their daily lives, while the student volunteers developed skills in communicating complex legal ideas simply and effectively.

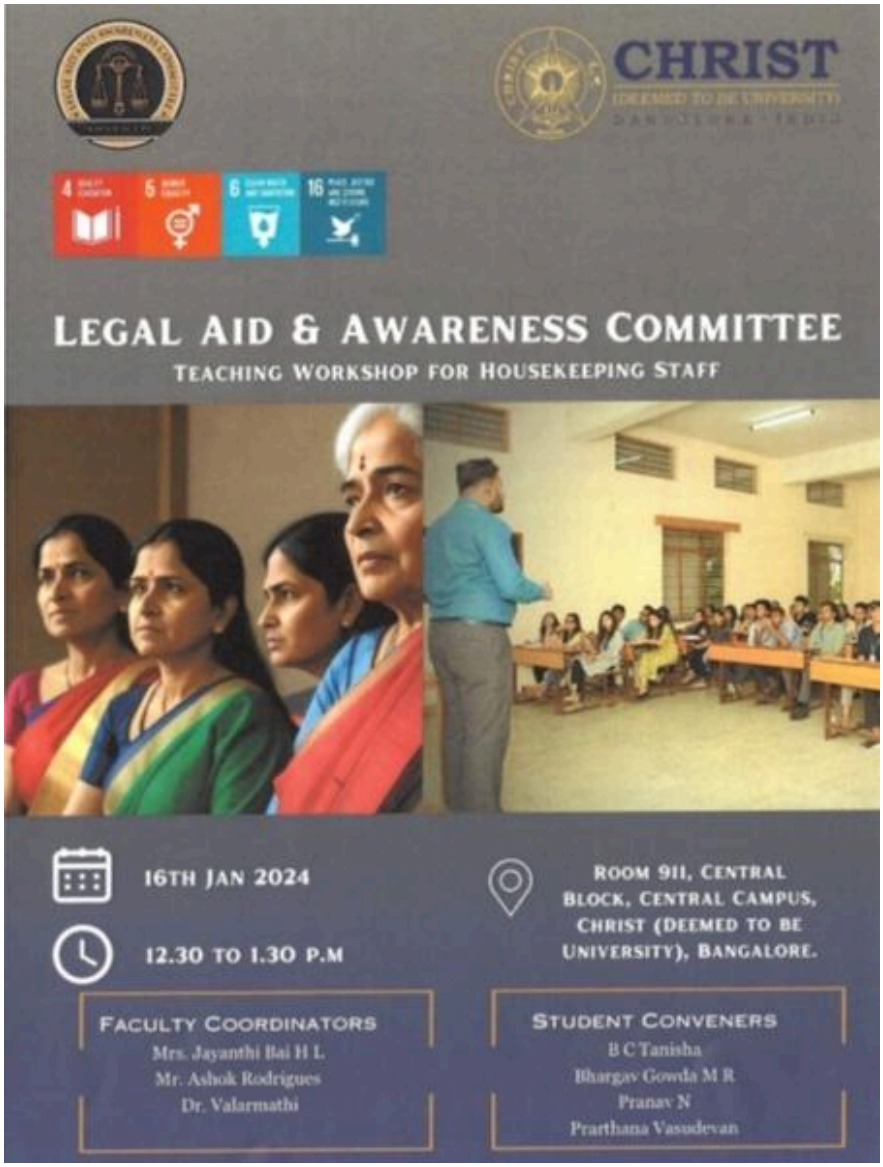

The CJC Teaching Workshop was a resounding success, achieving its objective of spreading legal awareness among Pre-University students. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender equality, sustainability, and peace, justice, and strong institutions. The student volunteers developed valuable skills, and the workshop laid the groundwork for future legal aid and community efforts.

Legal Awareness Workshop for Housekeeping Staff.

Event Name: Legal Awareness Workshop for Housekeeping Staff.

Date: 16th January 2024
Time: (12:30 -1:30)pm.
Venue: Room 911, central block, Central campus, Christ University, Bangalore

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop on legal awareness for housekeeping staff on January 16, 2024 at room 911, central block, in collaboration with house keeping staff of the university. The objective was to create awareness about legal rights and empower staff with essential knowledge about legislative acts.

Learnings:

The workshop covered important topics such as:

- The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013
- The Dowry Prohibition Act, 1961
- Maternity Benefit Act, 1961
- Constitutional rights under The Constitution of India
- Domestic Violence Act, 2005

The workshop was conducted by Dr. Jayanthi Bai H L, Faculty Coordinator of the Legal Aid and Awareness Committee. The session was interactive, with staff actively participating in discussions and asking questions. The workshop aimed to empower housekeeping staff by providing them with essential knowledge about their rights and commitments.

Impact made on the students:

- **Increased awareness:** Staff gained knowledge about their legal rights, duties, and permissions under various legislative acts.
- **Empowerment:** Participants felt empowered to advocate for their rights confidently and navigate potential disputes effectively.
- **Fostered engagement:** The interactive session encouraged active participation, ensuring key messages were effectively conveyed and understood.
- **Sense of security:** Staff, especially women, felt a sense of security knowing their rights and protections under the law.
- **Confidence boost:** Participants gained confidence in asserting their rights and seeking help when needed.

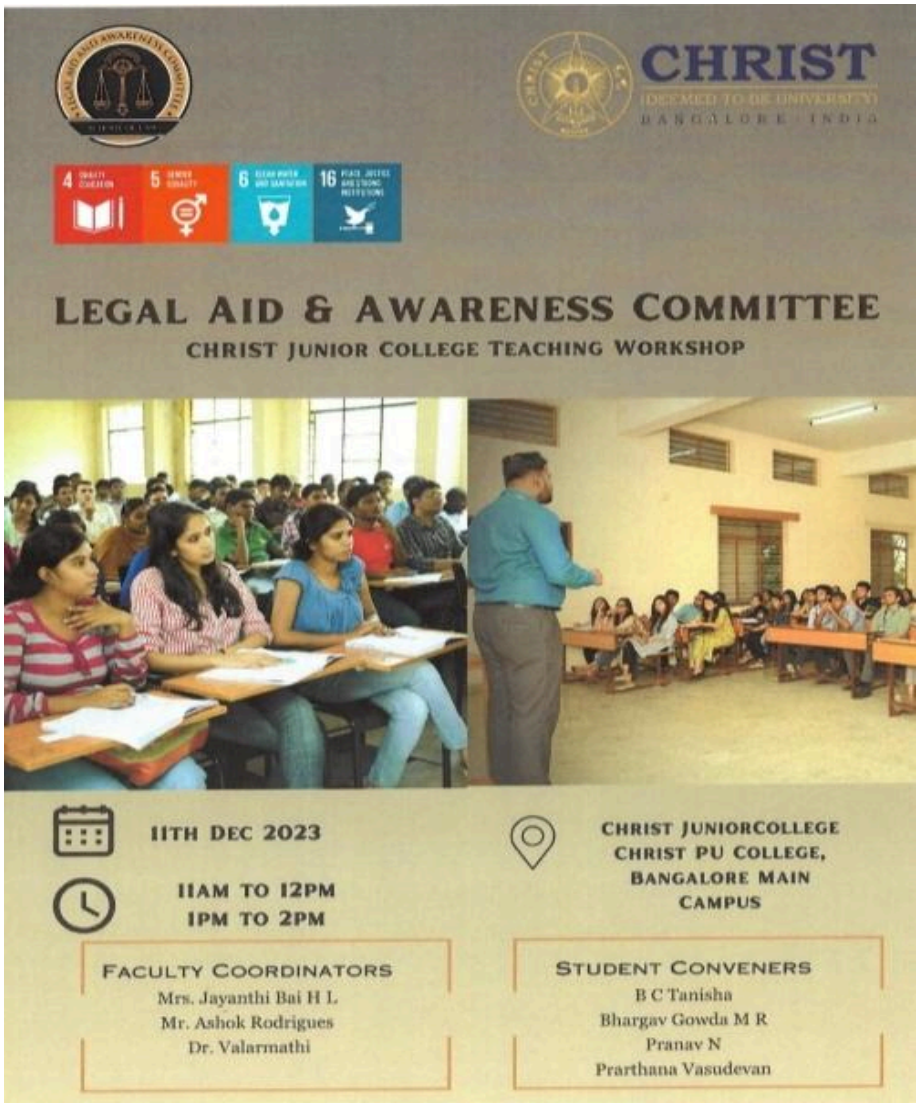

The workshop was a success, with increased awareness among housekeeping staff regarding their legal rights. The session fostered a sense of empowerment, enhanced understanding of relevant statutes, and encouraged active participation. The committee plans to conduct more such events to raise awareness amongst women who do not have access to such information.

Teaching Workshop

Event Name: Christ Junior College Teaching Workshop

Date: 23/8/23
Time: Morning college - 11:00 am - 12:00 pm
Evening college - 1:00pm - 2:00 pm
Venue: Christ Junior College, Christ PU college, Bangalore main campus

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop for pre-university students at Christ Junior College on August 23, 2023. There are 1,4617 participants who made this event a grand success. The objectives are to disseminate general awareness about fundamental legal rights and concepts among young students.

Learnings:

The workshop covered essential legal topics, including:

- The Constitution of India, 1950.
- The Motor Vehicles (Amendment) Act, 2019.
- The Consumer Protection Act, 2019.
- The Right to Information Act, 2005.
- The Narcotic Drugs and Psychotropic Substances Act, 1985.

The workshop was conducted by student volunteers and committee members, who were divided into pairs to engage with students from all three streams (science, commerce, and arts). The program aimed to cultivate general awareness about legal concepts, regulations, and consequences of non-compliance. The student volunteers explained legal concepts in an interactive and simple manner, enabling the pre-university students to understand their rights and responsibilities as citizens.

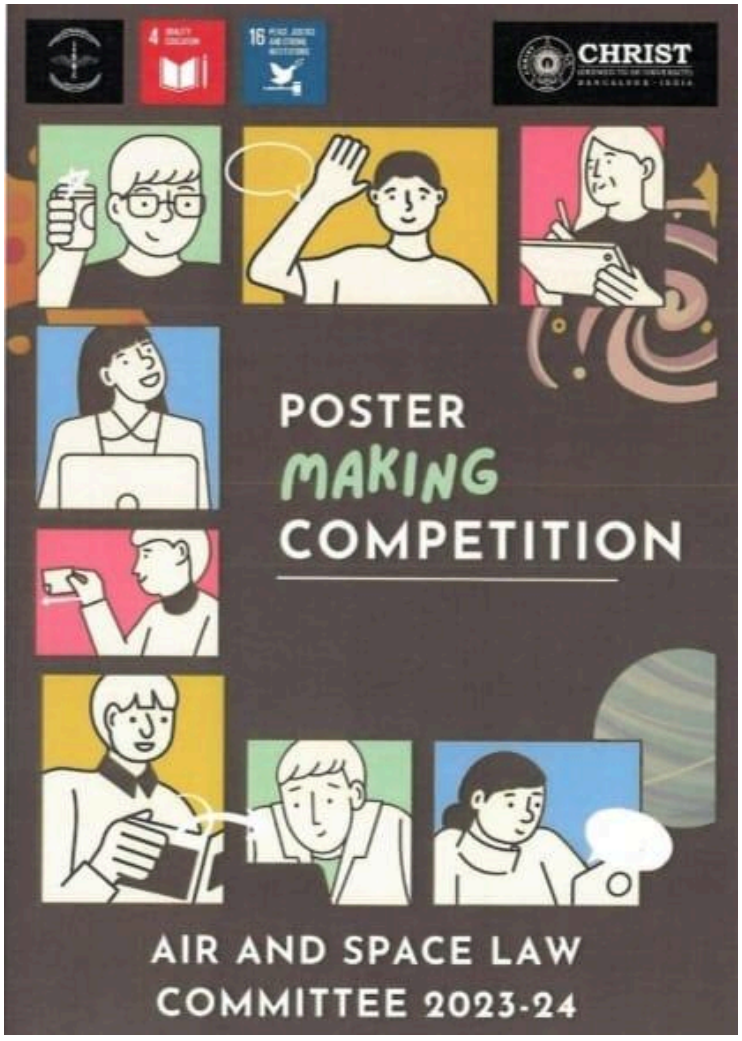

The workshop was a successful initiative in spreading legal awareness among young students. The student volunteers developed skills in presenting legal concepts in a simple and engaging manner, while the pre-university students gained knowledge about essential legal topics impacting their daily lives. The program demonstrated the importance of legal awareness in creating informed citizens and promoting social transformation. The committee plans to continue its endeavors in spreading legal awareness among the youth, gradually broadening the scope of such teaching workshops.

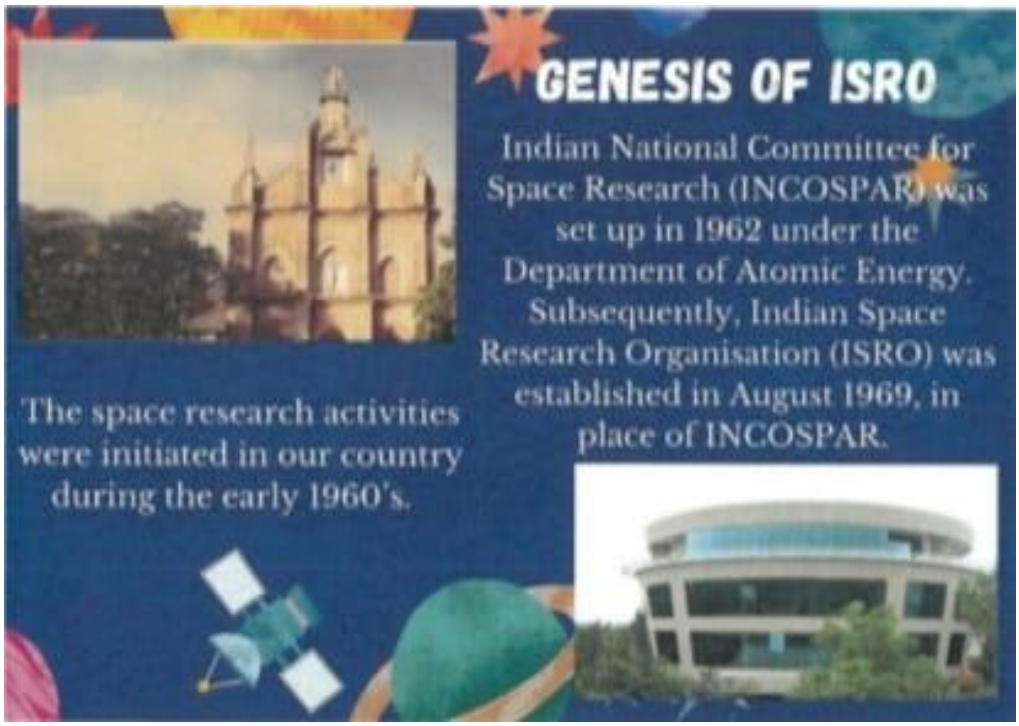

Poster Making Competition

Event Name: Poster Making Competition

Date: 19th and 20th October, 2023
Time: 2nd Year BA/BBA LLB-19th October, 2023
3rd Year BA/BBA LLB-20th October, 2023
Venue: School of Law, CHRIST (Deemed to University), Bengaluru.

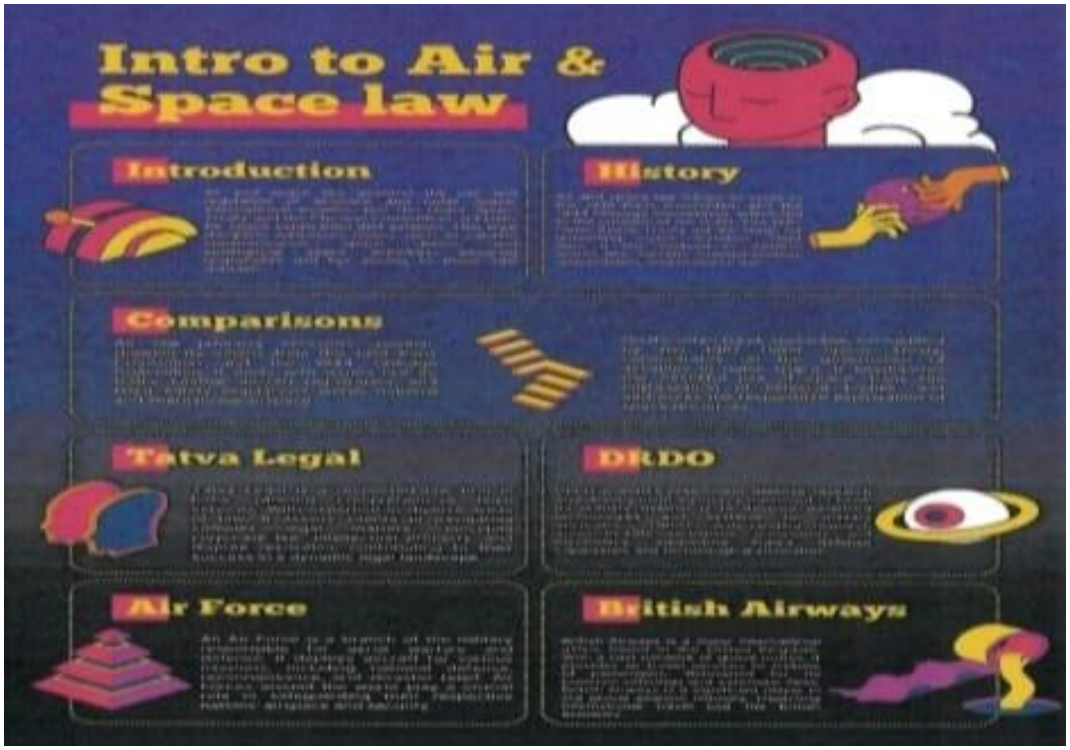

The School of Law, CHRIST (Deemed to be University), Bengaluru, organized a two-day Poster Making Competition on October 19-20, 2023, for 2nd and 3rd-year law students.

Learnings:

- Developed legal acumen in Air and Space Law.
- Refined legal research, writing, and analytical skills.
- Nuanced understanding of aviation and space industries through creative expression.

Impact:

- Enhanced awareness of contemporary developments in Aviation and Space Laws.
- Encouraged creative expression and innovative learning approaches.
- Fostering a culture of peace and justice by promoting dialogue and awareness around legal frameworks

The poster-making competition successfully provided a platform for students to showcase their artistic prowess while deepening their understanding of Aviation and Space Law themes. The event promoted quality education, skill development, and awareness of pressing issues in the field, contributing to SDG 4 (Quality Education) and SDG 16 (Peace, Justice, and Strong Institutions). Future events will build on this success, encouraging creative expression and innovative learning approaches.

Report 1: Visit to an NGO (UPKRITI)

The visit to UPKRITI, an NGO, was organized on July 15, 2023, to recognize Youth Skill Day and educate students about its significance. The event involved making paper bags and frames with the students and playing games with the children. The activity aimed to promote skill development and creativity among students.

Learnings:

The students learned about the importance of Youth Skill Day and developed their skills through hands-on activities.

Impact on Students:

The event had a positive impact on students, promoting creativity, teamwork, and social responsibility.

The visit to UPKRITI was a successful event that achieved its objectives of promoting skill development and social responsibility among students. The event will be repeated in the future to further enhance student engagement.

Report 2: Handful of Food Stalls

The Handful of Food stalls were organized on October 4, 11, 18, and 25, 2023, to promote and collect funds for the initiative. The event involved collecting funds and promoting Handful of Food among students. The initiative aims to provide food to those in need.

Learnings:

Students became more aware of the Handful of Food initiative and its objectives.

Impact on Students:

The event promoted social responsibility and awareness among students about the importance of food donation.

The Handful of Food stalls were successful in promoting and collecting funds for the initiative. The event will be repeated in the future to continue promoting social responsibility among students.

Report 3: Anti-Ragging Week

The Anti-Ragging Week was organized on August 14 and 17, 2023, in collaboration with the anti-ragging cell to promote a safe and inclusive campus environment. The event involved poster making, essay writing, slogan writing, and video making competitions on the theme "safe campus - inclusive empower and promote positive behaviors."

Learnings:

Students learned about the importance of anti-ragging and promoting positive behaviors on campus.

Impact on Students:

The event promoted creativity, teamwork, and social responsibility among students, spreading awareness about anti-ragging.

The Anti-Ragging Week was a successful event that achieved its objectives of promoting a safe and inclusive campus environment. The event will be repeated in the future to continue spreading awareness about anti-ragging.

Dristi Street Play

Event Name: Dristi Street Play

Date: 26.11.2022
Time: 7:00pm
Venue: CHRIST (Deemed to be University), Kengeri campus and Bayalu Ranga Mandira.

DRISHTI, a street play titled "Beyond the Closet," was organized on November 26, 2022, in collaboration with Namma Pride to raise awareness about LGBTQ+ issues. The play aimed to educate the community about the challenges and discrimination faced by LGBTQ+ individuals, challenge stereotypes, and empower LGBTQ+ individuals. The event was held at CHRIST (Deemed to be University), Kengeri campus, and Bayalu Ranga Mandira.

Learnings:
The play helped raise awareness, challenge stereotypes, and empower LGBTQ+ individuals. Volunteers derived personal fulfillment, developed empathy and compassion, and gained exposure to social issues.

Impact on Students:

The play promoted social change, addressed important issues, and spread awareness among the public. Students contributed to a social cause, making a positive impact on the community and society.

The DRISHTI street play, "Beyond the Closet," was a successful event that achieved its objectives of raising awareness and promoting acceptance of LGBTQ+ individuals. The play will be remembered for its mind-blowing and heart-touching performance, making individuals feel less alone in the battle against oppression. The event will be repeated in the future to continue spreading awareness and promoting social change.

Krishna Chaitanya

Event Name: Krishna Chaitanya

Date: 06.08.2022 – 04.03.2023
Venue: Krishna Chaitanya

The Activity Centre organized weekly classes at Krishna Chaitanya, a special school for students with mental challenges, from August 6, 2022, to March 4, 2023.

Objectives:
To engage students in various activities, promoting mental and physical development, and fostering a sense of responsibility among volunteers.

Methodology:
Volunteers conducted activities such as coloring, paper crafts, block building, rhyme singing, and physical exercises like football and dancing.

Key Takeaways:

1. Volunteers developed innovative teaching methods to manage classrooms effectively.
2. Volunteers learned to follow rules, stay disciplined, and take responsibility for students.

Impact:

The activity positively impacted both students and volunteers. Students benefited from engaging activities, while volunteers developed essential life skills.

The Krishna Chaitanya activity was a successful initiative, promoting mental and physical development among students with special needs. Volunteers gained valuable experience in teaching, classroom management, and responsibility. This activity demonstrates the importance of inclusive education and community service.

Milan

Event Name: Milan

Date: 12.02.2023 – 14.02.2023
Venue: CHRIST (Deemed to be University), Central campus

MILAN, a three-day event, was organized by CHRIST (Deemed to be University)'s Community Service Association (CSA) from February 12-14, 2023, at the Central Campus.

Objective:
To provide underprivileged children with unique experiences, promoting happiness, skill development, and goal realization.

Methodology:

83 students from CSA-adopted project areas participated in various activities:

- Athletics
- Dance
- Workshops
- Cultural nights
- Three-legged race
- Kabaddi
- Lemon-spoon race
- Closing Carnival
- Bangalore Darshan (city tour)

Key Takeaways:

1. Brought together volunteers, organizers, local businesses, and community members.
2. Provided a platform for underprivileged children.
3. Fulfilled personal purposes and skill development for volunteers.
4. Facilitated interactions among like-minded individuals.

Impact:

MILAN created lifelong memories for underprivileged children, helping them discover hobbies and interests. The event bridged the gap between privileged and underprivileged children, fostering social responsibility and community engagement.

MILAN was a resounding success, demonstrating CSA's commitment to social welfare. The event showcased the power of collective effort, benefiting both participants and volunteers. Future editions will continue to empower underprivileged children.

Nauka Classes

Event Name: Nauka Classes

Date: 15.11.22
Venue: NESTFIDEIndia

The Activity Center's Nauka Classes, an initiative of CHRIST (Deemed to be University)'s Community Service Association (CSA), commenced on November 15, 2022, at NESTFIDEIndia.

Objective:
To support Class 10 students in understanding and passing their board exams through weekly tutoring sessions.

FIDESIndia

(Franciscan Initiatives for Developmental and Educational Services in India)

TO WHOM SO EVER IT MAY CONCERN

This is to certify that Centre for Social Action (CSA) volunteers from CHRIST (Deemed to be University), Kengeri Campus contributed their time to help the 10th grade students of NEST KIDS VILLAGE with their tuition from their initiative called "Nauka Classes." The volunteers visited our premises on weekdays to help the student with their tuition and helped them with subjects like English, Maths, Science, Social Studies, and Kannada.

We would like to express our warm gratitude towards Centre For Social Action (CSA), Kengeri Campus, for helping students with tuition and their BOARD examination preparations, and we would love to work with them in the future as well.

Yours Sincerely,

Rev. Dr. Thomas Thekkekarote

Executive Director

FIDESIndia SOCIETY Vinayaka Malleswaram West BANGALORE - 55

Regd. Office : "Vinayalaya" P.B. No. 5557, 18th Cross, Malleswaram West P.O., Bangalore - 560 055. INDIA

Methodology:

21 students from CHRIST (Deemed to be University) volunteered:

- Psychology (9)
- BBA (4)
- Sciences and Humanities (7)
- CSE (1)

Volunteers taught allocated subjects, conducted doubt-clearing sessions, and provided individual attention.

Key Takeaways:

1. Personal growth for volunteers and students.
2. Sense of fulfillment through community service.
3. Exposure to innovative teaching methods.

Impact:

Nauka Classes bridged the educational gap for underprivileged Class 10 students, enhancing their academic performance and confidence.

Nauka Classes demonstrated CSA's commitment to education and community development. The initiative fostered a sense of social responsibility among volunteers, promoting personal growth and skill development.

NEST: Activity Centre Classes

Event Name: NEST: Activity Centre Classes

Date: Every Saturday (August 2022 – April 2023)
Venue: SFSS School

The Activity Center's Nauka Classes, an initiative of CHRIST (Deemed to be University)'s Community Service Association (CSA), commenced on November 15, 2022, at NESTFIDEIndia.

Objective:
To support Class 10 students in understanding and passing their board exams through weekly tutoring sessions.

Methodology:

21 students from CHRIST (Deemed to be University) volunteered:

- Psychology (9)
- BBA (4)
- Sciences and Humanities (7)
- CSE (1)

Volunteers taught allocated subjects, conducted doubt-clearing sessions, and provided individual attention.

Key Takeaways:

1. Personal growth for volunteers and students.
2. Sense of fulfillment through community service.
3. Exposure to innovative teaching methods.

Impact:

Nauka Classes bridged the educational gap for underprivileged Class 10 students, enhancing their academic performance and confidence.

Nauka Classes demonstrated CSA's commitment to education and community development. The initiative fostered a sense of social responsibility among volunteers, promoting personal growth and skill development.

DRISHTI play on ‘anti-ragging’

Event Name: DRISHTI play on 'anti-ragging'

Date: 23.09.2022
Venue: In front of Open Auditorium

The DRISHTI play, "Not Anymore," was organized on September 23, 2022, in collaboration with the Anti-Ragging Cell of CHRIST (Deemed to be University).

Objective:
To raise awareness about anti-ragging and anti-bullying, promoting a safe and inclusive campus environment.

Methodology:
A play performed by 52 participants:

- Psychology (25)
- B.Tech (12)
- BBA (11)
- B.Arch (1)
- Faculty (3)

Key Takeaways:

1. Introduction to anti-ragging: Understanding its meaning, effects, and disruptions to mental and emotional well-being.
2. Awareness against bullying: Recognizing the need to prevent bullying and its devastating consequences.

Impact:
The play effectively conveyed the importance of speaking up against harassment, empowering junior students to report incidents and promoting a culture of inclusivity.

"Not Anymore" successfully achieved its objectives, demonstrating the power of performance arts in promoting social change. The collaboration with the Anti-Ragging Cell reinforced the university's commitment to a ragging-free campus.

Uri-Drishti Play

Event Name: Uri-Drishti Play

Date: 31/07/2022
Venue: LR Nagar, Someshwar Nagar, Victoria Hospital

On July 31, 2022, Drishti, in collaboration with Aweksha, a non-profit organization supporting burn victims, organized the Uri-Drishti Play at LR Nagar, Someshwar Nagar, and Victoria Hospital. The play aimed to raise awareness about burn victims' challenges, promoting social inclusion and supporting Sustainable Development Goals (SDGs).

Highlights:

1. Raising awareness about burn victims' struggles.
2. Emphasizing community support and empowerment.
3. Promoting gender equality and social inclusion.

Learnings:

1. Understanding burn victims' challenges and needs.
2. Importance of community support and inclusion.
3. Empowering individuals through education and healthcare.

Impact:

The event:

- Raised awareness about burn victims' struggles.
- Encouraged community motivation to address burn-related issues.
- Promoted gender equality and social inclusion.
- Strengthened Aweksha's visibility and role in supporting burn victims.

The Uri-Drishti Play successfully promoted awareness, empathy, and social inclusion for burn victims, aligning with SDGs 3, 4, 5, and 10. By organizing such initiatives, Drishti and Aweksha demonstrate their commitment to promoting social inclusion, healthcare, education, and gender equality for burn victims.

Photo Talk

Event Name: Photo Talk

Date: August 27-30, 2022
Time: Online, 24/7
Venue: Google Forms and Instagram

From August 27-30, 2022, the Cultural Students' Association (CSA) hosted PhotoTalk, an online photography event. PhotoTalk aimed to foster creativity and self-expression through photography, encouraging students to explore the intersection of photography and expression.

Highlights:

1. Themed photography ("Expression") to enhance artistic skills.
2. Online platform (Google Forms and Instagram) for accessibility.
3. Engagement among students from various Bangalore campuses.

Learnings:

1. Creative expression through photography.
2. Artistic skills development.
3. Importance of self-expression.

Impact:

- Encouraged student engagement and creativity.
- Fostered a sense of community among participants.
- Developed artistic skills and confidence.

PhotoTalk successfully promoted creativity, self-expression, and community engagement among students, aligning with SDG 4 (Quality Education) and SDG 10 (Reduced Inequality).

Drishti Promo Play

Event Name: Drishti Promo Play

Date: 26/08/2022
Time: 12:00 Noon
Venue: CHRIST (Deemed to be University), BGR campus

On August 26, 2022, CHRIST (Deemed to be University), BGR campus, hosted the Drishti Promo Play, an awareness initiative. The play aimed to sensitize the audience about the queer community, showcasing Drishti's impact and promoting inclusive education.

Highlights:

1. Raising awareness about the queer community.
2. Challenging societal misconceptions and stereotypes.
3. Promoting acceptance and inclusivity.

Learnings:

1. Understanding queer community challenges.
2. Importance of inclusive education.
3. Promoting acceptance and empathy.

Impact:

The event:

- Raised awareness about queer community issues.
- Challenged stereotypes and promoted acceptance.
- Encouraged inclusive and equitable education.

The Drishti Promo Play successfully promoted awareness, acceptance, and inclusivity, aligning with SDGs 4, 5, and 10. By hosting the Drishti Promo Play, CHRIST (Deemed to be University) demonstrated its commitment to promoting inclusive education, diversity, and social equality.

Peer Education for Nest children

Event Name: Peer Education for Nest children

Date: 24/9/22 to 4/3/23
Venue: Nest School

The Peer Education program was conducted from September 24, 2022, to March 4, 2023, in collaboration with Nest School.

Objective:

To provide emotional support and guidance to Nest children, promoting self-esteem, confidence, and overall well-being.

Methodology:

Five sessions were conducted by 23 participants:

- Students/Faculty/Research Scholars

Activities included ice-breaking games, self-expression exercises, and counseling to build trust and address concerns.

Key Takeaways:

1. Emotional challenges: Children struggled with channeling emotions positively, leading to aggression and non-compliance.
2. Support system: Children felt unsupported in the school environment, lacking attachment and affection from staff.

Impact:

The program created a safe environment, fostering self-esteem, confidence, and overall well-being. Children became more comfortable expressing themselves and discussing concerns.

The Peer Education program was successful in addressing emotional challenges and support system concerns. Nest School hopes to continue such programs for the children's growth and development.

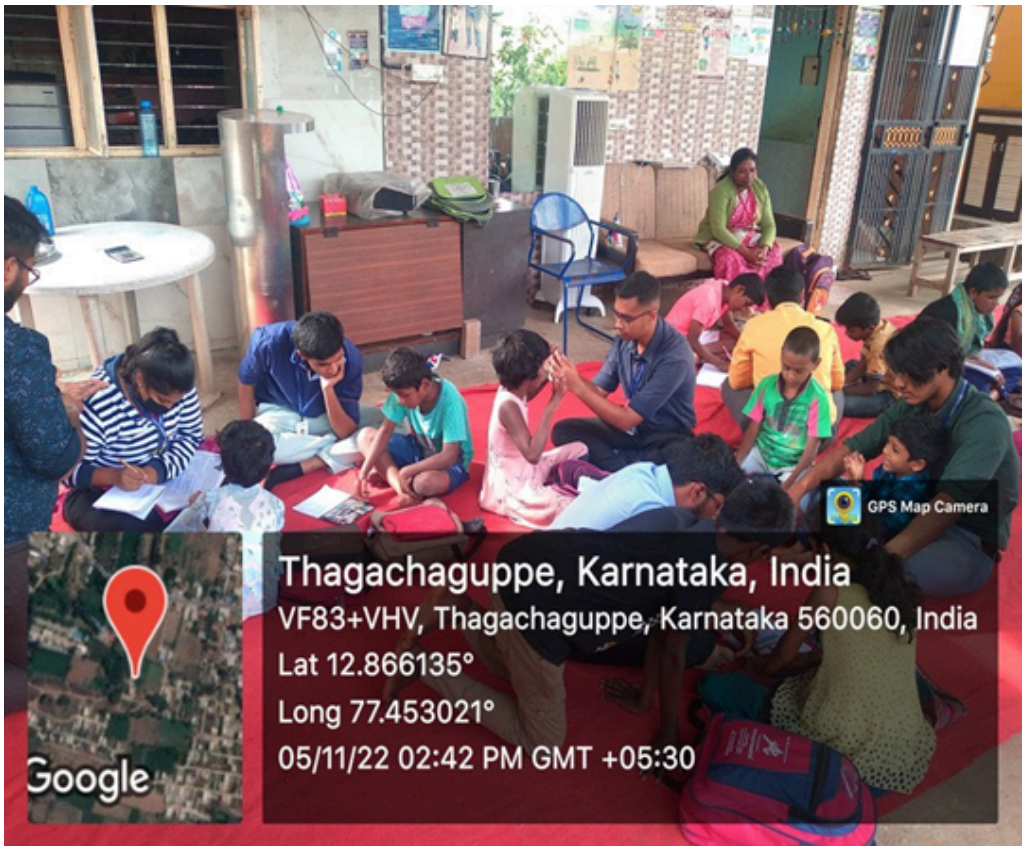

Visit to Sneha Jyoti

Event Name: Visit to Sneha Jyoti

Date: Every Saturday
Venue: Sneha Jyoti, Kumbalgodu

CSA volunteers visited Sneha Jyoti, a children's home in Kumbalgodu, every Saturday as part of Activity Centre classes.

Objective:
To educate underprivileged children, providing academic support and enriching experiences.

Methodology:

22 volunteers from various departments participated:

- Sciences and Humanities (5)
- CSE (6)
- ME (1)
- Psychology (7)
- BBA (2)
- EEE (1)

Volunteers provided one-to-one tutoring, clarifying academic doubts and conducting activities:

- Games
- Dance
- Music

Pre-Visit Preparation:

Point of Contacts (PoCs) organized meetings to plan the agenda, ensuring a smooth experience.

Post-Visit Evaluation:

PoCs collected feedback, conducting detailed examinations to identify areas for improvement.

Key Takeaways:

1. Enhanced academic understanding for Sneha Jyoti children.
2. Emotional support and bonding between volunteers and children.
3. Personal growth and social responsibility among volunteers.

Impact:

The initiative aligns with CHRIST (Deemed to be University)'s mission and vision, emphasizing "Excellence and Service."

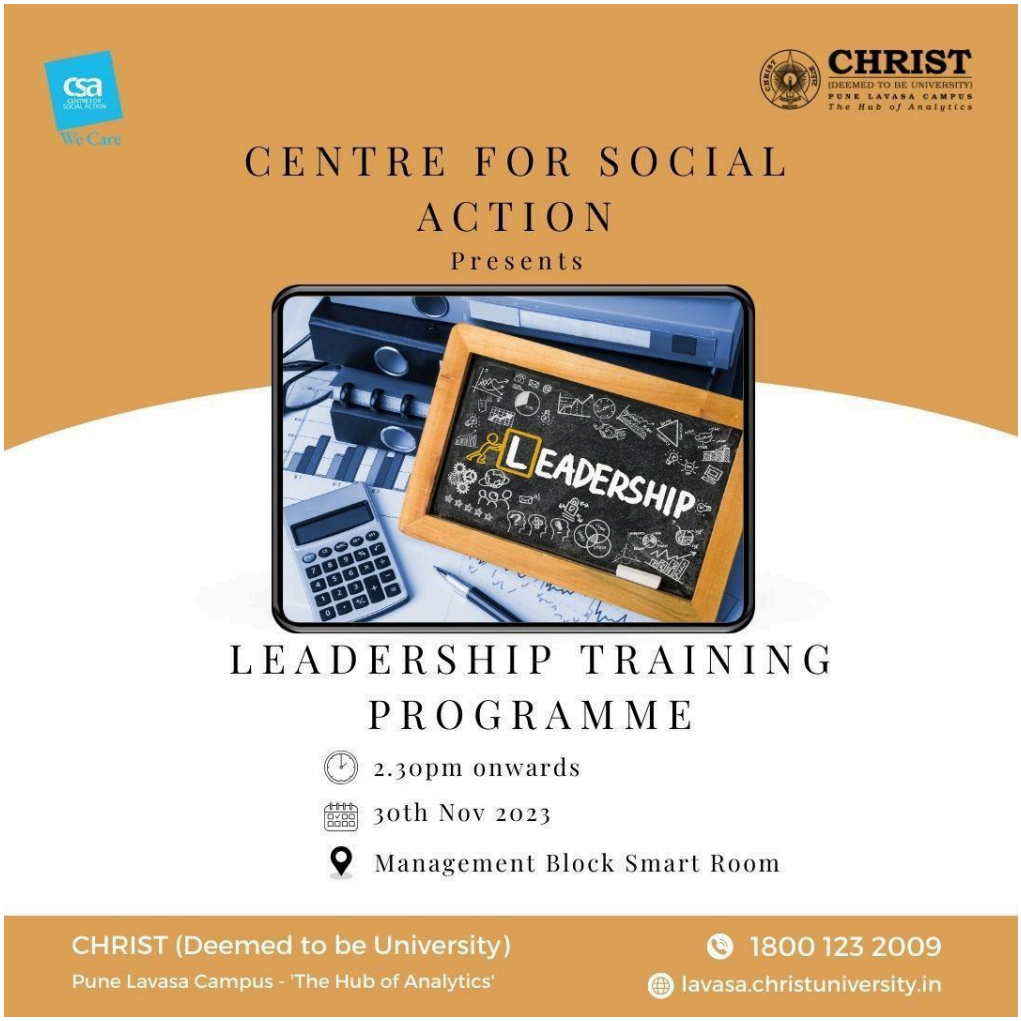

The Sneha Jyoti visit demonstrated CSA's commitment to community outreach, providing holistic support to underprivileged children.

Leadership Training Programme

Event Name: Leadership Training Programme

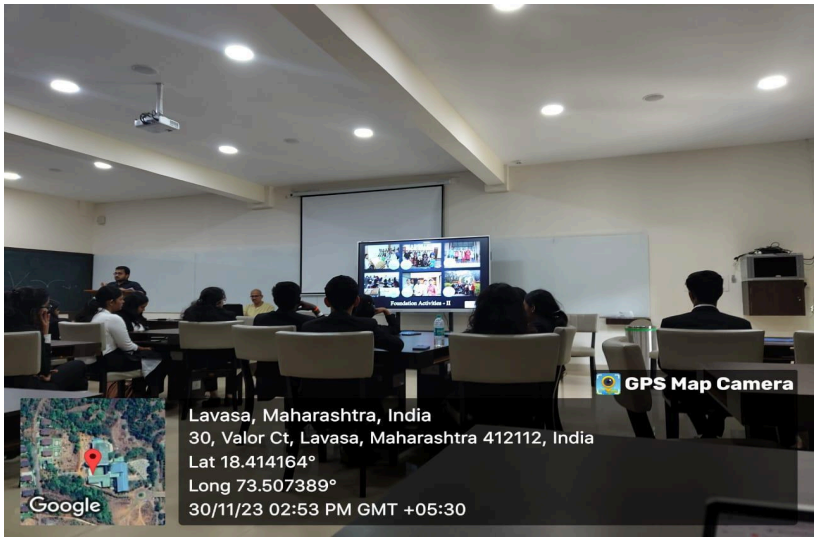

Date: 30.11.2023
Time: 2.30pm to 7.00pm
Venue: Smart Room, Management Block

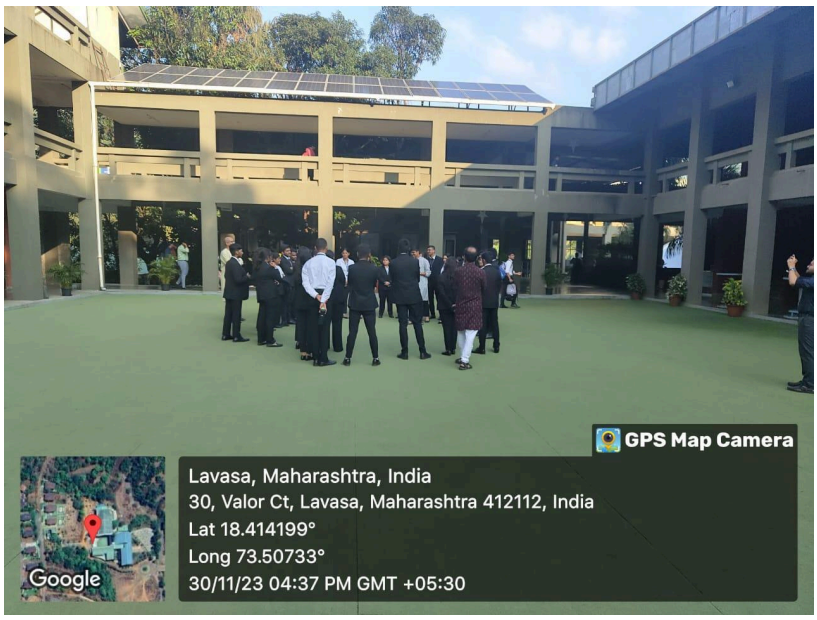

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, organized a Leadership Training Programme in collaboration with Jnana Prabodhini on November 30, 2023. The program aimed to enhance the leadership skills of CSA volunteers. The program featured insightful sessions and interactive activities, led by experts from Jnana Prabodhini. The topics covered included planning, implementation, teamwork, and experiential leadership, providing a comprehensive understanding of leadership development.

Learnings:

- Introduction to Jnana Prabodhini and Leadership Development Course (LDC).
- Planning and implementation skills.
- Teamwork and team building/Experiential leadership.

Impact:
The training program had a profound impact on the participants, offering:

- Enhanced leadership skills.
- Improved planning and implementation abilities.
- Strengthened team dynamics.
- Enhanced experiential learning.
- Increased motivation and engagement.
- Networking and collaboration opportunities.
- Alignment with organizational goals.
- Positive impact on community initiatives.
- Continued learning and development.

The Leadership Training Programme, organized by CSA in collaboration with Jnana Prabodhini, was a resounding success. With 39 enthusiastic volunteers in attendance, the program equipped them with valuable leadership skills, strengthening their ability to contribute to CSA's mission and objectives. The positive feedback and outcomes of the event underscore its impact, paving the way for future training initiatives and continued growth.

Two Day English Speaking Training Programme

Event Name: Two Day English Speaking Training Programme

Date: 27/03/2024 and 28/03/2024
Venue: Central Block,CHRIST University

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, organized a two-day English speaking training session for security staff on March 27-28, 2024. The program aimed to enhance their communication skills, fostering a welcoming and safe campus environment. The training session, conducted by student volunteers, focused on interactive activities, verbal tests, and spot quizzes to assess understanding and application of skills. The program saw enthusiastic participation from 18 security staff on Day 1 and 15 on Day 2, with positive feedback and increased confidence in English communication.

Learnings:

- Effective communication skills for interacting with students, parents, and guests
- Key phrases for greetings, responses, and query resolution
- Practical application of English language skills

Impact:

The training had a significant impact on participants, offering:

- Improved communication skills for effective interactions
- Increased confidence in speaking English
- Positive engagement and interest in future training programs
- Reinforced commitment to continuous professional development

The English speaking training session successfully enhanced the communication skills of security staff, contributing to a more inclusive and communicative campus environment. CSA's initiative reflects the university's dedication to staff development, ensuring they are well-equipped to perform their duties effectively. Future training sessions will continue to support the security staff's skill development, aligning with CHRIST University's commitment to excellence.

CSA Day 2023

Event Name: CSA Day 2023

Date: 21.08.2023
Time: 4:00 pm
Venue: Central Block

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, hosted CSA Day on August 21, 2023. This orientation event aimed to introduce new students to CSA's operations and initiatives. The event featured an interactive orientation session, showcasing CSA's various cohorts and initiatives. The Heads and Sub Heads of CSA cohorts presented their activities, and immediate registrations were available. This hands-on approach facilitated active involvement and sparked enthusiasm among students.

Learnings

- Comprehensive understanding of CSA's mission, objectives, and initiatives.
- Awareness of diverse cohorts and projects within CSA.
- Importance of active student involvement and engagement.
- Clarification of doubts and concerns regarding CSA's operations.

Impact
The event had a profound impact on students, offering:

- Increased awareness and understanding of CSA's mission and initiatives
- Active student involvement and engagement
- Clear cohort preferences and targeted utilization of talents
- Clarification of doubts and concerns
- Enthusiastic volunteers with diverse perspectives and ideas
- Strengthened team dynamics and sense of belonging
- Long-term impact on commitment to social action

CSA Day 2023 successfully initiated new students into the Centre for Social Action, fostering a sense of purpose and belonging. The event's outcomes will contribute to a more informed, engaged, and diverse group of volunteers, enriching CSA's mission and projects. With 140 attendees, the event marked a significant step forward in fortifying CSA's mission with a broader and more diverse team of dedicated individuals, collectively contributing to positive social change.

Service Learning Workshop

Event Name: Service Learning Workshop

Date: 17.10.2023 and 18.10.2023
Time: 8.30am to 5.00pm
Venue: Central Block Smart Room

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, organized a two-day Capacity Building Program on Service Learning on October 17-18, 2023. The workshop aimed to enhance the understanding and implementation of Service Learning among faculties. The workshop featured insightful sessions led by four accomplished faculty members, covering various aspects of Service Learning. Participants engaged in fruitful discussions, exploring Service Learning models, frameworks, focus areas, curriculum design, and community engagement strategies.

Learnings:

- Comprehensive understanding of Service Learning concepts and models
- Effective planning and execution of Service Learning projects
- Curriculum design and learning outcomes attainment
- Community mapping and participatory rural appraisal (PRA) tools
- Reflection in Service Learning and assessment

Impact:

The workshop had a profound impact on participants, offering:

- Enhanced understanding of Service Learning principles and models
- Practical insights into project planning and execution
- Effective strategies for curriculum design and learning outcomes attainment
- Understanding of community mapping and PRA tools
- Appreciation for reflection in Service Learning and assessment

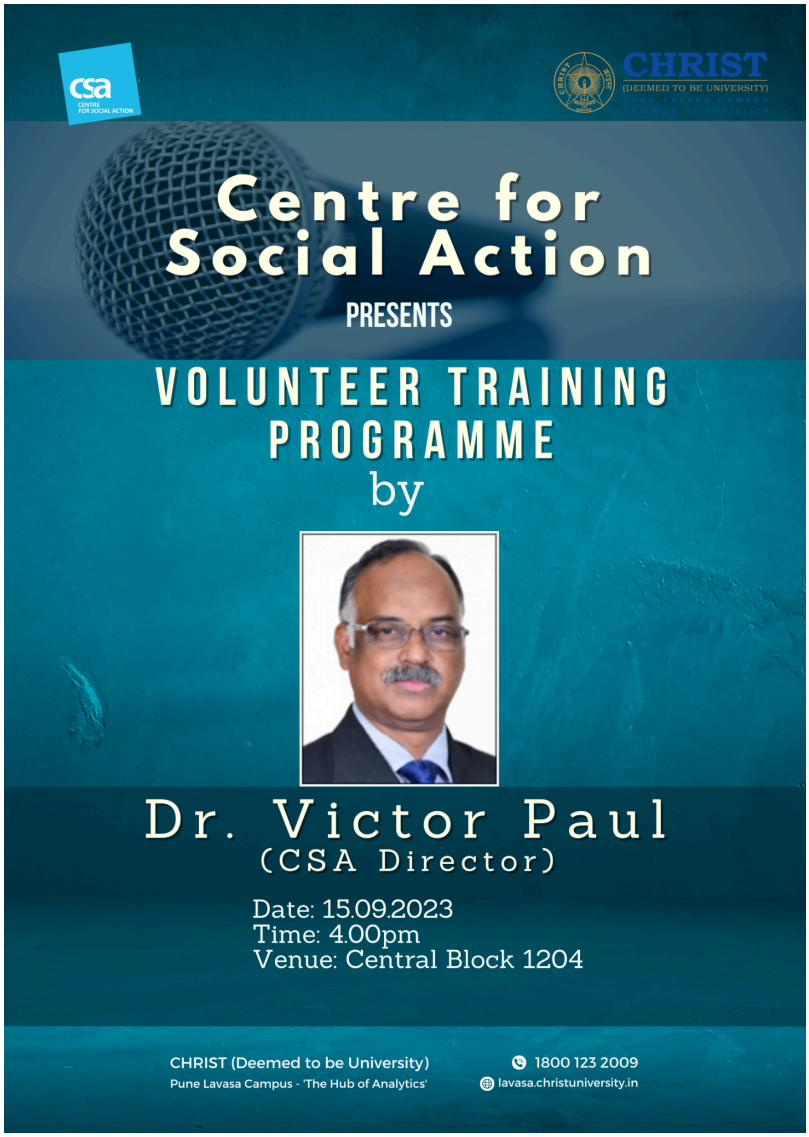

The Service Learning Workshop successfully equipped faculty members with the knowledge and skills to integrate Service Learning into their academic endeavors. The workshop's outcomes will contribute to the institutionalization of Service Learning, fostering a culture of service and community engagement within the academic community.

Volunteer Training Programme

Event Name: Volunteer Training Programme

Date: 15.09.2023
Time: 4.00pm to 5.00pm
Venue: Central Block Room no: 1204

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, conducted a volunteer training programme on September 15, 2023. The session, led by Dr. Victor Paul, aimed to train and welcome new volunteers. The training session covered CSA's initiatives, projects, and their outcomes, emphasizing the role of volunteers in driving positive change. Dr. Paul shared his personal journey, highlighting CSA's commitment to social action. The session connected CSA's vision and mission to the university's broader goals, inspiring volunteers to make a meaningful difference.

Learnings:

- CSA's vision, mission, and alignment with university goals
- Importance of volunteerism and its impact
- University's graduate attributes and their development through CSA projects
- Personal journey of Dr. Victor Paul and CSA's evolution

Impact:
The training programme had a profound impact on students, offering:

- Increased awareness of CSA's mission and vision
- Understanding of CSA's alignment with university goals
- Inspiration and motivation to participate in social initiatives
- Clarity on volunteerism and its importance
- Project engagement and willingness to participate in CSA initiatives

The volunteer training programme successfully equipped students with knowledge and motivation to make a positive impact. Dr. Victor Paul's leadership and personal journey inspired volunteers, fostering a sense of social responsibility and commitment to community engagement. The session's outcomes will contribute to the development of socially responsible graduates, aligning with the university's vision.

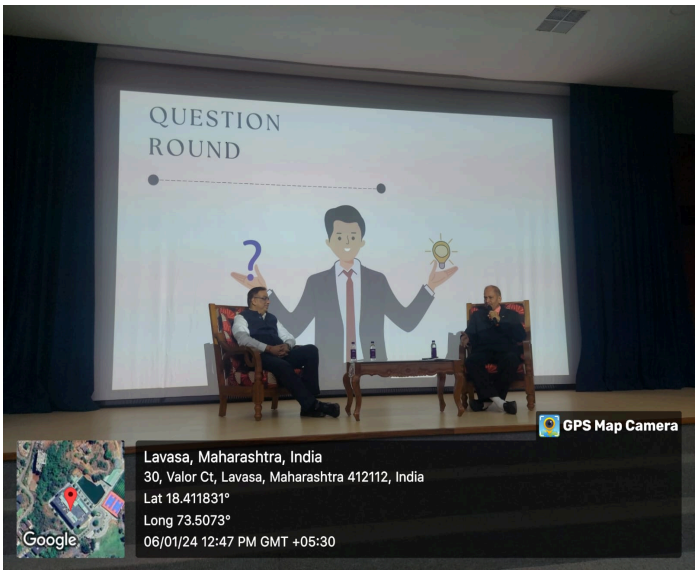

Inheritio Club's Big Banger Event

Event Name: Inheritio Club's Big Banger Event

Date: 6th January 2024
Time: 11:30 AM to 1:00 PM
Venue: Auditorium , Central Block

The Centre for Social Action (CSA) and Inheritio Club at CHRIST (Deemed to be University), Pune Lavasa Campus, organized "Unveiling Financial Frontiers" on January 6, 2024. The event featured Mr. Ketan Gaikwad, G20 Summit Member and Managing Director of Receivables Exchange of India Limited (RXIL). The event provided students with invaluable insights into the world of finance, fostering financial literacy and celebrating entrepreneurial vision. Mr. Gaikwad shared his 32-year experience in banking, highlighting his leadership in TReDS platforms and fintech expertise. The interactive session encouraged meaningful dialogue, inspiring students to explore financial career opportunities.

Learnings:

- Global finance perspective and its applications
- TReDS platform leadership and financial inclusion
- Fintech mastery and adaptability
- Dynamic career evolution in the financial industry
- Importance of financial literacy and visionary entrepreneurship

Impact:

The event had a profound impact on students, offering:

- A deeper understanding of the evolving fintech landscape
- Exposure to RBI-mandated initiatives promoting financial inclusivity
- Inspiration from Mr. Gaikwad's versatile career trajectory
- Enhanced knowledge of global finance perspectives
- Appreciation for the significance of financial literacy

The Inheritio Club's Big Banger Event successfully bridged the gap between academia and industry, providing students with a unique learning experience. Mr. Gaikwad's expertise and global outlook inspired students, fostering a culture of financial literacy and entrepreneurial spirit. The event's success underscores the importance of collaborative learning and industry-academia interactions, leaving a lasting impression on attendees.

Summer Camp

Event Name: Summer Camp for Bombay Colony and Nai Basti children

Date: 20 May to 23 May
Time: 9 am to 12 PM
Venue: Bombay Colony and Nai Basti

A summer camp was organized for children from Bombay Colony and Nai Basti from May 20 to 23, 2024. The camp aimed to provide edutainment programs, knowledge enhancement sessions, and creative activities to ensure active participation and skill development. The camp featured interactive activities, such as indoor games, creative thinking exercises, and group discussions. The modules were designed to promote learning, creativity, and teamwork. Refreshments were provided daily, and evaluations were conducted to assess the children's understanding.

Learnings:

The camp covered various modules, including:

- Introduction and rapport building
- Nutrition and healthy eating
- Life skills and personal hygiene
- Communicative English
- Indian Culture and General Knowledge
- Environmental awareness and sustainability

Impact:

The summer camp had a positive impact on the beneficiaries, including:

- Improved communication skills through rapport building and English communication sessions
- Enhanced knowledge on nutrition, personal hygiene, and environmental sustainability
- Developed creative thinking and problem-solving skills through various activities
- Encouraged teamwork and cooperation through group games and discussions
- Fostered a sense of community and friendship among participants

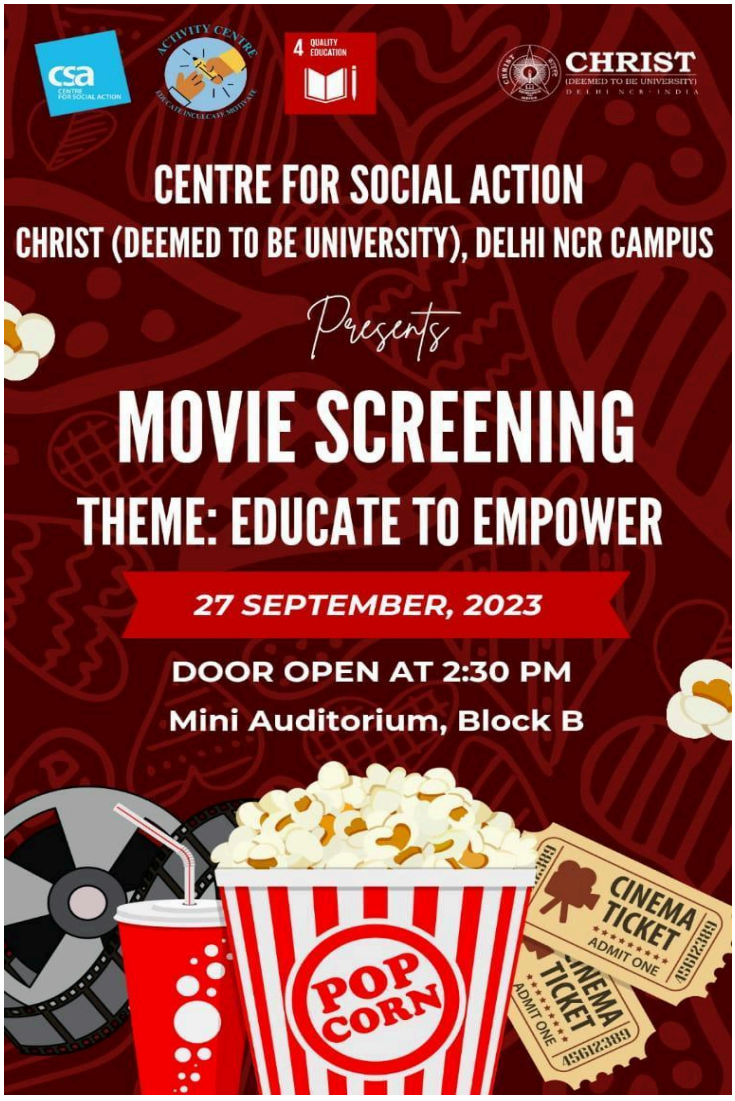

The summer camp was a success, providing a fun and informative experience for the children. The camp achieved its objectives, empowering the children with essential life skills, knowledge, and creativity. The Centre for Social Action is confident that the camp will have a lasting impact on the children's lives, and we look forward to organizing similar events in the future.

Movie Screening

Event Name: Movie Screening

Date: 27th September, 2023
Time: 2:30 pm to 4:30 pm
Venue: Mini Auditorium Block-B

The Centre for Social Action (CSA) organized a movie screening on September 27, 2023, to educate and empower volunteers with effective teaching techniques and methodologies for working with underprivileged children.

Learnings:

- Innovative teaching techniques
- Belief in students' potential
- Cultural sensitivity
- Relationship-building
- Positive reinforcement

The movie "The Ron Clark Story" showcased Ron Clark's unique teaching practices, emphasizing the importance of customization, belief, cultural sensitivity, relationship-building, and positive reinforcement. The event encouraged meaningful conversations and inspired volunteers to make a positive impact in the lives of underprivileged children.

Impact:

The event had a profound impact on both the beneficiaries and volunteers:

Beneficiaries:

- Increased motivation and engagement in learning
- Improved social skills through teamwork and communication
- Greater sense of belonging through connections with peers and adults
- Improved learning outcomes through new skills and knowledge

Volunteers:

- Knowledge on teaching, child development, and working with underprivileged children
- Skills like engaging children, making learning interactive, and being adaptable
- Confidence in their ability to teach and work with children.
- Sense of purpose in making a difference in children's lives.

The movie screening was a success, empowering volunteers with effective teaching techniques and methodologies to provide quality education to underprivileged children. The event inspired volunteers to make a positive difference in the lives of children, and the Centre for Social Action is confident that they will continue to make a lasting impact.

International Literacy Day in Nai Basti

Event Name: International Literacy Day in Nai Basti

Date: 6th September, 2023

Time: 3:30pm - 5:30pm (2 Hours)

Venue: Nai Basti

The English and Cultural Studies Department and Centre for Social Action (CSA) of Christ University, Delhi NCR, jointly observed International Literacy Day in Nai Basti, Ghaziabad on September 6, 2023. The event featured distribution of essential school supplies, educational materials, and chocolates to underprivileged children. Entertaining activities like "damsharaj" promoted fun and camaraderie among the kids. The partnership between CSA and the English Department embodied social responsibility and emphasized the value of education.

Learnings:

- Importance of education in empowering disadvantaged groups
- Effective ways to engage and motivate underprivileged children
- Value of community involvement and group efforts in making a positive impact

Impact:

The event had a profound impact on both the beneficiaries and volunteers:

Beneficiaries:

- Increased motivation and engagement in learning
- Improved social skills through teamwork and communication
- Greater sense of belonging through connections with peers and adults
- Improved learning outcomes through new skills and knowledge

Volunteers:

- Knowledge on teaching, child development, and working with underprivileged children
- Skills like engaging children, making learning interactive, and being adaptable
- Confidence in their ability to teach and work with children
- Sense of purpose in making a difference in children's lives

The International Literacy Day celebration in Nai Basti was a heartwarming example of the positive impact of community involvement and group efforts. The partnership between CSA and the English Department demonstrated social responsibility and emphasized the value of education in empowering disadvantaged groups. This event will have a lasting impact on both the beneficiaries and volunteers, inspiring continued efforts to make a difference in the lives of those in need.

Training Session

Event Name: Training Session

Date: 2nd September 2023
Time: 12:40 PM – 1:40 PM (1 hour)
Venue: Seminar Hall, Block A

The Centre for Social Action organized a training session for student volunteers on September 2, 2023, to equip them with effective teaching techniques and methodologies for teaching underprivileged children. The session, led by Dr. Sneha Saha, featured interactive activities such as a ball throw game, drawing exercise, and riddles to develop skills like attention-grabbing, creativity, problem-solving, and teamwork.

Learnings:

- Recognizing unique challenges and backgrounds of underprivileged children
- Engaging students through storytelling, role-playing, and hands-on activities
- Crafting visual aids and teaching materials using readily available resources
- Managing diverse classrooms and promoting respect, empathy, and cooperation
- Encouraging physical activities, songs, and rhymes for memory retention
- Enhancing skills and promoting personality development in students.

Impact:

The training session had a profound impact on the volunteers, offering:

- Knowledge on teaching, child development, and working with underprivileged children
- Skills like engaging children, making learning interactive, and being adaptable
- Confidence in their ability to teach and work with children
- Sense of purpose in making a difference in children's lives

The beneficiaries (underprivileged children) will experience:

- Increased motivation and engagement in learning
- Improved social skills through teamwork and communication
- Greater sense of belonging through connections with peers and adults
- Improved learning outcomes through new skills and knowledge

The training session was a success, empowering volunteers with effective teaching techniques and methodologies to provide quality education to underprivileged children. The Centre for Social Action is confident that the volunteers will make a positive difference in the lives of the children they serve.

Daksh (Career Fest)

Event Name: Daksh (Career Fest)

Date: 28th January, 2023
Time: 7AM-4PM
Venue: Bangalore Central Campus, CHRIST (Deemed to be University)

The Centre for Social Action (CSA) participated in Daksh 2023, a career fest held at CHRIST (Deemed to be University), Bangalore Central Campus, on January 28, 2023. The event aimed to showcase CSA's community initiatives and promote awareness among students and parents. CSA set up stalls to promote their community initiatives, attracting a high footfall, particularly during lunch hours. Volunteers actively engaged with visitors, explaining CSA's mission and impact. The event introduced various CSA projects through games and interactions, leaving a lasting impression on participants.

Learnings:
The event highlighted the importance of:

- Promoting inclusive and equitable quality education
- Raising awareness about community-oriented activities
- Engaging students and parents in social causes
- Showcasing the positive impact of community initiatives

Impact:
The event had a positive impact on students and parents, including:

- Increased awareness and appreciation for CSA's community efforts
- Insights into CSA's multiple projects and causes
- Informal introduction to initiatives like CSP and Parivartana in a fun and engaging manner
- Deepened respect for social work and community contributions

Daksh 2023 provided an excellent platform for CSA to showcase their community initiatives, aligning with SDG 4 (Quality Education). The event promoted inclusive and equitable quality education, raising awareness and engaging students and parents in social causes. The positive impact will contribute to a more informed and socially conscious community.

Kidzania Activity Centre

Event Name: Kidzania Activity Centre

Date: 22nd October, 2022
Time: 9AM-2PM
Venue: Decathlon, Bannerghatta Road

The Centre for Social Action (CSA) organized the Kidzania Activity Centre event on October 22, 2022, at Decathlon, Bannerghatta Road. The event aimed to engage underprivileged students in sports and physical activities, promoting healthy lives and well-being. Twenty-nine underprivileged students participated in various games and activities, including Lemon and Spoon, Red Light-Green Light, and the Three-Legged Game. The event provided a unique opportunity for children to explore new horizons in sports and life. CSA volunteers educated the children on waste segregation, promoting environmental responsibility.

Learnings:
The event highlighted the importance of:

- Promoting healthy lives and well-being through sports and physical activities
- Providing inclusive and equitable quality education through experiential learning
- Encouraging teamwork, communication, and healthy competition
- Educating children on waste segregation and environmental responsibility

Impact:
The event had a positive impact on students, including:

- Exposure to a new environment and sports facilities
- Development of teamwork, communication, and problem-solving skills
- Encouragement of healthy competition and physical activity
- Increased awareness of waste segregation and environmental responsibility
- Enhanced self-confidence and self-esteem through certificate distribution

The Kidzania Activity Centre event successfully promoted SDG 3 (Good Health and Well-being) and SDG 4 (Quality Education). By providing an inclusive and engaging platform, CSA encouraged underprivileged students to adopt healthy lifestyles and explore new opportunities. The event demonstrated CSA's commitment to holistic development, empowering children to become active, responsible, and confident individuals.

Ground to Glory

Event Name: Ground to Glory

Date: 5 - 9 March 2023
Time: 4.00 pm- 8.00 pm
Venue: Decathlon Bannerghatta Flagship store

The "Ground to Glory" community event, held from March 5-9, 2023, at Decathlon Bannerghatta, aimed to promote education and community unity. The event was organized by various committees, including sponsorship, events, promotions, and logistics. The event successfully raised funds, scheduled events, created awareness, and supported the education of 12 underprivileged students. Committees worked together to achieve the event's objectives, fostering a sense of community and solidarity among participants, volunteers, and spectators.

Learnings:
The event highlighted the importance of:

- Community unity and solidarity
- Education and its impact on underprivileged students
- Effective event organization and management
- Volunteerism and community support
- Real-life management skills and hands-on experience

Impact:
The event had a positive impact on students and volunteers, including:

- Increased awareness about the importance of education
- Encouragement of volunteerism and community support
- Acquisition of real-life management skills
- Sense of satisfaction and fulfillment from supporting a noble cause

The "Ground to Glory" event successfully promoted education and community unity, supporting the education of 12 underprivileged students. The event demonstrated the power of collective effort and community support, providing a valuable learning experience for students and volunteers. The event will be conducted annually to continue supporting underprivileged students through the CSP initiative.

Book Donation Drive

Event Name: Book Donation Drive

Date: 10-09-2022
Venue: Hoovina Hole Foundation

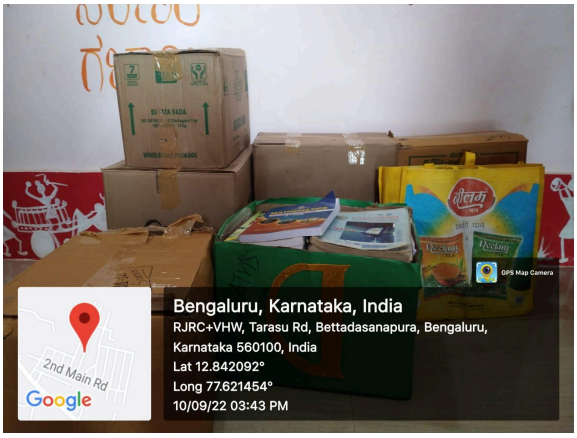

The Centre for Social Action (CSA) organized a book donation drive on September 10, 2022, in collaboration with the Hoovina Hole Foundation. The drive aimed to provide underprivileged children with access to educational resources, promoting quality education and breaking the cycle of poverty. The drive collected books from students of different ages, sorting them into categories such as mathematics, business, accounting, economics, and general knowledge. The donated books added to the Hoovina Hole Foundation's existing collection of over 200 Kannada books, enhancing the children's vocabulary and language skills.

Learnings:

The drive highlighted the importance of:

- Access to quality education for underprivileged children
- Community involvement in promoting education
- Sorting and categorizing books for efficient distribution
- Collaboration with organizations dedicated to education

Impact:

The drive had a positive impact on students and the community, including:

- Improved access to quality education for underprivileged children
- Potential to break the cycle of poverty through education
- Enhanced vocabulary and language skills for the children
- Improved overall quality of life for the community

The book donation drive successfully promoted education and community involvement, supporting the Hoovina Hole Foundation's mission. The drive demonstrated the power of collective effort in providing underprivileged children with access to educational resources, empowering them to break the cycle of poverty and improve their quality of life.

1" National Contract Drafting Workshop and Competition 2024

Event Name: 1" National Contract Drafting Workshop and Competition 2024

Date: 14-02-2024
Time: 9:30am-3:00pm
Venue: Room 911, Central Block, CHRIST (Deemed to be University), Bangalore

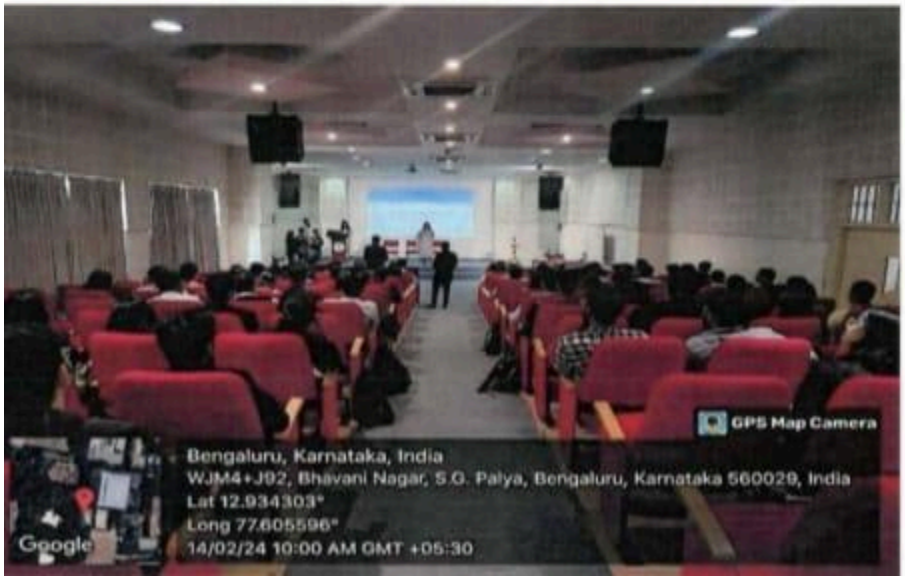

The Centre for Social Action (CSA) at CHRIST (Deemed to be University) organized the 1st National Contract Drafting Workshop and Competition on February 14, 2024. The event aimed to equip law students with practical contract drafting skills, promoting effective and responsible legal practice. The workshop featured expert speakers from Nishith Desai Associates, who shared insights on investment deal nuances, deal documentation, and commercial contract drafting. Participants gained hands-on experience through a competition, receiving feedback from experienced legal professionals.

Learnings:
The workshop highlighted the importance of:

- Mastering contract drafting techniques
- Understanding investment stages and structures
- Drafting clear and comprehensive commercial contracts
- Balancing legal precision with commercial awareness
- Employing critical thinking and logical legal reasoning

Impact:

The event had a profound impact on students, including:

- Enhanced understanding of contract drafting and negotiation
- Improved critical thinking and problem-solving skills
- Increased confidence in navigating complex legal transactions
- Heightened awareness of deal structures and risk management techniques
- Better preparedness for academic pursuits and professional careers

The National Contract Drafting Workshop and Competition successfully bridged the gap between theoretical knowledge and practical application. By equipping law students with essential contract drafting skills, the event contributed to SDGs 5, 8, 10, and 16, promoting access to justice, decent work, and economic growth. The workshop's impact will resonate through the legal community, empowering future legal professionals to craft effective and responsible contracts.

Ist National Symposium on Corporate Juris Nexus

Event Name: Ist National Symposium on Corporate Juris Nexus

Date: 29-09-2023
Time: 9:20am-5:00pm
Venue: Online mode- Google meet.

The Corporate Law Committee organized the 1st National Symposium on Corporate Juris Nexus on September 29, 2023. The online event aimed to enhance law students' understanding of corporate law, focusing on employability, entrepreneurship, and skill development. Renowned speakers from Shardul Amarchand Mangaldas & Co. and J Sagar Associates shared insights on corporate law trends and challenges. Students actively participated, posing thoughtful questions and engaging in discussions.

Learnings:

The symposium highlighted key concepts and issues in:

- Mergers and Acquisitions (M&A)
- Corporate Restructuring
- Banking and Finance
- Insolvency and Bankruptcy Code (IBC)
- Cybersecurity risks in M&A transactions
- Due diligence and risk assessment

Impact:

The symposium significantly impacted students, enhancing their:

- Understanding of corporate law and its applications
- Critical thinking and problem-solving skills
- Awareness of employability and entrepreneurship opportunities
- Networking skills through interactions with industry experts
- Ability to analyze legal problems and suggest concrete solutions

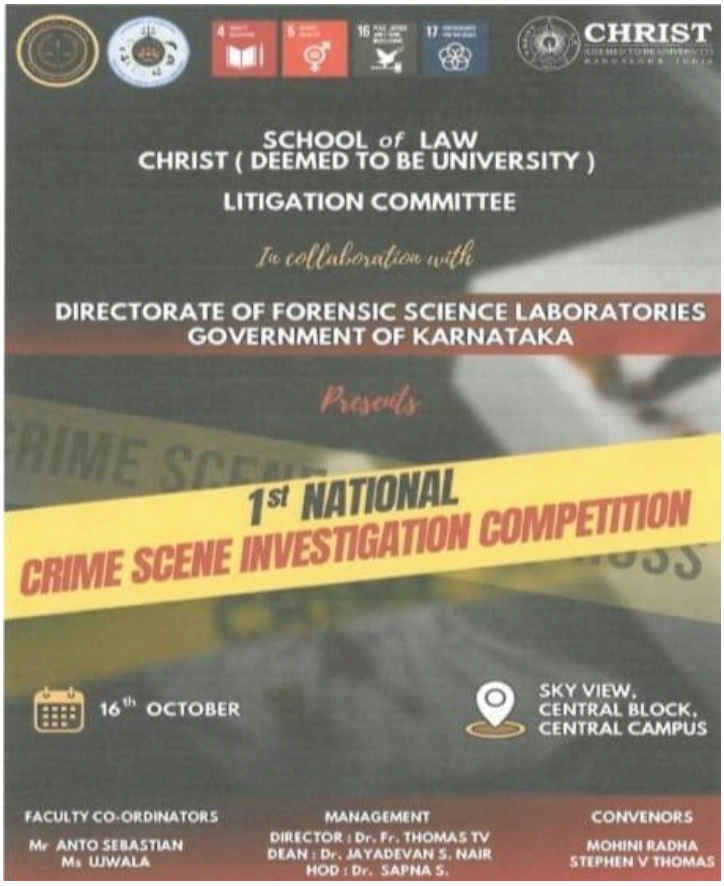

The 1st National Symposium on Corporate Juris Nexus successfully bridged the gap between theoretical knowledge and practical application. By fostering a comprehensive understanding of corporate law, the event contributed to SDGs 5, 8, 10, and 16, promoting access to justice, decent work, and economic growth. The symposium's impact will resonate through the legal community, empowering future professionals to navigate complex corporate landscapes effectively.

1st National Crime Scene Investigation Competition 2023

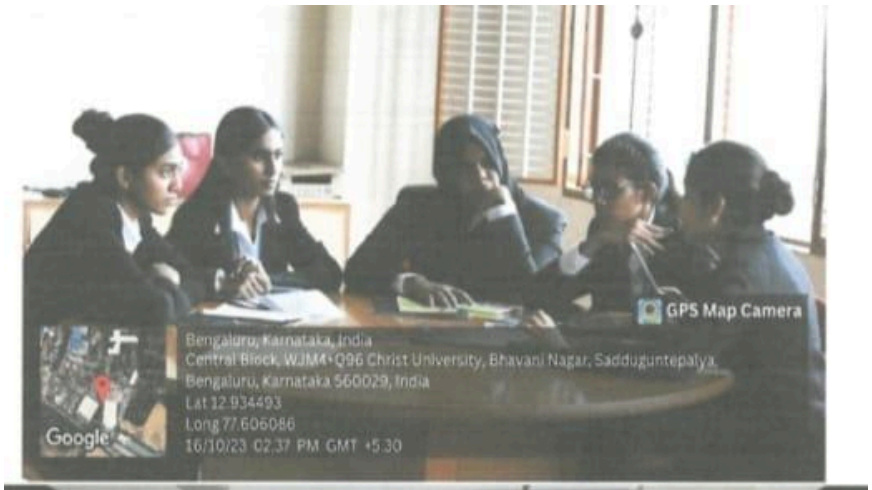

Event Name: 1st National Crime Scene Investigation Competition 2023

Date: 16th October
Time: 8:30 am-4:30 pm
Venue: CHRIST (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

CHRIST (Deemed to be University) hosted the 1st National Crime Scene Investigation Competition on October 16, 2023, in collaboration with the Directorate of Forensic Science Laboratories of the Government of Karnataka. The event aimed to provide law students with practical experience in crime scene investigation and forensic analysis. Thirty-four teams from universities across India participated. The competition involved investigating crime scene stalls and compiling detailed reports. Renowned experts from the Directorate of Forensic Science Laboratories judged the reports.

Learnings:
Participants gained insights into:

- Crime scene investigation techniques
- Evidence collection and preservation
- Forensic analysis and report writing
- Critical thinking and problem-solving
- Teamwork and communication

Impact:
The competition significantly impacted students, enhancing their:

- Practical skills in forensic investigation
- Critical thinking and problem-solving abilities
- Networking opportunities with professionals
- Understanding of the importance of forensic science in criminal investigations
- Confidence and motivation to pursue careers in law enforcement and forensic science

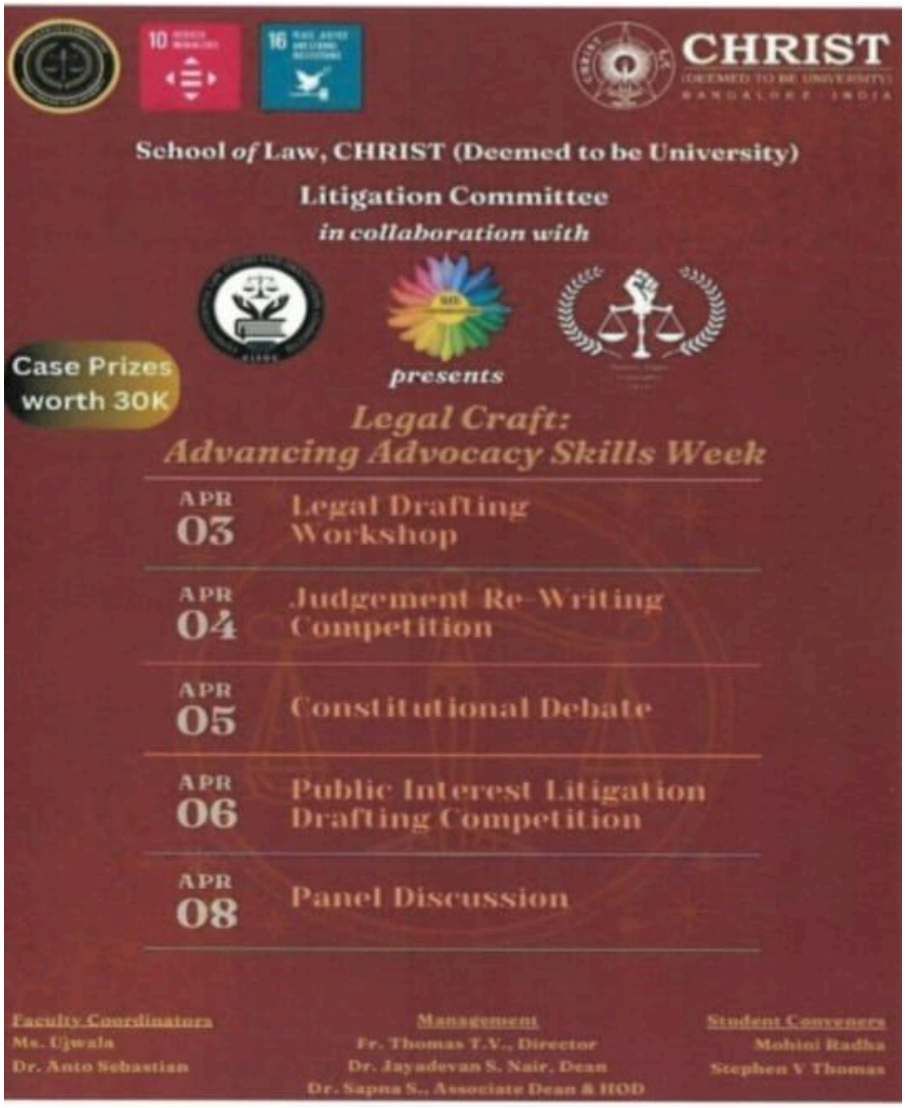

The 1st National Crime Scene Investigation Competition successfully bridged the gap between theoretical knowledge and practical application. By fostering skill development, networking, and public awareness, the event contributed to SDGs 4, 5, 16, and 17, promoting quality education, gender equality, peace, justice, and strong institutions. The competition's impact will resonate through the legal community, empowering future professionals to navigate complex forensic investigations effectively. Plans are underway for the 2nd National Crime Scene Investigation Competition in 2024, aiming to further enhance collaboration and prestige.

Advancing Advocacy Skills Week

Event Name: Advancing Advocacy Skills Week

Date: 3rd to 8th April 2024
Time: 8:30 am 4:30 pm
Venue: CHRIST (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

The School of Law, CHRIST (Deemed to be University), organized the Legal Craft: Advancing Advocacy Skills Week from April 3-8, 2024, in collaboration with the Constitutional Law Studies and Orientation Committee, Human Rights Committee, and Gender Studies Committee. The event aimed to enhance advocacy skills and legal knowledge among law students.

Learnings:
Participants gained practical experience in legal drafting, judgment analysis, and constitutional debates. They developed critical thinking, problem-solving, and effective communication skills.

The event consisted of a legal drafting workshop, judgment re-writing competition, constitutional debate, and panel discussion. Renowned advocates and judges evaluated the competitions, providing valuable feedback to participants.

Impact on the students:
The event had a positive impact on students, enhancing their employability by honing essential skills. It fostered critical thinking, attention to detail, and an understanding of legal techniques. The event also promoted inclusivity and gender balance, contributing to Sustainable Development Goals 4, 5, 10, and 16.

The Legal Craft Advancing Advocacy Skills Week was a success, providing students with practical experience and skills essential for success in the legal realm. The event demonstrated the importance of legal drafting, judgment analysis, and constitutional debates in ensuring fair and just laws and their outcomes. The competition inspired participants to strive for excellence in their academic and professional pursuits, motivating them to continue their education and training in law.

ALUMNI SPORTS MEET

Event Name: ALUMNI SPORTS MEET

Date: 17 March 2024
Time: 7:30 AM to 2 PM
Venue: University Grounds, CHRIST (Deemed to be University).

CHRIST (Deemed to be University)'s School of Law hosted the Alumni Sports Meet 2023-24 on March 17, 2024. The event aimed to foster connections between alumni and students through friendly sporting activities. The meet featured various sports, including cricket, football, basketball, and table tennis. Fifty-two alumni and thirty-eight students participated. The alumni emerged victorious in most events, sharing their skills and experiences with students.

Learnings:

- Valuable insights into work-life culture post-graduation
- Knowledge and tips from alumni
- Opportunities to develop friendships and professional networks
- Experience in teamwork and sportsmanship
- Understanding of the importance of physical and mental well-being

Impact:
The event significantly impacted students, enhancing their:

- Social skills through interactions with alumni
- Understanding of post-graduation opportunities and challenges
- Appreciation for the importance of physical activity and teamwork
- Confidence and motivation to pursue their goals

The Alumni Sports Meet 2023-24 successfully promoted bonding between alumni and students. By supporting SDGs 3 and 5, the event contributed to good health and well-being, and gender equality. Plans are underway to make this an annual event, providing ongoing opportunities for students to connect with alumni and benefit from their experiences. The event's impact will resonate through the university community, fostering a culture of camaraderie, healthy competition, and mutual growth.

Awareness Campaign on Gender Identity

Event Name: Awareness Campaign on Gender Identity

On November 2, 2023, the Inclusivity Cell and 3rd-semester MA English with Communication Studies students at CHRIST (Deemed to be University) organized "Beyond the Binary: Gender Identities Unboxed." The event aimed to raise awareness about gender identities and promote inclusivity.

The event featured interactive games and activities, including:

1. "Myth Buster" - dispelling common myths about gender identity
2. "Glossary of Gender Terms" - educating participants on key terminology
3. "Comment Section" - encouraging open discussions and feedback
4. Decorations and informative posters on gender-inclusive language

BEYOND THE
BINARY:
GENDER IDENTITES
UNBOXED

Learnings
Students gained:

- Awareness about gender identities and expressions
- Understanding of myths and facts surrounding gender issues
- Familiarity with key terminology
- Appreciation for inclusivity and diversity
- Opportunities for open discussions and networking

Impact

The event significantly impacted students, fostering:

- Increased empathy and understanding of diverse gender experiences
- Reduced stigma and prejudice related to gender issues
- Improved knowledge and awareness about gender identities
- Encouragement to promote inclusivity and sensitivity

"Beyond the Binary: Gender Identities Unboxed" successfully promoted awareness, inclusivity, and empathy among students. The event supported SDGs 5 (Gender Equality) and 10 (Reduced Inequalities), contributing to a more informed and empathetic community. The positive feedback and requests for future initiatives underscore the importance of continued efforts to promote awareness and discourse on gender-related topics. The event's impact will resonate through the university community, inspiring a culture of inclusivity, acceptance, and understanding.

Awareness Campaign on Men's Sexual Health and Hygiene

Event Name: Awareness Campaign on Men's Sexual Health and Hygiene

Date: November 2, 2023
Time: 9 am - 4 pm
Venue: CHRIST (Deemed to be University), Central Campus

On November 2, 2023, CHRIST (Deemed to be University) students organized an awareness campaign on men's sexual health and hygiene, aligning with SDG Goal 5: Gender Equality. The campaign aimed to educate and inform the campus community about men's sexual health, addressing prevalent knowledge gaps and societal stigmas. The initiative included:

- Research survey to assess existing knowledge
- Awareness stall with interactive displays and educational materials
- Quizzes and open discussions
- Feedback collection and analysis

Over 150 students, teaching faculty, and non-teaching staff participated, demonstrating a positive and open attitude towards the subject.

Learnings:

1. Significant knowledge gaps exist regarding men's sexual health and hygiene.
2. Social taboos and stigmas surrounding the topic can be challenged through awareness initiatives.
3. Open discussions and interactive engagement are effective in promoting healthy practices.

Impact:
The campaign:

- Increased awareness and understanding of men's sexual health and hygiene
- Encouraged open discussions and challenged societal stigmas
- Highlighted the need for continued awareness efforts

The Men's Sexual Health and Hygiene Awareness Campaign successfully addressed knowledge gaps and promoted healthy practices. Positive feedback and requests for future events underscore the need for ongoing initiatives in this area. Future campaigns can expand to include both men's and women's sexual health topics, further promoting gender equality and well-being.

Beyond the Binary: Gender Identities Unboxed

Event Name: Beyond the Binary: Gender Identities Unboxed

Date: 2 November 2023
Time: 9 am to 4 pm
Venue: Central block, CHRIST (Deemed to be University)

On November 2, 2023, the Ecological Diversity Cell, Department of English and Cultural Studies, CHRIST (Deemed to be University), organized an awareness stall, "Beyond the Binary: Gender Identities Unboxed," aligning with SDG Goal 5: Gender Equality. The event aimed to educate students about gender identities and promote inclusivity through:

- Interactive games ("Myth Buster" and "Glossary of Gender Terms")
- Open discussions and comment sections
- Informative banners and posters

Participants:
Students from diverse academic backgrounds actively participated, demonstrating a positive attitude and willingness to engage in meaningful conversations.

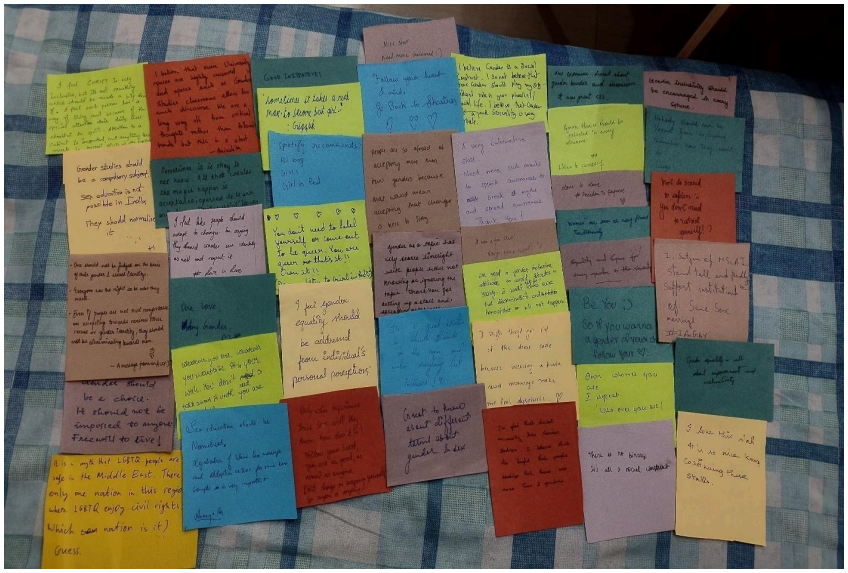

Learnings:

1. Importance of inclusive language and terminology.
2. Need to dispel common myths and misconceptions about gender identity.
3. Value of open discussions and safe spaces for sharing experiences.

Impact:
The event:

- Raised awareness about gender identities and inclusivity.
- Encouraged open discussions and empathy.
- Fostered a supportive community.

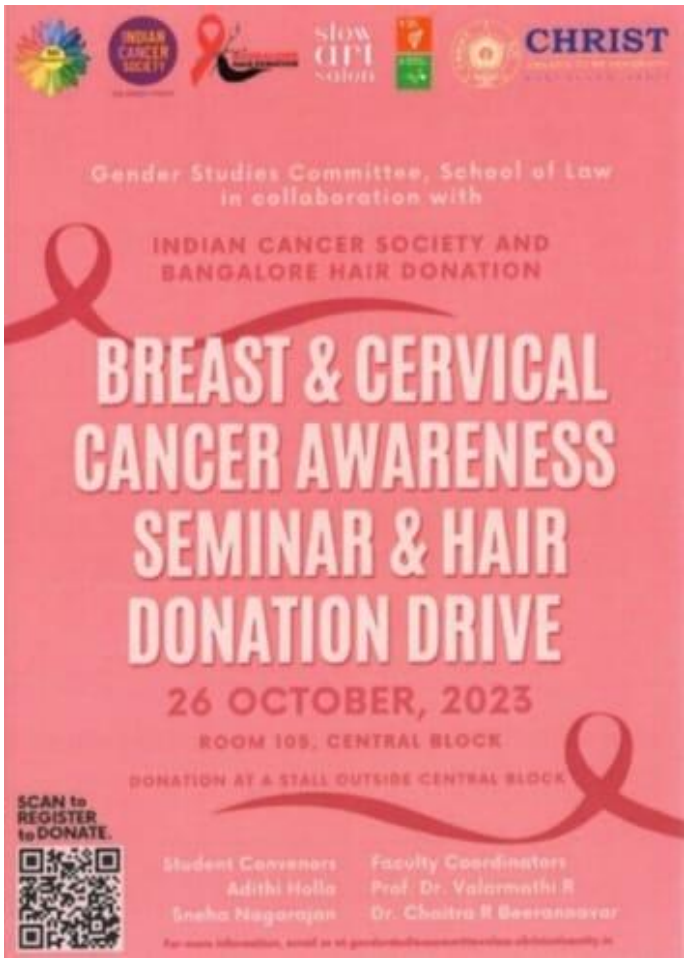

"Beyond the Binary" successfully promoted understanding and inclusivity, demonstrating the need for continued efforts. Positive feedback and requests for future events underscore the importance of ongoing initiatives.

Breast & Cervical Cancer Awareness Seminar & Hair Donation Drive

Event Name: Breast & Cervical Cancer Awareness Seminar & Hair Donation Drive

Date: 26/10/2023
Time: 9:30 AM-4:30 PM
Venue: Room 105, Central Block, Central Campus, CHRIST (Deemed to be University), Bangalore

On October 26, 2023, the Gender Studies Committee, School of Law, CHRIST (Deemed to be University), organized a Breast and Cervical Cancer Awareness Seminar and Hair Donation Drive. The event aimed to educate students about early detection, prevention, and support for cancer patients. The seminar featured expert speakers, including Dr. Lohita Krishna and Dr. Rekha B.R., who discussed symptoms, treatments, and anatomical explanations of breast and cervical cancer. The hair donation drive collected hair for cancer patients' wigs, promoting self-esteem and confidence.

Learnings:
Students gained:

- Knowledge about breast and cervical cancer symptoms, prevention, and treatments
- Understanding of the importance of early detection and screenings
- Awareness about the emotional impact of cancer on patients and families
- Empathy and solidarity through hair donation
- Importance of social responsibility and gender inclusivity

Impact:
The event significantly impacted students, fostering:

- Increased awareness and empathy for cancer patients
- Improved understanding of health and well-being
- Enhanced sense of social responsibility and community engagement
- Opportunities for skill development in event planning and teamwork

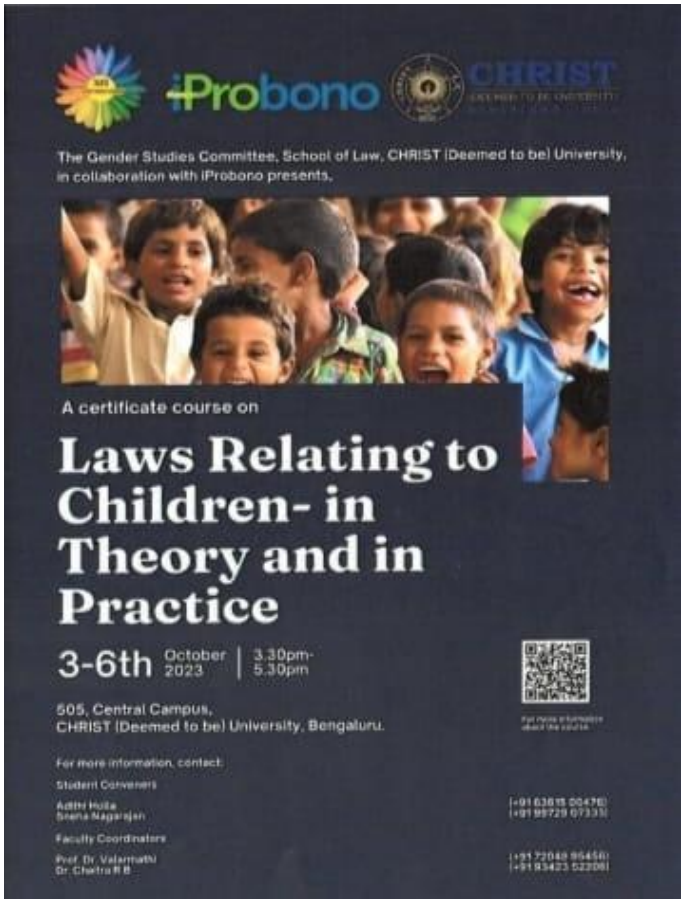

The Breast and Cervical Cancer Awareness Seminar and Hair Donation Drive successfully promoted health awareness, empathy, and social responsibility among students. Supporting SDGs 3 (Good Health and Well-being), 5 (Gender Equality), and 10 (Reduced Inequalities), the event reinforced the school's commitment to social responsibility and gender inclusivity. The initiative's impact will resonate through the university community, inspiring ongoing conversations and actions aimed at promoting health, solidarity, and equity.

Certificate Course on Laws Relating to Children - In Theory and Practice

Event Name: Certificate Course on Laws Relating to Children - In Theory and Practice

Date: 3 October 2023 [Tuesday]-6th October 2023 [Friday]
Time: 3:30 PM-5:30 PM
Venue: Room No. 505, 5th floor, Central Block, Christ (Deemed to be University), Bangalore.

Christ (Deemed to be University), Bangalore, in collaboration with iProbono, conducted a Certificate Course on "Laws Relating to Children - In Theory and Practice" from October 3-6, 2023. The course aimed to educate law students on critical child-related laws in India. The course featured expert speakers, including Advocates Nimisha Menon, Yamina Rizvi, and Shriya Hegde, who deliberated on key legislations such as the POCSO Act, Child Marriage Act, Juvenile Justice Act, Child Labour Act, and Bonded Labour Act. Through theoretical knowledge, case studies, and practical exercises, participants gained insights into these vital laws.

Learnings:
Students acquired:

- Comprehensive understanding of child-related laws
- Knowledge of legal procedures for protecting children's rights
- Ability to apply legal knowledge through case studies
- Awareness of gender and sustainability concerns
- Enhanced research and writing skills

Impact:
The course significantly impacted students, fostering:

- Increased awareness and empathy for child-related issues
- Improved understanding of legal frameworks and procedures
- Enhanced research and advocacy skills
- Commitment to advocating for child rights and welfare
- Networking opportunities with experts and peers

The Certificate Course on "Laws Relating to Children - In Theory and Practice" successfully equipped law students with specialized knowledge and skills to navigate child-related laws. By promoting awareness and understanding of these laws, the course contributed to building a more just and equitable society for children. Participants left with a renewed commitment to advocating for child rights and welfare, poised to make a positive impact in their future careers. This initiative reinforces the university's commitment to social responsibility, quality education, and gender equality, aligning with SDGs 4, 5, and 10.

Women In AI

Event Name: Women In AI

Date: 20th March, 2024
Time: 11 noon – 1 pm
Venue: Central Block: 9th floor, room no. 911

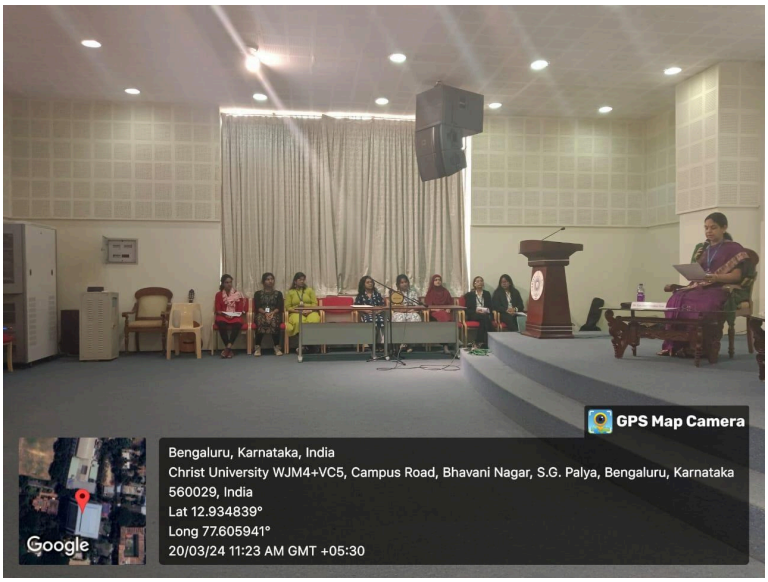

On March 20, 2024, the Centre for Artificial Intelligence, CHRIST (Deemed to be University), organized a panel discussion, "Women in AI," to empower female students in Computer Science, Statistics, and Data Science departments.

Key topics:

- Gender disparity in AI (25% gap)
- Challenging traditional gender roles
- Workplace dynamics and female representation
- Communication and decision-making
- Inclusivity and sustainability

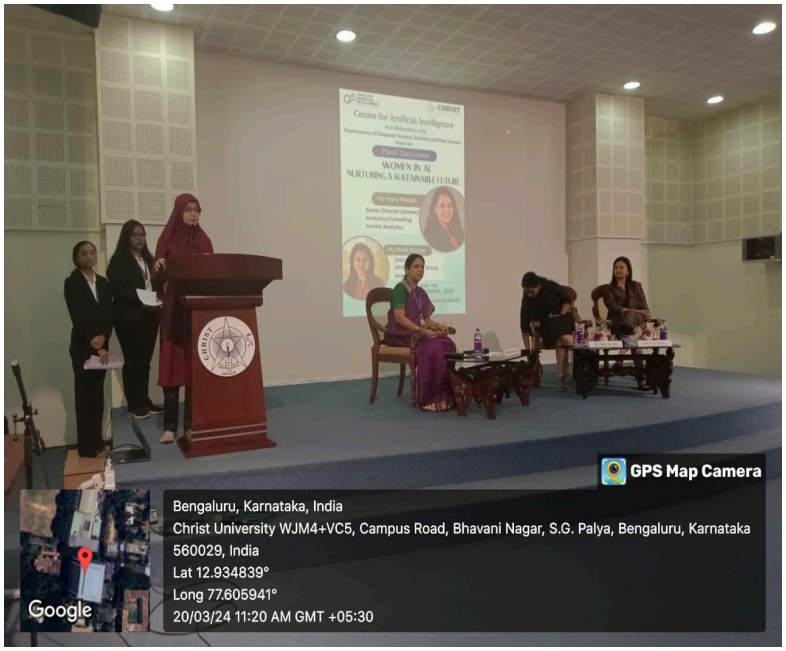

Learnings:

1. Importance of increased female representation in AI.
2. Equality in opportunities and financial independence.
3. Balancing work and family responsibilities.
4. Effective communication and decision-making.
5. Fostering sisterhood and continuous learning.

Impact on Students:
The event:

- Inspired and motivated female students to pursue AI careers.
- Raised awareness about gender disparities and equality.
- Provided valuable insights into workplace dynamics.
- Encouraged students to challenge traditional norms.

The "Women in AI" event successfully empowered female students, promoting diversity and inclusivity in AI. The discussions and insights shared by the panelists will have a lasting impact on the students, encouraging them to pursue careers in AI.

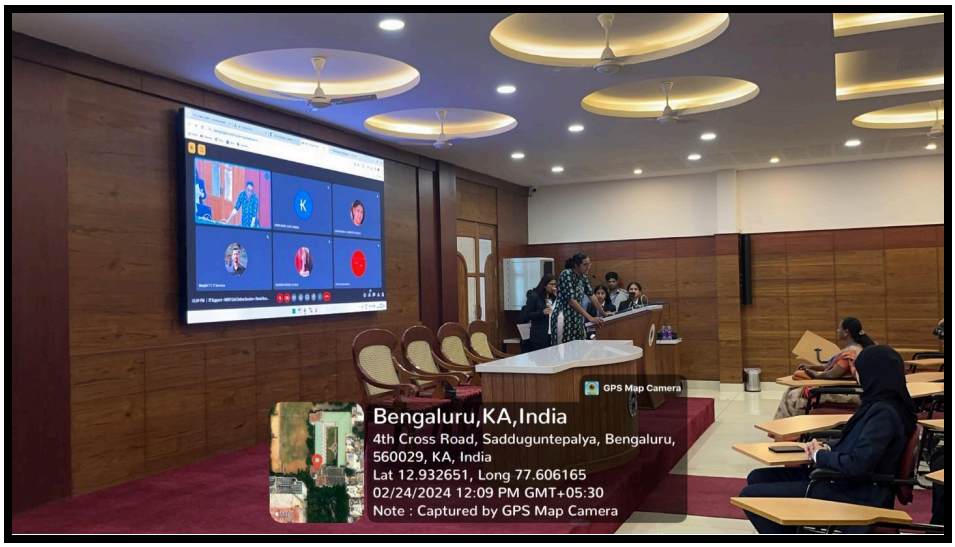

Empower Her Finance

Event Name: Empower Her Finance

Date: 24th February, 2024
Time: 12 noon – 1pm
Venue: Offline:
Block 2: Panel Room,
Online:
Room 624, 702.
Block 3: Room 4 and 5.
Central Block: Room 823, 824

On February 24, 2024, the WRIT cell, Department of Computer Science, CHRIST (Deemed to be University), organized a hybrid session, "Empower Her Finance," for female students. The event aimed to empower women through effective financial management strategies.

Highlights:

1. Expert insights on budgeting, investing, and saving.
2. Online streaming for global reach.

Participants:
300 female students from BCA, BSc CM and CS, MSCAIM, and MCA departments.

Learnings:

- Importance of financial independence.
- Effective budgeting and saving strategies.
- Investing and wealth management.
- Economic empowerment and well-being.

Impact on Students:
The event:

- Inspired financial literacy and independence.
- Encouraged informed financial decision-making.
- Fostered economic empowerment and well-being.

"Empower Her Finance" successfully equipped female students with essential financial management skills, promoting economic independence and overall empowerment.

SDG Week

Event Name: SDG Week

Date: 13th February, 2024
Time: 9 AM – 11 PM
Venue: Central Block, 10th Floor, Sky View

On February 13, 2024, CHRIST (Deemed to be University) hosted the SDG Week Roundtable Conference, focusing on SDG 5 (Gender Equality) and SDG 11 (Sustainable Cities and Communities).

The event featured expert speakers:

- Mr. Vasuki Iyengar (Waste Management Practitioner)
- Mr. G. Nagaraj (The Indian Plogman)
- Prof. Chetna Jha (Gender Equality Speaker)
- Ms. Peddina Sripriya ("Know your Plastic" Trainer)

Highlights:

1. Insights on plastic and waste management.
2. Interactive discussions on sustainable solutions.
3. Emphasis on gender equality and social equity.

Learnings:

1. Interconnectedness of sustainability issues.
2. Effective strategies for plastic and waste management.
3. Importance of inclusive approaches.
4. Actionable strategies for sustainable practices.

Impact on Students:

The event:

- Raised awareness about SDGs and sustainability.
- Empowered students with knowledge and tools.
- Fostered collaborative networks and partnerships.

The SDG Week Roundtable Conference successfully promoted awareness, collaboration, and action towards achieving the SDGs. Expert speakers and interactive discussions inspired students to take concrete actions, contributing to positive change.

Guest Lecture

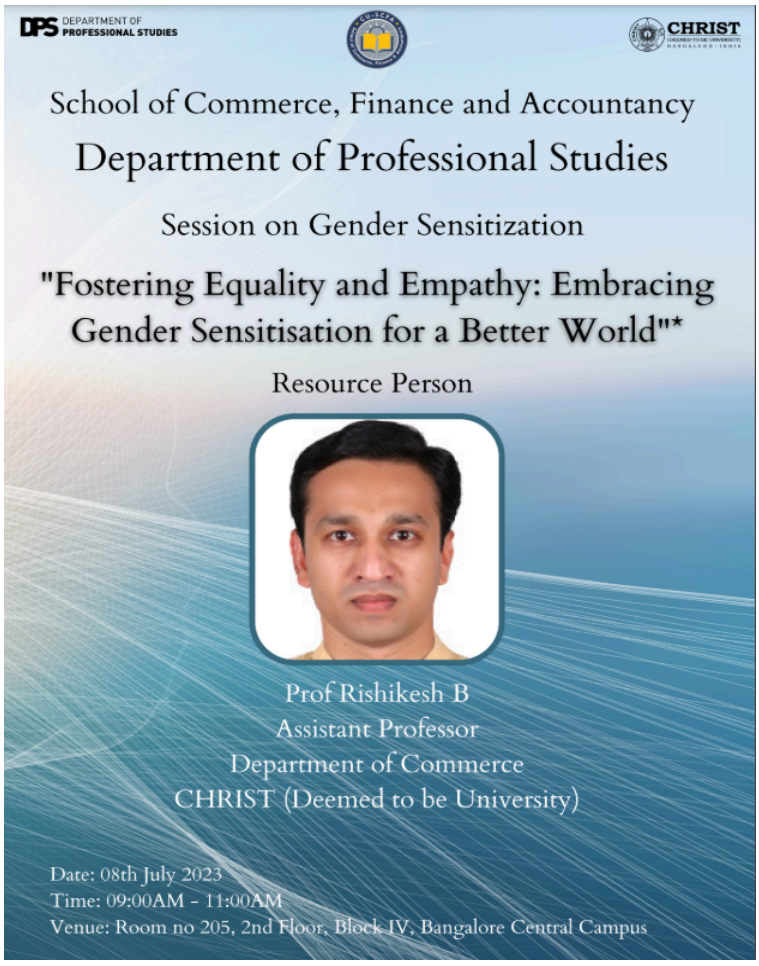

Event Name: Guest Lecture on "Fostering Equality and Empathy: Embracing Gender Sensitisation for a Better World"

Date: 08.07.2023
Time: 9am to 11am
Venue: 205

On July 8, 2023, the Department of Commerce, CHRIST (Deemed to be University), Bangalore, organized a guest lecture titled "Fostering Equality and Empathy: Embracing Gender Sensitisation for a Better World." Prof. Rishikesh B, Assistant Professor, delivered the lecture, aiming to promote gender sensitization and empathy among students.

The lecture focused on creating awareness about gender equality, LGBTQIA+ identities, and legal protections. Prof. Rishikesh B shared valuable insights, encouraging students to become empathetic and responsible individuals. The session addressed:

- Types of gender and LGBTQIA+ identities
- Legal rights and protections for LGBTQIA+ communities
- Promoting inclusivity and diversity

Learnings
Students gained:

- Knowledge of diverse gender identities and expressions
- Understanding of legal frameworks supporting LGBTQIA+ rights
- Empathy and sensitivity towards marginalized communities
- Awareness of the importance of inclusivity and diversity

Impact
The lecture significantly impacted students, fostering:

- Increased empathy and understanding of gender diversity
- Awareness of legal protections for LGBTQIA+ communities
- Commitment to promoting inclusivity and equality
- Enhanced critical thinking and sensitivity

The guest lecture successfully promoted gender sensitization and empathy among students. Prof. Rishikesh B's expertise and engaging delivery made the session informative and thought-provoking. By aligning with SDG 5 (Gender Equality), this initiative reinforces the university's commitment to social responsibility and inclusivity. Plans for similar workshops and sessions will further reinforce this positive impact, shaping empathetic and responsible future leaders.

Gender Sensitization SDG 5

Event Name: Gender Sensitization SDG 5

Date: 26-04.2024
Time: 10 am – 12 pm
Venue: Seminar Hall, Block II, Central Campus, CHRIST (Deemed to be University)

On April 26, 2024, CHRIST (Deemed to be University) organized SAMATVA, a gender sensitization program, aligning with SDG 5 (Gender Equality). Feminist activist Ms. Taranga Sriraman delivered the session, aiming to promote gender awareness and equality among students.

The program focused on navigating gender-related issues, fostering a more equitable community. Ms. Sriraman explored:

- Distinctions between sex and gender
- Institutions of socialization and gender roles
- Challenges faced by non-binary individuals
- Strategies for overcoming gender inequality

Learnings
Participants gained:

- Understanding of gender concepts and distinctions
- Awareness of power hierarchies and socialization
- Recognition of diverse biological variations
- Strategies for promoting gender-neutral living

Impact
The program significantly impacted students, fostering:

- Increased empathy and understanding of gender diversity
- Critical thinking about societal inequality
- Commitment to promoting inclusivity and equality
- Enhanced awareness of non-binary individuals' challenges

SAMATVA successfully initiated a thought-provoking conversation on gender sensitization. Ms. Taranga Sriraman's engaging delivery and expertise made the session informative and interactive. With active participation from 63 students, the program achieved its objectives. Future sessions will reinforce this positive impact, shaping empathetic and responsible future leaders. By promoting gender equality, CHRIST (Deemed to be University) reinforces its commitment to social responsibility and inclusivity.

ESports Championship 2023-24

Event Name: ESports Championship 2023-24

Date: 20 March 2024 to 23rd March 2024
Time: 4:00 PM to 6:00 PM
Venue: School of Law, Central Campus, CHRIST (Deemed to be University)

The School of Law, CHRIST (Deemed to be University), Bangalore, organized the ESports Championship 2023-24 from March 20-23, 2024. The event aimed to promote teamwork, sportsmanship, and healthy competition among law students.

The championship featured four online gaming events:

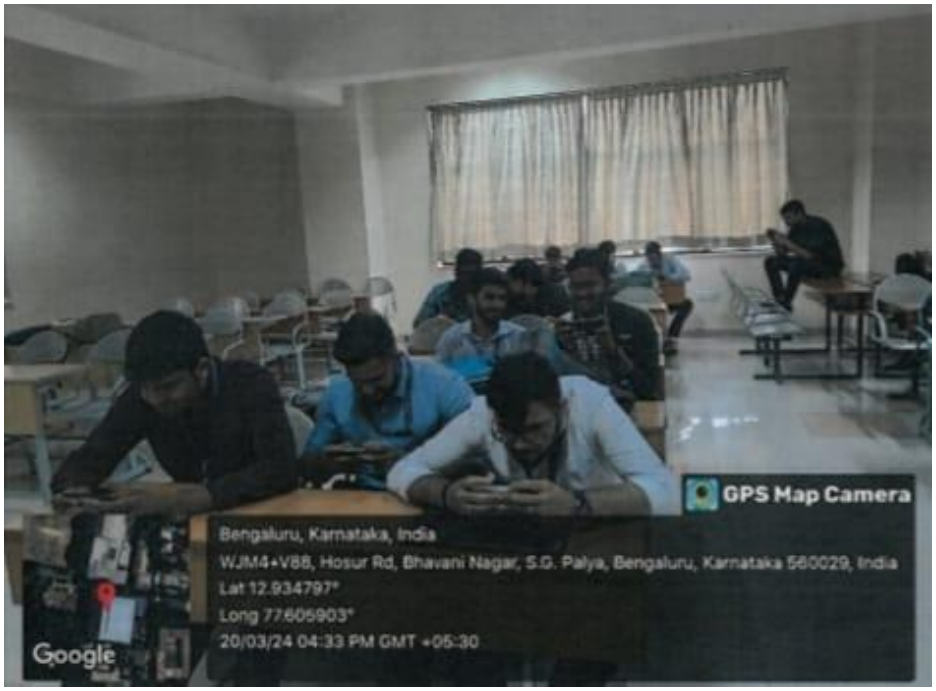

- Call of Duty Mobile (2v2 and 5v5)
- Battlegrounds Mobile India
- FIFA 2024

Eighty-seven students from various batches participated, showcasing their gaming skills and tactics. The event fostered teamwork, coordination, and strategic thinking.

Learnings
Students developed:

- Teamwork and collaboration skills
- Strategic thinking and problem-solving
- Sportsmanship and healthy competition
- Time management and adaptability

Impact
The event positively impacted students, promoting:

- Team bonding and social well-being (SDG 3: Good Health and Well-being)
- Gender equality through equal participation opportunities (SDG 5: Gender Equality)
- Leadership and professional behavior (PO 6)

The ESports Championship 2023-24 successfully engaged law students in competitive gaming, fostering essential life skills. With a budget of Rs. 9,300 and an expenditure of Rs. 4,208, the event achieved its objectives. Future editions will continue to promote teamwork, sportsmanship, and inclusivity. By aligning with SDGs 3 and 5, CHRIST (Deemed to be University) reinforces its commitment to holistic student development and social responsibility. Regular ESports events will cater to the growing interest in online gaming, providing a platform for students to showcase their talents.

Menstruation Education and Awareness Campaign

Event Name: Menstruation Education and Awareness Campaign

CHRIST (Deemed to be University) organized a menstruation education and awareness campaign at Little Bud Shelter Home, Bengaluru, on October 28, 2023. The session aimed to empower young girls (11-12 years) with knowledge and confidence to manage menstruation with dignity.

The campaign consisted of interactive sessions, covering:

- Menstruation and physiological changes (Aparna CJ)
- Body changes during puberty (Vanessa Luke)
- Menstrual hygiene and sanitation (Adrita Dasgupta)
- Diet and self-care during menstruation (Aryasmita Dhir)

An informative booklet, created by Dhvani Rakesh Shah, G. Dhara, P. Shreiya Meenakshi, and Vishnupriya Pushpakaran, complemented the sessions.

Learnings
Participants gained:

- Understanding of menstruation and its physiological aspects
- Knowledge of bodily changes during puberty
- Importance of menstrual hygiene and sanitation
- Self-care tips and dietary guidelines during menstruation

Impact
The campaign positively impacted students, fostering:

- Confidence and self-awareness about menstruation
- Breakdown of stigma and misconceptions
- Improved understanding of menstrual hygiene and health
- Enhanced emotional resilience and well-being

The menstruation education and awareness campaign successfully empowered young girls with essential knowledge and skills. By addressing myths and taboos surrounding menstruation, the campaign promoted a culture of openness and inclusivity. The informative booklet served as a valuable resource, reinforcing the session's learnings. This initiative aligns with SDG 3 (Good Health and Well-being) and SDG 5 (Gender Equality), demonstrating CHRIST (Deemed to be University)'s commitment to holistic student development and social responsibility. Future campaigns will continue to promote menstrual education and awareness, shaping informed and confident young women.

Guest Lecture: Equitable Access to Mental Health Resources: A Gender and Identity Perspective

Event Name: Guest Lecture: Equitable Access to Mental Health Resources: A Gender and Identity Perspective

Date: 14th February 2024
Time: 11:00 am-1:00 pm
Venue: Seminar Hall, C Block 6th Floor

On February 14, 2024, CHRIST (Deemed to be University) organized a guest lecture on "Equitable Access to Mental Health Resources: A Gender and Identity Perspective" as part of Sustainability Week. Dr. Deepti Swamy, Assistant Professor at Mount Carmel College, delivered the lecture to 102 students of 2MPCL A & B.

The lecture focused on aligning mental healthcare practices with Sustainable Development Goals (SDGs), specifically:

- SDG 3 (Good Health and Well-being)
- SDG 5 (Gender Equality)
- SDG 10 (Reduced Inequalities)

Dr. Swamy emphasized the need to address:

- Deficiency in mental healthcare facilities
- Gender-related issues impacting mental health
- Inequality and its implications on mental health

Learnings
Students gained insights into:

- The role of mental health professionals in promoting gender equality
- Recognizing and addressing gender-specific mental health concerns
- Reducing inequalities in mental health access
- Actionable steps for promoting equitable mental healthcare

Impact
The lecture positively impacted students, fostering:

- Awareness of mental health disparities and inequalities
- Understanding of gender-specific mental health concerns
- Appreciation for the role of mental health professionals in promoting SDGs
- Increased empathy and commitment to advocating for mental health equality

The guest lecture successfully highlighted the importance of equitable access to mental health resources. Dr. Deepti Swamy's engaging delivery and expertise made the session informative and interactive. The lecture reinforced CHRIST (Deemed to be University)'s commitment to social responsibility and sustainability. Students benefited from the discussion, gaining valuable insights into the intersection of mental health and SDGs. Future sessions will continue to promote mental health awareness and advocacy, shaping empathetic and responsible future leaders.

Breaking Silence: Street Stage Spectatcle, Street Play on Sexual Harassment

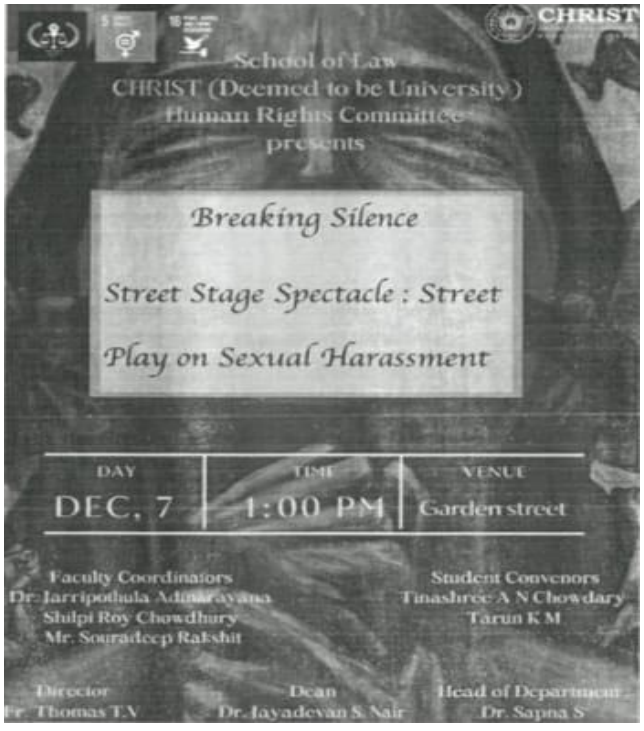

Event Name: Breaking Silence: Street Stage Spectatcle, Street Play on Sexual Harassment

Date: 7th December 2023
Time: 1:00 pm-1:30 pm
Venue: Garden Street, in front of Central Block, CHRIST (Deemed to be University), Bangalore, Central Campus

CHRIST (Deemed to be University) organized an Academic Fest on Human Rights from December 7-10, 2023, comprising four events: a street play on sexual harassment, a seminar on advocacy skills, a documentary screening on poverty and human rights, and a Human Rights Day celebration.

The events aimed to create awareness about human rights issues, promote legal aid, and encourage students to contribute to social change.

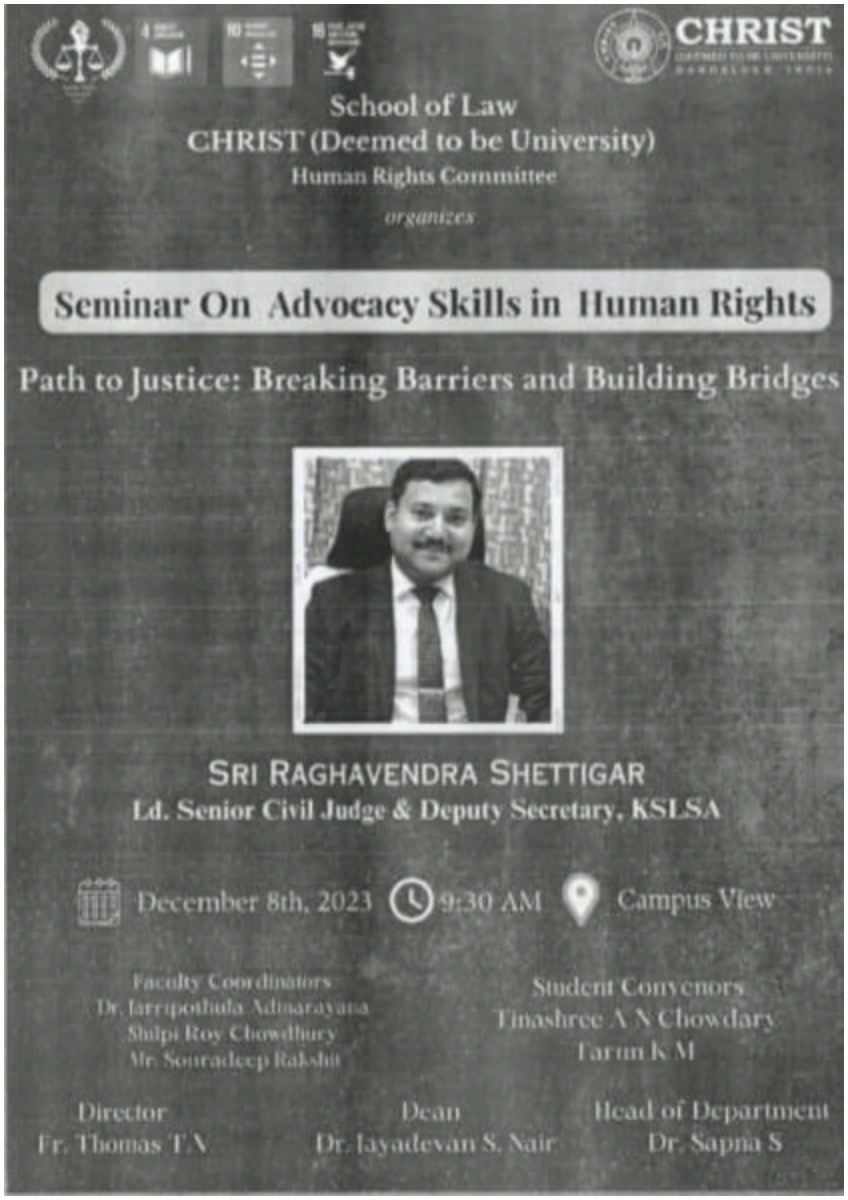

- **Street Play:** Breaking Silence addressed sexual harassment at home and workplace, emphasizing the Vishaka guidelines and the Sexual Harassment of Women at Workplace Act.
- Seminar on Advocacy Skills focused on the role of legal services institutions in protecting human rights, highlighting landmark cases and the importance of judiciary.
- **Documentary Screening:** Rights Camera Action showcased human rights violations in Dharavi, Mumbai, sparking discussions on poverty and economic growth.
- Human Rights Day Celebration featured Hon'ble Dr. Justice H.B. Prabhakara Sastry's keynote on humanity and human rights, emphasizing the importance of kindness and respect.

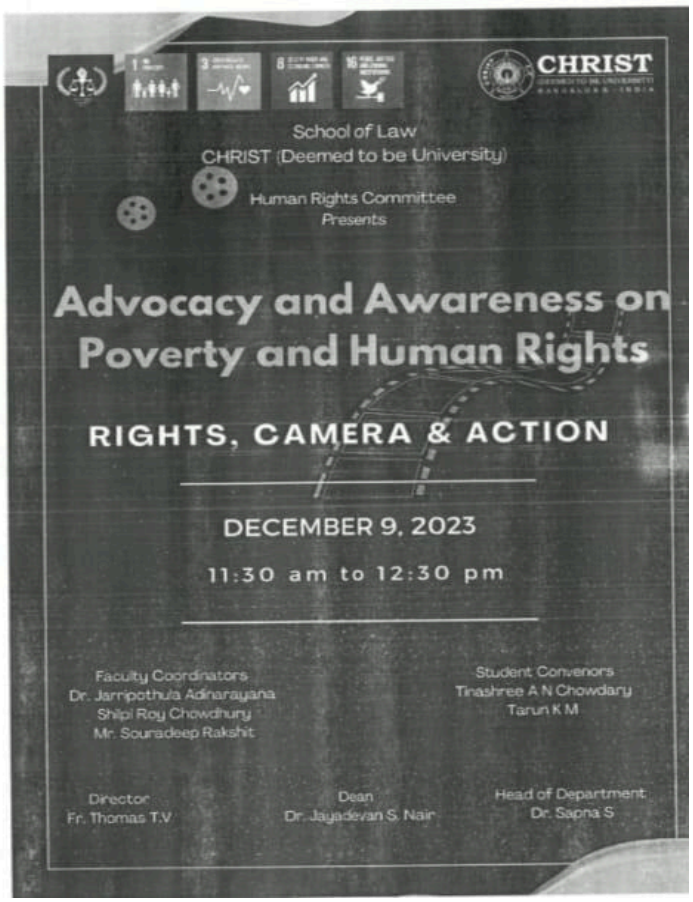

Learnings
Students gained insights into:

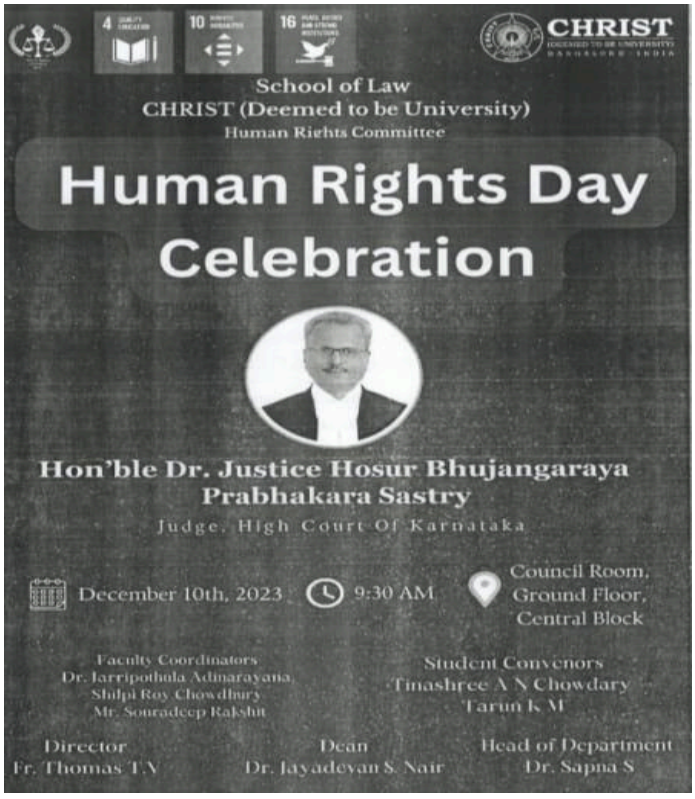

- Human rights violations and protection mechanisms
- Legal aid services and advocacy skills
- Poverty's impact on human rights
- Humanity's significance in promoting human rights

Impact
The fest positively impacted students, fostering:

- Awareness of human rights issues and laws
- Critical thinking and empathy
- Commitment to social responsibility and advocacy
- Understanding of Sustainable Development Goals (SDGs) 1, 3, 4, 8, 10, and 16

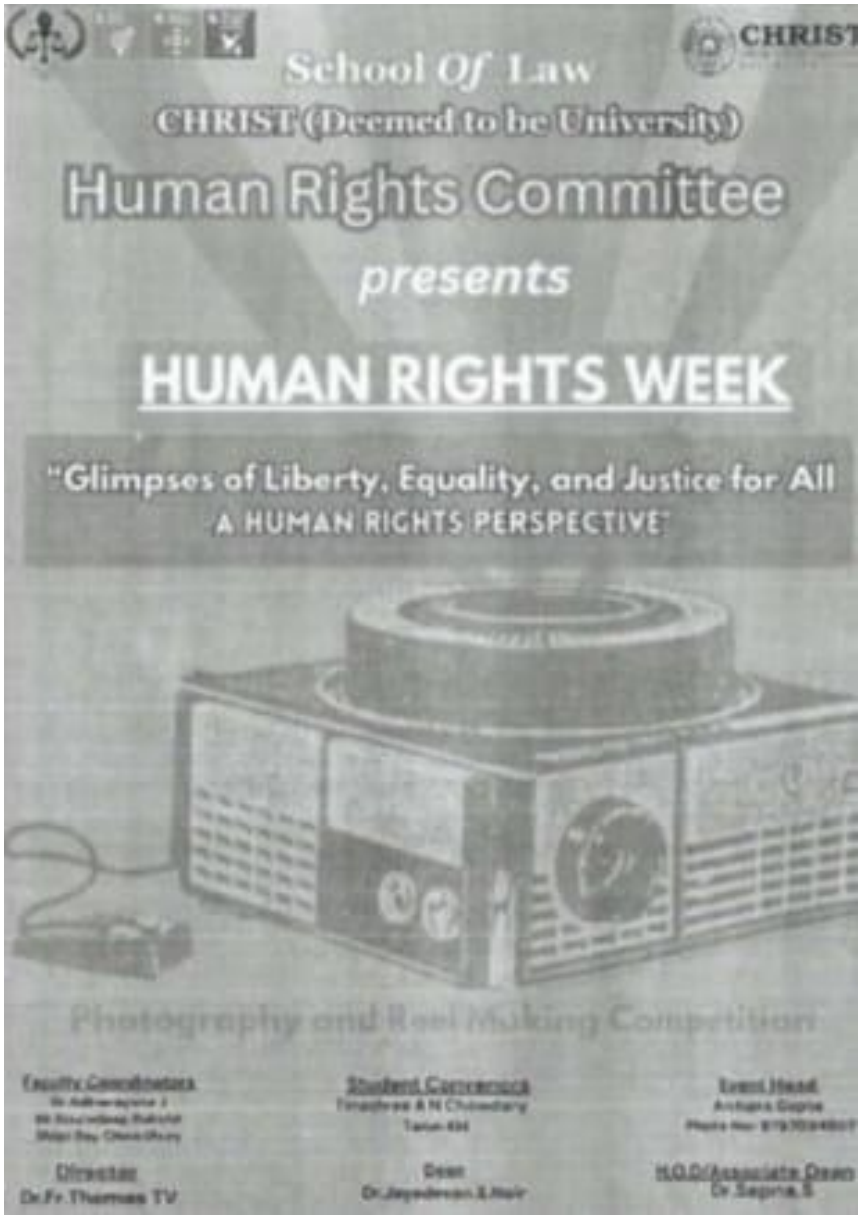

The Academic Fest on Human Rights successfully promoted awareness, education, and advocacy among students. By addressing local, national, and global human rights concerns, the events reinforced CHRIST (Deemed to be University)'s commitment to social responsibility and sustainability. Future initiatives will continue to empower students to become informed, empathetic, and active contributors to human rights protection.

Glimpses of Liberty, Equality, and Justice for All-A Human Rights Perspective

Event Name: Glimpses of Liberty, Equality, and Justice for All-A Human Rights Perspective

Date: 5th February, 2024
Venue: Online Submission

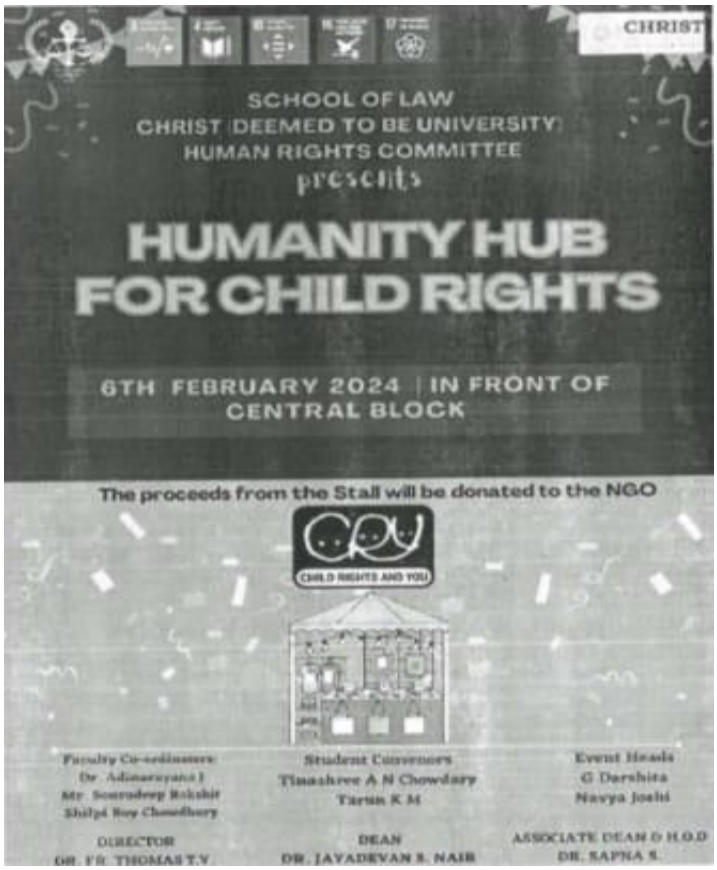

CHRIST (Deemed to be University) School of Law's Human Rights Committee organized Human Rights Week 2024, featuring three events: "Glimpses of Liberty, Equality, and Justice for All - A Human Rights Perspective" (Reel-Making and Photography Competition), "Humanity Hub" (Advocacy and Communicative Skill Development Fest), and "Glimpses of Liberty, Equality, and Justice for All - A Human Rights Perspective" (Quiz Competition).

Event 1: Reel-Making and Photography Competition

- **Date:** February 5, 2024
- **Participants:** Students from Central Campus
- **Objective:** To showcase human rights perspectives through visual media
- **Outcome:** Enhanced understanding of human rights, critical thinking, and creativity

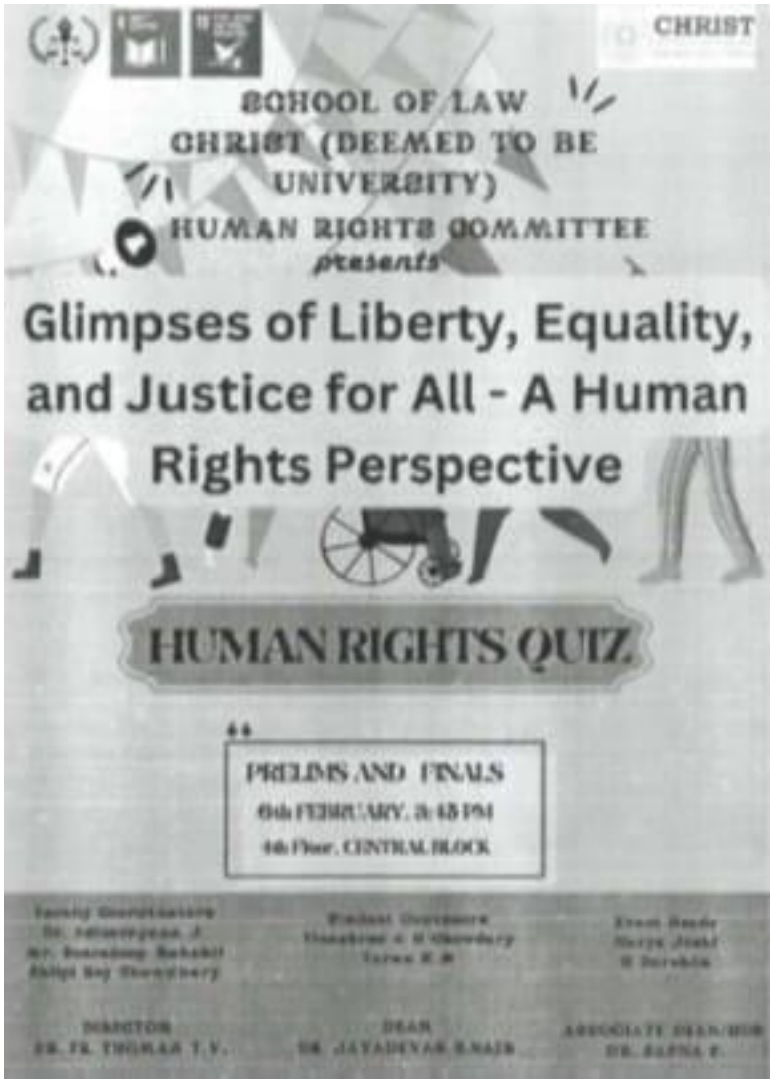

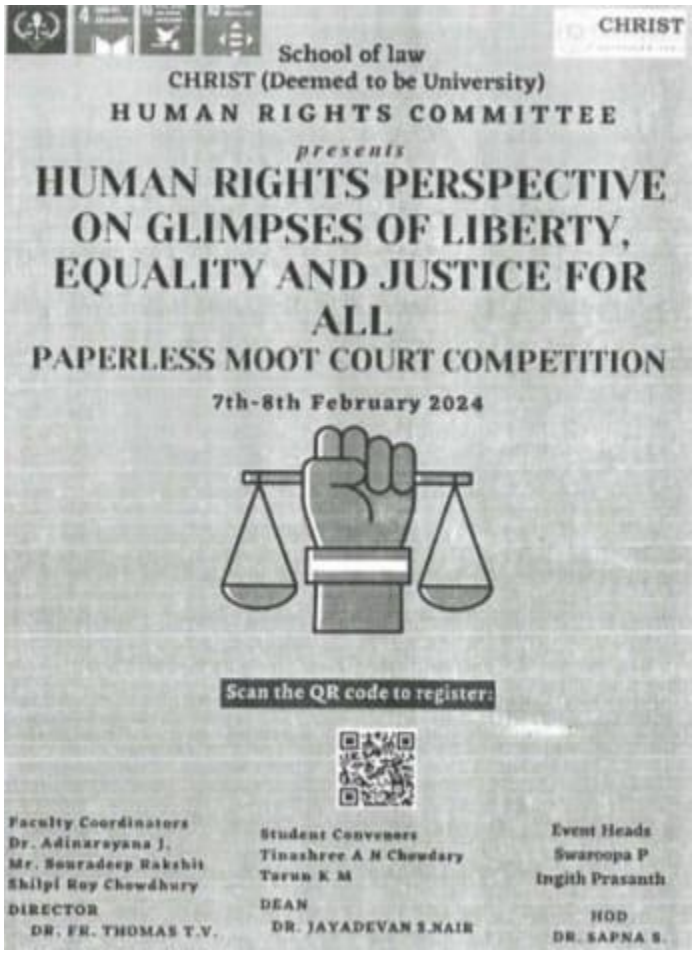

Event 2: Humanity Hub

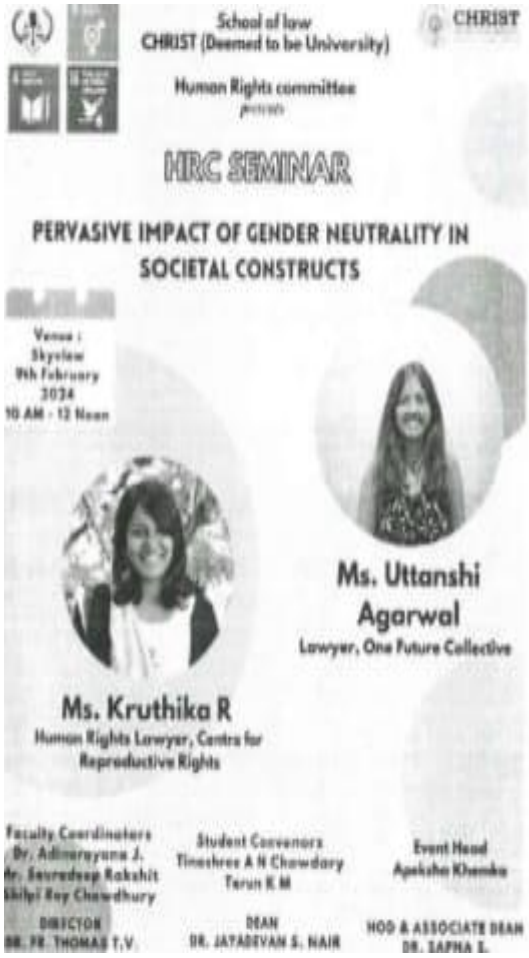

- **Date:** February 6, 2024
- **Participants:** Students from Central Campus
- **Objective:** To promote child rights awareness and advocacy
- **Outcome:** Raised funds for Child Rights and You (CRY), fostered discussion on human rights and child rights

Event 3: Quiz Competition

- **Date:** February 6, 2024
- **Participants:** 15 students from School of Law (1st-3rd year)
- **Objective:** To test knowledge on human rights issues and laws
- **Outcome:** Enhanced knowledge, critical thinking, and teamwork skills

Key Takeaways

- Human Rights Week 2024 promoted awareness, advocacy, and education on human rights and child rights
- Events fostered critical thinking, creativity, and teamwork among participants
- Collaboration with NGOs (CRY) and student entrepreneurs enhanced social responsibility and community engagement

Human Rights Week 2024 successfully promoted human rights awareness, education, and advocacy among students. The events demonstrated CHRIST (Deemed to be University)'s commitment to social responsibility, sustainability, and community engagement. Future initiatives will continue to promote human rights and sustainable development goals.

Cricket Quiz and IPL Auction

Event Name: Cricket Quiz and IPL Auction

Date: 16th March 2024
Time: 12:45 PM-5:30 PM
Venue: CLASSROOM NO. 417

The School of Law, CHRIST (Deemed to be University), organized an intra-department sports event, "Cricket Quiz and IPL Auction," on March 16, 2024. This dynamic event aimed to fuse cricket knowledge with strategic acumen, promoting holistic development among students.

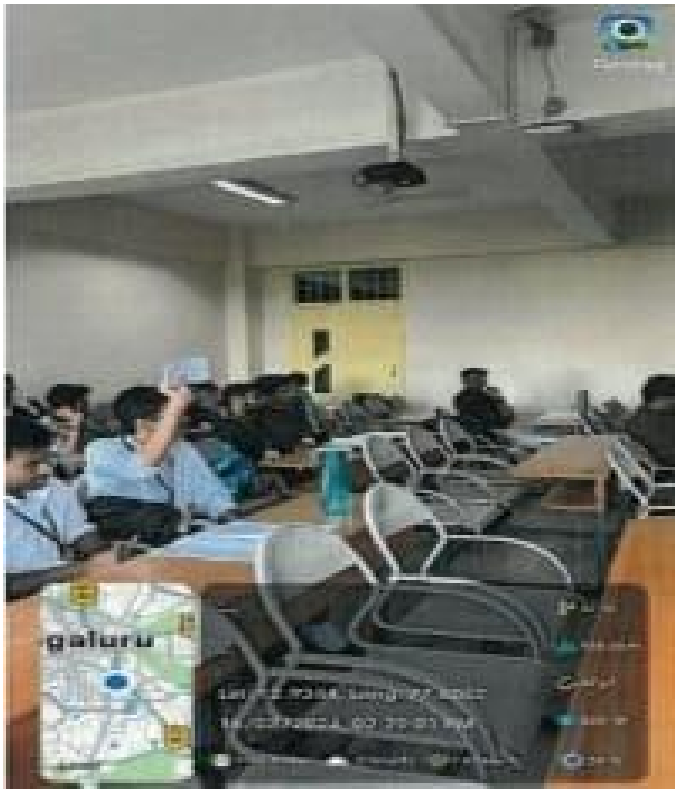

The event consisted of two stages: a challenging Cricket Quiz and an exhilarating IPL Player Auction simulation. Twenty teams participated in the quiz, with the top 10 teams qualifying for the auction stage. In the auction, teams of two strategically bid for their favorite players, demonstrating team management and decision-making skills.

Learnings
Participants gained valuable skills, including:

1. Strategic thinking and planning
2. Team management and collaboration
3. Cricket knowledge and trivia
4. Analytical skills and decision-making
5. Financial literacy and budget allocation

Impact:
The event significantly enhanced students' understanding of strategic planning, team management, and cricket economics. Participants developed critical thinking, decision-making, and financial literacy skills. The event also:

1. Fostered a spirit of healthy competition and sportsmanship
2. Encouraged teamwork and collaboration
3. Promoted social well-being through interaction with peers
4. Supported SDG 3 (Good Health and Well-being) through sporting activity
5. Advocated for SDG 5 (Gender Equality) through equal participation opportunities

The Cricket Quiz and IPL Auction event successfully promoted holistic development among students, balancing academics with co-curricular activities. By integrating sports into the educational curriculum, the event created a dynamic learning environment, enriching students' knowledge and skills. The Sports Committee's initiative demonstrated the university's commitment to fostering well-rounded individuals, prepared for success in various aspects of life. Future events will continue to promote sportsmanship, strategic thinking, and teamwork among students.

Workshop on Pre-Placement Career Guidance

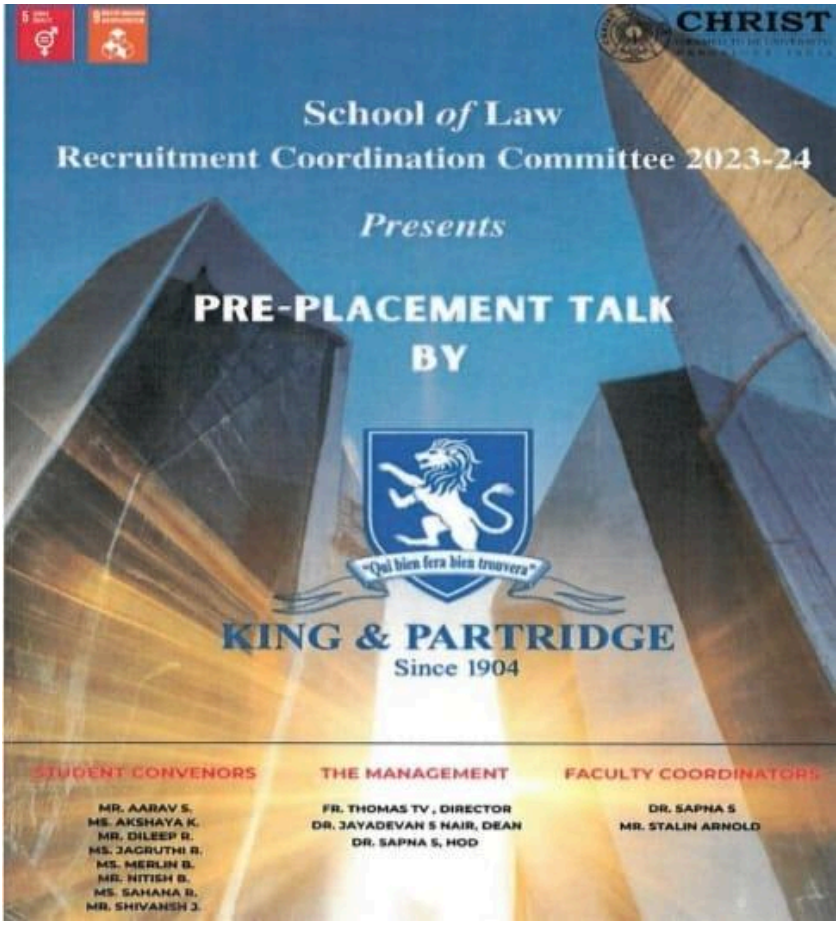

Event Name: Workshop on Pre-Placement Career Guidance

Date: 11 July, 2023
Time: 10:30 AM
Venue: Council Room, Central Block, CHRIST (Deemed to be University)

The Recruitment Coordination Committee of CHRIST (Deemed to be University) organized a pre-placement career guidance workshop on July 11, 2023, in collaboration with King & Partridge, a renowned law firm. The workshop aimed to provide final-year law students with valuable insights into the corporate world, enhancing their employability and preparation for recruitment opportunities.

The workshop featured senior partners from King & Partridge, Vinay Giri and Rashmi Subramanyam, who shared their expertise on:

1. Firm culture and ethics
2. Importance of internships and dispute work
3. Gender diversity and work-life balance
4. Critical analysis and logical legal reasoning
5. Professional ethics and accounting systems

Learnings
Students gained valuable knowledge on:

1. Corporate governance and regulatory compliance
2. Effective CV drafting and professional ethics
3. Importance of inclusivity and diversity in the workplace
4. Industry trends and innovations in corporate and commercial law
5. Key employability skills required by top law firms

Impact
The workshop significantly impacted students by:

1. Enhancing their understanding of the corporate law landscape
2. Developing critical analysis and problem-solving skills
3. Fostering awareness of gender equality and diversity in the workplace
4. Providing insights into industry trends and innovations
5. Preparing them for Day Zero placement drives

The pre-placement career guidance workshop by King & Partridge successfully equipped final-year law students with essential knowledge and skills to excel in the corporate world. The event aligned with SDG 5 (Gender Equality) and SDG 9 (Industry, Innovation, and Infrastructure), promoting inclusivity, diversity, and innovation. The university's commitment to fostering industry-ready professionals was reinforced through this collaborative effort. Future events will continue to bridge the gap between academia and industry, enhancing employability and skill development among students.

Southern Regional Law Review Consultation on Property Rights of Women in India

Event Name: Southern Regional Law Review Consultation on

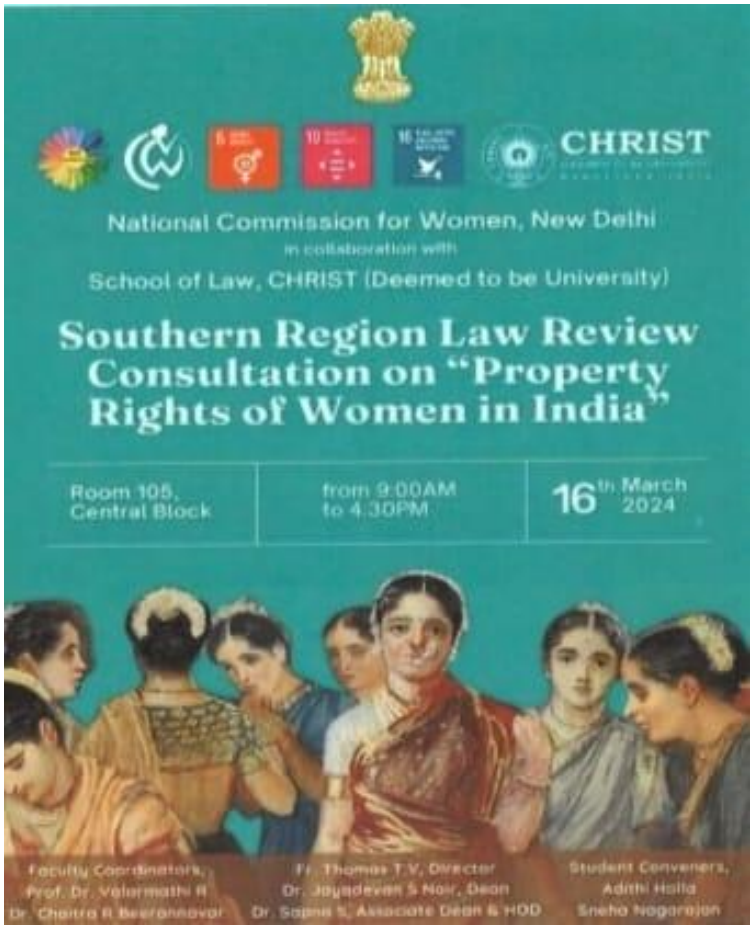

Property Rights of Women in India

Date: 16 March, 2024 [Saturday]
Time: 9:00 A.M. -4:00 P.M.
Venue: Room 101, Block 4, Central Campus, Bengaluru

On March 16, 2024, the School of Law, CHRIST (Deemed to be University), Bengaluru, in collaboration with the National Commission for Women, New Delhi, organized the Southern Regional Law Review Consultation on Property Rights of Women in India. This consultation aimed to scrutinize and address historical disparities and contemporary challenges women face in property ownership.

The consultation brought together 31 participants, including judges, industry professionals, advocates, and academicians. Key takeaways included:

- Critical analysis of inheritance laws, marital property rights, and gender equality reforms
- Examination of legal precedents and societal norms
- Recommendations for comprehensive reforms ensuring equitable access to property for women

Learnings

Participants gained valuable insights into:

- Hindu, Christian, Muslim, and Parsi property laws
- Judicial precedents and ground realities
- Constructive reforms for existing legislation

Impact

The consultation significantly contributed to:

- Enhanced legal exposure for the Gender Studies Committee and School of Law
- Invaluable experience and skills in organizational and coordination activities
- Policy-making guidance for the National Commission for Women representatives

The Southern Regional Law Review Consultation successfully addressed property rights disparities faced by women in India. Aligning with SDGs 5, 10, and 16, the event promoted gender equality, reduced inequalities, and supported peace, justice, and strong institutions. The collaboration fostered constructive discourse, legal scholarship, and socio-legal engagement, ultimately contributing to a more just and equitable society. Future initiatives will continue to advocate for women's property rights and empowerment.

Menstrual Equity Awareness Programme

Event Name: Menstrual Equity Awareness Programme

Date:30 October 2023
Time: 3:00 p.m. - 4:00 p.m.
Venue: Science Lab, St. Helen's School, near Tavarekere Road

On October 30, 2023, students of II MA in English with Communication Studies, CHRIST (Deemed to be University), organized a Menstrual Equity Awareness Programme for classes 7 and 8 at St. Helen's School. The programme aimed to sensitize students about menstruation, promoting menstrual equity and gender equality (SDG 5).

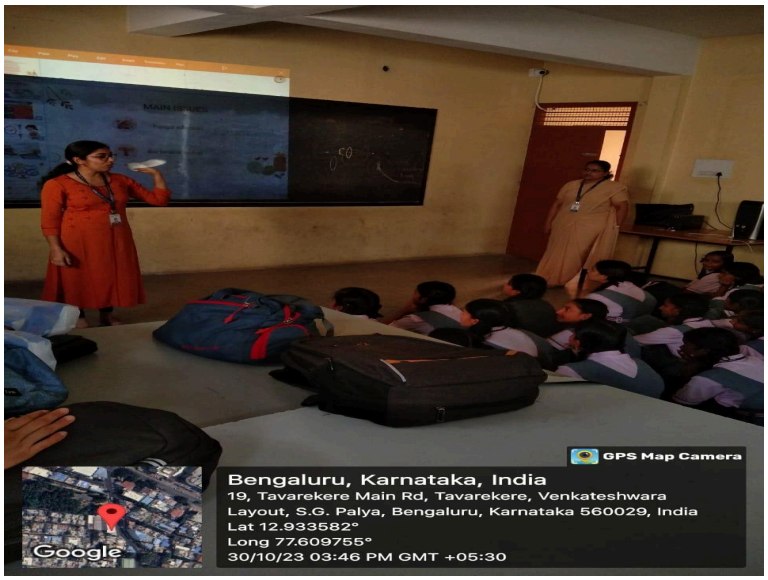

Highlights:

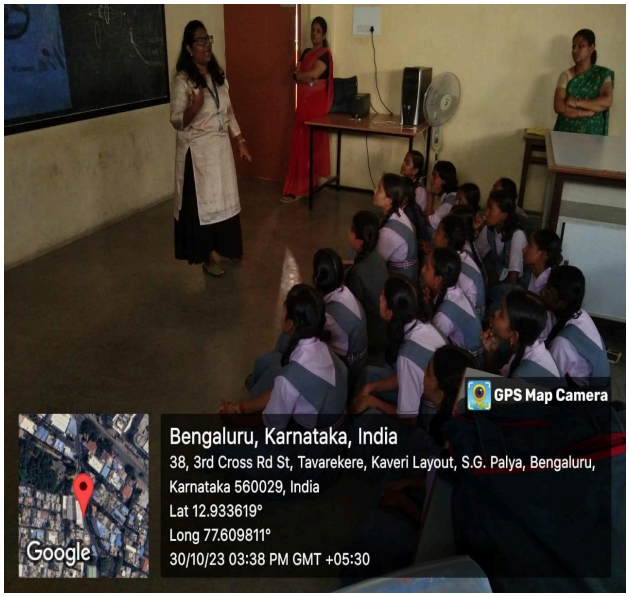

1. Simple explanations of menstruation and hormones.
2. Dispelling myths and misconceptions.
3. Importance of menstrual hygiene.
4. Distribution of sanitary napkins.

Learnings:

1. Menstruation as a natural bodily process.
2. Importance of open discussions.
3. Menstrual hygiene and respectful behavior.

Impact on Students:
The programme:

- Raised awareness and understanding of menstruation.
- Encouraged open conversations and reduced stigma.
- Promoted respectful behavior towards menstruating individuals.

The Menstrual Equity Awareness Programme successfully promoted menstrual health awareness, dispelled myths, and fostered a supportive environment.

Skit on Menstrual Leave Policy in the Workplace

Event Name: Menstrual Leave Policy in the Workplace

Date: 5th March 2024
Time: 12 P.M. 2:00P.M.
Venue: Room 911, Central Block

On March 5, 2024, the School of Law's Gender Studies Committee presented a thought-provoking skit on Menstrual Leave Policy in the Workplace. Collaborating with the Ministry of Labor, Karnataka, this initiative aimed to raise awareness about the challenges faced by menstruating employees and advocate for inclusive policies.

The skit portrayed the discriminatory experiences of menstruating employees, highlighting the need for comprehensive policies. Key takeaways included:

- Constitutional, legal, and international perspectives on menstrual leave policy
- Importance of mediation in conflict resolution
- Need for inclusive workplace culture and policies

Learnings

Participants gained valuable insights into:

- Menstrual health and workplace accommodations
- Labor laws and regulations
- Policy drafting mechanisms

Impact
The skit significantly impacted:

- Raised awareness about menstrual health and workplace challenges
- Encouraged empathy and understanding among participants
- Inspired policy discussions and advocacy for inclusive workplaces

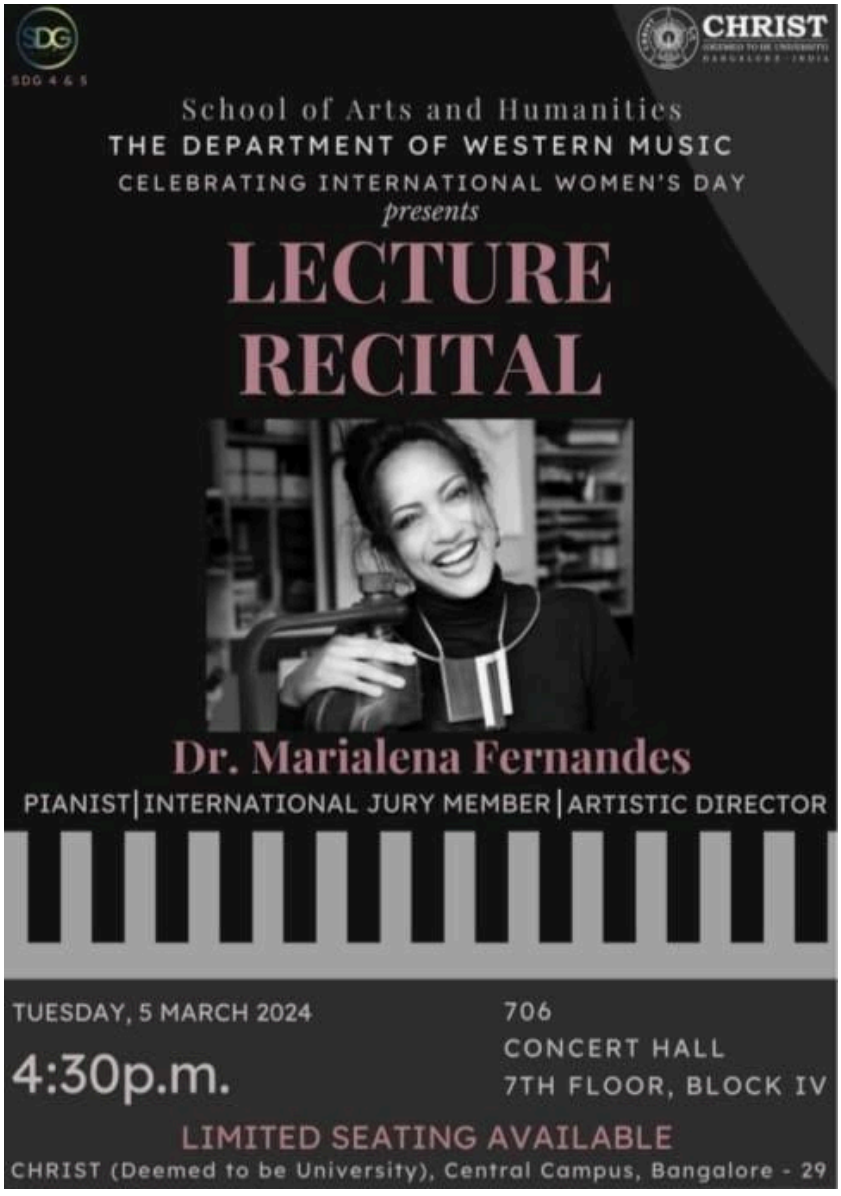

The skit successfully addressed menstrual leave policy disparities, aligning with SDGs 5, 10, and 16. By fostering dialogue and legal advocacy, this initiative promoted gender equality, reduced inequalities, and supported peace, justice, and strong institutions. The collaboration demonstrated the importance of inclusive policies and empathetic workplaces, inspiring future generations to advocate for menstrual equity and social justice.

Lecture Recital

Event Name: Lecture Recital

Date: 5 March, 2024
Time: 4:30 p.m. to 5:45 p.m.
Venue: 706 Concert Hall, Block IV, 7th floor, Central campus, CHRIST (Deemed to be university)

The Department of Western Music at CHRIST (Deemed to be University) organized a Lecture Recital on March 5, 2024, celebrating International Women's Day. Dr. Marialena Fernandes was invited to perform and share her insights on Western classical music.

Learnings:

Dr. Fernandes enlightened the audience on the importance of 'hearing' and 'listening' to music, distinguishing between the foreground and background of each piece. She emphasized the significance of close listening in deciphering different voices and instruments. The interactive session encouraged students to share subjective interpretations of the performed pieces.

The event featured Dr. Fernandes' finely picked repertoire from various eras of Western classical music. Her passionate approach motivated the audience, and her emphasis on musicality and emotion eased performance anxiety.

Impact on Students:
The Lecture Recital had a positive impact on students, inspiring them to appreciate Western classical music and encouraging them to develop their musical skills. Dr. Fernandes' interactive approach and emphasis on subjective interpretation made the event engaging and thought-provoking.

The Lecture Recital was a resounding success, achieving its objectives of celebrating International Women's Day and promoting Western classical music. Dr. Fernandes' enthusiastic approach and emphasis on musicality made the event memorable. The Department of Western Music plans to invite Dr. Fernandes for future lecture recitals, further enriching the musical experience of students and faculty.

National Conference

Event Name: XIV National Conference on Enhancing Judicial Administration: Application of Procedural Law and Ensuring Access to Justice in India 2/21

Date: January 22nd-23rd, 2024
Time: January 22, 2024, 9:00-3:00 pm
January 23, 2024, 12:00-15:30 pm
Venue: (Day 1)- Inaugural Ceremony
Main Auditorium, CHRIST (Deemed to be University), Bengaluru
(Day 2) Valedictory ceremony
KE Auditorium, CHRIST (Deemed to be University), Bengaluru

The School of Law, CHRIST (Deemed to be University), Bengaluru, hosted the XIV National Conference on "Enhancing Judicial Administration: Application of Procedural Law and Ensuring Access to Justice in India" on January 22-23, 2024. The conference aimed to facilitate discussions on contemporary legal issues, inviting paper submissions from students, authors, academicians, professionals, and research scholars.

Key takeaways included:

- Streamlining procedural laws to expedite judicial processes
- Leveraging technology for case management and digital record-keeping
- Continuous training for judges, lawyers, and court staff
- Improved access to legal aid for marginalized sections
- Promoting Alternative Dispute Resolution (ADR) mechanisms

Learnings
Participants gained valuable insights into:

- Procedural laws and judicial administration
- Access to justice for marginalized communities
- Policy implications and reforms

Impact
The conference significantly impacted law student participants by:

- Enhancing knowledge of procedural laws and judicial administration
- Fostering networking opportunities
- Encouraging critical analysis of access to justice issues
- Informing research and presentations

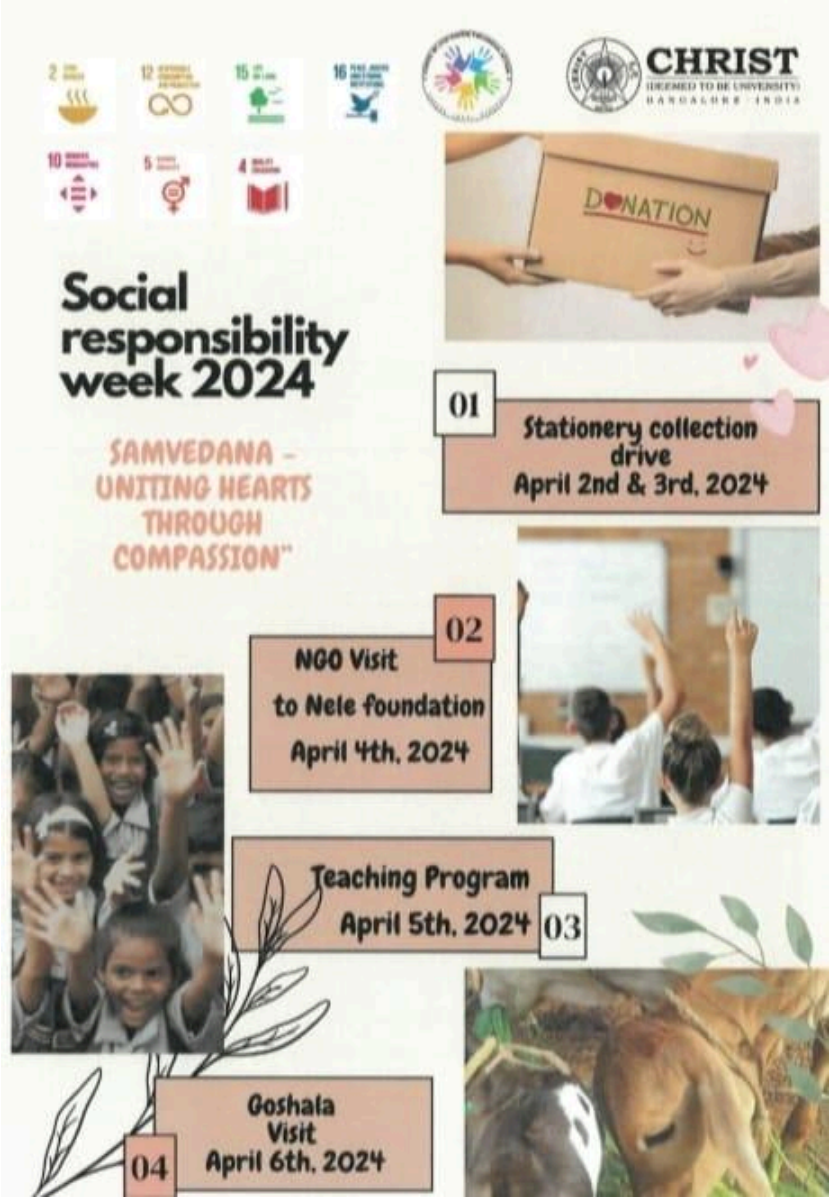

The XIV National Conference successfully addressed judicial administration and access to justice disparities in India. Aligning with SDGs 5, 8, 10, and 16, the event promoted gender equality, decent work, reduced inequalities, and peace, justice, and strong institutions. The conference fostered dialogue, exchange of best practices, and actionable strategies, enriching participants' research and academic endeavors.

Skill development for students to enhance learning.

Event Name: Skill development for students to enhance learning.

Date: 04.04.2024
Time: 10.00 AM-3.00 P.M
Venue: Nele Foundation, 9/2, Lakshmi Devi Nagar Main Road, opp.: Veena Education Trust, Laggere, Bengaluru, Karnataka 560096

On April 4, 2024, the School of Law CSA committee conducted a skill development workshop for 35 students from classes 1-10 at Nele Foundation, Bengaluru. The workshop aimed to enhance learning, decision-making skills, public speaking, and confidence.

Learnings
Key takeaways from the workshop included:

- Holistic development through socio-legal engagements
- Importance of equality and education
- Development of decision-making skills and public speaking
- Boosted confidence through interactive activities

The workshop featured introductory sessions, games, and activities that encouraged students to showcase their skills. The CSA committee briefed the students on Nele Foundation's initiatives, promoting social values and empathy.

Impact
The workshop significantly impacted students, fostering:

- Confidence and self-expression
- Decision-making skills and problem-solving
- Social responsibility and empathy
- Holistic development and socio-legal awareness

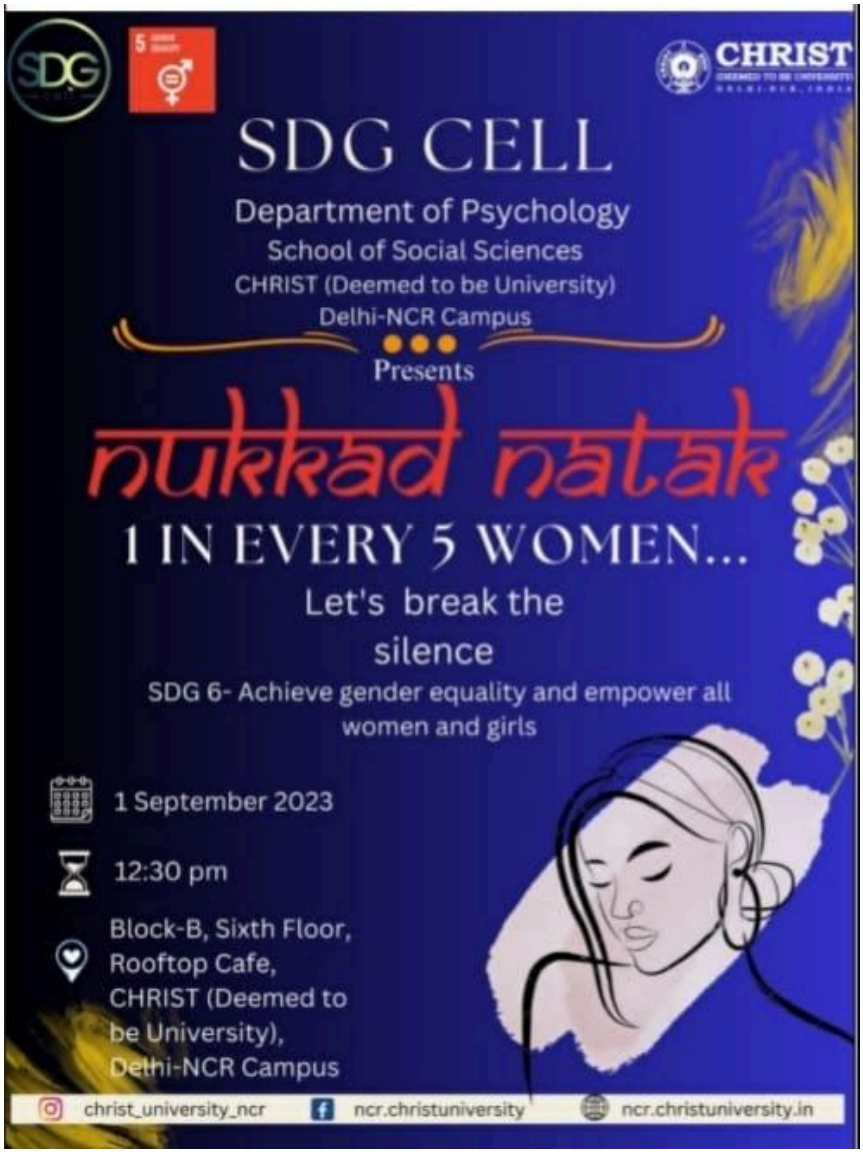

The School of Law CSA committee's workshop at Nele Foundation successfully enhanced students' skills and knowledge. Aligning with SDGs 4, 5, and 10, the initiative promoted quality education, gender equality, and reduced inequalities. The committee's plan to conduct future activities ensures sustained benefits for the students. This engagement demonstrates the transformative power of community involvement in shaping young minds.

Nukkad Natak Event

Event Name: Nukkad Natak Event

Date: 1st September 2023
Time: 12:30 pm
Venue: Block-B, Sixth Floor, Rooftop Cafe, CHRIST (Deemed to be University), Delhi-NCR Campus

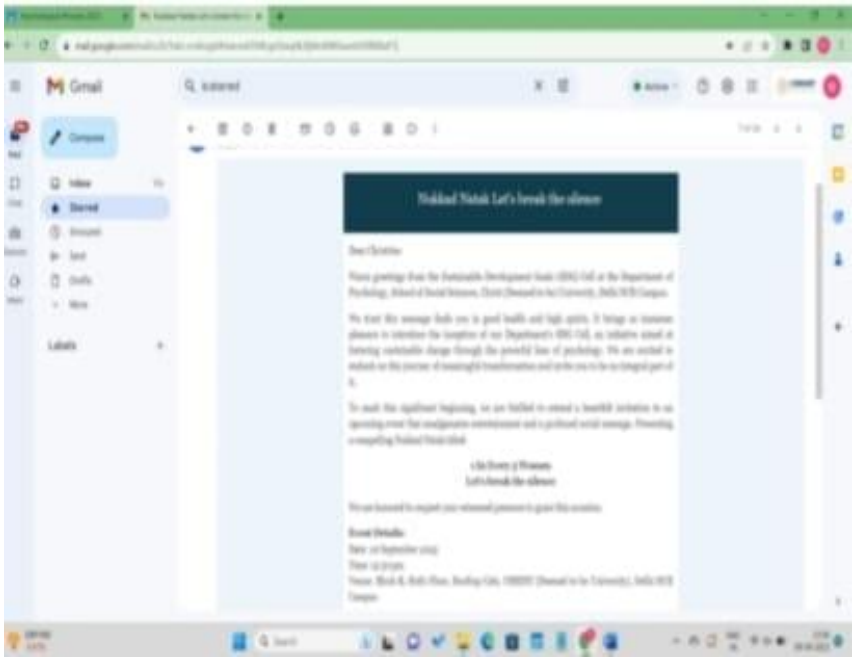

The SDG Cell, Department of Psychology, School of Social Sciences, Christ (Deemed to be) University, Delhi NCR Campus, organized a Nukkad Natak (street play) titled "1 in Every 5 Women, Let's Break the Silence" on September 1, 2023. The event aimed to raise awareness about gender-based violence and women's empowerment, aligning with SDG Goal 5.

Learnings
Key takeaways from the event included:

- Importance of gender equality and women's empowerment
- Prevalence of domestic violence, acid attacks, and workplace harassment
- Need for autonomy, personal strength, and speaking up against injustice

The Nukkad Natak depicted three scenarios of women harassment, followed by a powerful message of unity and resilience. The performance was well-received by the audience, comprising UG/PG psychology students and faculty members.

Impact
The event had a profound impact on students and audience members:

- Raised awareness about gender-based violence and women's empowerment
- Encouraged autonomy, personal strength, and speaking up against injustice
- Fostered unity and creativity among participants
- Increased knowledge and awareness among audience members (83.3% rated their knowledge/awareness as 5 post-event)

The Nukkad Natak successfully achieved its objective of spreading awareness about SDG Goal 5. The event demonstrated the power of creative expression in addressing critical social issues. Positive feedback from participants and audience members underscores the event's significance. Future events will build upon this momentum, continuing to promote gender equality and empowerment.

Pronoun/Identity Tags

Event Name: Pronoun/Identity Tags

Date: 9th October, 2023
Time: 12:00 pm to 2:00 pm
Venue: Open area between A block and B block

As part of the inclusivity and diversity efforts, the Pronoun Tag stall was organized for students and faculty across various departments. The initiative aimed to promote respectful understanding and acknowledgment of individual identities.

Learnings
Key takeaways from the activity included:

- Understanding and appreciation of gender diversity, neurodivergence, and geographical diversity
- Importance of inclusive thinking and respect for distinct groups
- Self-expression and exploration of personal identity

The Pronoun Tag stall provided art supplies, allowing participants to create customized identity tags. Students enthusiastically engaged, personalizing tags with gender, geographical, and ethnic identities. This interactive approach fostered:

- Awareness of identity spectrums
- Empathy and understanding among participants
- Inclusive campus culture

Impact
The initiative had a profound impact on students:

- Encouraged self-reflection and exploration of personal identity
- Fostered respectful attitudes towards diverse groups
- Promoted inclusivity and sensitivity

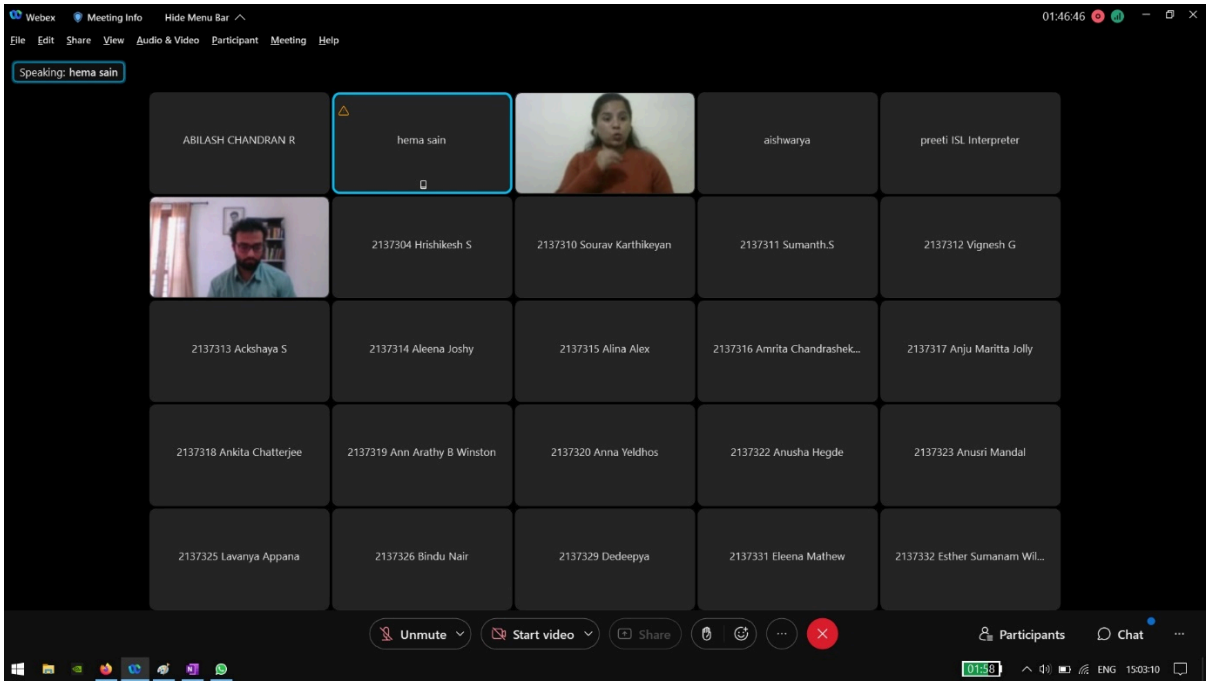

The Pronoun Tag initiative successfully promoted inclusivity, diversity, and respect among students and faculty. By providing a platform for self-expression, the activity encouraged empathy and understanding. This initiative contributes to creating a welcoming campus environment.

Panel Discussion

Event Name: Panel Discussion

Date: 12 February 2022
Time: 1 PM TO 3 PM
Venue: Online

On February 12, 2022, the Inclusivity Cell, Department of English and Cultural Studies, and Javed Abidi Foundation collaborated to host a panel discussion on "Disability, Identity, and Challenges." This event aimed to raise awareness about disability issues and promote inclusivity.

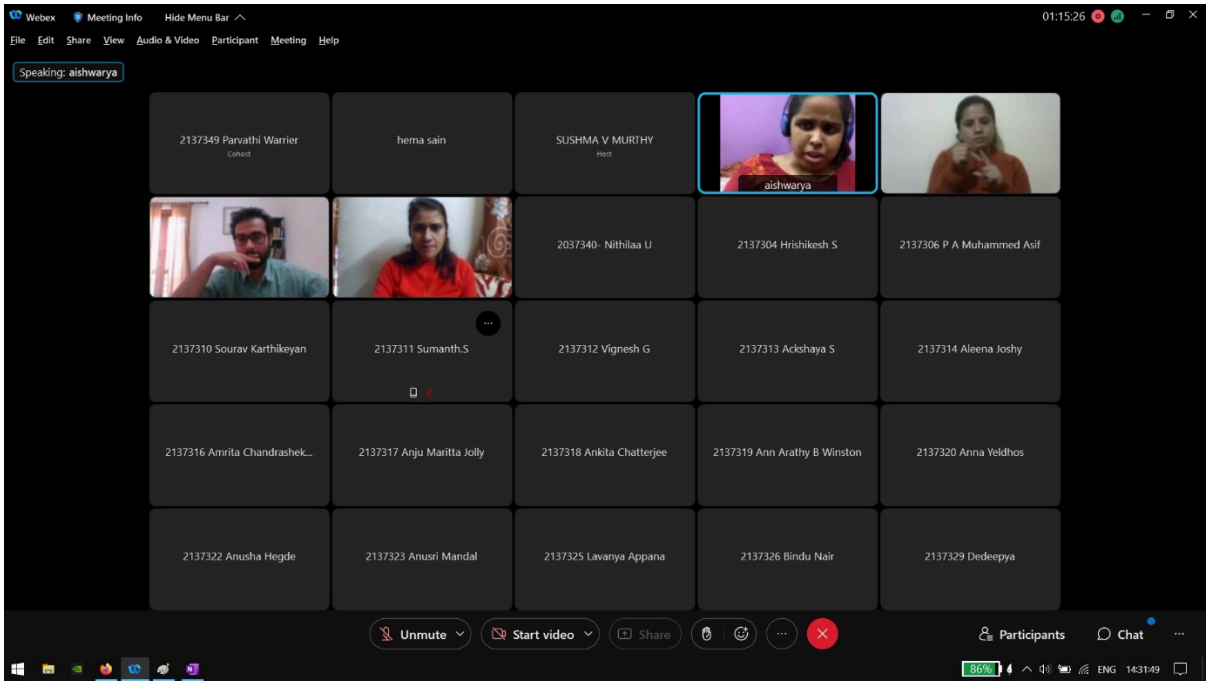

Learnings

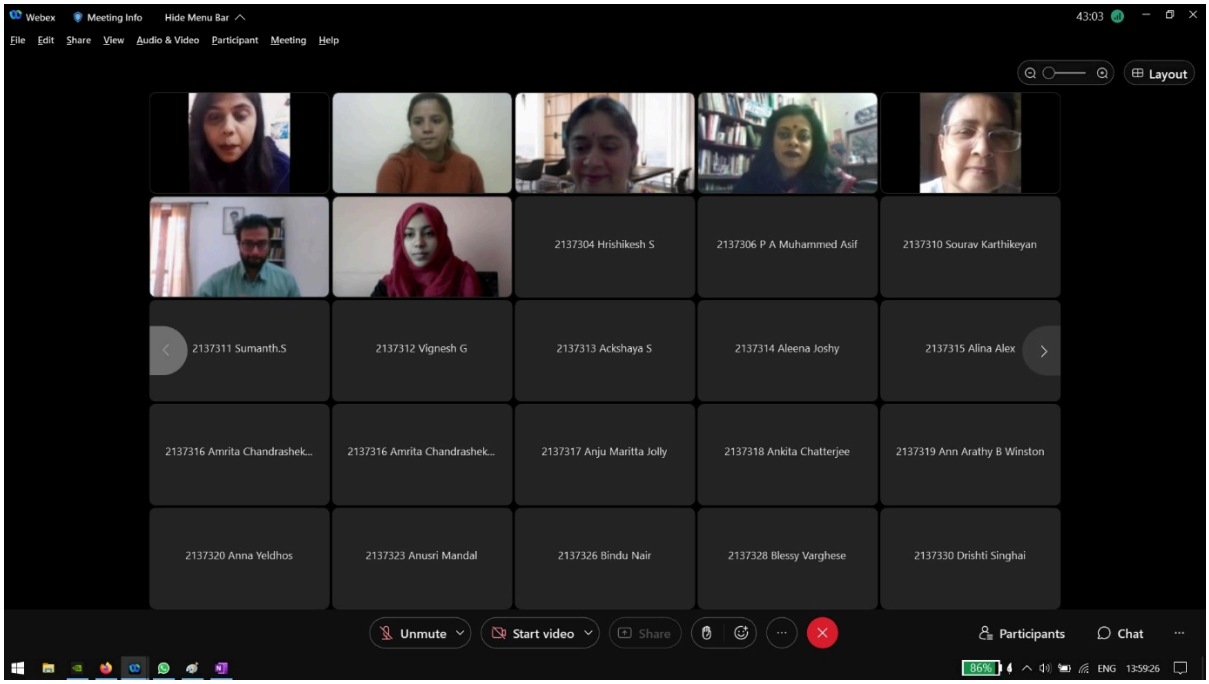

Key takeaways from the discussion included:

- Understanding disabled individuals' lived experiences and challenges
- Importance of accurate representation and consent in providing help
- Recognizing intersectionality and barriers faced by disabled individuals
- Need for disability studies and discussions in curriculum

PhD scholars Ms. Hema Sain and Ms. O. Aishwarya shared their personal experiences as disabled individuals, highlighting:

- Low morale, medical complications, and societal marginalization
- Importance of consulting disabled individuals for accurate representation
- Critique of misrepresentation in popular media

Impact
The discussion had a profound impact on participants:

- Raised awareness about disability issues and intersectionality
- Encouraged empathy and understanding among students and faculty
- Emphasized the need for inclusive representation in media and society

The panel discussion successfully promoted inclusivity and awareness about disability issues. The event underscored the importance of consulting disabled individuals for accurate representation and ensuring their voices are heard.

International Women's Day Panel Discussion on Women in the Workplace

Event Name: International Women's Day Panel Discussion on Women in the Workplace

Date: 18 March 2024 [Monday]
Time: 10:30 A.M. 12:00 P.M.
Venue: Room 105, Central Block, CHRIST (Deemed to be University), Bangalore

On March 18, 2024, the Gender Studies Committee organized a panel discussion to commemorate International Women's Day. The event focused on "Women in the Workplace," featuring distinguished panelists Priya Varadharajan, Tara Krishnaswamy, Veena Gopalakrishnan, and Lekha Sukhi.

Key takeaways from the discussion included:

- Addressing systemic biases and pay disparities
- Importance of mentorship, sponsorship, and networking for women's career advancement
- Need for inclusive workplaces and policies promoting diversity and equal opportunity
- Role of male allies in promoting gender equality

The panel discussion highlighted strides made in gender equality, including increased representation of women in leadership roles. Panelists emphasized:

- Intersectional feminism in addressing diverse challenges
- Organizational policies prioritizing gender diversity and inclusion
- Advocacy for legal reforms and policies addressing systemic barriers

Impact
The discussion had a profound impact on attendees:

- Raised awareness about gender inequalities and workplace challenges
- Empowered women to navigate and succeed in their careers
- Inspired attendees to advocate for policy changes and foster inclusive work environments
- Provided networking opportunities for career advancement

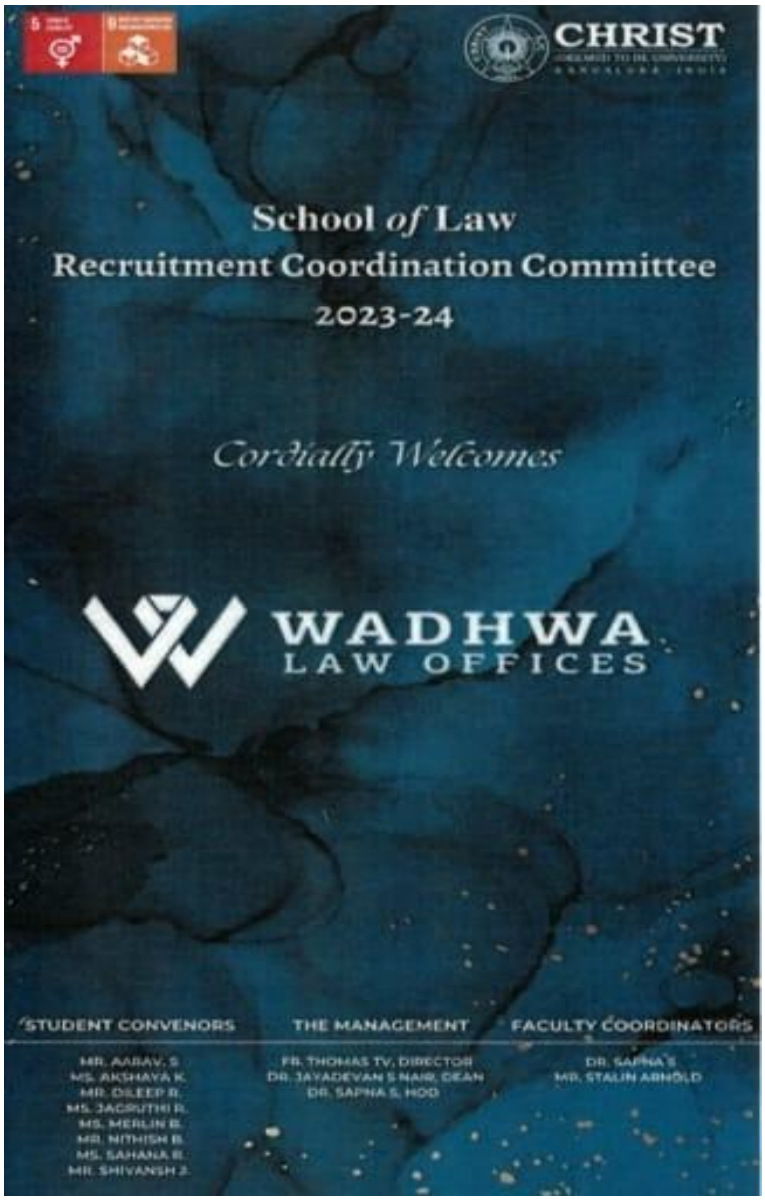

The panel discussion successfully promoted gender equality and empowerment in the workplace. The event underscored the importance of collective action towards achieving gender parity and encouraged attendees to become agents of change.

Pre-Placement Career Guidance by Wadhwa Law Offices

Event Name: Pre-Placement Career Guidance by Wadhwa Law Offices

Date: 19 July, 2023
Time: 10:00 AM
Venue: Council Room, Central Block

On July 19, 2023, the Recruitment and Career Counseling (RCC) committee organized a Pre-Placement Career Guidance Workshop in collaboration with Wadhwa Law Offices. The event aimed to equip final-year law students with essential skills and knowledge for a successful career.

Key takeaways from the workshop included:

- Overview of the legal industry and its expectations
- Importance of networking, internships, and practical experience
- Crafting effective resumes and cover letters
- Developing strong legal research and writing skills
- Navigating the job market, ethics, and work-life balance

Partners from Wadhwa Law Offices, Ms. Rachita Nadig, Mr. Adarsh G, and Mr. Abhinav Benjamin, shared valuable insights on:

- Industry trends and requirements
- Effective interview skills and preparation
- Continuous learning and seeking guidance
- Embracing opportunities beyond initial expectations

Impact
The workshop had a profound impact on students:

- Enhanced understanding of the legal industry and its expectations
- Improved job search strategies and interview skills
- Increased confidence in navigating the job market
- Appreciation for the importance of ethics and work-life balance

The Pre-Placement Career Guidance Workshop successfully prepared law students for their future careers. The ongoing collaboration with Wadhwa Law Offices ensures continued support in students' professional development, enhancing their employability prospects.

ConQuest 2023 (South regional rounds)

Event Name: ConQuest 2023 (South regional rounds)

Date: 27.10.2023
Time: 11:00 AM-1:45 PM
Venue: Main Auditorium, CHRIST (Deemed to be University), Bangalore

On October 27, 2023, the Constitutional Law Studies and Orientation Committee, School of Law, CHRIST (Deemed to be University), Bangalore, organized ConQuest 2023, a national-level quiz competition, in collaboration with Centre for Law and Policy Research (CLPR). The event aimed to enhance quizzing proficiency among college students.

Key takeaways included:

- Significance of the Indian Constitution in present times
- Application of Artificial Intelligence in constitutional matters
- Constitutional history and its evolution
- Intersection of Constitution with history, politics, and emerging technologies

The quiz, conducted by QShaala's Mr. Raghav and Ms. Ashwini, comprised four regional rounds and a national final. Participants demonstrated knowledge of constitutional law, Indian polity, and legal history. The event fostered critical thinking, legal analysis, and problem-solving skills.

Impact
ConQuest 2023 had a profound impact on students:

- Enhanced constitutional literacy and national identity
- Promoted civic participation and engagement with India's constitutional heritage
- Highlighted emerging technologies' relevance in legal discourse
- Encouraged critical thinking, legal analysis, and problem-solving skills

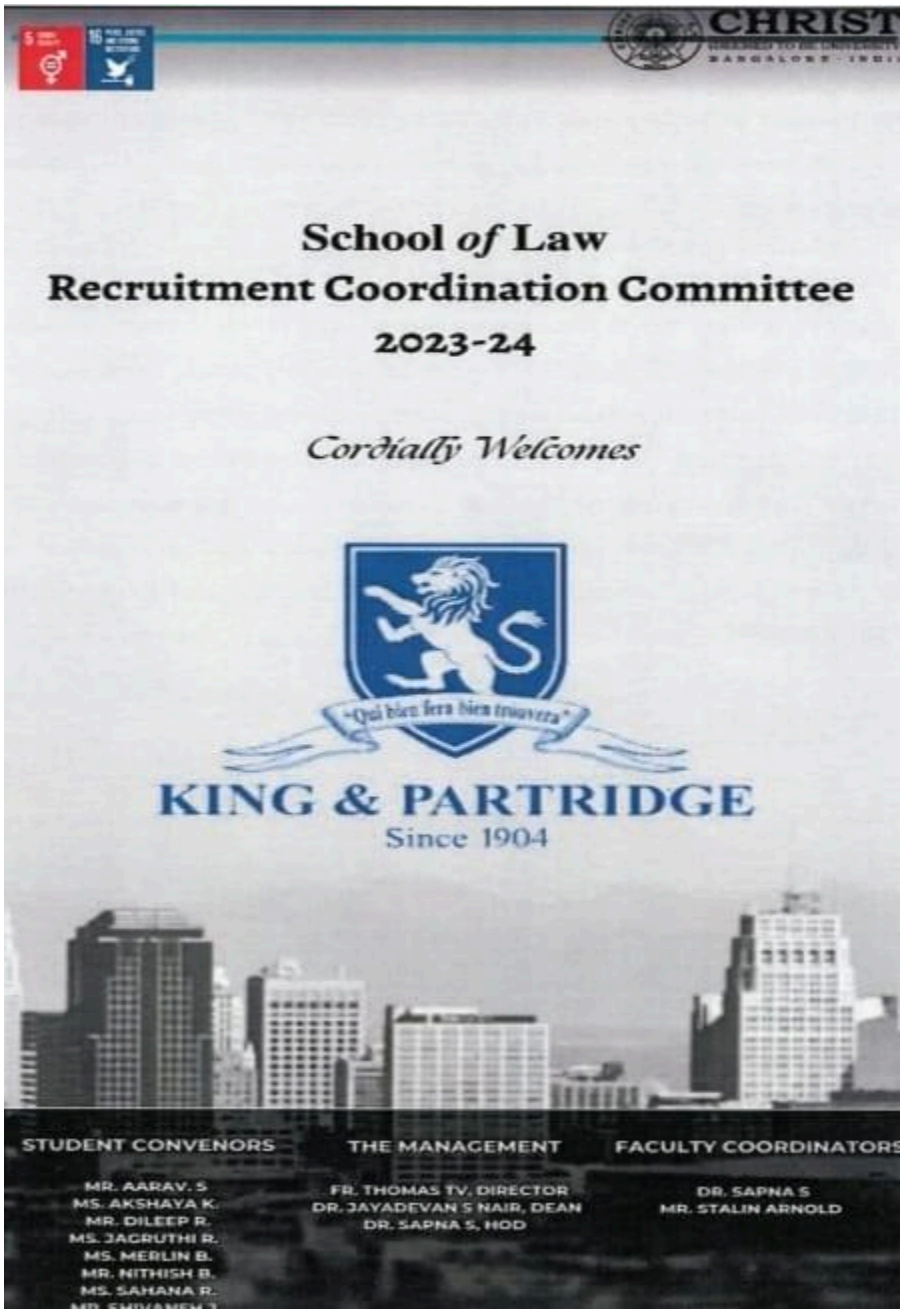

ConQuest 2023 successfully promoted constitutional awareness, critical thinking, and legal literacy among students. The event aligned with Sustainable Development Goals 5, 8, and 16, promoting gender equality, decent work, and peace, justice, and strong institutions.

Interviews for Day Zero Recruitment

Event Name: Interviews for Day Zero Recruitment

Date: 27 July, 2023
Time: 01:30 p.m.
Venue: Conference Room, Ground Floor, Central Block

On July 27, 2023, the Recruitment Coordination Committee organized a Day Zero Recruitment Drive for the Batch of 2023-24. King & Partridge conducted interviews for final-year students.

Learnings
Key takeaways included:

- Insights into King & Partridge's work environment and firm culture
- Understanding of required skills for corporate and litigation fields
- Application of logical and legal reasoning in resolving legal issues
- Importance of drafting skills, argument construction, and sound legal opinions

Eight students were shortlisted for personal interviews with King & Partridge partners, Mr. Vinay Giri, Mr. Rashmi Subramanyam, and Mr. Nithin Prasad. The interaction enlightened students about the firm's values, inclusiveness, and innovation.

Impact
The recruitment drive had a profound impact on students:

- Enhanced understanding of corporate culture and expectations
- Developed critical thinking, analytical, and teamwork skills
- Improved ability to apply legal principles to practical scenarios
- Increased confidence in navigating complex legal landscapes

The Day Zero Recruitment Drive successfully provided students with valuable industry insights and skills required for corporate and litigation fields. The event aligned with Sustainable Development Goals 5 and 16, promoting gender equality and peace, justice, and strong institutions.

Interviews for Day Zero Recruitment

Event Name: Interviews for Day Zero Recruitment

Date: 27 July, 2023
Time: 10:00 AM
Venue: Moot Court Hall, Fourth Floor, Central Block.

On July 27, 2023, Krishnamurthy & Co. conducted Day Zero Recruitment Drive interviews for final-year students.

Learnings
Key takeaways included:

- Insights into Krishnamurthy & Co.'s work environment and culture
- Understanding of essential skills for corporate and labor law
- Importance of critical thinking, analytical skills, and teamwork
- Application of legal principles to practical scenarios

Forty-one shortlisted students participated in group discussions, followed by personal interviews for ten selected students. Partners Mr. Christopher Rao, Mr. Puneet Prabhakar, and Mr. Santhosh Vijay shared valuable industry perspectives.

Impact
The recruitment drive had a profound impact on students:

- Enhanced understanding of corporate culture and expectations
- Developed critical thinking, analytical, and teamwork skills
- Improved ability to apply legal principles to practical scenarios
- Exposure to professional ethics and inclusivity

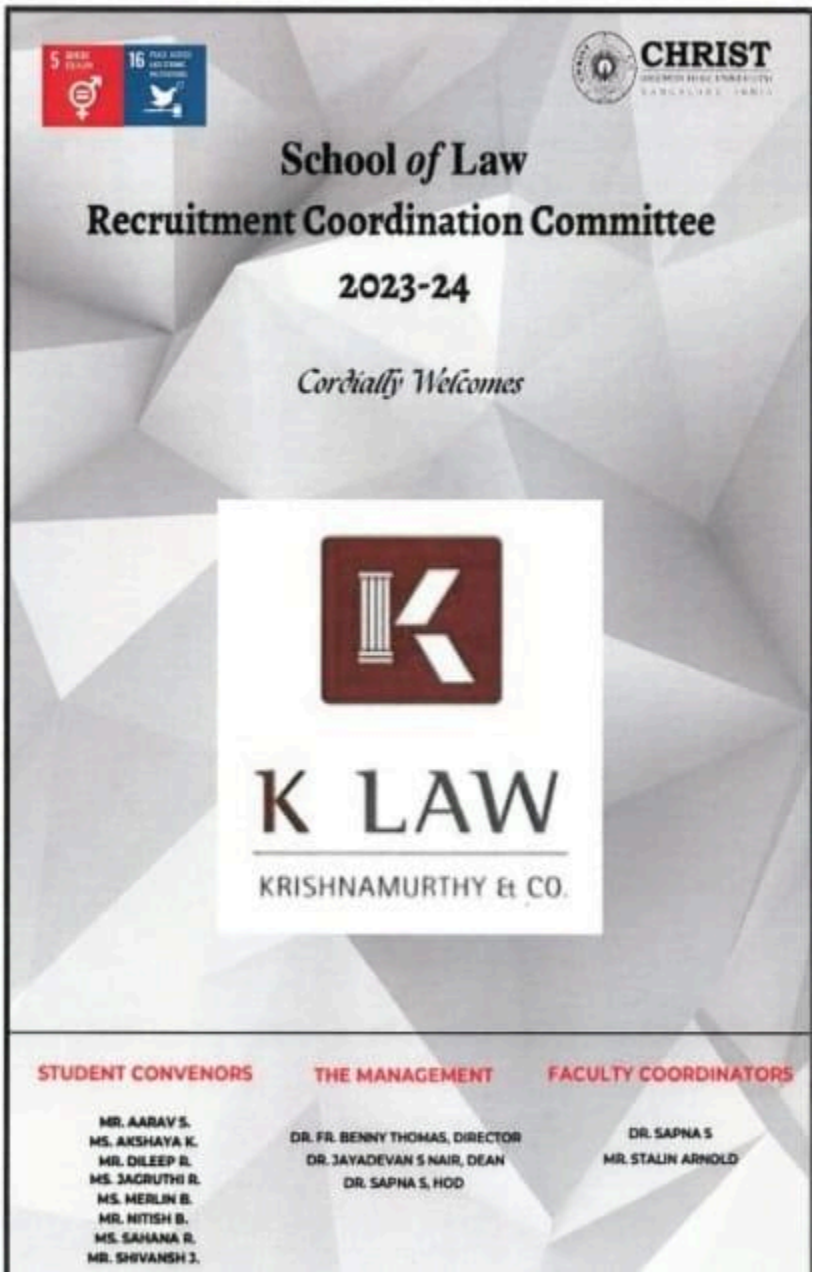

The Day Zero Recruitment Drive successfully provided students with industry insights and skills required for corporate and labor law. The event aligned with SDGs 5 and 16, promoting gender equality and peace, justice, and strong institutions.

Interviews for Day Zero Recruitment

Event Name: Interviews for Day Zero Recruitment

- Exposure to professional ethics and inclusivity

The Day Zero Recruitment Drive successfully provided students with industry insights and skills required for corporate and labor law. The event aligned with SDGs 5 and 16, promoting gender equality and peace, justice, and strong institutions.

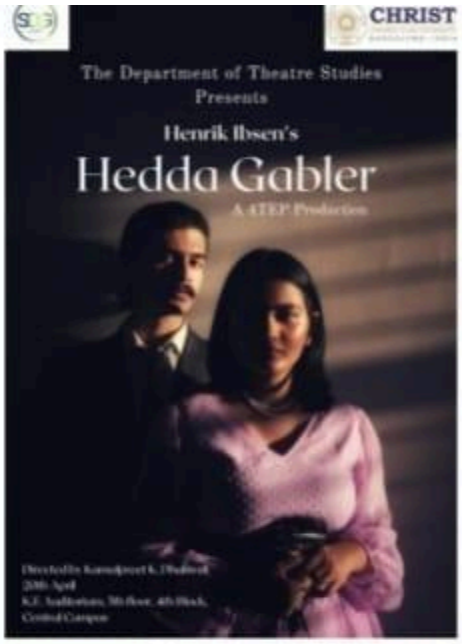

10 Women Directors' Play Productions

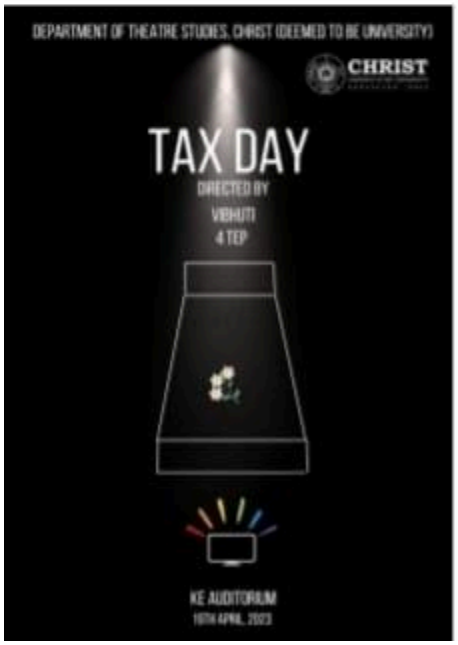

Event Name: 10 Women Directors' Play Productions

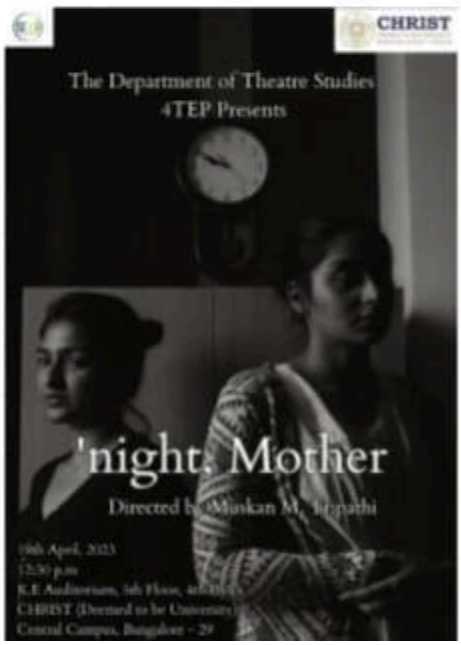

Date: 19- 20 April 2023
Time: 12 noon and 11 am
Venue: KE Auditorium

On April 19-20, 2023, the Department of Theatre Studies organized a play performance event featuring ten plays directed by female students.

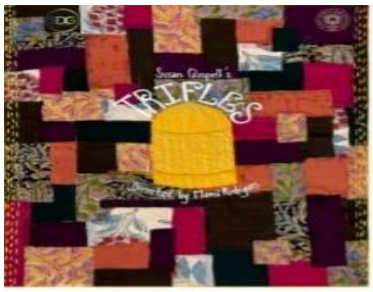

Learnings
Key takeaways included:

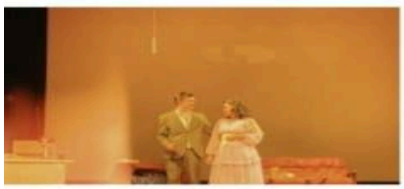

- Empowerment through creative expression
- Gender equality and women's societal issues
- Leadership, design, critical thinking, and analytical skills
- Effective communication and collaboration

Ten student directors, under faculty guidance, selected and directed published plays, showcasing their talents. The performances addressed women's struggles and quest for freedom. Plays included:

- ➢ Almost, Maine
- ➢ Hedda Gabler
- ➢ Tax Day
- ➢ Night Mother
- ➢ Overtones
- ➢ A Doll's House
- ➢ Logical Conspiracies
- ➢ Trifles
- ➢ This Random World
- ➢ The Glass Menagerie

Impact
The event had a profound impact on students:

- Enhanced confidence and empowerment through creative expression
- Developed critical thinking, analytical, and problem-solving skills
- Improved leadership and collaboration skills
- Increased awareness of gender equality and women's issues

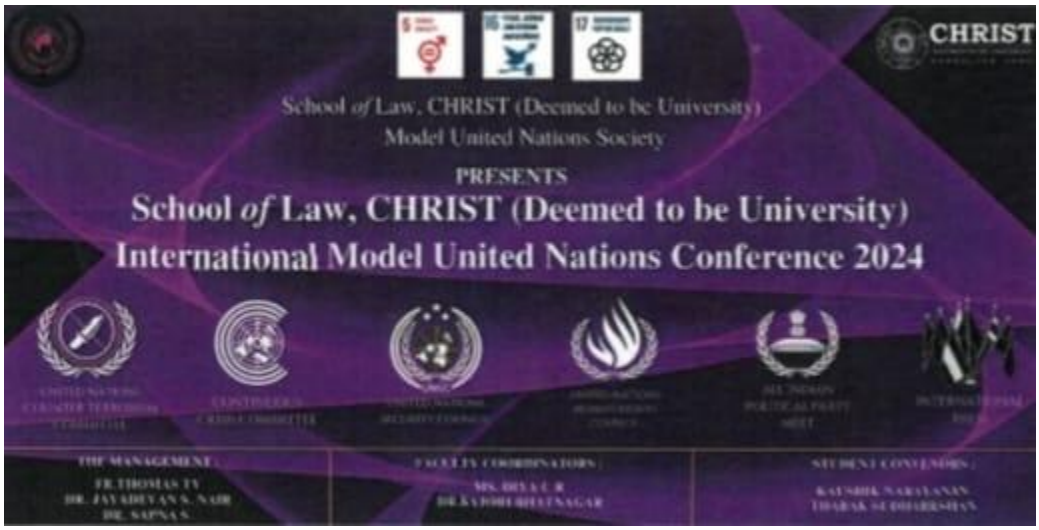

The 10 Women Directors' Play Productions successfully promoted gender equality and empowerment through creative performances. Aligning with SDG 5, the event showcased student talent and fostered personal growth.

12th Edition of the School of Law, CHRIST (Deemed to be University) Model United Nations 2024

Event Name: 12th Edition of the School of Law, CHRIST (Deemed to be University) Model United Nations 2024

Date: 10th to 12th February 2024
Time: Day 1: 9:00 a.m. 7:00 p.m.
Day 2: 8:30 a.m. 8:30 p.m.
Day 3: 9:00 a.m.-3:00p.m.
Venue: Main Auditorium, Audi Block, CHRIST (Deemed to be University)
Central Block, CHRIST (Deemed to be University) K.E. Auditorium, Block IV, CHRIST (Deemed to be University), Central Campus
Room No. 911, Central Block, CHRIST (Deemed to be University)

The 12th Edition of the School of Law, CHRIST (Deemed to be University) Model United Nations 2024 took place from February 10-12, 2024. This national-level conference brought together 266 students from across the country to engage in diplomatic discussions and debates.

Learnings
Key takeaways included:

- Enhanced diplomatic skills and international cooperation
- Deepened understanding of legal theories, concepts, and interdisciplinary issues
- Refined critical thinking, problem-solving, and teamwork abilities
- Improved advocacy and negotiation skills

The conference featured esteemed guests, including Mr. T.P. Sreenivasan and Mr. K.M. Chandrasekhar. Delegates participated in committee sessions, addressing pressing global issues and developing diplomatic skills. Cultural nights and interactive sessions fostered cross-cultural understanding and unity.

Impact
The event had a profound impact on students:

- Developed critical thinking, problem-solving, and teamwork abilities
- Enhanced understanding of global issues and diplomacy
- Refined advocacy and negotiation skills
- Encouraged socio-legal engagement and interdisciplinary thinking

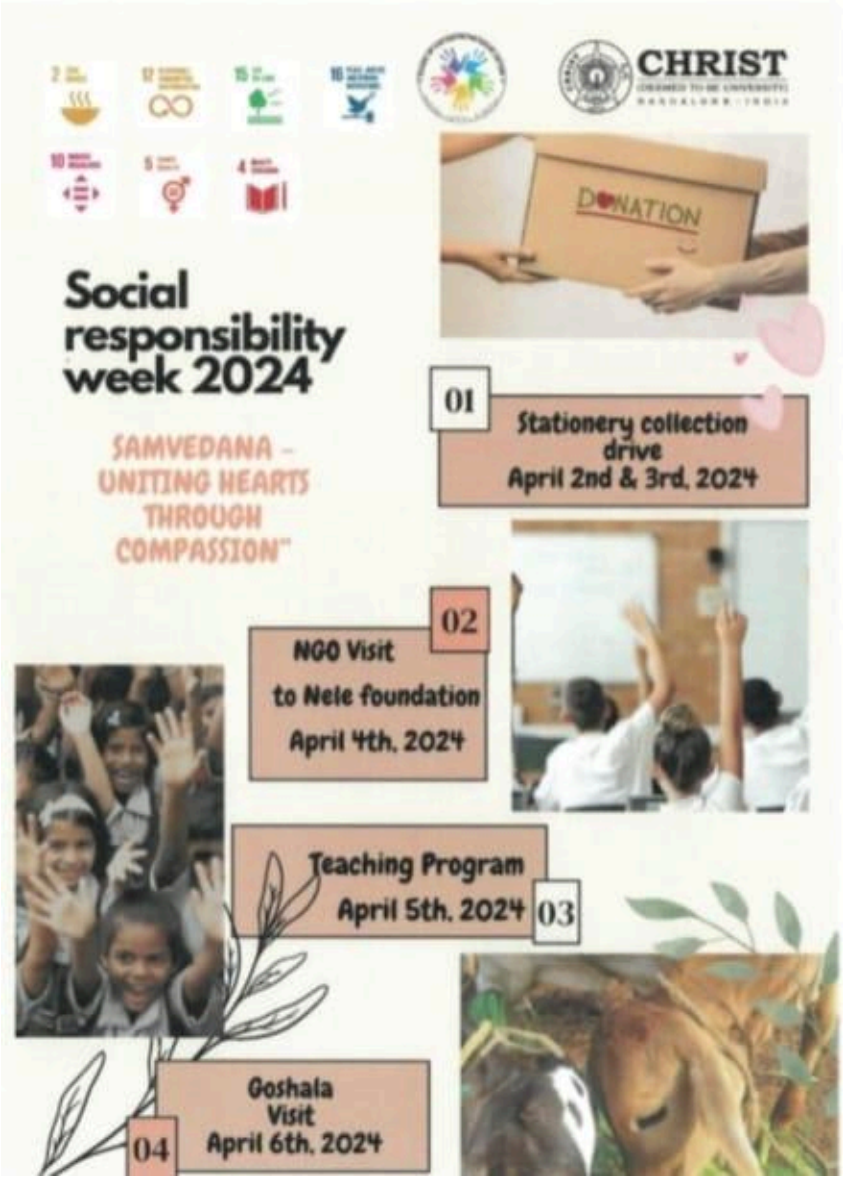

The 12th Edition of SLCUMUN 2024 successfully promoted diplomatic skills, international cooperation, and socio-legal engagement among students. Aligning with SDGs 5, 16, and 17, the event fostered a culture of cooperation and diplomacy.

Project Ares Teaching Program

Event Name: Importance of communication skills and developing empathy among each other, break the stereotypes and express better.

Date: 5/4/2024
Time: 5:00 PM-6.30 PM
Venue: Madiwala

The Project Ares Teaching Program, organized by CHRIST Centre for Social Action, Bengaluru, aimed to enhance communication skills, empathy, and teamwork among 30 children from classes 2-9.

Learnings
Key takeaways included:

- Effective communication and teamwork
- Quick thinking, creativity, and strategic planning
- Empathy and understanding through interactive activities
- Observation and imaginative thinking skills

The program consisted of four activities:

1. **Introductory session:** Students paired up, sharing three intriguing facts about each other.
2. **Pass the Potato:** Team-building activity promoting teamwork and coordination.
3. **Pictorial drawings:** Students described scenes, developing observation and imaginative thinking.
4. **Tiger and Cow game:** Team coordination and strategy planning exercise.

Impact
The program had a profound impact on students:

- Developed essential life skills, including communication, teamwork, and problem-solving
- Enhanced critical thinking, creativity, and strategic planning
- Fostered empathy, understanding, and social responsibility
- Contributed to SDGs 4, 5, 10, and 16 (Quality Education, Gender Equality, Reduced Inequalities, Peace, Justice, and Strong Institutions)

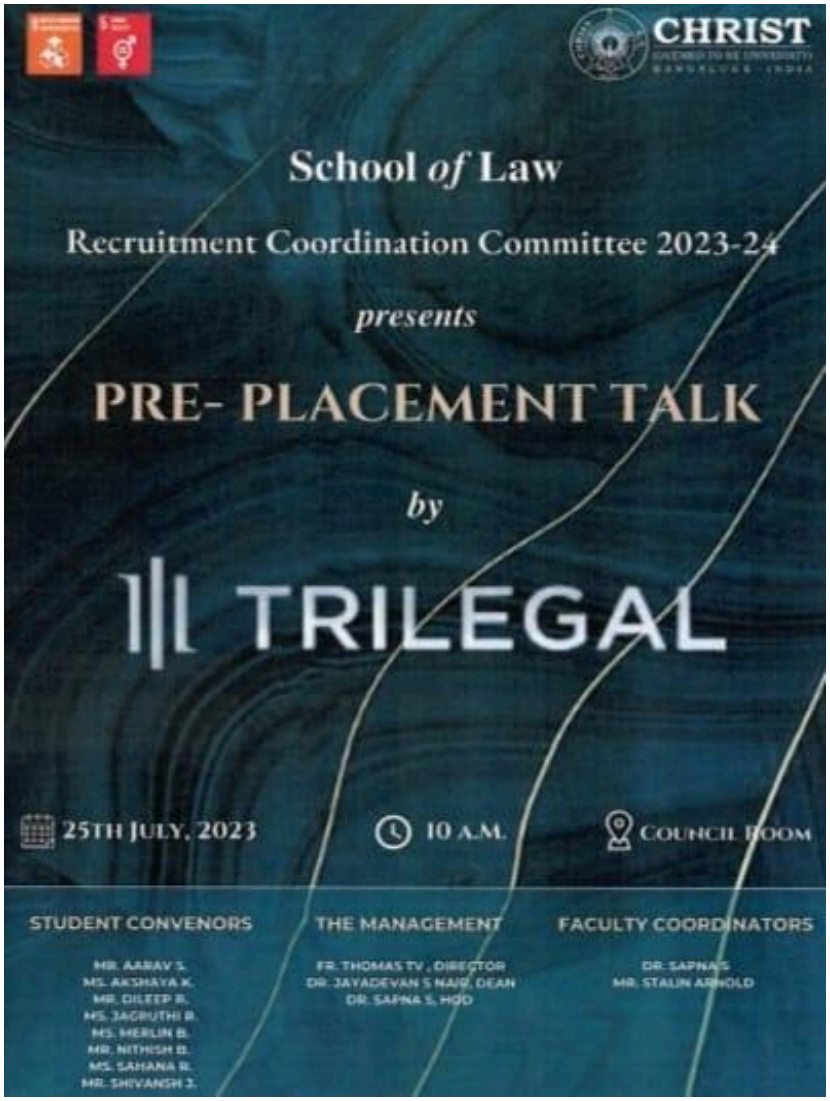

The Project Ares Teaching Program successfully promoted communication skills, empathy, and teamwork among children. Aligning with SDGs, the program contributed to holistic education, social responsibility, and community development.

Trilegal-Pre-Placement Career Guidance and Interviews

Event Name: Trilegal-Pre-Placement Career Guidance and Interviews

Date: 25 July 2023
Time: 09:30 AM
Venue: Campus View, Central Block, Christ (Deemed to be University)

Christ (Deemed to be University) organized a workshop on Pre-Placement Career Guidance and Recruitment, featuring Trilegal, a renowned law firm. The event aimed to equip law students with essential tools for informed decision-making regarding firm cultures.

Learnings
Key takeaways included:

- Insights into Trilegal's values, mission, and working culture
- Understanding of the selection and promotion process
- Importance of agility, open-door policy, and professional ethics
- Effective CV building and recruitment skills

The workshop featured partners Jyotsna Jayaram and Arjun Ghose, counsel Adunika Premkumar, associate Akash Jose, and HR representatives Tanvi Sharma and Haleema. They shared their experiences, emphasizing:

- Trilegal's culture and values
- Critical thinking and logical legal reasoning
- Ethical and professional behavior
- Industry trends and innovations

Impact
The workshop had a profound impact on 300-350 students:

- Enhanced understanding of law firm cultures and expectations
- Developed critical thinking and problem-solving skills
- Improved employability and entrepreneurship skills
- Fostered inclusivity and diversity awareness

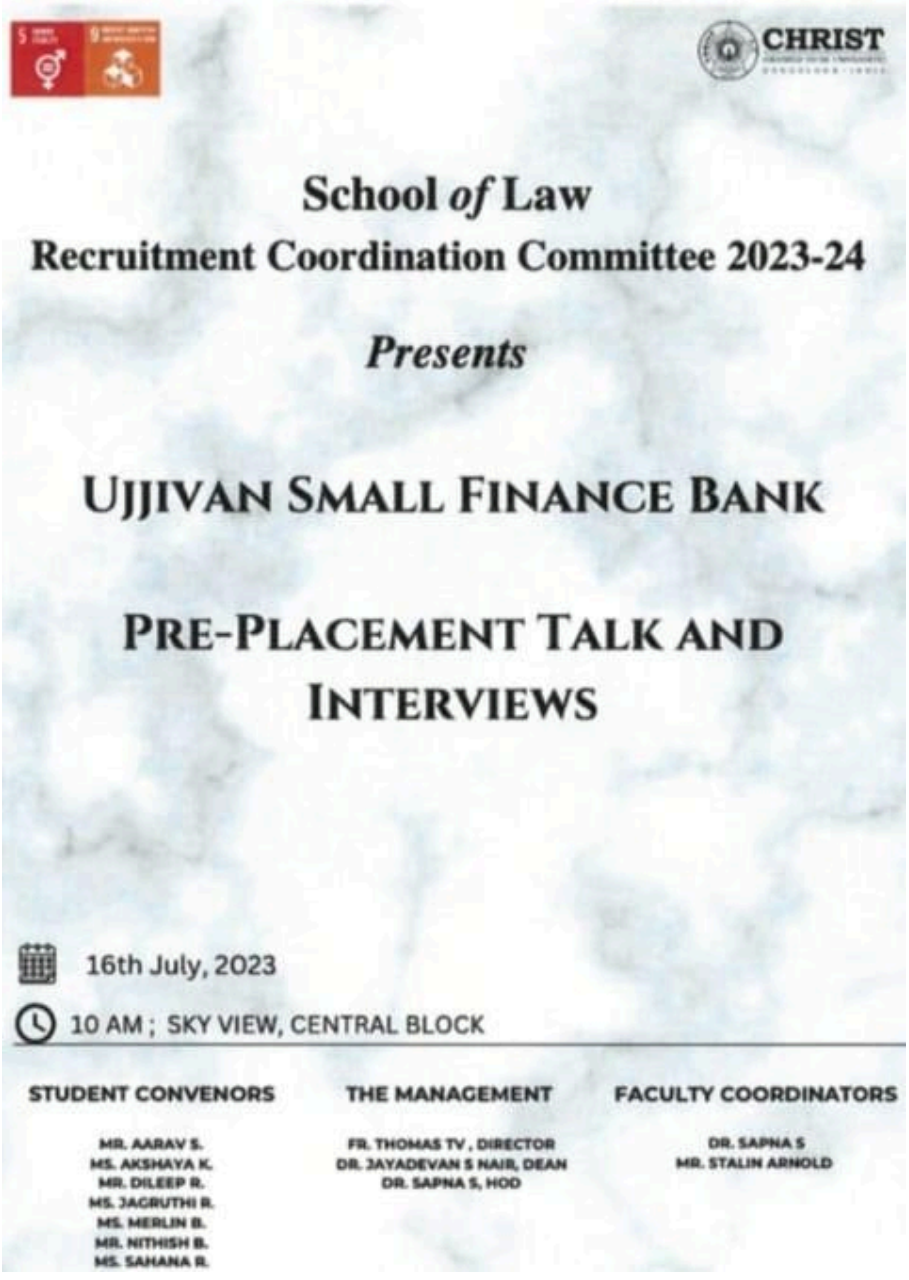

The Trilegal Pre-Placement Career Guidance and Interviews successfully bridged the gap between academia and industry. Aligning with SDGs 5 (Gender Equality) and 9 (Industry, Innovation, and Infrastructure), the workshop promoted professional ethics, inclusivity, and innovation.

Ujjivan Bank Pre-Placement Talk and Interviews

Event Name: Ujjivan Bank Pre-Placement Talk and Interviews

Date: 16th July, 2023
Time: 10:00 AM
Venue: Council Room, Central Block, Christ (Deemed to be University)

Christ (Deemed to be University) organized a workshop on Pre-Placement Career Guidance and Interviews in collaboration with Ujjivan Small Finance Bank. The event aimed to equip law students with essential tools for informed decision-making regarding the Bank's culture and work.

Learnings
Key takeaways included:

- Insights into Ujjivan Bank's values, mission, and working culture
- Understanding of the selection and promotion process
- Importance of inclusivity, equality, and innovation
- Effective employability and entrepreneurship skills

The workshop featured Mr. Srikumar V V (Head of Legal), Mr. Abhinav Prakash (Corporate Legal Manager), and Ms. Surbhi Priya (Manager-Campus Relations). They shared their experiences, emphasizing:

- Critical thinking and logical legal reasoning
- Ethical and professional behavior
- Industry trends and innovations
- Gender equality and diversity

Impact
The workshop had a profound impact on 26 students:

- Enhanced understanding of the Bank's culture and expectations
- Developed critical analysis and problem-solving skills
- Improved employability and entrepreneurship skills
- Fostered inclusivity and diversity awareness

The Ujjivan Bank Pre-Placement Career Guidance and Interviews successfully bridged the gap between academia and industry. Aligning with SDGs 5 (Gender Equality) and 9 (Industry, Innovation, and Infrastructure), the workshop promoted professional ethics, inclusivity, and innovation.

The workshop demonstrated Ujjivan Bank's commitment to nurturing talent and promoting sustainable growth, contributing to local economic resilience, regional development, and national prosperity, while fostering a positive global outlook.

Workshop on "Career Prospects in the field of Intellectual Property Rights

Event Name: Workshop on "Career Prospects in the field of Intellectual Property Rights

Date: 18/08/2023
Time: 12:30 PM
Venue: Room 105, Central Block

The School of Law organized a workshop on "Career Prospects in the field of Intellectual Property Rights" in collaboration with K&S Partners on August 18, 2023. The event aimed to provide students with valuable insights into the field of Intellectual Property Rights, industry standards, and career pathways.

Learnings
The workshop featured presentations by Mr. Satyam Rathore and Ms. Lipi Parashar, Senior Associate and Associate at K&S Partners, respectively. Key takeaways included:

1. Skills required to work in Intellectual Property Rights
2. Focus areas within the domain
3. Functioning of law firms, specifically K&S Partners
4. Upcoming internship opportunities and job prospects

The workshop provided students with a comprehensive understanding of Intellectual Property Laws, industry standards, and the various career pathways within the field. The guest speakers shared their expertise, offering practical advice and guidance on resume building and career development.

The event catered to 44 students from the 4th year and LLM IPL programs, providing clarity on practice areas within Intellectual Property Rights and acquainting them with the required skill set for the industry.

Impact

The workshop had a profound impact on students, empowering them to make informed decisions about their academic and professional pursuits. Key outcomes included:

1. Enhanced understanding of Intellectual Property laws and industry standards
2. Development of relevant skills, such as legal analysis, research, and critical thinking
3. Increased awareness of career pathways and internship opportunities
4. Fostered innovation and respect for intellectual property within the academic institution and broader community

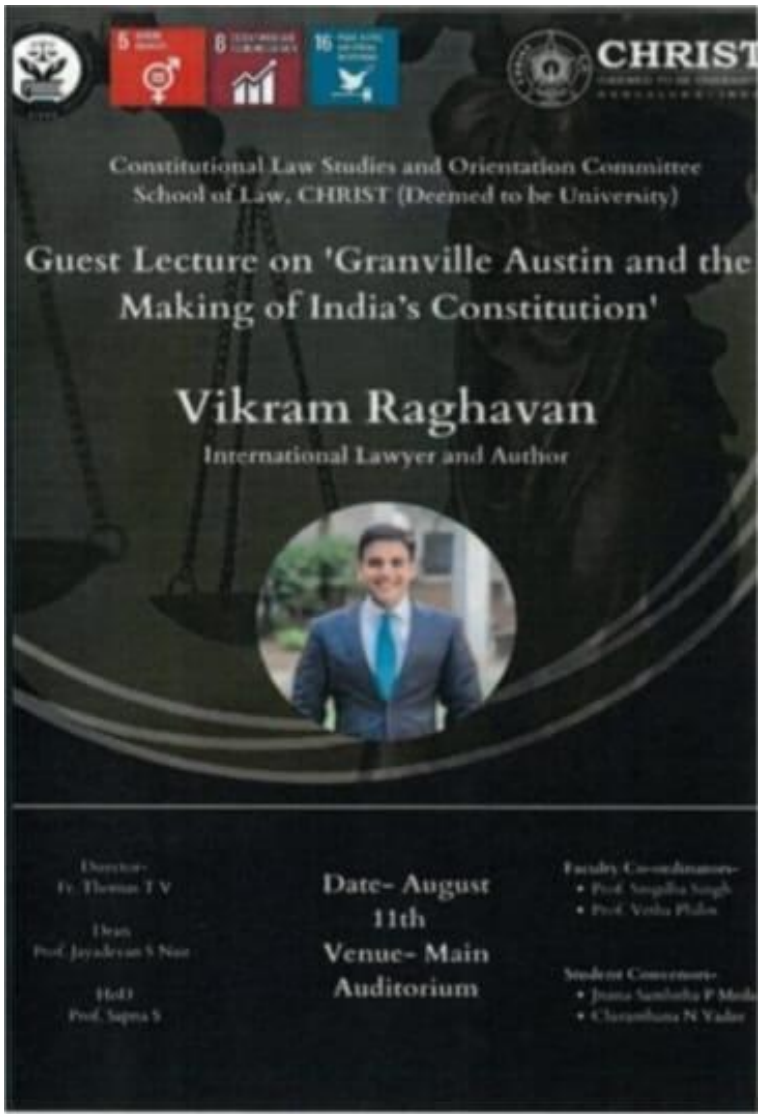

The workshop on Career Guidance and Resume Building for Intellectual Property Lawyers was a resounding success, providing students with invaluable insights into the field. By collaborating with industry experts, the School of Law demonstrated its commitment to enhancing employability, innovation, and intellectual property protection. The event's impact will be sustained through follow-up plans, ensuring students remain equipped with the skills sought after by recruiters.

Workshop on "Granville Austin and the Making of India's Constitution"

Event Name: Workshop on "Granville Austin and the Making of India's Constitution"

Date: 11.08.2023
Time: 9:30 AM-11:00 AM
Venue: Main Auditorium, CHRIST (Deemed to be University)

On August 11, 2023, CHRIST (Deemed to be University) hosted a workshop titled "Granville Austin and the Making of India's Constitution" in its Main Auditorium. The event featured Mr. Vikram Raghavan, Lead Counsel at the World Bank's Legal Department in Washington, D.C., as the guest speaker. The workshop aimed to provide law students with valuable insights into Granville Austin's contributions to India's constitutional analysis.

Learnings
Key takeaways from the workshop include:

- Granville Austin's pivotal role in analyzing India's Constitution
- His book, "The Indian Constitution: Cornerstone of a Nation," and its impact on India's legal discourse
- Austin's journey to India and his rigorous data collection methods
- The significance of the Constitution in modern times
- Positive responses to Austin's work from judges and advocates like Adv. Nani Palkhivala

The workshop provided 80 law students with a comprehensive understanding of India's constitutional framework. Mr. Raghavan highlighted Austin's meticulous analysis and its influence on the country's legal and political landscape. The discussion also touched upon Austin's correspondence with Indian leaders and the critique of his work by scholars like Prof. Upendra Baxi.

Impact
The workshop significantly contributed to the students' academic and professional development, enhancing their:

- Academic expertise
- Critical thinking and research skills
- Ethical and professional behavior
- Leadership and collaboration skills

The event also fulfilled Sustainable Development Goals (SDGs) 5, 8, and 16, emphasizing gender equality, decent work, and economic growth, as well as peace, justice, and strong institutions.

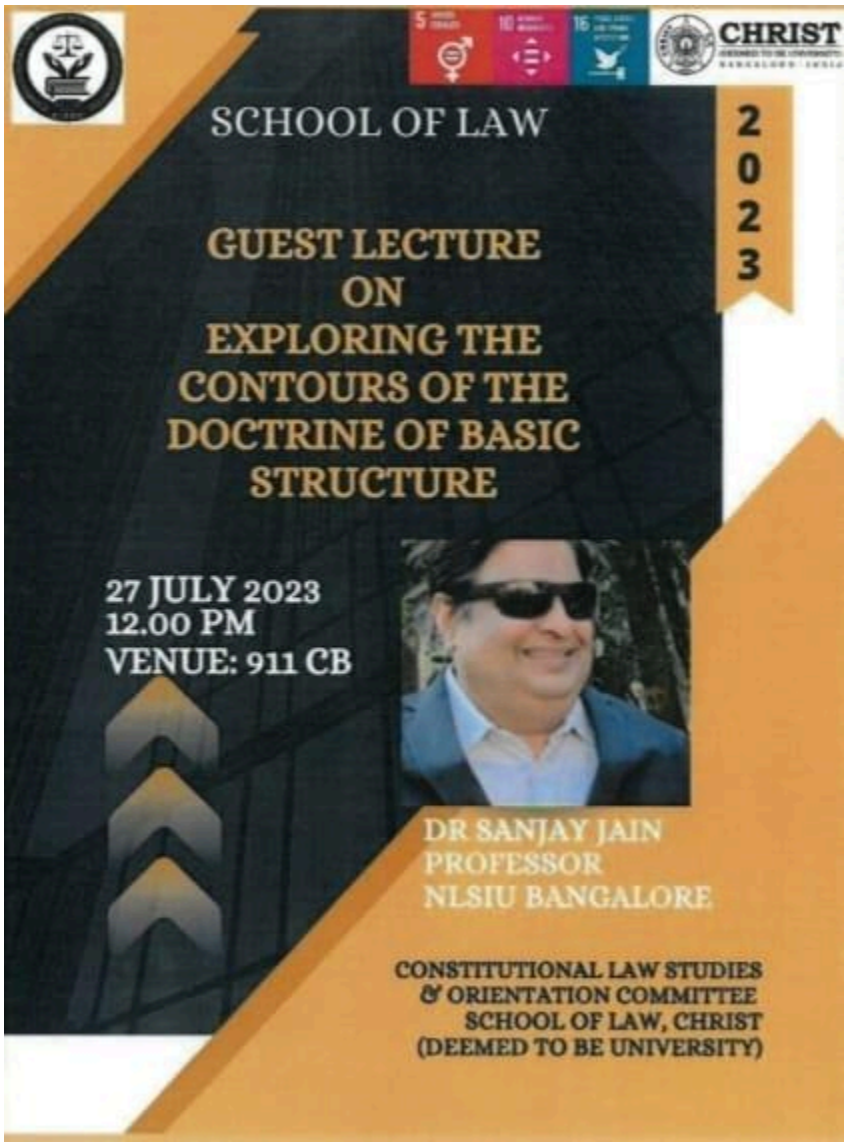

The workshop was a resounding success, providing students with invaluable insights into Granville Austin's contributions to India's constitutional analysis. The event demonstrated the university's commitment to enhancing employability, entrepreneurship, and skill development in law students. Future workshops with eminent personalities are planned to further enrich students' knowledge and skills.

Exploring the contours of the doctrine of Basic Structure

Event Name: Exploring the contours of the doctrine of Basic Structure

Date: 27.07.2023
Time: 12:00-1:00 PM
Venue: 911 CB

On July 27, 2023, CHRIST (Deemed to be University) hosted a workshop titled "Exploring the Contours of the Doctrine of Basic Structure" featuring Dr. Sanjay Jain, Professor at National Law School of India University, Bangalore. The event aimed to provide law students with a comprehensive understanding of this fundamental concept in constitutional jurisprudence.

Learnings
Key takeaways from the workshop include:

- Historical background and evolution of the Doctrine of Basic Structure
- Core principles and features of the constitution that are immutable
- Judicial interpretation and implications for constitutional governance
- Comparative analysis of basic structures in democratic countries
- Importance of dynamic constitutionalism in the modern world

The workshop provided 130 law students with a nuanced understanding of the Doctrine of Basic Structure. Dr. Jain's unique perspective, shaped by his experiences as a visually impaired professor, offered valuable insights into the doctrine's significance. The discussion touched upon landmark cases, judicial pronouncements, and the doctrine's role in ensuring constitutional integrity.

Impact
The workshop significantly impacted students, enhancing their:

- Understanding of constitutional law principles
- Critical thinking and analytical skills
- Appreciation for dynamic constitutionalism
- Ability to navigate complex legal concepts

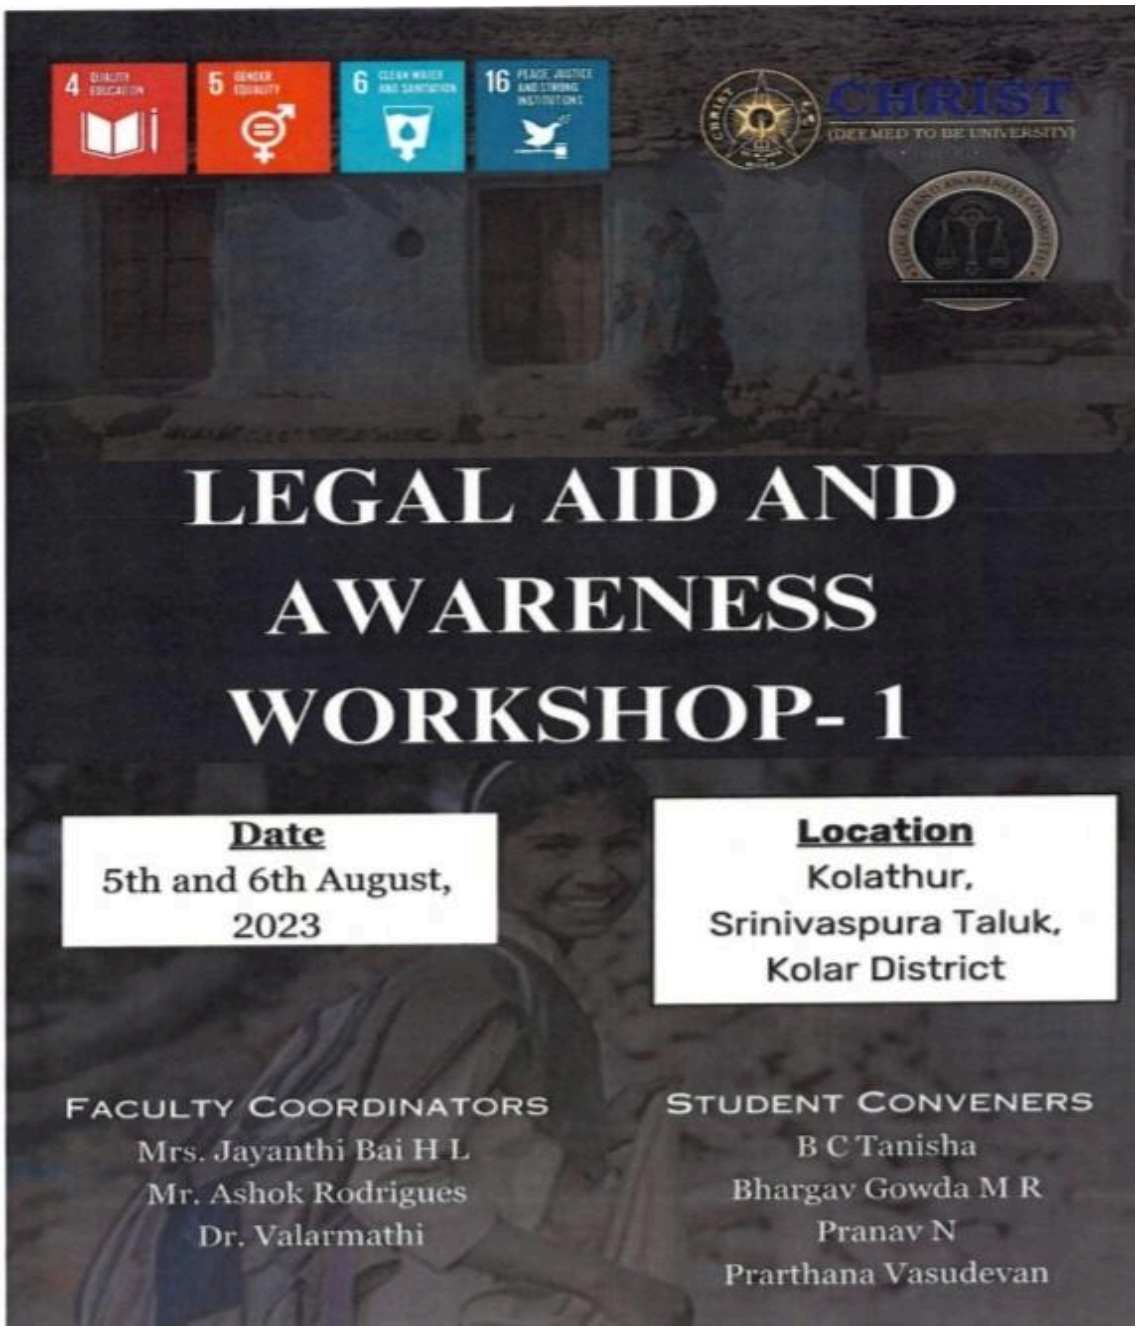

The event aligned with Sustainable Development Goals (SDGs) 5, 10, and 16, promoting gender equality, reducing inequalities, and fostering peace, justice, and strong institutions.

The workshop was a resounding success, providing students with invaluable insights into the Doctrine of Basic Structure. Dr. Jain's expertise and unique perspective enriched the students' understanding of constitutional jurisprudence. Future collaborations with Dr. Jain are planned to further enrich students' knowledge and skills. The university remains committed to advancing legal education and scholarship while promoting critical engagement with constitutional principles.

Legal Aid and Awareness Workshop - 1

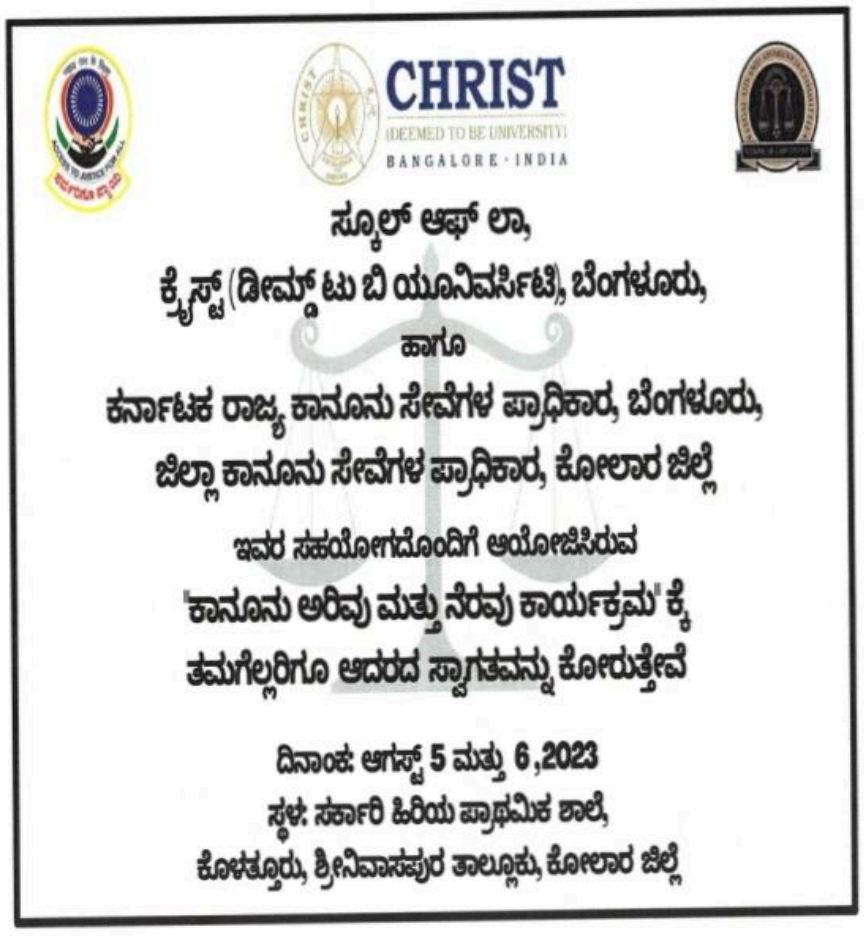

Activity Name: Legal Aid and Awareness Workshop - 1

Date: 5th and 6th August 2023
Time: Day 1: 9:30 AM-11:30 P.M
Day 2: 8:30 A.M-4:00 P.M.
Venue: Kolathur Village, Srinivasapura Taluk, Kolar District

The Legal Aid and Awareness Workshop, organized by the School of Law, CHRIST (Deemed to be) University, aimed to educate and empower the rural community of Kolathur Village, Kolar District, on their legal rights and procedures. The two-day workshop, held on August 5-6, 2023, brought together villagers, students, and legal experts to address socio-legal concerns and promote community development.

The workshop had various activities, including a legal awareness rally, cultural program, and survey. The rally and cultural program raised awareness about legal rights, women's rights, and environmental conservation. The survey, held by final-year students, identified legal difficulties and broader societal challenges, such as access to basic utilities like water and electric supply. The survey report revealed that 135 residents lacked birth certificates, prompting the Taluk Court Judge to assure assistance in issuing certificates.

Impact on Students:

The workshop provided students with a unique learning experience, exposing them to rural realities and the value of legal aid in addressing socio-legal concerns. Students developed skills in communicating with locals, understanding legal problems, and providing legal aid. The workshop also instilled a sense of social responsibility and empathy among participants.

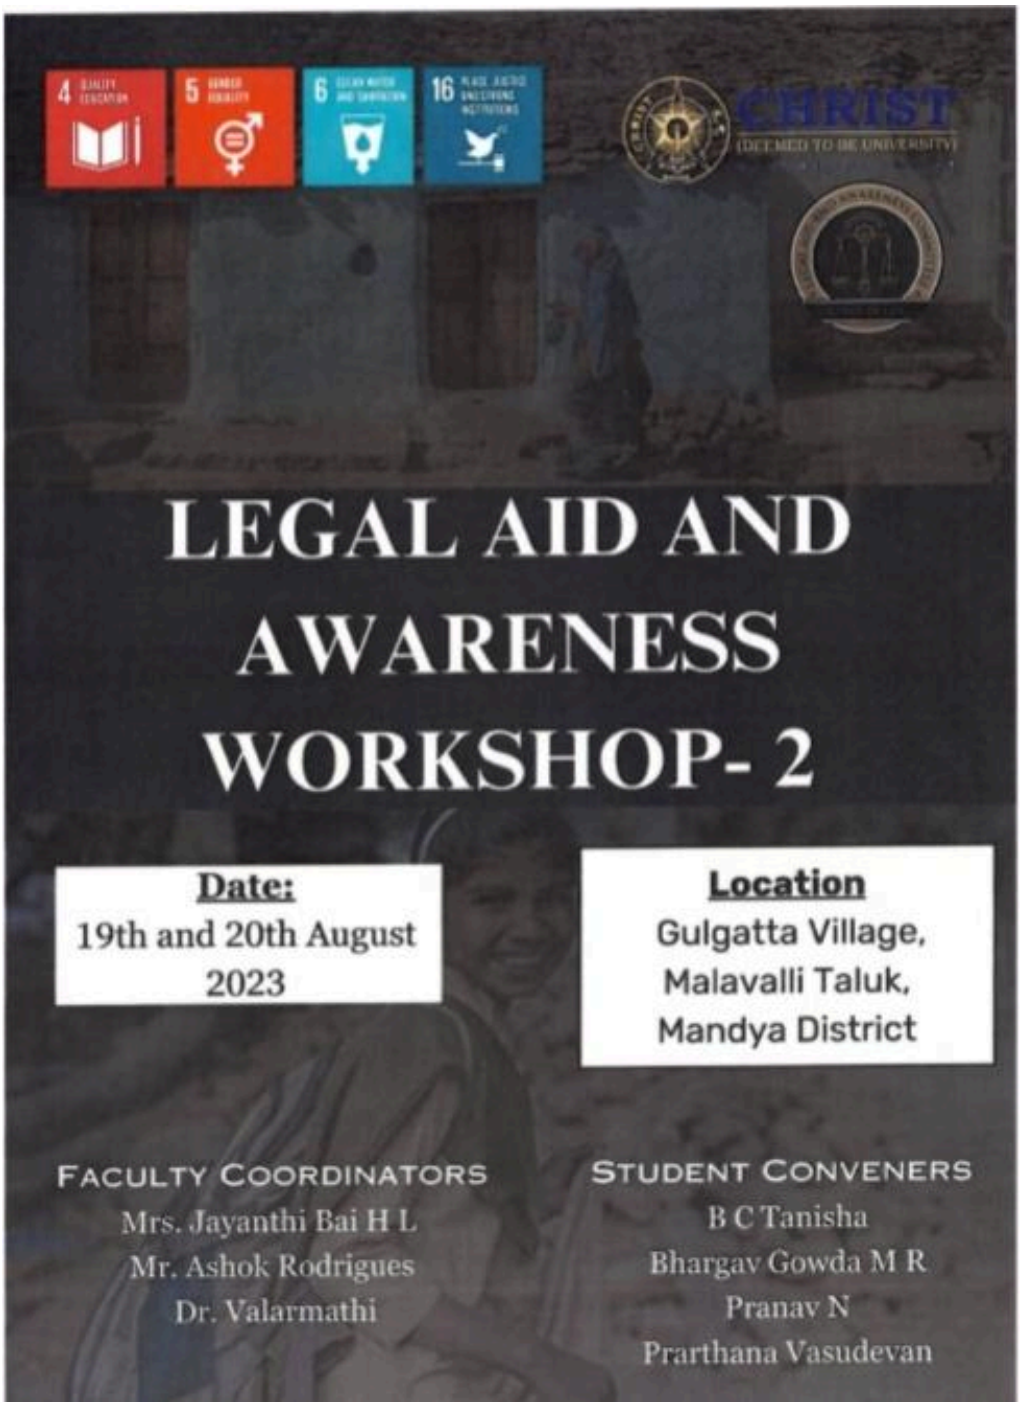

The Legal Aid and Awareness Workshop successfully transmitted legal information, created a sense of social duty, and laid the groundwork for future legal aid and community efforts. The initiative demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. By empowering rural communities, the workshop contributed to the United Nations' Sustainable Development Goals, particularly SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions).

Legal Aid and Awareness workshop 2

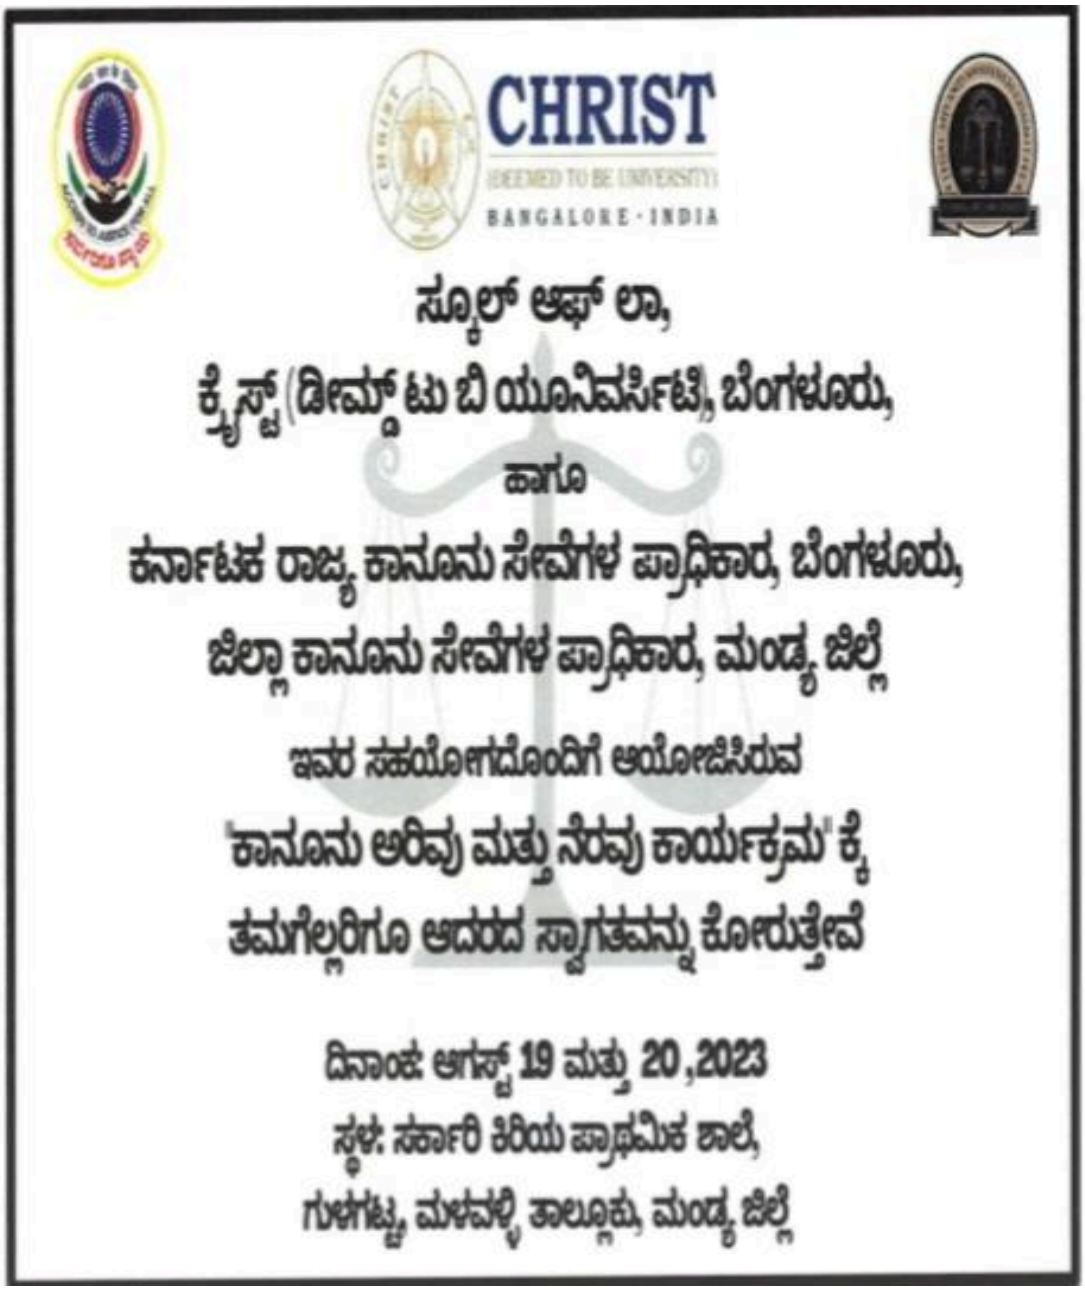

Event Name: Legal Aid and Awareness workshop 2

Date: 19th and 20th August 2023
Location: Gulgatta Village, Malavalli Taluk, Mandya District

The Legal Aid and Awareness Workshop 2 is an initiative that empowers rural communities by providing legal education and awareness. Through interactive activities, surveys, and expert sessions, the workshop addresses socio-legal concerns, promotes gender equality, and supports sustainable development, aligning with the United Nations' Sustainable Development Goals.

The Legal Aid and Awareness Workshop 2, organized by the School of Law, CHRIST (Deemed to be) University, was held on August 19-20, 2023, in Gulagatta Village, Mandya District. The workshop's main goal is to educate and empower the rural community on their legal rights and procedures.

The two-day workshop comprised various activities, including a legal awareness rally, cultural program, survey, and official program. The rally and cultural program raised awareness about legal rights, women's rights, and environmental conservation. The survey identified legal difficulties and broader societal challenges, such as access to basic utilities like water and electric supply.

The official program enabled villagers to interact with legal authorities and express their unfairness. The survey report indicated that 135 residents lacked birth certificates, prompting the Taluk Court Judge to assure assistance in issuing certificates.

The workshop provided students with a learning opportunity, exposing them to rural realities and the value of legal aid in addressing socio-legal concerns. The initiative demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The workshop contributed to the United Nations' Sustainable Development Goals, particularly SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions).

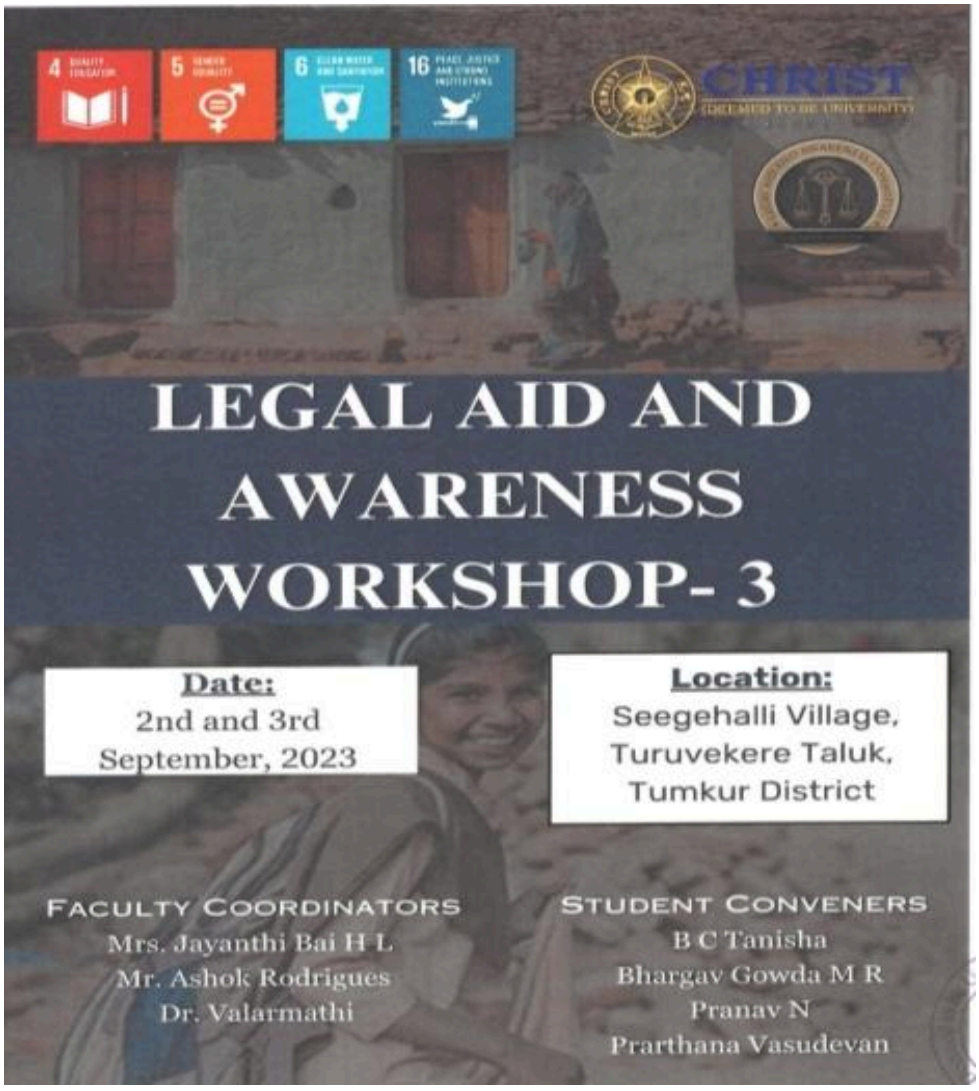

The Legal Aid and Awareness Workshop 2 successfully transmitted legal information, created a sense of social duty, and laid the groundwork for future legal aid and community efforts. By empowering rural communities, the workshop promoted legal awareness, education, and social transformation.

Legal Aid and Awareness Workshop - 3

Event: Legal Aid and Awareness Workshop - 3

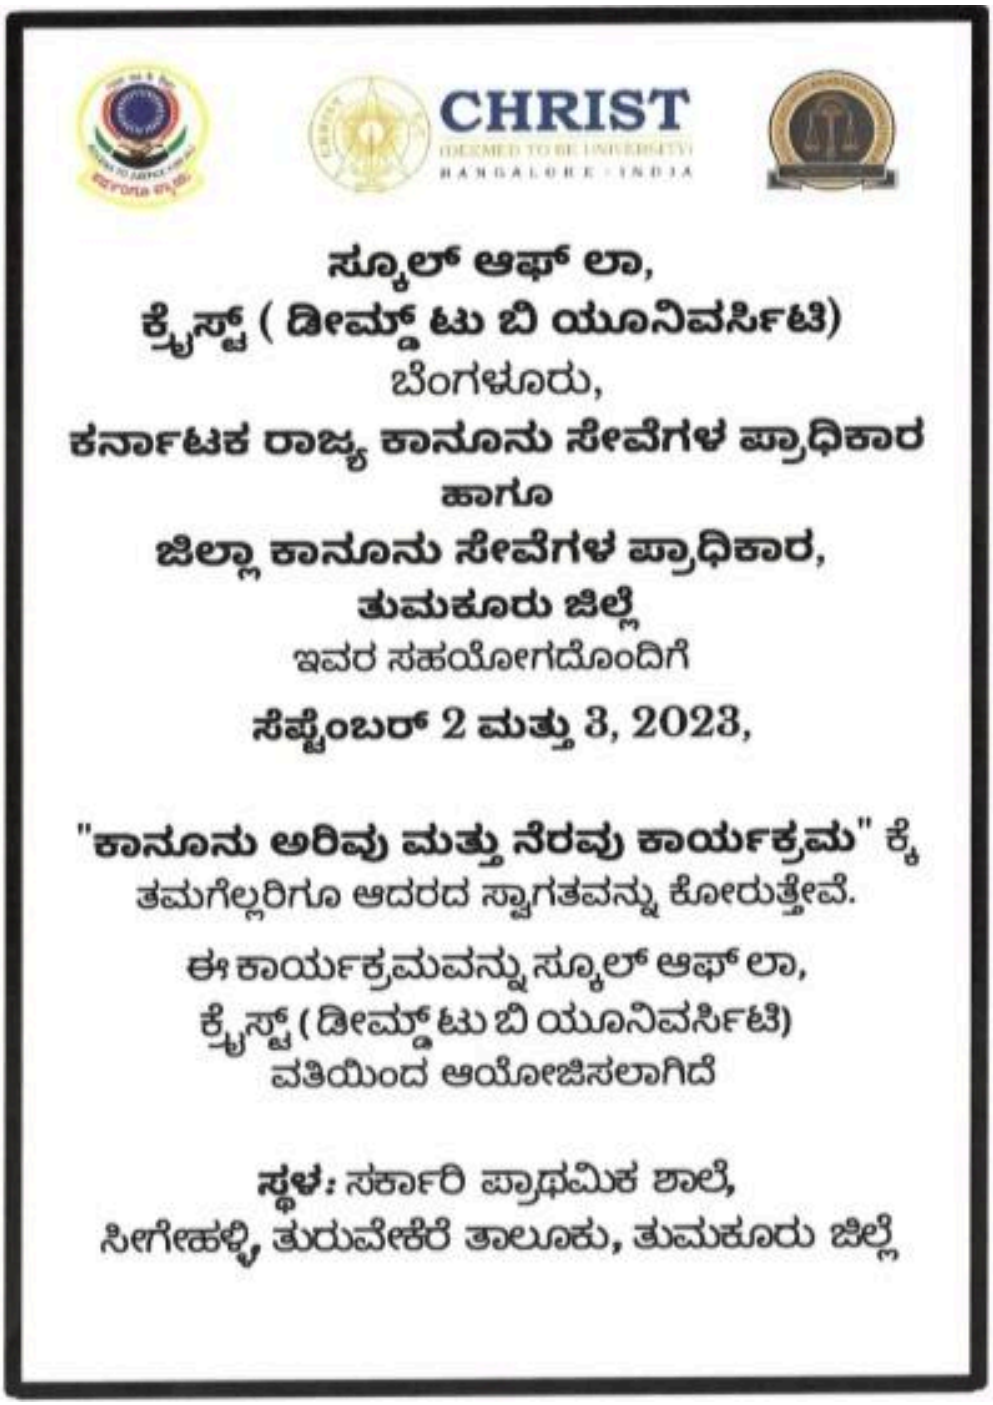

Date: 2nd and 3rd September 2023
Time: Day 1: 9:30 AM - 11:30 P.M
Day 2: 8:30 A.M-4:00 P.M
Venue: Seegehalli Village, Turuvekere Taluk, Tumkur District

The Legal Aid and Awareness Workshop 3 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Kolar. The workshop aimed to spread legal awareness among the villagers of Seegehalli Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, and an official program. The students and committee volunteers conducted a survey to identify the legal needs of the villagers. The survey revealed that 135 villagers did not have a birth certificate, and the Taluk Court Judge assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey was a crucial aspect of the workshop, identifying legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The camp enabled the villagers to interact and express their grievances directly to the Taluk Court Judge. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices.

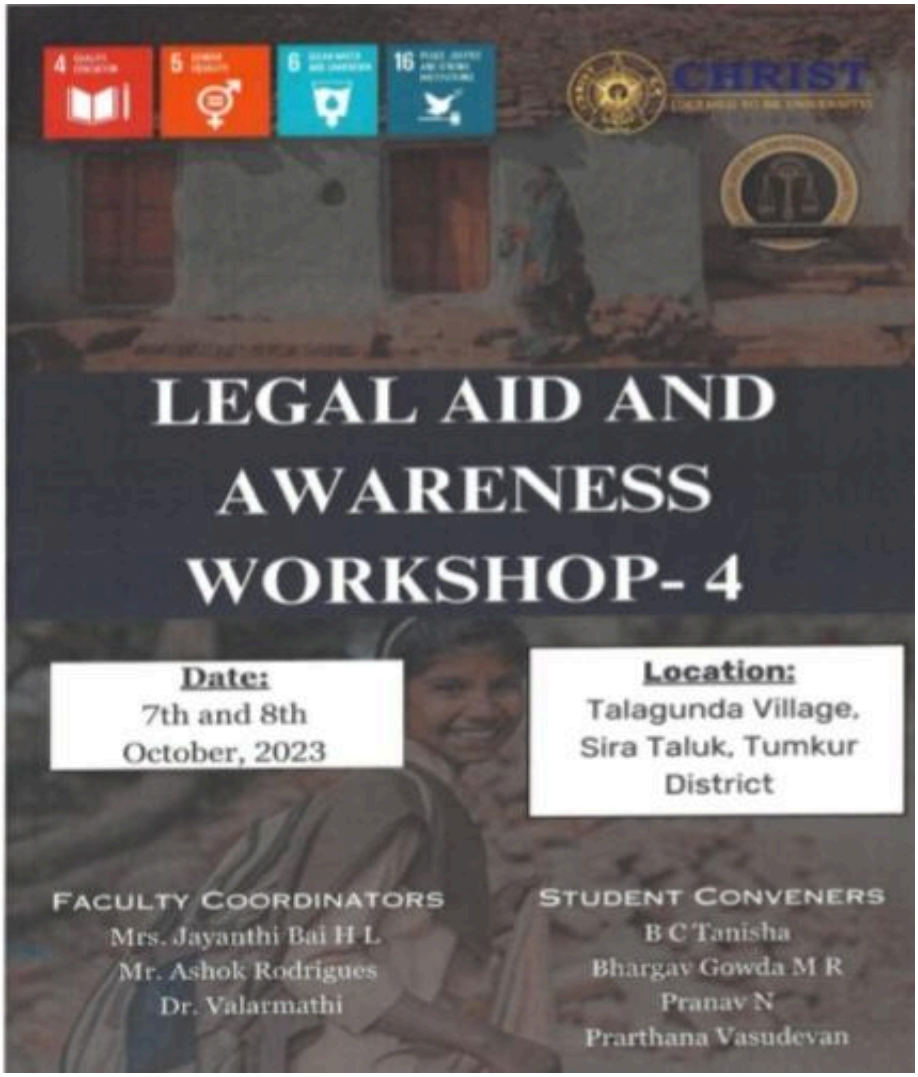

In conclusion, the Legal Aid and Awareness Workshop 3 was a successful initiative that transmitted legal information, created a feeling of social duty and empathy among participants, and laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 4

Event Name: Legal Aid and Awareness Workshop - 4

Date: 7th and 8th October
Time: Day 1-9:30 A.M-11:30 P.M
Day 2-8:30 A.M-4:00 P.M
Venue: Talagunda Village, Sira Taluk, Tumkur District

The Legal Aid and Awareness Workshop 4 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Talagunda Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey revealed that 197 villagers did not have a birth certificate, and the Member Secretary of Tumkur District Legal Service Authority assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

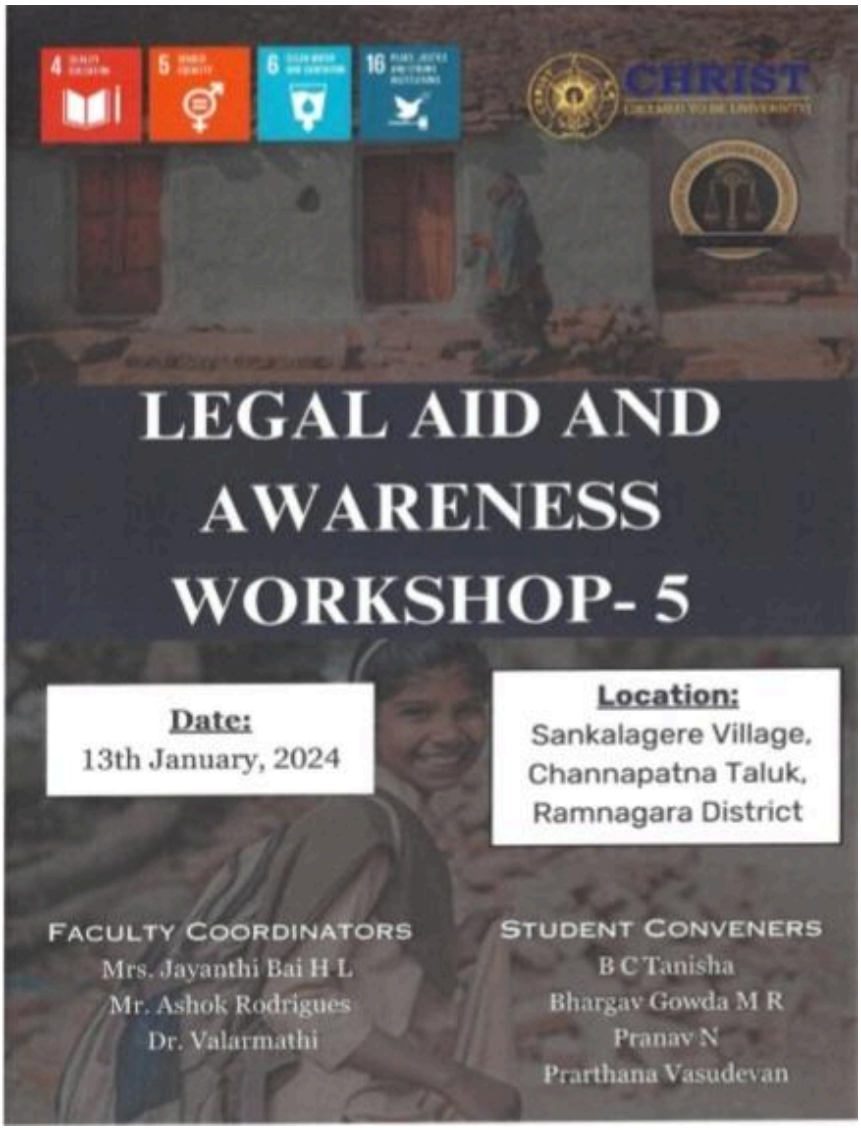

In conclusion, the Legal Aid and Awareness Workshop 4 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. Through its comprehensive approach, the workshop empowered the villagers with knowledge of their rights and duties, while also equipping students with practical skills in legal aid and paralegal services. The collaboration with legal authorities and judicial personnel further reinforced the importance of legal awareness and access to justice. As the workshop demonstrated, legal education can be a powerful tool for social change, and its impact will be felt in the community and among the students for a long time to come.

Legal Aid and Awareness Workshop - 5

Event Name: Legal Aid and Awareness Workshop - 5

Date: 13 January 2024
Time: 7:30 AM 6:00 PM
Venue: Sankalagere, Channapatna Taluk, Ramanagara District.

The Legal Aid and Awareness Workshop 5 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Ramanagara. The workshop aimed to spread legal awareness among the villagers of Sankalagere Village, Channapatna Taluk, Ramanagara District.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

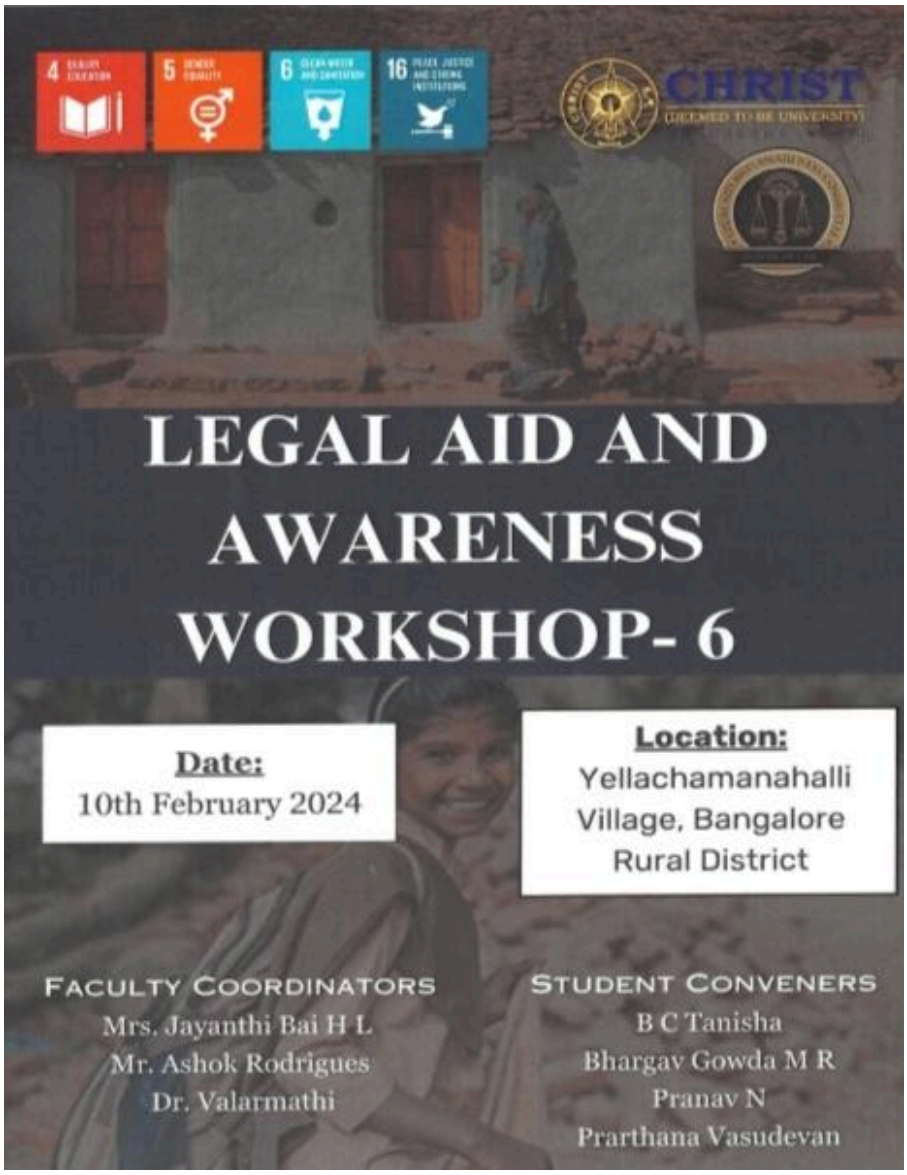

The Legal Aid and Awareness Workshop 5 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 6

Event Name: Legal Aid and Awareness Workshop - 6

Date: 10/2/24
Time: 9:30 am - 5:30 pm
Venue: Yelachenahalli Village, Hoskote, Bengaluru Rural

The Legal Aid and Awareness Workshop 6 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Yelachenahalli Village, Hoskote, Bengaluru Rural.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on February 10, 2024, with various activities such as a rally, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

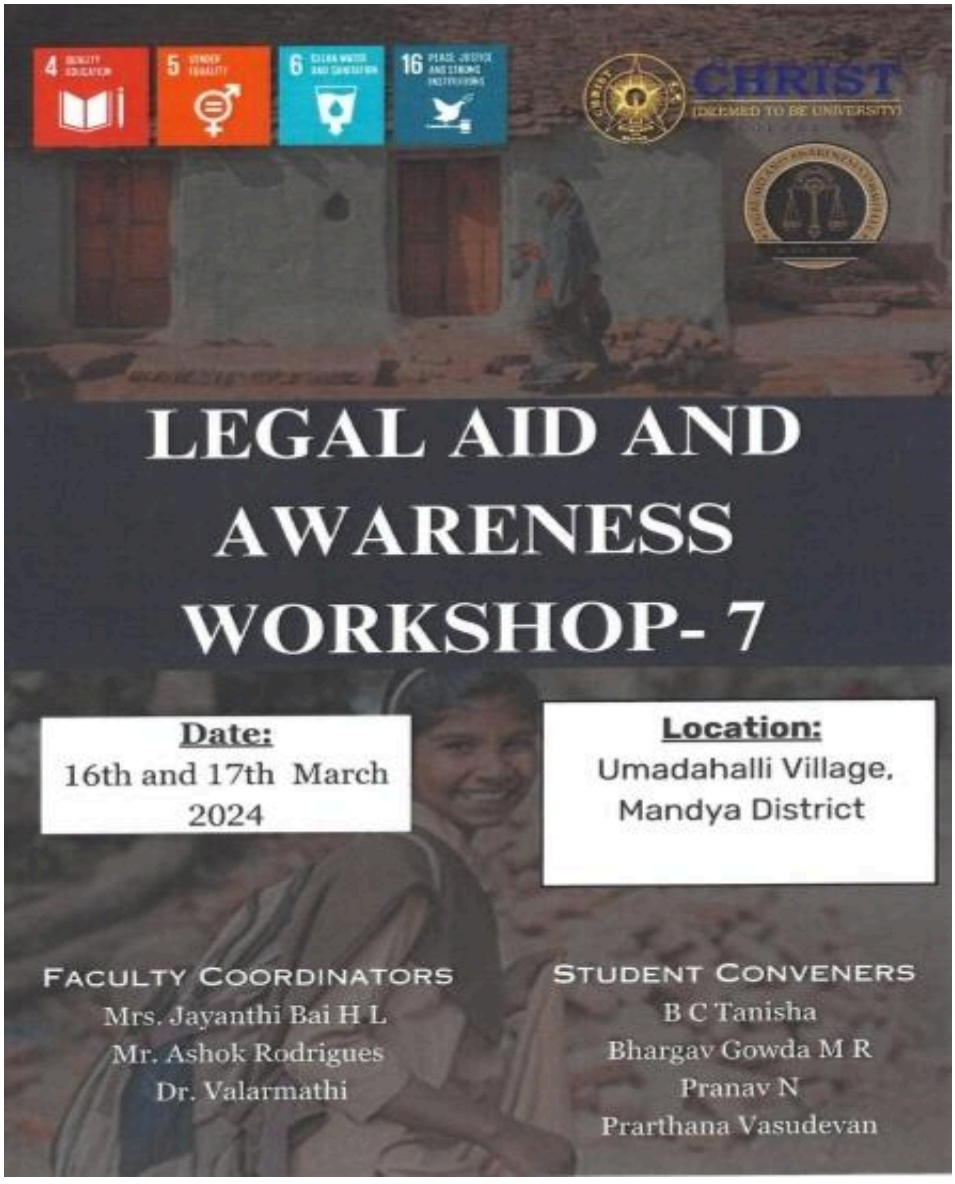

The Legal Aid and Awareness Workshop 6 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 7

Event Name: Legal Aid and Awareness Workshop - 7

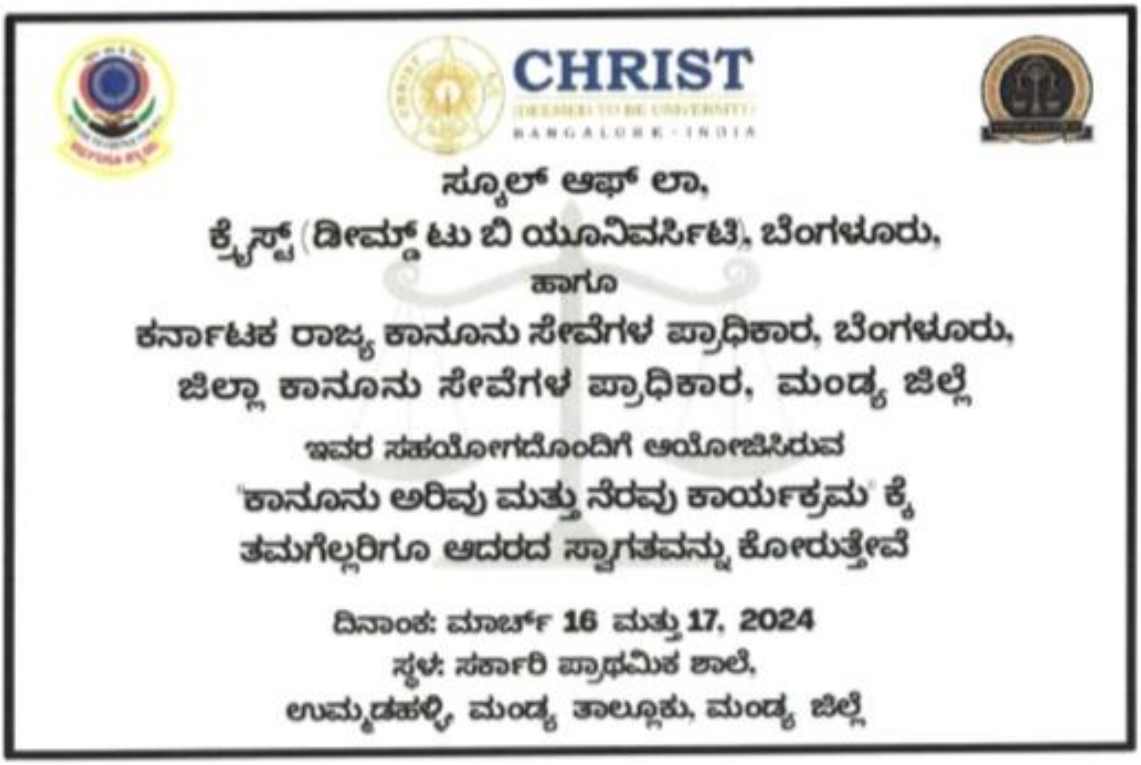

Date: 16th and 17th March 2024
Time: Day 1 9:30 A.M 11:30 P.M
Day 2 8:30 A.M-4:00 P.M
Venue: Ummadahalli Village, Mandya District

The Legal Aid and Awareness Workshop 7 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Mandya. The workshop aimed to spread legal awareness among the villagers of Ummadahalli Village, Mandya District.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on March 16 and 17, 2024, with various activities such as a rally, cultural program, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Teaching Workshop

Event Name: CJC Teaching Workshop

Date: 11/12/23
Time: 10:00 am - 2:00 pm
Venue: Christ Residential PU College, Bangalore, Kengeri Campus.

The CJC Teaching Workshop was organized by the School of Law, CHRIST (Deemed to be University) in collaboration with Christ Residential PU College, Bangalore, Kengeri Campus. The workshop aimed to spread legal awareness among Pre-University students.

Learnings:
The workshop covered essential legal topics such as the Constitution of India, Motor Vehicles Act, Consumer Protection Act, Right to Information Act, and Narcotic Drugs and Psychotropic Substances Act.

The workshop was conducted on December 11, 2023, with student volunteers and committee members engaging with Pre-University students through interactive sessions. The program was conducted for both 1 PU and 2 PU students, covering all three streams: science, commerce, and arts.

Impact made on students:
The workshop had a significant impact on both the Pre-University students and the student volunteers. The Pre-University students gained a comprehensive understanding of legal concepts affecting their daily lives, while the student volunteers developed skills in communicating complex legal ideas simply and effectively.

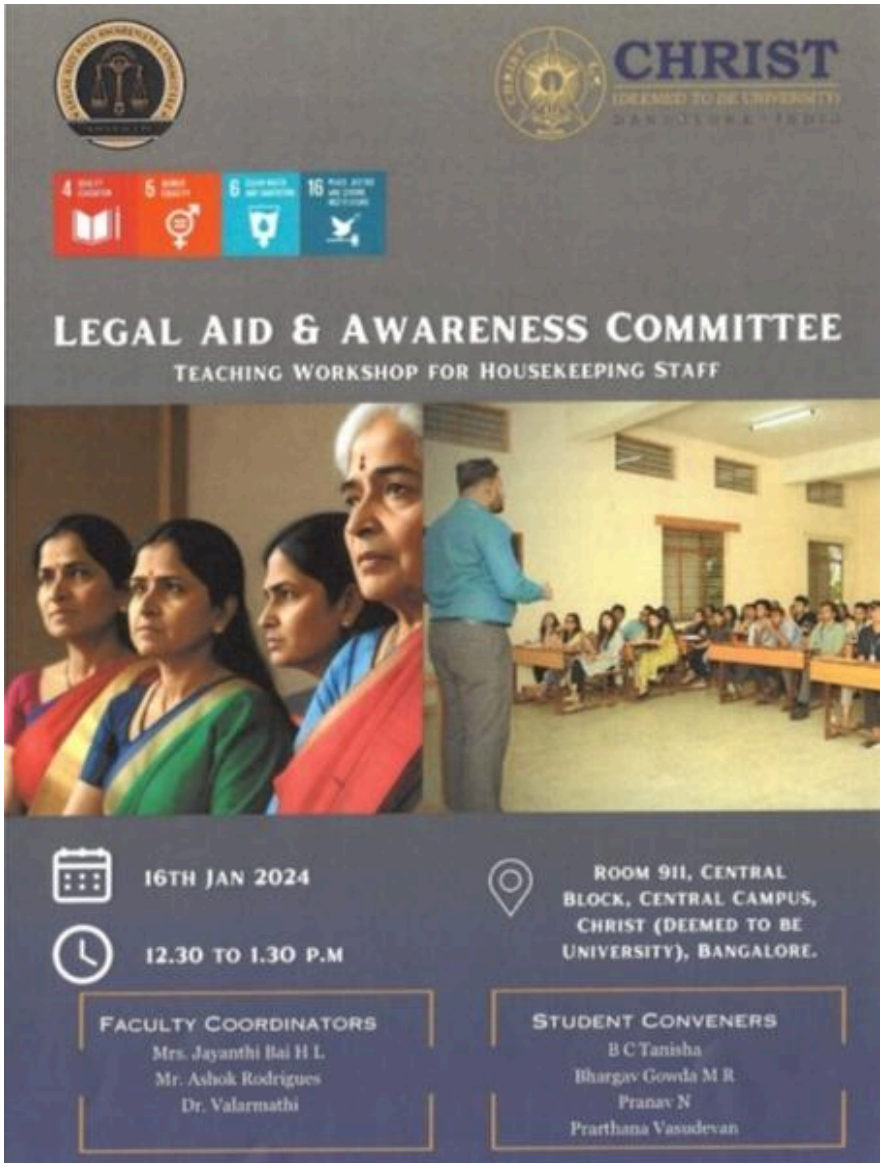

The CJC Teaching Workshop was a resounding success, achieving its objective of spreading legal awareness among Pre-University students. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender equality, sustainability, and peace, justice, and strong institutions. The student volunteers developed valuable skills, and the workshop laid the groundwork for future legal aid and community efforts.

Legal Awareness Workshop for Housekeeping Staff.

Event Name: Legal Awareness Workshop for Housekeeping Staff.

Date: 16th Jan 2024
Time: (12:30 -1:30)pm.
Venue: Room 911, central block, Central campus, Christ University, Bangalore

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop on legal awareness for housekeeping staff on January 16, 2024 at room 911, central block, in collaboration with house keeping staff of the university. The objective was to create awareness about legal rights and empower staff with essential knowledge about legislative acts.

Learnings:

The workshop covered important topics such as:

- The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013
- The Dowry Prohibition Act, 1961
- Maternity Benefit Act, 1961
- Constitutional rights under The Constitution of India
- Domestic Violence Act, 2005

The workshop was conducted by Dr. Jayanthi Bai H L, Faculty Coordinator of the Legal Aid and Awareness Committee. The session was interactive, with staff actively participating in discussions and asking questions. The workshop aimed to empower housekeeping staff by providing them with essential knowledge about their rights and commitments.

Impact made on the students:

- **Increased awareness:** Staff gained knowledge about their legal rights, duties, and permissions under various legislative acts.
- **Empowerment:** Participants felt empowered to advocate for their rights confidently and navigate potential disputes effectively.
- **Fostered engagement:** The interactive session encouraged active participation, ensuring key messages were effectively conveyed and understood.
- **Sense of security:** Staff, especially women, felt a sense of security knowing their rights and protections under the law.
- **Confidence boost:** Participants gained confidence in asserting their rights and seeking help when needed.

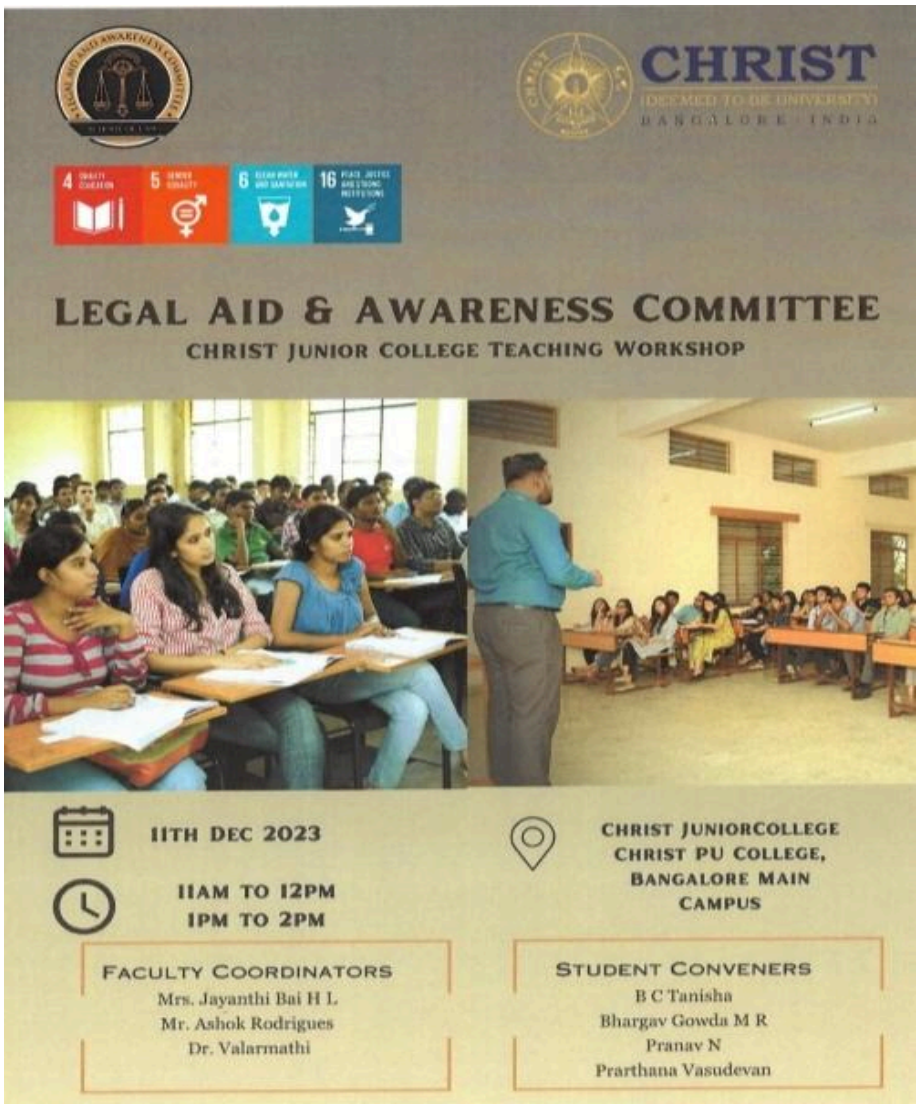

The workshop was a success, with increased awareness among housekeeping staff regarding their legal rights. The session fostered a sense of empowerment, enhanced understanding of relevant statutes, and encourage active participation. The committee plans to conduct more such events to raise awareness amongst women who do not have access to such information.

Teaching Workshop

Event Name: Christ Junior College Teaching Workshop

Date: 23/8/23
Time: Morning college - 11:00 am - 12:00 pm
Evening college - 1:00pm - 2:00 pm
Venue: Christ Junior College, Christ PU college, Bangalore main campus

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop for pre-university students at Christ Junior College on August 23, 2023. There are 1,4617 participants who made this event a grand success. The objectives are to disseminate general awareness about fundamental legal rights and concepts among young students.

Learnings:

The workshop covered essential legal topics, including:

- The Constitution of India, 1950.
- The Motor Vehicles (Amendment) Act, 2019.
- The Consumer Protection Act, 2019.
- The Right to Information Act, 2005.
- The Narcotic Drugs and Psychotropic Substances Act, 1985.

The workshop was conducted by student volunteers and committee members, who were divided into pairs to engage with students from all three streams (science, commerce, and arts). The program aimed to cultivate general awareness about legal concepts, regulations, and consequences of non-compliance. The student volunteers explained legal concepts in an interactive and simple manner, enabling the pre-university students to understand their rights and responsibilities as citizens.

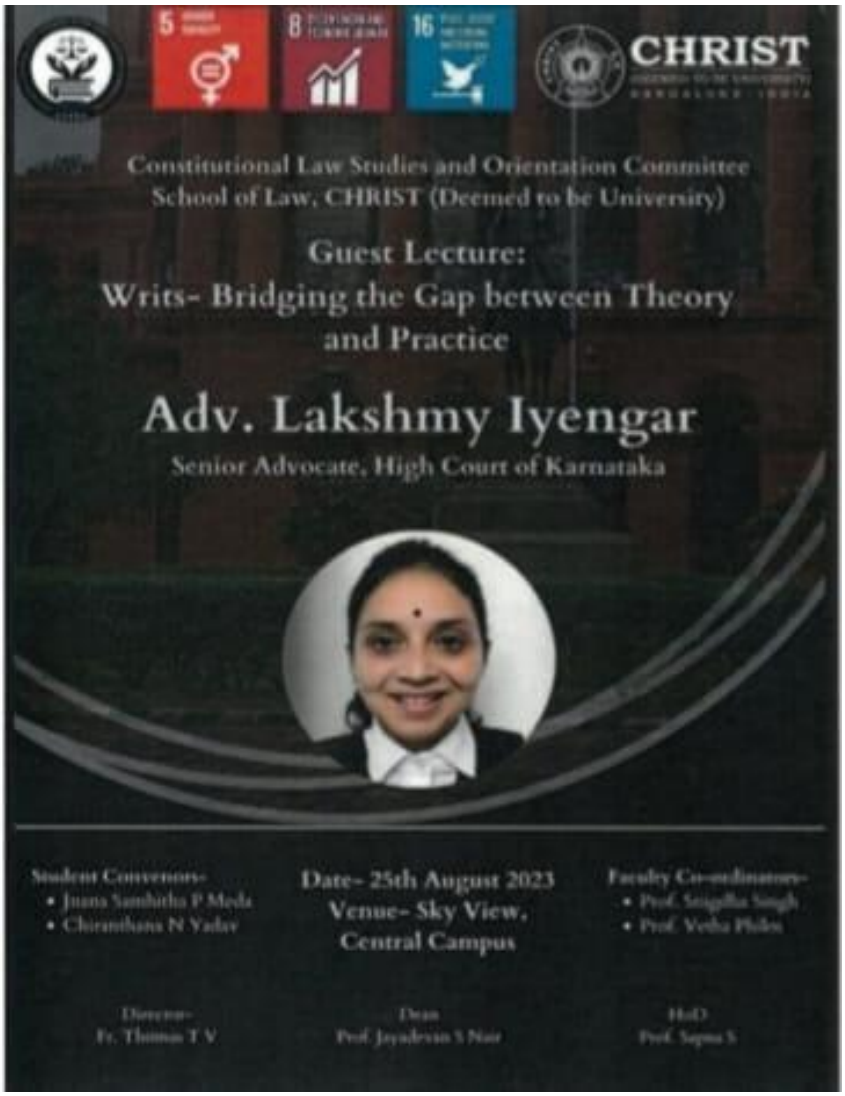

The workshop was a successful initiative in spreading legal awareness among young students. The student volunteers developed skills in presenting legal concepts in a simple and engaging manner, while the pre-university students gained knowledge about essential legal topics impacting their daily lives. The program demonstrated the importance of legal awareness in creating informed citizens and promoting social transformation. The committee plans to continue its endeavors in spreading legal awareness among the youth, gradually broadening the scope of such teaching workshops.

Workshop on 'Writs-Bridging the Gap between Theory and Practice

Event Name: Workshop on 'Writs-Bridging the Gap between Theory and Practice'

Date: 25 August 2023
Time: 10:15 AM to 11:45 AM
Venue: Sky View, Central Campus

On August 25, 2023, a workshop titled "Writs - Bridging the Gap between Theory and Practice" was held at Sky View, Central Campus, featuring Adv. Lakshmy Iyengar, Senior Advocate at the Karnataka High Court.

Learnings
Key takeaways included:

- Types of writs and their constitutional underpinnings
- Practical application of writs in safeguarding individual rights
- Procedural guidance for filing writ petitions
- Challenges faced by practitioners and strategies for overcoming them
- Role of technology in writ proceedings

The workshop provided 39 BA LLB students with a comprehensive understanding of writs, bridging the gap between theoretical concepts and practical application. Adv. Iyengar shared insights from real-world cases, emphasizing the significance of writs in promoting social justice.

Impact
The workshop had a profound impact on students, enhancing their:

- Analytical skills in identifying legal problems within writ jurisdiction
- Understanding of writs in safeguarding fundamental rights and promoting social change
- Appreciation for legal compliance and constitutional values
- Ability to advocate for marginalized communities and challenge systemic injustices

The workshop also benefited teachers, providing valuable insights to inform their teaching practices.

The workshop successfully bridged the gap between theoretical learning and practical application, empowering law students to become effective advocates for justice. By fostering a culture of legal compliance and social responsibility, the event contributed to the advancement of a fair and equitable society. Future workshops will continue to enhance students' knowledge and skills, shaping the future of advocacy and legal practice in India.

Pukaar- Madad ki (a play on drug abuse)

Event Name: Pukaar- Madad ki (a play on drug abuse)

Date: 22 July
Time: 1-2 pm, 4-5pm
Venue: Quadrangle

On July 22, the Cultural Students' Association (CSA) organized "Pukaar- Madad ki," a play on drug abuse, at the Quadrangle. The play aimed to raise awareness about substance abuse and addiction, promoting understanding and support.

Highlights:

1. Effective delivery of key messages.
2. Boosted interest in CSA among new students.

Learnings:

1. Teamwork and collaboration.
2. Powerful storytelling through performance.
3. Substance abuse and addiction awareness.

Impact:
The play:

- Raised awareness about substance abuse and addiction.
- Encouraged empathy and support for affected individuals.
- Fostered interest in CSA among new students.

"Pukaar- Madad ki" successfully promoted awareness and understanding of substance abuse, demonstrating CSA's commitment to social issues. By hosting "Pukaar- Madad ki," CSA showcased its dedication to promoting social awareness, empathy, and support.

National Girl Child Day Celebration 2024

Event Name: National Girl Child Day Celebration 2024

Date: 20 January 2024
Time: 11:00 am
Venue: CHRIST (Deemed to be University), Pune Lavasa Campus - 'The Hub of Analytics'

On January 20, 2024, the Centre for Social Action, CHRIST (Deemed to be University), Pune Lavasa Campus, hosted the National Girl Child Day Celebration. The event aimed to empower and celebrate the girl child, promoting confidence, self-esteem, and awareness about their rights and capabilities.

Highlights:

1. Engaging discussions and activities.
2. Award-winning short films.
3. Drawing and elocution competitions.
4. Speech competition on leadership roles.

Learnings:

1. Empowerment and self-awareness.
2. Effective communication skills.
3. Creativity and critical thinking.
4. Career possibilities and leadership roles.

Impact:
The event:

- Boosted confidence and self-esteem.
- Fostered a sense of community and solidarity.
- Provided positive role models and inspiration.
- Encouraged parental and community support.

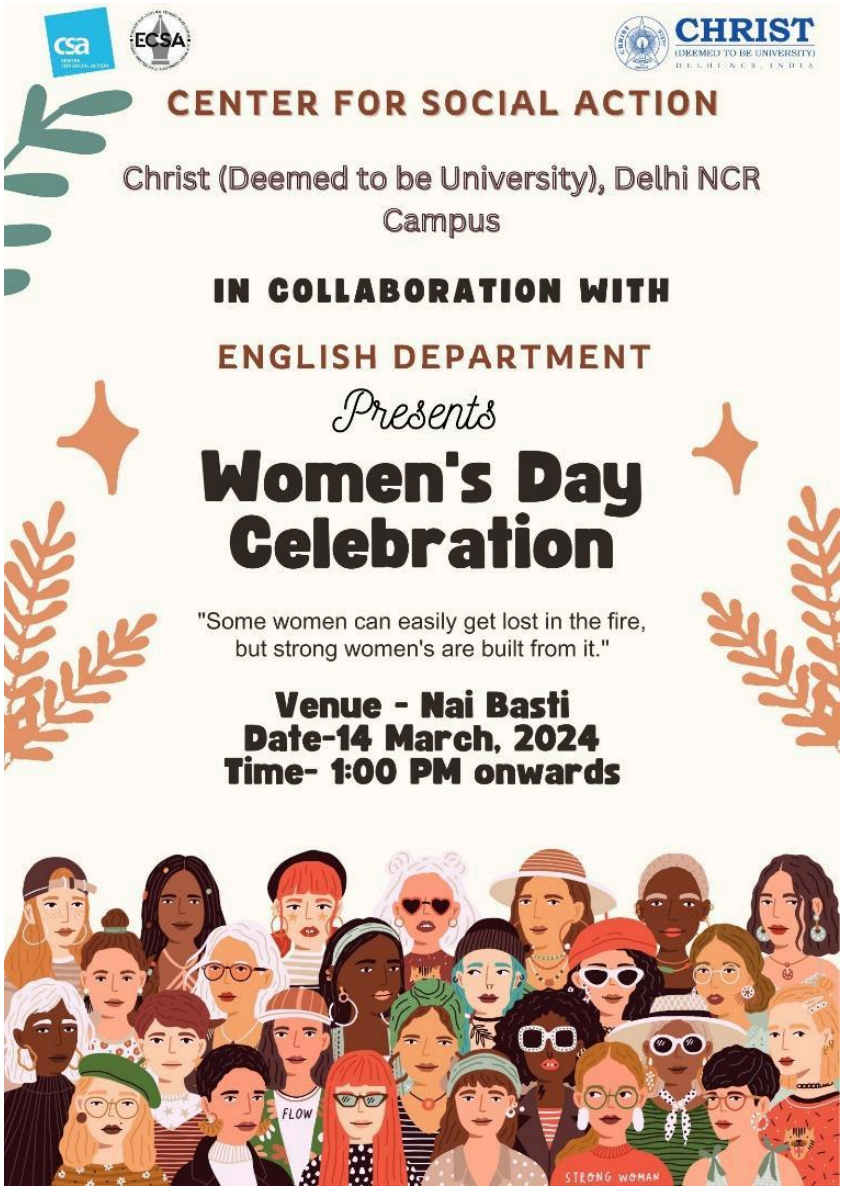

The National Girl Child Day Celebration successfully empowered girls, promoting gender equality and challenging stereotypes. By hosting this event, CHRIST (Deemed to be University) demonstrated its commitment to promoting girls' education, empowerment, and gender equality.

Women's Day Celebration

Event Name: Women's Day Celebration

Date: 14-03-24
Time: 2:00-3:00 p.m. (1 hour)
Venue: Nai Basti Project Area

On March 14, 2024, the Centre for Social Action (CSA) and the English Department collaborated to conduct a menstrual hygiene session in celebration of International Women's Day at Nai Basti Project Area. The session aimed to educate girls and women on menstrual hygiene, debunking misconceptions and promoting healthy practices.

Highlights:

1. Ice-breaking session and open discussions.
2. Menstrual cycle tracking and hygiene maintenance.
3. Introduction to Jan Aushadhi Suvidha Sanitary Napkins.

Learnings:

1. Menstrual health and hygiene facts.
2. Importance of tracking menstrual cycles.
3. Access to government resources.

Impact:
Beneficiaries:

- Increased knowledge on menstrual health.
- Improved hygiene practices.
- Access to affordable sanitary napkins.

Volunteers:

- Enhanced sense of purpose.
- Expanded knowledge on menstrual health.
- Cultural sensitivity and social awareness.

The Women's Day Celebration successfully promoted menstrual hygiene awareness, empowering girls and women in rural areas. By hosting this event, CSA demonstrated its commitment to promoting menstrual health, hygiene, and social awareness.

Taruni
(Body safety with women)

Event Name: Taruni (Body safety with women)

Date: 17 th October 2023
Venue: Project Area Bombay Colony

On October 17, 2023, the Centre for Social Action (CSA) organized Taruni, an awareness event on body safety, domestic violence, sexual harassment, and marital rape, in Ghaziabad. The event aimed to empower women and girls, providing information on legal rights and resources.

Highlights:

1. Presentation by Dr. Sandhya Dwivedi from Women Helpline (110091).
2. Open discussion and Q&A session.
3. Information on legal rights and support services.

Learnings:

1. Forms of domestic violence, sexual harassment, and marital rape.
2. Legal rights and resources.
3. Importance of speaking out against violence.

Impact:
Community:

- Raised awareness on gender-based violence.
- Empowerment to speak out against violence.
- Access to resources and support services.

Volunteers:

- Made a positive impact on women's lives.
- Networked with like-minded individuals.
- Gained experience in community outreach.

Taruni successfully empowered women and girls, promoting awareness and support. By hosting Taruni, CSA demonstrated its commitment to combating gender-based violence.

Workshop on Body Safety for Children

Event Name: Workshop on Body Safety for Children

Date: 17 October
Time: 3:30 pm to 5:30 pm (2 Hours)
Venue: BOMBAY COLONY

On October 17, 2023, the Centre for Social Action (CSA) and Millennium Fellowship organized a workshop on body safety for children at Bombay Colony, Ghaziabad. The 2-hour workshop aimed to educate children on good touch and bad touch, promoting awareness and understanding of personal boundaries and safety.

Highlights:

1. Interactive sessions on good and bad touch.
2. Pictographic representation activity.
3. Doll activity demonstrating appropriate body parts.
4. Sticky note activity promoting expression.
5. Coloring and drawing worksheets.

Learnings:

1. Differentiating between good and bad touch.
2. Importance of personal boundaries.
3. Seeking help in unsafe situations.

Impact:
Beneficiaries (Children):

- Awareness and education on body safety.
- Empowerment to speak up against harm.
- Prevention of abuse and exploitation.

Volunteers:

- Sense of purpose and fulfillment.
- Confidence in teaching and working with children.
- Increased empathy and compassion.

The workshop successfully promoted body safety awareness and education among children. By hosting this workshop, CSA demonstrated its commitment to promoting child safety and well-being.

Uri-Drishti Play

Event Name: Uri-Drishti Play

Date: 31/07/2022
Venue: LR Nagar, Someshwar Nagar, Victoria Hospital

On July 31, 2022, Drishti, in collaboration with Aweksha, a non-profit organization supporting burn victims, organized the Uri-Drishti Play at LR Nagar, Someshwar Nagar, and Victoria Hospital. The play aimed to raise awareness about burn victims' challenges, promoting social inclusion and supporting Sustainable Development Goals (SDGs).

Highlights:

1. Raising awareness about burn victims' struggles.
2. Emphasizing community support and empowerment.
3. Promoting gender equality and social inclusion.

Learnings:

1. Understanding burn victims' challenges and needs.
2. Importance of community support and inclusion.
3. Empowering individuals through education and healthcare.

Impact:

The event:

- Raised awareness about burn victims' struggles.
- Encouraged community motivation to address burn-related issues.
- Promoted gender equality and social inclusion.
- Strengthened Aweksha's visibility and role in supporting burn victims.

The Uri-Drishti Play successfully promoted awareness, empathy, and social inclusion for burn victims, aligning with SDGs 3, 4, 5, and 10. By organizing such initiatives, Drishti and Aweksha demonstrate their commitment to promoting social inclusion, healthcare, education, and gender equality for burn victims.

Drishti Promo Play

Event Name: Drishti Promo Play

Date: 26/08/2022
Time: 12:00 Noon
Venue: CHRIST (Deemed to be University), BGR campus

On August 26, 2022, CHRIST (Deemed to be University), BGR campus, hosted the Drishti Promo Play, an awareness initiative. The play aimed to sensitize the audience about the queer community, showcasing Drishti's impact and promoting inclusive education.

Highlights:

1. Raising awareness about the queer community.
2. Challenging societal misconceptions and stereotypes.
3. Promoting acceptance and inclusivity.

Learnings:

1. Understanding queer community challenges.
2. Importance of inclusive education.
3. Promoting acceptance and empathy.

Impact:

The event:

- Raised awareness about queer community issues.
- Challenged stereotypes and promoted acceptance.
- Encouraged inclusive and equitable education.

The Drishti Promo Play successfully promoted awareness, acceptance, and inclusivity, aligning with SDGs 4, 5, and 10. By hosting the Drishti Promo Play, CHRIST (Deemed to be University) demonstrated its commitment to promoting inclusive education, diversity, and social equality.

LAAL- Drishti Play

Event Name: LAAL- Drishti Play

Date: 1st October, 2022
Venue: 30th B Cros, Tilaknagar, Jayanagar

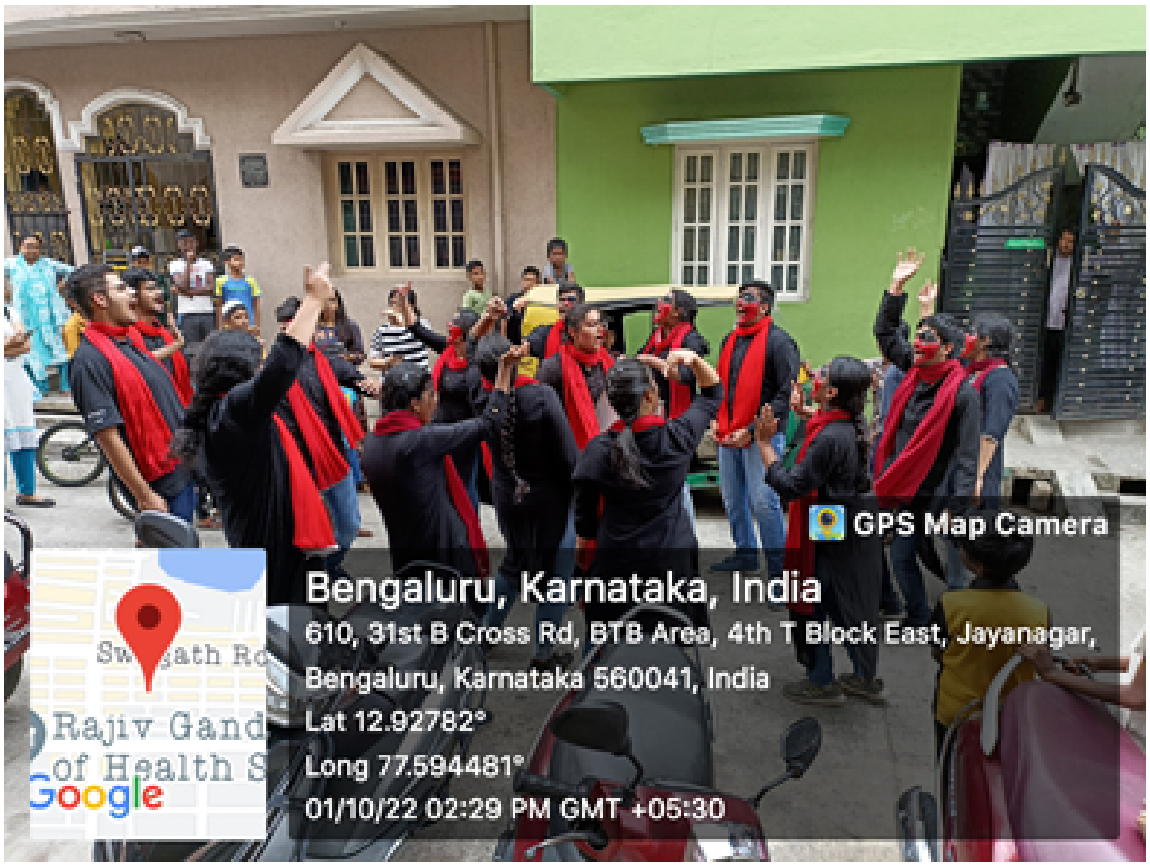

On October 1, 2022, Drishti organized a street play, LAAL, focusing on menstruation and its impact on females, at 30th B Cros, Tilaknagar, Jayanagar. The play addressed societal limitations and stigma surrounding menstruation, promoting awareness and education.

Highlights:

1. Raised awareness about menstrual challenges.
2. Addressed societal issues and stigma.
3. Educated the community on menstrual experiences.

Learnings:

1. Menstrual hygiene and well-being.
2. Importance of addressing menstruation-related issues.
3. Promoting gender equality.

Impact:

Community:

- Increased awareness about menstrual challenges.
- Reduced stigma around menstruation.
- Improved understanding of female experiences.

Drishti Members:

- Enhanced teamwork and communication skills.
- Empowerment through social activism.
- Leadership development.

LAAL successfully promoted menstrual awareness, addressing societal issues and supporting gender equality. By hosting LAAL, Drishti demonstrated its commitment to promoting menstrual hygiene, education, and gender equality.

PRESENTS
AWARENESS
CAMPAIGN
DATE:
14TH FEBRUARY
VENUE:
GARDEN STREET
Stall 1: Demonstrations on renewable forms of energy and its usage
Stall 2: E-waste management
IN COLLABORATION WITH
SUSTAINABLE DEVELOPMENT GOALS
United Nations Academic Impact

Event Name: Awareness campaign (Stall Activity)

Date: 14/2/24
Time: (10:00 - 11:00) am
Venue: K.E Auditorium, Block 4

In this digital era, India is facing two major concerns: one is e-waste and the other is depletion of non-renewable energy sources. The E-waste that we generate from the discarded electronic devices results in various health and environmental hazards. Using renewable sources like solar, wind, hydro etc can help reduce damage to the environment.

On February 14, 2024, the Department of Physics and Electronics students hosted two impactful events to raise awareness about electronic waste (e-waste) management and promote renewable energy sources, aligning with the Sustainable Development Goals (SDGs).

Learning outcomes:

Through these events, students gained valuable insights into:

- Renewable energy sources and their applications
- Environmental and health hazards of improper e-waste disposal
- Importance of responsible e-waste management and sustainable solutions

These stalls displayed various renewable energy sources, including solar, wind, hydro, and biomass energy, providing an interactive platform for viewers to learn about their benefits and applications. The e-awareness talk by Mr. Nischith Shetty highlighted the serious issues caused by e-waste and the need for sustainable solutions.

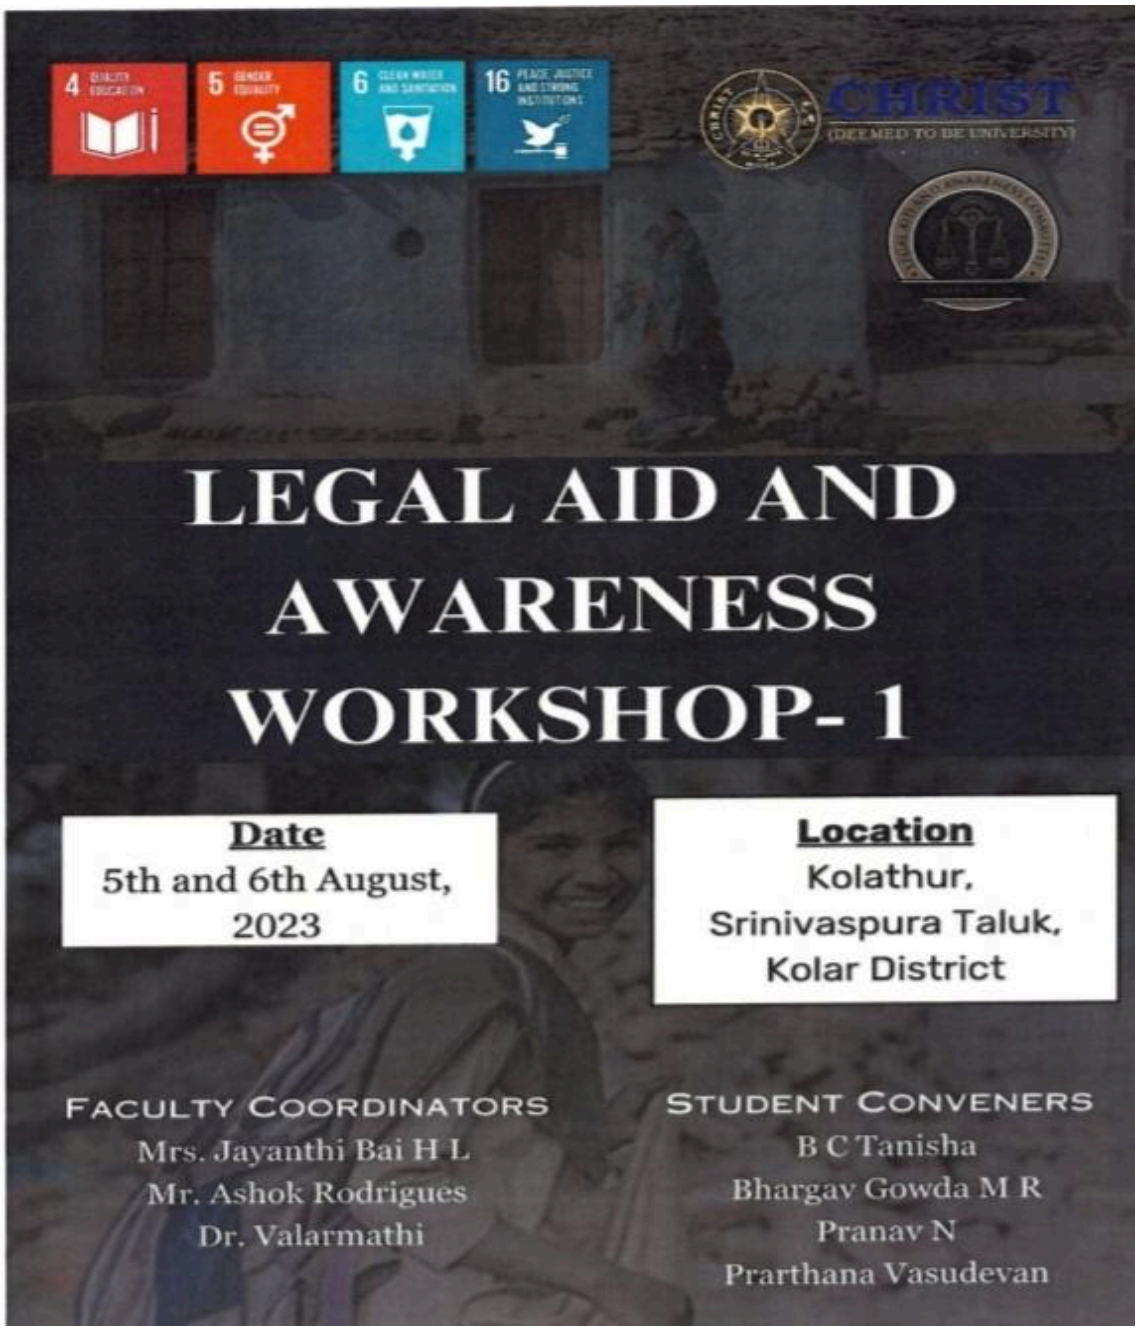

The events successfully raised awareness about the importance of shifting towards renewable energy sources and responsible e-waste management. In addition, these efforts made a significant contribution to the improvement of environmental responsibility and sustainable development. Such activities must be held in order to address environmental issues and encourage sustainable behaviors both within and outside of academics.

Legal Aid and Awareness Workshop - 1

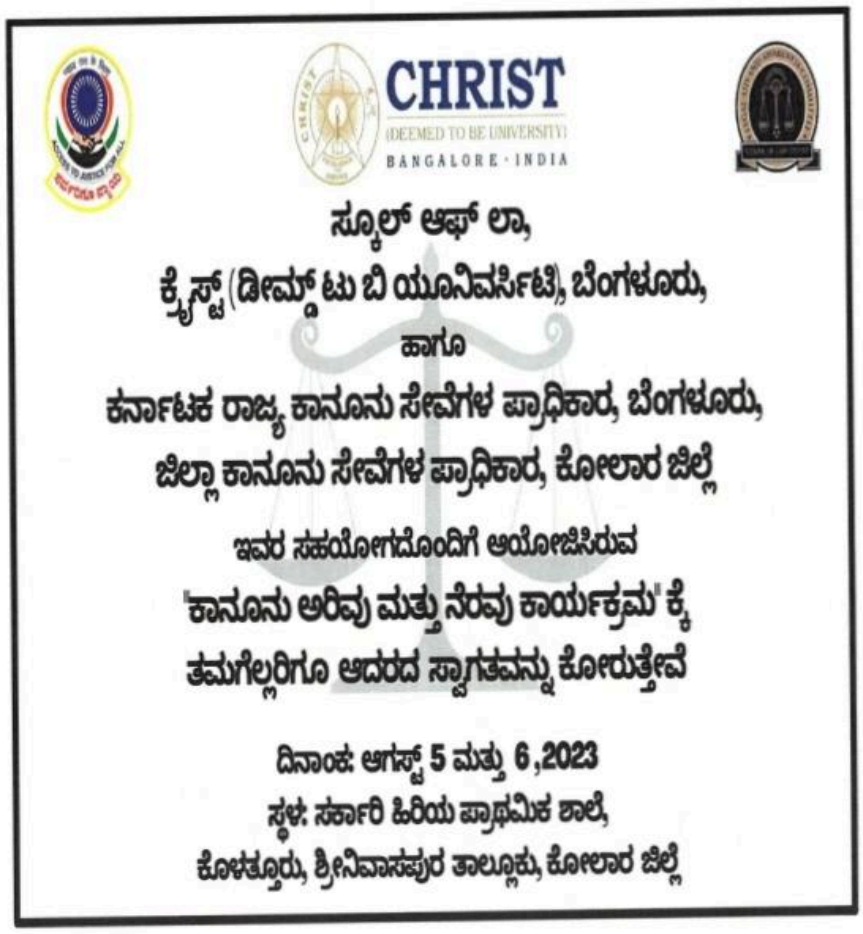

Activity Name: Legal Aid and Awareness Workshop - 1

Date: 5th and 6th August 2023
Time: Day 1: 9:30 AM-11:30 P.M
Day 2: 8:30 A.M-4:00 P.M.
Venue: Kolathur Village, Srinivasapura Taluk, Kolar District

The Legal Aid and Awareness Workshop, organized by the School of Law, CHRIST (Deemed to be) University, aimed to educate and empower the rural community of Kolathur Village, Kolar District, on their legal rights and procedures. The two-day workshop, held on August 5-6, 2023, brought together villagers, students, and legal experts to address socio-legal concerns and promote community development.

The workshop had various activities, including a legal awareness rally, cultural program, and survey. The rally and cultural program raised awareness about legal rights, women's rights, and environmental conservation. The survey, held by final-year students, identified legal difficulties and broader societal challenges, such as access to basic utilities like water and electric supply. The survey report revealed that 135 residents lacked birth certificates, prompting the Taluk Court Judge to assure assistance in issuing certificates.

Impact on Students:

The workshop provided students with a unique learning experience, exposing them to rural realities and the value of legal aid in addressing socio-legal concerns. Students developed skills in communicating with locals, understanding legal problems, and providing legal aid. The workshop also instilled a sense of social responsibility and empathy among participants.

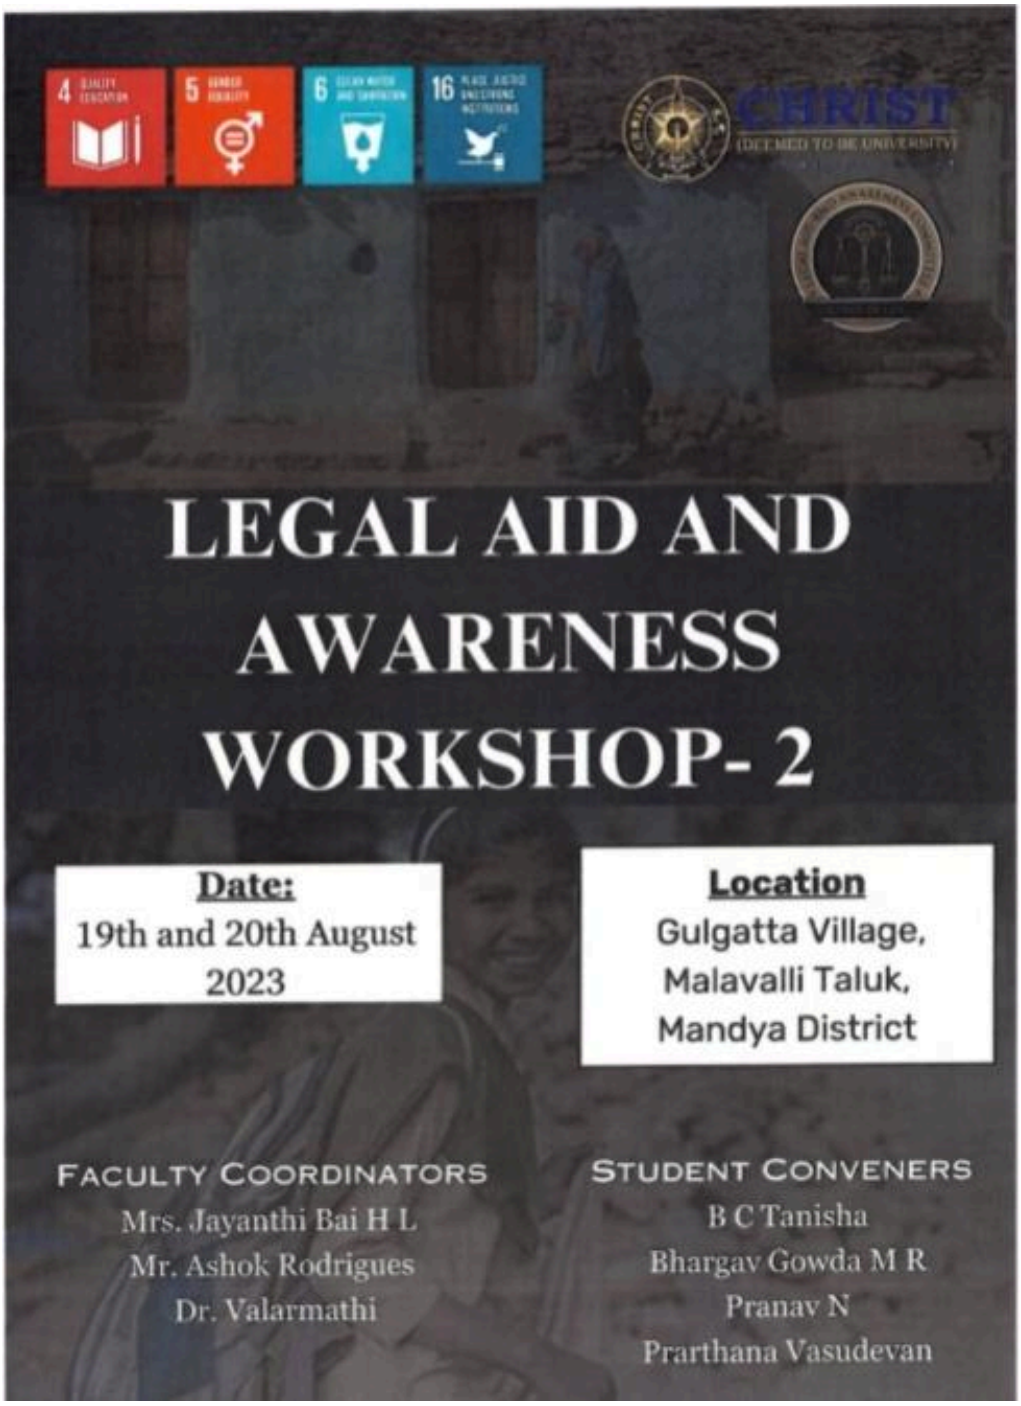

The Legal Aid and Awareness Workshop successfully transmitted legal information, created a sense of social duty, and laid the groundwork for future legal aid and community efforts. The initiative demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. By empowering rural communities, the workshop contributed to the United Nations' Sustainable Development Goals, particularly SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions).

Legal Aid and Awareness workshop 2

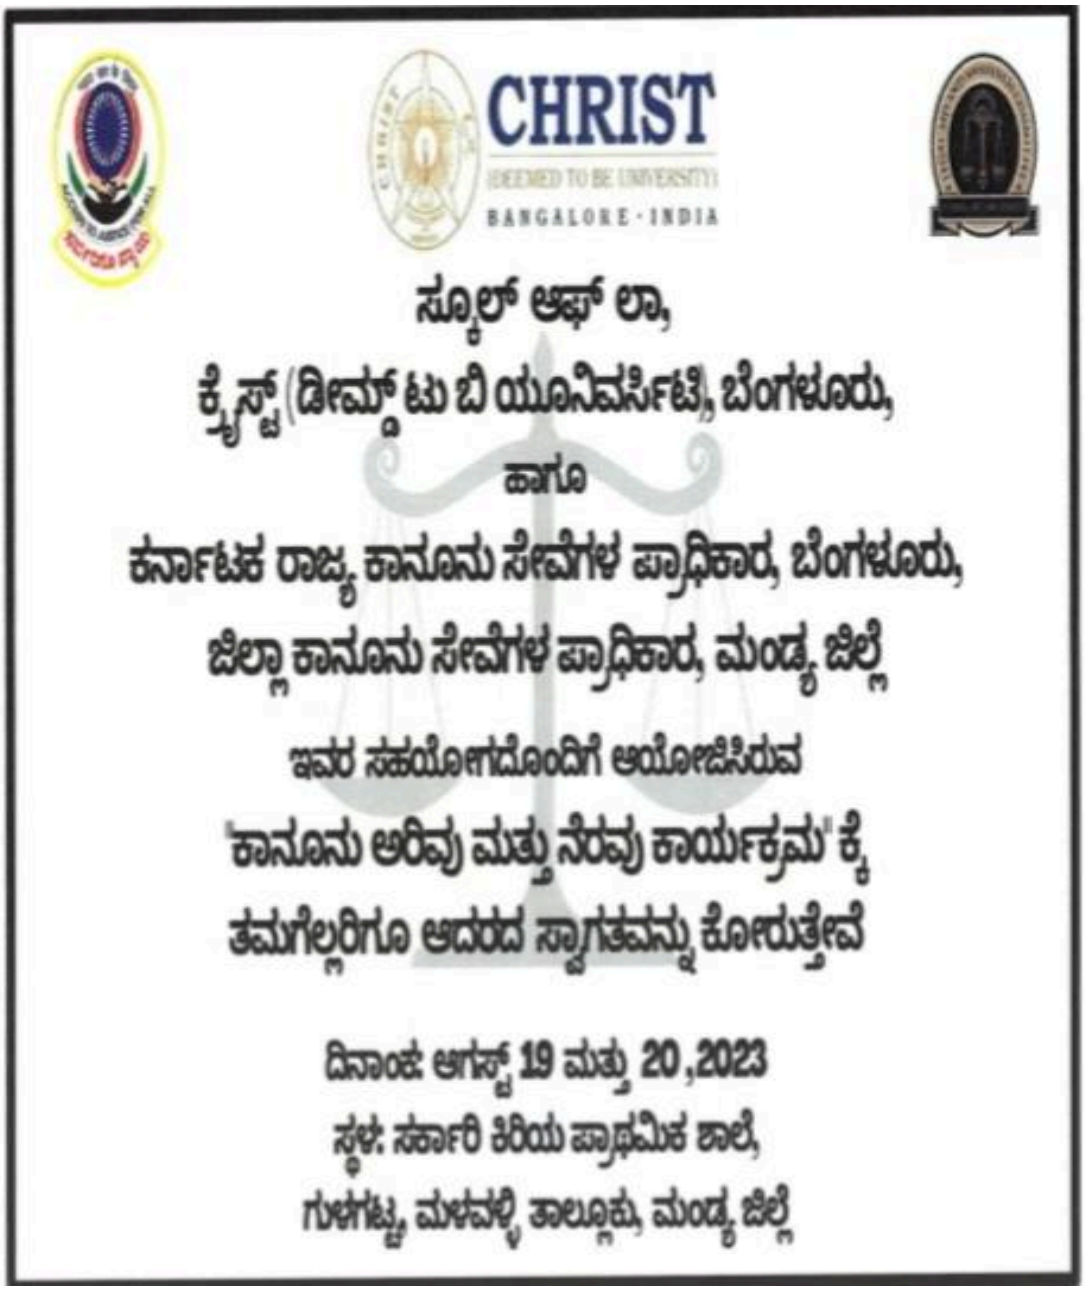

Event Name: Legal Aid and Awareness workshop 2

Date: 19th and 20th August 2023
Location: Gulgatta Village, Malavalli Taluk, Mandya District

The Legal Aid and Awareness Workshop 2 is an initiative that empowers rural communities by providing legal education and awareness. Through interactive activities, surveys, and expert sessions, the workshop addresses socio-legal concerns, promotes gender equality, and supports sustainable development, aligning with the United Nations' Sustainable Development Goals.

The Legal Aid and Awareness Workshop 2, organized by the School of Law, CHRIST (Deemed to be) University, was held on August 19-20, 2023, in Gulagatta Village, Mandya District. The workshop's main goal is to educate and empower the rural community on their legal rights and procedures.

The two-day workshop comprised various activities, including a legal awareness rally, cultural program, survey, and official program. The rally and cultural program raised awareness about legal rights, women's rights, and environmental conservation. The survey identified legal difficulties and broader societal challenges, such as access to basic utilities like water and electric supply.

The official program enabled villagers to interact with legal authorities and express their unfairness. The survey report indicated that 135 residents lacked birth certificates, prompting the Taluk Court Judge to assure assistance in issuing certificates.

The workshop provided students with a learning opportunity, exposing them to rural realities and the value of legal aid in addressing socio-legal concerns. The initiative demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The workshop contributed to the United Nations' Sustainable Development Goals, particularly SDG 4 (Quality Education), SDG 5 (Gender Equality), SDG 6 (Clean Water and Sanitation), and SDG 16 (Peace, Justice, and Strong Institutions).

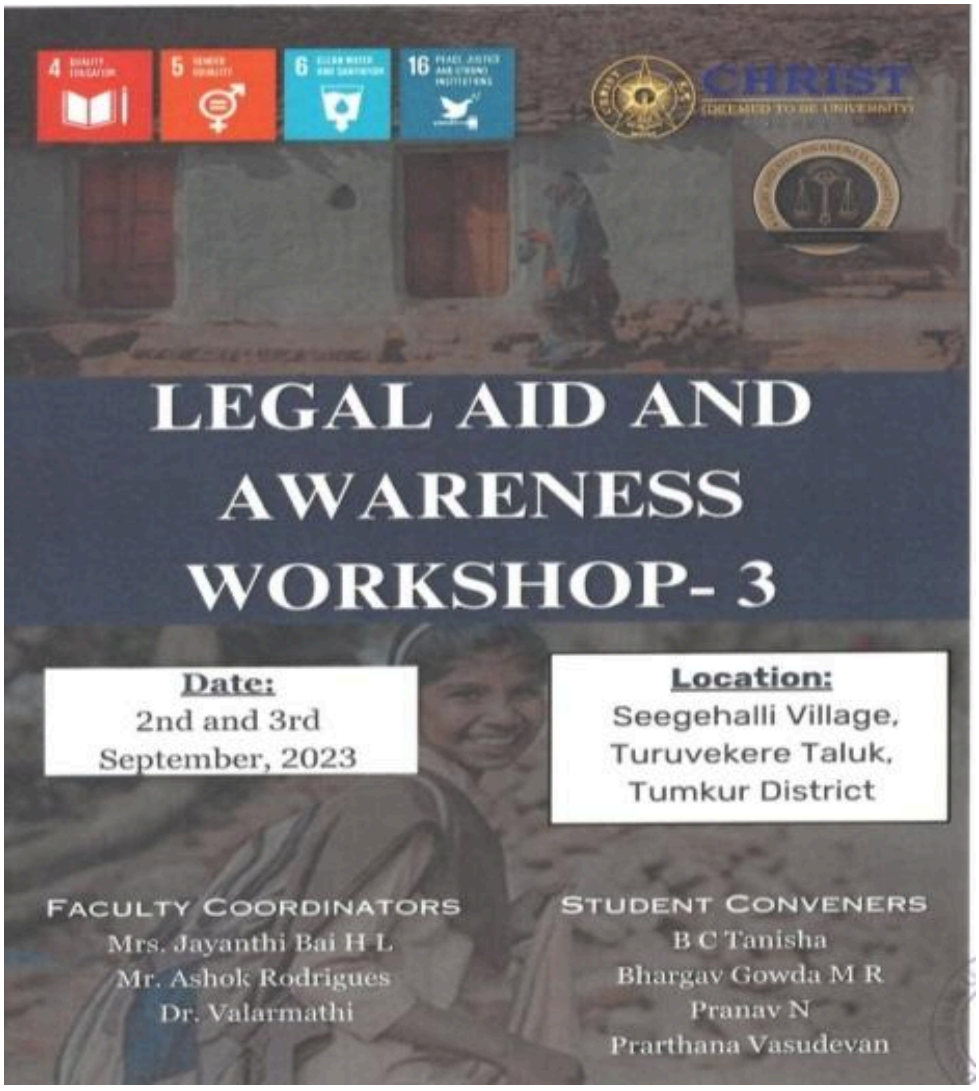

The Legal Aid and Awareness Workshop 2 successfully transmitted legal information, created a sense of social duty, and laid the groundwork for future legal aid and community efforts. By empowering rural communities, the workshop promoted legal awareness, education, and social transformation.

Legal Aid and Awareness Workshop - 3

Event: Legal Aid and Awareness Workshop - 3

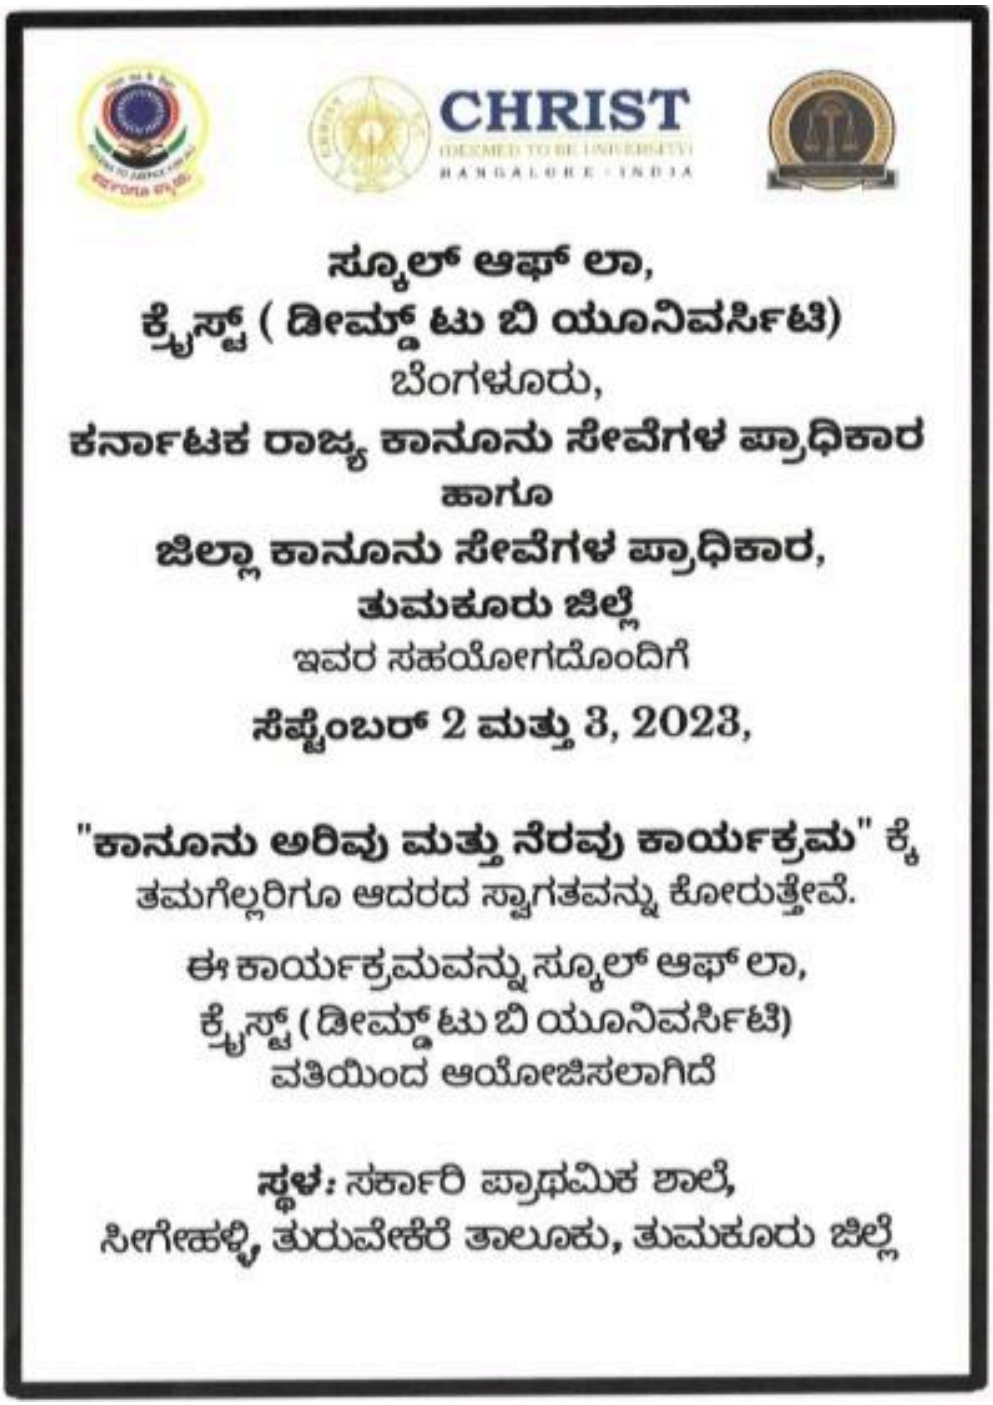

Date: 2nd and 3rd September 2023
Time: Day 1: 9:30 AM - 11:30 P.M
Day 2: 8:30 A.M-4:00 P.M
Venue: Seegehalli Village, Turuvekere Taluk, Tumkur District

The Legal Aid and Awareness Workshop 3 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Kolar. The workshop aimed to spread legal awareness among the villagers of Seegehalli Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, and an official program. The students and committee volunteers conducted a survey to identify the legal needs of the villagers. The survey revealed that 135 villagers did not have a birth certificate, and the Taluk Court Judge assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey was a crucial aspect of the workshop, identifying legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The camp enabled the villagers to interact and express their grievances directly to the Taluk Court Judge. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices.

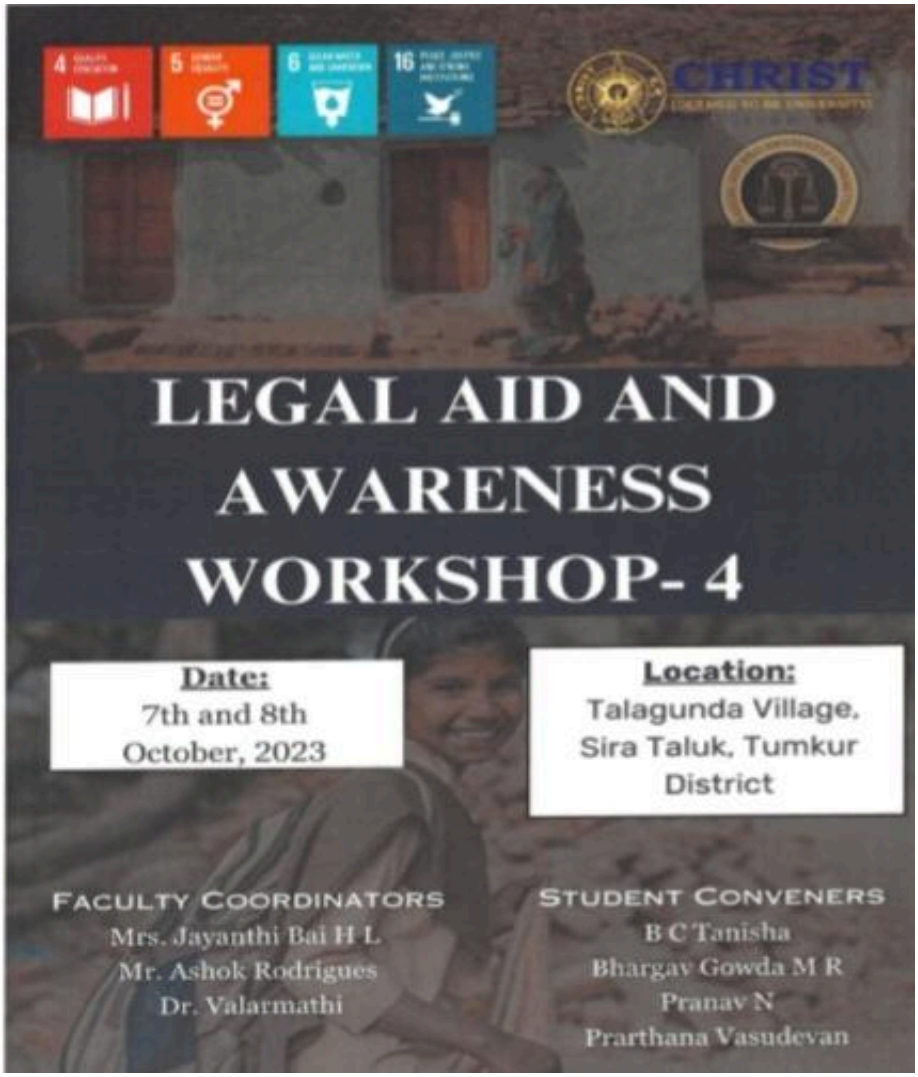

In conclusion, the Legal Aid and Awareness Workshop 3 was a successful initiative that transmitted legal information, created a feeling of social duty and empathy among participants, and laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 4

Event Name: Legal Aid and Awareness Workshop - 4

Date: 7th and 8th October
Time: Day 1-9:30 A.M-11:30 P.M
Day 2-8:30 A.M-4:00 P.M
Venue: Talagunda Village, Sira Taluk, Tumkur District

The Legal Aid and Awareness Workshop 4 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Talagunda Village, Tumkur District, and to provide a learning opportunity for the students.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs. The survey revealed that 197 villagers did not have a birth certificate, and the Member Secretary of Tumkur District Legal Service Authority assured assistance in obtaining the certificates.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

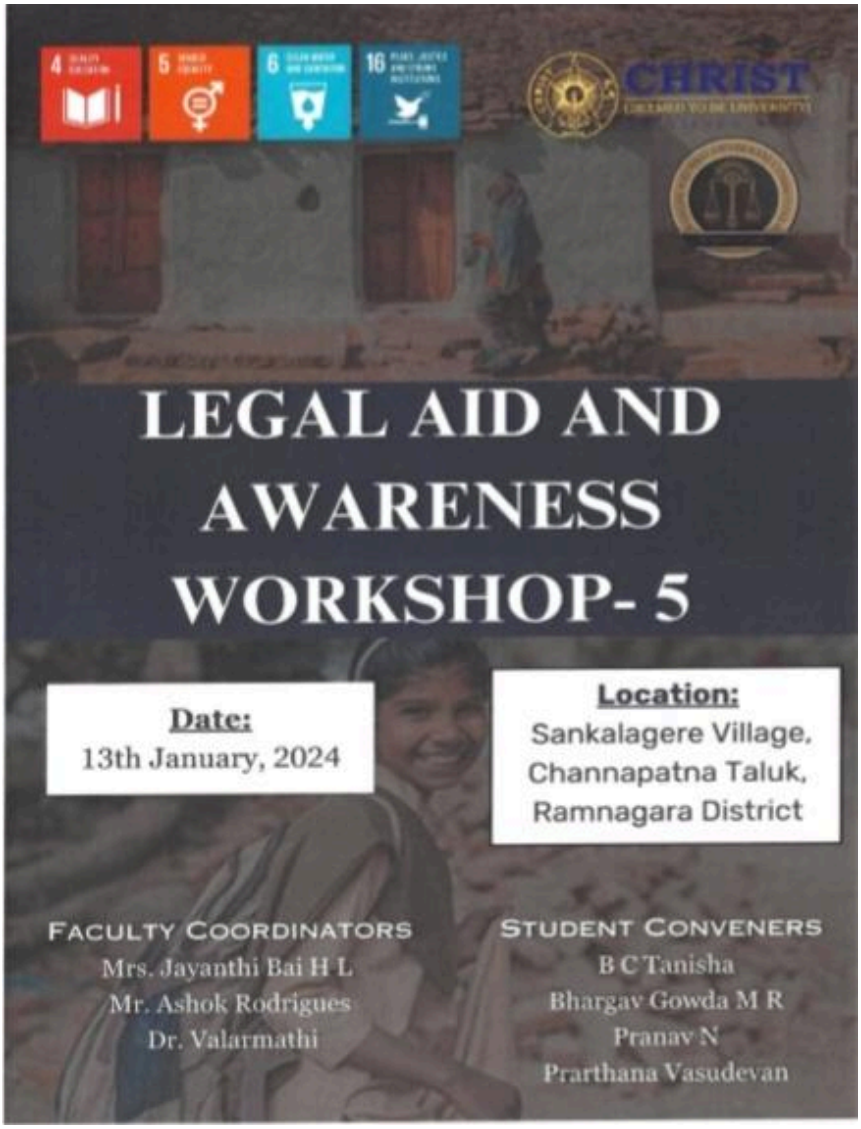

In conclusion, the Legal Aid and Awareness Workshop 4 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. Through its comprehensive approach, the workshop empowered the villagers with knowledge of their rights and duties, while also equipping students with practical skills in legal aid and paralegal services. The collaboration with legal authorities and judicial personnel further reinforced the importance of legal awareness and access to justice. As the workshop demonstrated, legal education can be a powerful tool for social change, and its impact will be felt in the community and among the students for a long time to come.

Legal Aid and Awareness Workshop - 5

Event Name: Legal Aid and Awareness Workshop - 5

Date: 13 January 2024
Time: 7:30 AM 6:00 PM
Venue: Sankalagere, Channapatna Taluk, Ramanagara District.

The Legal Aid and Awareness Workshop 5 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Ramanagara. The workshop aimed to spread legal awareness among the villagers of Sankalagere Village, Channapatna Taluk, Ramanagara District.

Learnings:

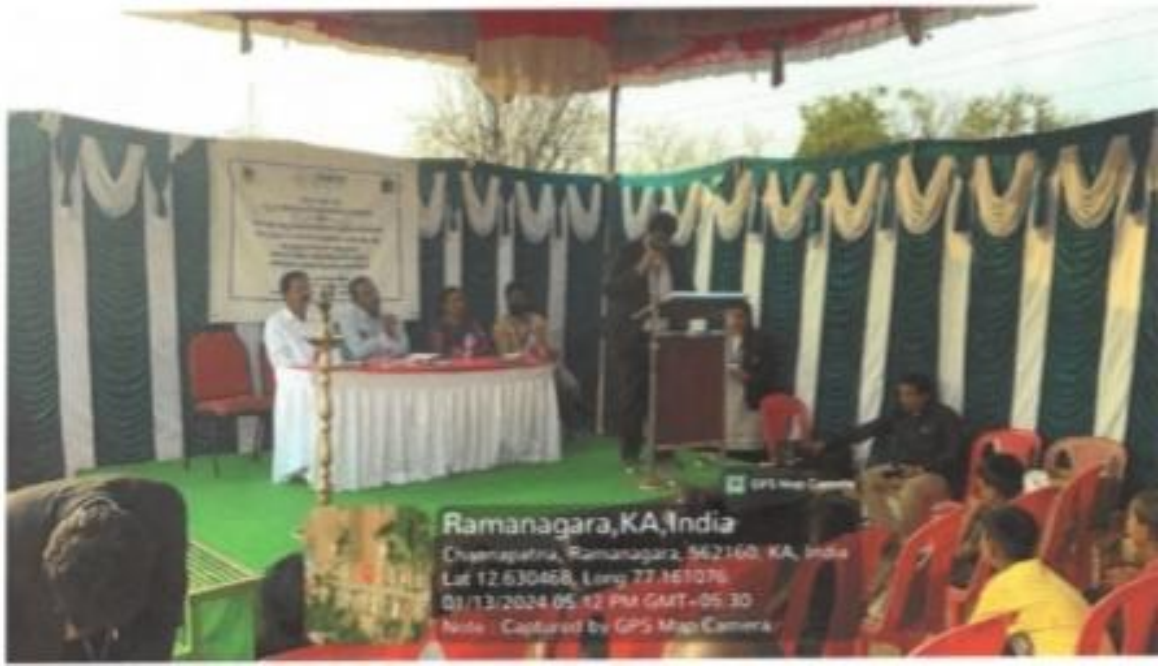

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, cultural program, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted over two days, with various activities such as a rally, cultural program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges, and the official program enabled the villagers to interact with judicial personnel.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

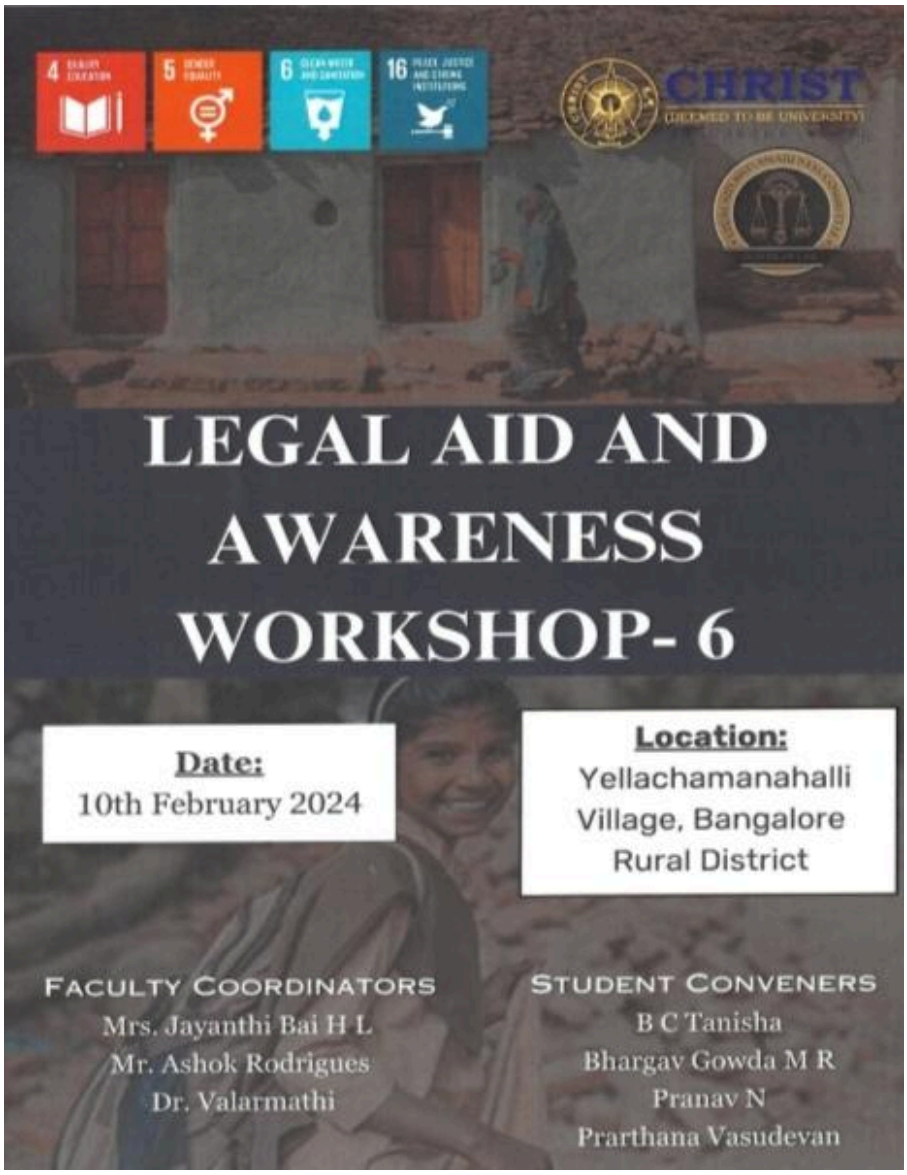

The Legal Aid and Awareness Workshop 5 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 6

Event Name: Legal Aid and Awareness Workshop - 6

Date: 10/2/24
Time: 9:30 am - 5:30 pm
Venue: Yelachenahalli Village, Hoskote, Bengaluru Rural

The Legal Aid and Awareness Workshop 6 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Tumkur. The workshop aimed to spread legal awareness among the villagers of Yelachenahalli Village, Hoskote, Bengaluru Rural.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on February 10, 2024, with various activities such as a rally, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

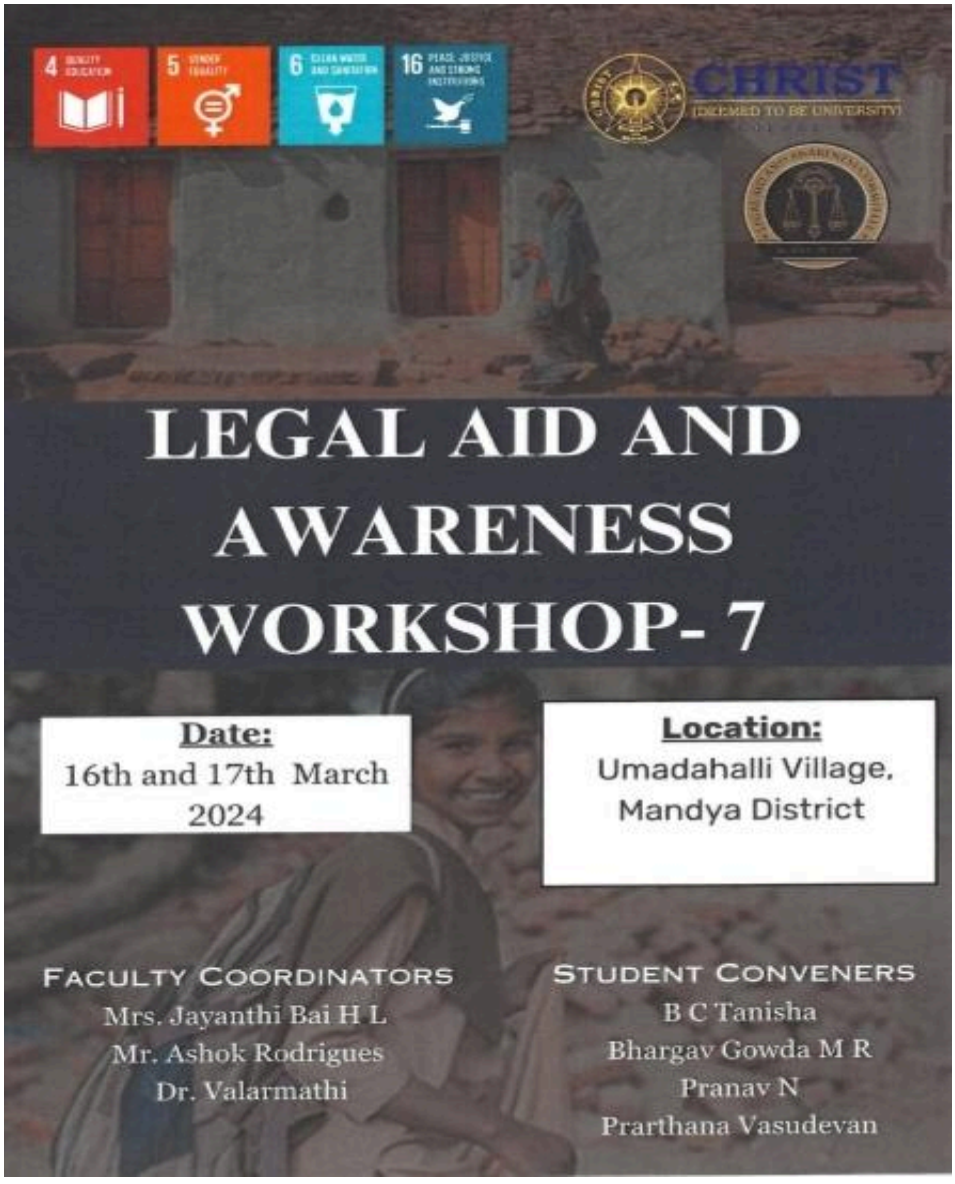

The Legal Aid and Awareness Workshop 6 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Legal Aid and Awareness Workshop - 7

Event Name: Legal Aid and Awareness Workshop - 7

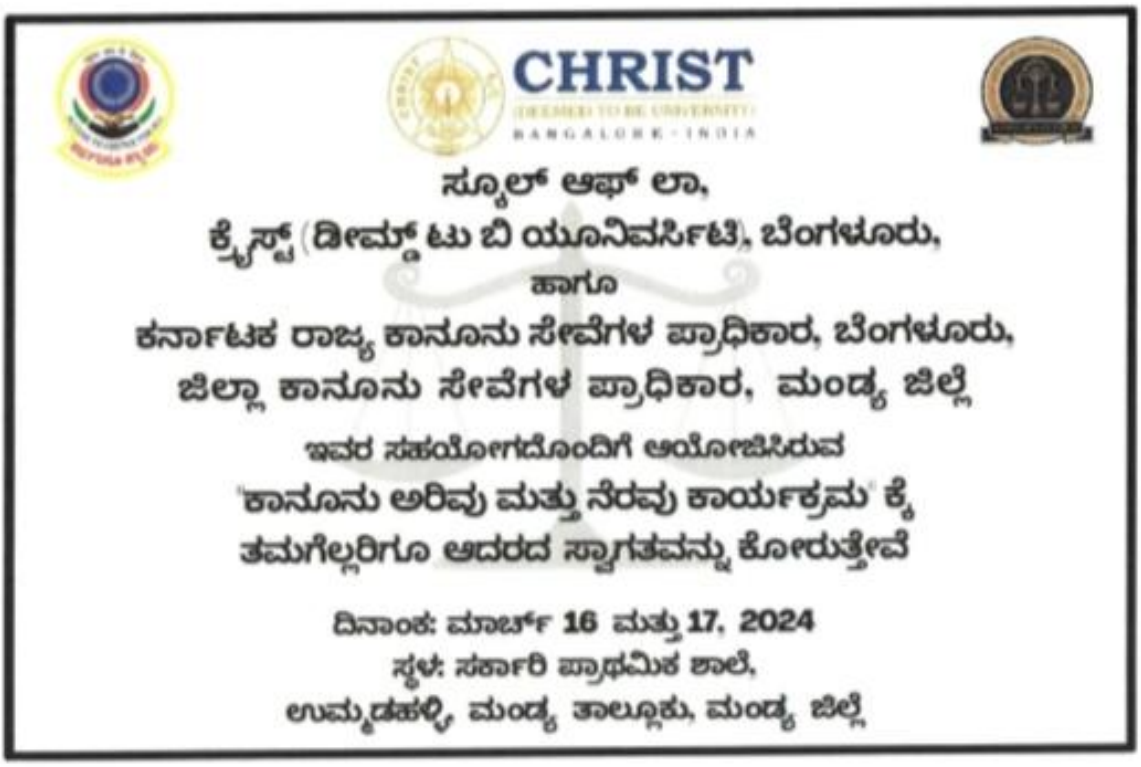

Date: 16th and 17th March 2024
Time: Day 1 9:30 A.M 11:30 P.M
Day 2 8:30 A.M-4:00 P.M
Venue: Ummadahalli Village, Mandya District

The Legal Aid and Awareness Workshop 7 was organized by the School of Law, CHRIST (Deemed to be University) in Bangalore, in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Mandya. The workshop aimed to spread legal awareness among the villagers of Ummadahalli Village, Mandya District.

Learnings:

The workshop was a comprehensive approach to legal empowerment and community development. It included a teaching program, legal awareness rally, survey, and official program. The students and committee volunteers effectively communicated legal information and documented the village's legal needs.

The workshop was conducted on March 16 and 17, 2024, with various activities such as a rally, cultural program, teaching program, survey, and official program. The students and committee volunteers engaged with the villagers, raising awareness about legal rights and procedures. The survey identified legal difficulties and broader societal challenges.

Impact made on students:

The workshop had a significant impact on both the community and the students. It efficiently communicated legal information, raised awareness about legal rights and procedures, and identified legal difficulties and societal challenges. The students gained a learning opportunity, exposing them to the reality of rural living and the value of legal aid in tackling socio-legal concerns.

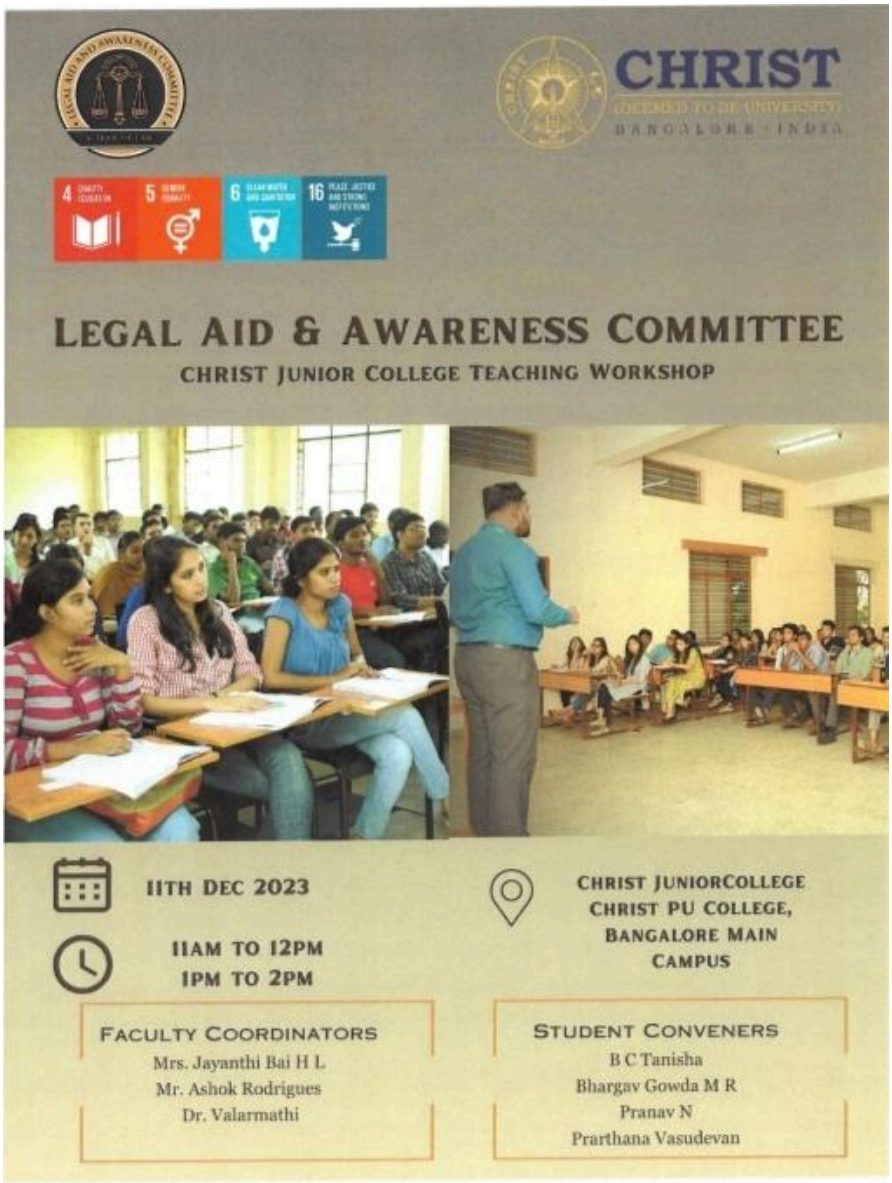

The Legal Aid and Awareness Workshop 7 was a resounding success, achieving its objectives of spreading legal awareness, providing a learning opportunity for students, and promoting social transformation. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender awareness and sustainability practices. The students developed legal aid and paralegal skills, and the workshop laid the framework for future legal aid and community efforts.

Teaching Workshop

Event Name: CJC Teaching Workshop

Date: 11/12/23
Time: 10:00 am - 2:00 pm
Venue: Christ Residential PU College, Bangalore, Kengeri Campus.

The CJC Teaching Workshop was organized by the School of Law, CHRIST (Deemed to be University) in collaboration with Christ Residential PU College, Bangalore, Kengeri Campus. The workshop aimed to spread legal awareness among Pre-University students.

Learnings:
The workshop covered essential legal topics such as the Constitution of India, Motor Vehicles Act, Consumer Protection Act, Right to Information Act, and Narcotic Drugs and Psychotropic Substances Act.

The workshop was conducted on December 11, 2023, with student volunteers and committee members engaging with Pre-University students through interactive sessions. The program was conducted for both 1 PU and 2 PU students, covering all three streams: science, commerce, and arts.

Impact made on students:
The workshop had a significant impact on both the Pre-University students and the student volunteers. The Pre-University students gained a comprehensive understanding of legal concepts affecting their daily lives, while the student volunteers developed skills in communicating complex legal ideas simply and effectively.

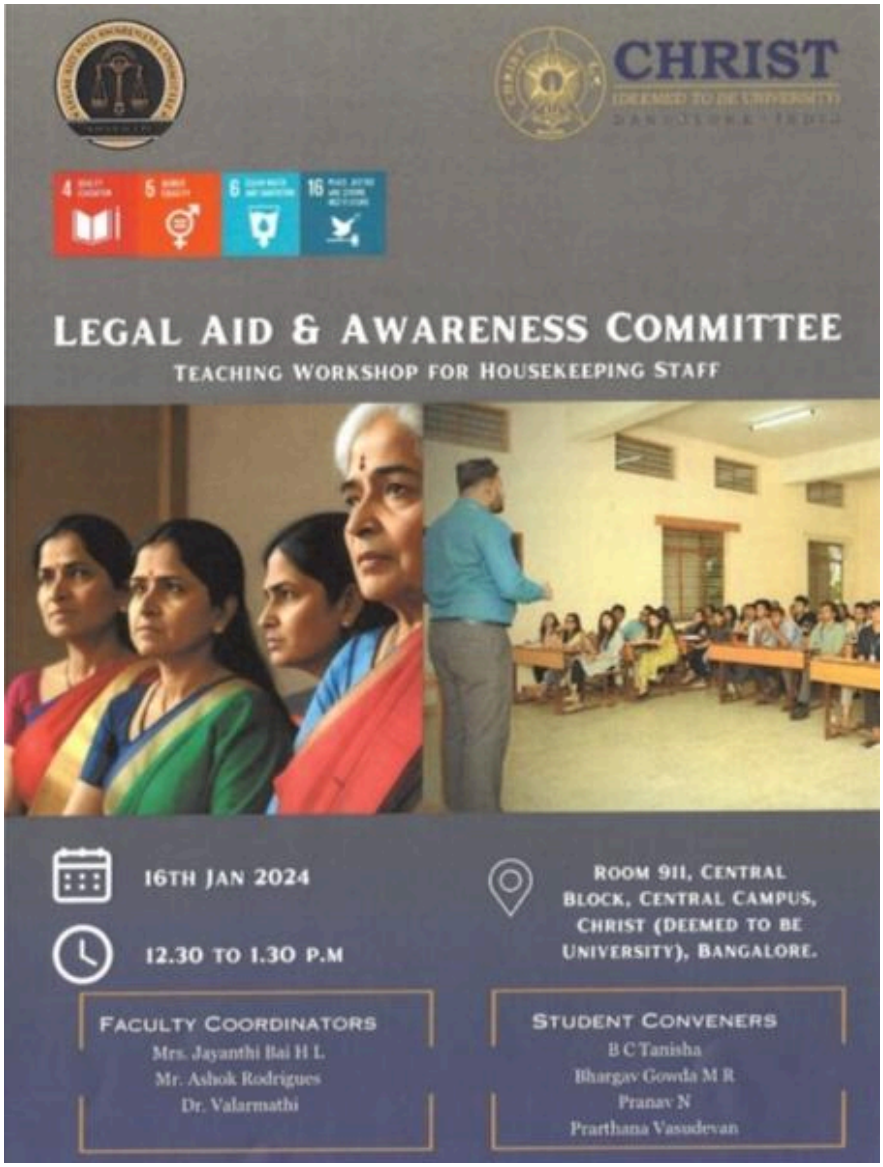

The CJC Teaching Workshop was a resounding success, achieving its objective of spreading legal awareness among Pre-University students. The workshop demonstrated a comprehensive approach to legal empowerment and community development, incorporating cross-cutting concerns like gender equality, sustainability, and peace, justice, and strong institutions. The student volunteers developed valuable skills, and the workshop laid the groundwork for future legal aid and community efforts.

Legal Awareness Workshop for Housekeeping Staff.

Event Name: Legal Awareness Workshop for Housekeeping Staff.

Date: 16th Jan 2024
Time: (12:30 -1:30)pm.
Venue: Room 911, central block, Central campus, Christ University, Bangalore

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop on legal awareness for housekeeping staff on January 16, 2024 at room 911, central block, in collaboration with house keeping staff of the university. The objective was to create awareness about legal rights and empower staff with essential knowledge about legislative acts.

Learnings:

The workshop covered important topics such as:

- The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013
- The Dowry Prohibition Act, 1961
- Maternity Benefit Act, 1961
- Constitutional rights under The Constitution of India
- Domestic Violence Act, 2005

The workshop was conducted by Dr. Jayanthi Bai H L, Faculty Coordinator of the Legal Aid and Awareness Committee. The session was interactive, with staff actively participating in discussions and asking questions. The workshop aimed to empower housekeeping staff by providing them with essential knowledge about their rights and commitments.

Impact made on the students:

- **Increased awareness:** Staff gained knowledge about their legal rights, duties, and permissions under various legislative acts.
- **Empowerment:** Participants felt empowered to advocate for their rights confidently and navigate potential disputes effectively.
- **Fostered engagement:** The interactive session encouraged active participation, ensuring key messages were effectively conveyed and understood.
- **Sense of security:** Staff, especially women, felt a sense of security knowing their rights and protections under the law.
- **Confidence boost:** Participants gained confidence in asserting their rights and seeking help when needed.

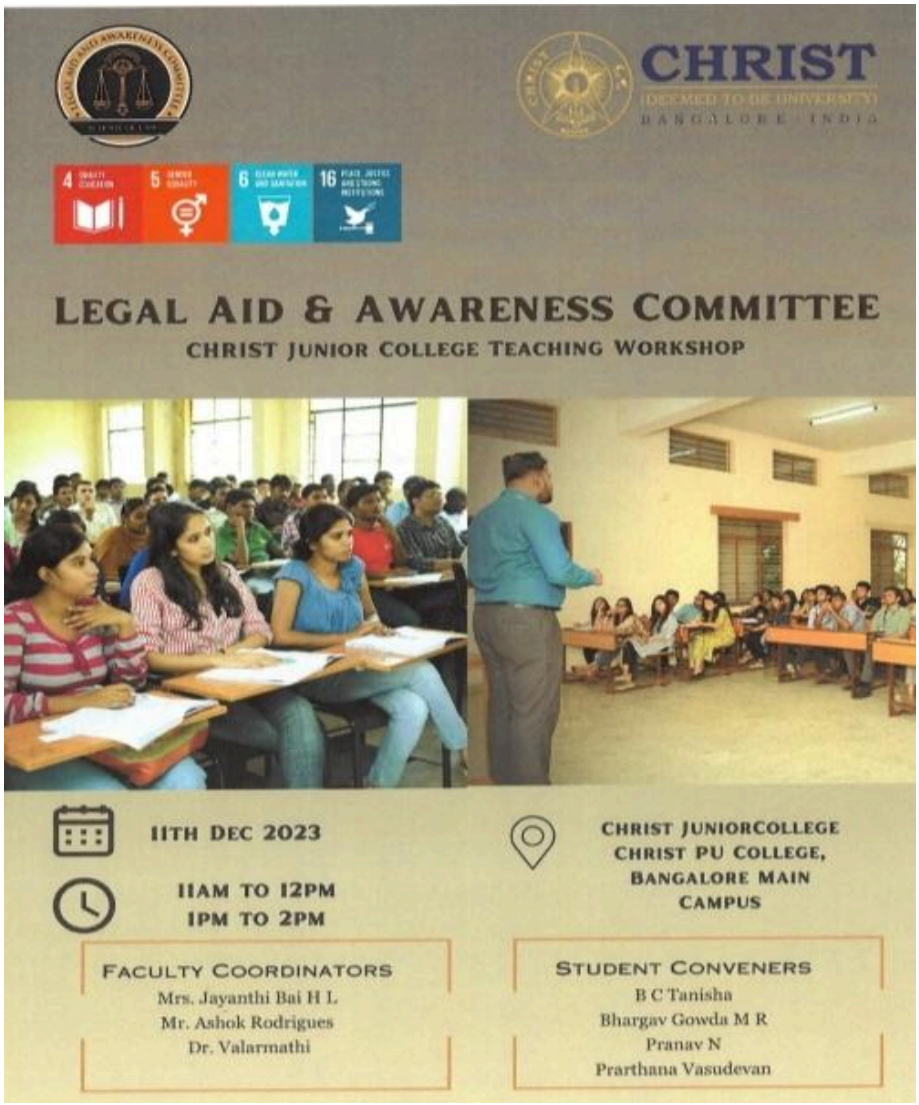

The workshop was a success, with increased awareness among housekeeping staff regarding their legal rights. The session fostered a sense of empowerment, enhanced understanding of relevant statutes, and encourage active participation. The committee plans to conduct more such events to raise awareness amongst women who do not have access to such information.

Teaching Workshop

Event Name: Christ Junior College Teaching Workshop

Date: 23/8/23
Time: Morning college - 11:00 am - 12:00 pm
Evening college - 1:00pm - 2:00 pm
Venue: Christ Junior College, Christ PU college, Bangalore main campus

The Legal Aid and Awareness Committee of CHRIST (Deemed to be University) conducted a teaching workshop for pre-university students at Christ Junior College on August 23, 2023. There are 1,4617 participants who made this event a grand success. The objectives are to disseminate general awareness about fundamental legal rights and concepts among young students.

Learnings:

The workshop covered essential legal topics, including:

- The Constitution of India, 1950.
- The Motor Vehicles (Amendment) Act, 2019.
- The Consumer Protection Act, 2019.
- The Right to Information Act, 2005.
- The Narcotic Drugs and Psychotropic Substances Act, 1985.

The workshop was conducted by student volunteers and committee members, who were divided into pairs to engage with students from all three streams (science, commerce, and arts). The program aimed to cultivate general awareness about legal concepts, regulations, and consequences of non-compliance. The student volunteers explained legal concepts in an interactive and simple manner, enabling the pre-university students to understand their rights and responsibilities as citizens.

The workshop was a successful initiative in spreading legal awareness among young students. The student volunteers developed skills in presenting legal concepts in a simple and engaging manner, while the pre-university students gained knowledge about essential legal topics impacting their daily lives. The program demonstrated the importance of legal awareness in creating informed citizens and promoting social transformation. The committee plans to continue its endeavors in spreading legal awareness among the youth, gradually broadening the scope of such teaching workshops.

Community Living Camp

Event: Community Living Camp: SDG 6: Clean Water and Sanitation

Date: 11/3/23
Venue: Yeldur, Kolar

Scarcity of water is the major issue that India still faces. Still there are some villages where there is water scarcity and polluted water. Due to the increase of machines and the industries they release the waste into the lakes and ponds that are nearby. The village people, especially children, are drinking those polluted water and are suffering from various dangerous health hazards from which some are life-giving.

The Community Living Camp, held on March 11, 2023, at Lakshmisagar Village, Kolar District, Karnataka, aimed to promote awareness on Sustainable Development Goal 6: Clean Water and Sanitation. The program, organized by CHRIST (Deemed to be University), involved B.Ed. students in collaboration with CSA, CHRIST University, who engaged with the rural community to raise awareness about water conservation.

Lisa Mary Bejoy
lisamary.bejoy@ed.christuniversity.in

Through this camp, students gained hands-on experience in community engagement and awareness-building. Students had an opportunity to explore the importance of water conservation, effective usage, and management of water resources.

Students developed skills in:

- Creating awareness through street plays and rallies.
- Engaging with rural communities and understanding their challenges.
- Aligning with SDG Goals and promoting sustainable practices.

Key Takeaways:

- Understanding the challenges and needs of rural communities.
- Aligning with SDG Goals and promoting sustainable practices.
- Importance of community engagement and awareness-building.

Students demonstrated their dedication to sustainable development by interacting with the community and promoting SDG 6. The Community Living Camp was a successful initiative that brought up awareness of water conservation in rural communities. Students gained helpful learning experience and embarked with skills that will benefit society. The program's success highlights the significance of community participation and awareness-building in accomplishing sustainable development goals.

Plantation Drive in Collaboration with Prayatna, NCC, and SayTrees

Event Name: Plantation Drive in Collaboration with Prayatna, NCC, and Say Trees

Date: 5th June 2022
Time: 7:00 a.m. - 1:00 p.m.
Venue: Bingipura landfill, Electronic City

On June 5, 2022, a tree plantation drive was organized by Prayatna in collaboration with NCC, SayTrees, and VrukshaBharatha at Bingipura landfill, Electronic City. The event aimed to promote sustainable practices and achieve SDG goals.

Learnings:
Volunteers learned about the Miyawaki plantation technique, organic fertilizers, and methane-contaminated groundwater. They also gained insight into SDG goals, including Climate Action, Life on Land, Responsible Consumption, Clean Water, Sustainable Cities, and Zero Hunger.

The event saw the participation of 27 volunteers, who planted 10,000 saplings, transforming the barren landscape into a green and sustainable area. Dinesh Sir from NCC motivated the volunteers, emphasizing the importance of disciplined behavior.

Impact on Students:
The drive had a positive impact on students, enhancing their awareness about sustainable practices and SDG goals. They learned the importance of community service and the role they can play in achieving a sustainable future.

The tree plantation drive was a resounding success, achieving its objectives of promoting sustainable practices and achieving SDG goals. The collaboration between Prayatna, NCC, SayTrees, and VrukshaBharatha demonstrated the power of collective efforts in creating a positive impact on the environment. The event not only transformed the landscape but also inspired volunteers to adopt sustainable practices in their daily lives. The success of this drive paves the way for future initiatives, promoting a greener and more sustainable tomorrow.

PROJECT AMRIT: water body clean up drive with sant nirankari charitable foundation

Event Name: PROJECT AMRIT: water body clean up drive with sant nirankari charitable foundation

Date: 25th February
Time: 7:30 AM onwards
Venue: LakeSide Lavasa

The Centre for Social Action (CSA) in collaboration with CCA organized a water body clean-up drive, PROJECT AMRIT, on February 25th at LakeSide Lavasa. The event aimed to address pollution issues and promote environmental stewardship.

Learnings:
Participants learned about proper waste disposal methods, the impact of pollution on natural resources, and the importance of individual responsibility in preserving the environment.

The event saw the participation of 55 attendees, including students, faculty, and Lavasa locals. Volunteers worked together to remove litter and debris from the water body, resulting in a visibly cleaner environment. The initiative raised awareness about environmental conservation and inspired collective action towards sustainability.

Impact on Students:
The event had a positive impact on students, empowering them with knowledge about environmental conservation and inspiring them to take action in their own communities. It fostered a sense of community engagement and responsibility, strengthening community bonds.

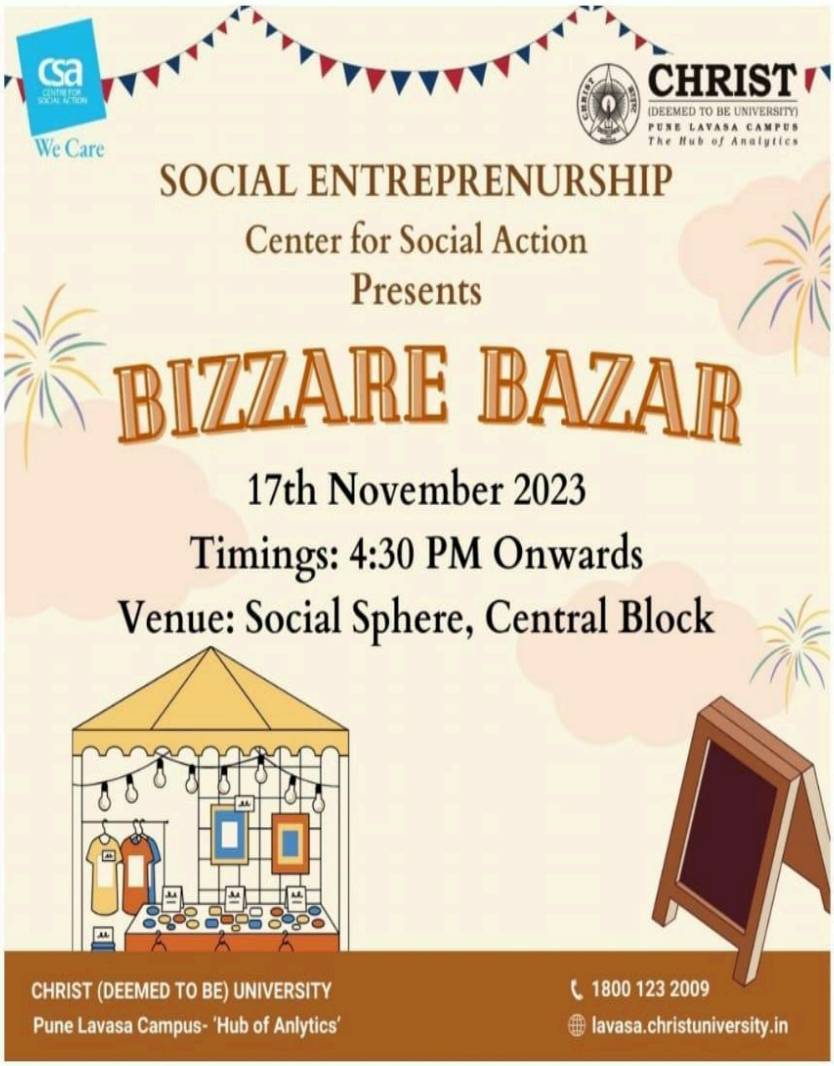

PROJECT AMRIT was a resounding success, achieving its objectives of improving the water body's condition and raising environmental awareness. The event served as an educational platform, empowering participants with knowledge and inspiring collective action. The success of this initiative serves as a catalyst for future events aimed at preserving natural resources in the Lavasa city area. Through continued collaboration and community involvement, we aim to build upon the momentum generated by this event and enact lasting positive change for our environment.

BIZARRE BAZAAR- Small Entrepreneurship Stalls and Diwali Stalls

Event Name: BIZARRE BAZAAR- Small Entrepreneurship Stalls and Diwali Stalls

Date: 17th November 2023
Time: 4:30 PM ONWARDS
Venue: SOCIAL Square Central Block.

The Centre for Social Action (CSA) at CHRIST (Deemed to be University), Pune Lavasa Campus, organized a Small Business Fair, BIZARRE BAZAAR, on November 17th, 2023. The event aimed to provide a platform for student entrepreneurs to showcase their ventures and expand their sales.

Learnings:
Students learned valuable skills such as budgeting, marketing, customer service, and inventory management by managing their stalls. The event also fostered creativity, innovation, and a spirit of entrepreneurship within the campus community.

The fair featured diverse stalls offering products and services, including handmade crafts, innovative tech solutions, and culinary delights. The CSA played a pivotal role in organizing the event, ensuring smooth logistics, and providing a platform for student entrepreneurs.

CHRIST

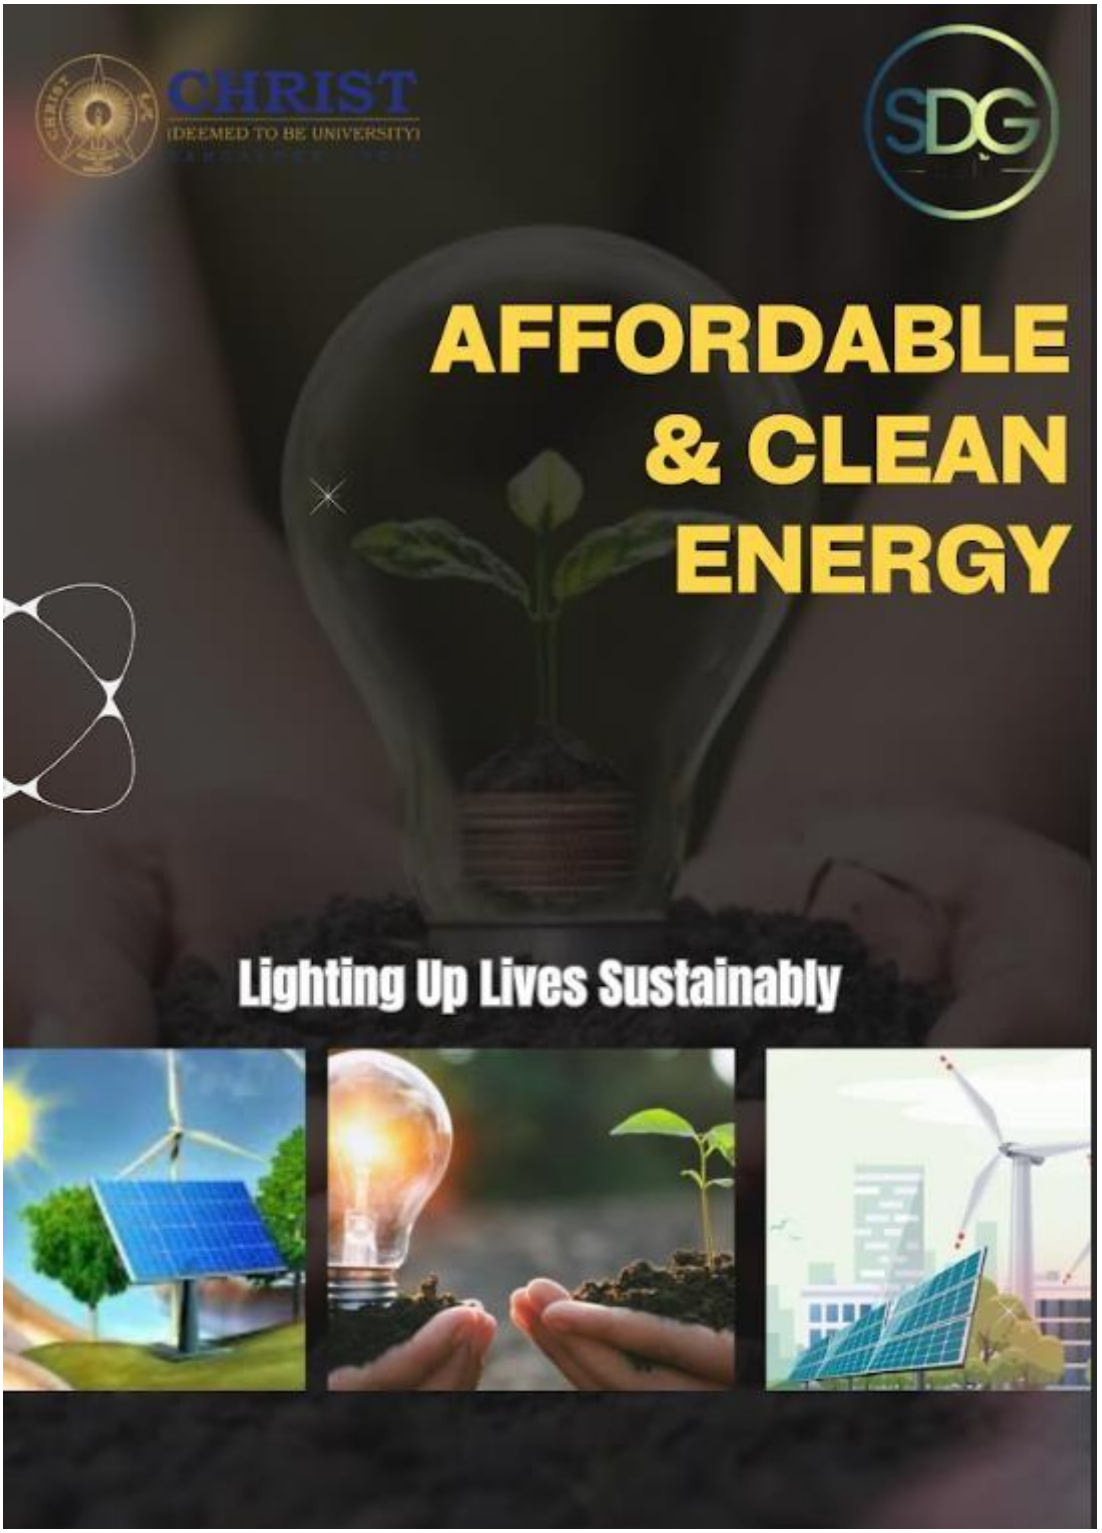

Impact on Students:
The event had a positive impact on students, making them more confident in their business ventures and providing a platform to showcase their talents. It also contributed to the development of practical skills, fostering a culture of innovation and self-reliance.

The Small Business Fair was a resounding success, achieving its objectives of expanding student businesses and promoting entrepreneurship. The unique profit-sharing model adopted by the CSA demonstrated a commitment to shared responsibility and community building, ensuring a sustainable framework for future initiatives. The event left a positive impact on the campus culture, setting a precedent for future entrepreneurial endeavors at CHRIST University Lavasa.

Introduction to Sustainable Development Goals (SDGs) at Christ University

Activity Report

On July 19, 2023, Christ University, Bangalore's Department of Media Studies conducted an orientation session on the Sustainable Development Goals (SDGs) for first-year students from 1 BAM&J. The session, led by Ms. Gowri Jagadish from 3JOUH, aimed to familiarize students with all 17 SDGs, with a particular emphasis on goals 7, 15, 16, and 17, which are specifically relevant to the department. The event took place in Room 401 from 12:00 PM to 1:00 PM.

The session was well-received by the students, who actively engaged in discussions and displayed a strong interest in volunteering for the department's SDG cell. Their enthusiasm was evident during the interactive Q&A segment, where they raised insightful questions and expressed their eagerness to contribute to sustainable causes. The exchange of ideas during the session not only enriched the students' understanding of SDGs but also sparked critical thinking on the role of media in promoting sustainability.

Overall, the orientation successfully introduced the concept of SDGs to the first-year students, laying a foundation for their future involvement in sustainable development initiatives. The session highlighted the importance of integrating SDGs into media education and encouraged students to take an active role in contributing to global sustainability efforts.

Key Takeaways

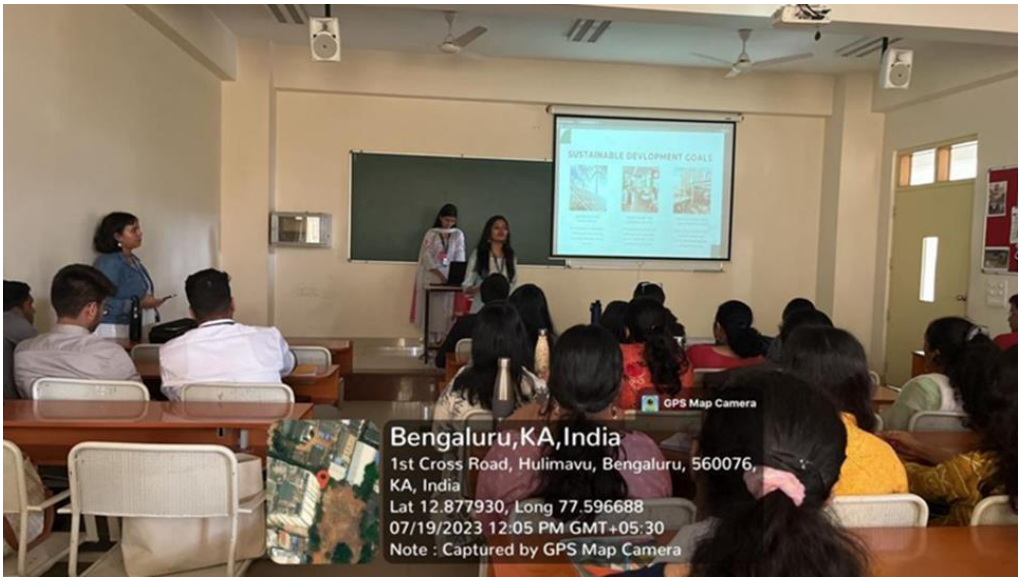

1. Focused SDG Familiarization: The orientation focused on familiarizing the 1st year students with department-specific Sustainable Development Goals (7th, 15th, 16th, and 17th).

2. Interactive Participation: The students contributed actively with the manifestation of different ideas and shared insights during the session. This added to an enriched understanding about the importance of SDGs in media education.

Summary of the Activity

The orientation program of the Sustainable Development Goals for 1st-year students, 1 BAM&J, was organized on July 19, 2023, from 12:00 PM to 1:00 PM. Ms. Gowri Jagadish (3 JOUH) took the lead in organizing. The major objective of the session was to familiarize the students. with SDGs. All 17 SDGs have been covered with an emphasis on goals assigned to the department: 7th, 15th, 16th, and 17th.

Students responded enthusiastically and contributed many thought-provoking answers pertaining to the goals, building viewpoints that created critical thinking and stimulated their active participation in the global sustainability agenda. This was followed by an interactive question-and-answer session, wherein the students' made inquiries and registered themselves for volunteering for the SDG cell under the Media Studies Department.

Certificate in Private and Venture Capital

Six Saturdays, lasting two hours apiece, made up the above course's twelve hours of in-person instruction. The Central Block of Bengaluru's Central Campus served as the course location. This training program's goal is to improve and strengthen the students' employability by giving them in-depth information about venture capital and private equity investments.

Synopsis of the Activity

Being exposed to deep private equity and venture capital, which greatly played instrumental roles in innovating offspring for start-ups, the difference between private equity and venture capital would turn out quite clearly. It was trying to bring importance into the investment landscape right from the very first basics. It spanned the entire deal cycle, right from origination and due diligence to exit strategies, in general concentrating on legal considerations together with their regulatory frameworks. We did discuss key legislation on the Law of Contract and the Company Law. In relation to this, the basic documents studied included the shareholder agreements, the share subscription agreements, and the sale and purchase agreements. There was also a very large part of the input on negotiation skills, as it is important to be well-disposed with the investors but at the same time not to spoil good relationships.

In other words, the certificate course covered, sort of from one end to the other, the concept of private equity and venture capital. Case studies and other interactive sessions have deal structuring, due diligence processes, negotiation strategies, and legal documentation practiced within them. The course is, therefore, targeted at equipping participants with competencies for any complex investment process in PE/VC by enhancing the ability to make informed decisions regarding the successful execution of deals. It also brought out how the knowledge, under the legal and regulatory framework, can be very instrumental in mitigating risk towards ensuring effective investment transactions.

Follow-up Plan

The suggestions for supplemental reading will present case studies and practice exercises that will assist with an easy grasp of the subject in making learning stick. This will be further supported by some amount of networking for relevant professionals in the industry, internet resources, webinars, and workshops that can support continued learning and development. The facilitators receive feedback from the participants, which will help them to make any improvements on future sessions and then make the necessary adjustments to meet the needs and interests. Follow-up here includes goal setting in terms of knowledge extension on which the participants gain and furtherance of professional development in areas of private equity and venture capital.

India Sustainability Startathon 2024

Activity Report

The India Sustainability Startathon 2024, a bootcamp designed to engage students in addressing key sustainability challenges, will take place on July 22-23, 2024, from 9:30 AM to 3:45 PM at the Seminar Hall, Ground Floor, BLOCK 2, in collaboration with The Future Founder's Co. The event, led by Dr. Leena James, Professor and Head of SDG at CHRIST (Deemed to be University), and Ms. Supriya Panchangam, CEO of The Future Founder's Co., aims to attract over 100 students from various campuses of the university.

Participants will experience a well-structured program that includes an opening address by Dr. James, followed by segmented sessions led by Ms. Supriya and Rohan Subhash. These sessions will feature mandatory, exploratory, and self-explanatory elements to enhance engagement. Students will benefit from mentorship by previous bootcamp finalists who qualified for Singapore, including founders of "Gulaab Jamoon Experiences," who will share insights and personal experiences.

The bootcamp will focus on SDG goals 7 (Affordable and Clean Energy) and 11 (Sustainable Cities and Communities), with participants identifying problem statements and proposing innovative solutions.

They will then work on making these solutions feasible in real-time. The event will culminate in final presentations on the second day, where participants will showcase their hard work to a panel of judges, providing a transformative learning experience that equips them to tackle pressing sustainability issues effectively.

Key Takeaways

Dividing sessions into mandatory, exploratory, and self-explanatory parts enhances engagement by catering to different learning styles and encouraging active participation. Concentrating on SDG goals 7 (Affordable and Clean Energy) and 11 (Sustainable Cities and Communities) aligns activities with global sustainability efforts, ensuring that participants contribute to meaningful challenges. Working collaboratively on real-world problems fosters teamwork and critical thinking, allowing students to develop practical solutions while building essential interpersonal skills. Additionally, presenting their solutions to judges improves communication and presentation abilities, preparing participants for future professional scenarios where effective articulation of ideas is crucial.

Summary of the Activity

The two-day boot camp commenced with an inspiring address by Dr. Leena James, setting the tone for an engaging and educational event. The sessions, led by Ms. Supriya and Rohan Subhash, were meticulously structured into mandatory, exploratory, and self-explanatory segments, ensuring comprehensive coverage of topics. Mentorship from past participants who have since become successful entrepreneurs added a layer of practical insight and inspiration. The focus on SDG goals 7 and 11 provided a meaningful context for the problem-solving activities, where participants identified issues and brainstormed solutions. The emphasis on real-world application was evident as participants were tasked with making their solutions feasible. The second day culminated in presentations to a panel of judges, marking the end of the bootcamp. The participants left with enhanced problem-solving abilities, presentation skills, and a deeper understanding of sustainability challenges and solutions.

Christites For Climate Action (CCA) Movement

CHRISTITES FOR CLIMATE ACTION

THE NEWSLETTER

2024 YEAR OF CLIMATE ACTION

NATURE IS NOT A PLACE TO VISIT, IT IS HOME

About CCA

The CHRISTITES FOR CLIMATE ACTION (CCA) movement, spearheaded by Rev. Fr. Dr. Jose CC, Vice Chancellor of CHRIST (Deemed to be University) in Bangalore, aims to address the pressing issue of climate change and its repercussions on our planet. This student-led initiative is committed to fostering environmental conservation efforts starting from campus grounds and extending to broader societal levels.

Through its activities and advocacy efforts, CCA seeks to engage individuals beyond the university community, urging them to join in the collective effort to address the challenges posed by climate change and work towards a more sustainable future for
all.

At the heart of CCA's mission is the promotion of an eco-friendly lifestyle among its members. Recognizing the imminent threat posed by climate change to all life on Earth, CCA stresses the importance of raising awareness and taking proactive measures to mitigate its effects. Aligned with the United Nations Sustainable Development Goals (2015), which advocate for peace, prosperity, and sustainability for both people and the planet, CCA has embraced these objectives as its guiding principles. In particular, CCA focuses on UN Sustainable Development Goal 13, which calls for urgent action to combat climate change and its impacts.

Empowering Change

Vision

"To foster a harmonious coexistence between humanity and nature through proactive environmental stewardship, ensuring a sustainable future for generations to come."

Mission

- Engage, educate, and empower communities to take tangible actions towards environmental preservation.
- Take up grassroots initiatives, advocacy, and collaboration, to protect ecosystems, conserve resources, and promote eco-conscious lifestyles,
- Cultivating a healthier planet for all.

Vice Chancellor's Message

My greetings to all.

Christites for Climate Action (CCA) is a dynamic student led movement which was initiated to create awareness about climate changes and its effects on the mother earth. The main intention of CCA is to foster sustainable practices among students in the campus and make them responsible Christites. CCA members and volunteers make a collective effort to create awareness from campus to societal level. Our main objective is to make every citizen aware and responsible towards conservation of the planet. We all together have a great responsibility to safeguard the mother Earth and build a healthy future for the upcoming generation. Every small step we take can make a huge impact and let's all join our hands together to this student led movement and serve the mother earth.

Rev. Fr. Dr. Jose CC
Vice Chancellor
Founder of CCA

Student's Message

Climate change poses a global threat, with global warming serving as its undeniable signal. Christites for Climate Action (CCA) is a movement to educate and create awareness among the human community to take responsible action towards conservation and stop destruction. Our

collective actions today significantly influence the climate of tomorrow. Let's catalyze change from within by embracing sustainable lifestyles. Every small step taken to preserve our planet is a service to Mother Earth. Together, we wield the power to make a substantial difference. Let's urge environmental stewardship and build a healthier, more resilient world for future generations.

Event Highlights

Green Initiatives in Action

Plogging Treks

CCA volunteers plogg waste along trails on our various hikes in a collective effort to make our environment cleaner & greener. Our activities embody our commitment to environmental conservation at a broader societal level.

Seeds of Change

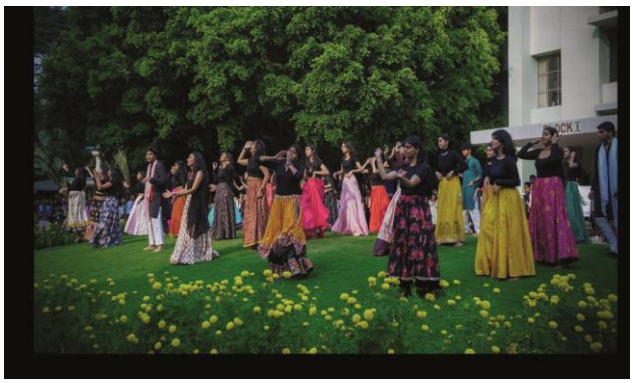

Plantation Drive

CCA has organized multiple tree plantation drives where our volunteers take up the initiative to plant various varieties of trees in order to encourage green covers, promote biodiversity and mitigate the effects of climate change.

Creative Awareness

Flash Mob for Menstrual Sustainability

Our CCA members are always engaged in finding Creative solutions to promote awareness and bring about action against climate change. During our menstrual sustainability week, CCA conducted a flash mob inside campus with the traditional Gujarati dance, Garba, during Navratri with an aim to promote sustainable menstruation products and embrace women healthcare.

Awareness Campaigns

At CCA, we passionately set up stalls on various occasions to spread awareness regarding climate action. Some of the most effective campaigns were carbon footprint awareness stall, which aimed at fostering consciousness regarding daily life carbon footprint and ways to minimize it, and menstrual sustainability stall to encourage sustainable menstrual products and women healthcare.

Testimonials

Joining Christites for Climate Action (CCA) was one of those serendipitous moments that ended up shaping my entire experience at Christ University. What began as a happenstance quickly transformed into one of the most enriching journeys of my college life.

Under the banner of CCA, I found myself immersed in a community of passionate individuals dedicated to the well-being of our planet. It was invigorating to work alongside like-minded peers who shared a deep-seated concern for the environment. Every small action we took, whether it was organizing the 'Blue March' to raise awareness on water conservation or participating in various initiatives, felt like a significant step towards a sustainable future.

One of the most inspiring aspects of my time with CCA was witnessing the dedication of individuals like Suhas LS, the coordinator, whose tireless efforts fuelled the momentum of our collective mission. His commitment to the cause served as a constant reminder of the impact that each of us can make when we channel our passion into action. As I reflect on my time with CCA, I'm filled with gratitude for the memories we created and the lessons we learned together. From brainstorming innovative ideas to volunteering for various activities, every moment was a testament to the power of collective action. These experiences are not just fleeting memories but invaluable treasures that I'll carry with me for a lifetime.

I wholeheartedly endorse Christites for Climate Action and commend their relentless pursuit of environmental advocacy. May their endeavours continue to inspire others to join the movement towards a greener, more sustainable future. Together, let's ensure that every effort, no matter how small, counts in the fight against climate change.

Dino Bosco Student
IIM Sirmour

Testimonials

From the era of global warming to the present reality of global boiling, our journey has been extensive. Advocating and actively contributing to the cause has always been my goal. Christites for Climate Action (CCA) has provided me with the perfect platform to amplify my efforts in any way possible. I've been with CCA since its inception, involved in various capacities. As a member of the social media committee, I helped drive our message forward. Additionally, during our plantation drive at St. Mary's farm, I had the privilege of serving as the photographer for the day. These experiences opened doors for me. Taking on roles such as committee head and being part of the core team allowed me to demonstrate my commitment to the cause. I brought forth ideas and initiatives, both within and beyond the campus, to raise awareness about climate change. Through my journey with CCA, I learned that with great titles come great responsibilities. Personally, working with people who share a similar mindset dragged me to be more self-aware and changed the perspective of acting to the cause. This brought out the urge to create an impact on what we were doing.

The urgency of addressing climate change cannot be overstated. If not now, then when? It's imperative that we act, and that begins with raising awareness. The committee is tirelessly working towards this goal, and I wish them continued success in their endeavors. Together, let's ensure that every small action counts."

CHRISTITES FOR CLIMATE ACTION

Parivarthana

Parivarthana

Introduction

Parivarthana, established in 2008 within the CHRIST (Deemed to be University) campus, is dedicated to transforming waste into valuable resources and promoting responsible waste management. Our primary objective is to maintain CHRIST (Deemed to be University) as a zero-waste campus through recycling and repurposing initiatives.
At the core of Parivarthana's operations are the dedicated women within the unit, supported by student volunteers and university administration.

Together, we strive to educate students and faculty on waste management principles, with a focus on the essential 3Rs: Reduce, Reuse, and Recycle.
The waste management unit includes various initiatives, including paper recycling, composting, and biogas generation from organic waste. Additionally, we engage in educational activities such as awareness rallies, eco-conservation programs, and the formation of eco-clubs to empower communities and promote sustainability.

WASTE SEGREGATION

- Waste is collected from waste-disposal bins placed at different points on the campus by the staff working at the Parivarthana Unit.
- The unit segregates dry and wet waste for bio-recycling.
- Annually, over 70,000kg of dry waste is generated, leading to a revenue of approximately 5,00,000.

PAPER RECYCLING UNIT

- Answer sheets, question papers, excess newspapers, and much more, a large variety of paper waste is produced on our campus.
- The paper waste collected is utilized for producing various handmade products.
- The unit has the capability to produce 2 lakh recycled products monthly.

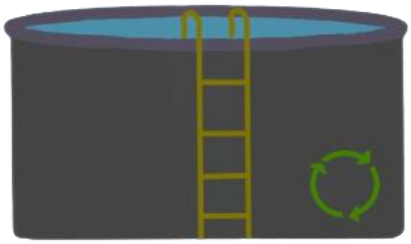

COMPOSTING

- The unprocessed wet waste, along with plant debris, decomposes to form organic compost.
- Equipped with four composting tanks, each with a capacity of 1500 kg, it produces over 2,500 to 3,000 kg of compost annually, generating revenue of approximately a lakh every year.
- The unit utilizes this compost within the campus and sells the surplus.

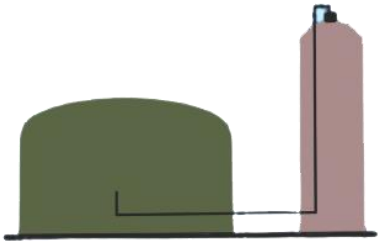

WATER TREATMENT PLANT

- The used water undergoes treatment in the water treatment plant, where it achieves a purity level of 98%. This treated water is then utilized for vegetation and gardening purposes.
- On average, 1.5 to 2 lakh liters of water is recycled daily.

BIOGAS

- The wet waste is utilized to produce biogas. The facility is equipped with two biogas tanks, each with a capacity of 150 kg, and one tank with a capacity of 200 kg.
- On average, the plant processes over 1.3 to 5 lakh kgs of food waste, yielding more than 5,500 to 6,000 kgs of LPG valued at over ?5 lakhs annually.

PARIVARTHANA NUMBERS AT A GLANCE:
25 kg
25 kg of lpg produced every day in bio gas plant
1000-1200 kg
1000-1200 kg of waste segregated into wet and dry waste for the bio-recycling process.
3-4 Lakh lt
3-4 lakh litres of water recycled. used in gardening in dharmaram and christ.

Rain Water and Sewage Water Treatment Unit

Rain Water and Sewage Water Treatment Unit

One of the Core Values of CHRIST (Deemed to be University), Bangalore is Social Responsibility. The relentless drive towards its vision of 'Excellence and Service' not only reflects in its academic achievements, but also in its contribution towards society. Under the Centre for Social Action (CSA), the faculty, staff and students actively involve themselves in various causes, of which Rainwater-harvesting, Water Conservation and Recycling is a major focus.

Due to the gross mismanagement and irresponsible attitude towards water and its water bodies, the city of Bangalore is on the verge of a major water crisis. Sensing the need to conserve this precious resource, CHRIST (Deemed to be University) has started various initiatives.

On all 3 campuses in the city, the University has set up an extensive Rain water harvesting and Sewage water treatment system where water can be recycled and re-used for irrigation, vehicle washing and restroom purposes. The University has more than 21,000 students, faculty and non-teaching staff who use on average 4 lakh litres of water per day.

This used water is collected alongside the harvested rainwater in big tanks. Out of this, through their water conservation and recycling efforts, 3 lakh litres of water is recycled and re-used for irrigation and flushing in restrooms within the campuses itself. This model of recycling and re-using waste water after treatment can be easily replicated by other institutions to conserve water.

The University also undertakes various activities for preserving and sensitising the public about the water bodies across the city. The CSA as well as various academic departments of the University have adopted various water bodies like Arekere lake, Agara Lake and Hulimavu lake to name a few and launched programmes to rejuvenate them and fulfil an ecological responsibility.

This adoption includes - lake clean up drives, door to door awareness programmes, street plays, and surveys, production of documentaries and also hosting of competitions to generate awareness towards the cause. The University also joins in with residents to create pressure groups to make sure the government will fulfil its promises of taking care of the lakes.

The University also, works in partnership with various NGOs, volunteer groups and other forums to generate community participation towards water conservation and rain water harvesting. Partnerships with national level movements like #RallyForRivers also gives the University, and thereby general public good visibility towards preserving environmental resources. These partnerships also help in hosting competitions like Painting, Stall making, Meme making, Street plays, Photogrpahy and social media campaigns within and outside the University which helps to promote and sensitise youngsters towards the cause.

The University also helps the Public Works, Ports and Inland Water Transport Department (PWD-the water regulating authority in Bengaluru) sensitizing the citizens about the need to conserve water though advertising and promotion especially through digital and social media campaigns. This is creatively done with the help of students through various competitions and classroom assignments. This can help create huge awareness among citizens in this digital age.

Street Plays and Flash mobs by students in Malls and public spots help grab eyeballs towards the water crisis facing the city. The University also regularly conducts seminars, discussion forums and talks by various water conservation activists which helps keep the discussion moving forward. Rallies and

Awareness campaigns by the National Cadet Corps, like the one held in 2017 in the University for “Virtual Water” helps to enlighten people about the magnitude of water being utilized to manufacture consumer products and to minimise wastage.

Energy Audit

A REPORT ON
DETAILED ENERGY AUDIT

Study conducted at

CHRIST (DEEMED TO BE UNIVERSITY), BANGALORE

Study conducted by

Department of Electrical and Electronics Engineering,
School of Engineering and Technology,
In association with Department of Physics and Electronics.
CHRIST (Deemed to be University),
BANGALORE.

MAY, 2024

ACKNOWLEDGEMENT

The Consortium of Energy auditors are thankful to the Christ (Deemed to be University), Bangalore for providing us an opportunity to conduct Baseline audit and for extending their valuable co-operation.

The excellent co-operation, extensive support and valuable help provided by the following persons in carrying out the study, is gratefully acknowledged.

No	Name	Designation
1	Dr. Fr Joseph C C	Vice Chancellor Christ (Deemed to be University)
2	Dr Fr Viju P D	Pro Vice Chancellor (Deemed to be University)
3	Dr. Anil Joseph Pinto	Registrar, Christ (Deemed to be University)
4	Dr Fr Varghese K J	Chief Finance Officer Christ (Deemed to be University)
5	Dr. Alex P Joseph	Director, IQAC, Christ (Deemed to be University)
6	Dr. Raghunandan Kumar R	Dean, School of Engineering and Technology
7	Dr. Manoj B	Professor, Department of Physics and Electronics
8	Dr Nainesh Kantilal Patel	Associate Professor, Department of Physics and Electronics
9	Dr Vineeth V	Assistant Professor, Department of Physics and Electronics
10	Dr Rohan Pascal Fernandes	Associate Professor, Department of Physics and Electronics

DISCLAIMER

This report (including any enclosures and attachments) has been prepared for the exclusive use and benefit of the addressee(s) and solely for the purpose for which it is provided. Unless we provide express prior written consent, no part of this report should be reproduced, distributed or communicated to any third party. We do not accept any liability if this report is used for an alternative purpose from which it is intended, nor to any third party in respect of this report.

REPORTING

This is to convey that energy auditing work is carried out in Christ (Deemed to be University) from 12-03-2024 to 18-03-2024. The above work has been done as per the provisions of Bureau of Energy Efficiency and is carried out by the Energy Manager who holds the Certificate of Competency. The information, proposals and recommendations are inked with respect to the reporting format of the Bureau of Energy Efficiency.

1. EXECUTIVE SUMMARY

- This section presents a brief summary of the results of the comprehensive energy audit carried out at Bangalore Central Campus, Christ (Deemed to be University) in March 2021. The study covered with a focus on energy conservation measures including performance assessment of vital energy consuming equipment.

- A team of two consultants were involved in the comprehensive energy audit study. The energy audit was mainly targeted at identifying practical, sustainable and economically viable energy saving opportunities in all sections of the facility, resulting from a detailed study and analyses of technical parameters. The energy audit involved using a wide range of sophisticated, portable, diagnostic and measuring instruments to generate refined data and facilitate in complex analyses to give a more reliable basis for evaluation of performance, energy saving measures and economic viability.

- Electricity, Solar PV System & Diesel are the major sources of energy to the facility. The study has identified several energy conservation proposals. The EC proposals paybacks were calculated.

- During the study, there was continuous interaction with the facility personnel, all the recommendations have been thoroughly discussed with concerned facility officials and also at group meetings. There has been close involvement of senior officials, which ensured the necessary co-ordination required for the study.

1.4.1 IDENTIFIED TECHNOLOGY UPGRADATION PROPOSALS

SL No	Recommendation	Savings in INR	Investment in INR	Payback in Years
1	Installing Additional 200 kw On Grid Solar Panels	₹ 27,37,500/year	₹1,30,00,000	8 years 0 months
2	Replacing 1,000 numbers of existing 60 W fans with 28W BLDC fans	₹ 6,52,800/year	₹30,00,000	4 years 6 months
3	Sensor Based Switches for lights in 50 classrooms	₹ 43,800/year	₹1,00,000	2 years 0 months

1.4.2 IDENTIFIED ENERGY SAVING PROPOSALS

SL No	Recommendation
1	Submetering EPM 4600 Power Meter
2	Shutdown when computer terminals are idle
3	Energy Efficiency in Transportation
4	Encourage Energy-Conscious Behaviour.
5	All the new lighting installations should be LED lamps
6	All the new installations of Air conditioners should be with higher star ratings

2. INTRODUCTION

CHRIST (Deemed to be University) was born out of the educational vision of St Kuriakose Elias Chavara, an educationalist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831 which administers CHRIST (Deemed to be University).

Established in 1969 as Christ College, it undertook path-breaking initiatives in Indian higher education with the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education and adoption of global higher education practices with the support of creative and dedicated staff. The University Grants Commission (UGC) of India conferred Autonomy to Christ College in 2004 and identified it as an Institution with Potential for Excellence in 2006. In 2008 under Section 3 of the UGC Act, 1956, the Ministry of Human Resource Development of the Government of India, declared the institution a Deemed to be University, in the name and style of Christ University. One of the first institutions in India to be accredited in 1998 by the NAAC, and subsequently in 2004 and 2016, CHRIST (Deemed to be University) has the top grade 'A' in the 4-point scale.

The multi-disciplinary University which focuses on teaching research and service offers Bachelors to Doctoral programmes in humanities, social sciences, science, commerce, management, engineering, education, and law to over 25000 students. The campus is a living example for the harmonious multiculturalism with students from all the states of India and around 60 different countries. CHRIST (Deemed to be University) publishes six peer-reviewed research journals and has published more than 300 books in Kannada and English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence. The institute offers UG, PG and Ph. D programs.

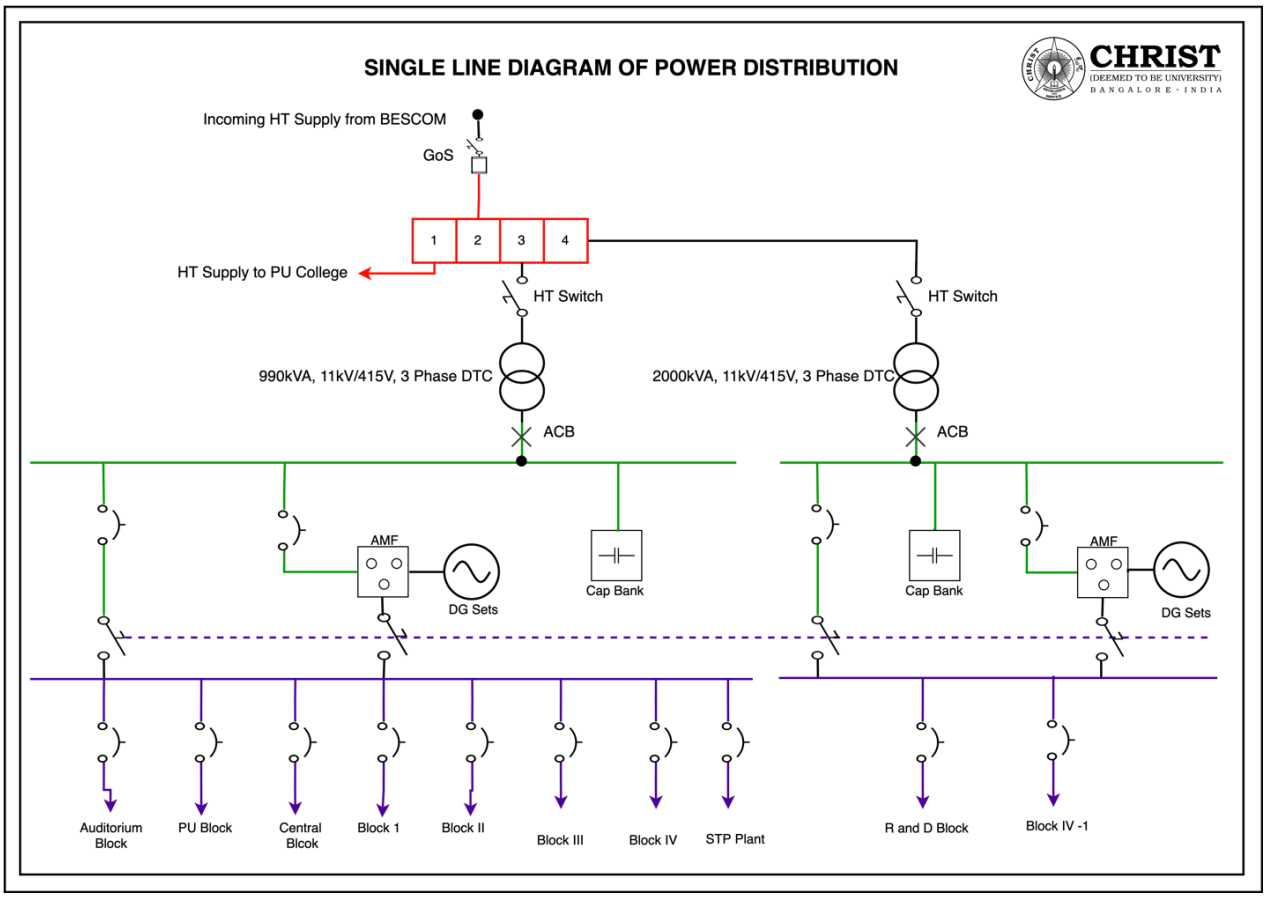

The campus has seven schools, namely,

1. School of Arts and Humanities
2. School of Business Management
3. School of Commerce, Finance and Accountancy
4. School of Education
5. School of Law
6. School of Sciences
7. School of Social Sciences

3. FACILITY OVERVIEW

The campus has the following blocks. The major load in the campus are lighting, computer terminals, fans, AC, borewell and pumping motors.

Block I Built-up area 7645 square meters	25-Classrooms, 13 - Laboratories, 10 - Staff Rooms Mini auditorium, 2 - Separate Wash-rooms for men and women in each floor Staff Club, 4 - Offices of Deans, Placement Office – Undergraduate, 2 - Counselling Rooms, Gymnasium for women Office of Student Welfare and Activity room, With lift facility and ramp
Block II Built-up area 11774.5 square meters	47 - Classrooms, 10 - Laboratories, 36 - Faculty Cabins, 10 - Staff Rooms, 2 - Separate Wash-rooms for men and women in each floor 9 - Counselling Rooms, Seminar Halls, Assembly Hall, Panel Rooms, Centre for Digital Innovation, On-line test centre, With lift facility and ramp
Undergraduate Library 1443 square meters	Reference Section 2 - Stock area, 2 - Reading room Archives section, Reprography, Auditorium with a capacity of 2000+ with all modern, amenities, barco and barco-lighting projector/camera, with wide lounge and 2 - green rooms, With lift facility and ramp
Auditorium Block 8532 square meters	19 - Classrooms, Media and Computer Laboratories, 37 - Faculty Cabins, 2 - Separate Wash-rooms for men and women in each floor, Valuation Centre, Research Centre, 3 - Seminar Halls, IVY Hall Student Centre – 2 –Refreshments, Reprography and reading area Centre for Academic Excellence- 80 accommodation facility, for staff training programmes, South Indian Bank – Christ University Branch and ATM, 2 - Dance Floor, 3 -Music Rooms, Cafeteria, With lift facility and ramp.
Block III 1770 square meters	7 - Classrooms, 18 - Faculty Cabins, 2 - Separate Wash-rooms for men and women in each floor 8 - Research cabins, With lift facility and ramp
Block IV Basement 2653 square meters	Multipurpose hall , 5- varieties of refreshment stalls, Study area and place for group discussions and exhibit area for departmental needs, With lift facility and ramp.
Block IV Academic area 17174 square meters	69 - Classrooms, 120 - Faculty Cabins, 2 - Hotel Management Kitchen/Service Lounge (Dining Hall) /storage area Separate Wash-rooms for men and women in each floor Conference Halls, Auditorium – 800 seating capacity, With lift facility and ramp.
Central Block Basement 3500 m^2	120 - Four wheeler parking facility exclusive for faculty members, With lift facility and ramp.
Research Block 15000 m^2	Research labs, staff rooms, auditoriums and classrooms.

10. EFFECTIVENESS OF THE 100 KW SOLAR PLANT

The 100 kW solar plant at CHRIST University, Bangalore, Central Campus, was installed on July 7, 2022. Since its installation, the plant has generated a total of 131.27 MWh (131,270 kWh) of electricity, contributing significantly to reducing greenhouse gas emissions. This report evaluates the effectiveness of the solar plant by analyzing its average daily, monthly, and yearly electricity generation. Additionally, the report calculates the financial savings achieved through this renewable energy source.

Greenhouse Gas Emissions Avoided

The solar plant's contribution to reducing greenhouse gas emissions is remarkable. The following are the key greenhouse gases avoided:

- Carbon Dioxide (CO_2): 232,476.83 kg
- Nitrogen Oxide ($NO\chi$): 114.07 kg
- Sulfur Dioxide (SO_2): 6.72 kg

These reductions are equivalent to removing the emissions of 51.25 passenger cars over one year, providing the energy to power 1,009.75 computers for a year, or operating a TV for 912,305.65 hours.

Average Electricity Generation

Based on the total electricity generated so far, we can calculate the average daily, monthly, and yearly generation:

- Total Generation (since July 7, 2022): 131.27 MWh

1. Average Daily Generation:
    - Number of days since installation (assuming the report is generated exactly on August 16, 2024): 771 days
    - Average Daily Generation = Total Generation / Number of Days
      Average Daily Generation=131,270 kWh /771 days≈170.26 kWh/day
2. Average Monthly Generation:
    - Average Monthly Generation = Average Daily Generation × 30
      Average Monthly Generation=170.26 kWh/day×30≈5,107.8 kWh/month
3. Average Yearly Generation:
    - Average Yearly Generation = Average Daily Generation × 365
      Average Yearly Generation=170.26 kWh/day×365≈62,545 kWh/year

Financial Savings

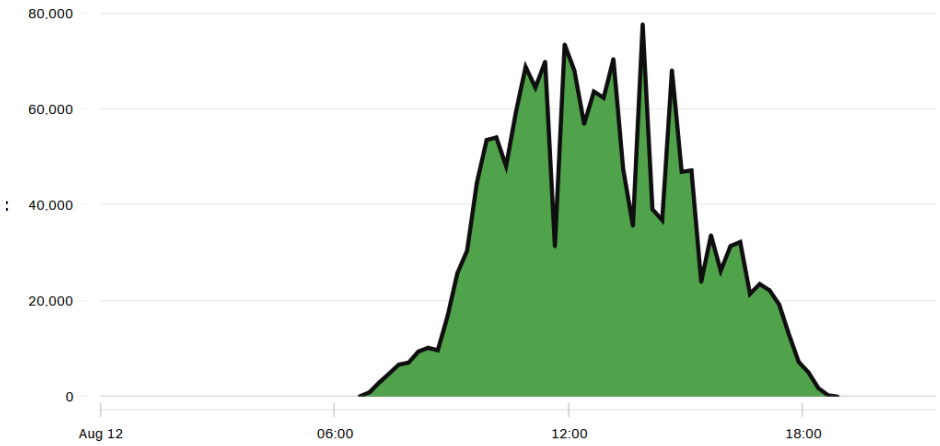

The financial savings from the solar plant are significant. Given that one unit (1 kWh) of electricity costs Rs. 10:

- Total Savings:
  Total Savings=131,270 kWh×10 Rs./kWh=Rs.1,312,700.
- Average Daily Savings:
  Average Daily Savings=170.26 kWh/day×10 Rs./kWh=Rs.1,702.6/day
- Average Monthly Savings:
  Average Monthly Savings=5,107.8 kWh/month×10 Rs./kWh=Rs.51,078/month
- Average Yearly Savings:
  Average Yearly Savings=62,545 kWh/year×10 Rs./kWh=Rs. 6, 25,450/year

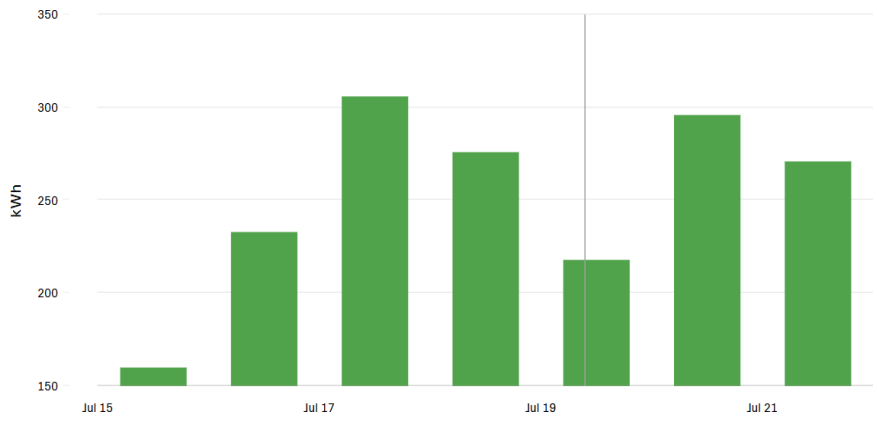

Summary Table

Parameter	Value
Total Generation (since July 7, 2022)	131,270 kWh
Average Daily Generation	170.26 kWh/day
Average Monthly Generation	5,107.8 kWh/month
Average Yearly Generation	62,545 kWh/year
Total Financial Savings	Rs. 1,312,700
Average Daily Savings	Rs. 1,702.6/day
Average Monthly Savings	Rs. 51,078/month
Average Yearly Savings	Rs. 625,450/year

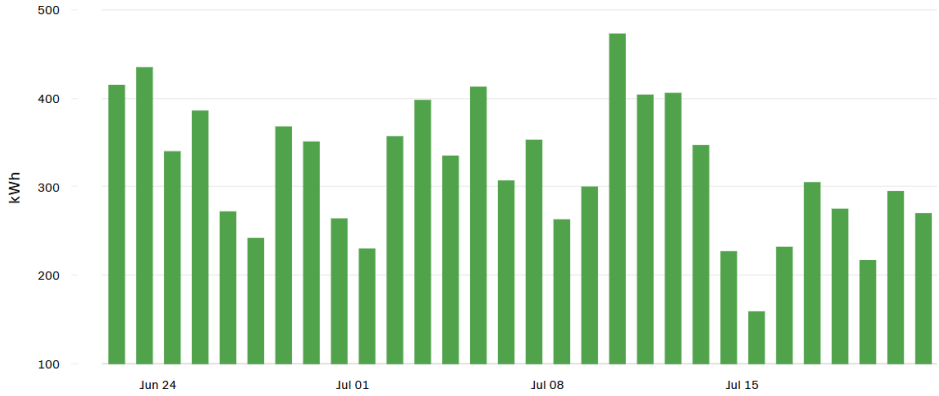

The 100 kW solar plant at CHRIST University, Bangalore, has proven to be highly effective in generating clean energy and reducing greenhouse gas emissions. The plant has not only contributed to significant environmental benefits but also provided substantial financial savings. The consistent energy generation demonstrates the plant's reliability and effectiveness as a sustainable energy source for the campus.

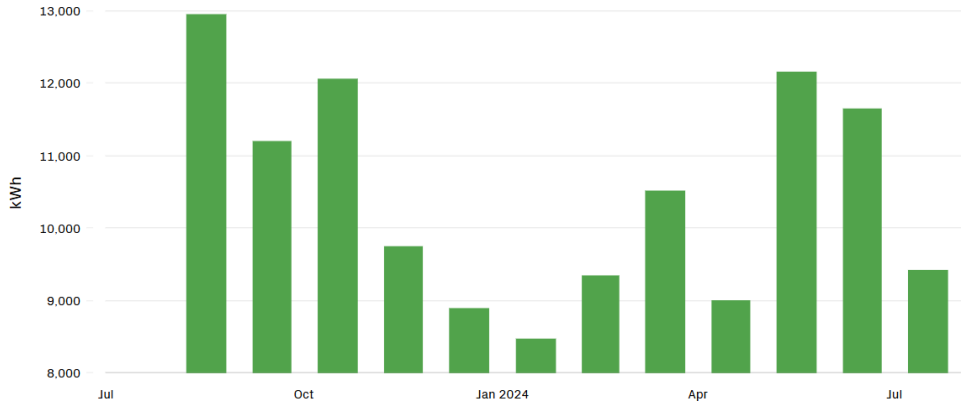

Daily Power Generation in Watts (on 12 -08-2024)

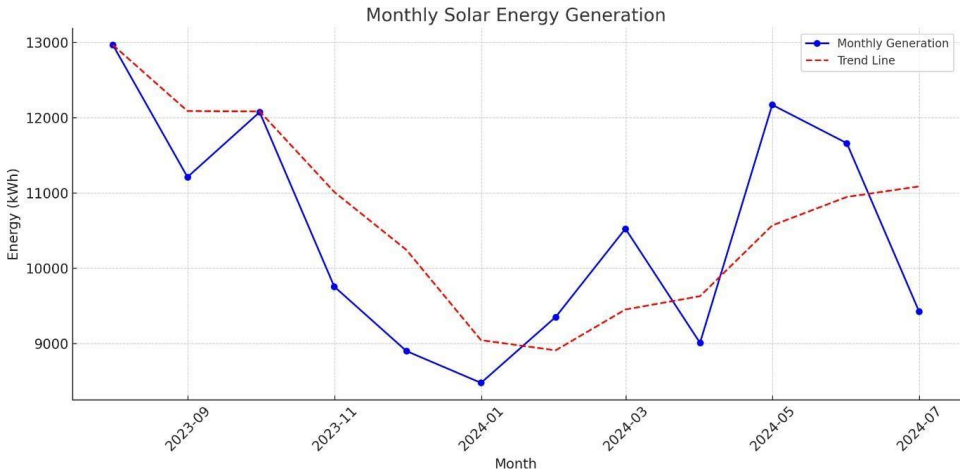

Weekly Generation (15-07-2024 to 21-07-2024)

Monthly Generation Units (22-06-2024 to 21-07-2024)

Yearly Generation in kWh (01-07-2023 to 21-07-2024)

Basic Analysis of the 100 kW Solar Panel Energy Generation (July 2023 - July 2024)

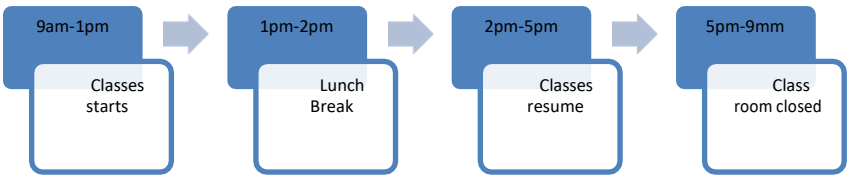

Summary Statistics

- **Count:** 12 months of data
- **Mean Monthly Generation:** 10,461.25 kWh
- **Standard Deviation:** 1,509.11 kWh
- **Minimum Monthly Generation:** 8,478.99 kWh
- **Maximum Monthly Generation:** 12,965.00 kWh
- **Median (50th Percentile):** 10,141.50 kWh

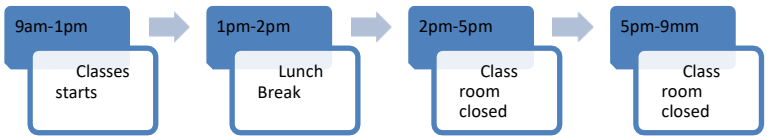

11. PROCESS FLOW DIAGRAM

As stated earlier, the process cycle connected to energy consumption depends on the time table and working hour or active time in the campus. The following time diagrams gives the correlation of energy.

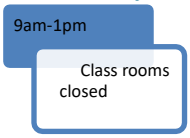

During weekdays:

On Saturday:

On Sunday/Holidays:

12. IDENTIFIED TECHNOLOGY UP GRADATION PROPOSALS

Proposal For Installing Additional 200 kw On Grid Solar Panels
Present Status
100kW Grid connected Solar PV System
Observations
It is observed that, there are feasible area available in roof top for the deployment of Solar PV System. To reduce energy consumption from grid, solar PV system/renewable source of energy is encouraged.
Proposed Modification
Solar Rooftop Calculations: Average solar irradiation in Karnataka state: 1266.52 W/sq.m Average daily electricity generation: 1 kWp solar rooftop plant will generate on average over the year 5.0 kWh of electricity per day (considering 5.5 sunshine hours). Size of Power Plant: Feasible Plant size: 200 kW Cost of the Plant: Current approximate market cost: Rs 65,000/kW Cost of 200 kW plant: Rs. 1,30,00,000 Total Electricity Generation from Solar Plant: Annual energy generation: 3,65,000 kWh Lifetime (25 years) energy generation: 91,25,000 kWh Financial Savings a) Tariff @ Rs. 8.5/kWh (no increase assumed over 25 years) • Monthly: Rs. 2,58,125 • Annually: Rs. 30,97,500 • Lifetime (25 years): Rs. 7,74,37,500 b) Carbon dioxide emissions mitigated: 6,150 tonnes.

This installation will be equivalent to planting 9,840 teak trees over its lifetime. (Data from IISc)

EMI Calculation:
• Loan amount: Rs. 1,30,00,000
• Loan interest rate: 9%
• Loan period: 8 years

EMI for loan amount of Rs. 1,30,00,000 for loan period of 8 years @ 9%: Rs. 1,90,453 / month

Saving

Annual energy generation: 3,65,000 kWh
Lifetime (25 years) energy generation: 91,25,000 kWh
Annual cost saving: ₹ 27,37,500/- (₹7.5 per unit)

Investment

Current approximate market cost: Rs 65,000/kW
Cost of 200 kW plant: Rs. 1,30,00,000

Payback: 8 Years

Replacing 1,000 numbers of existing 60 W fans with 28W BLDC fans

Present Status

Not installed

Observations

There are 1000 conventional ceiling fans are installed whose wattages is 65W.

Proposed Modification

Replacement 1000 of available 60W ceiling fan with BLDC fan of 28W.

Initial Costs:
Number of fans to replace: 1,000
Cost per BLDC fan: ₹3,000
Total Initial Cost=1,000×3,000=₹3,000,000

Energy Consumption:
Existing 60 W fans:
Power consumption per fan: 60 W
Total power consumption: 1,000×60 = 60,000 W = 60 kW
Daily energy consumption: 60 kW×8 hours60 = 480 kWh
Annual energy consumption: 480 kWh/day×300 days = 144,000 kWh

New 28 W BLDC fans:
Power consumption per fan: 28 W
Total power consumption: 1,000×28 W = 28,000 W = 28 kW
Daily energy consumption: 28 kW×8 hours28 = 224 kWh
Annual energy consumption: 224 kWh/day×300 days = 67,200 kWh

Energy Savings:
Annual energy savings: 144,000 kWh−67,200 kWh=76,800

Monetary Savings:
Energy cost per kWh: ₹8.5 (assuming this is the rate for the campus)
Annual monetary savings: 76,800 kWh×8.5 ₹ =₹652,800

Payback Period:
The payback period is the time it takes for the savings to cover the initial investment.
Payback Period=Total Initial Cost/Annual Monetary Savings
Payback Period=₹3,000,000₹652,800≈4.6 years

Summary:
Initial Investment: ₹3,000,000
Annual Energy Savings: 76,800 kWh
Annual Monetary Savings: ₹652,800
Payback Period: Approximately 4.6 years

Replacing the 1,000 existing 60 W fans with 28 W BLDC fans involves an initial investment of ₹3,000,000, leading to annual energy savings of 76,800 kWh and monetary savings of ₹652,800. The payback period for this investment is approximately 4.6 years.

AC Charging stations for four wheelers
Present Status
Nil
Observations
To meet future needs of electrical vehicles of university and support some emergency needs of faculty/students/parents
Proposed Modification
Installation of 2 AC charging stations in the campus
Saving
Savings will be in there in terms of carbon emissions
Investment
2 units @₹60,000 = ₹1,20,000
Payback
Direct calculation is not possible

Replacing two low efficiency 5 HP pumping motors with high efficiency ones
Present Status
The pumping efficiency of two motors are low (around 70%) due to aging and heating. These needs to be replaced with high efficiency ones
Observations
New high efficiency motors offer around 90% efficiency
Proposed Modification

Replacement of two 5HP motors with higher efficiency motors
Saving
Present 5HP motors running 5 hours daily, consuming around 5965 units of electricity (with 70% efficiency, 320 days per year), higher efficiency motors will be consuming only 4592 units of electricity per year. (@90%, 320 days per year). @8/kWh this saving on bill will be ₹10,984/Motor. For two motors, savings per year will be ₹21,968
Investment
2 units @₹35,000 = ₹70,000
Payback
3 years 2 months

13. IDENTIFIED ENERGY SAVING PROPOSALS

1. Installation of Sub Meters in Each Block

It is recommending the installation of sub meters in every block of the campus. The strategic placement of these sub meters will provide detailed insights into energy consumption and load patterns, enabling more effective energy management and cost savings. Below are the key benefits and considerations for this recommendation.

Benefits of Installing Sub Meters:

Accurate Monitoring: Sub meters will provide precise data on energy consumption for each block, allowing for better tracking and analysis. This will help identify high energy-consuming areas and times of peak demand.

Load Pattern Analysis: By monitoring load patterns, the university can optimize energy use, shifting non-essential loads to off-peak times to benefit from lower tariffs. Understanding load patterns helps in identifying and addressing inefficiencies and potential issues before they become significant problems.

Improved Energy Management: With detailed consumption data, the facility management team can implement targeted energy-saving measures and monitor their effectiveness. Sub meters enable the assessment of the impact of energy conservation initiatives and adjustments to operational practices.

Cost Savings: Identifying and mitigating energy wastage can result in significant cost savings on utility bills. Real-time data from sub meters can help in avoiding peak demand charges by managing loads more effectively.

Enhanced Accountability: Departments and individual blocks can be made accountable for their energy usage, promoting a culture of energy conservation among staff and students. Energy usage reports can be shared with block managers to encourage responsible energy use

2. Sensor Based Switches for lights in 50 classrooms

The cost-benefit analysis for implementing sensor-based lamps in classrooms considers an unwanted usage of lighting for 1 hour per day, in addition to the regular 7-hour usage. With 50 rooms, each using 240 W of lighting, the analysis reveals that without sensors, the total annual energy consumption would be 35,040 kWh. By installing sensors, the energy consumption can be reduced to 30,660 kWh, resulting in an annual energy savings of 4,380 kWh. This translates to a cost savings of Rs. 43,800 per year. The initial investment for installing sensors and switches across all rooms remains Rs. 100,000. The increased energy savings make this investment even more beneficial, offering a faster return on investment by reducing unnecessary energy consumption.

Description	Value
Total Energy Consumption without Sensors (kWh)	35040
Total Energy Consumption with Sensors (kWh)	30660
Total Energy Savings (kWh)	4380
Annual Cost Savings (Rs)	43800
Total Cost of Sensors and Switches (Rs)	100000

3. Additional Recommendations

3.1 Energy Efficiency in Transportation

a. Promote Awareness and Sustainable Practices:

Launch campaigns to raise awareness about energy efficiency on campus, encouraging walking, carpooling, and the use of electric vehicles.

b. Collaborate on EV Charging Infrastructure:

Partner with service providers to install electric vehicle charging stations at key locations on campus.

c. Prioritize Electric Vehicles in Parking:

Designate preferred parking spaces for electric vehicles to encourage their use among the campus community.

d. Regular Energy Efficiency Checks for Campus Fleet:

Implement routine energy efficiency assessments for all university-owned vehicles to ensure optimal performance and reduced emissions.

e. Minimize Non-Essential Vehicle Use:

Encourage pooling and reduce the use of non-essential vehicles on campus to lower energy consumption and environmental impact.

3.2 Optimize HVAC Systems

a. **Upgrade HVAC Systems:** Replace outdated heating, ventilation, and air conditioning (HVAC) systems with energy-efficient models that offer better performance and lower energy consumption.

b. **Regular Maintenance:** Conduct regular maintenance of HVAC systems to ensure they operate at peak efficiency.

c. **Use Smart Thermostats:** Install programmable or smart thermostats to optimize temperature settings based on occupancy and time of day.

d. **Improve Insulation:** Enhance insulation in walls, roofs, and windows to reduce the need for heating and cooling.

e. **Seal Leaks:** Identify and seal any air leaks around windows, doors, and other openings to prevent energy loss.

3.3 Promote Renewable Energy Usage

a. **Solar Water Heating**: In addition to Solar rooftop plants, Implement solar water heating systems for dormitories, canteens, and laboratories.

b. **Rainwater Harvesting Systems:** Implement rainwater harvesting systems to reduce the demand on water supply and the energy required for water processing and distribution.

3.4 Upgrade to Energy-Efficient Appliances

a. **Use Energy Star Appliances:** Replace old computers, printers, and other appliances with energy-efficient models that consume less electricity.

b. **Efficient Laboratory Equipment:** Ensure that all laboratory equipment is energy-efficient, particularly high-use items like fume hoods and freezers.

4. Encourage Energy-Conscious Behaviour

a. Energy Awareness Programs

Workshops and Training Sessions: Organize regular workshops and training sessions focused on energy conservation techniques. These sessions can cover topics such as the importance of turning off lights and electronics when not in use, optimizing HVAC settings, and understanding the impact of personal energy consumption on the environment. Faculty experts or external sustainability professionals can lead these sessions to provide in-depth knowledge and practical tips.

b. Campus-Wide Campaigns: Launch campus-wide campaigns to promote energy-saving behaviors. This could include initiatives like "Energy Conservation Week," where specific themes such as reducing electricity usage, minimizing water heating, or unplugging devices are highlighted each day. Use posters, emails, social media, and digital displays to spread the message and involve the entire campus community.

c. Energy Conservation Challenges: Introduce friendly competitions among students, faculty, and departments to see who can reduce their energy usage the most over a set period. Offer incentives, such as recognition or rewards, for those who demonstrate the greatest reduction in energy consumption.

d. Integration into Curriculum: Encourage faculty to integrate energy conservation topics into their courses where relevant. For example, engineering students could work on projects related to energy efficiency, while business students could analyze the cost benefits of sustainable practices.

e. Real-Time Energy Monitoring Systems: Install energy monitoring systems in key areas of the campus, such as academic buildings, dormitories, and common areas. These systems should track and

display real-time energy usage data, allowing students, faculty, and staff to see how much energy is being consumed at any given time. This visibility helps to reinforce the importance of energy conservation by making the impact of everyday actions more tangible.

f. Public Display of Energy Data: Set up digital dashboards or monitors in common areas that publicly display real-time energy usage data, historical trends, and energy-saving tips. Seeing this information regularly can motivate individuals to adopt more energy-efficient behaviors.

g. Energy Usage Feedback: Provide departments and dormitories with regular feedback on their energy consumption. Monthly or quarterly reports can highlight areas where energy usage is high and offer suggestions for improvement. Recognizing areas that have successfully reduced energy consumption can also encourage continued efforts.

h. Mobile and Web Applications: Develop or implement mobile apps or web portals where individuals can track their own energy usage on campus, set personal energy-saving goals, and receive tips tailored to their specific consumption patterns. This personalized approach can increase engagement and motivation to conserve energy.

• Shutdown when computer terminals are idle
• Automatic borewell management system
• Proper temperature settings of Air conditioners
• All the new lighting installations should be LED lamps
• All the new installations of Air conditioners should be with higher star ratings

AREA: Shutdown when computer terminals are idle
Notes
A the computers are enables with energy saving mode. That is, system should shut down when there is no activity or idle. Note: Server machines should not be configured for energy saving mode.

AREA: Automatic borewell management system
Notes
All the motors should enable with water level sensor both at overhead tank and underground. If underground water is available and overhead tank is empty, then only it has to pump water from underground and to overhead tank.

Pumps should be scheduled at off-peak time so that peak load issue would not arise.

14. BEST PRACTICES AND STANDARDS

Constitution of Energy Management Cell
Notes
This cell is responsible for developing policies, monitoring and reviewing all the energy management activities

Rolling out energy management manual
Notes
This manual describes the roles and responsibilities of stakeholders and describes the standard energy management procedures to follow

Awareness campaigns and rewards
Notes
Regular awareness campaigns on energy management to students and staff. Also rewards for top performing divisions or units

AREA: Submetering
Notes
Floor wise and wing wise electrical functional parameters acquisition would transform the system to smart system. Smart system provides automated control and monitoring system. Recommended: EPM 4600 Power Meter     Simple space and cost saving installation with the capability of measuring 8 – Three phase or 24 – Single phase inputs

Standardization of naming and use of tags in wirings
Notes

1. Use pegs to mark the route of underground cables
2. Use identification tags to mark the wires and cables
3. Display danger boards in HT control panels

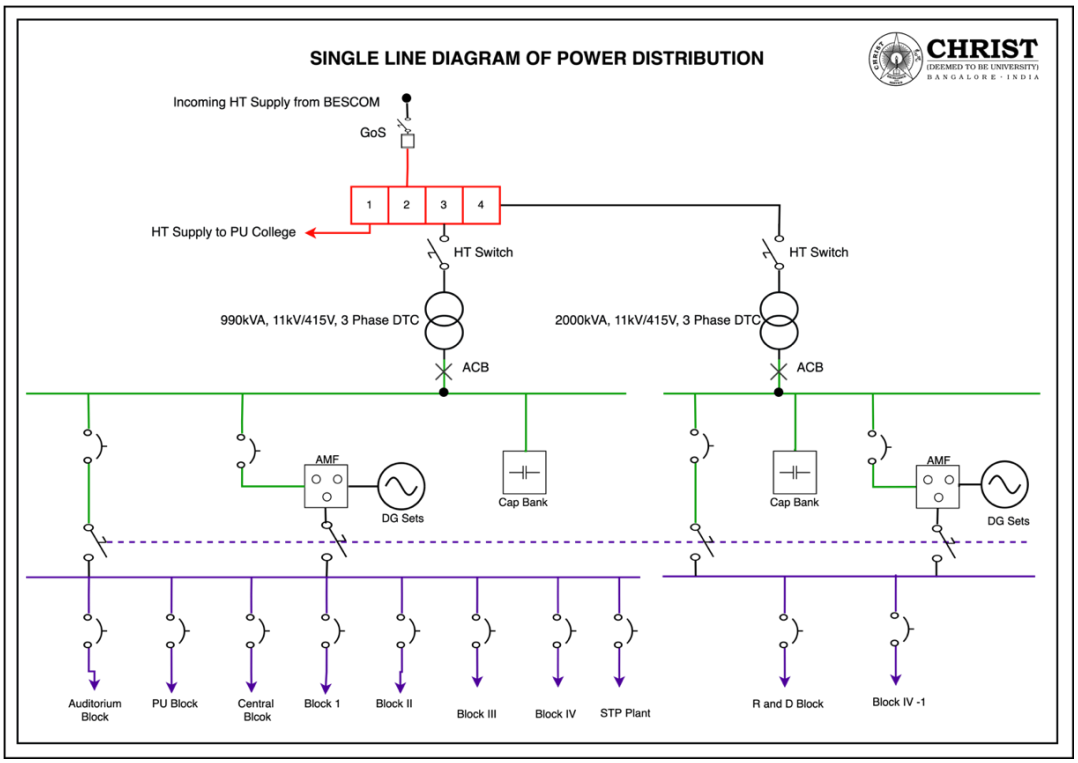

15. CONCLUSIONS

Presently, the average annual energy consumption is 249750 in AY 2023-24. Institution is paying 2712862 rupees as bill amount in 2023-24 respectively. Short-, medium- and long-term proposals are given so that the energy consumption from utility comes down to 5%. Advanced technical deployments recommended for an institution transforming towards smart campus.

ANNEXURE V: Electricity Bill Data

Energy Management Policy

Mission

Manage all the activities of CHRIST (Deemed to be University) to ensure practical minimum consumption of energy and natural resources.

Commitment

CHRIST (Deemed to be University) is dedicated to managing energy consumption across all our facilities and operations with the highest efficiency, wherever it is economically viable.

The energy management targets of CHRIST (Deemed to be University)

- To prevent resource wastage
- To minimize unnecessary spending on energy bills
- To guarantee the safest possible use of energy
- To increase the share of renewable energy in our total consumption
- To enhance working conditions with an optimal and safe energy supply
- To adopt practices that lower carbon emissions and broadly safeguard the environment

Energy management goals

- To track and analyze energy flow consistently across all major facilities
- To oversee energy consumption, preventing unnecessary operation of connected equipment
- To upgrade outdated and inefficient equipment and systems with more efficient alternatives
- To maintain electrical safety installations on all floors and within buildings
- To boost the proportion of renewable energy systems to 20% of the total connected load by 2025.

Immediate objectives

- Establish an energy management team to implement the energy management policy
- Develop a routine maintenance schedule for lighting, air conditioning, and water pumping facilities
- Implement clear labeling of cables and wiring to enhance safety
- Conduct regular energy management awareness campaigns on campus
- Place energy management signboards and notices throughout all major facilities

Energy Management Policy

Preface

a) CHRIST (Deemed to be University) will develop and implement Energy Management (EM) policies, including the introduction of new utilities or the enhancement of existing ones.

b) The university will craft an appropriate Energy Policy Statement within the EM policy framework, periodically reviewing and updating it as necessary.

c) A management structure will be established by the university for the efficient planning and execution of Energy Conservation (EC) strategies.

d) CHRIST (Deemed to be University) will allocate the necessary human and financial resources to achieve energy conservation goals.

e) A Certified Energy Manager will oversee the execution of EC initiatives.

f) The university will compile an Energy Management Manual detailing campus-level energy conservation instructions, including EC targets achieved through retrofitting/replacing inefficient equipment or by adding new facilities as needed.

g) Compliance with Energy Management at the plant level will be ensured by the university, which will also review the progress of EC initiatives and outline directions for future enhancements.

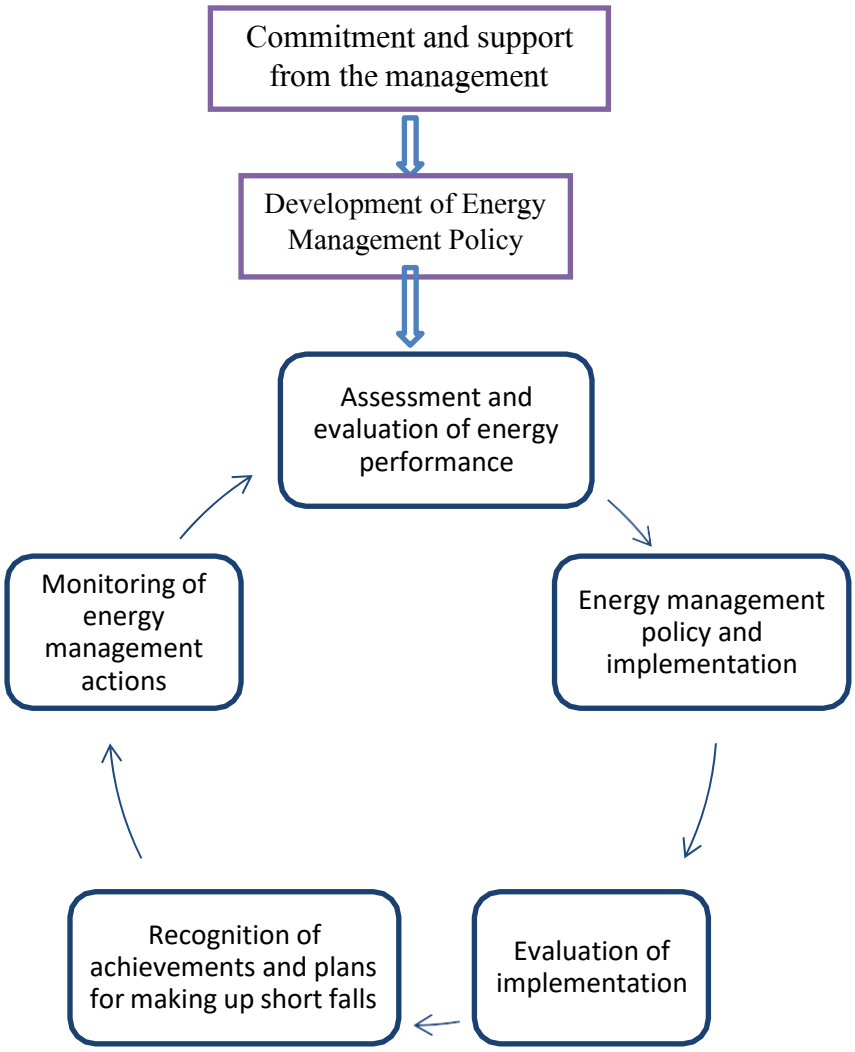

h) The Energy Management Manual and its adherence will be periodically reviewed and updated based on feedback from plant personnel.

i) The university will engage with employees about the Energy Management Manual and offer training to enhance their capabilities.

j) Proper monitoring and documentation for each major facility will be maintained by the university, enabling the generation of individual facility status reports.

k) Regular calibration of all monitoring and measurement instruments will be undertaken by the university to guarantee data accuracy.

Structure of Energy Management Policy Implementation

ISO 50001 establishes a set of requirements that enable organizations to:

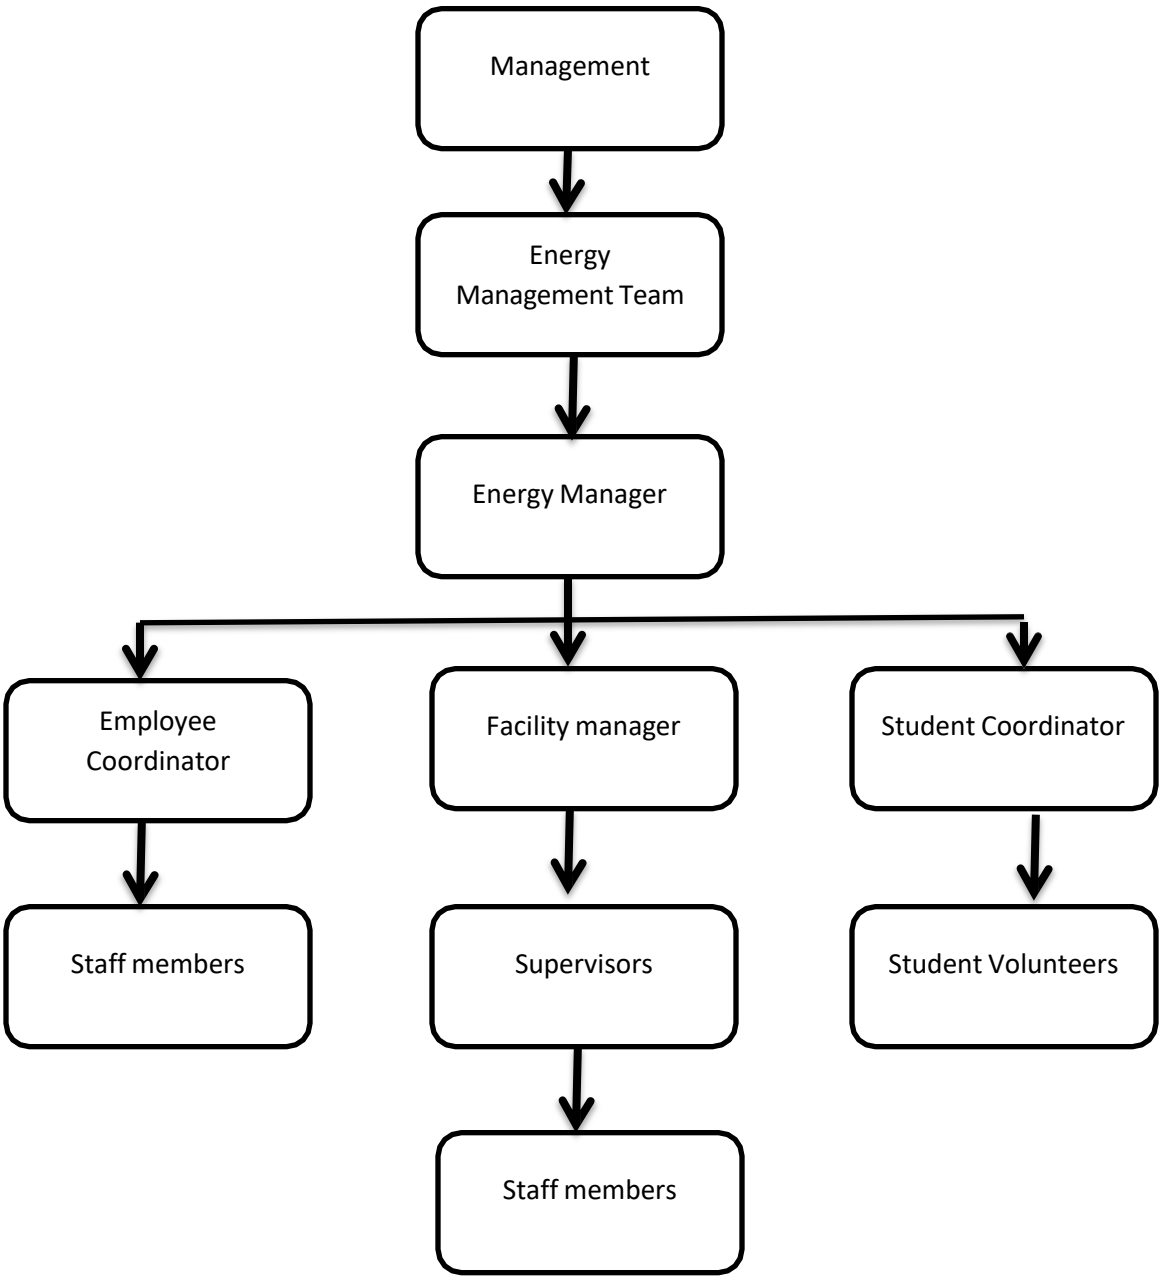

- Formulate a policy aimed at enhancing energy efficiency
- Establish goals and objectives aligned with this policy
- Analyze data to gain insights and inform decisions regarding energy consumption
- Assess the outcomes
- Evaluate the effectiveness of the policy, and
- Persistently refine energy management practices.

Energy Management Policy Implementation

- Encouraging engagement from both employees and students
- Raising awareness through educational programs
- Empowering individuals to take responsibility
- Offering incentives such as certificates or rewards for motivation
- Fostering a spirit of healthy competition to save energy and embrace sustainable practices
- Welcoming and implementing innovative suggestions from the community

---

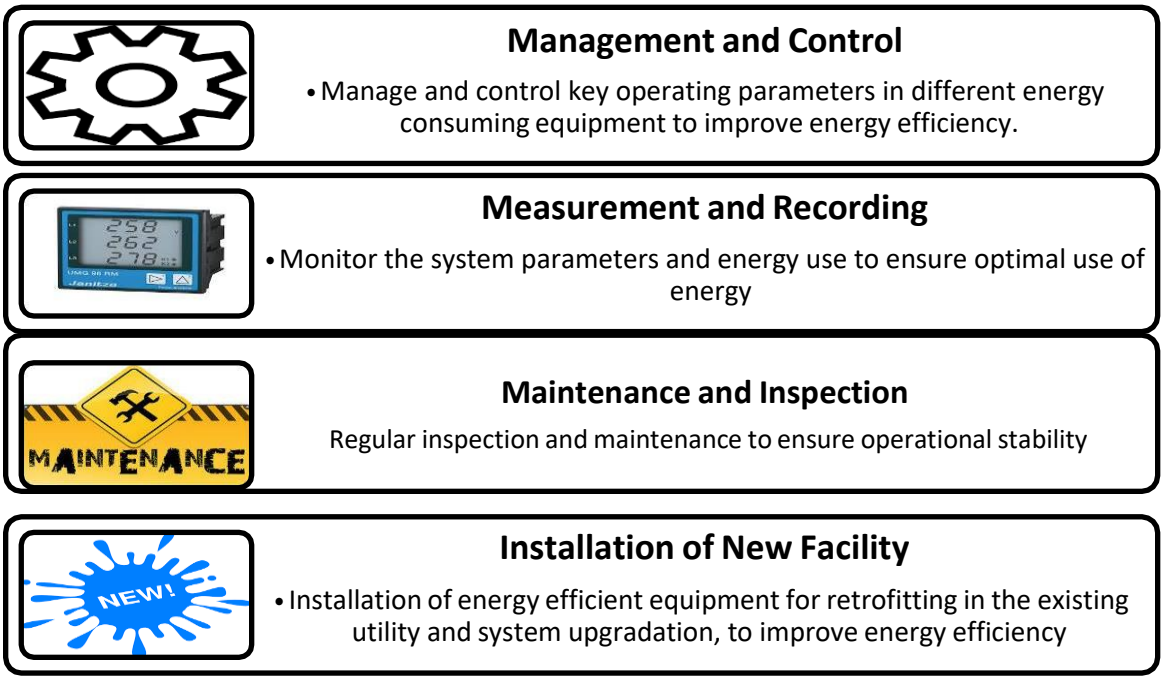

Hierarchical Structure

Energy Management Manual

This manual outlines how CHRIST (Deemed to be University) can enhance resource efficiency, conserve energy and funds, and minimize greenhouse gas emissions through effective resource management. Serving as a practical guide, it offers strategies for rolling out an energy management program designed to achieve the university's energy conservation objectives. It assists the energy management team in coordinating actions and directs both employees and students towards fulfilling these goals. Additionally, as a tool for ongoing improvement, the manual supports efforts to save energy and reduce the carbon footprint. By adopting best practices, the organization can lower energy expenses by 5-7%, and also diminish water usage and waste production.

General Principles

Students and Faculty

Lighting Systems

- Only turn on the necessary amount of lighting for academic or extracurricular activities to prevent wasteful usage.
- Ensure lights are turned off when leaving classrooms or labs.
- Promptly report any lighting issues, such as flickering, dimness, or unusual noises from fixtures.
- Maximize the use of natural daylight.
- Encourage a culture of resource conservation among peers, family, and friends.

HVAC (Heating, Ventilation, and Air Conditioning) Systems

- Operate only the necessary number of fans.
- Adjust fan speed to achieve the desired level of comfort.
- Prefer natural ventilation by opening windows and curtains when possible.
- Use air conditioning within the suggested temperature settings.
- Turn off fans and air conditioners when leaving the room.
- Report any ventilation problems immediately, such as ineffective cooling, malfunctioning fan controls, or unusual noises.
- Regularly practice and promote energy-saving habits within your community.

UPS (Uninterruptible Power Supply) Systems

- Utilize the appropriate power supply for each task to avoid wasting stored energy.
- Report any issues with insufficient backup or poor power quality.
- Turn off computers and screens when not in use.
- Ensure audio systems and projectors are turned off when not needed.

Operating Staff Duties

Lighting Systems

- Turn off lights that are not needed.
- Quickly address any lighting issues that have been reported.
- Verify that all connections and installations are secure and safe.
- Report any significant power line problems immediately.
- Keep track of electricity consumption.

HVAC Systems

- Turn off equipment when not in use.
- Respond to reported problems without delay.
- Regularly check the condition of air conditioners, fans, and regulators.
- Inform management of any serious issues encountered.
- Routinely monitor energy consumption.

Water Pumps

- Aim to operate water pumps during off-peak hours when feasible.
- Operate pumps at efficient load levels to avoid low-load inefficiency.
- Check that smart controllers are functioning correctly to prevent dry running, overflow, and motor damage.
- Ensure there are no leaks in valves or pipelines.

Fire Fighting System

- Perform regular checks on the firefighting equipment.
- Execute scheduled mock drills.

UPS Systems

- Consistently monitor battery performance.
- Check that all terminals and wires are correctly installed to prevent leaks.
- Carry out maintenance activities as recommended.
- Watch the system load to prevent overloading and energy loss.
- Check the inverter output to ensure the quality of power.

Solar Water Heaters

- Regularly inspect pipe pressure.
- Frequently monitor water temperature.
- Keep the heating surface clean.
- Conduct scheduled maintenance tasks.

Management Responsibilities

Lighting Systems

- Upgrade to more efficient lighting systems for any replacements or new installations.
- Integrate motion sensor controls in high-power nighttime lighting systems.

- Perform regular cleaning of lighting fixtures to eliminate dust.
- Optimize natural light through thoughtful selection of window design, paint colors, and curtains.
- Install intelligent lighting controls.

HVAC Systems

- Conduct frequent checks on fans and their speed regulators.
- Schedule routine air conditioning maintenance to clean and ensure efficiency.
- Guarantee thermal insulation in rooms with air conditioning to enhance efficiency.
- Purchase and install only air conditioners with a 4/5 star efficiency rating.
- Opt for BLDC fans for all new installations to ensure energy efficiency.
- Implement smart ventilation solutions in basement areas.

Water Pumps

- Monitor water usage to ensure it is optimized.
- Adjust the water pumping schedule to off-peak hours to minimize energy costs.
- Introduce intelligent controllers for water pump motors.
- Implement at least one solar-powered water purification system.
- Regularly assess and upgrade inefficient pumping motors.
- Maintain pipelines to prevent pressure losses and ensure efficient water flow.

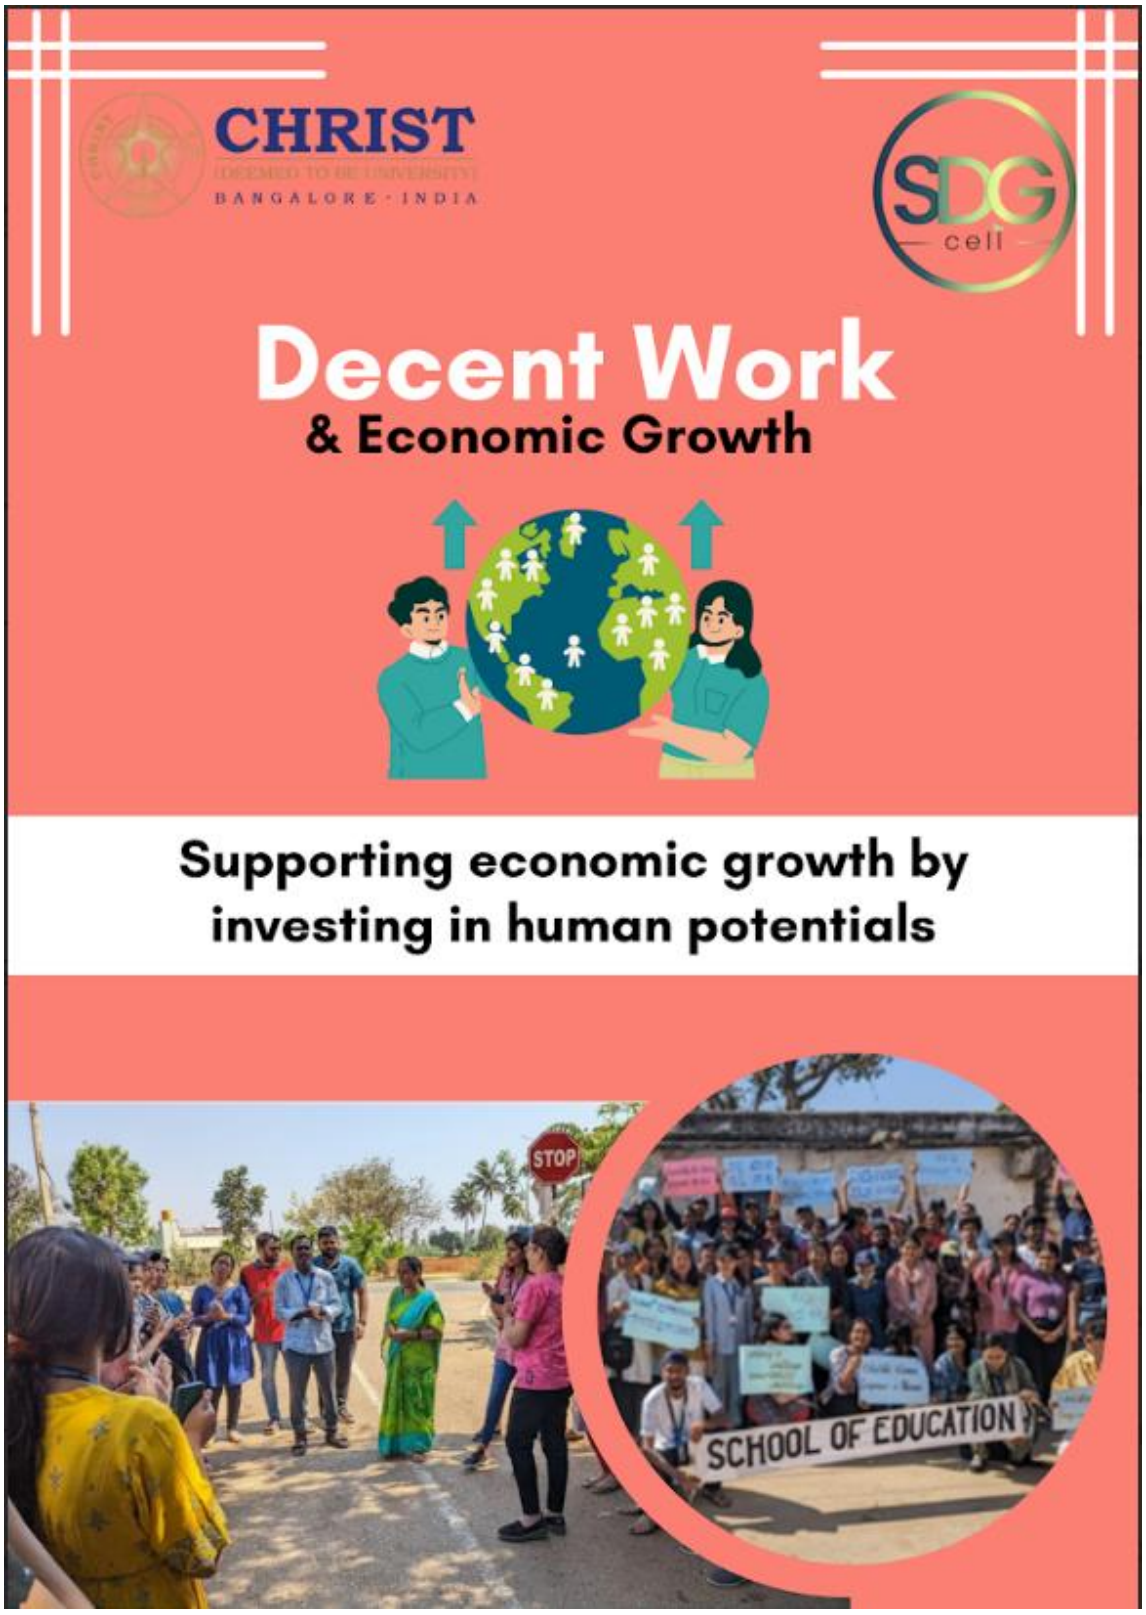

Fire Fighting System

- Regularly schedule and conduct mock drills.
- Provide a dedicated diesel generator (DG) for the fire-fighting system.
- Maintain fire-fighting readiness across all major facilities.

UPS Systems

- Monitor batteries and inverters routinely.
- Use only high-quality batteries, wires, and inverters to enhance power quality and longevity.
- Prevent system overload to avoid inefficiency and overheating.
- Ensure critical loads are supported by UPS systems and eliminate non-essential connections.
- Solar Water Heaters
- Commit to the regular maintenance of solar water heating systems to ensure optimal performance.

Sustanify: Fostering Innovation and Sustainability at Arthotsav 2023—An Intra-Disciplinary Fest

The Department of Economics, Christ (deemed to be), successfully conducted an intra-disciplinary event entitled 'Sustainify' as part of the Arthotsav festival on 24th and 25th August 2023. It was an initiative of the Economics Association under the ECONTAGO initiative, thereby directly linking to SDG 8: sustained, inclusive, and sustainable economic growth. The prime objective of the event was to provide a platform that stimulates innovation and sustainability among students, making them creative and think critically in support of global environmental goals. First-year undergraduate students from diversified disciplines at Christ Bannerghatta Road Campus have actively considered this competition. It consisted of two engaging and thought-provoking rounds. It was composed by the students Divyata Ashar, Anshika Rathore, Shivani Bawa, and faculty: Dr. Chandan Roy and Dr. Kshama A. V.

The first round of 'Sustainify' was held in the Mini Auditorium, where participants were asked to design a pitch for a sustainable product that would meet the needs of the consumers while creating minimal harm to the environment. After the ideation and development phase, the teams proceeded to present the product before the juries and judge, Dr. Shreyasi Roy, Assistant Professor, Department of Psychology, in a time span of five minutes before the audience. This was followed up with a question-and-answer session from the audience and the judge, asking them certain critical questions that will be helpful in validating the feasibility, sustainability, and market potential of the product. Of the participating six teams, four moved into the second round for the successful defense of their ideas and proved capable of creative thinking in a framework of sustainability.

Level two of the competition was held in the seminar hall, and with the introduction of a debate format, the bar was raised. The four remaining teams presented their products, touting what made them special, flagged off by a unique selling proposition that married innovation with sustainability. In this very dynamic debating environment, each team was able to contest propositions of other teams to ensure the exchangeability and further crystallization of all ideas. The challenging questions followed from the judging panel to the audience, which found whether it was feasible and impactful in the end. After all, the exercise depends on the audience members' views, who vote on the product they felt would impact the environment and society most positively.

The event 'Sustainify' left all its participants enriched with a lesson in innovation, collaboration, and sustainability. It was a competition where students could express themselves through working in a team, critical thinking, and making persuasive presentations. The event had also pointed out the fact that sustainability becomes not part of the work itself but part of personal life, where one has to make sure that innovation cannot be carried out at the cost of the environment. The fruitful realization of ECONTAGO and the Economics Association's 'Sustainify' turned out to be a gentle reminder of the power that young minds could unleash in the global crusade for sustainability.

The program ended in a very positive manner, with students, teachers, and other attendees now more educated on the proper functioning of sustainability in shaping future economic and social ends. By engaging with SDG 8 and applying it in a real-world situation, the participants of 'Sustainify' could express themselves creatively while contributing to a large-scale dialogue at the intersection of innovation and sustainability. This platform helped Christ (Deemed to be University) further reiterate the fact that it works toward the creation of an atmosphere that would foster intellectual curiosity, social responsibility, and environmental consciousness.

Activity Report: Seminar on WTO: A Step Forward Towards Gains from Trade

School of Law, Christ (Deemed to be University), Bangalore | March 23, 2024

On March 23, 2024, a seminar titled "WTO: A Step Forward Towards Gains from Trade" was held at the School of Law, Christ (Deemed to be University), Bangalore. Much will be learned from this to make international trading skills clear to students falling under the category of the law. The keynote speaker was Dr. Sunitha Abhay Jain, Professor at the School of Law. The seminar was held in Room 403 and was graced by over 65 law students. The program enabled students to be better exposed to the World Trade Organization and its role in world trade. The program started with a brief introduction to some of the basic underlying economics of WTO so that it initiated the setting for a very interactive session.

Dr. Jain's lecture brought out the essential maxims of economics going on under the WTO mechanism and mechanisms of international trade organizations in evolving an efficient and productive network of trade-based transactions. He has also covered, through practical examples, problems associated with large-scale WTO policies regarding global trade activities, such as US Section 301 in the name of China's intellectual property. The students actively participated in the discussion and found out how tariffs, trade agreements, and international trade disputes impact the global economy. It is through the format of seminars and their interactive nature that ideas and practical applications were exchanged in making these complex economic theories relevant and appropriate for legal education.

The seminar objectives are quite proximate to the program outcomes and program-specific outcomes of the BA/BBA LLB program extended by the School of Law. The session imparted to the students better insights into interspecialty relations that economics and law share concerning global trade. The course on WTO agreements, dispute settlement mechanisms, and legal precedents applicable therein develops critical thinking and legal reasoning toward making effective dispute resolutions on matters related to the WTO regarding international trade. This course followed an interdisciplinary approach that helped the students to sensitize themselves on the important role played by international organizations in the formulation of global trade policies, thereby preparing them professionally as lawyers for whom economic principles were vital in the resolution of complex trade disputes.

Another area covered by this seminar was to identify and respond to local, regional, national, and global needs by determining the relevance of WTO policies to the different levels. At the local level, adaptation of the WTO regulations translates into the members of the community being more appropriately sensitized to the prevailing situation and making informed decisions regarding trade policies, facts that foster economic growth while protecting the interests of the locality. The seminar emphasizes that at the national level, national trade policies should try to appeal for compatibility with international standards for growth in competitiveness and economic development.

Activity Report: National Event on Artificial Intelligence and Entrepreneurial Skills

The First Virtual National Legal-Techathon 2024 on March 10, 2024, was another step ahead in the changing integration of artificial intelligence with the practices of law enforcement. This has been a national online-level event. Now, Christ's Incubation and Entrepreneurship Support Cell has used the innovative platform that gave a new turn to the students for addressing contemporary legal challenges through AI-driven solutions. Finally, at 11 a.m., the program was conducted on Google Meet. The hackathon-like event began at 4 p.m. The clear message to give out during the event is interdisciplinary collaboration in coming up with creative but doable solutions for various problems that the enforcement faces. Cross-campus entrepreneurship event featuring keynotes and industry experts who will guide participants through rigorous problem-solving exercises in a hackathon-like event.

The program was graced with a panel that included Shyam Nallasenapathy, Co-Founder, Zevi, Aditya Agarwal, Co-Founder, Highfi Me & Jiffylabs, and Aniket Dutta, Co-Founder, Nyaysashtram & DEEL, Global Mobility Analyst. Yet another vital feature of the said program was the guest lecture by Ashok G.V., co-founder and partner at Allied Law Practices. Critical inputs furnished under the DPDP Act, 2023, relating to Data Protection and Digital Privacy Act. He explained the probable loopholes and the efficacy of the act in delivering what it was really set for. Thus, with a mix of distinguished judging and informative discussions, this event became an enriching exercise for all.

Legal-Techathon worked on developing the analytical and creative skills among participants by giving them the challenge of thinking about workable AI-based prototypes that could help resolve actual challenges in law enforcement. The activities, both intellectually stimulating and taxing, test one's knowledge regarding the law, much as they test the thinking-out-of-the-box ability of the participants. In that sense, these are absolutely great networking opportunities between oneself, fellow peers, and industry stalwarts. Thus, problem-solving exercises, mentorship, and exposure to industry activities all formed part of this event and hence made it absolutely rounded in learning experiences from which each grew and collectively progressed.

This event was directly suited to quite several SDGs, with key focus areas including cyber law, artificial intelligence, and intellectual property law. It set up the institution to a great extent on its way to help students collaborate with technological advancement. This, against a budget of $35,000 and expenditures incurred to the tune of $27,500, saw this event being successful by way of an income of $7,500, thus making it financially viable. Further into the future, the School of Law will strive to continue the exchange of ideas between participants and professionals who will come up with fresh solutions developed during the Legal-Techathon.

Empowering Media Students for Global Impact: Christ University's Introduction to SDGs Session

On July 19, 2023, Christ (Deemed to be University), Bangalore, organized an offline session focused on the Sustainable Development Goals (SDGs) for students from the 3JOUH batch of the Department of Media Studies. The session, titled "Introduction to SDGs," was facilitated by Ms. Labdhi Pirgal, a sophomore pursuing a BA in Journalism (Honors) at the university. The session took place in Room 403 from 11:00 a.m. to 12:00 p.m. and was designed to educate students on the importance of SDGs within the context of media education and the broader societal impact. The event sought to inspire a deeper understanding of sustainable development and to encourage students to become proactive participants in global initiatives.

During the session, Ms. Pirgal provided an in-depth overview of the 17 SDGs established by the United Nations, which aim to address some of the most pressing global challenges, including poverty alleviation, gender equality, clean energy, and climate change. Through a comprehensive presentation, students were introduced to the significance of these goals and their relevance in shaping a sustainable future. The discussion also highlighted the role of media in promoting and achieving these goals. In particular, the Department of Media Studies was assigned three key SDGs—Goal 15 (Life on Land), Goal 16 (Peace, Justice, and Strong Institutions), and Goal 17 (Partnerships for the Goals). These specific goals were chosen to align with the department's mission of fostering responsible media professionals who can contribute to social justice and environmental sustainability.

Student participation was a key highlight of the session, with attendees actively engaging in discussions and sharing their perspectives on how media can be a powerful tool for advancing the SDGs. The interactive format allowed students to explore the intersection of media studies and sustainable development, enriching the conversation with their diverse viewpoints. This engagement not only deepened their understanding of the SDGs but also reinforced the idea that media professionals have a significant role to play in promoting awareness and driving positive change in society. The session underscored Christ University's commitment to integrating SDGs into the academic curriculum, thereby preparing students to be socially conscious and impactful media practitioners.

The session concluded with a call to action for students to actively engage with the university's SDG cell, which plays a pivotal role in advancing sustainable development initiatives on campus. By aligning their academic work with sustainable development principles, students were encouraged to make meaningful contributions to global efforts. This initiative reflects Christ University's dedication to fostering socially responsible media professionals who are equipped to address the challenges of the future. The session left students with a sense of purpose, inspiring them to take an active role in promoting sustainability and contributing to the achievement of the SDGs in their professional lives.

Activity Report: 2024 National Contract Drafting Competition and Workshop

The 1st National Contract Drafting Workshop and Competition were successfully conducted on 14th February 2024 at the School of Law, Christ (Deemed to be University), Bangalore. It was conducted in Room 911, Central Block. Many reputed legal professionals from Nishith Desai Associates had been invited to the program. The Workshop has been endeavoring to provide practical exposure in drafting commercial contracts to students of the Law Course in universities, including Christ (Deemed to be University). Sponsored by Nishith Desai Associates, it aims to fill a gap between theoretical knowledge of law and its application in real-world scenarios, with special emphasis on transaction documents, investment deals, and nuances of commercial agreements.

It had three lead speakers: Ms. Harshita Srivastava, Co-Head of M&A Practice; Ms. Parina Muchhala, Member of the M&A and PE Team; and Mr. Anurag Shah, also a Member of M&A Practice. Details regarding miscellaneous aspects associated with the drafting of contracts under share purchase agreements, subscription agreements, ancillary agreements, and so on were deliberated upon at great length. The speakers, in an interactive session, covered problems associated with the use of precise legal language, diligence, and structuring of the investment deal. Moreover, the speakers have noted with much emphasis the clarity and risk mitigation issues in drafting contracts and shared expertise on the latest trends and challenges in the legal field.

There was a very interactive contract-drafting competition apart from the workshop itself. Students were given practical scenarios, a time limit, and invited to draw up contracts; this applied in practice the learning just acquired. Through the competition, participants were allowed useful feedback from legal experts in a collaborative learning environment. It is through this exercise that students have better been placed to appreciate the complexities of legal drafting—not least developing a facility to draft comprehensive commercial contracts and structure such agreements with an appropriate weighting of legal precision and commercial awareness.

The National Contract Drafting Competition and Workshop, as a whole, has been able to create a very good impression on all the participants with the enhancement of their skills in the area of legal drafting and further improvement of knowledge of commercial law. The workshop reiterated the necessity of ethical and professional conduct within the practice of law while learning the intricacies of contract drafting without losing focus on the clear communication of the clients' needs. In the end, such a workshop will still allow for further engagement in planning processes and focus sessions in some of the legal jurisdictions, mentorship opportunities, and online forums for continuous learning and engagement.

Activity Report 2023-2024: 1st National Symposium on Corporate Juris Nexus

The "1st National Symposium on Corporate Juris Nexus" was successfully conducted on September 29, 2023, at the School of Law, Christ (Deemed to be University), Bangalore. The online symposium, using Google Meet, was conducted from 9:20 AM to 5:00 PM with an objective to assist students in enhancing their employability skills in the context of corporate law. Speakers and Guests:

Many known legal professionals participated, and there was an elite panel with partners from top law firms. Speakers

The speakers were Mr. Hemant Krishna, Mr. Ajay G Prasad, Ms. Aparna Ravi, Ms. Smita Jha, Mr. Saurav S, and Ms. Tryosha Darapuneni. The expertise shared by such speakers covered several aspects of corporate law, mainly in mergers and acquisitions, corporate restructuring, and insolvency law. Their deep learning coupled with experience and practical insights gave an excellent overall output to the participants in the maze of corporate legal practice.

Participants Profile:

It was open to all students pursuing 3-year or 5-year LL.B. courses from any institution in India and the students of the School of Law, Christ (Deemed to be University), Bangalore. The total participation at the event was 64 in number, hence proved to be a very good student engagement and learning activity.

Overview of the Activity and its Highlights

Thereafter, the symposium zeroed in on the most essential facets of corporate law: private equity, venture capital, restructuring of corporations, bankruptcy law, mergers and acquisitions, banking, and finance. In such discussion, a learner would have had the capacity to take a glance at corporate law by separating the components of theory from practice. The topics ranged from the "Prison Pill" strategy of acquisitions, through cybersecurity risk in a transaction, to technology in due diligence. In this regard, the discussions have been quite instrumental in enabling the students to understand state-of-the-art concepts and current developments in business law.

Key Takeaways:

Key takeaways from the event included a thorough insight into issues related to M&A, corporate restructuring, banking, and finance. The discussion on insolvency and bankruptcy laws also gave students a glimpse of what is actually happening and the roadblocks to look at currently. This interactive format enabled students to question the speakers and clarify their doubts in matters that were complex. More so, the symposium laid great emphasis on skills in areas such as evaluating the risks of cybersecurity and using technology in corporate transactions.

Impact and Feedback:

The said "1st National Symposium on Corporate Juris Nexus" has indeed benefited the participants in their quest to upscale their knowledge and acumen with regards to corporate law. It is an epitome of the concept of bridging in the real sense between theoretic normal concepts and actual practices. Finally, it was also a forum for great networking and made the students interact with legal personalities.

Feedback from the participants expressed that they all had a very good learning experience. The interactive nature of the session and the expertise of the speakers were greatly valued.

This symposium was designed to complement and draw inspiration from a number of the courses in law offered at Christ (Deemed to be University) School of Law, notably LAW785C: Law of Mergers and Acquisitions; LAW455: Law of Contract II; LAW553: Company Law I; LAW554: Labor and Industrial Law I; LAW764: Law of Banking; LAW861: Law of E-Commerce; LAW951: Law of Taxation; and LAW963: Competition Law. Besides focusing on employability, entrepreneurship, and skill development, the program catered to the local, regional, national, and global needs.

Activity Report: Seminar on Corporate Skills and Company Law

School of Law, Christ (Deemed to be University), Bangalore, organized a very enriching seminar on "Nuances of General Corporate Practice" on 12th July 2023. The same was conducted in Room 505, Central Block, by Mr. Christopher Rao, Partner, Krishnamurthy and Co., jointly with his firm. The program, which was meant to give the students insight into general practice with regard to corporations, was attended by 64 students who participated mainly with interest in increasing their knowledge with regards to the practice of corporate law. Mr. Rao's speech on challenges lying ahead and expectations in corporate law armed students for forthcoming interviews and opportunity employment in the future with any corporate law firm.

The seminar reflected the importance of preparation for corporate law placements and paid special emphasis to "Day Zero" placements. Mr. Rao shared his experience in various fields that come under this umbrella term of general corporate practice, giving the students a bird's-eye view of what is comprehensively meant by corporate advocacy. The interactive session, which motivated students to have an interaction with the speaker and ask relevant questions, further amplified the knowledge about nuances of corporate law. Sharing the recognition by the industry—from Indian, international, and government clients—dealt with the scale and effect of general corporate practice.

Inspired by this continuous professional development event for the students in the legal fraternity, the Recruitment Coordination Committee has resolved to conduct more such events under the leadership of Core Committee Member Vaibhavi Gundagurthi. The follow-up plan envisioned continued liaison with Krishnamurthy and Co. so that the students could continue learning and keeping themselves abreast of changing skills and competencies looked for by recruiters. On this count, the event laid great emphasis on the role and importance of ethical practices within the corporate law ambit and how such values could actually be put into practice in their careers by the students. By and large, therefore, the seminar succeeded in relating theoretical knowledge with its application in practice and thus bridged the gulf between academic learning and what is obtained in the industry.

It was juxtaposed with the meeting of many program outcomes and program-specific outcomes of the BA/BBA LLB program, besides covering problems regarding the employability and skill development of the students. The course entailed an in-depth understanding of the corporate law areas, including but not limited to issues concerning mergers and acquisitions, securities law, and corporate insolvency. It finally brought out the UN Sustainable Development Goals, specifically SDG 8 and SDG 16, concerning a role that could be played by corporate law firms in the establishment of working conditions and economic growth in organizations. This showed how legal education may serve the greater social goals by equipping students with knowledge and ability on the journey ahead in corporate practice.

1st National Contract Drafting Workshop and Competition 2024

The School of Law, Christ (Deemed to be University), Bangalore, is going to conduct the 1st edition of the National Contract Drafting Workshop and Competition 2024 on the 14th day of February 2024.

Time: 9:30 AM–3:00 PM
Venue: Room No. 911, Central Block

The same will be addressed by expert speakers from Nishith Desai Associates.

Speakers:

Ms. Harshita Srivastava, co-head, M&A practice, Nishith Desai Associates
Ms. Parina Muchhala, Member, M&A and PE, Nishith Desai Associates
Mr. An.

All the students of 3-year LLB or 5-year LLB going to classes across India and students of Christ (Deemed to be university) were provided with an invitation mail to participate in the symposium.

Activity Summary:

The workshop tended to be deep learning about the understanding of contract drafting and transaction documents relating to investment, avenues of funding, and different stages of investment transactions. Students learned the documentation of a deal, the high variability of ancillary agreements, and a few sample forms of agreements—for example, the share purchase agreement, the subscription agreement, among others. It was such a hands-on and interactive course that there was a drafting competition, such that the student was required to put into practice what she had learned in the course of coming up with a contract. The above scenario was studied, then later applied in the drafted contracts to be executed after studying the scenario above. From the identified experience, coupled with the opinion of legal stalwarts, one would have loved to gauge their positioning towards having expertise in commercial contract drafting.

Key Take Away

Sophistication of Investment Deal: Class members learned that an investment deal can be so sophisticated in its documentation, thanks to the variation in stages of the investment, with workshop concentration on due diligence and the nature of the documentation.
Mastering Deal Documentation: It was making the students work on drafting any significant legal document in a deal, say a share purchase agreement, to show the protection of an investor and an

overall idea that contracts are not one way. Commercial Contract Drafting: This forms part of the training subject. Drafting a whole commercial contract comes to incorporate names of the parties and legal formalities.
This sinks in to one more drenched that at the heart of the exercise is commercial awareness that is to pervade all drafting of materials, clear articulation of the same, and risk hedging.
Just Another Day at the Office: Well, it actually felt like real knowledge and expertise were being imparted, as well as skill and process in developing those skills and eliciting teamwork.

Summary of the Activity:

The organizers pointed out that this gave the participants a broadened perspective of what would be required under the context of investments and commercial contracts. Agreements have to be strategized in framing the level of openness to any discussion that will be at the legal aspect, finally making commercial awareness sharp, which will be necessary towards responsible and holistic drafting of the contracts.

Follow-Up Plan

Participate in domain-intensive transactions, such as M&A, equity, and technology agreements.
1. Prepare small group exercises on negotiations coached by an expert from the legal industry in the framework—means context-based coaching of the participants. The role plays are to be based on actual drafting of the clauses.
2. Individual coaching by the experts on how to run an exercise in role play and how to complete the clauses that need to be drafted.
3. Electronic forum on the conference site for discussion/information about current events and breaking news reports on health law.
4. Develop an electronic dialogue/discussion forum among the delegates and experts to discuss the current issues on health law.

PO 2: An ability to analyze situations, draft legal documents, and present thereon arguments based on the legal provisions and facts at use for varied professional environments.

PO 3: Exercise professional decisions and/or recommendations applying effective case analysis and reasoning. PO 6: Apply respect behavior that observes best practices of ethics and professionalism within a team in a manner that fosters leadership with collaboration interspersed. PSO 2 (BBA LLB): By the end of the course, the student should be in a position to unravel the problems given seemingly and to suggest some concrete forms for application of the law.

Seminar on Upgrading Corporate Insolvency Resolution Skills
Christ (Deemed to be University), Bangalore
School of Law

Name of the Activity: Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat

Date: 13th October, 2023

Time: 3:30 pm p.m.

Venue: Skyview

Number. of Participants: 194

Synopsis of the Activity

The seminar began with basic economic ideas, leading to a detailed understanding of its relevance within the corporate insolvency resolution process. The lecture was very interactive as the resource person was communicating with the students through inquiry and sharing different real-life scenarios. The examples demonstrated how economics is used to resolve corporate insolvency in the State of Gujarat. The lecture showed how economic principles apply to the handling of insolvency cases and is thus illustrated in practice within a regional context.

Key takeaways:

- Learned by the student includes the impact of economic concepts in the corporate insolvency resolution process and the specific processes followed in Gujarat. The topic is really enriching for the students, and it gave them an opportunity to understand the economic analysis vis-à-vis the legal processes in an informed manner.
- The seminar aimed to make the relevance of economics in practice more acute to third-year law students. By demonstrating how economic principles do apply to corporate insolvency, the event elicited the appreciation of the students for what happens at the intersection of law and economics. The session also underscored the significance of these concepts from the viewpoint of a practicing lawyer.

Mapping:

POs & PSOs

PO 2: Able to express effectively legal opinions, draft legal texts, as well as argue on various matters at different work places.

NOTE: The student should be able to do the number of POs, and the definition mentioned in the introduction is expected to guide them to do it by themselves.

PO 3: Apply critical thinking and logical legal reasoning to construct valid arguments and recommendations.

PO 4: Recognize, anticipate, and redress challenges and thereby resolve disputes effectively on issues revolving around the individual, institution, and society.

PSO 1: Analyzes problems to recommend changes in policies and amendments based on a sound understanding of India's sociopolitical structure.

PSO 1: Examine legal issues and recommend specific actions in consonance with the law.

Local, regional, national, and global needs

The seminar is a strong complement to all courses indicated above, identifying those that are closely relevant to its issues, such as LAW133 Economics for Law I, LAW233 Economics for Law II, LAW333 Law and Economics, and LAW686D Economics of International Trade. Its coverage on economic dimensions of corporate insolvency resolution has effects on international trade and investment; therefore, it addresses local and global needs alike.

Activity Report 2023-24: 5th Internal Trial Tournament, Christ (Deemed to be University), School of Law

From April 1st to 3rd, 2024, the School of Law at Christ conducted the 5th Internal Trial Tournament. This program was envisioned to inculcate the culture of trials and assess the advocacy skills of students pursuing the 1st and 2nd-year law programs. It was an opportunity whereby the participants of the tournament received simulated practice in court for the application of theoretical knowledge about criminal law in as many diverse practical settings as possible. These would enlighten students on procedural, evidentiary, and ethical requirements in the process of a criminal trial. It was then followed by two rounds of trial simulation, which tested students' various skills with respect to the process of a criminal trial from opening statements to examination-in-chief and cross-examination and finally to the closing arguments.

The ITT was an actual learning experience since it brought to the fore how procedural knowledge, application of evidence, and ethical considerations were intrinsic parts of a criminal trial. More than that, participation from legal luminaries like Adv. Akshay Swamy and Adv. Prateek Chandramouli further added to the experience of the students. The latter came in and shared some valued feedback and insights. These competitions are, therefore, bound to be very instrumental in enabling learners to apply the laws and their principles in a real-life situation and, in addition, develop some very important skills in legal reasoning, oral argumentation, and critical thinking in the process of learning and furthering their lives and careers. The competition thus had the effect of debunking the gap between theory taught in class and practice, and it had the availing effect of reinforcing knowledge of concepts under criminal law.

The ITT, too, helped in the very vital alignment with the SDGs, more particularly with regards to goal 8 and goal 16 of the global goals. Among the employability skills being looked for in the legal profession by students, which were developed as part of this event, were communication, teaming, and leading. This, therefore, implies that it was knowledge-based competition in criminal law and the law of evidence, thus shaping students towards the legal job market on a path to further, all-encompassing, and sustainable economic advancement in the quest for SDG 8. It took another turn with regard to SDG 16, inculcating in students the rule of law and justice more deeply for peace, justice, and strong institutions.

In other words, the 5th Internal Trial Tournament at Christ (Deemed to be University) enhanced the participants' advocacy skills and contributed to the building of their holistic professional development. Very outcome-oriented; it has been oriented to the very objectives of the university in terms of educational outcomes in the area of legal education, all aimed at ensuring the students acquire practical experience that will be invaluable in their future careers. ITT stakes its importance in the context of legal education and professional preparedness, from contributing towards developing employability skills to supporting global goals.

Activity Report on Seminar on Corporate and Soft Skills

On January 10, 2024, the School of Law held a seminar in Skyview, Central Block, with the theme "Lean Six Sigma Competency Development Programme." It was carried out in cooperation with KPMG, one of the top companies in the world for advising, tax, and audit services. The topic emphasized knowledge acquisition techniques, such as those of Lean Six Sigma, for the same and demonstrated how fundamentals and soft skills might be used in the workplace. The organizational interior is the focus of the efficiency growth system. The 4th Year B.A. L.L.B. Hons., B.B.A. L.L.B. Hons., and LLM programs were attended by 385 students.

The seminar had speakers of great repute from KPMG, India, including Mr. Jagpreet Brar, Director of Learning Services; Mr. Venu Nilgar, Associate Director; Mr. Sahil Nayar, Senior Associate Director, Human Resources; and Mr. Sarthak Shukla, Assistant Manager. Each speaker took one's turn in exposing the body of knowledge that the Lean Six Sigma Competency Development Programme really is in terms of its relevance and applicability to the corporate environment today. They say that at the core of competitiveness in this organization is the Lean Six Sigma approach to processes. This is directed at eradicating waste and enhancing processes with control. They went on further to shed more light on the wings that exist within it, the Green Belt and Black Belt. These banners are going to train their trainees with the analytical mind helpful for them to make judgments and innovate the solution as a way of leading great business projects.

It is through the seminar that the participants become more instrumental in gaining first-hand information on Lean Six Sigma methodologies. Key points laid across by the lecture include the reduction of waste, process improvement, and sustainability of the organizational practice. It was also focused on efficiency and agility in the workplace through the application of Lean Six Sigma across the lines and sectors of the industry at the very core. This had been an exercise that turned out neither merely theoretical nor one in which insights were offered into the approach, criteria, and implementation that would be important for students' future professional work.

To conclude, the seminar on "Lean Six Sigma Competency Development Programme," in a nutshell, was a very enriching, informative session serving as a connecting link between business practice and the academic course. It thus reflects on the need to develop one's critical thinking, ethical behavior, and skill set as one looks forward to a career in law. Industry, Innovation, and Infrastructure, Decent Work and Economic Growth, Quality Education, and the like, directly took the role in a number of the SDGs in the event. Finally, several follow-up discussions with KPMG are necessary to further motivate students' participation in the Lean Six Sigma program, ensuring the success of the seminar and guaranteeing that the value from it itself does not remain merely inside a classroom.

Workshop: Resume Development and Career Counseling with a Litigation Specialist Attorney

The School of Law, Christ (Deemed to be University), Bengaluru, is hosting a workshop on the topic "Disputes Practice in a Firm" on July 22, 2023. Mr. Dharmendra Chatur, one of the finest litigators in the country and a partner at Poovayya & Co., has consented to speak at the session, which promises to share invaluable takeaways from his experiences while handling conflicts in a legal firm. It was a workshop held in Room 505 of the Central Block, specifically organized to help all law students understand the litigation career path with regard to practice in disputes within law firms. The expected outcome for the students was to get an insight into the career path of an experienced litigator.

He spoke at great length about the good academic background, mooting, and internships in creating aspiring lawyers who can really gorge in and succeed at the bar of litigation. He shared with the students his experiences and challenges of the profession, offering them practical insight into the legal intricacies that revolve around litigation in constitutional and civil laws. He added, however, that the most important ingredients that stay in one's career in litigated, celebrated careers are lifelong learning and staying professionally current. Indeed, the most precious thing at that moment happened to belong to Batch 2024—for they stood on the verge of major importance to their legal education and just stepped through the threshold of entry into the professional arena.

The session satisfied several of the program outcomes and PSOs of the Christ University Law Curriculum. Among others, it guided the imperatives related to critical thinking, effective communication, and ethical behavior in practice. It further put one in mind that dispute resolution is an important skill in combating challenges that face a person, an institution, and society at large. This forms part of the curriculum in ensuring that a student is well-equipped to cope with certain challenging situations arising out of practice in the legal field and dispensing justice.

It is also proposed to organize such workshops with the aegis of Poovayya & Co. with other law firms in the near future. The next line of workshops, therefore, shall be to equip the students with those skills more or less expected by recruiters in order to assist a student for employability and career prospects. This is of prime importance in the commitment by the university toward the dispensation of quality legal education relevant in the local, regional, national, and global contexts. The latter was further actualized through the workshop on decent work for economic growth and just, peaceful, and resilient societies stipulated under Goals 8 and 16 of the SDGs.

Workshop on Career Guidance and Resume Building for Real Estate Lawyers

On July 14, 2023, the Department of Law at Christ (Deemed to be University) in Bangalore hosted a session on the 'Practice of Real Estate Law'. The program was created to give career coaching and the skill of resume building to students who wish to become real estate lawyers. This program was run in partnership with Shardul Amarchand Mangaldas, one of India's leading legal companies. It included two prominent speakers: Ms. Vedashree P, Senior Associate, and Mr. Sharan Goud, Associate, Shardul Amarchand Mangaldas. The event began at 10:30 a.m. in Room No. 505 of Central Block. We got involvement from law students in their last year and those focusing in the real estate elective.

The placement drive would help train the students for the Day Zero Placement Drive because this is a very important day for the recruitment of final-year students by the top law firms. The session started by making them understand the basics of due diligence and an insight into the legal procedures involved and the statutory compliances under RERA. This was followed by the insights of speakers over some of the essential documents involved in a real estate transaction, including title deeds, encumbrance certificates, and sale agreements. They further explain how the land laws, property rights, and the regulatory institutions of real estate assume significance in India. It is, therefore, through these in-depth discussions that the students practically received insight into the challenges and possible opportunities in the real estate sector so that they may face any problem arising in the law office for which they are going to take charge in the near future.

The salient takeaways from this workshop thus were the strategies to climb the career ladder in real estate law, apart from the importance of very meticulous preparation for the Day Zero Placement Drive. In their opinion, students should be skilled not only in drafting, pleading, and conveyance but well-versed, as employability in the real estate sector flows from these skills. In addition, the workshop further elicited that critical thinking and logical reasoning in developing sound legal arguments are a core set of skills to excel in the legal profession. Further, it put at the center the role of innovation and inclusiveness in the legal sector through parity and the creation of a culture of continuous learning and adaptation.

The workshop went on to look at larger thematic concerns, specifically the Sustainable Development Goals of industry, innovation, infrastructure, and decent work and economic growth. The conversation reiterated that the legal practitioner owes a duty to ensure sustainable economic development by ensuring that projects conform to the regulatory standards and objectives of real estate within the broader country's economic goals. The workshop furnished the student with a great deal of depth in understanding the issues and furnished them with knowledge in addressing concerns by the real estate law for an effective impact-making in their career.

It was an in-depth and enlightening workshop for final-year law students that gave them all the tools and knowledge required to be successful in the competitive area of real estate law. Such vocational orientation of the session, coupled with a heavy tilt towards practical skills and knowledge of the rules and regulations on professional ethics, would not only groom the student to avail of the immediate placement opportunity at hand but also make them competent in the respective legal careers in the long run. It once again was a worthy addition to the Christ (Deemed to be University) calendar of programs because the program has been very strongly centered around employability, skill development, and outcomes in relation to broader economic and social objectives.

Workshop on 'Granville Austin and the Making of India's Constitution'

A constitutional skills workshop on 'Granville Austin and the Making of India's Constitution' was instituted on 11th August 2023 by the School of Law, Christ (Deemed to be University), Bangalore. The workshop took place from 9:30 A.M. to 11:00 A.M. in the main auditorium.

Participants

Undergraduate law students, School of Law, Christ University. The present workshop was presented masterfully by Mr. Vikram Raghavan. He mentioned his credit right at the beginning: the invaluable contributions of Granville Austin, the renowned scholar, locally and in large countries worldwide, with the major innovated work, "The Indian Constitution: Cornerstone of a Nation." The workshop would be trying to peel off the layers and bring the exact historical context and progress of India's Constitution while superimposing its lasting relevance on the legal landscape of the country.

"The high point of the workshop was the session by Mr. Raghavan, who undertook the complete analysis of the work of Austin and the contribution that he had made to the studies of constitutional law in India. In a capsule, Track outlined Austin's itinerary from his nascent tryst with India to his methodical methodology in the data he collected for his research. It was underlined that he is the only foreign author who has thus attempted to provide the minutest and most detailed study on the making of the Constitution of India. The excerpts were also made from the speech on the personal interaction of Austin with the Indian leaders and their letters. Besides this, he talked about the other reactions to Austin's work, ranging from the words of appreciation and criticism of the former from the only two towering Indian legal personae, the first in different fields, being that of Advocate Nani Palkhivala and Professor Upendra Baxi. The last hint throughout the lesson was that Austin came to India yet another time to finish his sequel, thus leaving him as one of the key players in the constitutional debate in the country.

As such, the exercise provided an important platform through which the students established their core understanding of the core details of the constitutional law and its interpretation in present-day India. The general learning outcomes of the LAW552 Constitutional Law Skills course, in that regard, are tailored at developing in the law learner critical thought, reasoning in law, and a sharp acumen on matters of constitutional governance. While discussing works by Austin, the students expressed their opinions and reflected on the applicability of the Constitution in modern times and cases. The workshop reiterated the concepts of ethics and professional behavior, the spirit of cooperation, and that of leadership in between the interstices of law and merged in the purpose of the program outcomes and program-specific outcomes of the curriculum of the law school.

The Constitutional Law Studies and Orientation Committee, based on the success of this workshop, in the future would also undertake more such programs and invite, among other eminent personalities of the legal, judicial, and academic fraternities, to provide a varied

perspective on constitutional law to students. It also designs certain follow-ups in terms of a number of workshops and lecture implementations, which further drive the impetus toward understanding that the student is to acquire about the legal system and its transfer to real issues. The programs are designed to lend the students the skills to face complex legal issues, contribute toward legal scholarship, and be involved in policy-making decisions with shrewdness.

The workshop "Granville Austin and Making of India's Constitution" has been an immense learning experience, taking a very high pedestal in academics and professional learning for the students at the School of Law at Christ University. Indeed, such exercise would definitely help deepen his knowledge regarding the historical and legal bases of Indian constitutions, just like Austin. In fact, knowledge and skills acquisition should assist participants, especially students, to engage critically with issues that constitutions present at various levels, making participants competent and responsible in responding to the legal-political-ethical requirements presented by local communities and the nation.

Technical Talk on "Smart Sustainable Villages

Date, Time, and Venue of Event:
12th February 2024, 9:30 am
Room 201, Ground Floor, 2nd Block, Christ (Deemed to be University), Bangalore

Introduction

"Smart Sustainable Villages" was the technical talk on 12th February 2024 as per the schedule outlined at the School of Engineering and Technology, Department of Computer Science and Engineering, Christ (Deemed to be University), Bangalore. This event was organized in partnership with SDG Cell, CSE Department, and conducted in Room 201, Ground Floor, 2nd Block, starting at 9:30 am onwards. A total number of participants was almost close to 100, with a combination of students, faculty members, research scholars, and besides external participations.

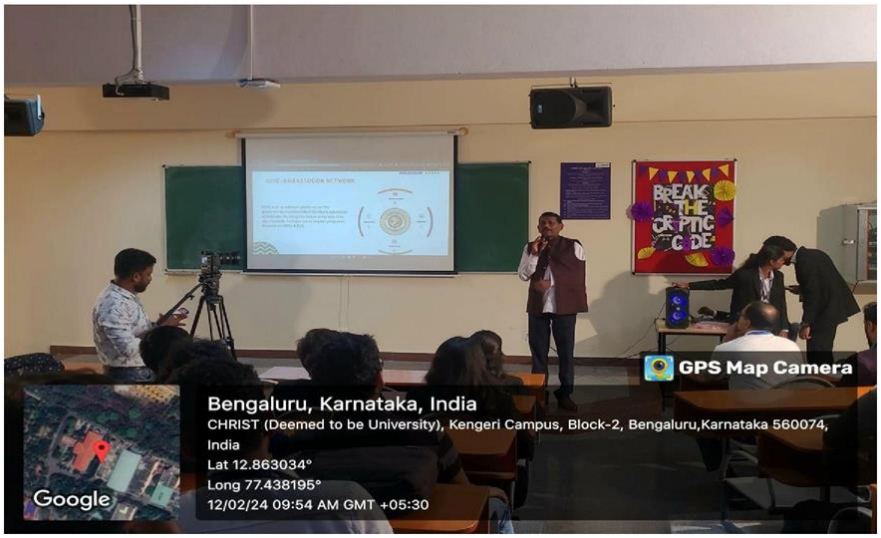

About Brief:

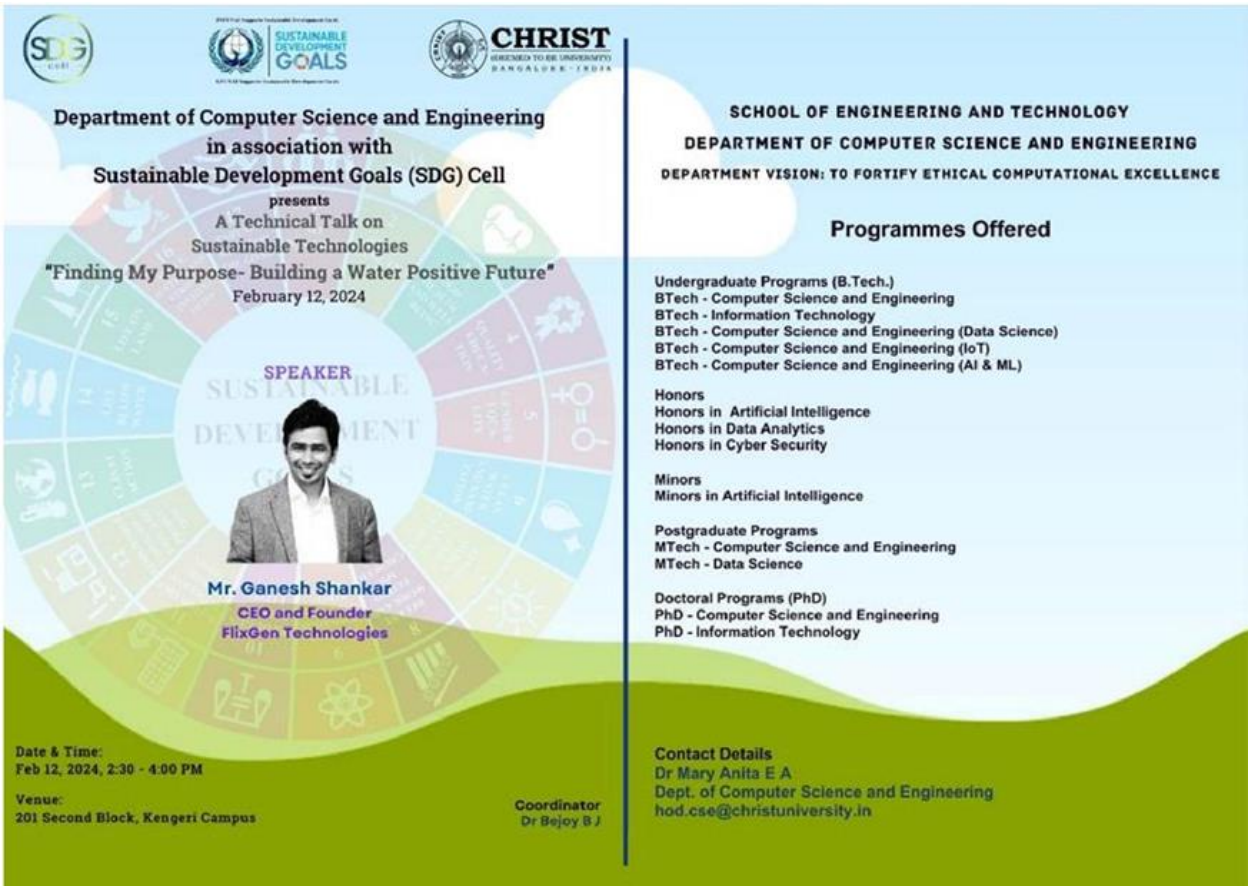

The session of technical talk was conducted by Mr. Atchuta Rao, who is a senior social entrepreneur and professor of sustainability as Chairman, Founder-ESTAH Society. His presentation focused on primary healthcare-based smart sustainable villages with due importance to sustainability, circular economy, CSR, and rural development. He drew from 26 years in the public and private sectors to share insights about his efforts to empower the poor, marginalized farmers, women, and the youth. His dedication to investments in organic farming and agricultural land, through Kisaan Parivar, is now an example of not only the potential of such investments as means of sustainable farming but also as sources of long-term, stable investments.

Conclusion:

The technical talk on "Smart Sustainable Villages" imbued an enlightening viewpoint into technological-sustainability-rural development convergence. The experience and understanding of Mr. Rao proved to be of great value and made a difference to the audience in that it inspired them to consider sustainable practices in their future undertakings. It was eminently successful and reaffirmed the choice of relevant SDGs in engineering and technology education by the university and the ESTAH Society.

Technical Talk on Sustainable Technologies

Date: February 12, 2024

Venue: Christ (Deemed to be University), Bangalore, 257, 3rd Floor, 2nd Block

The Department of Computer Science and Engineering, Christ (Deemed to be University), Bengaluru, organized a technical talk on Sustainable Technologies on February 12, 2024. This event, in collaboration with the SDG Cell, was held on the university premises with the presence of two eminent speakers: Mr. Ganesh Shankar, CEO and Founder, FluxGen, Bengaluru, and Mr. Lakshmi Narasimhan L, APJC Partner Business Development Manager, Cisco. It targets students, faculty members, and research scholars, and 65 participants attended the session. Speakers shared their views on various new technologies that address pathways to a sustainable future per the UN's Sustainable Development Goals.

Overview
Mr. Ganesh Shankar started the session with his talk, "Finding My Purpose: Building a Water-Positive Future," where he talked about how FluxGen contributes to industries by monitoring and optimizing water use through IoT devices and artificial intelligence. He brought up the aspect of the "4 circles"—social impact, imagination, technology, and scalability—about what needs to be considered when sustainable technologies are developed. The efforts by FluxGen have already led to the saving of about 1 million liters of water, while the company is envisioning attaining even bigger milestones by 2026. The second speaker was Mr. Lakshmi Narasimhan L, who talked about the technological stack required to achieve goals on SDG. He shared how Cisco's technology has been pretty pivotal in supporting FluxGen's mission and further shared his experience in the implementation of public water measuring systems in Uttarakhand.

Conclusion
The technical talk gave insight into practical applications of sustainable technologies and their impacts on society. Presentations by Mr. Ganesh Shankar and Mr. Lakshmi Narasimhan L stressed the integration of advanced technologies with a clear vision for social impact. The event put in the limelight the role of engineering and technology towards achieving sustainable development, thus inspiring the participants to consider the bigger implications of their work for making valuable contributions toward a more sustainable future.

Granville Austin and the Making of India's Constitution

Venue: Main Auditorium, Christ (Deemed to be University), Bangalore
Time: August 11, 2023

Introduction

On August 11, 2023, Christ (Deemed to be University), Bangalore, School of Law, conducted a workshop on "Granville Austin and the Making of India's Constitution." The event was held in the Main Auditorium for law students of the university and had Mr. Vikram Raghavan, Lead Counsel at the Legal Department, World Bank, Washington, D.C., as the guest of honor. The workshop should help participants come out with deep insight into the major contributions of Granville Austin to the analysis and interpretation of India's Constitution through his seminal book *The Indian Constitution: Cornerstone of a Nation*.

Overview

Mr. Vikram Raghavan gave a very enlightening presentation at the workshop on the life and works of Granville Austin, underscoring the peculiar role that he had played as a foreign scholar, having deep impact on the comprehension of constitutional development in India. Mr. Raghavan briefed Austin's personal and professional journey, highlighting his meticulousness with respect to gathering data and the closeness with which he had interacted with Indian leadership. He also spoke about the pervasive influence that Austin's work seems to have had. According to him, the work has been cited in numerous Supreme Court cases and has been in wide usage during the course of parliamentary debates. He also spoke of the critiques and praises that Austin's work received, most famously from such large luminaries as Advocate Nani Palkhivala and Professor Upendra Baxi.

Conclusion

The workshop provided valuable insight into the historical and legal importance of Granville Austin's Constitution of India research. By looking more deeply at Austin's methods and his contribution, a much greater appreciation was raised regarding the building blocks laid down in the Constitution and their application in present legal discourse. It did serve to emphasize the significance of constitutional studies as part of a student's legal education, whereby it prepared them to more critically engage with a host of legal and moral concerns that plague modern India.

Writs: Bridging the Gap between Theory and Practice

Time: August 25, 2023
Venue: Sky View, Central Campus, Christ (Deemed to be University), Bangalore

Introduction

School of Law, Christ (Deemed to be University) Bangalore organized a workshop on "Writs: Bridging the Gap between Theory and Practice" on 25th August 2023. The Sky View venue at the Central Campus saw participants coming together as the guest speaker, Senior Advocate Lakshmy Iyengar from the Karnataka High Court, graced the event. This workshop was one way to give the BA LLB students an insight into the writs by exploring their deeper significance for the upkeep of the rule of law and the rights of the individual within the Indian constitutional framework.

Overview of the Workshop

Advocate Lakshmy Iyengar explained the different kinds of writs, their constitutional basis, and their quintessential place in ensuring governance through rule of law. The speaker elaborated upon the case laws to substantiate the discussion, elaborated upon the procedural aspect of filling writ petitions, and also discussed how to address the pitfalls commonly encountered by a practitioner in this field of law. This workshop also sought to discuss changes in technology's impact on writ proceedings, legal education about writs, and legal advocacy towards ensuring that writs can be utilized in effective ways in contemporary legal practice. Therein, the theoretical and practical preparation of students for navigating writ jurisdiction in their subsequent professional legal practice was emphasized through this workshop.

Conclusion

The workshop helped bridge the gap between purely theoretical knowledge and its practical application of writs in constitutional law for the students. Landmark judgments argued, coupled with an overview of the procedural aspects, helped the students in understanding and utilizing legal intervention more effectively. The program further emphasized the need for continuous legal education and litigation on the part of students by applying theoretical knowledge to practical fields with a view to achieve justice and uphold constitutional values. In the future, more programs like this shall be undertaken by the School of Law to further develop practical litigation skills among students and to inculcate deep understanding of constitutional law.

South Regional Rounds of ConQuest 2023

Venue: Main Auditorium, Christ (Deemed to be University), Bangalore
Time: October 27, 2023

Introduction

Christ (Deemed to be University), Bangalore, organized the South Regional Rounds of ConQuest 2023, a national quiz competition with its stated objective being the development of increased quizzing proficiency in constitutional law and allied disciplines, on October 27, 2023. The quiz was organized by the School of Law in association with the Centre for Law and Policy Research (CLPR) in the Main Auditorium. The quiz masters for the quiz were Mr. Raghav and Ms. Ashwini from QShaala. This competition brought together college students from across the South on an intellectually invigorating quiz related to the Indian Constitution, politics, law, history, and current affairs.

Event Summary

The increasing pertinence of emerging technologies in the legal sphere led ConQuest 2023 to issue copies with the theme "Artificial Intelligence and its Intersection with Constitutional Matters and Related Technologies." The quiz had four regional rounds leading up to a national final, where participants were encouraged to delve deep into the complexities of constitutional law, the evolutionary history of the Indian Constitution, and the application of the constitution in contemporary times. This event also brought out the key role of AI in constitutional and legal discourse, particularly in the enforcement and interpretation of constitutional provisions. Audience participation—most of whom helped conduct the event—added to the overall enthusiasm and success of the quiz.

Conclusion

ConQuest 2023, therefore, drew a fine line between theoretical knowledge and practical understanding—skills that participants and attendants got an avenue for critically engaging with key constitutional issues and the use of technology in contemporary governance. The event highlighted not only the importance of the Constitution in modern society but also urged students to pursue the interdisciplinary aspects of law with history and politics. The School of Law is looking forward to more such collaborations with CLPR and working towards the objective of academic excellence in contributing to an integral legal education.

Day Zero Recruitment Drive with Cyril Amarchand Mangaldas

Date: July 26, 2023

Venue: Conference Room, Fifth Floor, R&D Block, Christ (Deemed to be University), Bangalore

The Day Zero Recruitment Drive held at Christ (Deemed to be University), Bangalore, on July 26, 2023, marked a significant opportunity for the law students to engage with representatives from Cyril Amarchand Mangaldas, one of India's leading law firms. The event, organized by the Recruitment Coordination Committee, involved personal interviews for 20 shortlisted students, providing them with insights into the firm's work environment and recruitment processes. The drive also highlighted the importance of legal education and professional ethics, aligning with the university's objectives of enhancing employability and skill development among its students.

The guest speakers, including partners Mr. Bishen Jeswant and Mr. Lomesh Kiran Nidumuri, along with HR representative Ms. Samhita Biswas, shared valuable perspectives on the legal profession, emphasizing the essential competencies required for success in corporate law. The discussions focused on the practical applications of legal knowledge, critical thinking, and ethical behavior, which are integral to navigating the complexities of the corporate legal landscape. The event not only provided students with a platform to demonstrate their skills but also fostered a deeper understanding of the legal profession's role in contributing to economic growth and societal progress.

The recruitment drive also underscored the alignment with Sustainable Development Goals (SDGs), particularly SDG 8 and SDG 16, which focus on decent work, economic growth, peace, and strong institutions. By promoting fair employment practices and ensuring compliance with legal standards, corporate law firms like Cyril Amarchand Mangaldas play a crucial role in supporting sustainable economic development and fostering trust in legal institutions. The event was a step forward in building future collaborations between the university and the firm, aiming to create a pipeline of skilled legal professionals committed to ethical practices and societal betterment.

Seminar on the Nuances of General Corporate Practice

Venue: Room 505, Central Block, Christ (Deemed to be University), Bangalore

On July 12, 2023, Christ (Deemed to be University), Bangalore, hosted a seminar on the "Nuances of General Corporate Practice" led by Mr. Christopher Rao, a partner at Krishnamurthy and Co. The event, held in Room 505 of the Central Block, aimed to enhance students' understanding of corporate law by providing them with practical insights into the field. Sixty-four students, particularly those interested in general corporate practice, participated in this interactive session, where Mr. Rao shared his extensive expertise and encouraged active engagement from the attendees.

The seminar focused on the critical aspects of general corporate practice, emphasizing the skills and knowledge required for successful careers in corporate law. Mr. Rao highlighted the importance of understanding the diverse fields within corporate law and provided a realistic view of the rigors of corporate advocacy. The session was particularly valuable for students preparing for the Day Zero Placement Drive, as it offered them a comprehensive understanding of the industry's expectations and the professional ethics necessary for succeeding in corporate law.

The event also underscored the alignment with Sustainable Development Goals (SDGs), specifically SDG 8 and SDG 16, which focus on decent work, economic growth, peace, and strong institutions. By emphasizing the role of corporate law firms in fostering ethical business practices and contributing to economic development, the seminar reinforced the importance of these values in legal education. The Recruitment Coordination Committee plans to organize similar events in the future, ensuring that students continue to develop the skills and knowledge essential for their professional growth in the corporate legal sector.

Workshop on Disputes Practice in a Firm

Date: 22 July 2023

Venue: Room 505, Fifth Floor, Central Block

On July 22, 2023, Christ (Deemed to be University), Bangalore, hosted a workshop titled "Disputes Practice in a Firm," conducted by Mr. Dharmendra Chatur, a partner at Poovayya & Co. The event, organized by the Recruitment Coordination Committee, took place in Room 505 of the Central Block. The workshop was designed to provide law students with an in-depth understanding of the practical aspects of litigation and dispute practice within a law firm. It was particularly focused on equipping the Batch of 2024 with the necessary skills and knowledge to make informed career decisions in the legal field.

Mr. Dharmendra Chatur, an alumnus of the School of Law, Christ (deemed to be), shared his personal journey and professional insights, emphasizing the importance of academics, mooting, and internships in building a successful career in litigation. The session covered key areas such as constitutional and civil litigation, providing students with a realistic perspective on the demands and challenges of working in this area of law. The workshop was highly interactive, with students engaging actively in discussions, which enhanced their understanding of the complexities involved in dispute practice.

The event also highlighted the importance of aligning legal education with broader goals such as Sustainable Development Goals (SDGs), particularly SDG 8 (Decent Work and Economic Growth) and SDG 16 (Peace, Justice, and Strong Institutions). By focusing on ethical and transparent dispute resolution practices, the workshop contributed to the students' professional development, preparing them to become competent and socially responsible legal practitioners. The Recruitment Coordination Committee plans to organize similar events in the future, ensuring continuous skill development and alignment with industry expectations.

Resolut Debate Program

Date: 12th September 2023
Venue: Online

The School of Law at Christ (Deemed to be University), Bangalore, in collaboration with Resolut Partners and the Debating Society SLCU, organized the Resolut Debate Program on 12th September 2023. This online event, held at 1:30 PM, aimed at enhancing the speaking and legal argumentation skills of participating students. The competition was judged by two distinguished guests: Mr. Vypak Desai, Lead of International Disputes at Nishith Desai Associates, and Mr. Ruchir Sinha, Managing Partner at Resolut Partners. Sixty-four students, keen on advancing their understanding of general corporate practice, participated in the debate, which focused on the motion "Organ Donation After Death: Should It Be Mandatory as Against Elective?" The event was a significant opportunity for students to refine their oral skills, logical reasoning, and legal research capabilities.

The debate program provided a platform for students to delve into the complexities of the legal and ethical aspects of organ donation. It also helped them enhance their oral communication skills, which are essential for success in moot courts, litigation, and other legal proceedings. The judges shared their insights on structuring logical legal arguments, thereby offering valuable guidance to students aspiring to excel in the legal profession. The event highlighted the importance of understanding and articulating diverse viewpoints, fostering critical thinking, and encouraging robust legal debates. By focusing on such a relevant and nuanced topic, the program also contributed to the participants' ability to engage with complex legal issues critically and effectively.

This event aligns with the broader educational objectives of the School of Law, including the promotion of Sustainable Development Goals (SDGs), particularly SDG 8 (Decent Work and Economic Growth) and SDG 16 (Peace, Justice, and Strong Institutions). By equipping students with the skills necessary for effective communication and logical reasoning, the debate program not only enhanced their employability but also prepared them to contribute meaningfully to the legal profession and society at large. The Recruitment Coordination Committee plans to organize similar events in the future, ensuring that students continue to develop the critical skills required for success in their legal careers.

Seminar on "Exploring Career Pathways in In-House Counsel Roles"

Date: 3rd February 2024
Venue: Sky View, Central Block

On 3rd February 2024, the School of Law at Christ (Deemed to be University), Bangalore, hosted a seminar titled "Exploring Career Pathways in In-House Counsel Roles" at Sky View, Central Block. The event featured Mr. Keane Do Amaral, Group General Counsel at Connect Ventures, as the keynote speaker. Mr. Keane, an esteemed alumnus of the School of Law, provided the 247 participating fourth-year law students with a comprehensive overview of the career trajectory of an in-house counsel. He discussed the distinct advantages of such a role, emphasizing the versatility and breadth of experience that general counsels possess compared to their counterparts in law firms. His insights into the collaborative dynamics between internal legal teams and external consultants highlighted the integral role that in-house counsel plays in modern corporate settings.

Mr. Keane's presentation delved into the diverse legal challenges that in-house counsels navigate, ranging from intellectual property to corporate law, technology, and health law. He emphasized the critical importance of contract law and negotiations, describing them as the cornerstone of an in-house counsel's responsibilities. Furthermore, Mr. Keane shared his perspective on the work-life balance enjoyed by in-house lawyers, contrasting it with the often more demanding schedules of litigators and law firm employees. His passion for the tech and health sectors, along with his personal interests in nature and environmental issues, provided students with a holistic understanding of the multifaceted nature of in-house counsel roles.

The seminar was not only an informative session but also a strategic initiative by the Recruitment Coordination Committee to prepare students for their future careers. By exposing students to the practical realities of in-house legal roles, the event aimed to enhance their employability and broaden their career horizons. The committee plans to continue organizing similar events, offering students further opportunities to interact with industry experts and gain deeper insights into the various career paths available within the legal profession.

Seminar on Corporate and Soft Skills

Date: 10th January 2024
Time: 9:00 AM |
Venue: Skyview, Central Block

A seminar on *Lean Six Sigma Competency Development Programme* was held at Christ (Deemed to be University), Bangalore, on January 10, 2024, organized by the School of Law in collaboration with KPMG. The event featured experts from KPMG India, including Mr. Jagpreet Brar, Director of Learning Services; Mr. Venu Nilgar, Associate Director; Mr. Sahil Nayar, Senior Associate Director of Human Resources; and Sarthak Shukla, Assistant Manager. The seminar aimed to equip students with Lean Six Sigma methodologies, which are crucial for improving organizational processes, reducing waste, and enhancing efficiency.

The event introduced the fourth-year B.A. LLB (Hons), B.B.A. LLB (Hons), and LLM students to the principles of Lean Six Sigma, focusing on how this methodology helps streamline operations across various sectors. The speakers elaborated on the two-tiered approach—Green Belt and Black Belt Wings—used to train participants in analyzing data, leading improvement projects, and guiding organizational performance. The seminar also emphasized the growing importance of these skills for employability and the versatility of Lean Six Sigma across industries.

This seminar aligns with Sustainable Development Goals, particularly SDG 8 (Decent Work and Economic Growth), by enhancing participants' career prospects and ensuring a hands-on, practical understanding of process improvement. The event was attended by 385 students and concluded with discussions on further collaboration with KPMG to provide certification opportunities.

Offline Certificate Course on "Private Equity and Venture Capital"

Date: March 2, 2024–April 20, 2024
Time: 12 hours (2 hours on 6 Saturdays)
Venue: Central Block, Central Campus, Christ (Deemed to be University), Bangalore

On March 2, 2024, the School of Law at Christ (Deemed to be University), Bangalore, in collaboration with Khaitan & Co., inaugurated an offline course on "Private Equity and Venture Capital." The 12-hour course, spread across six Saturdays, took place at the Central Block on the Central Campus. Led by distinguished speakers Mr. Hardik Bhatia (Counsel) and Ms. Prerna Ranjan (Senior Associate) from Khaitan & Co., the course aimed to enhance the participants' understanding of private equity and venture capital concepts and practices. The program catered to fourth-year law students and postgraduates, offering valuable insights into the legal and financial intricacies of the investment landscape.

The sessions commenced with an introduction to the key differences between private equity and venture capital, followed by an in-depth exploration of the deal cycle, emphasizing due diligence, legal considerations, and exit strategies. Participants were exposed to critical legislation such as contract law and company law and were taught to assess investment opportunities within these frameworks. Additionally, the speakers provided practical knowledge about essential documents like shareholder agreements (SHA), share subscription agreements (SSA), and sale and purchase agreements (SPA), while highlighting the importance of negotiation in securing favorable terms for investors.

Throughout the course, participants engaged in interactive discussions and case studies, gaining hands-on experience with the complexities of private equity and venture capital investments. The course also focused on equipping students with skills in deal structuring, regulatory compliance, and investor relations. By fostering an environment conducive to practical learning, the course aimed to develop participants' abilities in identifying investment opportunities and effectively managing deals to ensure successful outcomes.

The seminar concluded with a follow-up plan encouraging participants to further their learning through additional readings and networking opportunities with industry professionals. Feedback from the participants will be collected to improve future sessions and tailor them to specific needs. The course provided a comprehensive foundation for understanding private equity and venture capital, enhancing students' employability and preparing them for various roles in the financial and legal sectors.

Two-Day Workshop on Career Prospects in the Regulatory Sector

Date: 25th and 26th August, 2023
Time: 10 AM
Venue: Council Room, Central Block

The School of Law at Christ (Deemed to be University), Bangalore, in collaboration with HSA Advocates, conducted a two-day workshop on "Career Prospects in the Regulatory Sector" on August 25 and 26, 2023. This event aimed to provide fourth-year BA LLB and BBA LLB (Hons) students with career guidance and technical insights into the regulatory and policy sectors. With 85 students in attendance, the workshop offered a comprehensive understanding of the career paths available within the regulatory landscape. It focused on preparing students for their upcoming recruitment drives by exposing them to real-world examples and the operational mechanisms within the regulatory sector.

The workshop kicked off with an engaging session led by Ms. Nipun Sharma, Principal Associate at HSA Advocates, who provided an in-depth introduction to Energy Laws, shedding light on the key legislative frameworks and the hierarchy of regulatory authorities. She emphasized the importance of understanding energy regulations, which govern crucial aspects of infrastructure development and policy formulation. Ms. Sharma's presentation highlighted how the complexities of energy law directly impact legal practice, offering students a real-world glimpse into the demands and expectations of working in this sector.

On the second day, the focus shifted to career opportunities within law firms operating in the regulatory and policy sector. Associate Partner at HSA Advocates, Ms. Shubhi Sharma, discussed various career paths, emphasizing the importance of staying updated on regulatory trends. She also provided valuable insights into Power Purchase Agreements (PPAs), a vital aspect of the energy sector, and elaborated on how these agreements govern the relationship between energy producers and consumers. Her session further equipped students with the knowledge necessary to navigate the complexities of regulatory laws.

Throughout the workshop, students actively engaged in discussions, case studies, and interactive presentations, gaining a nuanced understanding of how regulatory frameworks shape the legal profession. By the end of the two days, participants were better prepared to make informed decisions regarding their career paths, having developed a solid grasp of the technical and operational challenges within the regulatory sector. The workshop concluded with a call for further reading and networking, offering students a pathway to continued growth and learning in this dynamic field.

Workshop on Practice of Real Estate Law

Date: 14th July 2023
Time: 10:30 AM
Venue: Room No. 505, Central Block

On July 14, 2023, the Department of Law at Christ (Deemed to be University), Bangalore, hosted a workshop titled “Practice of Real Estate Law” in collaboration with Shardul Amarchand Mangaldas. Held in Room No. 505 of the Central Block, the workshop aimed to provide final-year students and those enrolled in real estate electives with insights into career opportunities and practical skills in the field of real estate law. The event featured presentations by Ms. Vedashree P, Senior Associate, and Mr. Sharan Goud, Associate, from Shardul Amarchand Mangaldas, who shared their expertise and experiences in the real estate sector.

The workshop commenced with an introduction to the fundamental aspects of real estate law, including due diligence and compliance with statutory requirements set by the Real Estate Regulatory Authority. The speakers provided a detailed overview of the legal due diligence process, emphasizing its critical role in real estate transactions. They also discussed the essential documents involved in real estate due diligence, such as contracts and agreements, which are crucial for ensuring that all legal and regulatory requirements are met in property transactions.

Participants gained valuable insights into the practical aspects of working in real estate law, including how to navigate complex legal frameworks and understand the intricacies of real estate agreements. The workshop aimed to prepare students for the Day Zero Recruitment Drive by equipping them with knowledge and skills relevant to real estate law, thereby enhancing their employability and career prospects in this specialized field. The session also addressed career progression opportunities within law firms that focus on real estate practice.

The event concluded with a focus on preparing students for upcoming recruitment opportunities, encouraging them to apply the knowledge gained from the workshop to their career planning and job search strategies. The workshop was well-received, providing participants with a comprehensive understanding of real estate law and its application in practice. The event's success highlighted the importance of practical training in law and its role in shaping future legal professionals.

1st Virtual National Legal Techathon

Date: 10th March 2024
Time: 11:00 AM to 4:00 PM
Venue: Google Meet (online)

On March 10, 2024, Christ (Deemed to be University), Bangalore, hosted the inaugural Virtual National Legal Techathon, an innovative online event aimed at bridging the gap between law and technology. The event, held via Google Meet, was organized in collaboration with the Christ Incubation and Entrepreneurship Support Cell. It provided a platform for students to explore and tackle contemporary challenges in law enforcement using artificial intelligence (AI)-driven solutions. The Techathon was supported by a panel of distinguished judges, including Shyam Nallasenapathy, Co-Founder of Zevi; Aditya Agarwal, Co-Founder of Highfi Me & Jiffylabs; and Aniket Dutta, Co-Founder and Global Mobility Analyst at Nyaysashtram and DEEL, who evaluated the participants' solutions.

The competition featured intellectually stimulating problem-solving activities where participants developed prototype models designed to address real-world law enforcement issues. The workshop emphasized interdisciplinary collaboration and the creation of practical AI-based solutions. Participants were tasked with applying their analytical skills and creativity to devise innovative responses to legal challenges, showcasing their ability to integrate technology with legal practices.

The event concluded with a valedictory ceremony and a guest lecture by Ashok G.V., co-founder and partner at Allied Law Practices. His lecture, titled "Examining Loopholes and Weakening Responsibility in the DPDP Act, 2023: Can It Achieve Its Intended Purpose?" provided valuable insights into current legal frameworks and their effectiveness. The Techathon not only fostered creativity and problem-solving among students but also facilitated networking opportunities with industry experts and peers.

Following the event, there are plans to continue facilitating learning and exchange of ideas among participants and industry professionals. The Techathon has set a benchmark for future events by highlighting the significance of integrating law with technology and addressing global legal challenges through innovative solutions. The event's success reflects its alignment with key Sustainable Development Goals (SDGs), including promoting economic growth, innovation, and inclusive societies.

Panel Discussion—"Navigating the Future: Policy Frameworks for Ethical AI in India" & 1st National Policy Drafting Competition

Date: March 26, 2024
Time: 9:00 AM—4:30 PM
Venue: Panel Discussion, K.E. Auditorium, Auditorium, Meet (Online)
National Policy Drafting Competition—Google Meet (Online)

On March 26, 2024, Christ (Deemed to be University), Bangalore, hosted a significant event focusing on the emerging intersection of artificial intelligence (AI) and legal frameworks. The day was divided into two main activities: a panel discussion on "Navigating the Future: Policy Frameworks for Ethical AI in India" and the 1st National Policy Drafting Competition. The panel discussion took place in the K.E. Auditorium, while the competition was held online via Google Meet.

The panel discussion featured prominent experts including Alok Prasanna Kumar, Co-Founder of Vidhi Centre for Legal Policy; Raghav Muthanna, Principal Associate at Indus Law, Bangalore; Aishani Rai, Senior Research Associate at Aapti Institute; and Deepa Padmar, Research Fellow at Vidhi Centre for Legal Policy. The discussion, moderated by Aishani Rai, addressed the rapid advancement of AI technology and the necessity for ethical policy frameworks to govern its use. The speakers engaged the audience with insightful discussions on the role of AI in legal practice and the imperative for effective regulation to ensure ethical usage.

The National Policy Drafting Competition, which followed the panel discussion, saw participation from eight teams of law students. They presented their drafted policies addressing ethical AI usage, demonstrating their analytical skills and innovative thinking. The competition, which began at 1:30 PM, concluded with the announcement of results at 4:00 PM, followed by a vote of thanks from the convenors.

The event provided a platform for students to explore the intersection of law and technology, encouraging them to delve into technology law and policy drafting. Key takeaways included insights into the growing importance of AI in legal contexts and the necessity for regulatory measures to ensure ethical application. The discussions also highlighted career opportunities in the field of AI and technology law, urging students to enhance their skills and pursue relevant internships and courses.

Follow-up Plan: To encourage continued interest and development in technology law, with a focus on policy drafting and ethical AI. Future initiatives will aim to provide students with further opportunities for engagement and learning in this rapidly evolving field.

LAW266: Development and Public Policy
LAW786B: Cyber Law
LAW985C: Artificial Intelligence and Law

Cross-cutting Issues:
SDG 8: Promote sustained, inclusive, and sustainable economic growth, full and productive employment, and decent work for all.
SDG 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all, and build effective, accountable, and inclusive institutions at all levels.

The event effectively addressed global challenges and advancements in AI, providing valuable insights into the necessity of ethical frameworks and regulation. It underscored the importance of developing practical skills in technology law and policy drafting, aligning with SDGs for economic growth and inclusive societies.

Seminar on the Significance of Economics in Dispute Resolution: From the Perspective of a Practicing Advocate

Location: School of Law, Christ (Deemed to be University), Bangalore
Venue: Skyview
Date: 4th October 2023
Time: 9:30 AM- 11:00 AM

The School of Law at Christ (Deemed to be University), Bangalore, hosted a seminar on the "Significance of Economics in Dispute Resolution: From the Perspective of a Practicing Advocate" on October 4, 2023. Held at the Skyview venue, the seminar aimed to provide law students with insights into how economic principles can influence and enhance dispute resolution practices. The event was conducted by Ronak Chabbiria, Advocate at Holla and Holla Advocates, who presented on the integration of economic concepts into legal dispute resolution.

The session commenced with an overview of basic economic principles to ground the students in the subject matter. Ronak Chabbiria engaged participants through interactive discussions and real-life scenarios, including a detailed examination of the Humans of Bombay vs. People of India case. He illustrated how economic reasoning can be applied to legal disputes and advised clients based on these principles. The seminar aimed to bridge the gap between economic theory and legal practice, emphasizing how every legal dispute can be analyzed from an economic perspective.

Key takeaways from the seminar included an enhanced understanding of the role of economic concepts in legal dispute resolution. Students learned to view legal disputes through the lens of economic efficiency and rational decision-making, applying theories such as the Coase theorem. This perspective is crucial for developing well-rounded legal strategies and solutions.

The event was designed for first-year law students to highlight the relevance of economics in the legal field. It provided practical insights into how economic principles can be integrated into legal education and practice. Moving forward, the School of Law plans to conduct more interactive sessions to further explore the impact of economics on various areas of law.

Mapping with Program Outcomes & Program Specific Outcomes:
The seminar was closely aligned with the program outcomes and program-specific outcomes of the UG BA/BBA LLB program. It helped students effectively articulate legal opinions by incorporating economic reasoning, employ critical thinking to develop sound arguments, and engage in effective dispute resolution by considering both legal and economic aspects. By understanding economic factors, students are better equipped to handle challenges in dispute resolution and suggest practical solutions.

Local, regional, and national needs:
The seminar addressed local, regional, national, and global needs by equipping students with skills to navigate the intersection of law and economics. It supported the development of strategies that promote fair outcomes at various levels, preparing students to meet the growing demand for professionals who can integrate economic principles into legal practices.

Cross-Cutting Issues:
SDG 4: Quality Education
SDG 8: Decent Work and Economic Growth
SDG 12: Responsible Consumption and Production
SDG 16: Promote Peaceful and Inclusive Societies

The Ascent of Money: A Financial History of the World: Dreams of Avarice

Location: Central Block, Christ (Deemed to be University), Bangalore (Central Campus)
Date: 19th-20th October 2023
Time: 9:30 AM-12:45 PM

General Information:

The School of Law at Christ (deemed to be Univa University) organized a documentary screening titled *The Ascent of Money - A Financial History of the World: Dreams of Avarice* from October 19th to 20th, 2023. Held in the Central Block of the Central Campus, the event aimed to foster a deeper understanding of financial literacy among law students. The documentary explored the historical evolution of financial systems and their impact on global economies, focusing on the theme of avarice and abundance sequences.

Participants Profile:
The screening was attended by 180 law students from the School of Law, Christ (deemed to be a university). Participants were engaged in exploring the intricate relationship between finance and legal systems.

Synopsis of the Activity (Description):
The documentary screening commenced with an introductory overview, setting the stage for a comprehensive understanding of the film's subject matter. *The Ascent of Money* delved into the historical development of financial systems worldwide, emphasizing the concept of avarice and its influence on economic practices. The screening provided valuable insights into the role of money and finance throughout history, highlighting their impact on both individuals and organizations.

Highlights of the Activity:
- The documentary provided a thorough examination of the pursuit of wealth and material gain across different periods and its implications.
- The film offered a critical view of financial practices, encouraging students to reflect on the ethical and moral dimensions of economic decisions.
- The session promoted critical thinking and a broader perspective on financial and economic matters, enriching students' understanding of these crucial areas.

Key Takeaways:
- Students gained an awareness of the intense desire for wealth and its potential consequences.
- The documentary illustrated the ramifications of a single-minded pursuit of financial success and the broader impacts of such pursuits on global economies.

Summary of the Activity:

The two-day screening of *The Ascent of Money - A Financial History of the World: Dreams of Avarice* was organized to enhance the financial literacy of law students. The documentary provided insights into the historical development of financial systems and their impact on the world. By examining the ethical and moral implications of financial practices, the screening aimed to foster informed decision-making and critical thinking among students. The event successfully highlighted the significance of understanding financial history in the context of legal studies.

Follow-up Plan:
Future sessions will be organized to further deepen students' understanding of economics and its relevance to various areas of law. Continued educational activities will focus on integrating financial literacy with legal studies to better equip students for their professional careers.

Mapping:

Programme Outcomes (POs):
- PO 1: Contributing to legal scholarship by critically appraising laws and legal theories, including interdisciplinary issues.
- PO 3: Employing critical thinking and logical legal reasoning to develop sound arguments and effective suggestions.
- PO 4: Identifying, predicting, and mitigating challenges while engaging in effective dispute resolution.

- Programme Specific Outcomes (PSOs):
- PSO 1: Analyzing legal problems and suggesting measures in compliance with the law.

- Local, Regional, National, and Global Needs:
- LAW333 - Law and Economics (National and Global)
- LAW686D - Economics of International Trade (National and Global)

- Employability/Entrepreneurship/Skill Development Needs:
- LAW333: Law and Economics
- LAW686D - Economics of International Trade

- Cross-Cutting Issues:
- Economic issues related to globalization and financial crises.
- SDG 4: Quality Education
- SDG 8: Decent Work and Economic Growth
- SDG 12: Responsible Consumption and Production
- SDG 16: Peace, Justice, and Strong Institutions

Seminar on WTO: A Step Forward Towards Gains from Trade

Date: 23rd March 2024
Time: 10:20 AM - 11:05 AM
Venue: Room 403

The School of Law at Christ (Deemed to be University), Bangalore, hosted a seminar titled "WTO: A Step Forward Towards Gains from Trade" on March 23, 2024. The session, held in Room 403, was designed to enhance students' understanding of international trade dynamics and the role of the World Trade Organization (WTO) in facilitating global trade.

Dr. Sunitha Abhay Jain, a professor at the School of Law, Christ (Deemed to be University), was the keynote speaker. Her presentation focused on how the WTO advances gains from trade through its regulations and dispute resolution mechanisms. The seminar featured a detailed discussion on the economic principles underlying WTO operations and included an examination of recent international trade disputes, such as the Section 301 investigation initiated by the United States into China's intellectual property practices.

The seminar was attended by 65 law students from the School of Law. The session was highly interactive, with Dr. Jain engaging students through questions and real-life examples. The discussion highlighted how tariff impositions impact global trade and the effectiveness of international trade policies.

The seminar provided key insights into the functions of the WTO and its impact on international trade. Students gained a deeper understanding of how global trade organizations contribute to creating efficient trade networks and monitoring trade policies. The event underscored the importance of integrating economic principles into legal studies, preparing students for careers in international trade and legal practice.

Looking ahead, there are plans to organize more interactive sessions to further explore the intersection of economics and law. This initiative aims to enhance students' comprehension of economics in various legal contexts and prepare them for future professional challenges.

Mapping:

- Programme Outcomes (POs):
  - PO 1: Contributed to legal scholarship by exploring economic theories and their application in international trade law.
  - PO 3: Emphasized critical thinking and legal reasoning through analysis of WTO policies and their impact on trade disputes.
  - PO 4: Provided insights into identifying and mitigating challenges in international trade and dispute resolution.

- Programme Specific Outcomes (PSOs):
  - PSO 1: Analyzed the socio-political structure and policy changes related to international trade.
  - PSO 1: Suggested measures in compliance with international trade laws and policies.

- Local, Regional, National, and Global Needs:
  - LAW 133 - Principles of Economics
  - LAW 233 - Institutional Economics
  - LAW 333 - Law and Economics
  - LAW 686D - Economics of International Trade

- Employability/Entrepreneurship/Skill Development Needs:
  - LAW 686D - Economics of International Trade: Addressed economic issues related to globalization and trade-offs between growth and equity.

- Cross-Cutting Issues:
  - SDG 4: Quality Education
  - SDG 8: Decent Work and Economic Growth
  - SDG 12: Responsible Consumption and Production
  - SDG 16: Peace, Justice, and Strong Institutions

XIV National Conference on Enhancing Judicial Administration: Application of Procedural Law and Ensuring Access to Justice in India

Location: Christ (Deemed to be University), Bengaluru, India

Venue:
Day 1 - Inaugural Ceremony: Main Auditorium, Christ (Deemed to be University), Bengaluru
Day 2 - Valedictory Ceremony: KE Auditorium, Christ (Deemed to be University), Bengaluru
Date: January 22nd-23rd, 2024
Time: January 22, 2024: 9:00 AM - 3:00 PM
January 23, 2024: 12:00 PM-3:30 PM
Collaboration/Sponsor: Avadhani & Associates, Hyderabad

The XIV National Conference on Enhancing Judicial Administration was held on January 22nd and 23rd, 2024, at Christ (Deemed to be University), Bengaluru. The conference focused on "Enhancing Judicial Administration: Application of Procedural Law and Ensuring Access to Justice in India," aiming to address contemporary legal issues through in-depth discussions and presentations. The event began with an inaugural ceremony featuring Hon'ble Mr. Justice P.S. Dinesh Kumar, Chief Justice of the High Court of Karnataka, who delivered a keynote address on the theme.

The conference attracted significant participation from BA/BBA LLB and LLM students, authors, academicians, professionals, and research scholars. On Day 1, the conference saw 59 participants engage in discussions and paper presentations, while Day 2 featured 16 participants in focused sessions. A total of about 100 abstracts were submitted, with 40 full papers selected for presentation. Technical sessions were held across six conference halls, with presentations evaluated on clarity, originality, justification, and organization.

The conference highlighted various aspects of judicial administration, including streamlining procedural laws to expedite case management, leveraging technology for improved accessibility, and ensuring equal access to justice for marginalized groups. Emphasis was placed on the need for continuous training for legal professionals, promoting alternative dispute resolution mechanisms, and maintaining transparency within the judiciary.

The event concluded with a valedictory ceremony and a guest lecture by Ganapathy Subbaiah, Partner in Dispute Resolution at Khaitan & Co., who provided further insights into the conference themes. The successful execution of the conference was attributed to the efforts of the organizing committee, student conveners Ms. Abhiniti Vats and Mr. Hethu Raghav S, and faculty coordinators Dr. Gopi Ranga Nath and Dr. Abhishek Sharma. The conference fostered valuable dialogue, shared best practices, and proposed actionable strategies to enhance judicial administration and uphold access to justice in India.

International Women's Day: Panel Discussion on Women in the Workplace

Location: Christ (Deemed to be University), Bangalore, India
Venue: Room 105, Central Block, Christ (Deemed to be University), Bangalore
Date: 18th March 2024 [Monday]
Time: 10:30 a.m. p.m.

The panel discussion on "Women in the Workplace," held on International Women's Day, March 18, 2024, at Christ (Deemed to be University), Bangalore, provided a comprehensive exploration of gender dynamics within professional environments. The event featured prominent speakers, including Priya Varadharajan, founder of Durga NGO; Tara Krishnaswamy, founder of Political Shakti; Veena Gopalakrishnan, partner at Trilegal; and Lekha Sukhi, associate at Trilegal. The discussion aimed to address current challenges and advancements related to women's roles in various industries.

Key highlights of the discussion included the progress made in gender equality, such as increased representation of women in leadership roles and efforts to close the gender pay gap. However, systemic biases and the need for better support for working mothers were also significant topics. The panel underscored the importance of creating inclusive workplaces through supportive policies and emphasized the need for ongoing advocacy and action to promote gender equality.

The panelists shared insights on intersectional feminism, mentorship, and the role of male allies in advancing gender equality. They discussed strategies to combat gender bias, close the pay gap, and promote women into leadership positions. Attendees were encouraged to prioritize gender diversity and inclusion within their organizations and to support initiatives that foster equitable work environments.

The event concluded with an emphasis on the continued efforts needed to achieve gender parity and the importance of collective action towards a more equitable future. The Gender Studies Committee, led by Aswathy Rakesh, looks forward to facilitating further discussions and initiatives to promote gender equality and sensitization within the School of Law.

Internal Debating Ranking Rounds 2023-24

Location and Venue:
Christ (Deemed to be University), Bangalore
4th & 5th Floor, Central Block, Christ (Deemed to be University)

Date and Time:
August 16th–18th, 2023
3:30 p.m. onwards

The Internal Debating Ranking Rounds 2023-24, held at Christ (Deemed to be University) from August 16th to 18th, 2023, provided a dynamic platform for the students of the School of Law to hone their debating skills. The event, which took place on the 4th and 5th floors of the Central Block, saw participation from first- to fifth-year students. The workshop included two days dedicated to debate rounds and one day for adjudicator ranking, focusing on the Asian Parliamentary Debate format.

The first two days were marked by detailed briefings on debating procedures and the assigned motions, allowing participants 20 minutes of preparation before engaging in the debate rounds. On the final day, participants were briefed on adjudication procedures, followed by the screening of CUPD 2022–23 final rounds, where they prepared for and participated in the adjudicator ranking rounds. The event aimed to instill debating nuances and prepare students for external competitions.

The workshop significantly contributed to the participants' debating skills, providing them with a platform to demonstrate their abilities and utilize their ranks for future competitions. The event emphasized the importance of understanding debating culture and showcased the students' potential for effective argumentation in various contexts.

Moving forward, the committee plans to enhance the debating culture by organizing practice sessions and providing access to debating materials and coursework. This initiative aims to encourage continuous improvement and greater participation in external debating competitions, representing the School of Law at Christ (Deemed to be University).

Navigating ADR in IP Law: Multi-Jurisdictional Perspectives

Location and Venue:
Virtual, Zoom Meeting

Date and Time:
September 8th, 2023
6:35 PM to 8:05 PM

The national-level webinar titled "Navigating ADR in IP Law: Multi-Jurisdictional Perspectives" was held virtually on September 8th, 2023. This webinar, organized by the Intellectual Property Rights Committee of the School of Law at Christ (Deemed to be University), Bangalore, attracted 204 participants, including law students, academicians, and legal practitioners from across India. The session provided a comprehensive exploration of Alternative Dispute Resolution (ADR) in the context of intellectual property (IP) law from various international perspectives.

The webinar featured distinguished speakers: Mr. Russell E. Levine from Kirkland & Ellis LLP, Chicago, who discussed mediation in U.S. patent litigation; Mr. Alban Kang from Bird & Bird, Singapore, who addressed arbitrating IP disputes in Singapore; and Ms. Isha Singh from the WIPO Arbitration and Mediation Center, Geneva, who presented on the role and procedures of the WIPO Center in handling IP cases. These presentations provided valuable insights into the practical applications and strategic considerations of ADR in different jurisdictions.

The interactive session included real-world case studies and a Q&A segment that engaged participants and facilitated networking opportunities. The discussions highlighted the benefits of ADR, such as confidentiality and enforceability, and showcased the practical aspects of resolving IP disputes through various ADR mechanisms. The event underscored the importance of ADR in IP law and its contribution to sustainable development by promoting innovation and fair dispute resolution.

The committee plans to build on the success of this webinar by organizing more events and fostering collaborations between Christ (Deemed to be University) and international law firms and universities. This initiative aims to further enhance students' understanding of ADR in IP law and support their career development in this specialized field.

Corporate Secretary Orientation

Location and Venue:
Christ (Deemed to be University), Bangalore
Sky View, Central Block

Date and Time:
August 17, 2023
9:30 a.m. to 11:05 a.m.

On August 17, 2023, Christ (Deemed to be University), Bangalore hosted a corporate secretary orientation aimed at first-year BA LLB and BBA LLB students. Held in the Sky View of the Central Block, this seminar featured Mr. Sai Kumar D, a company secretary with qualifications in LLB and BCom, as the keynote speaker. The session provided an in-depth overview of the Company Secretary course, including its various phases, examination details, and the employment opportunities it affords.

Mr. Sai Kumar's presentation was comprehensive, covering the intricacies of the Company Secretary examinations and outlining the career prospects available to graduates. The orientation included a Q&A session where students had the opportunity to address their queries directly with the speaker. This interactive format enriched the students' understanding of the course and its advantages.

The seminar proved to be highly informative, helping students gain valuable insights into the field of corporate law. It clarified many aspects of the company secretary role and addressed common myths associated with the profession. The orientation successfully bridged the gap between theoretical knowledge and practical application, aiding students in making informed decisions about their career paths.

Looking ahead, the committee plans to provide ongoing support and guidance to interested students, including coaching and additional resources.The orientation not only fulfilled educational objectives but also aligned with several Sustainable Development Goals, emphasizing quality education, economic growth, and industry innovation.

1st War of Words

Location and Venue:
School of Law, Central Campus,
Christ (Deemed to be University), Bangalore

Date and Time:
October 13, 2023
4:30 p.m. to 6:30 p.m.

On October 13, 2023, Christ (Deemed to be University), Bangalore, hosted the "1st War of Words" internal competition at the School of Law, Central Campus. This event, which took place from 4:30 p.m. to 6:30 p.m., saw the participation of 96 students, divided into 32 teams. The competition aimed to enhance students' public speaking, debating, and critical thinking skills within the legal domain.

The event featured a dynamic format where second-year teams dominated the top positions. The team comprising Sunidhi S. Hegde, Vanshika Jha, and Nanjappa M. C. secured first place, while the second place was claimed by another second-year team of Steve Koshy, Sarah Matthew, and Arushi Rachel. The third prize went to a first-year team consisting of Advaith K, Tarun Joseph, and Vaibhav Srinivas. The judges praised the participants for their effective articulation, critical analysis, and crisis management skills displayed during the competition.

The "First War of Words" provided a valuable platform for students to practice and refine their oratory skills and engage in constructive discourse. The event highlighted the importance of critical thinking and communication in the field of law. Participants displayed impressive oratory skills, problem-solving abilities, and effective handling of unforeseen business crises, making the competition a rewarding experience for all involved.

Moving forward, the Management Studies Committee plans to continue the "War of Words" in the next academic year, with the aim of further developing students' skills and fostering a competitive spirit

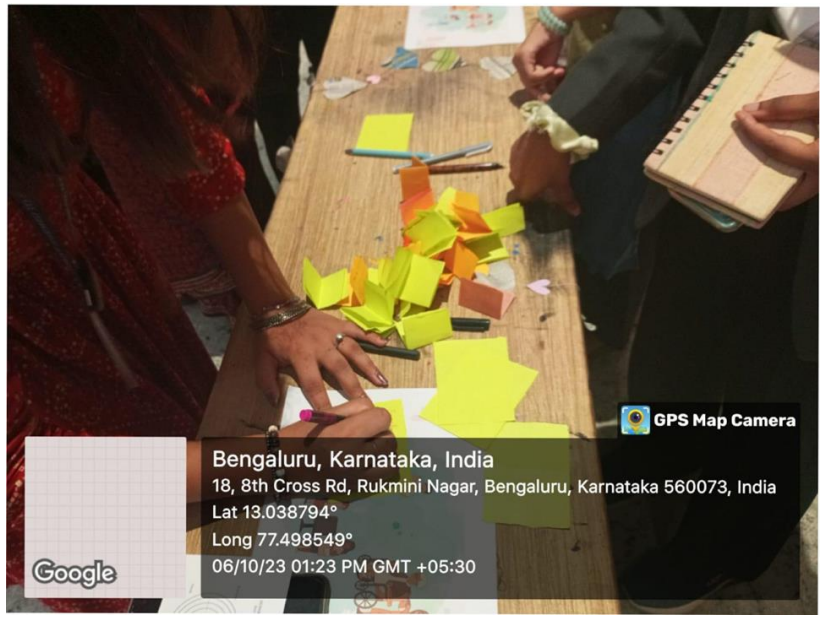

Random Act of Kindness

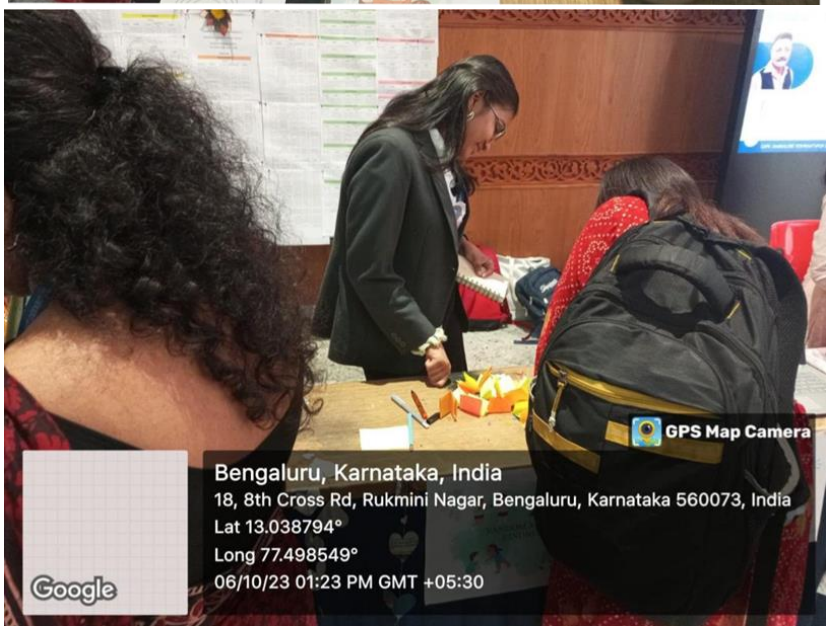

Title: Metaphors on Life
Date: 6th October 2023
Time: 1:00—2:00 PM
Location: Near the foyer area of C—BBlock & Near the foyer area of B—Block

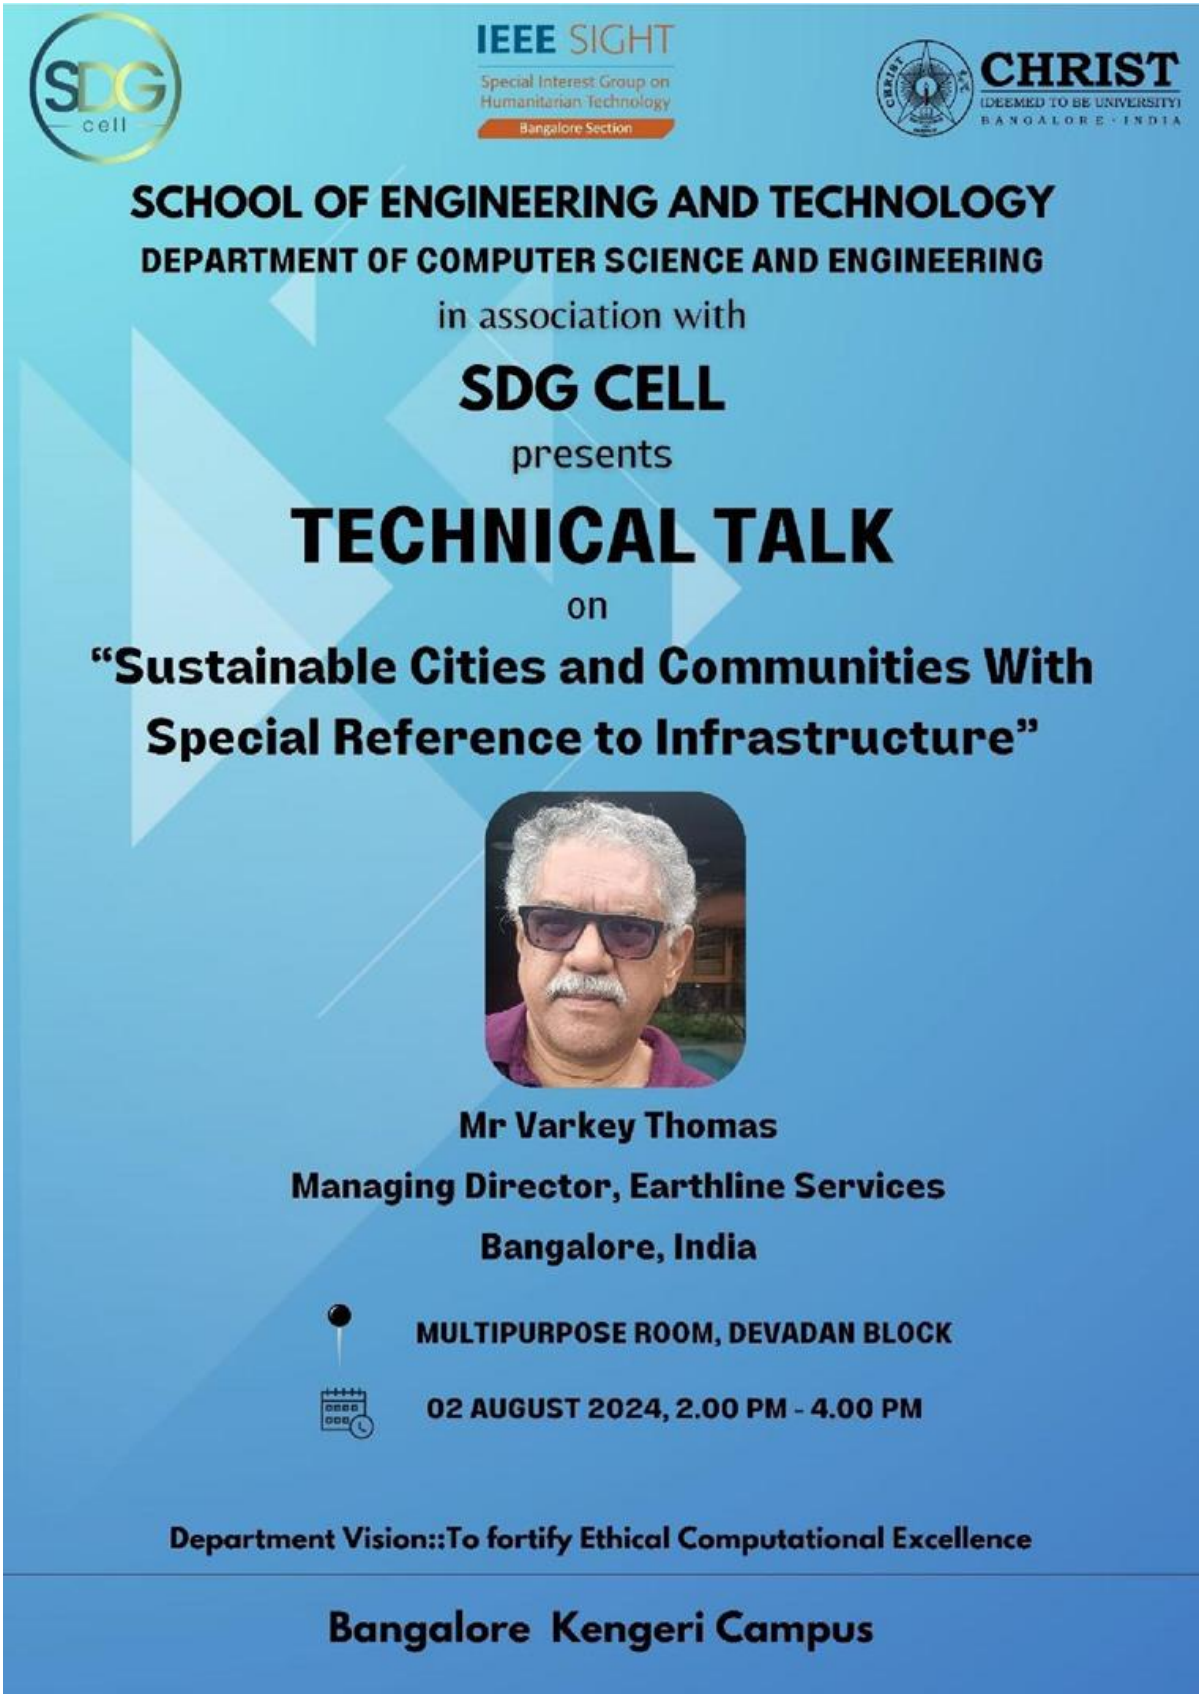

General Information:
The "Metaphors on Life" activity was organized as part of an awareness initiative aimed at fostering positivity and kindness among students. Held near the foyer areas of C and B Blocks, the event saw active participation from students across various departments. The activity's core involved writing kind and affirmative messages on cards, which were then exchanged among participants to receive similar messages from strangers, thereby promoting a sense of connection and positivity. Additionally, the activity included the distribution of flowers (Gajra) to the female janitorial staff, enhancing the event's impact and demonstrating appreciation for their hard work.

Highlights of the Activity:
The event successfully encouraged students to engage in acts of kindness and positivity. Participants wrote positive messages on chits and exchanged them to receive affirmations from peers. The distribution of flowers to the female janitorial staff was a notable highlight, reflecting the students' appreciation for their contributions to maintaining a clean campus environment. This dual approach of message exchange and direct acts of kindness significantly impacted both the students and the staff.

Key Takeaways:
The "Metaphors on Life" activity effectively reinforced the importance of kindness and appreciation within the campus community. Students reported feeling valued and uplifted by the exchange of positive messages, while the janitorial staff was visibly touched by the gesture of receiving flowers. The event highlighted the power of small acts of kindness in creating a supportive and appreciative atmosphere.

Technical Talk on "Sustainable Cities and Communities with Special Reference to Infrastructure"

Location: Multipurpose Room, Devdan Block, Kengeri Campus, CHRIST (Deemed to be University), Bangalore
Date: August 2, 2024
Time: 2:00 pm–4:00 pm

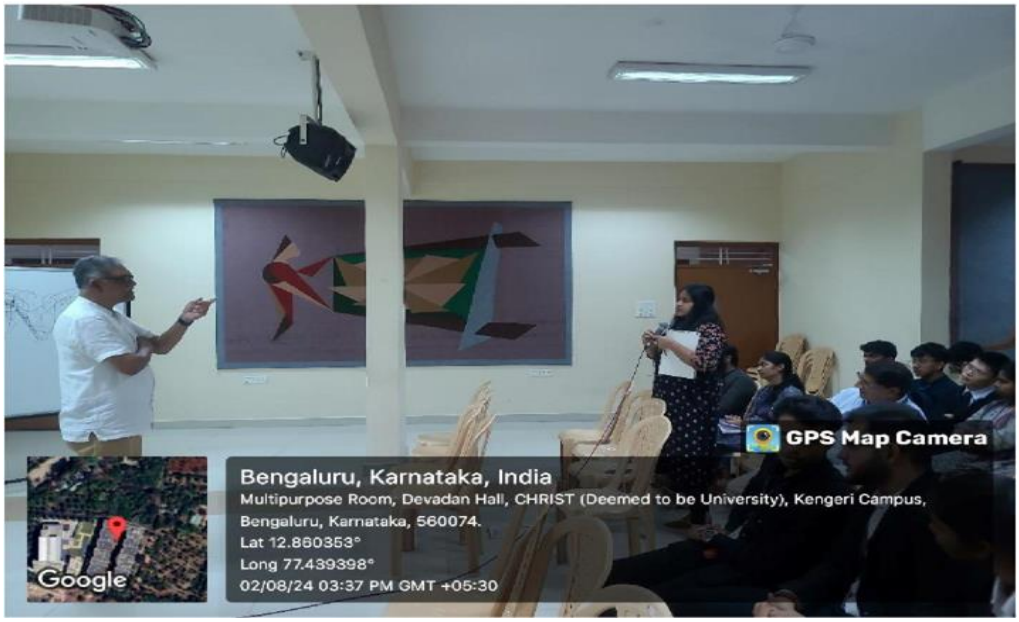

On August 2, 2024, the School of Engineering and Technology, Department of Computer Science and Engineering at CHRIST (Deemed to be University), Bangalore, hosted a technical talk titled "Sustainable Cities and Communities with Special Reference to Infrastructure." The event took place in the Multipurpose Room, Devdan Block, Kengeri Campus, from 2:00 pm to 4:00 pm. The talk was organized in collaboration with the SDG Cell of the CSE Department.

Mr. Varkey Thomas, Managing Director of Earthline Services Pvt Ltd, was the esteemed speaker for the session. With a focus on sustainable development, Mr. Thomas provided valuable insights into how infrastructure can be designed and implemented to promote sustainable urban environments. His extensive experience in the field was evident throughout his presentation, and attendees had the opportunity to engage with him during the Q&A session.

The event saw participation from 75 individuals, comprising both students and faculty members. The audience was actively involved, contributing to a vibrant discussion on the role of technology and infrastructure in building sustainable cities.

Photographs and brochures from the event are available for reference, showcasing the engaging session and the informative exchange between Mr. Thomas and the participants.

RPA: The Future of Digital Transformation

Location: Christ (Deemed to be University), Bangalore, R&D Block, 6th Floor, Room No. 628

Date/Time: 31st August 2023, 02:00 PM — 04:00 PM

Activity Report

The School/Department of Computer Science at Christ (Deemed to be University), Bangalore, organized a training session titled "RPA: The Future of Digital Transformation" on August 31, 2023. The event took place in Room No. 628, R&D Block, and was conducted between 2:00 PM and 4:00 PM. The session was led by Mr. Abhijit Srinivas and Mr. Anuj Srivastava from UiPath, who shared their expertise on robotic process automation (RPA). A total of 119 students, faculty, and research scholars participated in this engaging session.

The activity focused on exploring the fundamentals of automation and its significance in the modern digital landscape. The session featured a comprehensive discussion on RPA and included a live demonstration that showcased how automation can streamline processes and enhance efficiency. The presenters illustrated various aspects of RPA and its potential to foster innovation in today's dynamic technological environment.

The session was well-received, with participants expressing enthusiasm and curiosity about the future of digital transformation. Dr. Cecil Donald, who orchestrated the event, emphasized the importance of RPA in shaping the future of technology. Moving forward, the department plans to conduct additional workshops for students to further explore digital transformations and enhance their understanding of emerging technologies.

Date: 24th October 2023 to 1st November 2023

Activity Report
The Department of Computer Science at Christ (Deemed to be University), Yeshwanthpur Campus, Bangalore, hosted a blog writing contest from October 24, 2023, to November 1, 2023. The contest was conducted online, allowing students from various disciplines to participate. The event was spearheaded by Dr. Kalpana P, Assistant Professor, along with student representatives Adithya Ajith, Sneha Joseph, and Mehul Prajapat.

The competition aimed to deepen participants' understanding of Sustainability Development Goals (SDGs) and analyze strategies for their implementation. Over the course of the contest, students engaged in writing blogs that evaluated awareness and knowledge of sustainability and its practical applications. The total number of participants was 22, with a select few receiving recognition for their exceptional work.

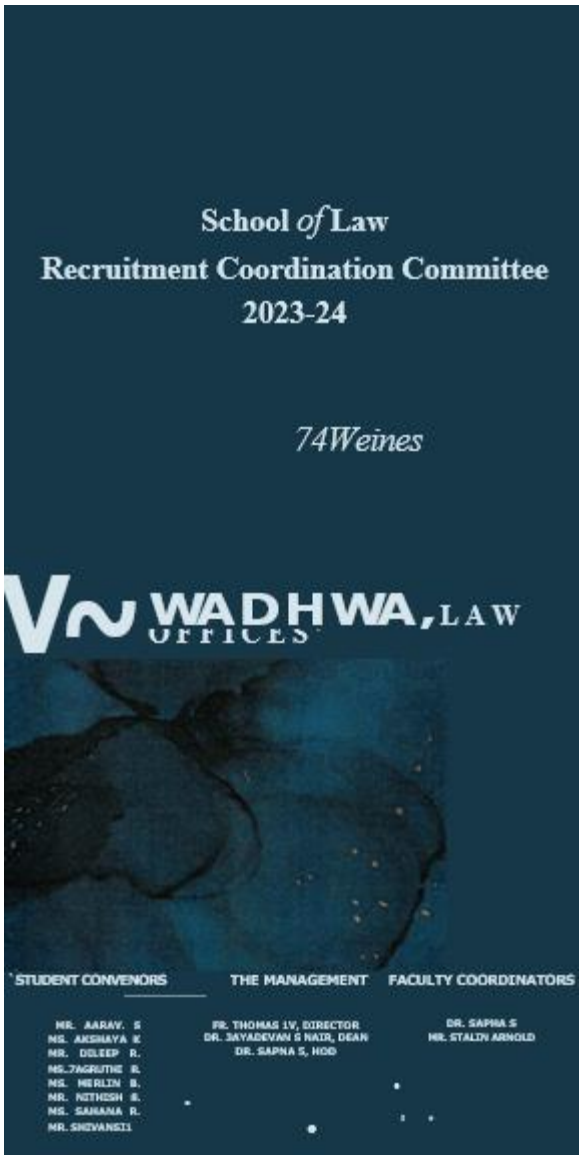

The activity was well-publicized through announcements and posters circulated across classes, and an email was sent with the blog submission link. The top blogs were awarded certificates to acknowledge the outstanding contributions. Following the contest, the department plans to organize more activities to raise awareness and promote the implementation of SDGs among students. For further details, the registration and submission links are provided in the annexure.

Blog-it Out: The Ultimate Blog Writing Competition

RULES AND GUIDELINES

1. Last date for registration is **24-October-2023** and the blog submission ends on **01st November 2023**.
2. Top 10 participants will be rewarded with **e-certificates**.
3. Participants are required to use the **Blogger platform** as the medium for crafting and publishing their content.
4. All submitted content must be entirely novel/original and it must **not be a plagiarized** one.
5. Participants are explicitly **prohibited to use any kind of Artificial Intelligence (AI) tools** for populating the content for their blogs.
6. The content within the blogs should be meticulously tailored to align with **specific goal**.
7. Participants must adhere to a **minimum word limit of 1500 words,** ensuring that the content is **substantive and comprehensive**.
8. Participants will be provided with the **google form link after registration for submitting their blog link**.
9. **Judges' decisions will be final** and the evaluation is based on the way the content was written and the innovative implementation strategies.

Pre-Placement Career Guidance by Wadhwa Law Offices

Location: Christ (Deemed to be University), Bangalore
Venue: Council Room, Central Block
Date/Time: 19th July 2023, 10:00 AM

Activity Report:

The School of Law at Christ (Deemed to be University), Bangalore, conducted a workshop titled "Pre-Placement Career Guidance by Wadhwa Law Offices" on July 19, 2023. Held in the Council Room of the Central Block, the workshop aimed to prepare law students for successful careers in the legal field. The session began at 10:00 AM and featured presentations by Ms. Rachita Nadig, Mr. Adarsh G, and Mr. Abhinav Benjamin, all Partners at Wadhwa Law Offices.

The workshop provided an in-depth overview of the legal industry, emphasizing essential skills for career development. Key highlights included discussions on the importance of networking, crafting effective resumes and cover letters, and preparing for interviews. The speakers also stressed the need for practical experience through internships, adherence to professional ethics, and maintaining a work-life balance. A Q&A session further clarified students' doubts and provided additional insights into the legal profession.

The event was a significant step in equipping students with the tools needed for their future careers. The Recruitment Coordination Committee plans to organize more such workshops and maintain a close relationship with Wadhwa Law Offices to ensure students are well-prepared for recruitment processes. The workshop aligned with various program outcomes and skill development needs, contributing to the holistic development of students and addressing both local and global needs in the legal profession.

Ujjivan Bank Pre-Placement Talk and Interviews

Location: Christ (Deemed to be University), Bangalore
Venue: Council Room, Central Block
Date/Time: 16th July 2023, 10:00 AM

Activity Report
The School of Law at Christ (Deemed to be University), Bangalore, hosted a workshop titled "Ujjivan Bank Pre-Placement Talk and Interviews" on July 16, 2023. Held in the Council Room, Central Block, the event commenced at 10:00 AM. This workshop was organized in collaboration with Ujjivan Small Finance Bank and featured key speakers from the bank, including Mr. Srikumar V V, Head of Legal; Mr. Abhinav Prakash, Corporate Legal Manager; and Ms. Surbhi Priya, Manager, Campus Relations.

The workshop provided students with a thorough understanding of Ujjivan Small Finance Bank's values, mission, working culture, and the general functioning of the bank. It also included detailed information about the bank's selection and promotion processes. The session was followed by an assessment and group discussion, with selected students proceeding to interviews conducted by Ujjivan Bank representatives. The event aimed to equip students with essential insights into the bank's operations and enhance their preparedness for the corporate world.

The follow-up plan includes organizing additional pre-placement talks and maintaining ongoing communication with Ujjivan Small Finance Bank to ensure that students develop the skills and qualifications sought by recruiters. This initiative supports the development of employability skills and aligns with both national and global industry needs, including fostering gender equality and promoting innovation and infrastructure as outlined in SDG5 and SDG9.

Workshop on Career Prospects in the Field of Intellectual Property Rights

Location: Christ (Deemed to be University), Bangalore, Room 105, Central Block
Date/Time: 18th August 2023, 12:30 PM

Activity Report 2023-24

The School/Department of Law at Christ (Deemed to be University), Bangalore, organized a workshop titled "Career Prospects in the Field of Intellectual Property Rights" on August 18, 2023. Held in Room 105 of the Central Block, the workshop began at 12:30 PM. This insightful session was presented by Mr. Satyam Rathore and Ms. Lipi Parashar, Senior Associate and Associate, respectively, from K&S Partners, who shared their expertise on the growing field of intellectual property rights (IPR).

The workshop aimed to equip 44 students from the 4th year and LLM programs with essential knowledge about career opportunities in IPR. The session covered the skills required to excel in this domain and provided an overview of the various focus areas within IPR. The speakers also offered valuable insights into the operational dynamics of law firms, with a particular emphasis on K&S Partners, and discussed potential internship and job prospects in the industry.

The event was a significant opportunity for students to gain clarity on IPR practice areas and understand the industry's demands. Following this successful workshop, the committee plans to organize more events in collaboration with industry experts to ensure that students remain well-prepared for their future careers. This initiative aligns with the university’s commitment to enhancing employability and bridging the gap between academic learning and industry requirements.

Workshop on Pre-Placement Career Guidance by King and Partridge

Location: Christ (Deemed to be University), Bangalore
Venue: Council Room, Central Block
Date: 11 July 2023
Time: 10:30 AM

Activity Report 2023-24

The School of Law at Christ (Deemed to be University), Bangalore, hosted a workshop on Pre-Placement Career Guidance on July 11, 2023, in the Council Room, Central Block. The event, conducted at 10:30 AM, was organized in collaboration with King and Partridge. The session featured prominent speakers, Vinay Giri and Rashmi Subramanyam, both senior partners at King and Partridge. The workshop aimed to equip students with the knowledge and insights necessary for making informed career decisions in the legal field.

The workshop provided a comprehensive overview of King and Partridge's organizational culture, values, and ethical practices. Key highlights included discussions on the firm's commitment to gender diversity, work-life balance, and its focus on nurturing young talent. The speakers emphasized the importance of internships and practical experience, showcasing how these elements are integral to a successful legal career. The session also prepared students for the Day Zero Placement Drive by offering valuable insights into the firm's expectations and the skills required for prospective candidates.

In summary, the workshop was a significant step in preparing students for their future careers. The Recruitment Coordination Committee 2023-24, led by Vaibhavi Gundagurthi, organized the event. The committee plans to arrange additional events in collaboration with King and Partridge to further enhance students' readiness for the job market. The total budget approved for the workshop was INR 5600, reflecting the commitment to providing quality career guidance and support to the students.

K-Law Recruitment for the Batch of 2023

Location: Christ (Deemed to be University), Bangalore
Venue:Moot Court Hall, 4th Floor, Central Block
Date/Time: 7th July 2023, 11:00 AM

Activity Report

The School of Law at Christ (Deemed to be University), Bangalore, hosted a workshop on recruitment titled "K-Law Recruitment for the Batch of 2023" on July 7, 2023. The event took place at the Moot Court Hall, 4th Floor, Central Block, and commenced at 11:00 AM. The workshop, conducted in collaboration with Krishnamurthy & Co., provided a platform for recent graduates to engage with leading professionals in the legal field. Three partners from Krishnamurthy & Co. conducted interviews with 17 students, focusing on their suitability for positions within the firm's transaction team.

The recruitment session highlighted the smooth execution of interviews and the positive experience of the candidates. Two candidates were shortlisted for further consideration following the interview process. The event offered valuable insights into the professional expectations and opportunities within the legal industry, effectively bridging the gap between academic learning and practical application in the workforce.

Following the event, plans are in place to further prepare students for their professional careers by focusing on contributing skills and knowledge. The total expenditure for the event was 7,400/-. The recruitment drive aligned with the university's objectives of enhancing employability and skill development while addressing key SDGs such as gender equality (SDG5) and industry, innovation, and infrastructure (SDG9). The event underscored the importance of innovation and diversity in driving forward the legal profession and contributing to sustainable development.

Interviews for Day Zero Recruitment

Location: Christ (Deemed to be University), Bangalore
Venue: Conference Room, Fifth Floor, R&D Block
Date/Time: 26th July 2023, 09:00 AM

Activity Report 2023-24

The School/Department of Law at Christ (Deemed to be University), Bangalore, conducted a Day Zero Recruitment drive on July 26, 2023, in the Conference Room, Fifth Floor, R&D Block. The event began at 9:00 AM and was organized in collaboration with Shardul Amarchand Mangaldas. The recruitment process featured a series of interviews conducted by distinguished partners from the firm: Mr. Karan Joseph, Mr. Manav Nagaraj, and Mr. Hemant Krishna.

The recruitment drive included two rounds of group discussions, resulting in the shortlisting of ten final-year students for personal interviews. This initiative provided students with a valuable opportunity to engage with leading professionals from Shardul Amarchand Mangaldas, offering insights into the firm's work environment and expectations. The session was highly informative, shedding light on the nuances of working in a top legal firm and the critical skills required for a successful legal career.

In summary, the Day Zero Recruitment drive was a significant event aimed at bridging the gap between academic learning and professional practice. The event concluded with a budget expenditure of ₹9,900 and highlighted the importance of aligning educational outcomes with industry needs. Moving forward, the Recruitment Coordination Committee plans to organize similar events to further enhance students' employability and maintain strong connections with leading legal firms.

Pre-Placement Career Guidance by Resoliit Partners

Location: Christ (Deemed to be University), Bangalore
Venue: Room No. 105, Central Block
Date/Time: 18th August 2023, 11:00 AM

Activity Report:

The School/Department of Law at Christ (Deemed to be University), Bangalore, hosted a workshop titled "Pre-Placement Career Guidance by Resoliit Partners" on August 18, 2023. Held in Room No. 105, Central Block, the session commenced at 11:00 AM. The workshop was organized in collaboration with Resoliit Partners and featured Mr. Austin Thomas, Associate at Resoliit Partners, as the guest speaker. The event aimed to provide law students with valuable insights into career prospects within private equity advisory and the corporate law sector.

During the session, Mr. Thomas elaborated on his career journey and the professional culture at Resoliit Partners. The talk included a comprehensive overview of the firm's operations, including its approach to daily discussions and its involvement in significant deals. The live demonstration provided practical insights into the selection process and the firm's work environment, equipping students with a clearer understanding of what to expect in their future careers.

The workshop was well-received by the students, who gained a deeper appreciation for the nuances of working in a private equity advisory firm. The Recruitment Coordination Committee plans to follow up with Resoliit Partners to explore opportunities for assessment internships for the 2024 batch. This initiative aligns with the university's goals to enhance student employability and foster professional development in alignment with industry standards.

Seminar on "Exploring Career Pathways in-House Counsel Roles"

Location: Christ (Deemed to be University), Bangalore, Sky View, Central Block
Date/Time: 3rd February 2024, 10:20 AM—12:30 PM

Activity Report

On February 3, 2024, the School of Law at Christ (Deemed to be University), Bangalore, hosted a seminar titled "Exploring Career Pathways in-house Counsel Roles" in Sky View, Central Block. The event, held from 10:20 AM to 12:30 PM, featured Mr. Keane Do Amaral, Group General Counsel at Connect Ventures, as the keynote speaker. With an audience of 247 fourth-year law students, the seminar provided valuable insights into the role and career trajectory of an in-house counsel.

Mr. Keane Do Amaral, an alumnus of the School of Law, shared his extensive experience and knowledge about in-house legal careers. He highlighted the versatile nature of the in-house counsel role compared to specialized law firm positions, emphasizing the broad range of legal issues that general counsels address. Mr. Do Amaral also discussed the importance of contract law and negotiations in the role and how in-house counsels often collaborate with external legal teams. His presentation was particularly engaging, offering students a clear understanding of the skills required and the work-life balance associated with in-house roles.

The seminar concluded with a discussion on how students can pursue careers in in-house legal advisory, the nature of work involved, and strategies for entering this field. The event was well-received, and the committee plans to organize additional sessions to further explore career opportunities in in-house roles and facilitate interactions with legal experts. The seminar not only provided practical knowledge but also aimed to enhance students' employability by offering insights into the legal profession and fostering professional development.

Seminar on "Lean Six Sigma Competency Development Programme"

Location: Christ (Deemed to be University), Bangalore
Venue: Skyview, Central Block
Date/Time: 10th January 2024, 9:00 AM

Activity Report

The School of Law at Christ (Deemed to be University), Bangalore, hosted a seminar on "Lean Six Sigma Competency Development Programme" on January 10, 2024. Held at Skyview in the Central Block, the event commenced at 9:00 AM and was sponsored by KPMG. The seminar featured a distinguished panel of speakers from KPMG India, including Mr. Jagpreet Brar, Mr. Venu Nilgar, Mr. Sahil Nayar, and Mr. Sarthak Shukla, who presented insights into Lean Six Sigma methodologies and their application in various industries.

The seminar provided a comprehensive overview of Lean Six Sigma, a methodology designed to improve process efficiency and reduce waste in organizations. The speakers elaborated on the core principles of Lean Six Sigma and its relevance in enhancing organizational performance. Key highlights included a detailed explanation of the Green Belt and Black Belt training modules, which focus on data analysis, performance improvement, and project leadership. Participants were also introduced to practical demonstrations and virtual projects to better understand the concepts.

The session was attended by 385 students from the 4th year B.A. L.L.B. (Hons) and B.B.A. L.L.B. (Hons) programs, as well as LLM students. The seminar not only enriched students' understanding of Lean Six Sigma but also provided valuable insights into its implementation. Following the seminar, the department plans to engage with KPMG to offer students the opportunity to enroll in this competency development program. The event was instrumental in aligning academic learning with industry needs, contributing to the students' future career prospects.

SLCU and Khaitan & Co., Offline Certificate Course on "Private Equity and Venture Capital"

Location: Christ (Deemed to be University), Bengaluru
Venue: Central Block, Central Campus
Date/Time: March 2, 2024, to April 20, 2024 (12 hours, 2 hours on 6 Saturdays)

Activity Report 2023-24

The School of Law at Christ (Deemed to be University), Bengaluru, in collaboration with Khaitan & Co., organized an offline certificate course titled "Private Equity and Venture Capital" to enhance participants' skills and employability. The course was held from March 2, 2024, to April 20, 2024, for a total of 12 hours, spread over 6 Saturdays at the Central Block of the university's Central Campus.

Led by Mr. Hardik Bhatia, Counsel at Khaitan & Co., and Ms. Prerna Ranjan, Senior Associate at Khaitan & Co., the course provided participants with an in-depth understanding of the investment landscape, focusing on private equity and venture capital. Over the course duration, participants engaged in interactive sessions and case studies that covered essential topics such as deal structuring, due diligence, negotiation strategies, and the legal documentation involved in private equity and venture capital deals.

The comprehensive course aimed to equip participants with the knowledge and skills required to navigate the complexities of private equity and venture capital, offering a strong foundation for successful decision-making and investment activities.

Trilegal: Pre-Placement Career Guidance and Interviews

Location: Christ (Deemed to be University), Bangalore, Central Block, Campus View
Date/Time: 25th July 2023, 09:30 AM

Activity Report 2023-24

The School of Law at Christ (Deemed to be University), Bangalore, hosted a workshop titled "Trilegal: Pre-Placement Career Guidance and Interviews" on July 25, 2023. The event was held in Campus View, Central Block, and commenced at 9:30 AM. The workshop was conducted in collaboration with Trilegal, one of India's leading law firms, and was attended by 300-350 participants, including selected students for interviews and 4th-year law students.

During the session, speakers from Trilegal, including Partners Jyotsna Jayaram and Arjun Ghose, provided insights into the firm's values, working culture, and recruitment processes. They discussed their own journeys within the firm and emphasized key qualities such as adaptability and openness, which are crucial for success at Trilegal. Additionally, Counsel Adunika Premkumar and Associate Akash Jose shared their experiences, highlighting the firm's supportive work environment, including the open-door policy and opportunities for personal and professional growth.

The session aimed to prepare law students for recruitment, providing them with critical guidance on career decisions and insight into the practical aspects of working at a prestigious law firm. The workshop successfully equipped the participants with the necessary knowledge to capitalize on future career opportunities in the legal field.

The Recruitment Coordination Committee, led by Vaibhavi Gundagurthi, organized the event, ensuring that students gained valuable information and skills for their professional journeys.

Two-Day Workshop on Career Prospects in the Regulatory Sector

Location: Christ (Deemed to be University), Bangalore, Council Room, Central Block
Date/Time: 25th and 26th August 2023, 10 AM

Activity Report 2023-24

The School/Department of Law at Christ (Deemed to be University), Bangalore, organized a two-day workshop titled "Career Prospects in the Regulatory Sector" on 25th and 26th August 2023. The event, held in the Council Room, Central Block, aimed to provide students with guidance on career opportunities in the regulatory and policy sectors. The workshop featured speakers from HSA Advocates, Ms. Shubhi Sharma, Associate Partner, and Mr. Nipun Sharma, Principal Associate, who both presented on the potential career pathways in this domain. The session attracted 85 fourth-year BA LLB and BBA LLB (Hons) students.

The workshop highlighted critical insights into the regulatory sector, with a focus on real-world applications and case studies. It aimed to equip students with a deeper understanding of regulatory frameworks and how they operate within various sectors. On the first day, Ms. Nipun Sharma introduced students to the core concepts of Energy laws, explaining their significance and hierarchy in the legal framework. On the second day, Ms. Shubhi Sharma explored career opportunities within the regulatory sector, particularly in law firms, and facilitated discussions on Power Purchase Agreements (PPAs), an essential aspect of Energy Law.

The sessions were highly interactive, enabling students to gain a comprehensive understanding of the practical applications of regulatory principles. The follow-up plan includes conducting additional workshops to further enhance students' knowledge of digital transformations and regulatory sector careers.

Workshop on Practice of Real Estate Law

Date: 4th July 2023
Time: 08:30 AM
Venue: Room No. 505, Central Block, Christ (Deemed to be University)

Speaker/Guest/Presenter Details:
Name: Ms. Vedashree P
Title/Position: Senior Associate
Organization: Shardul Amarchand Mangaldas
Title of Presentation: Practice of Real Estate Law

Name**:** Mr. Sharan Goud
Title/Position: Associate
Organization**:** Shardul Amarchand Mangaldas
Title of Presentation: Practice of Real Estate Law

Report Summary:

The workshop on Practice of Real Estate Law held on July 4, 2023, was a highly engaging session aimed at preparing final-year law students and those pursuing a real estate elective for their future legal careers. Conducted by the esteemed law firm Shardul Amarchand Mangaldas, the event focused on providing students with valuable insights into career pathways in the real estate legal domain, particularly in preparation for the Day Zero Recruitment Drive.

The speakers, Ms. Vedashree P and Mr. Sharan Goud, delved into key topics such as due diligence, compliance with the Real Estate Regulatory Authority (RERA), and the importance of legal frameworks in real estate transactions. They discussed various types of due diligence, emphasizing the meticulous nature of real estate law practice in law firms. The session also provided detailed information on drafting real estate documents and highlighted career growth strategies within the field.

Highlights of the Activity:
- In-depth discussion on career preparation for real estate law, with a focus on **Day Zero Recruitments.
Due diligence practices as per RERA and other legal regulations were emphasized.
Key guidance on the ladder of success in real estate law.

Key Takeaways:
Students gained a clear understanding of the legal intricacies involved in real estate law.
The session provided practical knowledge on real estate document drafting and compliance.
Encouragement to further develop critical skills for successful recruitment in the real estate sector.

Workshop: Career Prospects in Aviation Law

Date & Time:
28th July 2023, 4:30-5:30 PM

Location:
Online via Google Meet (https://meet.google.com/cys-xkva-ocn?hs=224)

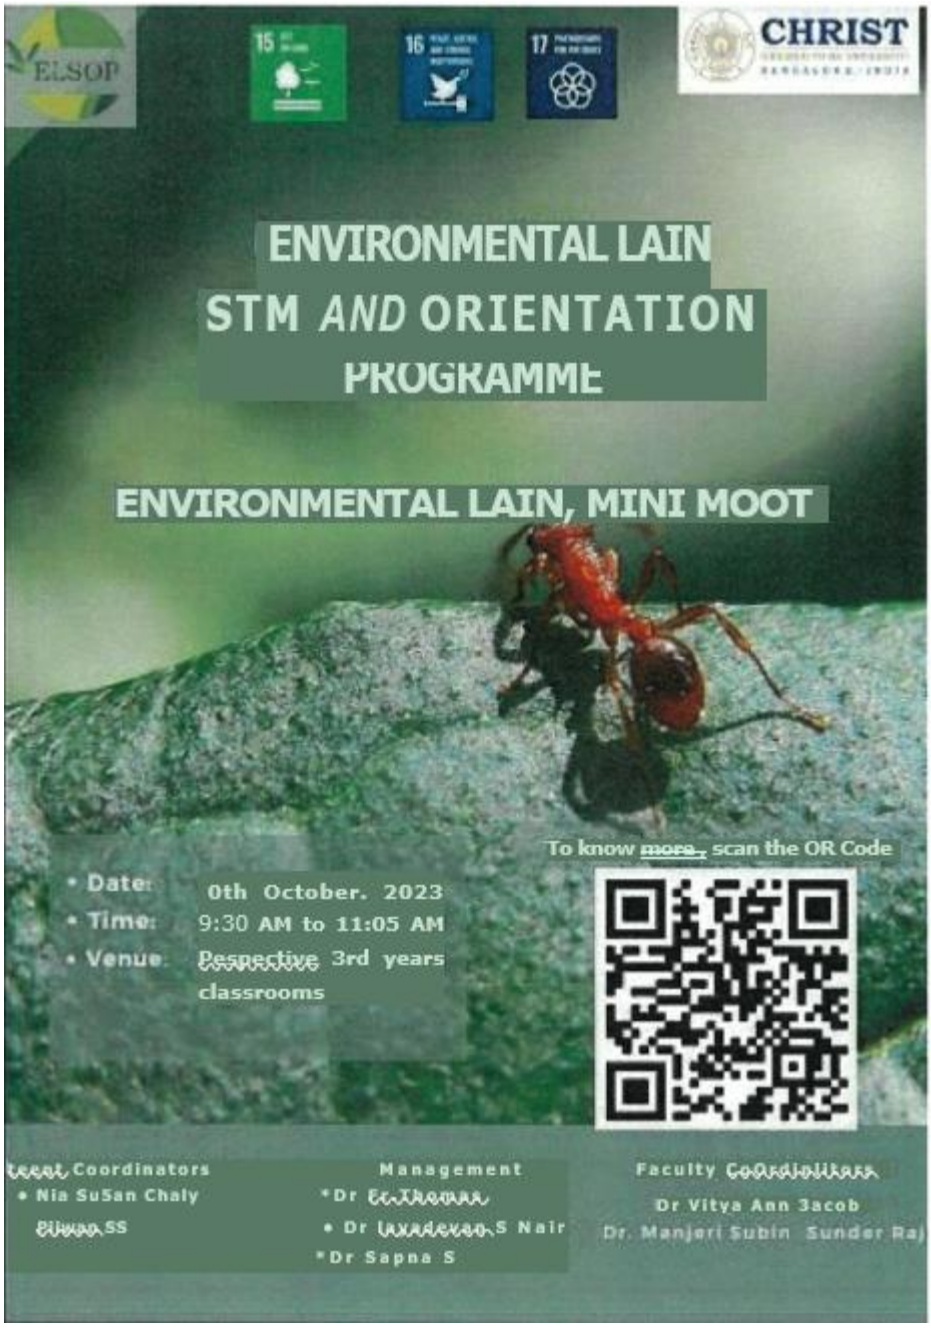

Presenter:
Name: Mr. Abhineet Awasthi
Title or Position: Head of Transactions
Organization: TrueNoord
Presentation Title: Career Prospects in Aviation Law

Participant Profile:
Type of Participants: Law Students
Number of Participants: 30

Highlights of the Workshop:
The workshop introduced students to the importance of aviation law, focusing on its role in regulating air travel, safety, and international cooperation. Mr. Awasthi provided an in-depth analysis of career prospects in aviation law, discussing potential roles in law firms, government agencies, airlines, airports, and consulting firms. Students were also given an overview of the skills and qualifications required for positions such as aviation lawyers, regulatory experts, and safety inspectors.

Key Takeaways:
- Awareness of various career opportunities in Air and Space Law.
insight into contemporary developments in aviation law.
Enhancement of students' employability and critical thinking skills.

Summary of the Activity:
The session aimed to provide students with an understanding of aviation law and its career prospects. It highlighted recent developments in the field, such as new aircraft introductions and mergers and acquisitions. Additionally, the workshop emphasized the necessary skills for pursuing a career in aviation law.

Environmental Law Mini Moot

Date: 20th October 2023
Time: 9:30 AM to 11:05 AM
Venue: Classrooms of 3rd Year BA & BBA LLB, 4th and 5th Floors, Central Block, Christ (Deemed to be University), Bangalore

Organizer Details:
Organizers: core and body members of ELSOP
Participants: 1st- 4th Year Students
Organization: School of Law, Christ (Deemed to be University)
Presentation Title: Environmental Law Orientation Session: Climate Change and G-20 Summit

Participants Profile:
Type of Participants: Open to all 3rd-year students of SLCU
Number of Participants: 350

Synopsis of the Activity:

The Environmental Law Mini Moot engaged third-year law students in discussions of Indian environmental policies and regulations. The event served as a bridge between theoretical classroom learning and practical legal applications, preparing students for real-world legal cases in environmental law. This moot encouraged community engagement in environmental protection and offered hands-on experience in legal argumentation and decision-making.

Key Takeaways:

Enhanced understanding of Indian environmental regulations.
Promotion of digitization by encouraging the use of electronic materials.
Development of practical skills in legal drafting, argumentation, and decision-making.

Summary of the Activity:

The Mini Moot on Environmental Law provided an interactive platform for students to engage in legal argumentation. The moot proposition was drafted by a student panel, with petitioners and respondents given 22 minutes each to make their submissions, including rebuttals. Judges deliberated and provided their judgments following a 30-minute discussion. The session aimed to equip students with the knowledge necessary to address contemporary environmental challenges through legal frameworks.

Follow-up Plan:
To conduct more such events to promote legal engagement in environmental issues and biodiversity protection.

Navigating ADR in IP Law: Multi-Jurisdictional Perspectives

Date: 8th September 2023
Time: 6:35 PM to 8:05 PM
Venue: Virtual, Zoom Meeting

Speaker/Guest/Presenter Details:
Mr. . Russell E. Levine, Partner, Kirkland & Ellis LLP, Chicago
Presentation Title: Mediation is Common in U.S. Patent Litigation
Mr. Alban Kang, Senior Consultant, Bird & Bird, Singapore
Presentation Title: Arbitrating IP Disputes in Singapore
Ms. Isha Singh, Legal Case Manager, WIPO Arbitration and Mediation Center, Geneva
Presentation Title: Role of the WIPO Center, Caseload, and WIPO Rules

Participants Profile:
Type of Participants: Law students, academicians, and legal practitioners across India
Number of Participants: 204

Synopsis of the Activity:

The National-Level Webinar on Alternative Dispute Resolution (ADR) in Intellectual Property Law provided participants with diverse perspectives from global jurisdictions. The speakers covered key issues such as the confidentiality, enforceability, and real-world application of ADR mechanisms in resolving IP disputes. Mr. Russell E. Levine offered insights from the U.S. on patent litigation, while Mr. Alban Kang discussed Singapore's IP landscape. Ms. Isha Singh presented WIPO case studies, showcasing ADR's effectiveness in complex IP cases. The interactive Q&A session allowed participants to engage directly with experts, fostering both learning and networking opportunities.

Key Takeaways:

Comprehensive overview of ADR's application to IP law in different jurisdictions
Encouragement for law students to explore niche areas in IP and ADR
Development of critical thinking and legal skills in IP law
Networking opportunities with international experts

Summary of the Activity:

The event successfully explored the role of ADR in resolving IP disputes through the insights of experts from various regions. Real-world case studies, discussions on legal strategies, and the interactive session enriched participants' understanding of IP law. The webinar reinforced the committee's commitment to promoting IP awareness and sustainable dispute resolution.

Follow-up Plan:
More events will be organized to strengthen collaboration between SLCU, foreign law firms, and universities.

Industrial Visit to StoveKraft

Date: 8th September 2023
Time: 08:00 AM to 04:00 PM
Venue: StoveKraft, 3rd Block, 297, 10th Main, Bengaluru, Karnataka 560011

Participants Profile
Type of Participants: 2nd year BBA LLB students
Number of Participants: 67

Synopsis of the Activity

The industrial visit to StoveKraft provided students with a comprehensive understanding of the practical application of management principles in a corporate setting. Students observed key management concepts such as division of work, unity of command, and the scalar chain in a real-world environment. The visit also introduced them to StoveKraft's corporate culture, technology, career opportunities, and corporate social responsibility initiatives.

Highlights of the Activity

Practical application of management principles observed in a corporate setting.
An enriching experience covering corporate technology, career opportunities, and social responsibility.

Key Takeaways

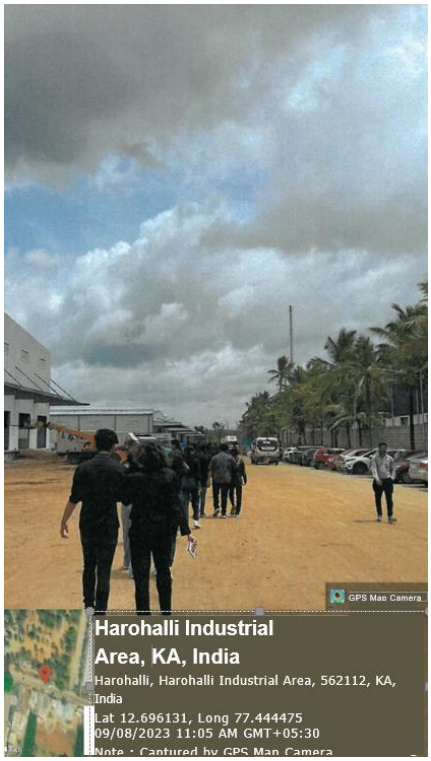

Real-world application of management principles and their benefits.
Insights into organizational operations within the IT industry.

Summary of the Activity

The Management Studies Committee at Christ (deemed to be a university) organized the industrial visit to StoveKraft on September 8, 2023. Students gained practical insights into how effective management principles are implemented in a corporate environment. The visit covered key areas such as the division of work, unity of command, and other management principles. Overall, it provided students with a holistic understanding of corporate operations and management fundamentals, bridging the gap between classroom theory and real-world application.

Follow-up Plan:

Budget Amount Approved and Expenditure Incurred
No budget

Corporate Secretary Orientation: Empowering Future Legal Professionals

Location: Christ (Deemed to be University), Bangalore
Venue: Sky View, Central Block
Date: 17th August 2023
Time: 9:30 a.m. to 11:00 a.m.

The School of Law, Christ (Deemed to be University), Bangalore, organized a Corporate Interface Program titled "Corporate Secretary Orientation" on August 17th, 2023, for first-semester BA LLB and BBA LLB students. The session, led by Mr. Sai Kumar D (CS, LLB, BCom) from ArivuPro, provided an in-depth overview of the Company Secretary (CS) course, highlighting various phases, examinations, and career prospects.

Mr. Sai Kumar detailed the multi-stage CS examination process, emphasizing its significance in corporate governance and business law. He also shed light on the employment opportunities available to company secretaries, debunking myths surrounding the profession. The session was highly interactive, with students engaging in a Q&A segment to clarify their doubts.

The orientation not only equipped students with knowledge about the CS course but also connected it to Sustainable Development Goals (SDGs), such as SDG 4 (Quality Education), SDG 8 (Decent Work), and SDG 9 (Industry and Innovation). It aimed to bridge the gap **between academic learning and industry demands, offering students a clearer path toward** fulfilling careers in corporate law.

This informative session was an excellent learning opportunity for future legal professionals, helping them understand the importance of corporate governance in both national and international contexts.

Industrial Visit to Infosys, Mysore: A Practical Insight into Corporate Management

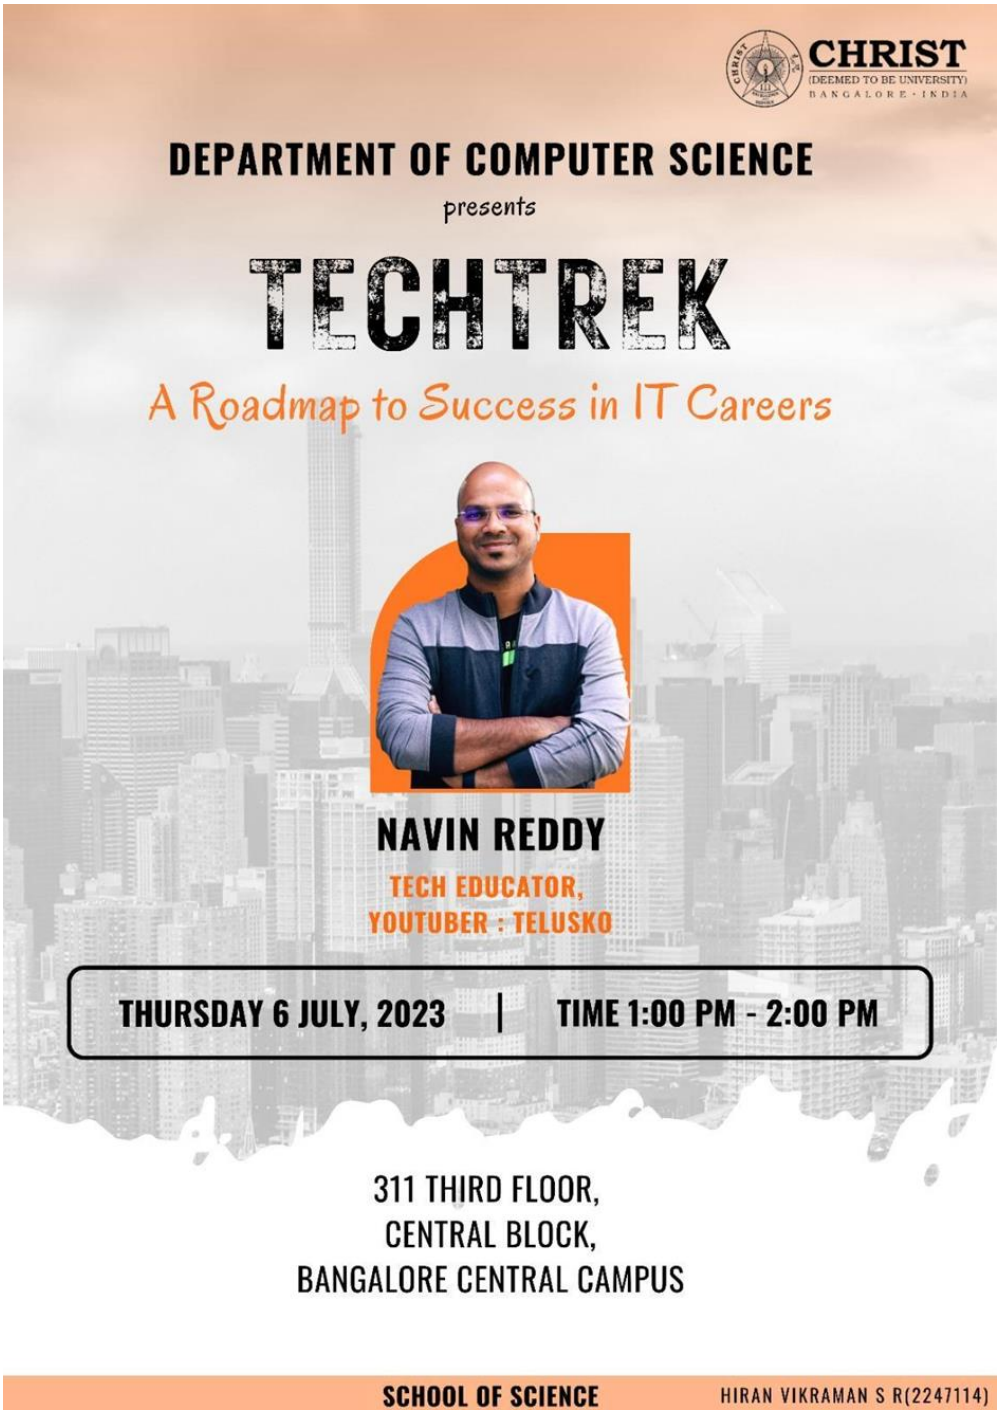

Location:Infosys, Mysore
Venue: Infosys Road, Hebbal Industrial Estate, Mysuru, Karnataka 570027
Date: 11th September 2023
Time: 08:00 AM to 04:00 PM

The School of Law, Christ (Deemed to be University), Bangalore, organized an industrial visit for 2nd-year BBA LLB students to Infosys, Mysore, on the 11th of September 2023. A total of 65 students participated in this enriching workshop. The visit was aimed at providing students with a practical understanding of how management principles are applied in a corporate setting.

During the visit, the students observed various aspects of management in action, such as division of work, unity of command, and the scalar chain, showcasing the efficiency and teamwork within the organization. Additionally, they were introduced to Infosys' corporate culture, technological advancements, career opportunities, and the company's social responsibility initiatives.

Key takeaways included insights into the realistic application of management principles and an understanding of how these principles contribute to building an effective organization. The visit also provided students with valuable exposure to the IT industry, preparing them for future careers in management and law.

This industrial visit emphasized bridging the gap between academic knowledge and real-world application, contributing to the students' employability and understanding of sustainable corporate practices aligned with SDG 4 (Quality Education), SDG 9 (Industry, Innovation, and Infrastructure), and SDG 13 (Climate Action).

Title of Presentation: Talent Spark

Participants Profile
Type of Participants: Students
No. of Participants: 45

Synopsis of the Activity

Highlights of the Activity: The event began with energetic group dances, displaying a mix of hip-hop and contemporary styles that captivated the audience. Solo dances followed, highlighting individual talent in diverse genres. Singers took the stage next, impressing with vocal performances across various styles, from classical to contemporary. An art exhibit featured creative expressions, and a motivational speech added depth, inspiring the audience to embrace their passions.

Key Takeaways
Celebrated diversity in artistic talent
Encouraged artistic expression and self-discovery
Motivated participants through a motivational speech
Foster community support and unity.
highlighted the value of creativity and innovation

Summary of the Activity
Talent Spark successfully celebrated the wide array of talents within the student community. It provided a platform for artistic expression, unity, and inspiration, leaving both participants and audience members motivated and entertained.

APPathon Hackathon Event

The APPathon event took place on March 2, 2024, from 9 AM to 1 PM at the Central Block, 8th floor (rooms C809, C810, C811, and C812), Christ (Deemed to be University), Bangalore. Organized by the Department of Computer Science within the School of Sciences, this hackathon aimed to foster creativity and innovation among the first-year MCA students. The event, guided by Dr. Gobi Ramasamy, Assistant Professor at Christ University, brought together 125 participants.

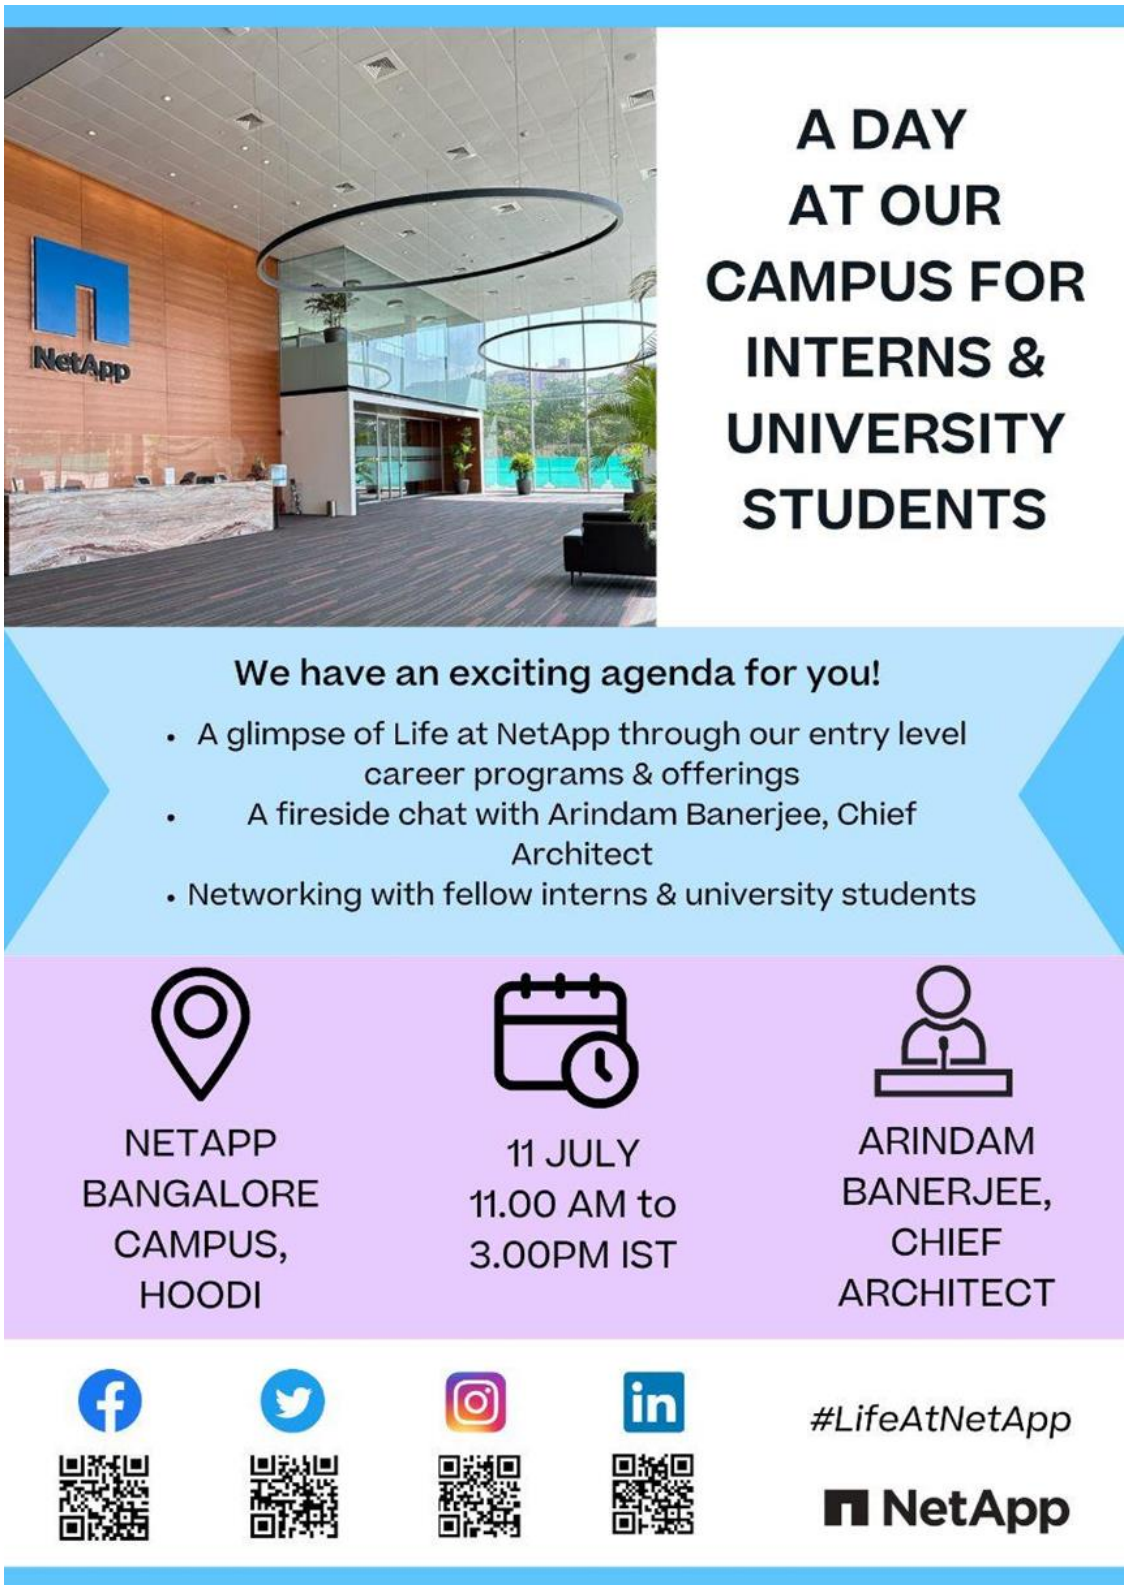

The hackathon provided a platform for students to engage in app development challenges. Participants worked on structured tasks and open-ended problems, encouraging them to think critically and develop functional prototypes. The four-hour event was designed to enhance students' skills in ideation, prototyping, and iteration, offering a comprehensive learning experience.

The event emphasized individual work but fostered an informal knowledge-sharing environment, allowing participants to learn from one another through observation and experimentation. Participants were encouraged to continue refining their apps post-event and reflect on their experiences to support their personal growth.

A follow-up plan was implemented to collect feedback, ensuring future improvements and sustaining the spirit of learning. Overall, APPathon succeeded in motivating participants to explore app development while improving their technical skills in a supportive environment.

Day at NetApp for Interns and University Students

Date: 11.07.2023
Time: 11:00 AM to 03:00 PM
Venue: NetApp India Pvt Ltd, 40/C, ITPL Main Rd, KEB Colony, Hoodi, Bangalore, Karnataka 560048

Speaker/Guest/Presenter Details

Name: Taskeen Fatema, Tiyasha Koley
Title/Position: Early in Career Program Manager at NetApp
Organization: NetApp India Pvt Ltd.
Title of Presentation: About NetApp

Participants Profile

Type of Participants: Students from Christ University, Mount Carmel, BMS, and IIIT
No. of Participants: 60-70

Synopsis of the Activity

The event featured an insightful company presentation from NetApp's team, who discussed the company's cutting-edge technologies and global presence. Participants were provided with valuable information regarding potential career opportunities and skillsets required for roles within the company. The event included a networking lunch and a Q&A session that enabled students to engage with NetApp professionals.

Key Takeaways

1. Knowledge of various roles available at NetApp, including career progression frameworks and mentorship programs.
2. Insights into NetApp's work culture and innovation-driven approach.

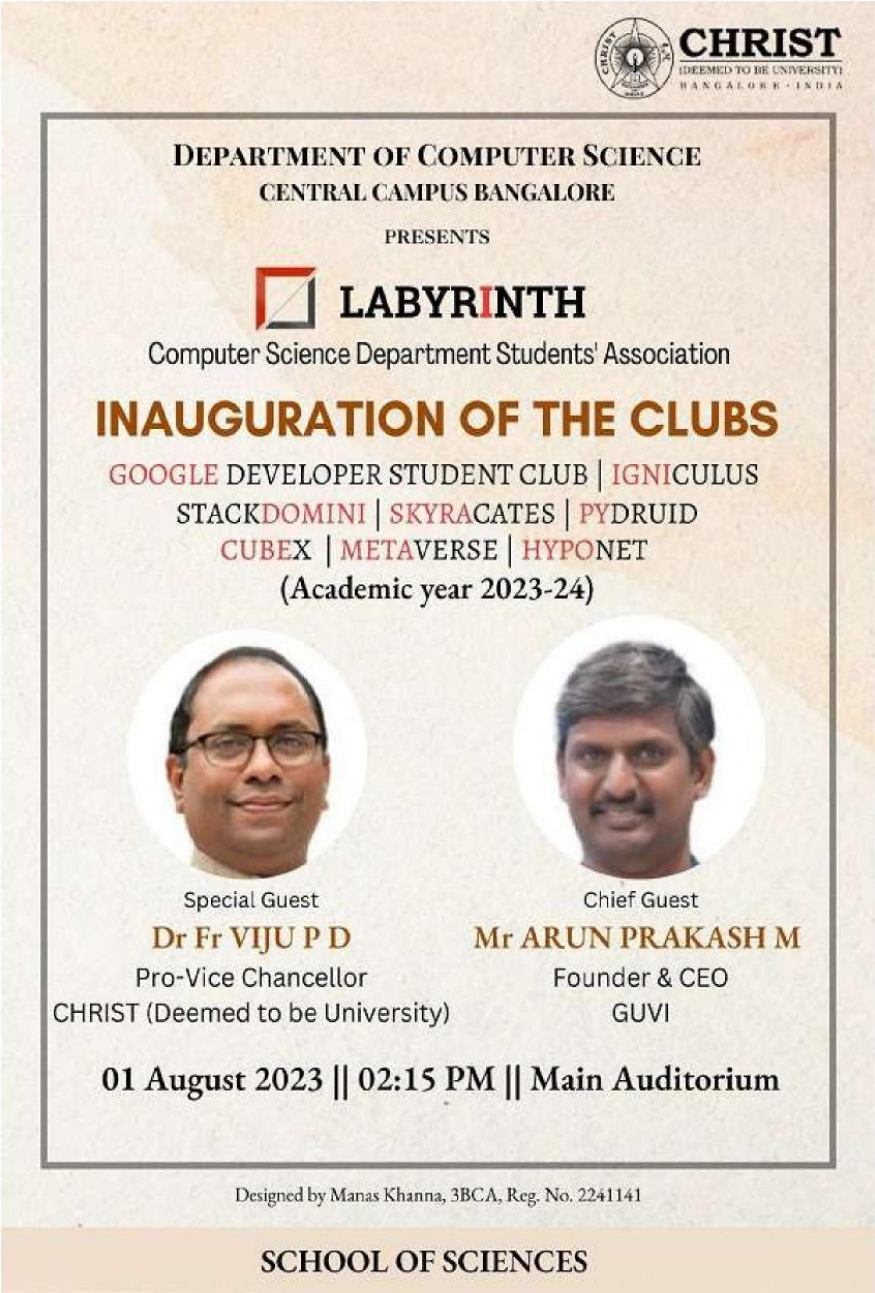

Summary of the Activity

The company visit to NetApp was a successful event, providing participants with a comprehensive understanding of the company and its operations. It opened doors for future collaborations and gave students a chance to explore career possibilities within NetApp.

Follow-up Plan

A session on managing LinkedIn profiles will be conducted by a NetApp employee, offering students strategies to optimize their profiles for job searches and networking.

600 students and 25 faculty members attended the event.

Summary of the Activity

On August 1, 2023, the Department of Computer Science at Christ (Deemed to be University), Bangalore, organized the inauguration of the Labyrinth Club. Dr. Fr. Viju P.D., Pro Vice Chancellor of the university, and Mr. Arun Prakash M., CEO and founder of GUVI, were the chief guests. Mr. Arun Prakash delivered an interactive session encouraging students to explore careers in computer science. He emphasized the importance of adopting an egocentric approach to pursuing individual goals and advised students to seek non-linear ways to achieve success. The head of the department, Dr. Ashok Immanuel V, also spoke, inspiring students to dream beyond conventional boundaries through the field of computer science. The event concluded with an overview of the objectives and initiatives of the Labyrinth club by Dr. Arokia Paul Rajan, the coordinating faculty.

The session highlighted the importance of creativity, critical thinking, and innovation in building a successful career in the digital world.

Report on ICCSST2023 Post-Conference Research Seminar Held at Christ (Deemed to be University), Bengaluru

The International Conference on Computational Sciences and Sustainable Technologies (ICCSST-23), sponsored by the Indian Council of Social Science Research (ICSSR), was organized by the Department of Computer Science, Christ (Deemed to be University), Bengaluru, Karnataka, on August 25-26, 2023, as part of the Azadi Ka Amrit Mahotsav celebrations.

The event was inaugurated with a lamp lighting ceremony led by Dr. TV Joseph, Associate Dean, School of Sciences, along with the convenors Dr. Kirubanand and Dr. Arokia Paul Rajan, and chief guest Mr. Ajinkya, CTO and founder of Ditto Security. Over 120 participants from various colleges, including Sankara College, RV College, CIT College Kovai, and Gurunanak College Chennai, attended the seminar.

The conference featured multiple sessions led by experts from academia and industry. Topics covered included writing systematic review articles, integrating IoT with machine learning, the fourth industrial revolution, and large language models such as ChatGPT. The seminar concluded with a valedictory ceremony, featuring an address by Dr. Sujatha K, Director of the Institute of Societal & Contemporary Computing, who discussed the scope of research in AI, ML, and emerging technologies.

The event emphasized the importance of research in advancing technological knowledge and ended with anticipation for the ICCSST 2024 post-conference research seminar.

Efficient Data Processing Using Excel Macro

On October 16, 2023, a workshop titled "Efficient Data Processing Using Excel Macros" was held at Christ (Deemed to be University), Bangalore, organized by the Department of Computer Science, School of Sciences. The session, conducted by Dr. Ashok Immanuel V, Head of the Department of Computer Science, aimed to enhance students' skills in Excel, focusing on the automation of repetitive tasks through the use of macros.

The workshop, held in Room 808, Central Block, from 10:00 AM to 11:00 AM, saw the participation of 51 students from two sections, 5 MCA "A" and 5 MCA "B," guided by Dr. Chandra J. Throughout the session, participants learned about creating and using macros to automate tasks, reduce the risk of errors, and save time. Dr. Ashok effectively demonstrated practical applications of these tools, using real-world examples and creating an interactive learning environment.

This hands-on workshop provided valuable insights into data preprocessing and automation, leaving a lasting impact on the participants, who left with enhanced skills for both academic and professional use.

Digital Mission Classes Held During the Odd Semester of 2023-24

Location: Christ (Deemed to be University), School of Sciences, Department of Computer Sciences

The Digital Mission classes for the Odd Semester of 2023-24 commenced on 20 July 2023. The classes were conducted by six research scholars and 21 MCA II year students who had completed certifications on the relevant topics. Approximately 2500 students from eight academic departments across the Central, BGR, and Kengeri campuses participated in the courses. The classes covered a range of digital skills, with various modules tailored to different needs.

Feedback was collected from 839 students via Google Forms. The responses highlighted various aspects of the course effectiveness:

1. Usefulness and Relevance of Course Content: The majority of students found the course content useful or outstanding. A significant percentage felt the topics added new knowledge.

2. Teaching Effectiveness: Ratings varied, with a majority of students considering the teaching either clear or very clear. There was room for improvement in delivering content more clearly.

3. Knowledge of the Instructor: Most students rated the instructors' knowledge as very good or adequate, indicating strong performance in this area.

4. Relevant Skills Learned: Students reported acquiring useful digital skills, particularly in programming, Google Workspace, and Excel, which they found relevant to their future careers.

5. Suggestions for Improvement: Recommendations included incorporating more life-skill oriented content, interactive and hands-on learning experiences, and increasing the relevance of topics to students' specific fields of study.

Time: 07:30 AM to 09:00 PM
Venue: Online via Google Meet
Meet Link: [Google Meet](https://meet.google.com/mqi-bjog-sfs)

Synopsis of the Activity:
The "Demystifying Job Hunting" seminar was designed to assist students in enhancing their resume-building skills in preparation for job placements. Conducted by Sarthak Gulati, a product analyst from StudySmarter, the session focused on providing practical tips for focused onffective resumes. The speaker shared various resume templates and formats suitable for freshers and addressed numerous queries from the participants, including those submitted before the event.

Key Takeaways:

Participants gained insights into different resume formats and the essential details to include. Sarthak Gulati shared his personal experiences and offered valuable job hunting tips that broadened the attendees' understanding of the placement process.

Summary of the Activity:

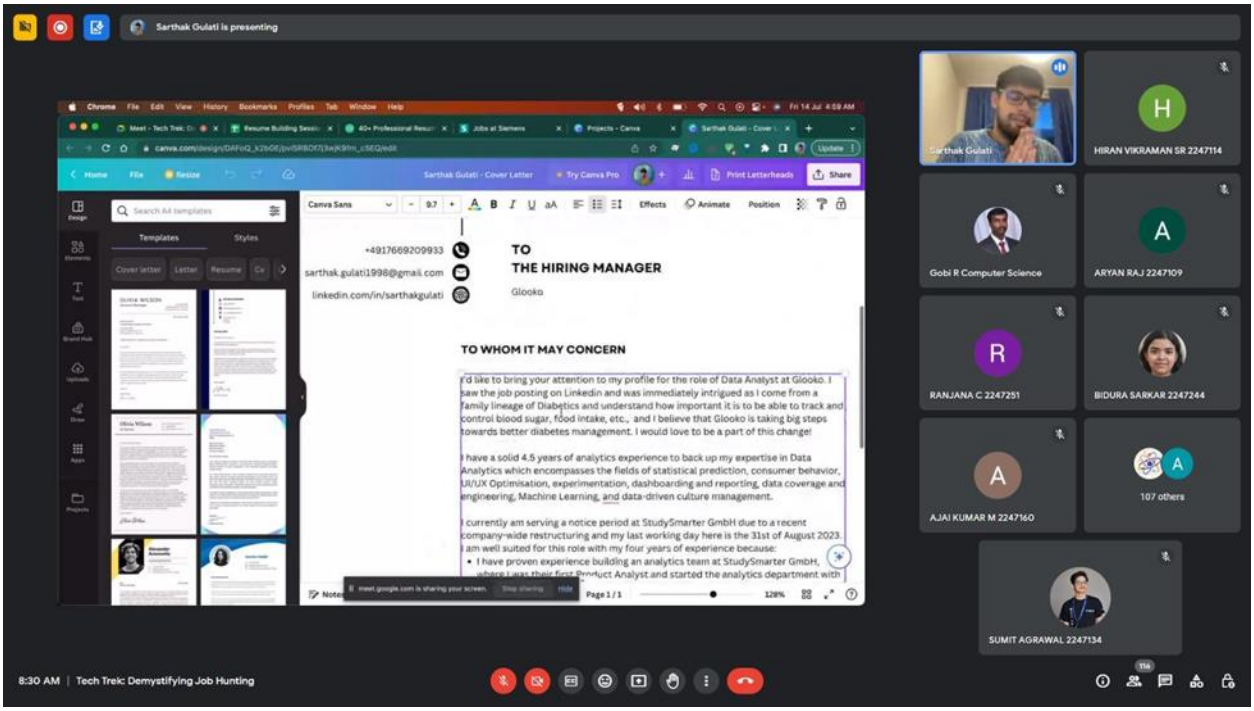

The seminar successfully equipped attendees with knowledge and tools necessary for crafting impactful resumes. Sarthak Gulati's interactive session, which included addressing both live and pre-submitted questions, provided comprehensive guidance on resume building. This approach helped ensure that students were well-prepared for job applications and interviews.

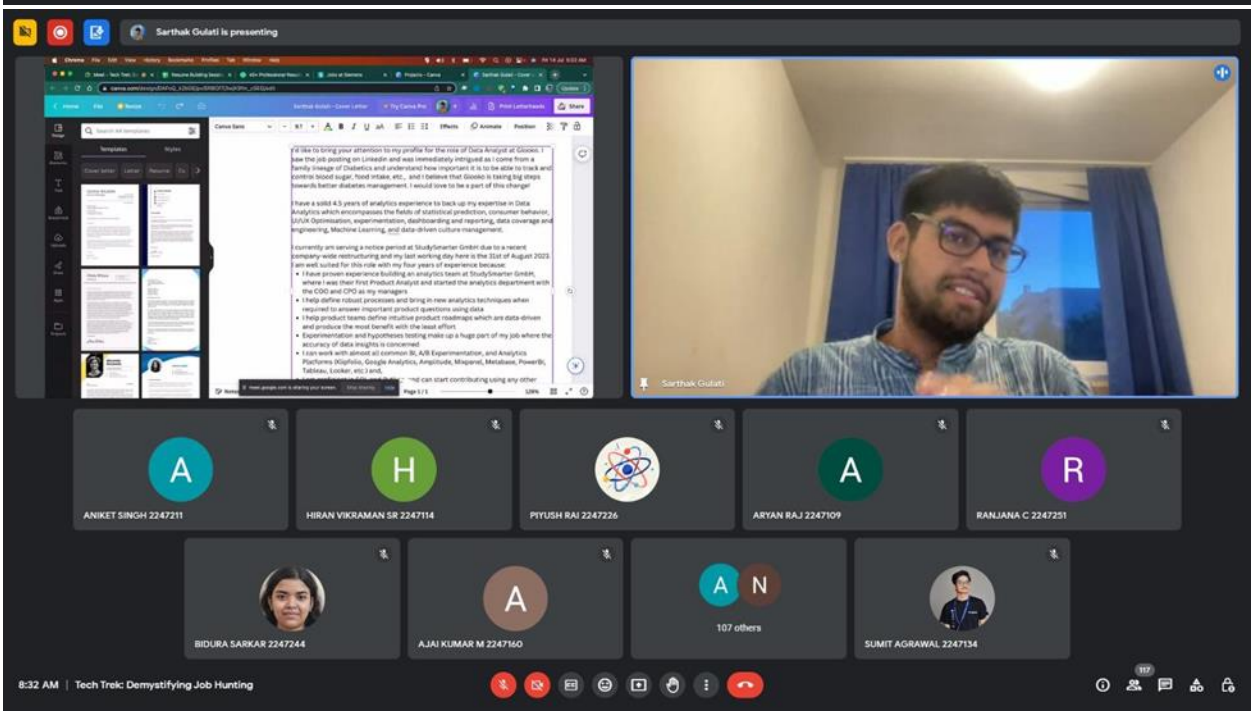

Follow-up Plan:

A subsequent session on managing LinkedIn profiles is planned, which will be conducted by a NetApp employee. This session will offer further insights into optimizing LinkedIn profiles for effective job searching and networking.

Speaker Profile:

Sarthak Gulati holds a bachelor's degree in computer applications from Christ University and a postgraduate diploma in computer applications from DAV College, Guru Nanak Dev University. He is an experienced product analyst specializing in machine learning, user experience, data analytics, and business intelligence and is currently employed at StudySmarter.

Title of Presentation: LinkedIn for Job Hunting

Participants Profile

Type of Participants: Students from MCA, Christ University
No. of Participants: 119

Synopsis of the Activity

Highlights of the Activity:
1. LinkedIn Profile Building Session to prepare for placements.
2. The speaker shared valuable insights on utilizing LinkedIn effectively as a powerful tool for job hunting. She emphasized the importance of creating a strong LinkedIn profile that showcases one's professional achievements, skills, and experiences.
3. The session covered various job search techniques using LinkedIn, such as using relevant keywords, joining industry-specific groups, and engaging with recruiters' content to enhance visibility and discover opportunities.

Key Takeaways:

1. Attendees learned the art of crafting personalized connection requests and the significance of adding a note while connecting with professionals to increase the likelihood of building a meaningful network.
2. Attendees gained insights into effective communication and relationship-building practices.

Summary of the Activity:

The session by Karishma Borah from NetApp offered participants invaluable guidance on leveraging LinkedIn for job hunting, building a strong professional network, and enhancing their visibility in the job market. In the Q&A segment, attendees received personalized advice on navigating job search challenges and networking effectively. The session concluded with actionable takeaways, empowering participants to implement the strategies discussed and enhance their LinkedIn presence for successful job hunting and networking endeavors. Attendees left with newfound confidence and strategies to navigate their career growth effectively through LinkedIn.

Follow-up Plan:
Implement the tips shared in the session to optimize the LinkedIn profile. Update the headline, summary, and experience sections to showcase various achievements and skills effectively. Utilize the job search techniques discussed in the session. Use relevant keywords and filters to find job opportunities.

Sustainable Construction Practices

Location: Christ (Deemed to be University), Kengeri Campus

General Information:

The Department of Civil Engineering, in collaboration with Naamearth, organized a workshop titled "Sustainable Construction Practices" from 12th to 14th June 2024. The workshop aimed to educate students on the principles and practices of sustainable construction. It was held daily from 9:00 AM to 4:00 PM at the Christ University Kengeri Campus. A total of 50 participants, including B.Tech and M.Tech students, attended the event.

Speaker/Guest/Presenter/Organiser Details:

The workshop featured two main speakers: Mr. Basithali E.K., Founder-Chairman of Naamearth, and Mr. Srinidhi Lakshmish Kumar, Assistant Professor at the Department of Civil Engineering, Christ University. Mr. Basithali E. K provided insights into sustainability in construction, while Mr. Srinidhi Lakshmish Kumar supported the sessions with his expertise.

Workshop Activities:

The first day of the workshop began with an inaugural session led by Dr. Raghunandan Kumar, Head of Department, who highlighted the importance of sustainability in construction practices. Mr. Basithali E. K delivered a lecture on various aspects of sustainability, including its need, advantages, and challenges. In the afternoon, participants engaged in a material library session where they received hands-on training with sustainable materials.

On the second day, the focus shifted to comparing traditional and modern construction practices. Students participated in an assignment where they identified reusable materials on campus for construction activities, gaining practical experience in sustainable practices. The day's final session involved preparing materials for day three, where students would make adobe blocks and mud walls.

The third day provided hands-on experience in preparing adobe blocks and mud walls using lime, clay, and other sustainable materials. The workshop concluded with positive feedback from students, who expressed their interest in incorporating sustainable materials into their future projects, including mini projects, final year projects, and dissertations.

‘Bhaskar Golpo’ - International Mother Language Day

Date: 21 February 2023
Time: 10:30 AM- 12:30 PM

Participants’ Profile:

Type of Participants: Students of B.A. English Honors and M.A. English and Cultural Studies
Number of Participants: 152

Speaker/Presenter Details:

Name: Participants of the Event
Title/Position: Students of the English and Cultural Studies Department
Organization: Ellipsis: English and Cultural Studies Association
Title of Presentation: ‘Bhaskar Golpo’ Open Mic Session

Synopsis of the Activity

The ‘Bhashar Golpo’ Open Mic session celebrated International Mother Language Day through multilingual performances and creative expressions. The session began with a Maithili folk song, setting a vibrant cultural tone for the event. Dr. Chandan Kumar, the faculty coordinator of Taabiir, delivered the opening address, exploring the significance of International Mother Language Day. He highlighted the importance of multilingualism by referencing two poems in Magahi.

The event featured a skit and presentation in Punjabi by Darshanbir Singh and Anannyaa, followed by 14 additional open mic performances, including poetry, short stories, songs, and dances in various mother tongues like Bundeli, Malayalam, Bengali, Kannada, Odia, and Gujarati. Participants were invited to write lines in their mother tongue on A4 sheets, promoting further engagement with linguistic diversity.

Key Highlights:

- Dr. Chandan Kumar's opening speech discussed the value of multilingualism and concluded with a recitation of a Magahi poem.
- The open mic session included a diverse range of performances in regional languages, fostering an appreciation for India's linguistic heritage.
- Audience participation encouraged attendees to reflect on their relationship with their mother languages.

Key Takeaways:

- The event showcased the significance of preserving linguistic diversity, particularly in institutional settings where English often dominates.
- Attendees gained insights into the linguistic and cultural richness within the student body.
- The event emphasized how language shapes individual perspectives and the way we understand the world.

Pride Month Awareness

Date(s): June 9, 2022–July 8, 2022

Platform: Instagram

SDG Goals: 10: Reduced Inequalities

Type of Activity: Instagram Posts

Synopsis of the Activity:

The Pride Month Awareness campaign, organized by the Gender Studies Forum of Christ (Deemed to be University), aimed to recognize and support various gender expressions while fostering an all-inclusive environment. The campaign focused on raising awareness about the struggles of the LGBTQIA+ community and the significance of Pride Month. Posts were shared on Instagram between June 9 and July 8, 2022, to honor the history of Pride and the Stonewall Riots. The series concluded with responses to community questions submitted anonymously via the NGL platform.

Highlights of the Activity:

1. Recognition and support for diverse gender expressions.
2. breaking gender stereotypes and promoting inclusivity.
3. Educating individuals on LGBTQIA+ community issues.
4. Creating a safe space to respond to opinions related to the queer community.

Key Takeaways:

1. Understanding Gender Expression: Gender expression is distinct from gender identity; individuals should have the freedom to express themselves.
2. Increased Awareness: The activity promoted a deeper understanding of the LGBTQIA+ community and their challenges.
3. Honoring Stonewall Leaders: Pride Month commemorated the bravery of those who fought during the Stonewall Riots, inspiring the first Pride March.

4. Legacy of Pride: The posts emphasized the historical significance of the Pride March and how it continues to inspire the fight for LGBTQIA+ rights.

Summary of the Activity:

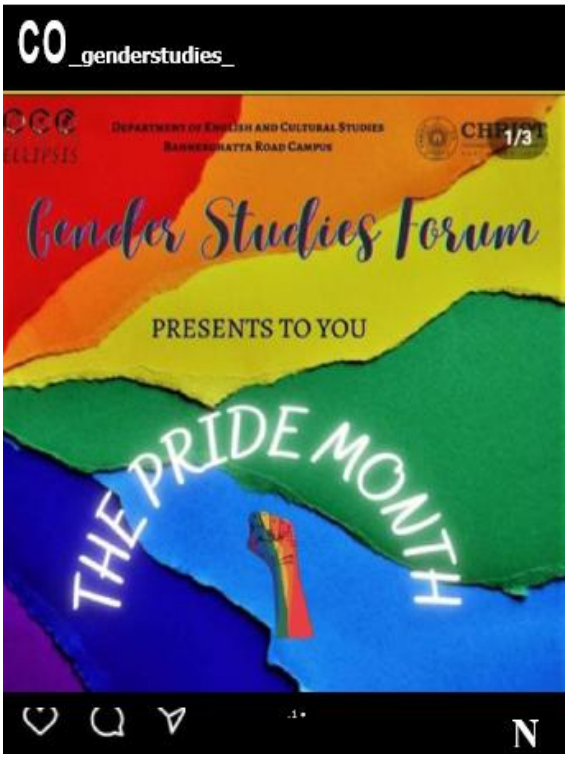

The campaign celebrated the essence of Pride Month, highlighting its historical importance and spreading awareness about the LGBTQIA+ community. Posts covered significant milestones like the Stonewall Riots and discussed inclusivity in modern society. The campaign concluded with a week of community interactions, where questions and comments were answered to promote further understanding and foster a safe, supportive environment.

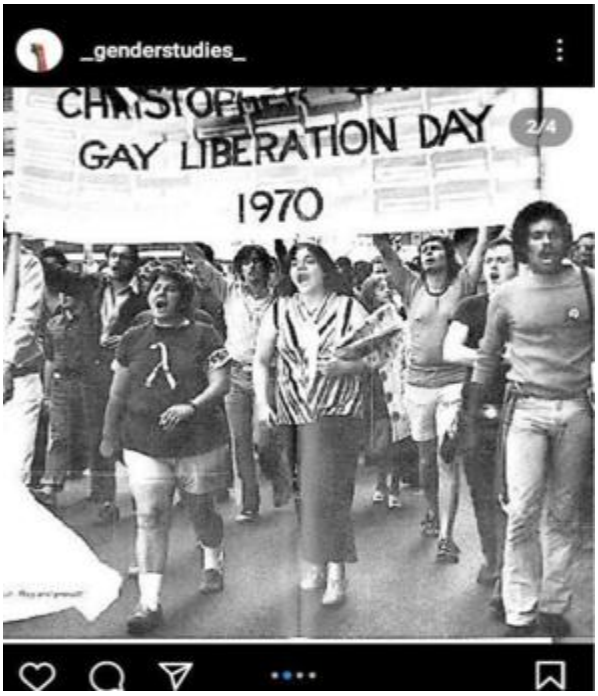

Classification/Categorization of Activity:

5.1.3 Capacity Development and Skill Enhancement

7.1.1 Promotion of Gender Equity

7.1.8 Inclusive Environment

Book of the Month: El Deafo

Date: 2nd March 2023
Time: 1:30 PM to 3:30 PM
Venue: Room no. 602

Speaker/Guest/Presenter Details
Names: Hargun Kaur, Java Eshisha Manoj, and Shaelly Singh
Title/Position: Members of Ellipsis
Organization: Ellipsis Club
Title of Presentation: Book of the Month: El Deafo

Participants' Profile

Type of Participants: Members of Shared Shelf

Synopsis of the Activity

The session commenced with a screening of the documentary *A Note From The Author—El Deafo*, released by Apple TV, where Cece Bell, the author, shares her personal journey. This documentary sets the tone for understanding El Deafo, a semi-autobiographical graphic novel featuring Cece, a young girl navigating life with hearing loss.

The speakers elaborated on various themes and visual techniques used in the novel. Notably, the characters being anthropomorphic rabbits symbolize the irony of their big ears, contrasting with Cece's hearing loss.

The session delved into the stylistic elements of the illustrations, focusing on the use of blank speech bubbles, gibberish writing, and varying font sizes to reflect the protagonist's experiences.

The metaphors such as the "isolation bubble" (depicting Cece's loneliness) and the "fish hook" (symbolizing her suffocating friendship with Laura) were also highlighted as powerful emotional tools.

Key Takeaways

Understanding the life of a child with hearing loss.

appreciation of how graphic novels can convey deep emotion through minimal words and impactful visuals.

Summary of the Activity

The session was insightful, starting with the documentary screening followed by a detailed discussion on the novel's key themes, illustrations, and metaphors. The speakers provided a thorough analysis, which helped attendees better grasp the emotional depth and artistic brilliance of El Deafo.

Gaveshna: The Research-Industry Interface

Date: 3rd August 2023

Time: 2:00 pm to 4:00 pm

Synopsis of the Activity:

The event titled "Gaveshna: The Research-Industry Interface" was part of the annual research series organized by Tafteesh and Paracosm, student clubs of the Department of English and Cultural Studies. Gaveshna serves as a platform that fosters interaction between students and scholars, focusing on the intersection of academia and industry.

Ms. Indu Antony, a visual artist, gave a detailed talk about her public art project called "Cecilia'ed." She shared her experience of working in public spaces and discussed how urban planning often reflects patriarchal structures, limiting access for people of different genders. Her work emphasized how public art can raise awareness and promote inclusivity, aligning with Sustainable Development Goal 10: "Reduced Inequalities."

Ms. Antony shared personal anecdotes about her journey from being a doctor to becoming an artist, shedding light on her creative process and the impact of her work in breaking gender norms in public spaces.

Glimpses of Liberty, Equality, and Justice for All: A Human Rights Perspective

Venue: Online Submission

Location: Central Campus of Christ (Deemed to be University), Bangalore

Introduction

The Human Rights Committee of the School of Law, Christ (deemed to be University), organized a reel-making and photography competition as part of Human Rights Week 2024. The event titled "Glimpses of Liberty, Equality, and Justice for All: A Human Rights Perspective" was held on February 5, 2024, with submissions displayed on the Committee's social media and showcased on the YIRC stall on February 6.

Participants Profile

The event was open to all students of the Central Campus, Christ (Deemed to be University), Bangalore. A total of 3 students participated in the reel-making competition, and 6 participated in the photography competition.

Highlights of the Activity

Participants were encouraged to submit reels and photographs based on the theme, emphasizing human rights issues and achievements. The best entries were showcased on the committee's social media page, with public voting determining the winners.

Summary of the Activity

The competition focused on encouraging students to creatively explore themes of liberty, equality, and justice. Participants submitted either factual short videos (30-60 seconds) or photographs highlighting human rights violations, regional disparities, and achievements within their communities. The activity allowed students to shed light on global, national, and regional initiatives promoting human rights while documenting systemic challenges hindering their realization.

SDG mapping and skill development

The activity was aligned with SDSDGs (Gender Equality), SDGs (Reduced Inequalities), and 16 (Peace, Justice, and Strong Institutions). Students' creativity helped bring attention

to these critical issues, highlighting the importance of legal frameworks and equal access to justice. The competition also fostered entrepreneurship by encouraging innovation in reel-making and photography.

Exploring the Contours of the Doctrine of Basic Structure

Date: 27.07.2023
Time: 12:00 PM—1:00 PM
Venue: 911 CB, Christ (Deemed to be University), Bangalore
Speaker: Dr. Sanjay Jain, Professor, National Law School of India University, Bangalore

Participants:
Type of Participants: Law students of Christ (deemed to be university), Bangalore
Number of Participants: 130

Summary of the Activity:

The workshop titled Exploring the Contours of the Doctrine of Basic Structure was conducted on July 27, 2023, at Christ (Deemed to be University), Bangalore. The event featured Dr. Sanjay Jain, a visually impaired professor from the National Law School of India University, Bangalore. He was warmly welcomed and delivered an insightful lecture on the Basic structure Doctrine, covering its historical background, implications, criticisms, and future repercussions. The session lasted for about one hour and left the participants with a nuanced understanding of the doctrine, particularly its application in democratic societies around the world.

After the lecture, Dr. Jain was honored with a memento, and the event concluded with a vote of thanks. The lecture aligned well with academic objectives, promoting critical thinking and legal scholarship. The students, particularly those pursuing LLM, benefited from the diverse perspectives shared, which challenged traditional public consensus on the Basic Structure Doctrine.

Key Takeaways:
Dr. Jain's unique perspective offered a fresh outlook on constitutionalism and the importance of adaptability in modern governance.
He compared basic structures from various democratic nations, stressing the importance of dynamic constitutionalism in today’s world.

Follow-up Plan:

The School of Law intends to maintain collaboration with Dr. Jain for future lectures and workshops, ensuring that law students are consistently exposed to critical and contemporary legal discussions.

Empowering Wellness: Embracing the Right to Health for All

Date: 26th November 2023
Venue: Online
Location: Christ (Deemed to be University), Bangalore
Organized by: Constitutional Law Studies and Orientation Committee

Participants Profile:
Type of Participants: 1st- 4th year BA LLB and BBA LLB students
No. of Participants: 25 Students

Synopsis of the Activity:

The event titled "Empowering Wellness: Embracing the Right to Health for All" was held on November 26, 2023, as part of the celebrations for National Constitution Day. The screening was organized online to promote awareness of the fundamental right to health, with a focus on Article 21 of the Indian Constitution. The documentary discussed landmark cases, including the implications of the COVID-19 pandemic, highlighting the right to health as a key element of the right to life.

The Constitutional Law Studies and Orientation Committee members at Christ (deemed to be a university) were responsible for the entire process, including direction, script writing, acting, and videography. The documentary was recorded and circulated within the university community to provide students with a practical understanding of constitutional law. It also aimed to enhance students' creativity and teamwork skills while celebrating the transformative power of the Indian Constitution and honoring Dr. B.R. Ambedkar and the Constituent Assembly.

Key Takeaways:

- The documentary showcased significant legal cases related to the right to health, especially during the pandemic.

- It was circulated among students to strengthen their grasp of constitutional law and its real-world applications.
- The event fostered creativity, teamwork, and leadership among the committee members involved.
- The documentary celebrated the Indian Constitution on National Constitution Day, promoting awareness of fundamental rights.

XIV National Conference on Enhancing Judicial Administration: Application of Procedural Law and Ensuring Access to Justice in India

Date: January 22-23, 2024
Time: Day 1: 9:00 AM to 3:00 PM | Day 2: 12:00 PM to 3:30 PM

Conference Overview

The XIV National Conference on Enhancing Judicial Administration took place on January 22-23, 2024, at Christ (Deemed to be University), Bangalore. The event, organized by the School of Law, focused on discussions surrounding the application of procedural laws and ensuring access to justice in India. Participants, including law students, academicians, professionals, and research scholars, engaged in an in-depth exploration of judicial challenges, with a keynote address by Hon'ble Mr. Justice P.S. Dinesh Kumar and presentations by notable legal experts.

Day 1 commenced with the inaugural ceremony in the Main Auditorium, featuring Justice Dinesh Kumar, who delivered an insightful presentation on enhancing judicial administration. Day 2 concluded with a valedictory ceremony in the KE Auditorium, highlighting the significant contributions of participants and presenters.

Key Highlights

1. Around 100 abstracts were submitted, with 40 papers shortlisted for presentation.
2. Six technical sessions were conducted, exploring various themes of procedural law.
3. Discussions emphasized leveraging technology, improving case management, and addressing access to justice for marginalized communities.

4. The event featured distinguished speakers, including Ganapathy Subbaiah from Khaitan & Co., who spoke on dispute resolution and judicial reforms.

Conclusion

The success of the conference was attributed to the meticulous efforts of the organizing committee, led by student conveners and faculty coordinators. The event fostered productive dialogues on judicial reforms, ensuring access to justice, and the application of procedural laws in the Indian legal system.

1st National Symposium on Corporate Juris Nexus

Date: 29th September 2023
Time: 9:20 AM-5:00 PM
Venue: Online mode: Google Meet

Speakers/Presenters

Mr. Hemath Krishn, Partner, Shardul Amarchand Mangaldas & Co.
Mr. Ajay G. Prasad, Partner, J. Sagar Associates
Ms. Arpana Ravi, Partner, Samvad Partners
Ms. Smita Jha, Partner, Khaitan & Co.
Mr. Saurav S., Partner, Cyril Amarchand Mangaldas & Co.
Ms. Tryosha Darapuneni, Partner, Cyril Amarchand Mangaldas & Co.
Mr. Harish S-Partner, Cyril Amarchand Mangaldas & Co.

Participants Profile

Type of Participants: Open to students enrolled in 3-year LL.B. or 5-year LL.B. courses in India, as well as students from the School of Law, Christ (Deemed to be University), Bengaluru.
Number of Participants: 64

Synopsis of the Activity

This symposium provided an in-depth exploration of various aspects of corporate law, including insolvency, corporate restructuring, mergers and acquisitions (M&A), private equity and venture capital, and banking and finance. Experts discussed pertinent issues and trends, offering insights and recommendations. The event aimed to provide students with a comprehensive understanding of corporate law, allowing them to explore cutting-edge concepts across various disciplines within the field.

Key Takeaways

Discussion focused on key concepts and issues in M&A, corporate restructuring, banking finance, and the Insolvency and Bankruptcy Code (IBC) in the Indian context.
Explored the "Prison Pill" strategy to prevent hostile takeovers.
highlighted the critical role of cybersecurity risk assessments in M&A transactions.
emphasized the significance of technology as an enabler of due diligence and a potential source of risks in M&A.
Explored the systematic process of due diligence, focusing on identifying risks in financial, operational, and legal aspects of companies.
Addressed various risks involved in M&A transactions, including antitrust and competition law considerations.

Summary of the Activity

On 29th September 2023, the "1st National Symposium on Corporate Juris Nexus" brought together legal professionals and students in a highly engaging session. Participants asked thoughtful questions, which significantly enhanced their understanding of corporate law.

Follow-up Plan

1. Continue raising awareness and fostering national-level participation in corporate law discussions.
2. Plan further activities to maintain student enthusiasm and involvement in the field, based on ongoing feedback.

1st National Contract Drafting Workshop and Competition 2024

Date: 14th February 2024
Time: 9:30 AM- 3:00 PM
Venue: Room 911, Central Block, Christ (Deemed to be University), Bangalore

Participants Profile:

This workshop was open to students enrolled in 3-year or 5-year LLB courses across India, including students from Christ (deemed to be university).

Synopsis of the Activity:

The 1st National Contract Drafting Workshop and Competition 2024 offered an in-depth exploration of the nuances of contract drafting, specifically focusing on transaction documents for investments. The sessions covered topics like funding options, stages in investment transactions, deal documentation, ancillary agreements, share purchase agreements, and subscription agreements. Experts from Nishith Desai Associates guided participants through the process, discussing current trends and offering recommendations for drafting commercial contracts.

A unique aspect of the program was the integrated drafting competition, where students were given real-world scenarios to apply their learning. The high-pressure environment and expert feedback provided invaluable learning experiences for participants, ensuring they left the workshop with enhanced drafting skills.

Key Takeaways:

1. Investment Deal Nuances: Participants learned the complexities of drafting agreements across various stages of investment.

2. Mastering Deal Documentation: Students gained practical knowledge of drafting key documents like share purchase and subscription agreements.
3. Crafting Commercial Contracts: The workshop provided participants with the expertise to draft clear and legally sound commercial contracts.
4. Beyond Technical Expertise: Emphasis was placed on the importance of commercial awareness and clear communication in legal drafting.
5. Competition as a Testing Ground: The competition allowed students to apply their skills in real-time scenarios and collaborate with peers while receiving expert feedback.

Summary of the Activity:

The workshop left participants with a deeper understanding of the essentials of contract drafting, especially within the investment and commercial sectors. Discussions highlighted the need for a balanced approach between legal precision and commercial awareness. The competition further sharpened the participants' ability to think critically and draft holistically.

Follow-up Plan:

1. Conduct more focused sessions on specific domains like M&A, private equity, and technology contracts.
2. Facilitate one-on-one mentorships to guide participants through simulated negotiations and key clause drafting.
3. Establish an online discussion forum for ongoing engagement and updates on contractual developments.

Breast and Cervical Cancer Awareness Seminar and Hair Donation Drive

Date: 26th October 2023
Time: 9:30 AM—4:30 PM
Venue: Room 105, Central Block, Central Campus, Christ (Deemed to be University), Bangalore

Participants' Profile

Type of Participants: Students from all batches of BA/BBA LLLL.B.nd LLM students of the School of Law

Summary of the Activity

The event aimed to spread awareness about breast and cervical cancer through an educational seminar and a hair donation drive. A dedicated stall was set up for the hair donation drive, while various games and stickers helped raise funds for cancer care. The seminar featured presentations from prominent gynecologists and oncologists, who discussed symptoms, early detection, treatment stages, and anatomical details of breast and cervical cancer. Speakers from the Indian Cancer Society highlighted the emotional support needed for cancer patients and stressed the significance of hair donation drives in boosting patients' self-esteem.

Certificate Course on 'Laws Relating to Children: In Theory and Practice

Date: 3rd October 2023—6th October 2023
Time: 3:30 PM- 5:30 PM

The Certificate Course on *'Laws Relating to Children: In Theory and Practice'* was a four-day program held from 3rd to 6th October 2023, aimed at enhancing participants' understanding of child-related legal frameworks in India. Organized by the Gender Studies Committee, School of Law, Christ (Deemed to be University), Bangalore, in collaboration with iProbono, the course provided students with comprehensive insights into various legislations that protect children's rights.

A key highlight of the course was its focus on the Protection of Children from Sexual Offences Act (POCSO), Juvenile Justice Act (JJ), Child Marriage Act, and laws concerning child labor, bonded labor, and immoral trafficking. Sessions were conducted by experienced legal professionals from iProbono, including Advocates Nimisha Menon, Yamina Rizvi, Shriya Hegde, and Madhulika T., who provided detailed overviews of these laws. The participants, comprising 2nd, 3rd, and 4th-year law students, gained valuable knowledge through interactive sessions and case studies. A child-centric approach was emphasized, ensuring students understood the importance of prioritizing the well-being and rights of children in legal matters. Practical exercises helped reinforce legal procedures, fostering empathy and sensitivity when dealing with child-related cases.

With a total of 45 participants, the course not only enhanced their legal skills but also inspired a renewed commitment to advocating for children's welfare and rights in India. The program concluded with a follow-up plan to provide further exposure to niche subjects in child rights laws.

Menstrual Leave Policy in the Workplace

Date: 5th March 2024
Time: 12:00 PM–2:00 PM
Venue: Room 911, Central Block, Christ (Deemed to be University), Bangalore

Participants' Profile

Type of Participants: Members of the State Labour Commission, Policy Representatives, Lawyers, and the State Menstrual Leave Policy Committee
Number of Participants: 16

Synopsis of the Activity

The Gender Studies Committee enacted a skit to introduce discussions on menstrual leave policies within the Labour Department. The skit illustrated the struggles menstruating employees face in the workplace due to societal stigma and the discriminatory attitudes of some employers. Through a mediation session between employers and employees, the skit emphasized constitutional, legal, and international perspectives on the issue. The goal was to explore diverse views on menstruation and develop balanced, practical solutions for both employees and employers.

Key Takeaways

The skit highlighted the damaging effects of menstrual stereotypes and underscored the importance of inclusive workplace cultures. Through dialogue and mediation, it showed how constructive communication can lead to comprehensive policies that consider the needs of all stakeholders. The emphasis on constitutional, legal, and international case studies provided a solid framework for future menstrual leave policy development.

Summary of the Activity

This skit provided an in-depth look at the issues faced by menstruating employees in the absence of a menstrual leave policy. It offered educational and balanced perspectives from constitutional, legal, and international viewpoints, fostering a broader understanding of the need for such policies.

Follow-up Plan

The event aims to aid the State Commission on Menstrual Leave Policy in formulating legislation that can be enacted nationally, creating a robust and inclusive policy framework.

Christ University Parliamentary Debate 2023-24

Date: 5th-7th April 2024
Time: 9:00 a.m. onwards
Venue: 4th & 5th Floor, Central Block, and Christ Junior College, Christ (Deemed to be University), Bangalore

Participant Profile

Type of Participants: Participants from different universities across India
Number of Participants: 130 participants

Summary of the Activity

The Christ University Parliamentary Debate (CUPD) 2023-24 was held from 5th to 7th April 2024 at Christ (Deemed to be University), Bangalore. The event featured participants from various universities across India, with 130 participants competing in the Asian Parliamentary Debate format. External adjudicators scored participants based on criteria devised by the committee's scoring policy.

The tournament provided a platform for students to showcase their debating abilities while delving into a wide range of propositions. The event was a key step in fostering a rich debate culture within the university and strengthening student participation in national-level debate competitions.

Follow-up Plan

The organizing committee plans to host practice sessions and periodically release debating materials and coursework from established debaters to nurture the debating culture within the university. These efforts aim to boost student participation in external competitions while enhancing critical thinking and debating skills.

First Years Debating Premier League 2023-24

Date: 16th-18th October 2023
Time: 4:00 p.m. onwards

Synopsis of the Activity

The First Years Debating Premier League 2023-24 was a three-day internal debating tournament aimed at introducing first-year law students to the complexities and formalities of Asian Parliamentary Debating. Organized by the Literary and Debating Society of the School of Law at Christ (Deemed to be University), Bangalore, the event offered a platform for new students to hone their debating skills and compete in a structured, competitive environment.

Highlights of the Activity

The primary objective of this event was to familiarize students with the procedures associated with Asian Parliamentary Debating. In preparation, a series of workshops were held to guide the participants through the nuances of debating, covering topics such as climate change, feminism, and justice. The enthusiasm and competitive spirit of the students were evident throughout the tournament, which culminated in a Grand Finale judged by a panel of senior students with prior debating achievements.

Key Takeaways

- Introduction of first-year law students to the key formalities of Asian Parliamentary Debating.
- a platform for students to showcase their debating abilities, enhancing their interest in debating culture.
-

Summary of the Activity

The First Year Debating Premier League served as an engaging opportunity for first-year law students to demonstrate their debating talent. The event's structure, with multiple

rounds of debate on significant issues, allowed participants to engage critically with global and local topics. The tournament's final round, adjudicated by senior debaters, marked a grand conclusion to this successful internal competition.

Follow-Up Plan

To further promote debating at the School of Law, the organizers plan to host regular practice sessions, release additional resources, and provide coursework to stimulate ongoing interest. This approach aims to ensure students are well-prepared for external competitions representing Christ (deemed to be university).

Legal Craft: Advancing Advocacy Skills Week—Activity Report

Venue and Location: Christ (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

Report Overview:

The School of Law, Christ (deemed to be a university), hosted the Legal Craft: Advancing Advocacy Skills Week from 3rd to 8th April 2024. This week-long event, held in collaboration with the Constitutional Law Studies and Orientation Committee, Human Rights Committee, and Gender Studies Committee, was designed to enhance advocacy skills among law students. The activities included a legal drafting workshop, a judgment competition, a constitutional debate, a public interest litigation (PIL) drafting competition, and a panel discussion.

The event commenced on the 3rd of April 2024, with the Legal Drafting Workshop, aimed at equipping students with the skills to bridge theoretical knowledge with practical legal applications. Following this, the Judgement Rewriting Competition, held on the 4th of April, focused on analyzing judgments from a feminist perspective, encouraging students to critique and reinterpret legal decisions to challenge gender biases.

The Constitutional Debate, held on the 5th of April, allowed students to debate contemporary issues, including reservation policies and the uniform civil code, under the expert guidance of prominent legal professionals. The week concluded with a panel discussion featuring Advocates Jaibatruka Mohanta, Aditya Krishna Pandey, and Anirudh Kulkarni, who provided insights into the world of advocacy.

Key Takeaways:

The event provided a platform for students to sharpen their critical thinking, legal reasoning, and advocacy skills, bridging the gap between academic knowledge and real-world legal practices. The participants also had the opportunity to network with legal professionals,

broadening their perspectives on forensic science, legal reforms, and gender equality in the judiciary.

After the success of this year's event, plans are underway for the second edition of the Legal Craft: Advancing Advocacy Skills Week in 2025, with a focus on further enhancing collaboration and sponsorship to elevate the quality and impact of the event.

14th National Moot Court Competition in Association with Cyril Amarchand Mangaldas, 2024

Venue: Christ (Deemed to be University), Bangalore
Location: School of Law, Central Block, 4th and 5th Floor Classrooms; Main Auditorium, Audi Block; Moot Court Hall, 4th Floor, Central Block

Dates: February 2-4, 2024

Time: 02.02.2024: 7:00 AM- 10:00 PM
03.02.2024: 8:00 AM-9:30 PM
04.02.2024: 7:00 AM-3:30 PM

Report

The 14th National Moot Court Competition (NMCC) was held from February 2 to February 4, 2024, at Christ (Deemed to be University), School of Law, in association with Cyril Amarchand Mangaldas. This prestigious event saw the participation of 41 teams from various law schools across India, offering students the opportunity to hone their writing skills in an intellectually challenging environment. The competition revolved around a complex legal proposition focused on health law and constitutional law, addressing the tension between government prescriptions and the autonomy of medical practitioners.

The competition was held across three days, involving external judges comprising associates, senior associates, principal associates, partners, and seasoned legal practitioners, with High Court and Supreme Court judges presiding over the final day. Participants were tasked with drafting memoranda for both petitioners and respondents, followed by rigorous oral rounds.

The event successfully facilitated a learning experience that sharpened participants' legal research, drafting, and argumentative skills. By engaging in detailed legal reasoning and receiving valuable feedback from esteemed judges, the students gained practical insights into courtroom dynamics. The NMCC not only promoted academic excellence but also fostered the professional growth of future legal practitioners.

Skill Development for Students to Enhance Learning

Date: 04.04.2024
Time: 10:00 a.m.–3:00 p.m.
Venue: Nele Foundation, 9/2, Lakshmidevi Nagara Main Road, Opp. Veena Education Trust, Laggere, Bengaluru, Karnataka 560096
Organizer: Christ (Deemed to be University), School of Law

Summary of the Activity

The School of Law's CSA Committee conducted a skill development workshop at Nele Foundation, an organization dedicated to providing holistic development opportunities for students from various parts of Karnataka. The 35 participants, ranging from Class 1 to Class 10, were involved in activities designed to improve their decision-making abilities, public speaking, and confidence.

The workshop began with an introductory session where students were asked to introduce their friends and share two favorite things about them. Following this, a fun game was held where those who lost had to perform a skill they possessed. These activities created an engaging and interactive environment, fostering communication and teamwork.

Additionally, the committee members were briefed on the initiatives undertaken by the Nele Foundation, particularly its emphasis on equality and providing proper education. The children at the foundation are also exposed to various skill-building programs, including language development in Sanskrit, folklore, and yoga.

Key Takeaways

Students improved their public speaking, decision-making, and teamwork skills.
The foundation focuses on nurturing the holistic development of students with initiatives that promote equality and education.
The CSA Committee plans to organize further workshops to build on these skills and support the foundation's mission.

Bastar Community Development Project (BCDP)

The Bastar Community Development Project (BCDP), a significant initiative aimed at uplifting marginalized communities, was officially launched on the 18th of October, 2015. This project is strategically implemented across 34 tribal villages situated within 19 Panchayats in the Pakhanjore Tehsil of Kanker District, which lies in the state of Chhattisgarh, India. The project has been made possible through the collaborative efforts of the Centre for Social Action (CSA) at CHRIST (Deemed to be University) and the Bastar Dharma Kshema Samiti (BDKS), both of which are committed to fostering social change and enhancing the living conditions of the local population. The overarching goal of the BCDP is to comprehensively understand and document the socio-economic status of the Scheduled Castes (SC), Scheduled Tribes (ST), and Other Backward Classes (OBC) communities within the targeted areas. This understanding is pivotal, as it helps establish baseline information that informs the project's strategies and the output indicators necessary for measuring progress over the project's duration. The BCDP is particularly focused on promoting sustainable and transformational development, which encompasses not just economic improvements but also social and political empowerment of the communities involved. A core component of this initiative is the integration of the Self-Help Group (SHG) approach, which is designed to empower women by enhancing their social, political, and economic status. Through this approach, the project recognizes the crucial role that women play in community development and aims to equip them with the necessary tools and knowledge to assert their rights and improve their livelihoods.

The impact of the Bastar Community Development Project has been both profound and far-reaching, significantly altering the landscape of community empowerment within the villages it serves. One of the most notable achievements has been the formation and strengthening of 71 Self-Help Groups across the 34 villages involved in the project. These groups serve as vital support networks for women, fostering a sense of solidarity and collaboration that is essential for community development. Among these groups, 12 have successfully linked with the National Rural Livelihood Mission (NRLM), enabling them to access various benefits designed to enhance their livelihoods and overall well-being. This connection to NRLM not only provides financial assistance but also facilitates access to training and resources that are essential for sustaining their initiatives. The training

component of the project has been extensive, with a total of 651 women participating in training sessions aimed at helping them set personal and community goals. This empowerment through training ensures that the women are not only aware of their potential but are also equipped to take actionable steps towards achieving their aspirations, thereby positively impacting their communities.

Moreover, the BCDP has made significant strides in addressing critical social issues, particularly concerning gender equality and violence against women. A total of 397 women have received training focused on understanding gender issues, which is crucial in a region where traditional gender roles can often limit women's opportunities and rights. By educating these women about gender dynamics and equipping them with strategies to combat violence and oppression, the project is fostering an environment where women can advocate for themselves and each other, leading to a more equitable society. In addition to gender training, the project also emphasizes the importance of awareness regarding government welfare schemes. Following training sessions, 192 families applied for ration cards, with 72 of those applications successfully approved. Furthermore, 73 individuals have applied for labor cards, which are essential for securing formal employment opportunities and accessing social benefits. This increase in applications illustrates the project's effectiveness in informing and empowering families to utilize available resources that can improve their standard of living.

The BCDP has also focused on the essential issue of land rights, recognizing that access to land is fundamental to the economic stability and sustainability of tribal communities. A total of 345 SHG members were trained on Forest Land Rights, which is particularly relevant in a region where land is often contested and access to resources is critical for survival. This training not only empowers the women with knowledge about their rights but also equips them with the skills to advocate for their access to land and resources. Additionally, the project has made substantial contributions to food security and agricultural sustainability through initiatives that promote kitchen gardening and organic farming. A total of 590 families have benefited from seed distribution programs, enabling them to establish kitchen gardens that provide nutritional food sources and supplementary income. This not only enhances food security within these households but also promotes sustainable agricultural practices that can have lasting benefits for the environment.

The project's commitment to improving the livelihoods of women is exemplified by the support provided to 76 women, enabling them to enhance their income-generating capabilities. By focusing on skill development and providing the necessary resources, these women have been able to start earning extra income, which has a ripple effect on their families and communities, contributing to overall economic improvement. The vision of the Bastar Community Development Project extends far beyond immediate economic gains; it aims to create a lasting impact that benefits future generations. The project aspires to positively influence the lives of 1,500 children, 1,400 women, and 800 adolescents and youth from a total of 1,709 tribal families. This holistic approach to community development emphasizes not just economic empowerment but also social upliftment and education, ensuring that the benefits of the project resonate through the community for years to come.

The Bastar Community Development Project stands as a testament to the transformative power of community-based initiatives that prioritize collaboration, empowerment, and sustainable development. By focusing on the socio-economic status of SC/ST/OBC communities, providing targeted training, and fostering the establishment of Self-Help Groups, the project has made significant strides in promoting gender equality, improving livelihoods, and enhancing community cohesion. The partnerships forged between academic institutions and local organizations further amplify the project’s impact, demonstrating the effectiveness of combining resources, knowledge, and community engagement in addressing the complex challenges faced by marginalized populations. As the project continues to evolve and expand its reach, it holds the promise of creating lasting change that empowers individuals and uplifts entire communities in the Bastar region of Chhattisgarh.

Mental Health and Gender Sensitivity

The Centre for Social Action at CHRIST (Deemed to be University) in Bangalore has embarked on an ambitious program aimed at enhancing mental health knowledge and accessibility while simultaneously promoting gender sensitivity and inclusivity within communities. This initiative recognizes the critical importance of mental health as a foundational component of overall well-being and seeks to address the barriers that often prevent individuals from accessing necessary counselling and therapeutic services. A central aspect of this program is its commitment to educating communities about gender inclusion, which involves actively working to dispel harmful gender stereotypes that can hinder individuals from seeking help or receiving support. To achieve these goals, the Centre will organize a series of workshops facilitated by psychology professionals, focusing on mental well-being. These workshops are designed to not only raise awareness about the significance of mental health but also to equip participants with practical tools and strategies to manage stress effectively and enhance their mental resilience. The workshops will delve into various aspects of mental health, highlighting its relevance in daily life and the importance of recognizing and addressing mental health challenges before they escalate into more significant issues. Alongside these educational efforts, specialized workshops on stress management will be conducted, providing participants with techniques to cope with stress in healthy and constructive ways, thereby preventing potential mental health problems that can arise from unmanaged stress.

The program will also implement awareness initiatives aimed at fostering sensitivity towards individuals with mental health challenges, thereby cultivating a culture of understanding and empathy within the community. By raising awareness about the experiences and needs of mentally challenged individuals, these initiatives seek to dismantle stigma and promote a more supportive environment where everyone can thrive. These combined efforts are critical in creating a community that prioritizes mental health and well-being, breaks down stereotypes related to gender and mental health, and fosters an inclusive atmosphere where all individuals, regardless of their gender or mental health status, feel valued and supported. Through this comprehensive approach, the Centre for Social Action aims not only to improve access to mental health resources but also to instill a deeper understanding of the interplay between mental health and gender issues, ultimately contributing to a healthier, more

inclusive society. By investing in education, raising awareness, and promoting gender inclusivity, this program aspires to empower individuals, enhance community resilience, and create lasting change that will benefit future generations. The focus on workshops, community engagement, and awareness campaigns will play a pivotal role in transforming perceptions surrounding mental health and gender, leading to a more empathetic and informed community. Overall, these initiatives are set to significantly contribute to boosting mental health awareness and well-being, dismantling long-standing stereotypes, and fostering an inclusive environment where all individuals can access the support they need to thrive. In pursuing these objectives, the Centre for Social Action demonstrates a profound commitment to social change and the promotion of mental health as a universal right, thereby laying the groundwork for a more equitable future. Through sustained efforts to educate and empower, this program seeks to create a ripple effect within the community, inspiring individuals to advocate for themselves and others in the context of mental health and gender sensitivity, ultimately leading to a society that values and prioritizes the well-being of all its members.

Integrated Community Development Project (ICDP), Niravilpuzha

The Integrated Community Development Project (ICDP) at Niravilpuzha, an ongoing initiative by the Centre for Social Action (CSA) in collaboration with CEVA, is making significant strides in enhancing the quality of life for the communities in Thondernadu Panchayath, located within the Mananthavady Block of Wayanad District. This project is grounded in a holistic approach that seeks to address the multifaceted needs of the community, with a primary aim to provide educational support for children from economically disadvantaged backgrounds. By establishing supplementary education centers, the project ensures that children have access to additional learning resources, which are crucial for their academic success. Furthermore, the ICDP focuses on empowering women and youth, recognizing their vital role in community development and the necessity of equipping them with skills that enhance their employability and economic independence. To this end, the project offers vocational training programs aimed at fostering sustainable livelihoods, including courses in tailoring, automobile driving, computer training, and food processing. These skill development initiatives are designed not only to impart essential vocational skills but also to instill confidence and entrepreneurial spirit among participants, thereby enabling them to create better economic opportunities for themselves and their families.

In addition to educational and vocational support, the ICDP emphasizes the importance of strengthening agriculture and animal husbandry within the community. By promoting practices such as kitchen gardening and backyard poultry, the project aims to enhance food security and nutrition while also providing families with additional sources of income. This focus on sustainable agriculture not only supports the economic well-being of households but also fosters a deeper connection to the land and promotes environmentally friendly practices. Complementing these agricultural initiatives, the project also addresses health and medical care needs through the organization of medical camps and treatment support for terminally ill patients, including those battling cancer. These medical services are vital for improving health outcomes within the community, as they provide access to essential healthcare resources that might otherwise be unavailable to families in need.

Moreover, the Integrated Community Development Project incorporates an Income Generation Programme (IGP) that serves to create additional economic opportunities for community members, empowering them to improve their financial stability and quality of life. Recognizing the importance of mental and emotional well-being, the project also provides counseling services for parents, children, and adolescent girls, fostering a supportive environment where individuals can seek guidance and support in navigating the challenges they face. By addressing educational, economic, agricultural, health, and emotional needs, the ICDP takes a comprehensive approach to community development that promotes empowerment, resilience, and sustainability. Through these concerted efforts, the project not only aims to uplift individual lives but also seeks to strengthen the community as a whole, paving the way for long-term positive change and improved living standards for all residents of Thondernadu Panchayath. As the ICDP continues to evolve and expand its reach, it holds the promise of fostering a vibrant, self-sufficient community where every member has the opportunity to thrive and contribute to the collective well-being of the area. The integration of various development components—education, vocational training, agriculture, health services, and counselling—ensures that the project addresses the diverse and interconnected needs of the community, creating a robust framework for sustainable development that can adapt to changing circumstances and challenges. Ultimately, the success of the Integrated Community Development Project at Niravilpuzha will serve as a model for similar initiatives in other regions, demonstrating the power of collaboration and community engagement in driving meaningful and lasting change. By focusing on empowerment and capacity-building, the ICDP not only aims to uplift the current generation but also to cultivate a culture of self-reliance and resilience that will benefit future generations. In conclusion, the ICDP in Niravilpuzha stands as a testament to the potential of integrated community development initiatives to transform lives and foster sustainable progress through a collaborative and inclusive approach, addressing the root causes of poverty and social inequality while empowering individuals and communities to shape their own futures.

Integrated Community Development Project (ICDP), Kochi & Kainakary

The Integrated Community Development Project (ICDP), launched three years ago in collaboration with the Cyriac Elias Voluntary Association (CEVA), focuses on enhancing the livelihoods and well-being of communities in Udaya Colony, Kochi, and Kainakari, Alappuzha, through a series of targeted initiatives aimed at fostering empowerment and resilience among residents. This project has made significant strides in addressing the diverse needs of these communities, with notable achievements that highlight its impact. One of the standout accomplishments has been the provision of Chenda training to 15 women from Udaya Colony, responding directly to their expressed interest in learning this traditional musical skill. This initiative not only helps preserve cultural heritage but also empowers these women by enhancing their confidence and providing them with a means to engage in community celebrations and events. Furthermore, recognizing the importance of sustainable agricultural practices, the project has enabled 50 elder parents to initiate farming on a half-acre plot located in the bustling heart of Kochi. Through comprehensive training in organic farming methods, these elders are not only able to cultivate their land but also contribute to the local food system, promoting healthier eating habits while generating supplementary income for their families.

In addressing the critical health challenges faced by the community, the ICDP has established a Cancer Care Group, which serves as a support network for those affected by cancer, facilitating awareness campaigns aimed at educating the public about prevention, early detection, and treatment options. This initiative has proven essential in raising awareness and reducing the stigma associated with cancer, empowering individuals to seek help and support when needed. To further support cancer patients, the project has engaged in discussions with local governing bodies to advocate for the availability of pension schemes specifically designed for those battling this illness, thereby alleviating some of the financial burdens they face. Additionally, the project provides treatment support to 18 patients, ensuring they receive the medical attention necessary for their recovery and well-being. In a broader effort to enhance economic stability within the community, the ICDP has introduced several Income Generation Activities, including the establishment of the Chavara Food Processing Unit and the Chavara Tailoring Unit. These ventures not only create job opportunities for local residents but also promote entrepreneurship by providing the

necessary training and resources for individuals to start their own businesses. The food processing unit allows community members to engage in value-added production, thereby increasing their income potential while also ensuring that local agricultural products are utilized effectively.

Similarly, the tailoring unit offers vocational training that equips participants with the skills needed to produce garments, tapping into the fashion and textile market while fostering creativity and self-sufficiency. These initiatives reflect a comprehensive approach to community development, where education, health, and economic empowerment intersect to create a more sustainable future for the residents of Udaya Colony and Kainakari. By integrating various aspects of community life, the ICDP not only addresses immediate needs but also lays the groundwork for long-term growth and resilience, allowing individuals to improve their living standards while fostering a sense of community and mutual support. As the project continues to evolve, it remains committed to listening to the voices of the community members, ensuring that their needs and aspirations guide the implementation of programs and services. This participatory approach reinforces the importance of community engagement in development initiatives, fostering ownership and accountability among residents, which is vital for the sustainability of the project's impact. The successes achieved by the ICDP in Udaya Colony and Kainakari serve as an inspiring model for other community development efforts, demonstrating that with the right support and resources, individuals can transform their circumstances and contribute positively to the well-being of their communities. Overall, the Integrated Community Development Project stands as a testament to the power of collaboration and the potential for positive change through grassroots initiatives, paving the way for a more equitable and sustainable future for all involved. As the project moves forward, it aims to expand its reach, deepen its impact, and continue fostering a spirit of resilience and empowerment among the residents of these vibrant communities.

Micro – Enterprise and Educational Programme for Women and Children (MEEP)

The Micro-Enterprise and Educational Programme for Women and Children (MEEP) is an innovative project initiated in collaboration with the CMC sisters in Kainakary, designed to foster integral development within a community that faces significant challenges, particularly due to its flood-prone geography and inadequate transport facilities, which hinder children's access to education. Recognizing the urgent need for educational support, the project has successfully provided assistance to 100 children, enabling them to continue their schooling while also conducting training programs aimed at enhancing their life coping skills, which are essential for navigating the complexities of daily life in a vulnerable environment. This multifaceted approach not only focuses on educational outcomes but also empowers women by facilitating their access to vocational training. Specifically, 75 women have undergone training in tailoring, equipping them with the necessary skills to start their own tailoring units. This initiative has been pivotal in helping these women achieve financial stability, as they can now generate their own income through the products and services they offer in their communities.

In addition to vocational training, the women participants have also benefited from educational classes that cover a broad range of topics designed to enhance their overall well-being and capacity to manage their households effectively. These classes include important subjects such as budgeting, responsible parenting, stress management, healthcare awareness, and leadership skills, all of which contribute to fostering a more informed and capable community. The integration of these educational components ensures that the women not only gain practical skills for employment but also develop the knowledge necessary to navigate the challenges of family life and community engagement. Furthermore, in light of the alarming issue of water contamination in the area—largely due to high pesticide usage—the project has implemented a sustainable solution by providing women with grow bags to promote organic farming practices. This initiative encourages beneficiaries to cultivate their own vegetables and herbs, thus ensuring access to safe and healthy food options while simultaneously reducing reliance on harmful chemical inputs in agriculture. In total, 150 beneficiaries have directly benefited from this organic farming initiative, which aligns with the project's broader goals of enhancing food security and promoting health within the community.

The impact of the Micro-Enterprise and Educational Programme for Women and Children extends beyond immediate educational and economic improvements; it fosters a culture of self-reliance and empowerment among participants. By equipping women with both vocational skills and critical life knowledge, the project creates a ripple effect that positively influences the community as a whole. Women who have gained financial independence through tailoring can reinvest their earnings in their children's education and healthcare, thereby breaking the cycle of poverty and enhancing the prospects for future generations. Additionally, the focus on organic farming not only addresses the pressing issue of food safety but also instills a sense of environmental responsibility among participants, promoting sustainable practices that can benefit the entire community in the long term. As the project continues to evolve and expand its reach, it serves as a powerful model for similar initiatives in flood-prone and resource-limited areas, demonstrating the profound impact that integrated educational and livelihood training can have on transforming lives. By addressing the interconnected challenges of education, economic stability, health, and environmental sustainability, MEEP stands as a beacon of hope and a testament to the potential for positive change when communities come together to support one another. In conclusion, the Micro-Enterprise and Educational Programme for Women and Children not only seeks to alleviate immediate challenges faced by families in Kainakary but also aims to build a foundation for enduring community resilience and growth, ensuring that individuals are equipped with the tools they need to thrive in a changing world. As the program continues to develop, its commitment to fostering integral development among the people of Kainakary remains steadfast, paving the way for a brighter, more sustainable future for all.

The Women's Co-operative Bank

The Women's Cooperative Bank, established by the Chethana Women and Community Development Multipurpose Cooperative Society Limited, is a groundbreaking initiative aimed at empowering women in the Yelachammanahalli region, with its operations commencing on February 7, 2019. This community-based organization has been initiated, established, and strengthened through the dedicated efforts of CHRIST (Deemed to be University), which continues to provide vital technical support to the bank, ensuring its effective operation and sustainability. Since its inception, the Women's Cooperative Bank has made significant strides in enhancing the lives of approximately 650 women from 55 Self-Help Groups spanning 14 villages, providing them with essential access to financial services that have been historically unavailable to them. By offering a range of banking services tailored to the unique needs of these women, the bank has played a pivotal role in fostering financial inclusion, enabling its members to achieve financial and livelihood security. This newfound financial independence has not only allowed women to manage their household finances more effectively but has also empowered them to invest in their children's education, creating a ripple effect that positively impacts the entire community. The testimonials from members highlight the transformative impact of the bank; many women recount how access to credit and savings facilities has enabled them to start small businesses, thereby improving their family's economic situation and allowing them to provide better educational opportunities for their children. The bank has also facilitated various training programs aimed at enhancing the skills and capacities of its members, ensuring they are equipped to make informed financial decisions and navigate the complexities of the banking system. As a result, women who once felt marginalized and limited by their circumstances have gained confidence and agency, transforming their roles within their families and communities. This empowerment is evident not only in their financial dealings but also in their increased participation in local decision-making processes, contributing to a more equitable and inclusive society. The Women's Cooperative Bank stands as a testament to the power of collective action and community development, demonstrating how targeted support and resources can lead to meaningful change. The partnership between CHRIST (Deemed to be University) and the Chethana Women and Community Development Multipurpose Cooperative Society reflects a commitment to uplifting women through education, financial literacy, and empowerment, ultimately paving

the way for a brighter future for generations to come. Through the Women's Cooperative Bank, women in Yelachammanahalli have not only gained access to financial resources but have also forged a strong sense of community and solidarity among themselves, fostering an environment where they can support one another in their journeys toward personal and collective success. As the bank continues to grow and evolve, it remains dedicated to its mission of enhancing the lives of women and their families, ensuring that they have the tools and resources necessary to thrive in an ever-changing world. The success stories emerging from the Women's Cooperative Bank illustrate the profound impact that financial empowerment can have on women's lives, underscoring the importance of continued investment in community-driven initiatives that prioritize the needs and aspirations of women. Ultimately, the Women's Cooperative Bank is not just a financial institution; it is a catalyst for change, driving progress and development in Yelachammanahalli and beyond, and serving as a model for similar initiatives across the region. Through its unwavering commitment to women's empowerment and community development, the bank is making strides toward a more equitable society where women can flourish and contribute to their families and communities in meaningful ways.

International Women's Day, 2024 "Inspire Inclusion"

Department of Electrical and Electronics Engineering

BANGALORE · INDIA

Synopsis of the Activity (Description)
Highlights of the Activity
The event "International Women's Day 2024 - Inspire Inclusion," conducted by Ms. Bindu Harish and Ms. Mamatha L, was a powerful celebration of women's achievements and a call to action for gender equality. Attendees engaged in thought-provoking discussions and workshops aimed at promoting inclusivity across various sectors, emphasizing the importance of diverse voices in shaping a more equitable future. The event featured inspiring speakers and interactive sessions that highlighted the challenges faced by women and the necessity of collective efforts in breaking down barriers. By fostering an environment of collaboration and empowerment, the event underscored the pivotal role of inclusion in driving social change and enhancing opportunities for women worldwide.
Key Takeaways
During the International Women's Day 2024 event titled "Inspire Inclusion," Ms. Bindu Harish and Ms. Mamatha L emphasized the importance of creating inclusive environments that empower women across various sectors. Key points discussed included the need for proactive policies and practices that promote gender equality, the impact of mentorship and role models in fostering female leadership, and strategies for overcoming systemic barriers to women's participation in the workforce. They also highlighted the significance of allyship among all genders in supporting women's rights and ensuring that diverse voices are heard and represented in decision-making processes. The event encouraged attendees to actively engage in initiatives that drive inclusivity and to advocate for a society where everyone's contributions are valued equally.
Activity Details
The INTERNATIONAL WOMEN'S DAY 2024 event, themed "INSPIRE INCLUSION," was a dynamic gathering aimed at empowering engineering students to embrace diversity and foster an inclusive environment within the field. Conducted by the inspirational duo, Ms. Bindu Harish and Ms. Mamatha L, the event featured a series of workshops and interactive sessions that encouraged students to engage with the principles of equality and inclusiveness. The day commenced with a powerful keynote speech by Ms. Harish, who highlighted the significance of women's contributions to engineering and technology, sharing her own journey and challenges faced in a traditionally male-dominated field. Following the keynote, Ms. Mamatha L led a panel discussion featuring accomplished women engineers and industry leaders. The panelists shared their experiences, emphasizing the importance of mentorship and the role of supportive networks in achieving professional growth. Students were encouraged to ask questions and participate in discussions, creating a

vibrant exchange of ideas. Real-life case studies were presented, demonstrating successful initiatives aimed at promoting diversity within organizations. This interactive session inspired students to think critically about their own roles in advocating for inclusivity within their academic and future professional environments.

The event culminated in group activities where students participated in brainstorming sessions to develop their own initiatives that could promote inclusivity in their universities and workplaces. Participants collaborated in mixed-gender teams, generating innovative ideas such as mentorship programs, workshops on unconscious bias, and networking events that aimed to enhance women's visibility in engineering. Ms. Harish and Ms. Mamatha concluded the event with empowering messages, encouraging students to take actionable steps toward fostering an inclusive culture. The overall atmosphere was one of collaboration and shared commitment, leaving attendees motivated to champion inclusivity in their future careers.

Summary of the Activity

The event "International Women's Day 2024 – Inspire Inclusion," conducted by Ms. Bindu Harish and Ms. Mamatha L, offers numerous benefits to students by fostering an environment of awareness, empowerment, and inclusivity. Through engaging discussions and interactive workshops, students gain valuable insights into the significance of gender equality and the importance of diverse perspectives in all fields. The event encourages participants to challenge stereotypes and embrace inclusivity within their educational and social spheres. By highlighting inspiring women leaders and trailblazers, students are motivated to pursue their ambitions while understanding the collective responsibility to support one another. This initiative not only cultivates critical thinking and empathy but also equips students with the tools and knowledge necessary to become advocates for change in their communities.

Follow-up plan

Following the successful execution of the INTERNATIONAL WOMEN'S DAY 2024 event titled "INSPIRE INCLUSION," led by Ms. Bindu Harish and Ms. Mamatha L, we propose a comprehensive follow-up plan to sustain the momentum of our discussions and collaborations. This includes the formation of a dedicated task force comprised of participants from various sectors to develop actionable initiatives that promote gender inclusion in workplaces and communities. We plan to host a series of workshops and webinars over the next six months to equip attendees with the tools necessary to implement these initiatives, while also fostering an online platform for ongoing dialogue and sharing of best practices. Additionally, we will collect feedback through surveys to assess the impact of the event and identify areas for further improvement, ensuring that our commitment to inspiring inclusion is both measurable and sustainable in the long term.

Impact Analysis
The impact of the event is as follows, International Women's Day 2024, themed "Inspire Inclusion," has the potential to significantly impact students' careers by fostering an environment of equality and empowerment. This event emphasizes the importance of representation and provides a platform for students, especially young women, to engage with leaders and role models across various fields. Through workshops, panel discussions, and mentorship opportunities, students can gain insights into overcoming barriers, developing crucial networks, and understanding the significance of diverse perspectives in the workplace. By inspiring a culture of inclusion, the event encourages students to pursue their aspirations confidently, equipping them with the knowledge and support necessary to navigate their career paths and contribute to a more equitable workforce.

Spreading the Joy of Christmas

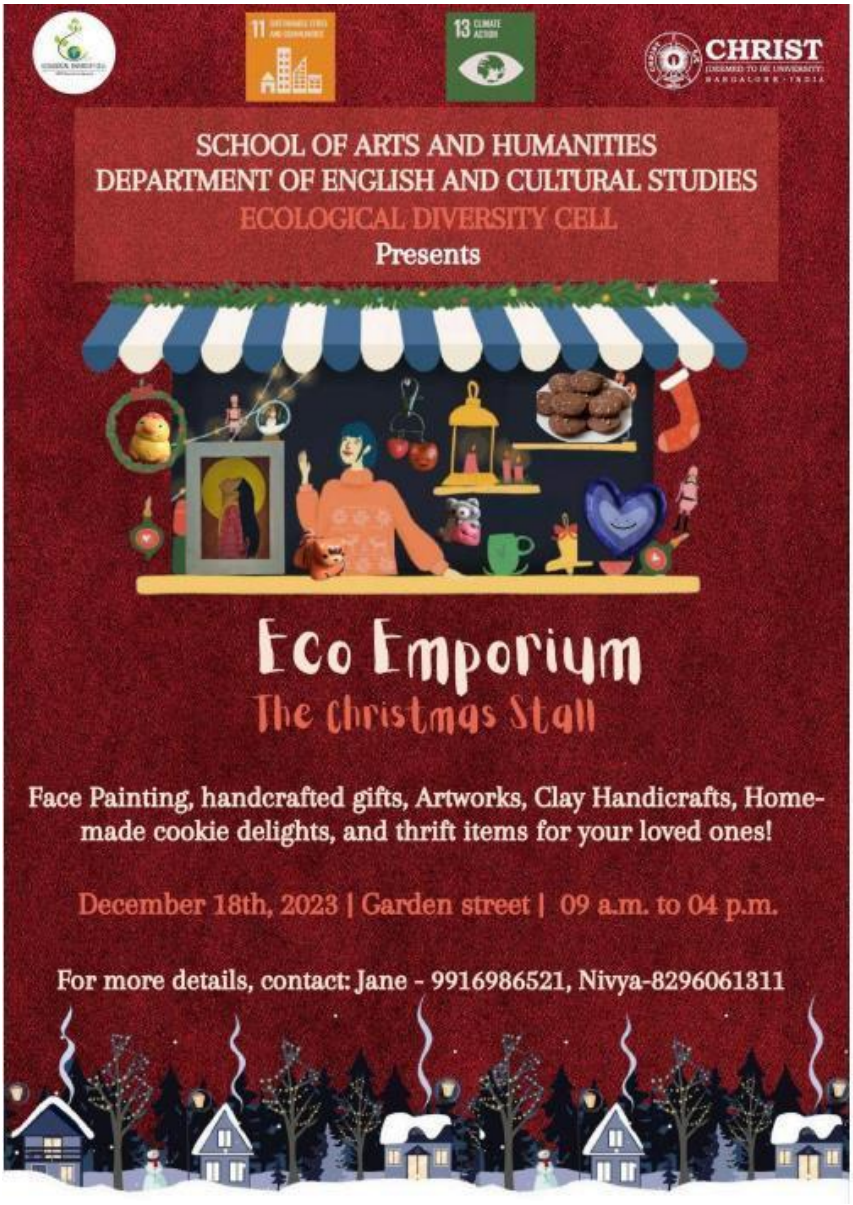

Spreading the Joy of Christmas

- **Date:** 18 December 2023
- **Time:** 9:00 AM - 4:00 PM
- **Venue:** CHRIST (Deemed to be University), Central Campus
- **Collaboration:** Ullisu (local store in Indiranagar)
- **SDG Focus:** SDG 11 – Sustainable Cities and Communities
- **Participants:** Students, Faculty, Staff, and Guests (approx. 100)

Agenda:

- Promote entrepreneurship among students
- Encourage sustainable living

- Celebrate the Christmas spirit

Activity Highlights:

- **Products Sold:**
    - Homemade wheat cookies by Ms. Jane
    - Clay keychains by Ms. Pooja
    - Homemade deodorants by Ms. Nida
    - Thrift clothes and books from Ullisu
    - Personalized Christmas wishes
- **Event Ambiance:** Festive music and Christmas decor

Key Takeaways:

- Promotion of sustainability and entrepreneurship
- Strengthened sense of community and festive spirit

Detailed Summary: Organized by the Ecological Diversity Cell from the Department of English and Cultural Studies, this Christmas stall showcased handmade and eco-friendly products. Collaboration with Ullisu, known for their thrift items, added an eco-conscious dimension to the event. Students and faculty enjoyed homemade cookies, keychains, and deodorants, while the thrift items emphasized the importance of sustainable shopping.

Volunteers gained valuable teamwork and entrepreneurial skills, and feedback highlighted the sense of joy and community fostered by the event.

Action Plan:

1. **Pre-Event:**
    - Coordinating with Ulisu for thrift contributions
    - Preparing handmade products
    - Promoting the event
2. **During the Event:**
    - Stall setup and product arrangement
    - Engaging visitors, promoting sustainability
    - Distributing personalized Christmas wishes
3. **Post-Event:**
    - Collecting feedback

- Evaluating event impact for future planning

Feedback & Impact: The event was well-received, with attendees appreciating the products and atmosphere. The collaboration with Ullisu underscored the importance of supporting local, sustainable businesses. Student volunteers gained entrepreneurial and teamwork skills, enhancing their personal development.

This event beautifully combined the celebration of Christmas with sustainable living practices and community bonding.

Lip Balm and Deodorant Making Workshop

Lip Balm and Deodorant Making Workshop

- **Date:** 20 January 2024
- **Time:** 9:00 AM - 11:00 AM
- **Venue:** Room No. 736, 3rd Floor, Block II
- **Collaboration:** Ecological Diversity Cell in collaboration with CathARTic
- **SDG Focus:** SDG 11 – Sustainable Cities and Communities
- **Participants:** Students, Faculty, and Staff (20 participants)

FOR MORE DETAILS :
NEHA BENO - +91 80894 82913
SHREYA R - +91 96293 45293

Agenda:

- Introduction to sustainable practices
- Hands-on workshop on making lip balm and deodorant

Speaker/Facilitator:

- **Name:** Aatira Susan Benny
- **Position:** Advocate and Practitioner of Sustainability

Activity Highlights:

- Demonstration of DIY sustainable products (lip balm and deodorant)
- Discussion on the benefits of an eco-friendly lifestyle
- Interactive Q&A session with the facilitator

Key Takeaway: Participants gained practical knowledge of creating eco-friendly lip balms and deodorants using simple, sustainable ingredients.

Summary of the Workshop: Led by sustainability advocate Aatira Susan Benny, this workshop introduced participants to the significance of eco-friendly practices in daily life. Aatira demonstrated how to make lip balms and deodorants from accessible materials, showcasing how these simple, cost-effective products can contribute to sustainability. Participants were actively engaged in the process,

with discussions centering on personal sustainability journeys and actionable steps for lifestyle changes.

Detailed Summary: The workshop opened with Aatira Susan Benny sharing her path toward sustainability, focusing on the role of individual actions in environmental conservation. She provided hands-on demonstrations on creating homemade lip balm and deodorant, highlighting the benefits of these alternatives to commercial products. Participants interacted throughout the session, posing questions and exchanging ideas. The event ended with a discussion on further sustainable lifestyle practices and ideas for implementation.

Action Plan:

1. **Follow-Up Workshop:** On Advanced Sustainable Practices
2. **Creation of Online Platform:** To share DIY sustainability ideas and tips
3. **Broader Collaboration:** With other departments to expand sustainability initiatives

Feedback: Collected via Google Forms, participants expressed high satisfaction, appreciating the practical demonstrations and Aatira's depth of knowledge. Many highlighted the ease of making sustainable products and the value of the hands-on approach.

EcoQuest: A Workshop Exploring 'R's of Sustainability

EcoQuest: A Workshop Exploring 'R's of Sustainability

Date: October 5, 2023
Time: 10:00 AM - 2:00 PM
Venue: Department of Computer Science
Participants: 52 students (UG & PG), 2 faculty members

Speakers:

1. **Mr. Abdullah A. Rehman** (Founder & CEO, APD Foundation, Karnataka) - Delivered a general talk on sustainability.
2. **Ms. Niveditha P. Devadiga** (Assistant Professor, PES University) - Led the workshop exploring sustainability practices focusing on reducing waste.

Workshop Highlights:

- **Icebreaker Sessions:** Engaging activities to create an open, friendly atmosphere.
- **Waste Management Session:** Participants were educated on the societal and environmental impacts of waste management.
- **DIY Activities:**
    - *Refusing Single-Use Items:* Practical steps to reduce reliance on single-use products.
    - *Compost Making:* Turning organic waste into compost.
    - *Bio Enzyme Creation:* Making eco-friendly cleaning alternatives.

ECO QUEST WORKSHOP
05.10.2023 10:33
13.03591, 77.50612
2GP4+6J6, Nagara Bavi, Nalagadderahalli, Peenya, Bengaluru,
Karnataka 560057

E -1, Nalagadderahalli, 8th Mile, Tumkur Road, Nagasandra,
Nalagadderahalli, Peenya, Bengaluru, Karnataka 560073

Key Takeaways:

- Raised awareness of waste management.
- Practical skills in composting and bio-enzyme creation.
- Strengthened community bonding through collaborative activities.

Follow-up Plan:

- Encourage participants to apply their learnings in daily life.
- Share resources on composting and bio enzymes.
- Set up an online group for continued discussions.
- Schedule follow-up sessions to track progress and share achievements.

Sustainability Week Promotional Video Screening

Sustainability Week Promotional Video Screening

Date: February 12, 2024
Time: 3:00 PM - 3:05 PM
Venue: Room 604
Participants: 260 students and faculty from the Department of English and Cultural Studies

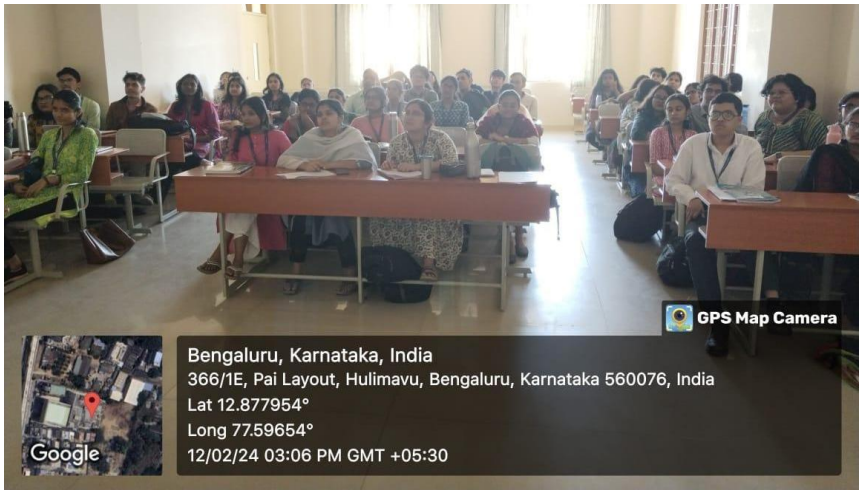

Synopsis of the Activity:
The promotional video for Sustainability Week was screened to raise awareness about the event and the SDG Goals. It marked the inauguration of Sustainability Week (12-17 February 2024), organized by the SDG Cell.

Highlights:

- Classes informed about SDG Goals and Sustainability Week.
- Encouraged participation in the department's Mini Sports Event on 16 February 2024.

Participants:

- 2BAENG, 4ENGH, 6ENGH, and 2MAECS attended the screening.
- 4MAECS received the video through class groups due to ongoing Capstone classes.

Sustainability Week Promotional Video Screening

The members of the SDG Cell from each class of the English and Cultural Studies department screened the Sustainability Week Promotional Video as part of the inauguration of the Sustainability Week from 12 to 17 February 2024 hosted by the SDG Cell of the University. The students were also informed and encouraged to participate in the Mini Sports Event of the department to be held on 16 February 2024. The video was screened to the students of 2BAENG, 4ENGH, 6ENGH, and 2MAECS. As 4MAECS were in their Capstone classes, the video was circulated in their class groups.

Ragi Kana Field Visit
TIME AND DATE – 11:00 AM ,21ST JANUARY
LOCATION –
RAGI KANA, GANESHA TEMPLE,
BUS STAND, IDBI LAYOUT,
GOTTIGERE, BENGALURU,
KARNATAKA 560083

Synopsis of the Activity:
The visit to the Ragi Kana Santhe introduced students to sustainable and minimal waste markets. Students interacted with vendors, learning about sustainable consumption, such as the avoidance of plastic and the use of reusable cutlery. They attended a session by Meghna, who discussed folk percussion music as a metaphor for subaltern culture, highlighting its gendered and caste-based history.

Key Highlights:

- Hands-on interaction with vendors and sustainable products.
- Insights into non-industrialized consumption methods.
- Discussion on the significance of folk percussion music in subaltern culture.

Key Takeaways:

- Understanding the operation of sustainable, minimal-waste markets.
- Exploration of folk music's cultural and historical significance.
- Learning about plastic-free practices like reusable cutlery and eco-friendly bags.

Summary of the Activity:

Students engaged with vendors at the Ragi Kana Santhe, followed by a session on folk percussion music by Meghna. Post-session, they discussed with the organizers how the market operates and how they could contribute to future events through their voluntary efforts in collaboration with Ragi Kana.

Follow-up Plan:

This visit marked the start of voluntary efforts by students under the Folk and Food Capstone projects (Masters in English and Cultural Studies) in collaboration with Ragi Kana Santhe.

Forests of Life at Azim Premji University

Forests of Life at Azim Premji University

Event Date: November 5, 2023
Location: Azim Premji University

Azim Premji University hosted "Forests of Life," an event focusing on climate change, biodiversity, and cultural heritage. The event featured a wide range of activities aimed at educating participants about environmental conservation and the deep-rooted connection between nature and culture.

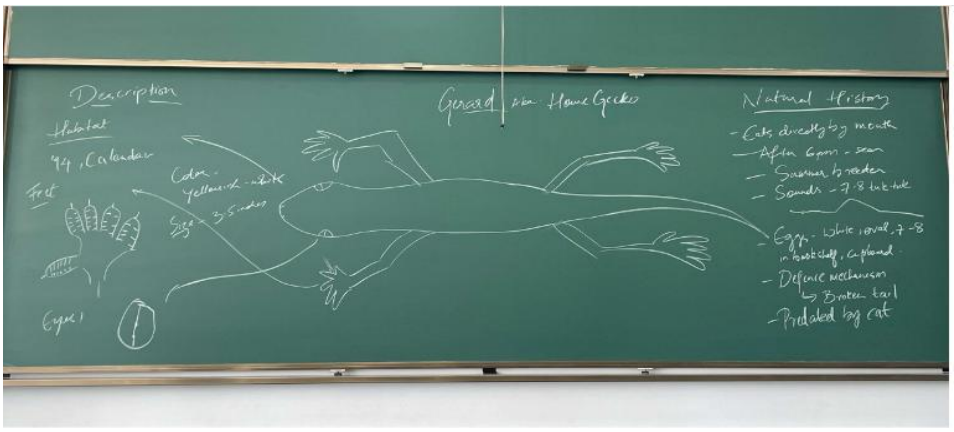

Key Highlights:

1. **Intern Exhibition:**
   110 interns from across India presented their experiences with climate change through an exhibition divided into four sections:
   - *Forest of Life* showcased the transformation from a single plant to a thriving forest.
   - *Forests of Action* focused on conservation efforts.
   - *Forests of Wonders* and *Forests of Hope* highlighted climate adaptation stories.
     Displays represented regions like Hazaribagh, Mumbai, Delhi, and Kaziranga, offering diverse insights into the environmental challenges faced across the country.
2. **Terrarium Presentation:**
   Neil, a ninth grader, captivated the audience with a terrarium, explaining the water cycle and soil layers, and emphasizing their role in sustaining ecosystems.
3. **Documentary Screening & Talk:**
   A student from the Tata Institute of Social Sciences, Assam, presented a documentary on Dailong village in Manipur and the Raengaan grove. The talk illustrated the harmonious relationship between the Rongmei community and the forests, highlighting the importance of preserving indigenous knowledge.
4. **Natural History Workshop:**
   A naturalist couple from Satpura Tiger Reserve led a workshop exploring natural history, including the fascinating Gerard house gecko. The session emphasized citizen science and the use of spider diagrams to understand wildlife better.
5. **Sacred Fungi Talk:**
   Fungi enthusiasts from Himachal Pradesh discussed the ecological significance of mushrooms, including their roles in decomposition, symbiosis, and parasitism. The audience learned about mushroom identification and its sensory importance in ecosystems.
6. **Cultural Performance:**
   The event concluded with a Yakshagana performance, a traditional theatre form from Karnataka, narrating stories from the Mahabharata and Ramayana. Characters like Krishna and Balram were vividly portrayed, bringing a rich cultural element to the event.

Summary:
"Forests of Life" combined education, hands-on activities, and traditional art to raise awareness about climate change, conservation, and cultural heritage. It offered participants an immersive experience,

encouraging them to appreciate and protect the environment while celebrating India's diverse cultural heritage.

Environmental Law Studies and Orientation programme

Environmental Law Studies and Orientation programme

Date: 12th February 2024
Time: 9 AM - 4 PM
Venue: Garden Street, Christ (Deemed to be University), Central Campus
Organized by: SDG Cell, School of Law, CHRIST (Deemed to be University), Bangalore

Participants Profile:

- **Type of Participants:** Open to the Public
- **No. of Participants:** Around 170 visitors

Synopsis of the Activity:

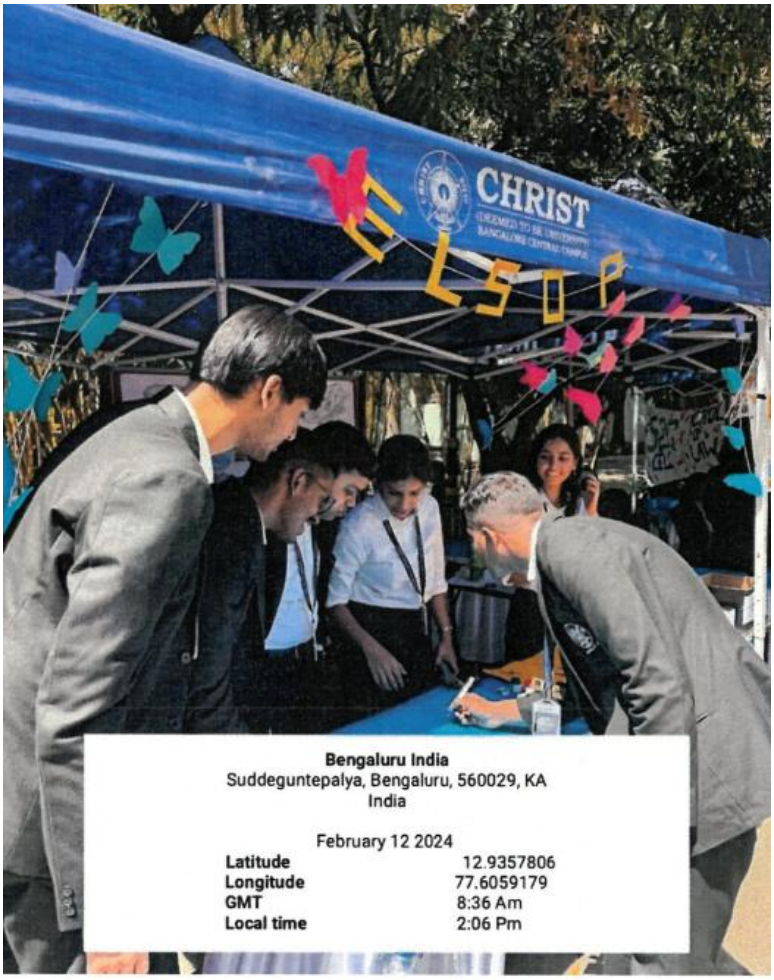

The SDG Week Stall was designed to raise awareness about sustainability and the Sustainable Development Goals (SDGs). The stall featured posters, chart displays, and interactive games such as "Myth or Fact" and "Segregate the Waste," engaging visitors in fun, educational activities. Visitors could also express their views on environmental issues, contributing to awareness-raising discussions. A creative activity allowed participants to decorate a tree with their thumbprints, symbolizing collective responsibility for the environment.

Faculty members, including the Head of the Department (HOD), visited the stall, adding academic value to the event. The activities aimed to foster collaboration, promote discussions on sustainable practices and encourage community responsibility towards the SDGs.

Key Takeaways:

- Encouraged collaboration and community engagement on sustainability.
- Promoted critical thinking through games and activities.
- Created awareness about the SDGs, especially waste management and environmental issues.
- Successfully educated visitors on practical steps for adopting eco-friendly practices.

Summary:
The SDG Week Stall was an effective platform for spreading awareness about sustainability and the SDGs. It fostered meaningful dialogues on sustainable practices, educated participants about waste segregation, and created an interactive environment for learning. The event helped cultivate a sense of shared responsibility among participants for achieving the SDGs.

Tree Plantation Drive

Plantation Drive in Collaboration with Prayatna, NCC, and SayTrees

Date: 5th June 2022

Time: 7:00 a.m. - 1:00 p.m.

Venue: Bingipura landfill, Electronic City

Collaboration/Sponsor: NCC, SayTrees, VrukshaBharatha

Speaker/Guest/ Presenter Details: Dinesh Sir

Title/Position: NCC Officer

Organization: National Cadet Corps (NCC)

Title of Presentation: Address and Motivation for Volunteers

Type of Participants: Students and Volunteers

No. of Participants: 27

Highlights of the Activity

Collaboration between Prayatna, NCC, and SayTrees for a tree plantation drive.
Volunteers were oriented to the Miyawaki plantation technique, organic fertilizers, and methane-contaminated groundwater.
The planting of 10,000 saplings has been completed, and the transformation of the Bingipura landfill has been completed.
Awareness about SDG goals, including Climate Action, Life on Land, Responsible Consumption, Clean Water, Sustainable Cities, and Zero Hunger.

Key Takeaways

Improved landscape and environment at Bingipura landfill. Enhanced awareness about sustainable practices and SDG goals among volunteers and the community.

Summary of the Activity

The tree plantation drive held at Bingipura landfill on 5th June 2022 was a collaborative effort between Prayatna, NCC, and SayTrees, supported by VrukshaBharatha. Under the leadership of Anup, Mahek, and Ananya, 27 volunteers gathered at 7:00 a.m. Dinesh Sir from NCC motivated the volunteers, emphasizing the importance of disciplined behavior. The participants learned about the Miyawaki plantation technique and actively planted saplings, contributing to achieving SDG goals related to Climate Action, Life on Land, Responsible Consumption, Clean Water, Sustainable Cities, and Zero Hunger. The event concluded with the successful planting of 10,000 saplings, transforming the barren landscape into a green and sustainable area. A feedback session on the bus journey back highlighted the positive impact of the drive and suggestions for future improvements.

Parivarthana Unit Visit

Parivarthana Unit Visit

Date: 23rd July 2022

Venue: Parivarthana Unit, Bangalore Central Campus

Highlights of the Activity

Sensitization visit to Parivarthana Unit to understand manual segregation of wet and dry waste.
Volunteers learned about the efforts put in by workers (akkas) to segregate waste and its importance.
Education on the proper separation of food wastes for recycling purposes.

Key Takeaways

Improved understanding of waste segregation methods.
Increased awareness about responsible consumption and sustainable waste management practices.

Summary of the Activity

The Parivarthana Unit Visit, organized by Prayatna on 23rd July 2022, aimed to sensitize 38 volunteers about the manual segregation of wet and dry waste carried out by the workers (akkas) at the Parivarthana Unit. The visit emphasized the significance of waste segregation and educated the volunteers on how to properly separate food waste for recycling purposes. The activity not only enhanced the participants' understanding of waste management techniques but also aligned with Sustainable Development Goals.

Anti-Plastic Campaign

Date: 25th August, 2022 - 27th August, 2022
Venue: CHRIST (Deemed to be University), BGR campus

Highlights of the Activity

Event 1: Blind Segregation
Participants sorted plastic waste into correct bins while blindfolded, increasing their understanding of proper waste segregation and disposal.

Event 2: Treasure Hunt
Different teams solved puzzles related to the Sustainable Development Goals, promoting awareness and engagement.

Event 3: Best out of Waste
A pen stand was created from plastic bottle waste, encouraging the innovative reuse of plastic materials.

Additional Decorations

Parivarthana stands were set up to sell recycled material boxes and picture frames.
Banners made of painted plastic bottles decorated the Quadrangle, utilizing non-biodegradable material.
Plastic waste produced on campus in the past two weeks was used for decoration.

Key Takeaways

Reduction of plastic waste both inside and outside the campus.
Innovative reuse of non-biodegradable waste.
Promotion of a sustainable lifestyle among students.
Encouragement of responsible plastic disposal practices.

Summary of the Activity

The Anti-Plastic Campaign at Christ (Deemed to be University), Bannerghatta Road Campus, held from 25th August 2022 to 27th August 2022, successfully promoted responsible consumption and production, aligning with Sustainable Development Goals 12 (Responsible Consumption and Production) and 11 (Sustainable Cities and Communities).

Plogrun

Plogrun

Date: 8 January 2023
Time: 6 AM - 10 AM
Venue: Hulimavu Lake Road

Synopsis of the Activity (Description): It was a run and cleanup event called the Plog Run. The Environment and Sustainability cohort of CHRIST (Deemed to be University), Bannerghatta Road Campus was in charge of planning this event. In this, volunteers ran through Hulimavu Lake Road while picking up trash. On this morning's cleanup mission, all the volunteers were energetic. Dry waste was collected by the volunteers in large amounts. Safety precautions such as hand gloves and sanitizers were kept.

Highlights of the Activity

The Plog Run, organized by the Prayatna wing of the CSA, was a unique and impactful event.
Volunteers participated enthusiastically, combining a run with a trash cleanup mission.
Hulimavu Lake Road served as the cleanup location, which had accumulated a significant amount of litter.
Volunteers collected a substantial quantity of dry waste, demonstrating their commitment to environmental conservation.
Safety was a priority, with participants provided with hand gloves and sanitizers.
The event highlighted the power of community action and its positive impact on the environment.
It emphasized the importance of taking responsibility for our surroundings.
The Plog Run left a cleaner and more beautiful Hulimavu Lake Road as a lasting result of their efforts.

Key Takeaways

Community unity was a highlight, emphasizing the strength of coming together to address environmental challenges.
The event successfully merged fitness and cleanup efforts, promoting a healthier lifestyle while contributing to a cleaner environment.

Volunteers made a significant impact by collecting a substantial amount of dry waste, visibly improving the area.
Safety was a priority, with organizers providing necessary protective gear for all participants.
The event heightened environmental awareness, stressing the importance of responsibility and community involvement.
Participants left with a sense of accomplishment, having actively contributed to a cleaner, more attractive environment. The event underscored the significance of sustainable practices and individual responsibility for the environment. A cleaner community was the lasting result, demonstrating the positive outcomes of collective action.

Summary of the Activity

The "Plog Run," organized by the Environment and Sustainability cohort of CHRIST (Deemed to be University), Bannerghatta Road Campus, was a successful event that combined running with environmental cleanup. Energetic volunteers ran through Hulimavu Lake Road, actively collecting a significant amount of dry waste during the morning cleanup mission. Safety precautions, including hand gloves and sanitizers, were provided to ensure the well-being of all participants, making it a responsible and impactful community initiative.

Clean Up Drive

Clean Up Drive

Date: 26 March 2022
Time: 9.00 AM
Venue: Mahatma Children's Home
Collaboration/Sponsor: Akzo Nobel and Youth for Seva

Synopsis of the Activity (Description): The Clean Up Drive, in collaboration with Akzo Nobel and Youth for Seva, was organized at Mahatma Children's Home. The drive involved cleaning the surrounding areas, waste segregation, and painting the walls of the Children's Home.

Highlights of the Activity

- Collaboration with Akzo Nobel and Youth for Seva.
- Clearing and segregating waste with the assistance of BBMP workers.
- Scrubbing and painting the Children's Home walls.
- Improved accessibility of the area behind the school.
- Discouraging waste dumping in the locality.
- Instilling a sense of ownership and belonging in the community.

Key Takeaways

- Volunteers' enthusiasm and active participation throughout the clean-up drive.
- Gained knowledge and awareness of appropriate waste segregation techniques.
- Established camaraderie and a sense of belonging in the community.
- Contributed to environmental sustainability.

Summary of the Activity

The Clean Up Drive, conducted in collaboration with Akzo Nobel and Youth for Seva at Mahatma Children's Home on 26th March 2022, made significant strides in improving the cleanliness of the area. With the support of sponsors and BBMP workers, waste was cleared and segregated, and the Children's Home was revitalized through wall scrubbing and painting.

The drive also had a positive impact on the community by fostering a sense of ownership and responsibility among its members.

Activity Centre and Prayatna Clean Up Drive In Tilak Nagar

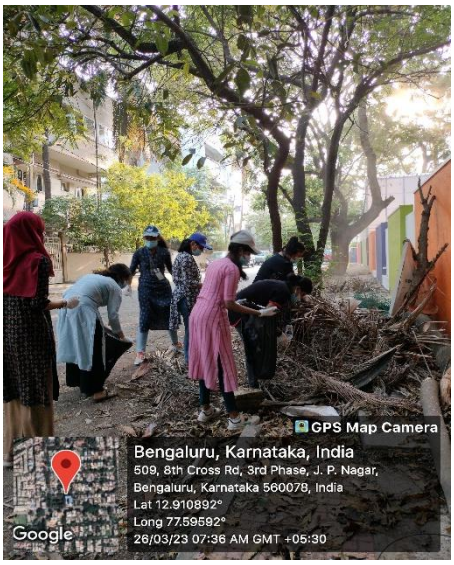

Date: 14th September, 2022
Venue: Tilaknagar

Description

The Clean Up Drive, a collaborative event between the Activity Centre and Prayatna, aimed to clean the learning space of the children in Tilak Nagar. The drive successfully engaged volunteers who showed interest in learning more about CSA and its activities, and they expressed their willingness to participate in future events.

Highlights of the Activity

Created a cleaner learning environment for the students of Tilaknagar.
Correctly disposed of well-segregated waste.
Cleaned surrounding areas to reduce waste dumping.

Key Takeaways

Promoted clean water sanitation, and waste management.
Contributed to sustainable and inclusive urban communities.
Raised awareness about responsible consumption and production patterns.

Good Governance and Formation of Good Institutions

The School of Law, CHRIST (Deemed to be University), established and governed by the Carmelites of Mary Immaculate (CMI), embodies profound moral values and disciplined ethos within its academic framework and personal ethos. Rooted in the visionary educational ideals of St. Kuriakose Elias Chavara, a revered educationist and social reformer of South India, the institution upholds the motto of 'Excellence and Service'. Recognized as the pioneering university in Karnataka accredited by the National Assessment and Accreditation Council (NAAC) and UGC, attaining an A+ reaccreditation in 2023, it exemplifies a history of educational triumph.

Nestled in Bengaluru's heart, the institution thrives within an expansive campus adorned by verdant landscapes and surrounded by a bustling cityscape. Renowned for its unparalleled infrastructure, boasting state of the art audio-visual classrooms, resourceful libraries housing contemporary legal publications and journals, it fosters a dynamic milieu for holistic development. Embracing advanced curricula, clinical legal education initiatives, and a robust framework of curricular and extracurricular engagements, the School of Law stands among India's foremost legal institutions. It endeavours ceaselessly to champion the cause of legal education's excellence and the sanctity of the rule of law.

About Model United Nations Society

The Model United Nations (MUN) Society serves as a dynamic platform for students to engage in simulations that deepen their understanding of international affairs and diplomacy. This committee is responsible for managing all MUN-related activities and events, sparking interest in global issues and nurturing a culture of diplomatic engagement among students at the School of Law, CHRIST (Deemed to be University).

Having hosted the SDG Dialogue as a segment of the School of Law International Model United Nations for the past four editions, the event has consistently seen vibrant discussions and enthusiastic participation. For this 5th edition, we aim to establish it as a standalone event, offering a diverse range of activities and discussions over two days to further its impact and reach. The Model United Nations Society in collaboration with SDG Cell, is eager to host the 4th Edition of the Sustainable Development Goals (SDG) Dialogue, as a platform that has long fostered student engagement and participation in simulations to deepen their understanding of international issues and diplomacy, the Model United Nations Society and SDG Cell is committed to promoting the values of change and action among students.

ABOUT SDG CELL, CHRIST (DEEMED TO BE UNIVERSITY)

The Sustainable Development Goals (SDG) Cell at Christ University is a student-led initiative dedicated to promoting and achieving the United Nations' 17 Sustainable Development Goals. Our mission is to create awareness, drive action, and foster a sustainable campus environment through various activities, events, and partnerships. We believe in empowering students to take charge of sustainable practices and make a significant impact within and beyond the university.

THEME

"Good Governance and formation of Good Institution"

Good governance and strong institutions are essential for achieving Sustainable Development Goals (SDGs) 9, 11, 16, and 17, which focus on industry, innovation, infrastructure, sustainable cities, peace, justice, and global partnerships.

Good governance involves transparency, accountability, inclusiveness, and the rule of law, ensuring that institutions operate efficiently and fairly. These principles are crucial in fostering trust, managing resources effectively, and promoting equitable policies.

SDG 9 (Industry, Innovation, and Infrastructure), good governance supports sustainable industrialization and innovation through robust regulatory frameworks and transparent public-private partnerships, driving economic growth while safeguarding the environment.

SDG 11 (Sustainable Cities and Communities) relies on effective urban governance to create safe, inclusive, and resilient communities. Inclusive planning processes ensure that diverse population needs are met, and strong institutions manage urban challenges like housing, transportation, and disaster risks.

THEME

"Good Governance and formation of Good Institution"

SDG 16 (Peace, Justice, and Strong Institutions) highlights the need for transparent, accountable institutions to ensure justice, reduce violence, and combat corruption. Building public trust in these institutions is key to maintaining social stability and advancing sustainable development.

SDG 17 (Partnerships for the Goals) focuses on strengthening global and local partnerships through cooperative governance. Effective institutions facilitate collaboration across sectors, enabling resource mobilization, knowledge sharing, and transparent implementation of all SDGs.

In conclusion, the success of SDGs 9, 11, 16, and 17 is deeply linked to good governance and institutional strength. Embracing transparency, accountability, inclusiveness, and the rule of law empowers societies to tackle development challenges and achieve sustainable outcomes.

EVENTS

Achieving sustainable development in Asia necessitates robust governance that emphasizes transparency, accountability, inclusivity, and adherence to the rule of law. This theme delves into the critical role that effective governance plays in catalyzing sustainable growth, fortifying resilient institutions, and ensuring equitable policies that advance the Sustainable Development Goals (SDGs), particularly SDGs 9, 11, 16, and 17.

The Asian Parliamentary Debate will engage participants in high-level discourse on the efficacy of governance frameworks in realizing sustainable development objectives. Debates will address issues such as the prioritization of inclusive urban planning and the enforcement of stringent anti-corruption measures to bolster public trust.

The Policy-Making Session will challenge participants to craft comprehensive policies that strengthen governance structures to promote sustainable industrialization, enhance urban resilience, and ensure transparency and accountability within institutions.

The Panel Discussion will convene distinguished experts to examine the complexities and innovative strategies for reinforcing governance and forging strategic partnerships to achieve the SDGs. Panelists will underscore exemplary practices and collaborative frameworks at local, national, and global levels, ensuring that sustainable development is inclusive, just, and transformative across diverse communities in Asia.

Asian Parliamentary Debate

In the face of rapidly evolving global challenges, the pursuit of sustainable development in Asia has never been more critical. To address these pressing issues, we are proud to announce the upcoming Asian Parliamentary Debate competition, centered on the theme "Good Governance and formation of Good Institution" This prestigious event aims to bring together the brightest minds from across the continent to engage in high-level discourse on the pivotal role of governance in realizing the United Nations Sustainable Development Goals (SDGs). Our focus will be on SDGs 9 (Industry, Innovation, and Infrastructure), 11 (Sustainable Cities and Communities), 16 (Peace, Justice, and Strong Institutions), and 17 (Partnerships for the Goals).

Debaters will be challenged to think critically about these issues, proposing innovative solutions and policies that can drive Asia towards a more sustainable future. They will need to consider the unique cultural, economic, and political landscapes of various Asian countries while formulating their arguments. The Asian Parliamentary Debate format will provide a platform for participants to hone their public speaking skills, critical thinking abilities, and knowledge of current affairs. Teams will be required to present compelling cases, rebut opposing arguments, and engage in constructive dialogue on complex issues related to governance and sustainable development.

Participants will have the opportunity to network with like-minded individuals, learn from experts in the field, and potentially influence future policy discussions in their respective countries. The debates will be judged by a panel of esteemed academics, policymakers, and sustainable development practitioners, ensuring a high standard of discourse and valuable feedback for all participants.

As we stand at the crossroads of development and sustainability, the Asian Parliamentary Debate competition invites you to be part of a transformative dialogue. Join us in shaping the future of Asia – a future built on the pillars of effective governance, sustainable growth, and equitable prosperity for all.

Together, let us debate, innovate, and pave the way for a sustainable Asia.

Policy Making Competition

In the pursuit of a sustainable and equitable future for Asia, we are excited to announce our upcoming Policy Making Competition centered on the theme "Good Governance and Formation of Good Institutions. " This competition aims to harness the innovative ideas of aspiring policymakers to address the pressing challenges facing our region.

At the heart of sustainable development lies the foundation of robust governance and resilient institutions. Our competition challenges participants to craft comprehensive policies that will catalyze sustainable growth, fortify institutions, and ensure equitable progress across Asia. We invite you to explore how effective governance can drive forward the United Nations Sustainable Development Goals (SDGs), with a particular focus on SDGs 9 (Industry, Innovation, and Infrastructure), 11 (Sustainable Cities and Communities), 16 (Peace, Justice, and Strong Institutions), and 17 (Partnerships for the Goals).

Participants will be tasked with developing policies that:

- Promote transparency and accountability in governance structures
- Foster inclusivity in decision-making processes
- Strengthen adherence to the rule of law
- Advance sustainable industrialization
- Enhance urban resilience and sustainability
- Ensure equitable access to resources and opportunities

This competition provides a unique platform for emerging leaders to showcase their understanding of complex governance issues and their ability to formulate practical, innovative solutions. Successful policies will demonstrate a deep understanding of Asia's diverse cultural, economic, and political landscapes while proposing actionable steps towards achieving the SDGs.

Significance of Economics in Dispute Resolution

Significance of Economics in Dispute Resolution

Type of Activity: Seminar on Enhancement of Dispute Resolution Skills
Title of the Activity: Seminar on "Significance of Economics in Dispute Resolution - From the Perspective of a Practicing Advocate"
Date: 4th October 2023
Time: 9:30 AM - 11:00 AM
Venue: Skyview, CHRIST (Deemed to be University), Bangalore

Speaker Details:

- **Name:** Ronak Chabbiria
- **Title/Position:** Advocate
- **Organization:** Holla and Holla Advocates
- **Title of Presentation:** Significance of Economics in Dispute Resolution

Participants Profile:

- **Type of Participants:** Law students of School of Law, CHRIST (Deemed to be University), Bangalore
- **No. of Participants:** 250

Synopsis of the Activity:

The seminar introduced law students to the role of economic principles in dispute resolution. Advocate Ronak Chabbiria engaged the students with real-life examples and an interactive discussion on how economics plays a vital role in legal practice. He explained the relevance of economic concepts such as the Coase Theorem and rational decision-making in advising clients and resolving disputes.

The lecture began with a brief overview of basic economic principles to ensure that students, especially first-year attendees, could grasp their application. A highlight was the discussion on the recent legal case of *Humans of Bombay vs. People of India*, illustrating how economic factors influence dispute outcomes and legal strategies. Through this case, the speaker demonstrated how economic advice helps clients understand the cost-benefit analysis in legal disputes.

Key Takeaways:

- Students understood the connection between economics and dispute resolution.
- The seminar emphasized the importance of looking at legal disputes through the lens of economic efficiency and rational behavior.
- Students learned about the application of the Coase Theorem in real-world legal scenarios and how economic theories assist in resolving disputes.

Summary of the Activity:

This seminar aimed at equipping law students, particularly first-year students, with an understanding of how economic principles are integral to various areas of law, including dispute resolution. It highlighted how a practicing advocate like Ronak Chabbiria applied economics in advising clients, framing legal strategies, and resolving disputes. The session was interactive and encouraged critical thinking among students, showing them how legal disputes often involve complex economic considerations.

Follow-up Plan:

To conduct more sessions focusing on the relevance of economics in other areas of law, fostering a multidisciplinary approach to legal education.

Mapping of Program Outcomes (POs) and Program Specific Outcomes (PSOs):

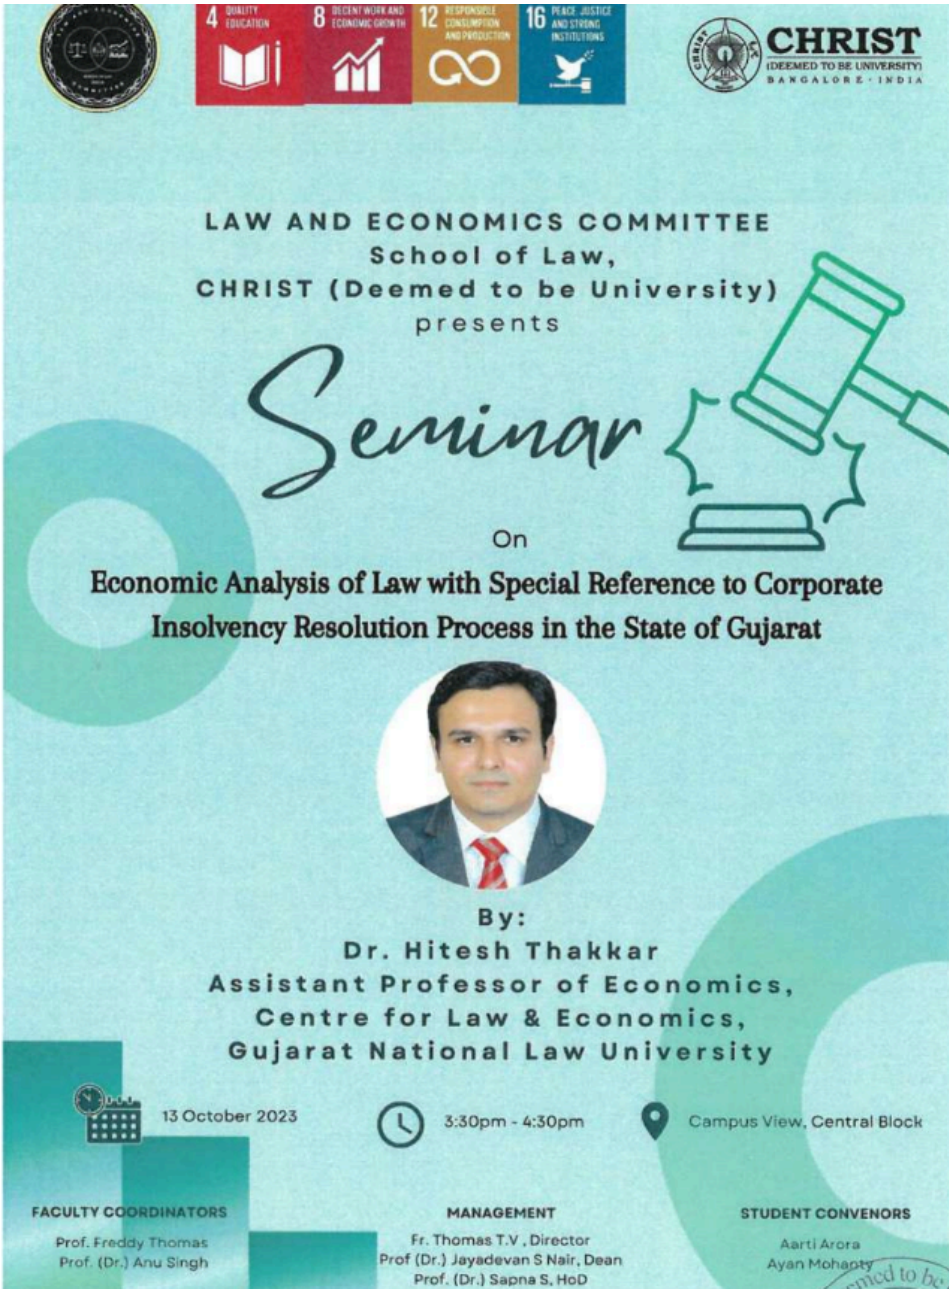

POs

- **PO2:** Articulate legal opinions and draft legal texts considering economic aspects, relevant in diverse work environments.
- **PO3:** Develop critical thinking and legal reasoning, integrating economic factors into legal arguments.
- **PO4:** Engage in effective dispute resolution by identifying and addressing economic challenges impacting individuals, institutions, and society.

Seminar Report: Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat

"Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat"

Date: 13th October 2023
Time: 3:30 PM - 4:30 PM
Venue: Skyview, CHRIST (Deemed to be University), Bangalore

Speaker Details:

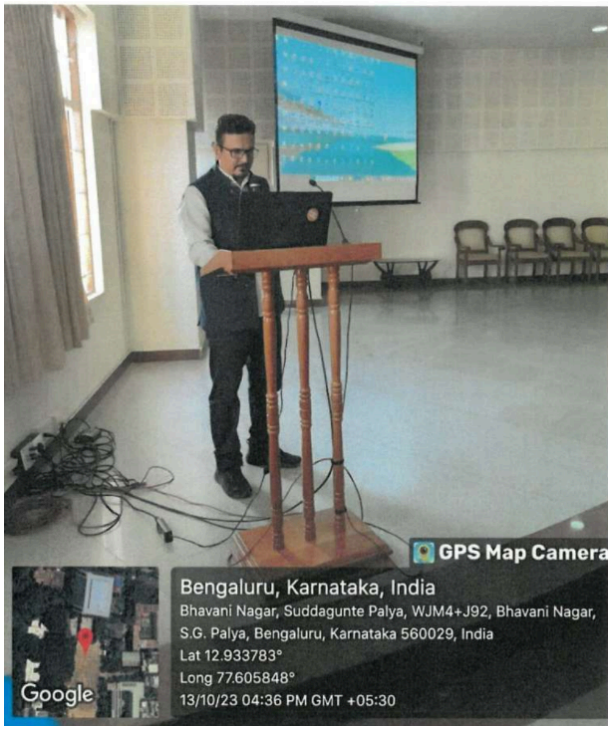

- **Name:** Dr. Hiteshkumar Thakkar
- **Title/Position:** Assistant Professor of Economics
- **Organization:** Gujarat National Law University
- **Title of Presentation:** Economic Analysis of Law with Special Reference to Corporate Insolvency Resolution Process in the State of Gujarat

Participants Profile:

- **Type of Participants:** Law students of the School of Law, CHRIST (Deemed to be University), Bangalore
- **No. of Participants:** 194

Highlights of the Activity:

Dr. Hiteshkumar Thakkar commenced the guest lecture by introducing fundamental economic principles, specifically related to corporate insolvency resolution processes. The session was highly interactive, with Dr. Thakkar engaging students through questions and real-life examples of corporate insolvency in the state of Gujarat. The session provided practical insights into how economic theories are applied to legal frameworks in resolving corporate insolvency cases.

Key Takeaways:

- Students learned how economic concepts influence the Corporate Insolvency Resolution Process (CIRP).
- They understood how economic analysis can improve the efficiency of corporate insolvency procedures and how these processes are specifically managed in Gujarat.

Summary of the Activity:

This seminar was conducted for 2nd-year law students to introduce them to the relevance of economics in corporate insolvency law. Dr. Thakkar highlighted the importance of integrating economic analysis with legal frameworks to resolve insolvencies efficiently. The lecture focused on explaining how insolvency resolution in Gujarat is influenced by economic conditions, offering students practical insights into the application of economics in law.

Follow-up Plan:

To organize more interactive sessions to enhance students' understanding of the role of economics in various legal domains.

Mapping of Program Outcomes (POs):

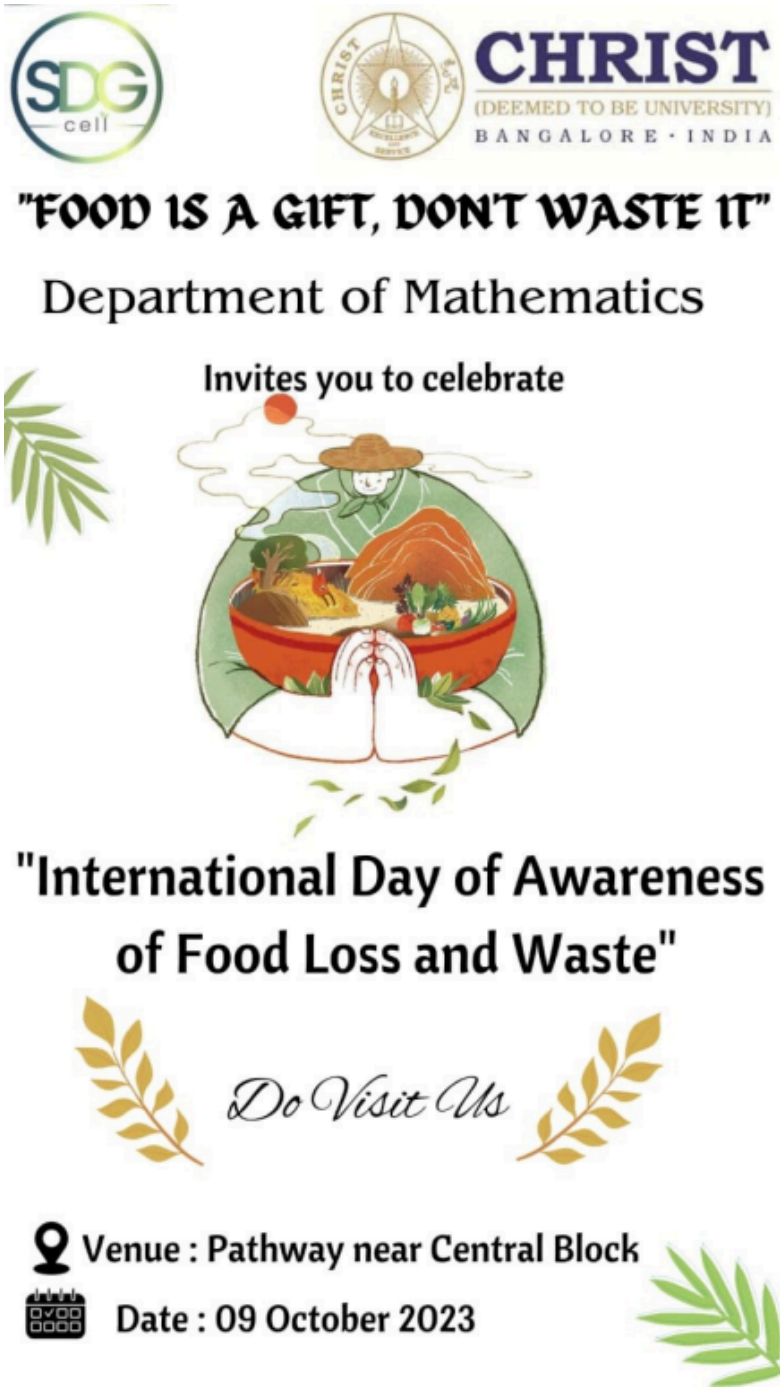

POs:

- **PO2:** Articulate legal opinions and present arguments considering the economic context in corporate insolvency resolution.
- **PO3:** Develop critical thinking and logical reasoning by incorporating economic analysis into legal problem-solving.
- **PO4:** Predict, mitigate, and resolve disputes in corporate insolvency by applying both legal and economic frameworks.

International Day of Food Loss and Waste Awareness Program

International Day of Food Loss and Waste Awareness Program

Date: 9th October 2023
Time: 9:00 AM - 4:00 PM
Venue: Near Central Block

Participants Profile:

- **Type of Participants:** Students and faculty members
- **No. of Participants:** 300

Synopsis of the Activity:

The International Day of Food Loss and Waste Awareness was organized to raise consciousness on the issue of food wastage on campus. The event was conducted through interactive games, interviews, and educational displays aimed at engaging participants in a fun yet informative way. The activities helped foster discussions on the importance of food sustainability, aligning with the Sustainable Development Goals (SDGs).

Highlights of the Activity:

- **Awareness Games:** Games such as the Dare Wheel, Memory Game, and Whisper Challenge were used to educate participants while creating an enjoyable learning environment.
- **Interviews:** Staff, owners of canteens, students, and teaching and non-teaching staff were interviewed about their views on food wastage.
- **Data Collection & Analysis:** Primary data gathered from interviews were analyzed, revealing trends and challenges related to food wastage on campus.
- **Visual Aids:** Informative posters, pictures, and an awareness video attracted a large number of participants, fostering meaningful conversations about food waste reduction.

Event in Progress

Key Takeaways:

- **Campaign Success:** The event successfully raised awareness about food wastage and encouraged dialogue on sustainability across the campus community.
- **Positive Feedback:** Participants expressed interest in joining the Sustainable Development Cell and taking part in future sustainability initiatives.
- **Data Utilization:** The data collected will be instrumental in shaping future strategies for addressing food wastage and promoting sustainable practices on campus.

Summary of the Activity:

The event was organized by a group of 18 students, including both undergraduate and postgraduate participants. It drew a significant turnout of 300 individuals and successfully highlighted the issue of food wastage. The campaign promoted sustainability by using

interactive tools such as posters, games, and videos to engage the campus community. Many participants expressed interest in contributing to future sustainability initiatives.

Follow-up Plan:

- **Feedback Integration:** Incorporate participant feedback into the planning of future initiatives, addressing any suggestions or concerns.
- **Sustainability Workshops and Webinars:** Organize educational workshops and webinars on food sustainability, waste reduction, and the SDGs, with expert speakers.
- **Collaboration with Canteens and Food Joints:** Work with campus canteens and food joints to implement strategies to minimize food waste, including smaller portions, improved inventory management, and potential food donation programs.

Conclusion:

The International Day of Food Loss and Waste Awareness successfully encouraged dialogue on food sustainability and waste reduction on campus. Through engaging games, discussions, and educational content, the event created a sense of collective responsibility toward sustainability. The data gathered will help inform future initiatives, and the enthusiasm shown by participants underscores the event's impact. The Sustainable Development Cell looks forward to continuing this work towards a more sustainable campus environment.

Ecological Crisis

Skill Development Session on Ecological Crisis

Date: 8th October 2022
Time: 10:30 AM - 12:30 PM
Venue: Room No. 601

Speaker Details:

- **Name:** Darshanbir Singh Narula
- **Title/Position:** Student Head
- **Organization:** GSF, Ellipsis
- **Title of Presentation:** Ecological Crisis

Participants Profile: Students

Synopsis of the Activity:

The Skill Development session focused on the ecological crisis faced by Earth, particularly through the lens of animal agriculture, urbanization, and industrialization. The event used multimedia tools such as documentaries and scenes from films to critically engage students with the issues of environmental degradation.

Highlights of the Activity:

- **Documentary Screening:** "Eating Our Way to Extinction," focusing on the role of animal agriculture in deforestation, carbon emissions, and ocean dead zones.
- **Film Analysis:** Scenes from Charlie Chaplin's *Modern Times* were analyzed for their depiction of urbanization, industrialization, and class exploitation.
- **Discussion of Wall-E:** Clips from the animated film *Wall-E* were used to explore ecological destruction, herd mentality, and the consequences of capitalism.

Key Takeaways:

- **Ecological Crisis and Animal Agriculture:** The documentary underscored the devastating role of meat consumption and deforestation in accelerating the ecological crisis.
- **Impact of Urbanization and Industrialization:** *Modern Times* illustrated the dehumanizing effects of industrial systems and the exploitation of the working class in urbanized societies.
- **Dystopian Future in Wall-E:** The film raised awareness about how consumerism and capitalism could lead to the destruction of Earth, reflecting on the potential future of the planet.

Summary of the Activity:

The Gender and Intersectionality Forum (GSF) organized this session to highlight the intersectionality between various forms of oppression and the ecological crisis. The session commenced with the screening of *Eating Our Way to Extinction*, focusing on the global consequences of animal agriculture. Following the documentary, participants discussed the environmental impact of deforestation, displaced indigenous tribes, and the harmful effects of fish farming.

The second half of the session involved a critical analysis of scenes from the *Modern Times*, which showcased the negative impact of rapid urbanization and industrialization on the working class. Lastly, clips from *Wall-E* explored the themes of capitalism, ecological destruction, and herd mentality, fostering discussions about humanity's role in creating a dystopian future.

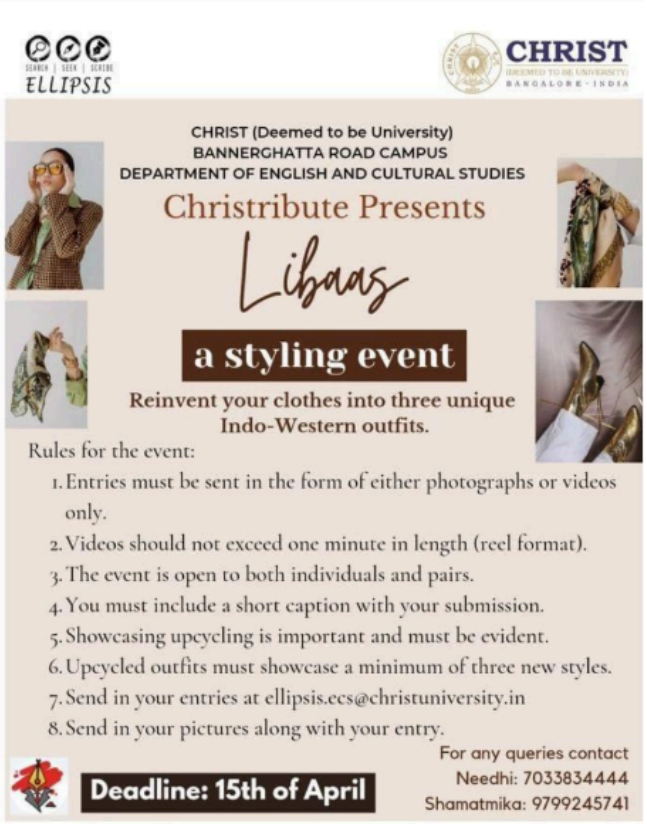

Descriptive Report:

The session traced the roots of the ecological crisis to human activities such as animal agriculture, industrialization, and capitalist consumerism. It highlighted the importance of understanding how these actions contribute to the degradation of the environment and oppress marginalized communities. The films and discussions encouraged students to reflect on how their consumption patterns could impact the environment and society.

Libaas

Libaas Event

Date: 1st - 15th April 2023
Venue: Christribute Blog and Christribute Instagram

Participants Profile:

- **Type of Participants:** Students
- **No. of Participants:** 6

Synopsis of the Activity:

The event, **Libaas**, focused on the theme of sustainability through fashion, encouraging participants to explore the fusion of Indian and Western styles using upcycled materials. The goal was to promote sustainable fashion by reinventing old clothes into new, stylish Indo-Western outfits. Participants were tasked with submitting their creations in the form of photographs or videos and were required to display a minimum of three new styles with a strong emphasis on upcycling.

Highlights of the Activity:

- Participants showcased their understanding of **sustainable fashion** through unique Indo-Western outfits.

- The event encouraged the **art of upcycling**, where participants transformed old clothing into fashionable and environmentally friendly attire.
- **Fusion fashion** was a key theme, celebrating the combination of Indian and Western aesthetics.
- Submissions were received in reel format, emphasizing creativity and eco-consciousness in both design and presentation.

Key Takeaways:

- Participants learned how to **channel their views on sustainability** through fashion.
- The event fostered creativity by promoting **upcycling** as a practical way to reduce waste and embrace sustainability.
- A sense of **environmental responsibility** was cultivated through fashion by demonstrating that style and sustainability can coexist.

Summary of the Activity:

Libaas provided a platform for students to express their creative visions on sustainability through fashion. The participants used old clothes to design **three unique and stylish Indo-Western outfits**, each showcasing how fashion can contribute to a more sustainable world. The event highlighted the importance of **upcycling** and encouraged participants to rethink how they approach style and waste. The submissions, whether in video or photo format, were shared via the Christribute Blog and Instagram, extending the reach of the sustainability message to a larger audience.

Rules for the Event:

1. Submissions must be in the form of photographs or videos.
2. Videos should not exceed one minute in length (reel format).
3. Open to both individuals and pairs.
4. Submissions must include a short caption.
5. Upcycling should be clearly showcased.
6. Outfits must include a minimum of three new styles.
7. Entries are to be sent via email to: ellipsis.ecs@christuniversity.in.
8. Participants were required to send their photos along with their submissions.

Nagara Inauguration Ceremony

Nagara Inauguration Ceremony

Date: 24th November 2022
Time: 1:30 p.m. - 2:30 p.m.
Venue: Mini Auditorium

Participants Profile:

- **Type of Participants:** Students, Faculty, Research Scholars, External Participants
- **No. of Participants:** NA

Speaker/Guest Details:

- **Name:** Prof. Sarbani Sharma
- **Title/Position:** Professor of Anthropology and Sociology
- **Organization:** Azim Premji University
- **Title of Presentation:** (Re)Thinking the Contemporary Through Our Cities

Synopsis of the Activity:

The Nagara Inauguration Ceremony marked the formal launch of the **urban-specific and city exploration club**, Nagara. The event featured a thought-provoking lecture by **Prof. Sarbani Sharma**, focusing on how we can rethink contemporary life through cities. In addition to the lecture, there were several stalls set up in the Quadrangle to engage participants in exploring different aspects of city life.

Highlights of the Activity:

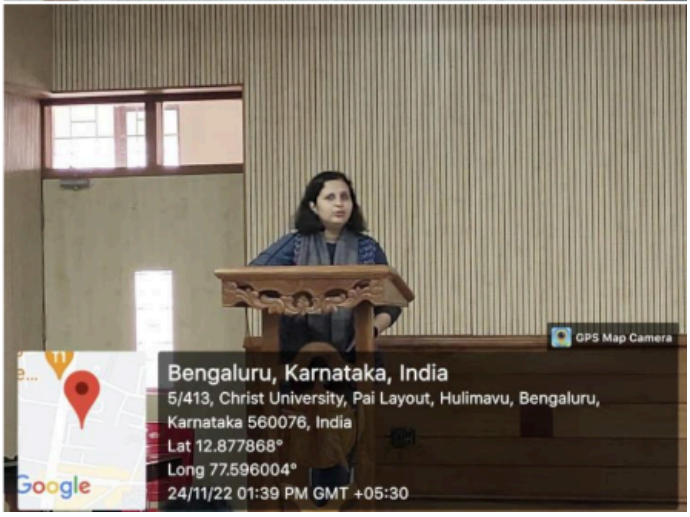

- Official inauguration of the **Nagara City Exploration Club**.
- Interactive stalls in the Quadrangle on themes related to urban life and experiences.
- An insightful talk by **Prof. Sarbani Sharma** on deconstructing common perceptions about cities.

Key Takeaways:

- Participants were encouraged to explore cities through non-conventional narratives and **challenge stereotypes** associated with urban spaces.
- The lecture promoted an understanding of cities beyond just physical landscapes, focusing on aspects such as **smell, colors, and lived experiences**.
- Prof. Sharma emphasized the need to rethink our bourgeois perceptions of cities, advocating for a **decolonial approach** to urban exploration.
- The idea that cities should not only be studied for what has been lost due to urbanization but also for what has evolved and been created was a central theme of the talk.

- The speaker encouraged participants to explore cities from the perspectives of those often overlooked, such as **delivery workers, cleaners, and other essential workers**, who form the backbone of city life.

Summary of the Activity:

The Nagara Inauguration Ceremony began with a welcome address by **Mr. Aryan Gulati**, after which **Prof. Sarbani Sharma** took the stage to inaugurate the club officially. In her lecture, Prof. Sharma discussed how it is impossible to fully comprehend cities, which have become spaces of **planetary urbanization** shaped by predominant experiences and stereotypes. She referred to these as "bourgie" narratives and stressed the importance of **deconstructing these imaginations** to truly understand cities.

She elaborated on the **cultural and historical relevance** of religious spaces in cities and described how community spaces in urban settings are often more cohesive than in rural areas. Prof. Sharma also encouraged the participants to explore cities through diverse perspectives,

including those of underappreciated urban workers like delivery personnel, cleaners, and Asha workers.

One interesting method suggested was the use of **smell-walking exercises**, where participants would understand the city through its olfactory landscape, offering a unique approach to city exploration.

After the talk, a **Q&A session** was conducted, followed by an address by **Dr. Nivea Thomas K**. The event concluded with participants engaging in the various stalls set up by the **Nagara club** members in the Quadrangle, which showcased different aspects of city life.

Speaker Profile:

Prof. Sarbani Sharma is a Professor of Anthropology and Sociology at Azim Premji University. She specializes in urban studies, anthropology, and the sociological aspects of cities.

Screening of Antebellum

Screening of Antebellum

Date: 18th November 2022
Time: 10:30 am to 12:30 pm
Venue: Room 605

Speaker/Presenter Details:

- **Name:** Darshanbir Singh Narula
- **Organization:** Christ University, BGR Campus
- **Title of Presentation:** Screening of *Antebellum*

Participants Profile:

- **Type of Participants:** Students and members of the Gender Studies Forum
- **No. of Participants:** 20

Synopsis of the Activity:

The Skill Development Session involved the screening of the film *Antebellum*, which addresses issues surrounding race, violence, and the objectification of women. The film portrays the brutal experiences of Black lives subjected to a fictional, yet deeply disturbing, Confederate-era plantation. It explores the themes of white supremacy, oppression, and women's struggles for freedom.

Highlights of the Activity:

- The film sheds light on the **violence inflicted upon Black people**, particularly women, as part of white supremacist fantasies.
- The plantation depicted in the film is an **intense cosplay arena** where white supremacists reenact the Confederate era, enslaving and torturing Black people.
- The film showcases how **women are objectified** and tortured for not complying with the soldiers.
- It ends with a powerful **revenge plot** that symbolizes the demolition of supremacist ideologies.

Key Takeaways:

1. The film highlights how **white supremacists gratify themselves by reenacting violence** against Black people, making them the primary guilty party.
2. The story concludes with the **reinstatement of freedom** for the protagonist and the **destruction of the oppressive structures** that glorify the Confederate past.

Summary of the Activity:

The movie *Antebellum* was screened as part of a skill development session hosted by the **Gender Studies Forum**. The film focuses on the character of **Veronica Henley**, an academic and revolutionary, who is known for her lectures advocating radical changes in American society. During a visit to New Orleans, she is kidnapped and finds herself on a plantation where white supremacists reenact slavery for their amusement.

Veronica is portrayed as a strong and wise leader, embodying the feminist representation of Black women in cinema. Her experience on the plantation reveals the deep-seated violence and oppression faced by Black people, particularly women. As Veronica endures rape and physical abuse, she devises a **plan for revenge** and eventual escape, showcasing her strength and resilience.

The screening was followed by a brief **discussion session**, where participants reflected on the film's powerful message about race, supremacy, and the fight for liberation.

Follow-up Plan:

A small discussion about the movie was conducted, providing an opportunity for participants to share their thoughts and interpretations of the film's themes and its portrayal of oppression and resistance.

Guest Lecture on Sustainable Development: The Key to a Healthy and Strong Future

The Key to a Healthy and Strong Future

Date: 07 November 2022
Time: 2:00 PM to 3:00 PM
Venue: Room 605
Collaboration/Sponsor: Eco-Watch

Speaker Details:

- **Name:** Ullash Kumar
- **Title/Position:** Research Associate
- **Organization:** Eco-Watch
- **Title of Presentation:** Sustainable Development: The Key to a Healthy and Strong Future

Participants Profile:

- **Type of Participants:** Students of 5ENGH
- **No. of Participants:** 46

Synopsis of the Activity:

The lecture focused on the growing environmental crisis and its impact on both local and global scales. The speaker, Ullash Kumar, emphasized the need for sustainable living and the role urban infrastructure plays in exacerbating environmental challenges, particularly in cities like Bangalore. He also discussed how climate change is impacting coastal areas and emphasized the importance of individual awareness in creating a sustainable future.

Highlights of the Activity:

- Discussion on the **current environmental crisis** and its local/global implications.
- Insights on how **urban infrastructure** in cities like Bangalore contributes to climate change.
- The importance of creating **awareness** regarding one's environment and immediate surroundings.

Key Takeaways:

1. **Sustainable living** is essential to combating climate change.
2. **Resource sharing** and reducing consumption can significantly help mitigate the climate crisis.
3. The **existence of coastal areas** is at risk due to climate change, and efforts must be made to address this.

4. **Awareness** of one's immediate surroundings is crucial in identifying ways to reduce practices that contribute to the environmental crisis.

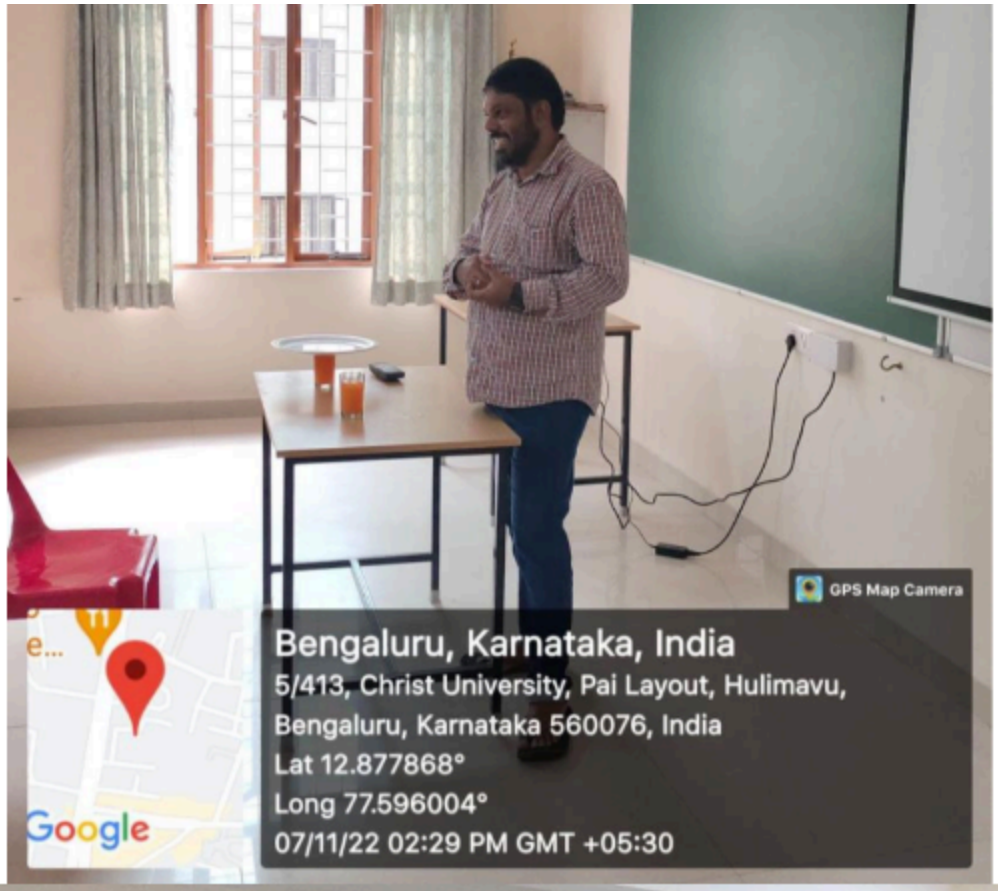

Summary of the Activity:

The guest lecture began with the speaker asking students to explain their understanding of **global warming** and share experiences from their hometowns. He used **Kerala** as a case study, discussing the environmental crisis in the state caused by unsustainable living practices. The speaker delved into how **Bangalore's urban development** contributes to climate change, particularly through the extensive use of **glass in infrastructure**, which leads to a rise in temperature and unsustainable energy consumption. The water system of the city was also discussed, with the speaker highlighting how the **constant use of water pumps** contributes to high electricity usage.

The speaker also discussed the **destruction of grasslands** due to British colonization and commercial crop plantations, which have affected water availability in the rivers. He emphasized the importance of **indigenous conservation methods** and warned against Western-centric approaches to environmental conservation.

Toward the end of the session, the speaker advocated for **reducing consumption**, **sharing resources**, and raising awareness about the **environmental conditions** around us. He encouraged students to adopt sustainable practices in their everyday lives.

Visit to Rotti Mane: A Taste of North Karnataka Cuisine

Visit to Rotti Mane: A Taste of North Karnataka Cuisine

Date: 15 February 2024
Time: 1 PM - 2:30 PM
Venue: Rotti Mane, Arakere

Participants Profile:

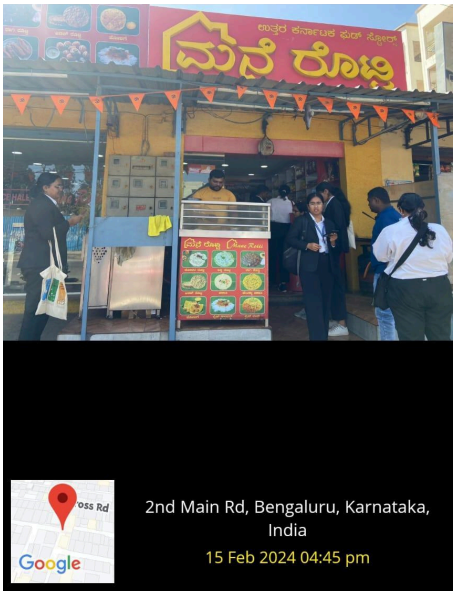

- **Type of Participants:** Students and Professors
- **No. of Participants:** 19

Synopsis of the Activity:

- **Highlights of the Activity:**
  Students actively participated in sampling a variety of North Karnataka dishes, such as Menthya Rotti, Dal Holige, Coconut Holige, Ragi Rotti, and Akki Rotti. They observed a demonstration of intricate cooking techniques used in preparing these dishes at the restaurant's entrance.
- **Key Takeaways:**

- **Culinary Education:** Students gained insight into the ingredients, cooking techniques, and cultural significance of North Karnataka cuisine.
- **Local Community Support:** The visit emphasized the importance of supporting local businesses, such as Rotti Mane, which contribute to preserving cultural heritage and boosting the local economy.
- **Cultural Appreciation:** The experience fostered a deeper connection with regional diversity and highlighted the role of traditional cuisine in maintaining cultural traditions.

Summary of the Activity:

The field visit to Rotti Mane was organized to give students an immersive experience of North Karnataka cuisine. Held on 15 February 2024, the visit offered a hands-on exploration of traditional dishes and cooking methods. Rotti Mane, known for its focus on affordable, wholesome meals, provided an excellent venue for students to sample dishes like Menthya Rotti and Dal Holige. The restaurant's menu is particularly suited for those seeking budget-friendly, healthy meal options, making it a valuable resource for both students and professionals alike.

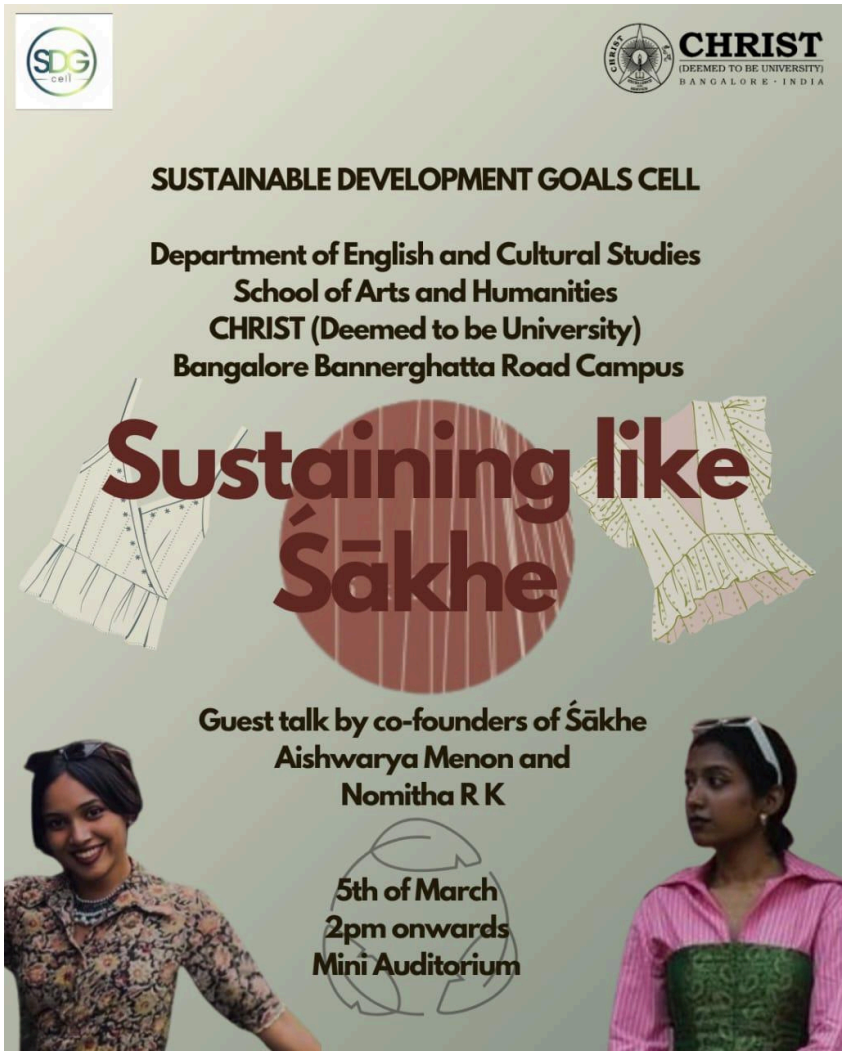

Sustaining like Śākhe

Sustaining like Śākhe

Date: 5 March 2024
Time: 1:30 PM - 4:30 PM
Venue: Mini Auditorium, CHRIST (Deemed to be University), Bannerghatta Road Campus

Speaker Details:

- **Names:** Aishwarya Menon and Nomitha R K
- **Title/Position:** Founders of Śākhe
- **Organization:** Self-Employed
- **Title of Presentation:** Sustaining like Śākhe

Participants Profile:

- **Type of Participants:** All UG Students from the English and Cultural Studies Department
- **No. of Participants:** 120

Synopsis of the Activity:

- **Highlights of the Activity:**
    - The founders provided an insider's perspective into their business, sharing the inspiration behind their clothing pieces.
    - The audience got an exclusive preview of Śākhe's summer collection.
    - Discussions covered key topics such as sustainability, size inclusivity, and how small businesses address these issues.

- **Key Takeaways:**
    - **Sustainability and Upcycling:** The lecture emphasized the importance of sustainability and upcycling in fashion, showcasing how Śākhe reuses Indian fabrics to create fashionable, craft-centric pieces.
    - **Market Gap and Business Insights:** The speakers shared their journey of identifying a market gap and how they leveraged this opportunity to build their business.

- **Promoting Indian Heritage:** Śākhe's vision is to celebrate Indian heritage while innovating through sustainable practices.

- **Summary of the Activity:**

  The session with Aishwarya Menon and Nomitha R K began with an introduction to their team and the Śākhe brand. They discussed the intricacies of building a business centered on sustainability, upcycling, and crafting with an innovative edge while honoring Indian heritage. The founders elaborated on their process from cloth selection and design to production and marketing. They also showcased popular designs and offered a sneak peek into their latest summer collection. The lecture concluded with a Q&A session, allowing students to engage directly with the founders.

Wild Food Walk

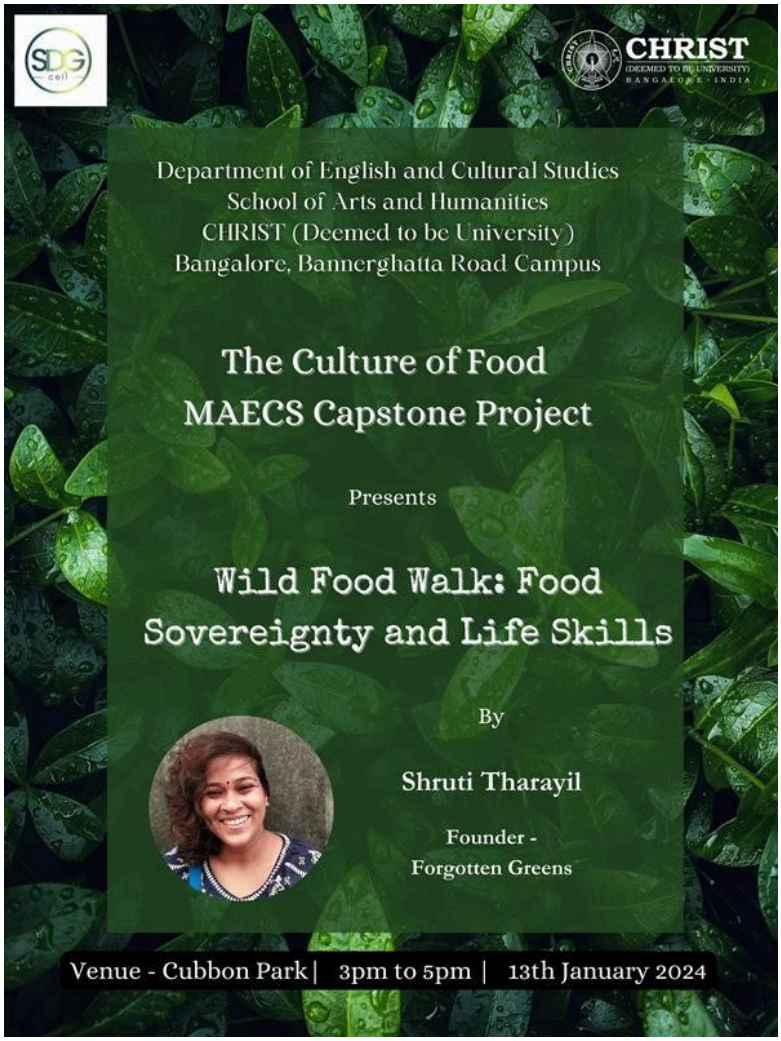

Wild Food Walk

Date: 13 January 2024

Time: 3 PM - 5 PM

Venue: Cubbon Park

SDG: 11 (Sustainable Cities and Communities) and 12 (Responsible Consumption and Production)

Presenter Details:

- **Name:** Ms. Shruti Tharayil
- **Title/Position:** Founder
- **Organisation:** Forgotten Greens

Participants Profile:

- **Type of Participants:** Students and Professors
- **No. of Participants:** 16

Synopsis of the Activity:

- **Highlights of the Activity:**
  - Ms. Shruti Tharayil provided a detailed overview of uncultivated greens, urban foraging, and sustainable agro-economic practices.
  - Participants learned about the edible, medicinal, and agricultural uses of various wild plants.
  - The activity included identifying plant species with the help of an information booklet and engaging in hands-on learning by touching, smelling, and tasting the plants.
  - Differences between native and invasive species were discussed, emphasizing the need for sustainable gardening and agricultural practices.
- **Key Takeaways:**
  - **Identification Skills:** Students learned to identify wild flora and understand their edible and medicinal uses.
  - **Experiential Learning:** The walk provided hands-on experience with urban vegetation, enhancing understanding of indigenous knowledge systems and sustainable food practices.
  - **Sustainable Practices:** Participants learned about the impact of invasive species on local ecosystems and the potential uses of wild plants in sustainable living, including income generation, water filtration, and soil regeneration.

- **Summary of the Activity:**

  The field visit was organized on 13 January 2024, from 3 to 5 PM, at Cubbon Park for the students of the MAECS Capstone project 'The Culture of Food'. The objective was to introduce students to urban foraging and the wide range of uncultivated flora often

overlooked as weeds.

The event began with introductions, where participants shared their motivations and past foraging experiences. An information booklet titled ‘Spot Your Greens’ was distributed to aid independent exploration. Ms. Shruti Tharayil led the group through the park, encouraging interaction with the surrounding flora. Plants discussed included ‘Touch Me Not’, ‘Alligator Weed’, ‘Cattail’, and the ‘Toothache Plant’. Students were encouraged to engage with these plants through touch, smell, and taste.

The facilitator also highlighted the issue of invasive species, which, despite being used in urban beautification projects, often negatively impact native vegetation. The walk included the discovery of plants like tassel flowers and nightshade berries, with explanations of their edibility and palatability. Additionally, the utility of undergrowth like nutgrass and ‘gotu kola’ in regenerative farming was discussed.

The activity provided valuable experiential knowledge on local sustainable food sourcing and food sovereignty, aligning with the principles of sustainable cities and responsible consumption.

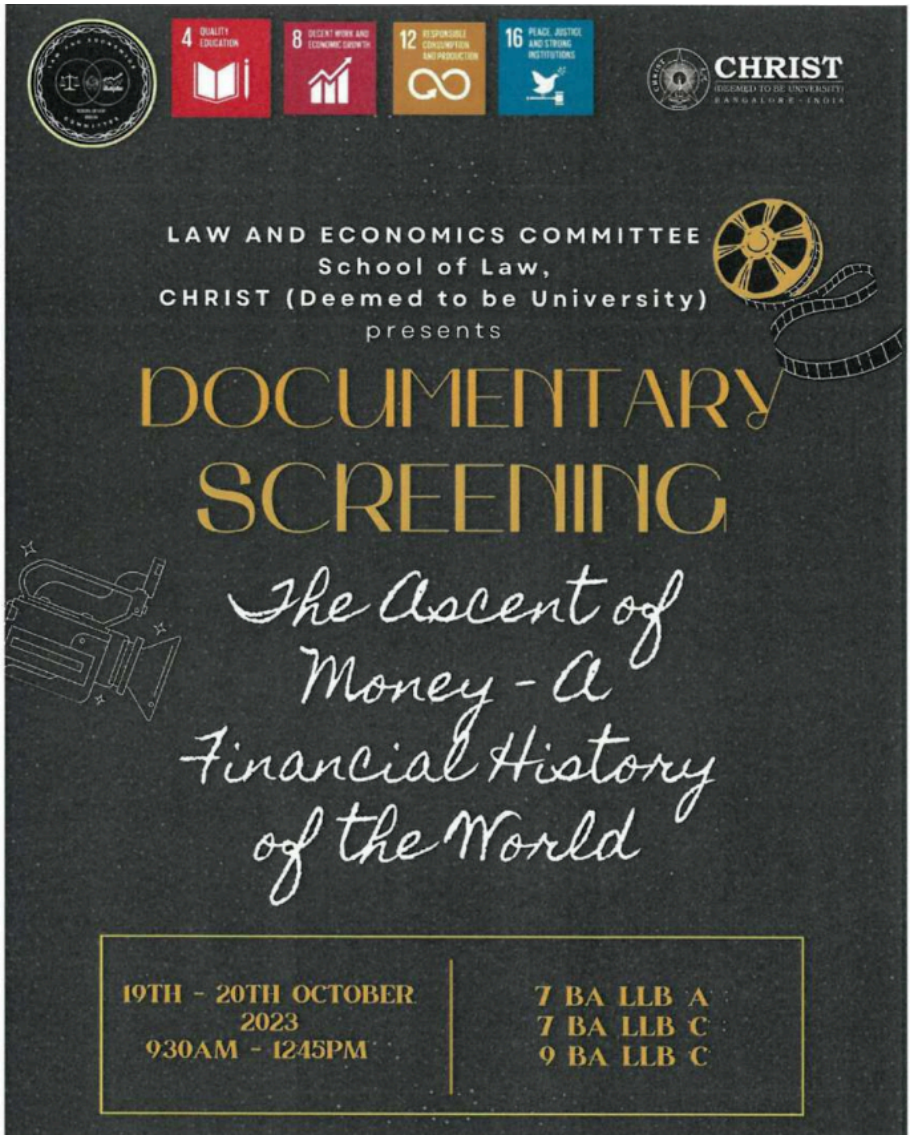

The Ascent of Money - A Financial History of the World: Dreams of Avarice

The Ascent of Money - A Financial History of the World: Dreams of Avarice

Date/s: 19th-20th October 2023

Time: 9:30 AM - 12:45 PM

Venue: Central Block, CHRIST (Deemed to be University), Bangalore (Central Campus)

Participants Profile:

- **Type of Participants:** Law students of School of Law, CHRIST (Deemed to be University), Bangalore
- **No. of Participants:** 180

Synopsis of the Activity:

- **Highlights of the Activity:**
    - The screening began with an introductory overview of the documentary's subject matter, providing essential background information to help the audience understand the film's significance.
    - The documentary explored global economic themes with a focus on the concept of Avarice.
    - It provided insights into how financial desires and practices have shaped economic decisions and their broader impacts on individuals and organizations.
- **Key Takeaways:**
    - Students gained an understanding of the intense desire for wealth and material gain prevalent worldwide.
    - The documentary highlighted the potential consequences of a single-minded pursuit of financial success, emphasizing its broader implications on society and personal well-being.
- **Summary of the Activity:**

  The screening of "Dreams of Avarice" was organized to enhance law students' understanding of financial history and economics, empowering them to make more informed decisions in their professional and personal lives. The event aimed to promote critical thinking and offer a broader perspective on financial and economic issues.

Follow-up Plan:

- **Mapping:** Plan to conduct additional screening sessions to further explore the importance of economics in various areas of law.

PO's & PSO's Alignment:

- **PO 1:** Contribute to legal scholarship through critical appraisal of laws and interdisciplinary issues.
- **PO 3:** Employ critical thinking and logical legal reasoning to develop sound arguments and effective suggestions.
- **PO 4:** Identify, predict, and mitigate challenges, and engage in effective dispute resolution focusing on individual, institutional, and societal problems.

Seminar on WTO: A Step Forward Towards Gains from Trade

Seminar on WTO: A Step Forward Towards Gains from Trade

Date: 23rd March 2024

Time: 10:20 AM - 11:05 AM

Venue: Room 403, Central Block, CHRIST (Deemed to be University), Bangalore (Central Campus)

Speaker Details:

- **Name:** Dr. Sunitha Abhay Jain
- **Title/Position:** Professor
- **Organization:** School of Law, CHRIST (Deemed to be University), Bengaluru, Karnataka
- **Title of Presentation:** WTO: A Step Forward Towards Gains from Trade

Participants Profile:

- **Type of Participants:** Law students of School of Law, CHRIST (Deemed to be University), Bangalore
- **No. of Participants:** 65

Synopsis of the Activity:

- **Highlights of the Activity:**
    - The seminar began with an overview of the World Trade Organization (WTO), focusing on the economic concepts relevant to international trade.
    - Dr. Jain provided an interactive session, engaging students with questions and real-life scenarios to illustrate the impact of trade policies.
    - The session included a detailed discussion on the initiation of Section 301 investigations by the United States into China's intellectual property practices, highlighting how tariffs affect global trading nations.

- **Key Takeaways:**
    - Students gained a deeper understanding of WTO's operations and its role in global trade.
    - The seminar emphasized the importance of trade organizations like the WTO in facilitating international trade and monitoring trade policies.
    - Insights were provided into how economic principles influence trade practices and dispute-resolution mechanisms.

- **Summary of the Activity:**
  The seminar aimed to enhance law students' knowledge of international trade by focusing on the WTO and its economic implications. It was designed for third-year students studying the elective Economics of International Trade. The discussion aimed to highlight the role of trade organizations in shaping global trade policies and the economic benefits of such organizations. The seminar fostered critical thinking about the intersections between law and economics in international trade.

Follow-up Plan:

- **Mapping:** Conduct more interactive sessions to further explore the importance of economics in various legal contexts.

Program Outcomes (POs) & Programme Specific Outcomes (PSOs):

- **PO 1:** Contribute to legal scholarship through critical appraisal of laws and interdisciplinary issues.

- **PO 3:** Employ critical thinking and logical legal reasoning to develop sound arguments and effective suggestions.
- **PO 4:** Identify, predict, and mitigate challenges, and engage in effective dispute resolution focusing on individual, institutional, and societal problems.
- **PSO 1 (UG - BA LLB):** Analyze problems to suggest policy changes and modifications to the law based on a strong understanding of the socio-political structure of India.
- **PSO 1 (UG - BBA LLB):** Analyze legal problems and suggest concrete measures in compliance with the law of the land.
- **LAW686D (Economics of International Trade):** Address global needs by focusing on the economic aspects of WTO and trade dynamics.

Employability/Entrepreneurship/Skill Development Needs:

- The seminar enhances employability by providing practical insights into the intersection of law and economics, which is highly valued by employers. It prepares students for careers where they can integrate economic reasoning into legal practice and provides a foundation for understanding international trade regulations, benefiting both legal and business sectors.

Economic Analysis of Environmental Impact Assessment

Economic Analysis of Environmental Impact Assessment

- **Date:** 9th February 2023
- **Time:** 1:30 p.m. to 2:30 p.m.
- **Venue:** Room No. 505, Central Block, CHRIST (Deemed to be University), Central Campus

Speaker:

- **Name:** Mr. Karthik Bansal
- **Title/Position:** Research Analyst
- **Organization:** Centre for Social and Economic Progress

- **Title of Presentation:** Economic Analysis of Environmental Impact Assessment

Participants:

- **Type:** Third-year BA/BBA LLB students with Climate Change as their elective.
- **Number:** 40

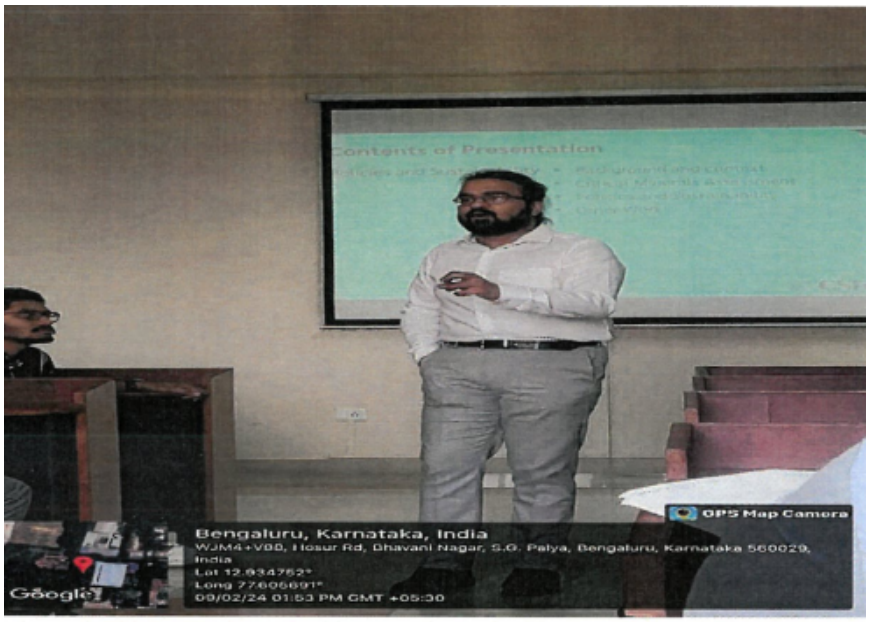

Synopsis: The session provided an overview of the economic aspects of Environmental Impact Assessments (EIA), focusing on the importance of economic analysis in assessing environmental impacts and addressing climate change issues. Key points included cost-benefit analysis, market failure, trade-offs, and opportunity costs.

Highlights & Key Takeaways:

- Importance of integrating economic considerations into environmental decision-making.
- Understanding of how to evaluate financial costs versus benefits of projects.
- Awareness of market failures and the need for balanced environmental policies.
- Recognition of economic trade-offs and opportunity costs in environmental policies.

Follow-up Plan:

- Conduct more interactive orientation sessions to further raise awareness on environmental issues.

Program Outcomes (POs) & Program Specific Outcomes (PSOs):

- PO 3: Employ critical thinking and logical reasoning.
- PO 5: Engage in social transformation through socio-legal initiatives.
- PO 6: Demonstrate leadership and collaboration.
- PSO 1: Analyze problems and suggest policy changes.

Mapping to Courses:

- LAW555, LAW686B, LAW786C, LAW785D

1st Virtual National Legal-Techathon

1st Virtual National Legal-Techathon

- **Date:** 10th March 2024
- **Time:** 11 a.m. to 4 p.m.
- **Venue:** Google Meet (Online)
- **Collaboration/Sponsor:** CHRIST Incubation and Entrepreneurship Support Cell

Judges:

- **Shyam Nallasenapathy** – Co-Founder, Zevi
- **Aditya Agarwal** – Co-Founder, Highfi Me & Jiffylabs

- **Deepak Thakur** – Co-Founder, Associate, Nyaysashtram, HSA
- **Aniket Dutta** – Co-Founder, Global Mobility Analyst, Nyaysashtram, DEEL
- **Ashok G.V.** – Co-founder & Partner, Allied Law Practices (Guest Lecture)

Participants:

- **Type:** Students of Law (BBA LLB & BA LLB)
- **Number:** 30

Synopsis: The Virtual National Legal-Techathon 2024 provided a platform for students to address contemporary challenges in law enforcement using AI-driven solutions. Participants were mentored through problem-solving activities and created functional prototype models. The event encouraged interdisciplinary collaboration and facilitated networking opportunities.

Highlights:

- AI-based solutions for law enforcement challenges.
- Development and presentation of prototype models.
- Networking with industry experts and peers.
- Guest lecture on the DPDP Act, 2023.

Key Takeaways:

- Application of AI to address law enforcement issues.
- Opportunity to showcase problem-solving skills.
- Insight into the intersection of law and technology.
- Connections with industry professionals and colleagues.

Summary: The Techathon was a successful platform for students to explore innovative solutions in legal tech. The event concluded with a Valedictory Ceremony and a guest lecture discussing the DPDP Act, 2023.

Follow-up Plan:

- Facilitate continued learning and exchange of ideas.
- Ensure that the innovative solutions from the Techathon have a lasting impact on law enforcement practices.

World Environment Day Photography Competition

World Environment Day Photography Competition

- **Date:** June 5, 2023
- **Venue:** Online
- **Collaboration/Sponsor:** Environmental Law Studies and Orientation Programme, CHRIST (Deemed to be University)

Participants:

- **Type:** Students
- **Number:** 17

Synopsis: The competition was organized to celebrate World Environment Day 2023 with a focus on "Beat Plastic Pollution." Announced on May 15 and accepting submissions until June 10, the competition aimed to raise awareness about plastic pollution through creative photography. Over 17 high-quality entries were received, and the winning photographs were featured on social media on August 3, 2023.

Highlights:

- The competition engaged students in addressing plastic pollution through photography.
- Received over 17 high-quality entries.
- Winning photographs were showcased on social media.

Key Takeaways:

- Enhanced student awareness and engagement regarding plastic pollution.
- Encouraged creative expression through photography.
- Highlighted the widespread issue of plastic pollution and its environmental impact.

Summary: The World Environment Day Photography Competition effectively engaged students in raising awareness about plastic pollution through their creative works. The event provided a platform for students to express their concerns about environmental issues and showcased the impact of plastic waste. The competition not only fostered artistic skills but also promoted environmental consciousness.

Follow-up Plan:

- Feature the winning entries on social media on August 3, 2023.

Program Outcomes (POs) & Program Specific Outcomes (PSOs):

- **PO 4:** Identify, predict, and mitigate challenges related to individual, institutional, and societal problems.
- **PO 5:** Initiate social transformation through socio-legal engagement.
- **PSO 1:** Analyze problems to suggest policy changes based on an understanding of the socio-political structure.

Mapping:

- **Local, Regional, National, and Global Needs:** The competition addressed local and global issues related to plastic pollution, emphasizing the need for widespread awareness and action.
- **Employability/Entrepreneurship/Skill Development Needs:** Developed students' skills in photography and creative thinking, enhancing their employability, especially in environmental communication and journalism.
- **Cross-Cutting Issues:** Focused on Environment and Sustainability, promoting inclusivity and addressing gender-related concerns in photography and environmental activism.
- **SDG Mapping:** Aligned with SDGs 12 (Responsible Consumption and Production), 13 (Climate Action), 14 (Life Below Water), 15 (Life on Land), and 17 (Partnerships for the Goals).

Impact Analysis: The competition successfully raised awareness about plastic pollution and engaged students creatively. It highlighted the pervasive issue of plastic waste and its environmental impacts, fostering a deeper understanding and commitment to environmental protection among participants. The integration of photography with environmental advocacy demonstrated a powerful way to inspire and educate the community.

Winners:

1. **Sanaa** – Class 2 PSYCH C, Reg No. 2233753
2. **Perarashu** – Class 2 ECOH A, Reg No. 2233317
3. **Ishan Jaswani** – Class 6 BBA B, Reg No. 2020295
4. **Simran Gidwani** – Class 2 MPCO, Reg No. 2038961

Ecospective Insights: Introduction to Ecological Discourses

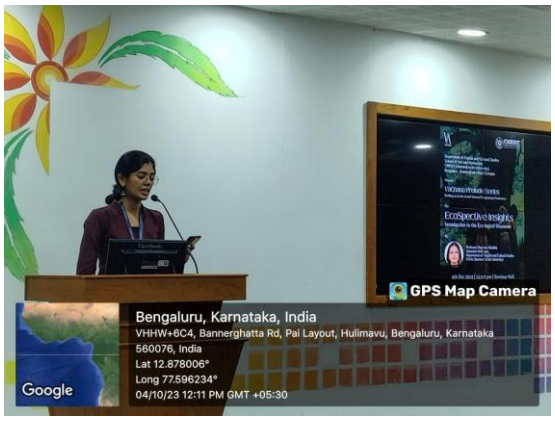

Ecospective Insights: Introduction to Ecological Discourses.

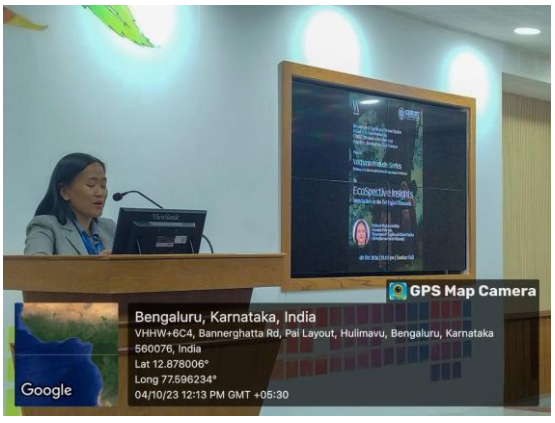

October 4th, 2023

The School of Humanities and Social Sciences at CHRIST (Deemed to be University), Bannerghatta Road Campus, hosted an insightful talk titled "EcoSpective Insights: Introduction to Ecological Discourses." This event was part of the Vachana Prelude Series, aimed at introducing students to the interdisciplinary field of Environmental Humanities. Dr. Meghana Mudaliar, an Associate Professor at the university, led the session.

The session was conducted by Vachana postgraduate national conference and the theme "EcoSpective Insights." Following this, the Head of the Department, Renu Elizabeth Abraham, encouraged students to engage in intellectual discussions, debate ideas, and challenge ideologies throughout the event.

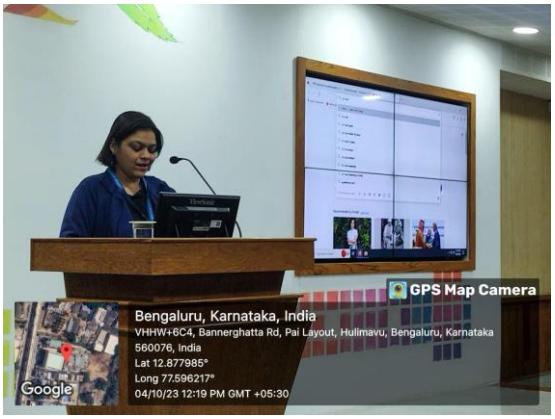

Dr. Mudaliar then began her talk by situating the audience within the context of Environmental Humanities, discussing courses she offers such as "Queer Ecologies" and "Ecological Discourses."Dr. Mudaliar recommended several literary and visual texts to help students immerse themselves in the field. She discussed *Ishmael* by Daniel Quinn, highlighting its relevance to ecological discussions, and *The Great Derangement* by Amitav Ghosh, which critiques the cultural roots of environmental crises.

The screening of the trailer for the documentary “Eating Our Way to Extinction” further emphasized the impact of consumerism and capitalism on the environment. Dr. Mudaliar also introduced the concept of "Sustainable Happiness" and recommended works like "Now is the Time for a Queer Black Feminist Ecology" and "Joyland" to explore intersectionality within ecological discourse.

The session concluded with a focus on intersectionality in pedagogy, specifically Queer Eco-Pedagogy, emphasizing the need for alternative assessments and empowering learners to express their experiences. The event successfully laid the groundwork for further exploration of Environmental Humanities within the university's academic community.

Key Highlights:

- Environmental Humanities is a highly intersectional and interdisciplinary field that connects literature, culture, and ecology, offering diverse perspectives and approaches.
- The session underscored the significance of intersectionality in pedagogy, particularly in addressing issues related to environmental justice and oppression.

SDG Week Stall and Environmental Awareness Activities

SDG Week Celebrations

The SDG team celebrated SDG Week celebrations, the SDG Cell and the School of Law at Christ University, Bengaluru, collaborated to organize an interactive and educational exhibition stall at Garden Street, located within the Christ Central Campus. This initiative aimed to raise awareness about environmental sustainability and the pressing need for collective responsibility in addressing global environmental challenges. The stall, which was designed to engage visitors in hands-on activities and promote sustainable practices, was a significant success.

The aim was to educate visitors on environmental issues through informative displays and interactive games. One of the key activities was the “Myth or Fact” game, where visitors were challenged to differentiate between common misconceptions and factual information regarding environmental practices. Additionally, a waste segregation game was conducted, encouraging participants to learn proper waste management techniques, with an emphasis on reducing, reusing, and recycling.

The stall also provided a platform for visitors to share their views on environmental issues, fostering a sense of community and dialogue around sustainable practices. An interactive activity where visitors were invited to decorate a tree was particularly engaging. This activity symbolized nurturing the environment, as participants added their creative touches to the tree while reflecting on their responsibility to care for the planet. The interactive and creative nature of the exhibition fostered a spirit of collaboration and personal accountability among visitors.

Key takeaways:

- The importance of shared responsibility for environmental conservation within the community.
- The activities successfully raised awareness of eco-friendly practices, demonstrating how small, individual actions can contribute to broader environmental sustainability.
- Visitors were encouraged to adopt responsible consumption habits and to implement sustainable solutions in their daily lives, such as reducing plastic usage, conserving water, and supporting renewable energy.

Economic Analysis Seminar

Economic Analysis

The IQAC (Internal Quality Assurance Cell) report outlines the proceedings of a seminar focused on Economic Analysis, which was held under the guidance of Dr. Meena Sharma, a distinguished professor of Economics. This seminar was aimed at enhancing the understanding of economic principles and fostering analytical skills among students, particularly those majoring in Economics and related disciplines. The seminar's objective was to bridge the gap between theoretical knowledge and practical economic applications in real-world scenarios, offering students a platform to engage with complex economic issues.

The seminar featured a series of lectures, case studies, and discussions that explored various economic theories and their applications. The primary focus was on how economic principles could be used to analyze current economic conditions, such as inflation, unemployment, and global trade. Through detailed presentations, the participants were exposed to the nuances of economic policy-making and its impact on different sectors of the economy.

Key highlights:

- The interactive session on fiscal and monetary policy, which encouraged students to think critically about government interventions in the economy.
- the importance of using data-driven approaches to understand economic trends and make informed decisions.
- The seminar also included a hands-on workshop where participants learned to use economic software to simulate different economic scenarios and predict outcomes based on changing variables.

Master Class On Podcast

Masterclass on Podcasting

The Masterclass on Podcasting was a significant educational event organized by the Ecological Diversity Cell from the Department of English and Cultural Studies at CHRIST (Deemed to be University). It was held on 9 October 2023, from 12 PM to 1 PM, in the Council Room of the Central Block.

The primary aim of the session was to introduce students to the basics of podcast creation while emphasizing sustainability as a central theme. This initiative also aligned with the Sustainable Development Goal (SDG) 13: Climate Action, highlighting the importance of environmental consciousness in modern media.

The masterclass was facilitated by Ms. Rupa Rasagna, an alumnus of the university, who Her eco-anxiety, stemming from concerns about climate change, led her to the world of podcasting, where she focuses on offering feasible solutions rather than solely highlighting environmental problems. This unique approach to sustainability was the core of the discussion during the masterclass.

Throughout the session, Ms. Rupa covered crucial topics for those interested in podcasting. She delved into the significance of crafting engaging content that not only captivates the audience but also educates them about sustainable practices. One of the core lessons from the session was the importance of consistency in producing podcasts. Ms. Rupa shared her own experiences of managing a weekly schedule for her podcast and the difficulties that came with it. She emphasized setting realistic goals to prevent burnout, especially for beginners.

Moreover, she advised against becoming too fixated on podcast statistics, urging creators to focus on quality content and long-term impact instead.

Key Highlights:

- The focus on sustainability in podcasting, urging future podcasters to provide actionable solutions to the climate crisis, thereby making a positive impact.
- Her advice on the technical and creative aspects of podcasting, such as selecting the right topic, maintaining a sustainable production process, and ensuring audience engagement, was particularly valuable for students considering podcasting as a career or hobby.
- The event concluded with a call to action, encouraging students to explore the emerging opportunities in the podcasting space, especially those centred around environmental advocacy and sustainability. The participants left the session equipped with a clearer understanding of how to start and maintain a podcast, with sustainability at its core.

Industrial Visit to Infosys: A Comprehensive Learning Experience

Industrial visit to Infosys

September, 2023

The second-year LLB students embarked on an industrial visit to Infosys, providing them with a valuable opportunity to gain practical insights into management principles within a corporate setting. This visit was a multifaceted learning experience, exposing students to the dynamic environment of a leading global technology company. Throughout the visit, students observed how management theories and principles they have studied in their coursework are applied in real-world scenarios, particularly in a corporate context.

The visit offered a comprehensive understanding of how a large organization like Infosys operates, from its management practices to its technological innovations. Students were able to see firsthand the application of strategic management, leadership, and decision-making processes that drive the success of such a prominent company. They were also introduced to the corporate culture at Infosys, which emphasized values such as innovation, teamwork, and continuous learning.In addition to understanding the business and management aspects, the students were also exposed to Infosys' commitment to corporate social responsibility (CSR). They learned about the company’s various initiatives aimed at giving back to the community, promoting sustainability, and supporting education and skill development.

This exposure highlighted the importance of ethical practices and social responsibility in the corporate world, broadening the students’ perspective on the role of businesses in society.Overall, the industrial visit to Infosys provided the second-year LLB students with a holistic learning experience that blended theoretical knowledge with practical application. It enhanced their understanding of the complexities of corporate management, technology's role in business, and the importance of maintaining a strong corporate culture and social responsibility. This experience will undoubtedly contribute to their development as future legal professionals with a well-rounded understanding of the corporate world.

Pahal: Bridging Sustainability and Community Well-Being—An Overview of Avani Club's Extension Act

PAHAL: bridging sustainability and community well-being

September 26, 2023

The Avani Club, Department of Economics, School of Social Sciences, in collaboration with the Center for Social Action (CSA), organized an impactful extension activity titled "Pahal" at Composite School, Nai Basti. This event, held from 9 A.M. to 1 P.M., was a significant observance of World Environment Health Day, aimed at bridging the gap between sustainable development and personal well-being while extending support to underserved communities.

The "Pahal" event was designed to address key Sustainable Development Goals, specifically Goal 13 (Climate Action) and Goal 3 (Good Health and Well-being). The activities included a compost workshop, hygiene kit distribution, hand painting, and quizzes, each serving to educate and engage participants on various aspects of environmental health and sustainability. During the compost workshop, students were introduced to the process of converting organic waste into nutrient-rich compost. This hands-on activity demonstrated the benefits of biodegradable waste management practices and encouraged participants to adopt similar methods at home and in their communities. The interactive nature of the workshop fostered a practical understanding of composting and its positive impact on reducing waste and promoting environmental consciousness.

In addition to the compost workshop, the event featured engaging quizzes and hand painting activities that emphasized the importance of using biodegradable materials and reducing waste. These activities were designed to instil an eco-conscious mindset among the students and prompt them to reconsider their consumption patterns and environmental impact. The day also included the distribution of hygiene kits, chocolates, books, pencils, and other items collected during the "UPHAAR" donation drive, which were given to Anganwadi children as tokens of support and care. The volunteers and school students also participated in a cleanliness drive on the school premises, further reinforcing the event's commitment to environmental stewardship.

The "Pahal" event, coordinated under the guidance of Dr. Reeta Tomar and Shaila Ma'am, not only provided valuable educational experiences but also fostered a spirit of community involvement and environmental responsibility. Looking ahead, the organizers plan to continue this initiative in the coming years, reinforcing the importance of sustainable practices and social service among students.

Book Talk on Climate Fiction

Talk on Climate Fiction

On August 25, 2023, CHRIST (Deemed to be University) conducted an insightful Book Talk on Climate Fiction sponsored by the Ecological Diversity Cell. The session was led by Pratyaksha Singh, a student pursuing an MA in English with Communication Studies. This talk provided an in-depth examination of Climate Fiction, a genre that blends elements of science fiction, realism, and the supernatural to address pressing environmental concerns.

Pratyaksha Singh's presentation highlighted two significant works in the genre: *Polar City Red* by Jim Laughter and *The Ministry for The Future* by Kim Stanley Robinson. *Polar City Red* explores a future world devastated by global warming, set in the Northern Tundra, while *The Ministry for The Future* examines the severe repercussions of climate change through a global lens. The discussion also covered the intersection of eco-feminism, which addresses the impact of patriarchy on environmental degradation and the role of women in environmental advocacy. Additionally, the seminar touched on the nine planetary boundaries, emphasizing that six have already been surpassed.

The talk included a reflective Q&A session, where participants engaged in discussions about the intrinsic value of organisms beyond their utilitarian roles. The session underscored Climate Fiction’s critical role in raising awareness about environmental issues and the importance of valuing all forms of life. The seminar concluded with a call to action, encouraging further exploration of Climate Fiction and ongoing discussions on eco-feminism and planetary boundaries in future events. This session not only enriched participants' understanding of the genre but also fostered a deeper appreciation for the environmental themes it addresses.

Climate Change and Sustainable Development at Christ University

Climate Change and Sustainable Development at Christ University

Climate change remains a critical global issue, and to address this, Christ University, Bengaluru has implemented the Sustainable Development Goals (SDG) program. As part of this initiative, an interactive guest lecture was organized for students, featuring Dr. Ramachandra, a professor at the Indian Institute of Science. This event, conducted in collaboration with the Ecological Diversity Cell, focused on "The Conservation of Wetlands: Ecosystem-Based Adaptation to Climate Change."

The session provided an in-depth introduction to aquatic ecology and sustainable practices. Dr. Ramachandra's presentation on wetlands conservation and ecosystem-based climate change adaptation. An analysis of socio-economic factors impacting waste management.

Discussion on Integrated Solid Waste Management strategies aimed at reducing greenhouse gas emissions. The event was designed to enhance interdisciplinary knowledge among students from the Arts and Humanities and to increase awareness of environmental issues.

Dr. Ramachandra's lecture emphasized the importance of wetlands conservation, explored the socio-economic aspects influencing waste management, and proposed strategies for sustainable practices.

Dr. Ramachandra also provided insights into municipal solid waste management in Bangalore, comparing its waste composition with other Indian cities and suggesting improvements. The discussion underscored the role of socio-economic factors in urban waste generation and disposal, highlighting the need for targeted policies for sustainable development.

As a result of this event, students and the Christite community have committed to: Increasing awareness and education on sustainable water conservation practices. Collaborating with other departments and organizations to promote interdisciplinary learning on environmental issues.

Major takeaways from the lecture included:

- The necessity of understanding socio-economic factors for developing effective waste management policies and sustainable practices.
- The urgent need for targeted waste management initiatives in urban areas to address challenges such as greenhouse gas emissions and sustainable urban living.

Echo 2023 BootCamp

ECHO Bootcamp

The ECHO 2023 Boot Camp, conducted on September 22-23, 2023, at CHRIST (Deemed to be University), Central Campus, was an extensive two-day event aimed at fostering innovation in sustainable entrepreneurship and addressing critical environmental issues. This initiative, organized by the Ecological Diversity Cell in collaboration with the World Wildlife Fund (WWF), was aligned with SDG 13: Climate Action.

The boot camp commenced with a series of sessions led by prominent figures in the field. Dr. Saji Varghese, an Associate Professor and Entrepreneur at CHRIST University, shared his expertise on sustainable entrepreneurship and environmental innovation. These sessions provided valuable insights into creating impactful solutions for pressing environmental challenges. The first day also featured an engaging presentation by Dr. Padmakumar, which set the stage for the day's discussions and activities.

On the second day, the focus shifted to urban wildlife and its intersection with climate action. Participants took part in a Shark Tank activity, where they had the opportunity to present their innovative project ideas to a panel of experts. This interactive session allowed students to apply their knowledge and creativity to real-world scenarios, receiving constructive feedback and encouragement. Professors Neeti and Vidya from Azim Premji University played a crucial role in facilitating thought-provoking discussions and trivia, which deepened participants' understanding of environmental issues and sustainable practices.

Throughout the boot camp, participants were introduced to the ECHO project and its components, gaining a comprehensive orientation on sustainable entrepreneurship. The event emphasized the importance of collaboration and networking, creating an environment where students from various disciplines could exchange ideas and foster partnerships. The sessions were designed to inspire and motivate students to pursue their environmental initiatives and develop solutions that address climate change.

Key Highlights:

- The boot camp's effectiveness in clarifying the requirements of the ECHO project and stimulating innovative project ideas.

- The action plan includes continuing engagement in sustainable entrepreneurship, organizing follow-up workshops to support project development, and expanding the ECHO program through partnerships with additional colleges and universities.
- The ECHO 2023 Boot Camp successfully achieved its goal of empowering students to become proactive leaders in environmental sustainability.

Lens Against Plastic: A Photography Competition

Photography Competition

May 15, 2023

The Department of Law at Christ University, Bengaluru, successfully organized an online photography competition in celebration of World Environment Day, which is globally observed on June 5th each year. The theme for this year's World Environment Day (WED) was "Plastic Pollution," aligning with the global United Nations theme of "Beat Plastic Pollution." This competition was aimed at raising awareness about the detrimental impact of plastic pollution on the environment, while simultaneously engaging students in creative and thought-provoking expressions of this critical issue. The competition was officially announced on May 15, 2023, and students across the university were encouraged to participate by submitting high-quality photographic entries. The participants captured various perspectives on the overuse of plastic, emphasizing its far-reaching effects on ecosystems, human health, and the planet's overall wellbeing.

The entries showcased a diverse range of interpretations of the theme, with many participants highlighting the devastating effects of plastic waste on natural landscapes and wildlife. Some images poignantly depicted how plastics accumulate in urban and rural areas, contributing to environmental degradation. These photographs not only underscored the scale of plastic pollution but also inspired conversations on viable solutions to combat it.

The competition played a pivotal role in raising awareness among students about the negative consequences of plastic pollution. It further reflected the commitment of Christ University students towards environmental sustainability, as evidenced by their passionate and active participation. Their images served as powerful visual narratives, contributing to a broader understanding of how plastic overconsumption continues to affect both local and global environments.

Moreover, the competition aligned with the Sustainable Development Goals (SDGs), particularly SDG 12 (Responsible Consumption and Production) and SDG 14 (Life Below Water). By focusing on the theme of plastic pollution, the participants helped spotlight the urgent need to reduce plastic waste, preserve marine ecosystems, and promote sustainable practices in both rural and urban areas. Many entries depicted the contrast between plastic waste in these different settings, showing how plastic pollution spares no region—be it densely populated cities or sparsely inhabited rural landscapes.

Through this initiative, the Department of Law fostered a culture of environmental consciousness, encouraging students to reflect on their role in advocating for a cleaner, greener planet. The photography competition succeeded in engaging the university community in a meaningful dialogue about the pressing issue of plastic pollution, while also showcasing the creative talents and environmental stewardship of its students.

In conclusion, the World Environment Day photography competition organized by Christ University's Department of Law was a resounding success. It provided a platform for students to voice their concerns about plastic pollution through visual storytelling, thereby reinforcing the global call to reduce plastic waste and protect the environment for future generations.

Christites For Climate Action (CCA) Movement

CHRISTITES FOR CLIMATE ACTION

THE NEWSLETTER

2024 YEAR OF CLIMATE ACTION

NATURE IS NOT A PLACE TO VISIT, IT IS HOME

About CCA

The CHRISTITES FOR CLIMATE ACTION (CCA) movement, spearheaded by Rev. Fr. Dr. Jose CC, Vice Chancellor of CHRIST (Deemed to be University) in Bangalore, aims to address the pressing issue of climate change and its repercussions on our planet. This student-led initiative is committed to fostering environmental conservation efforts starting from campus grounds and extending to broader societal levels.

Through its activities and advocacy efforts, CCA seeks to engage individuals beyond the university community, urging them to join in the collective effort to address the challenges posed by climate change and work towards a more sustainable future for
all.

At the heart of CCA's mission is the promotion of an eco-friendly lifestyle among its members. Recognizing the imminent threat posed by climate change to all life on Earth, CCA stresses the importance of raising awareness and taking proactive measures to mitigate its effects. Aligned with the United Nations Sustainable Development Goals (2015), which advocate for peace, prosperity, and sustainability for both people and the planet, CCA has embraced these objectives as its guiding principles. In particular, CCA focuses on UN Sustainable Development Goal 13, which calls for urgent action to combat climate change and its impacts.

Empowering Change

Vision

"To foster a harmonious coexistence between humanity and nature through proactive environmental stewardship, ensuring a sustainable future for generations to come."

Mission

- Engage, educate, and empower communities to take tangible actions towards environmental preservation.
- Take up grassroots initiatives, advocacy, and collaboration, to protect ecosystems, conserve resources, and promote eco-conscious lifestyles,
- Cultivating a healthier planet for all.

Vice Chancellor's Message

My greetings to all.

Christites for Climate Action (CCA) is a dynamic student led movement which was initiated to create awareness about climate changes and its effects on the mother earth. The main intention of CCA is to foster sustainable practices among students in the campus and make them responsible Christites. CCA members and volunteers make a collective effort to create awareness from campus to societal level. Our main objective is to make every citizen aware and responsible towards conservation of the planet. We all together have a great responsibility to safeguard the mother Earth and build a healthy future for the upcoming generation. Every small step we take can make a huge impact and let's all join our hands together to this student led movement and serve the mother earth.

Rev. Fr. Dr. Jose CC
Vice Chancellor
Founder of CCA

Student's Message

Climate change poses a global threat, with global warming serving as its undeniable signal. Christites for Climate Action (CCA) is a movement to educate and create awareness among the human community to take responsible action towards conservation and stop destruction. Our collective actions today significantly influence the climate of tomorrow. Let's catalyze change from within by embracing sustainable lifestyles. Every small step taken to preserve our planet is a

service to Mother Earth. Together, we wield the power to make a substantial difference. Let's urge environmental stewardship and build a healthier, more resilient world for future generations.

Event Highlights

Green Initiatives in Action

Plogging Treks

CCA volunteers plogg waste along trails on our various hikes in a collective effort to make our environment cleaner & greener. Our activities embody our commitment to environmental conservation at a broader societal level.

Seeds of Change

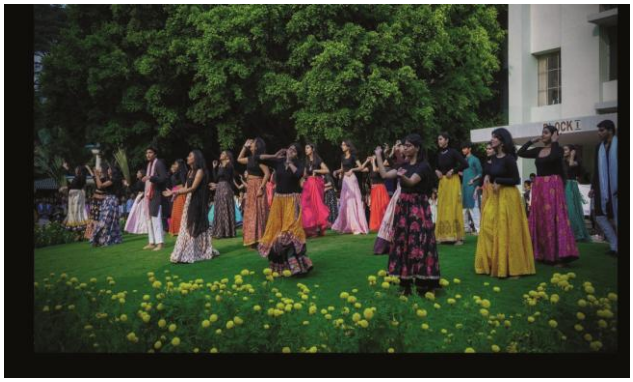

Plantation Drive

CCA has organized multiple tree plantation drives where our volunteers take up the initiative to plant various varieties of trees in order to encourage green covers, promote biodiversity and mitigate the effects of climate change.

Creative Awareness

Flash Mob for Menstrual Sustainability

Our CCA members are always engaged in finding Creative solutions to promote awareness and bring about action against climate change. During our menstrual sustainability week, CCA conducted a flash mob inside campus with the traditional Gujarati dance, Garba, during Navratri with an aim to promote sustainable menstruation products and embrace women healthcare.

Awareness Campaigns

At CCA, we passionately set up stalls on various occasions to spread awareness regarding climate action. Some of the most effective campaigns were carbon footprint awareness stall, which aimed at fostering consciousness regarding daily life carbon footprint and ways to minimize it, and menstrual sustainability stall to encourage sustainable menstrual products and women healthcare.

Testimonials

Joining Christites for Climate Action (CCA) was one of those serendipitous moments that ended up shaping my entire experience at

Christ University. What began as a happenstance quickly transformed into one of the most enriching journeys of my college life.

Under the banner of CCA, I found myself immersed in a community of passionate individuals dedicated to the well-being of our planet. It was invigorating to work alongside like-minded peers who shared a deep-seated concern for the environment. Every small action we took, whether it was organizing the 'Blue March' to raise awareness on water conservation or participating in various initiatives, felt like a significant step towards a sustainable future.

One of the most inspiring aspects of my time with CCA was witnessing the dedication of individuals like Suhas LS, the coordinator, whose tireless efforts fuelled the momentum of our collective mission. His commitment to the cause served as a constant reminder of the impact that each of us can make when we channel our passion into action. As I reflect on my time with CCA, I'm filled with gratitude for the memories we created and the lessons we learned together. From brainstorming innovative ideas to volunteering for various activities, every moment was a testament to the power of collective action. These experiences are not just fleeting memories but invaluable treasures that I'll carry with me for a lifetime.

I wholeheartedly endorse Christites for Climate Action and commend their relentless pursuit of environmental advocacy. May their endeavours continue to inspire others to join the movement towards a greener, more sustainable future. Together, let's ensure that every effort, no matter how small, counts in the fight against climate change.

Dino Bosco Student
IIM Sirmour

Testimonials

From the era of global warming to the present reality of global boiling, our journey has been extensive. Advocating and actively contributing to the cause has always been my goal. Christites for Climate Action (CCA) has provided me with the perfect platform to amplify my efforts in any way possible. I've been with CCA since its inception, involved in various capacities. As a member

of the social media committee, I helped drive our message forward. Additionally, during our plantation drive at St. Mary's farm, I had the privilege of serving as the photographer for the day. These experiences opened doors for me. Taking on roles such as committee head and being part of the core team allowed me to demonstrate my commitment to the cause. I brought forth ideas and initiatives, both within and beyond the campus, to raise awareness about climate change. Through my journey with CCA, I learned that with great titles come great responsibilities. Personally, working with people who share a similar mindset dragged me to be more self-aware and changed the perspective of acting to the cause. This brought out the urge to create an impact on what we were doing.

The urgency of addressing climate change cannot be overstated. If not now, then when? It's imperative that we act, and that begins with raising awareness. The committee is tirelessly working towards this goal, and I wish them continued success in their endeavors. Together, let's ensure that every small action counts."

CHRISTITES FOR CLIMATE ACTION

Parivarthana

Parivarthana

Introduction

Parivarthana, established in 2008 within the CHRIST (Deemed to be University) campus, is dedicated to transforming waste into valuable resources and promoting responsible waste management. Our primary objective is to maintain CHRIST (Deemed to be University) as a zero-waste campus through recycling and repurposing initiatives.
At the core of Parivarthana's operations are the dedicated women within the unit, supported by student volunteers and university administration.

Together, we strive to educate students and faculty on waste management principles, with a focus on the essential 3Rs: Reduce, Reuse, and Recycle.
The waste management unit includes various initiatives, including paper recycling, composting, and biogas generation from organic waste. Additionally, we engage in educational activities such as awareness rallies, eco-conservation programs, and the formation of eco-clubs to empower communities and promote sustainability.

Waste Segregation

- Waste is collected from waste-disposal bins placed at different points on the campus by the staff working at the Parivarthana Unit.
- The unit segregates dry and wet waste for bio-recycling.
- Annually, over 70,000kg of dry waste is generated, leading to a revenue of approximately 5,00,000.

Paper Recycling Unit

- Answer sheets, question papers, excess newspapers, and much more, a large variety of paper waste is produced on our campus.
- The paper waste collected is utilized for producing various handmade products.
- The unit has the capability to produce 2 lakh recycled products monthly.

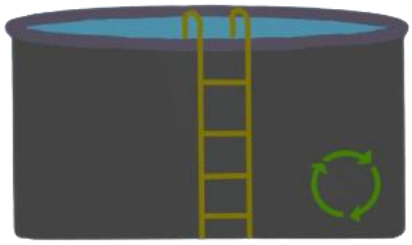

Composting

- The unprocessed wet waste, along with plant debris, decomposes to form organic compost.
- Equipped with four composting tanks, each with a capacity of 1500 kg, it produces over 2,500 to 3,000 kg of compost annually, generating revenue of approximately a lakh every year.
- The unit utilizes this compost within the campus and sells the surplus.

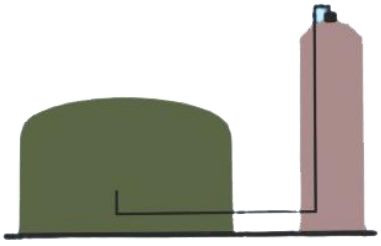

Water Treatment Plant

- The used water undergoes treatment in the water treatment plant, where it achieves a purity level of 98%. This treated water is then utilized for vegetation and gardening purposes.
- On average, 1.5 to 2 lakh liters of water is recycled daily.

Biogas

- The wet waste is utilized to produce biogas. The facility is equipped with two biogas tanks, each with a capacity of 150 kg, and one tank with a capacity of 200 kg.
- On average, the plant processes over 1.3 to 5 lakh kgs of food waste, yielding more than 5,500 to 6,000 kgs of LPG valued at over ?5 lakhs annually.

PARIVARTHANA NUMBERS
AT A GLANCE:
25 kg
25 kg of lpg produced every day in bio gas plant
1000-1200 kg
1000-1200 kg of waste segregated into wet and dry waste for the bio-recycling process.
3-4 Lakh lt
3-4 lakh litres of water recycled. used in gardening in dharmaram and christ.

Rain Water and Sewage Water Treatment Unit

Rain Water and Sewage Water Treatment Unit

One of the Core Values of CHRIST (Deemed to be University), Bangalore is Social Responsibility. The relentless drive towards its vision of 'Excellence and Service' not only reflects in its academic achievements, but also in its contribution towards society. Under the Centre for Social Action (CSA), the faculty, staff and students actively involve themselves in various causes, of which Rainwater-harvesting, Water Conservation and Recycling is a major focus.

Due to the gross mismanagement and irresponsible attitude towards water and its water bodies, the city of Bangalore is on the verge of a major water crisis. Sensing the need to conserve this precious resource, CHRIST (Deemed to be University) has started various initiatives.

On all 3 campuses in the city, the University has set up an extensive Rain water harvesting and Sewage water treatment system where water can be recycled and re-used for irrigation, vehicle washing and restroom purposes. The University has more than 21,000 students, faculty and non-teaching staff who use on average 4 lakh litres of water per day.

This used water is collected alongside the harvested rainwater in big tanks. Out of this, through their water conservation and recycling efforts, 3 lakh litres of water is recycled and re-used for irrigation and flushing in restrooms within the campuses itself. This model of recycling and re-using waste water after treatment can be easily replicated by other institutions to conserve water.

The University also undertakes various activities for preserving and sensitising the public about the water bodies across the city. The CSA as well as various academic departments of the University have adopted various water bodies like Arekere lake, Agara Lake and Hulimavu lake to name a few and launched programmes to rejuvenate them and fulfil an ecological responsibility.

This adoption includes - lake clean up drives, door to door awareness programmes, street plays, and surveys, production of documentaries and also hosting of competitions to generate awareness towards the cause. The University also joins in with residents to create pressure groups to make sure the government will fulfil its promises of taking care of the lakes.

The University also, works in partnership with various NGOs, volunteer groups and other forums to generate community participation towards water conservation and rain water harvesting. Partnerships with national level movements like #RallyForRivers also gives the University, and thereby general public good visibility towards preserving environmental resources. These partnerships also help in hosting competitions like Painting, Stall making, Meme making, Street plays, Photogrpahy and social media campaigns within and outside the University which helps to promote and sensitise youngsters towards the cause.

The University also helps the Public Works, Ports and Inland Water Transport Department (PWD-the water regulating authority in Bengaluru) sensitizing the citizens about the need to conserve water though advertising and promotion especially through digital and social media campaigns. This is creatively done with the help of students through various competitions and classroom assignments. This can help create huge awareness among citizens in this digital age.

Street Plays and Flash mobs by students in Malls and public spots help grab eyeballs towards the water crisis facing the city. The University also regularly conducts seminars, discussion forums and talks by various water conservation activists which helps keep the discussion moving forward.

Rallys and Awareness campaigns by the National Cadet Corps, like the one held in 2017 in the University for “Virtual Water” helps to enlighten people about the magnitude of water being utilized to manufacture consumer products and to minimise wastage.

Organic Farming

Organic Farming a Real-Life Experience
February 16, 2023
CHRIST (Deemed to be University), Bangalore

The Department of Economics at CHRIST (Deemed to be University), Bangalore, organized a guest lecture on Organic Farming a Real-Life Experience. The session took place from 900 to 1000 AM by the SDG Cell Coordinator, Deepa V K, Assistant Professor, the event featured Dr. Ramya Devi, Founder and Educator at Mounam Nature Learning Centre, Tamil Nadu, as the guest speaker. She shared her expertise and experiences in organic farming, providing valuable insights into the practical application of academic knowledge in sustainable agriculture.

Dr. Ramya Devi discussed how she utilized her academic background to engage in organic farming, emphasizing the importance of sustainable living. She explained how she educates and trains individuals across various age groups, highlighting the significance of organic farming practices. Dr. Devi also delved into the challenges she encountered, particularly in marketing her organic products, and elaborated on the innovative solutions she devised to overcome these obstacles. Her presentation underscored the integration of art and craft making as part of her educational efforts at the Mounam Nature Learning Centre.

The lecture attracted 125 college students, who gained a deeper understanding of the practical aspects of organic farming. Dr. Devi's personal narrative and hands-on experiences provided the students with a realistic perspective on the challenges and rewards of sustainable agriculture. Her story of overcoming difficulties and finding joy in sustainable living served as an inspiration, encouraging students to consider the impact of organic farming and sustainable practices in their own lives and future careers.

Key Highlights

- SDG Cell Coordinator, Deepa V K, Assistant Professor, Department of Economics.
- Dr. Devi shared her journey of applying academic knowledge to real-life organic farming practices.
- Emphasized sustainable living through organic farming, with a focus on educating and training individuals across different age groups.

- Highlighted the difficulties faced in marketing organic products and the innovative solutions implemented to overcome them.
- Incorporated art and craft making into her educational approach at the Mounam Nature Learning Centre.

Workshop On Art And Craft Making

Sustainability Week
February 16, 2023
CHRIST (Deemed to be University)

The Department of Economics at CHRIST (Deemed to be University) organized a workshop as part of their Sustainability Week. The workshop, focused on art and craft making, was held from 1030 AM to 130 PM at the Sky View in the Central Block. The event was coordinated by Deepa V K, Assistant Professor and SDG Cell Coordinator. Dr. Ramya Devi, Founder and Educator at Mounam Nature Learning Centre in Tamil Nadu, led the workshop, which provided students with hands-on experience in creative activities.

During the workshop, 38 college students participated in art and craft making using clay. The students were divided into groups of five, where they engaged in collaborative projects. This group activity not only fostered creativity but also emphasized the importance of teamwork. Students learned valuable lessons about contributing effectively in group settings, enhancing both their artistic skills and their ability to work collectively toward a common goal.

Dr. Ramya Devi, the chief guest and facilitator of the workshop, has a rich background in organic farming and sustainable living practices. She is actively involved in various sustainability initiatives, including natural health therapy, yoga, and meditation. As the Founder and Educator of Mounam Nature Learning Centre in Tamil Nadu, Dr. Devi continues to inspire and educate others about the importance of sustainable living through diverse activities and workshops like the one held during the Sustainability Week.

Key Highlights

- -Students participated in a group-based art and craft workshop using clay, promoting creativity and collaboration.
- -The workshop involved 38 college students working in groups of five, emphasizing teamwork and the importance of each member's contribution to the collective effort.
- - Dr. Ramya Devi has extensive experience in organic farming and sustainable practices, and is involved in initiatives like natural health therapy, yoga, and meditation. She founded the Mounam Nature Learning Centre to educate others on sustainable living.

Mission Blue

Eating Our Way to Extinction

September 1st and 4th, 2023
CHRIST (Deemed to be University), Bannerghatta Road Campus

The SDG Cell at CHRIST (Deemed to be University), Bannerghatta Road Campus, organized a movie screening and discussion event for the documentaries Mission Blue (2014) and Eating Our Way to Extinction (2021). The screenings took place from 9 AM to 10 AM in the Business and Management classes. The event was spearheaded by Vanshika Kalshetti, the Overall Head of the SDG Cell, and aimed to raise awareness about critical environmental issues related to ocean conservation and responsible consumption.

The sessions began with Vanshika outlining the objectives of the SDG Cell, followed by an in-depth overview of the documentaries provided by R P Kushi and Arham Dharewa. After the screening, Vanshika facilitated an interactive discussion where students shared innovative ideas for reducing daily plastic consumption, such as avoiding plastic water bottles and using stainless-steel straws. The event was supported by supervisors Vanshika and R P Kushi, with media coverage provided by Johann Justin and Arham Dharewa.

The 45-minute screenings offered students valuable insights into the detrimental impact of plastic pollution on marine ecosystems and the environmental concerns surrounding animal farming. The documentaries underscored the urgency of protecting the ocean and emphasized that everyone has a role to play, from individuals to governments. The discussions highlighted the importance of small actions, such as reducing plastic use and supporting conservation efforts, to protect vital marine areas known as Hope Spots. The event concluded with plans for future SDG Cell meetings and activities to continue promoting sustainable practices.

Awareness On Waste Management

Awareness on Waste Management
October 10th, 2023
CHRIST (Deemed to be University), Bannerghatta Road Campus

The SDG Cell at CHRIST (Deemed to be University), Bannerghatta Road Campus, organized a guest lecture on Awareness on Waste Management. The event was held from 11 AM to 1230 PM in the Seminar Hall. The keynote speaker, Mr. Shekar Prabhakar, Co-Founder and CEO of Hasiru Dala Innovations, delivered a compelling presentation on sustainable waste management practices. The event was organized by the SDG Cell with a welcome address by Vanshika, the Overall Head, and concluded with a vote of thanks from Pooja.

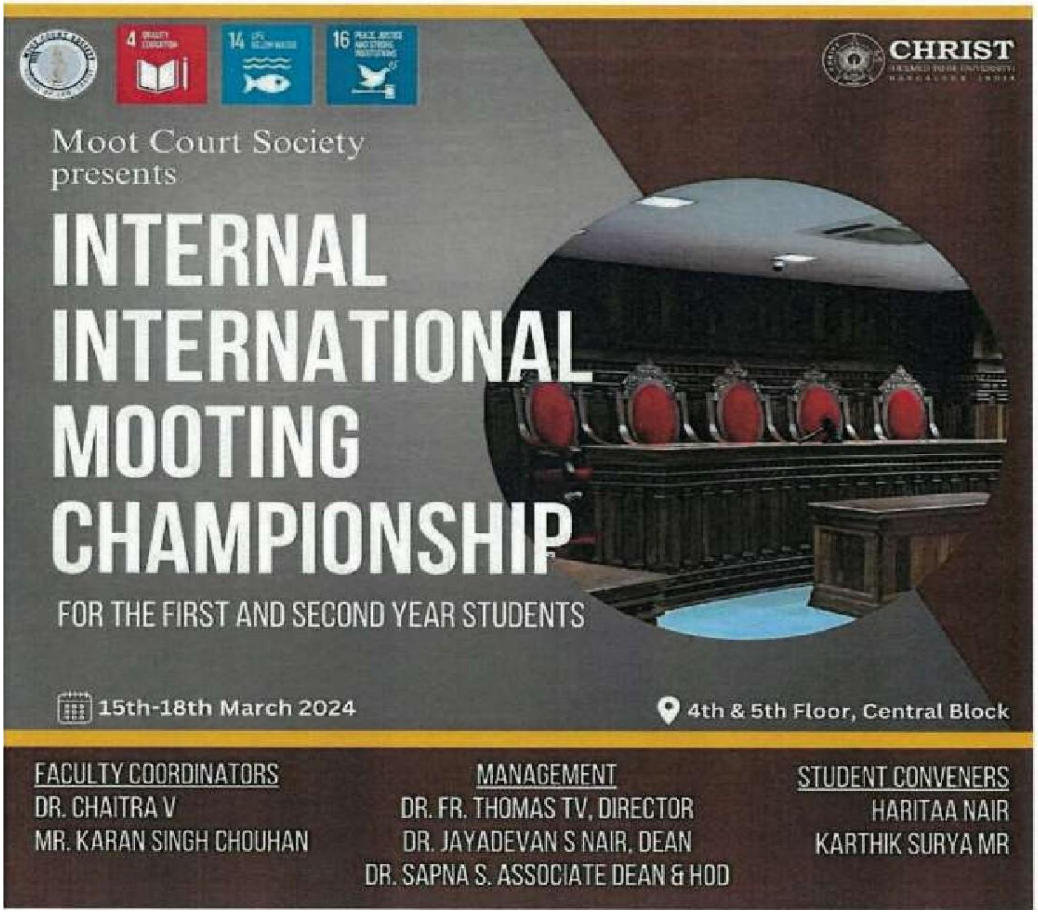

Mr. Shekar Prabhakar shared his journey from a corporate career to leading Hasiru Dala, an organization focused on promoting a circular economy in waste management. He highlighted the importance of shifting from a linear economy—characterized by take, make, use, throw—to a circular economy, where waste is minimized, and resources are used efficiently through recycling and repurposing. Mr. Prabhakar discussed the three main categories of waste municipal solid waste, industrial waste, and biomass waste, emphasizing the need for source segregation into wet and dry categories to facilitate recycling and upcycling. He also pointed out that in Bangalore, a significant portion of waste still ends up in landfills, stressing the need for better waste management practices and infrastructure.

The Q&A session that followed provided actionable insights into sustainable waste management. Key solutions discussed included refusing single-use plastics, effectively managing public waste through door-to-door collection, and leveraging consumer influence to encourage brands to adopt eco-friendly practices. The session underscored the importance of individual actions and collective responsibility in promoting sustainability. After the event, Mr. Prabhakar engaged in a 20-minute interaction with SDG Cell members in the faculty lounge, further discussing practical approaches to waste management and the implementation of circular economy principles.

Internal International Mooting Competition

Internal International Mooting Championship Christ University.

The Internal International Mooting Championship 2024, organized by the Moot Court Society, successfully engaged first- and second-year students of the School of Law. The event aimed to provide an opportunity for these students to familiarize themselves with national and international moot court competitions. With a budget allocation of Rs. 15,800, the expenditure incurred amounted to Rs. 6,454. Fourth- and fifth-year students evaluated the teams' memorandums and performance, providing valuable feedback, thus enhancing the learning experience. The championship fostered an environment where students could practice drafting and presenting legal arguments in a realistic setting.

The championship closely aligned with the Program Objectives (PO) such as P02 (articulating legal opinions), P03 (critical thinking and reasoning), and P04 (dispute resolution), thereby helping participants develop essential skills in legal research, writing, and public speaking. Moreover, the event catered to local and global legal needs, particularly in fields like international law, international relations, and refugee law. The moot proposition emphasized global concerns such as ocean pollution, aligning with Sustainable Development Goals (SDGs) 4, 14, and 16, by promoting quality education, marine conservation, and justice.

In terms of skill development, the event significantly benefited first- and second-year students by enhancing their research, analytical, and argumentative skills. Engaging with topics such as the international law of genocide, ICJ jurisdiction, and environmental law, participants gained hands-on experience in legal problem-solving. Through this immersive learning experience, they cultivated professional behavior, critical thinking, and the ability to handle complex legal questions and rebuttals—skills essential for excelling in international moot court competitions.

Establishment of Horticulture and Aquaculture facility in St, Marys Farm

Department of Life Science- Report on the Establishment of Horticulture and Aquaculture facility in St, Marys farm. St. Mary's Farm at Kengeri, an agricultural establishment, has recently embarked on an exciting and innovative venture by adding an aquaculture facility to its repertoire of activities. This extension activity not only complements the farm's existing agricultural operations but also provides a unique opportunity for sustainable and responsible food production. The dedicated faculty members from the Department of Life Sciences, CHRIST (Deemed to be University), Bangalore, Dr Manjunath BT, Dr Ganesh S, Dr Krishnakumar V and Dr Paari KA were instrumental in setting up the Horticulture and aquaculture facility at St. Mary's farm under the leadership of Dr Fr Jobi Xavier, Head of the Department. Mr. Jagadeesh was the consultant for this project. Rev. Fr. Thomas C Mathew inaugurated the aquaculture and Horticulture facility at the farm. This aquaculture facility consists of carefully designed three concrete ponds of varying capacities that host a variety of cultivable fish species. The primary focus of the aquaculture facility is culturing fish for research, and educational purposes as well as for local consumption. Department of Life Sciences, CHRIST (Deemed to be University) recognizes the importance of aquaculture facilities and offers hands-on experience that allows research scholars and postgraduate students to learn about sustainable aquaculture practices, the importance of water conservation, and the role of aquaculture in ensuring food security. A range of freshwater fish, including tilapia and common carp species were cultured using sustainable and ethical farming practices. These fish are raised in a controlled environment, free from antibiotics and chemicals, ensuring the production of healthy and safe fish. St. Mary's Campus has collaborated with Christ (Deemed to be University) to establish a Nursery Garden that serves multiple purposes. The primary objective of the nursery is to cultivate and nurture a diverse range of ornamental and floral plants that can be transplanted and distributed across all campuses in Bengaluru. In addition to serving the internal needs of the campus, the nursery also plans to transform into a retail destination where individuals can purchase different type of fruit and ornamental plants. The retail section generates revenue for the university while providing access to various plants. Thus, the addition of an aquaculture and horticulture facility at St Mary's Farm represents a forward-thinking extension activity that aligns with the farm's commitment to sustainability and community engagement. A team of Life Science faculty visited the St. Mary's Farm, Kumbalgodu, Kengeri on August 10, 2021. Team included Dr.Fr. Jobi Xavier, Dr. Ganesh, Dr. Manjunath, Dr.Praveen, Dr.Krishnakumar and Dr.Paari. Entire campus facility was noted down by the team and few suggestions for further utilization of existing facility was provided by the team which includes the following:

1. Scope for cultivating cash crops

2. Cultivation of plants that can be used as fodder for the cattle

3. Looking for the possibility to initiate aquaculture sectors

4. Modernization of animal rearing and increasing milk production

5. Advertising the nutritional content of the packed milk

6. Commercializing St.Marys farm milk using Christ distribution centers

7. Breeding and growing of economically important country chicken breeds like Kadaknath,

Though the cattle farm is maintained in basic level, suggestions from scientist from veterinary institutes will be further obtained. As suggested by Dr.Fr.Jobi, a primary discussion from National institute of Animal Physiology and Nutrition is initiated. Dr. Sejian Veerasamy, Principal scientist, Veterinary care had given his concern to visit the center by end of August or by early September to give his opinion on the St.Marys cattle farm development. Team also will take opinion of Mr. Jagadish of "Go fish" to suggest for initiating aquaculture practices in the farm. Visiting team also insisted few additional nutrient analyses in the milk sample procured from St.Marys farm which can be printed in the packaging material. Suggestion for utilization of dung waste from the piggery and cattle in the making of large-scale fertilizers using dumpsites was also provided. Option for rearing Kadaknath chicken is given. As this breed had recently received more economic attention due to its high protein and nutrition value and a commercial value of around 2000 rupees per chicken, rearing economically contributing breeds will be beneficial. However, the suitability of the living condition needs to be further evaluated. Visiting team also acknowledge the list of trees that can be cultivated in the St. Marys farm. Listed trees that include jack fruit varieties, guava, rambutan, papaya hybrid variety, passion fruit varieties, Avacoda fruit varieties will be highly beneficial provided a proper cultivation procedures are continuously monitored and maintained. Report on the visit to St.Marys farm with Aquaculture consultant- Mr.Jagadeesh- Managing Director of "Go fish" Facility Team was constituted by Dr.Fr. Jobi, Head, Department of Life Sciences compromising Dr. Ganesh, Dr Manjunath, Dr. KrishnaKumar and Dr.Paari visited the St. Marys farm on 25/08/21. As a consultant expert Mr. Jegadessh joined the college team and gave suggestions for opening up an aquaculture facility in the St.Marys farm. Mr.Jagadeesh identified three spots in the farm. Out of the three identified spot, one spot near the construction workers quarters which is located in the south east part of the farm is found to be suitable for developing culture facility. The spot have the following advantages

1. closer to lake;

2. Already a bore well is present close to the chosen site.

3. Right elevation

4. Biosecurity to farm can be easily ensured.

Mr. Jagadeesh also suggested that fishes like tilapia, rohu, grass carp, common carp have huge scope for culture in the selected site. Following requirements are to be carried out:

1. Cleaning of all the bush area

2. Excavation facility needs to be recarried out

3. Dimensions of whole area need to be scaled.

4. Labor building either need to be removed or can be used as a preparatory room on a temporary basis.

5 Deep excavations up to 6 feet are to be made with water level to be maintained up to 4 -5 feet all the time. (Rough dimension of the chosen pond looks like 200*30 ft).

6. Vehicle accessibility should be made close to the culture pond.

7. Up above the chosen pond site, a 30 feet seepage water storage facility can be made to store water.

8. Tarpaulin sheet should be placed down the pond to prevent pond leakage.

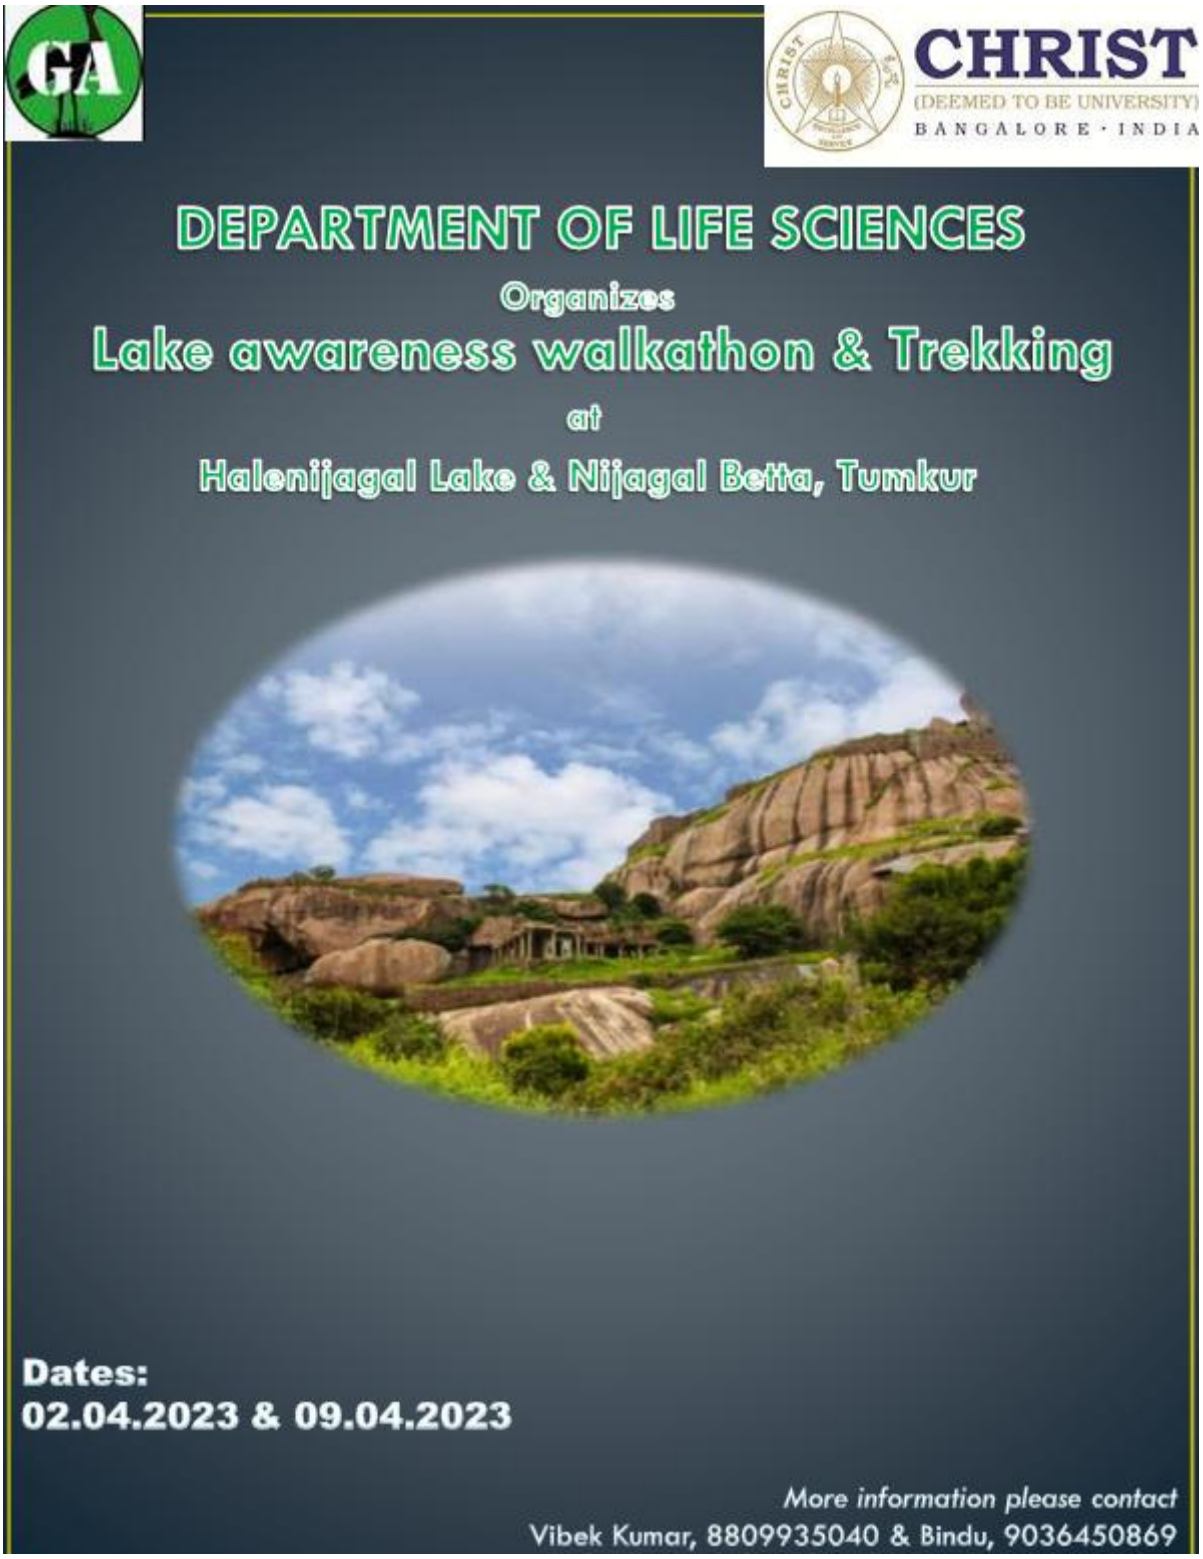

9. Few parameters are to be carried out like soil testing, water testing and hardness of a water need to be carried out for further designing.

10. Major budget cost includes infrastructure development, proper shed making, blower, pumps, electric pole shifting, power facility making, storage and culture room making, feed supplement, water management facility, at least 2 labours exclusively dedicated for the facility.

Report on the visit to St. Marys farm with veterinary consultant- Dr. Kumaresan, Senior Scientist, (National Dairy Research Institute) NDRI and Dr. Rajendran, Senior Scientist, National Institute of Animal Nutrition and Physiology (NIANP) on 20/09/2021. Team was constituted by Dr.Fr. Jobi, Head, Department of Life Sciences comprising Dr Ganesh S, Dr Manjunath, Dr Krishna Kumar, Dr Paari, Dr. Kumaresan, Senior scientist, National Dairy Research Institute, Bangalore; Dr. Rajendran, Senior Scientist, National institute of Animal Nutrition and Physiology, Bangalore. Team carefully evaluated the infrastructure facility of the farm and gave few suggestions on animal maintenance and feed formulations. Dr. Kumaresan evaluated the general health status of the animal and said that the feed conversion ratio can be improved by adding value added products as fodder. Team suggested the workers to use chopper to break the grass to have better feed utilisation compared to supplementing the whole grass as such. He also suggested that the pregnant cows to be maintained in a separate shed. To maintain continuous milk production in the farm animals, 60% pregnancy rate is to be maintained in the animal. 230 animals present in the farm should be categorized as low, medium and high milk yielding slots and accordingly feed needs to be formulated rather than

supplementing common feed to all the animals. Tips on Nutrition management were given by Dr. Rajendran. He also suggested that large 5 to chopper need to be purchased to process animal feed. Super Napier grass/CO5 grass variety was suggested along with additional makka supplementation as feed ingredient. Protein deficiency could be a reason for limited milk production in the farm animals.so the team had suggested supplementing oats, oil cake and bran usage as feed supplements. Distance between the pig farm and the cattle need to be increased. If it can't be altered, team suggested that the workers should take precautions before entering and exiting movement between the cattle and pig farm. This precautionary measure will prevent the FMD transmission. Team also suggested that deworming and artificial insemination to be properly carried out at regular time intervals. Free grazing was also suggested as an option. Veterinarian data is missing and the milk yield data is not available and so specific suggestion on that was not able to be given to the supervisors. KMF cattle feed was suggested to be included in the meal rather than using Dairy gold. Dr. Rajendran provided a chart (Nutrition chart) for enhancing milk production in the St Marys farm. Inauguration of the Horticulture and Aquaculture facility: St. Mary's Farm at Kengeri, an agricultural establishment, has recently embarked on an exciting and innovative venture by adding an aquaculture facility to its repertoire of activities. This extension activity not only complements the farm's existing agricultural operations but also provides a unique opportunity for sustainable and responsible food production. The dedicated faculty members from the Department of Life Sciences, CHRIST (Deemed to be University), Bangalore, Dr Manjunath BT, Dr Ganesh S, Dr Krishnakumar V and Dr Paari KA were instrumental in setting up the Horticulture and aquaculture facility at St. Mary's farm under the leadership of Dr Fr Jobi Xavier, Head of the Department. Mr. Jagadeesh was the consultant for this project. Rev. Fr. Thomas C Mathew inaugurated the aquaculture and Horticulture facility at the farm. This aquaculture facility consists of carefully designed three concrete ponds of varying capacities that host a variety of cultivable fish species. The primary focus of the aquaculture facility is culturing fish for research, and educational purposes as well as for local consumption. Department of Life Sciences, CHRIST (Deemed to be University) recognizes the importance of aquaculture facilities and offers hands-on experience that allows research scholars and postgraduate students to learn about sustainable aquaculture practices, the importance of water conservation, and the role of aquaculture in ensuring food security. A range of freshwater fish, including tilapia and common carp species were cultured using sustainable and ethical farming practices. These fish are raised in a controlled environment, free from antibiotics and chemicals, ensuring the production of healthy and safe fish. St. Mary's Campus has collaborated with Christ (Deemed to be University) to establish a Nursery Garden that serves multiple purposes. The

primary objective of the nursery is to cultivate and nurture a diverse range of ornamental and floral plants that can be transplanted and distributed across all campuses in Bengaluru. In addition to serving the internal needs of the campus, the nursery also plans to transform into a retail destination where individuals can purchase different types of fruit and ornamental plants. The retail section generates revenue for the university while providing access to various plants. Thus, the addition of an aquaculture and horticulture facility at St Mary's Farm represents a forward-thinking extension activity that aligns with the farm's commitment to sustainability and community engagement. By practising responsible aquaculture methods and horticulture practices and by sharing knowledge with the local community, the farm contributes to the broader goal of ensuring food security while preserving the environment. This innovative initiative showcases the potential for aquaculture to coexist harmoniously with traditional farming, offering a promising model for future agricultural diversification. Various mango varieties such as Raspuri, Sinshura, Tothapuri, Malgova, and many more jack fruit varieties were well-maintained in the garden. High-quality fruit garden was established and managed with great care and attention, ensuring the mango trees receive optimal growing conditions. Dragon fruit garden and vegetable garden establishment.

1. Nature Science Foundation has conducted onsite green audit at ***Christ (Deemed to Be University), Bangalore-560 029, Karnataka, India*** by deputing certified Lead Auditors and Technical Experts.
2. On the basis of audit observations by the auditors and pertinent data collected from the Auditee, the Technical Report has been prepared and being submitted.
3. Data presented in the Technical Report are verified and to best of our knowledge, the data are authentic and reliable.
4. Nature Science Foundation declares that data generated were not shared with any third parties and the soft copy of the report is available with Nature Science Foundation's Office.
5. Provided the Auditee desired to publish or share the data with other agencies, Nature Science Foundation has no conflict of interest.
6. We at Nature Science Foundation express our deep sense of gratitude to the Management for given an opportunity to conduct green audit at their premises in compliance with NAAC criteria in line with ISO/IEC 17020:2012 standards and NABCB guidelines and for whole hearted support extended at the time of onsite audit. Our sincere thanks to NAAC, IQAC Coordinators and Head of the Departments of the Organization for their intangible assistance and cooperation extended to the audit team at the time of physical facility verification.

1. GENERAL INTRODUCTION

1.1. Introduction

Green campus is an area of the Organization or the Organization as a whole itself contributing to have an infrastructure or development that is structured/planned to incur less energy, less water, less or no CO_2 emission and less or pollution free environment. Green Audit is a tool to evaluate environment management system which is systematically executed to protect and preserve the environment. Green audit constitutes the environmentally friendly practices and education combined to promote sustenance of green environment by adopting user-friendly technology within the campus. It creates awareness on environmental ethics, resolves environmental issues and offers solutions to various social and economic needs. It strengthens the concept of 'Green Building' and 'Oxygenated Building' which in turn provides a healthy atmosphere to the stakeholders.

1.2. Importance of National Building Code (NBC)

National Building Code (NBC) of India has a set of rules and guidelines that regulates construction of buildings and as well as ecofriendly activities of the campus without harming the environment. In order to achieve the minimum standards of welfare and safety of stakeholders of a campus, the Governing body of Central and State Governments lays down a set of guidelines to offer sustainable environment. In 1970, the National Building Code (NBC) was first published in India and the significant provisions of the Indian Building Code involve:

1. Structural safety of the building, 2. Earthquake-resistant building design, 3. Fire and life safety, 4. Solid waste management, 5. Accessibility for differently-abled and senior citizens, 6. Use of alternative building techniques and 7. Environmentally compatible building construction techniques like the use of solar power, rainwater harvesting, etc.

NBC is not only offering a standard uniform benchmark that constructors and environmentalists must meet, but they also establish safety standards along with ecofriendly atmosphere of a campus for years to come. As extreme weather conditions and fires are growing rapidly in the country, it becomes vital that buildings and structures be built and designed using the current building codes to allow for maximum safety sustainability and resilience to the stakeholders. For instance, new and updated building

codes put much emphasis on conservation as energy and the degradable and non-degradable wastes are the most expensive byproduct of older regions. This will not only offer environmental benefits to future generations but will also regulate indoor air pollution and greenhouse gas emissions to protect the health of human beings.

Before the introduction of NBC in the construction industry, building commercial and residential properties used a lot of energy which adversely affected the sustainable environment. Thus, enforcing building codes to create low-energy buildings offers a tangible way for the company to help decrease the greenhouse gas emissions of the nation. While safety is the primary objective, new building codes are making significant contributions toward solving energy issues relating to the use of environmentally compatible construction techniques like planting trees, landscaping, rainwater harvesting and renewable and non-renewable energy sources.

1.3. Environment Friendly Campus

As stated earlier, Organization is liable to provide an eco-friendly atmosphere along with good quality of drinking water facility to all the stakeholders. Manuring the cultivated plants/grown within the campus may applied with organic manure, cow dung, farmyard manure and vermicompost instead of using chemical fertilizers. All non-compostable and single-use disposable plastic items, plastic utensils, plastic straws and stirrers should be avoided. Demonstration / awareness programme on establishing plastic-free environment and utility of organic alternatives for all incoming and current students, staff and faculty should be organized. Reduction of use of papers alternated with e-services, e-circulars, etc., and proper disposal of wastes, recycling and suitable waste management system should be considered to establish environment friendly campus.

The term ‘auditing’ is to examine the management practices and to evaluate performance of an organization in relation to environmental issues. World along with Associated Chambers of Commerce and Industry of India (ASSOCHAM), Green Building Council (IGBC) and Green Ratings Systems (GBCRS), Green Rating for
Integrated Habitat Assessment (GRIHA), Bureau of Energy Efficiency (BEE), Leadership in Energy and Environmental Design (LEED), CII-GreenCo–GreenCo Rating System (CII-GRS), Food Safety Management System & Occupational Safety & Health (FSMS), Swatch Bharath under India Clean Mission (SBICM) and International Standard Organization (ISO 2021) have formulated a series of standards in the field of environmental auditing. These

standards are basically intended to guide organizations and auditors on the general principles common to the execution of environmental audits.

Green Audit (ISO/IEC 17020:2012) comprised green campus, environment, energy, waste management (solid, liquid, municipal sewage, biomedical, plastic and electronic wastes), water, soil, air quality and hygienic audits are playing important role in Academic Institutions, R&D Organizations and Industries towards the accreditation process as well as maintaining a hygienic eco-friendly environment to the stakeholders in their campus. All audits will be conducted as per the Government Law and Environmental and the concept of Swachh Bharath Abhiyan under Clean India Mission.

1.4. About Nature Science Foundation (NSF)

NSF is the ISO QMS (9001:2015), EMS (14001:2015), OHSMS (45001:2018) & EnMS (50001:2018) Certified and registered with Ministry of Micro, Small and Medium Enterprise (MSME), Government of India Organization functioning energetically towards the noble cause of nature conservation and environmental protection. NSF is managed by a Board of Trustees which is a Public Charitable Trust registered under the TN Societies registration Act 1975 (TN Act 27 of 1975) on 29th November, 2017 at Peelamedu, Coimbatore 641 004, Tamil Nadu, India with Certificate of Registration No. 114 / 2017. In addition, NSF has 12AA, 80G and Form 10AC certificates for income tax exemption and implanting various Government schemes. The main motto of the NSF is ‘Save the Nature to Save the Future’ and ‘Go Green to Save the Planet’.

1.5. About the Organization

CHRIST (Deemed to be University), established in 1969 as Christ College was granted Autonomy by the University Grants Commission (UGC) in 2005 and Institution with Potential for Excellence status in 2006. In 2008, the Ministry of Education (then Ministry of Human Resource Development) Government of India, declared the Institution a Deemed to be University, in the name and style of Christ University under Section 3 of UGC Act 1956. The first institution in the state of Karnataka to be accredited in 1998 and one among the first 14 in India to be accredited by the National Assessment and Accreditation Council (NAAC). Currently CHRIST (Deemed to be University) is accredited with ‘A+’ Grade.

The University is also accredited by the National Board of Accreditation

(NBA). In NIRF India Ranking 2023 Christ University was ranked as follows: University - 67, Overall - 100, Law - 13, Management - 60, Engineering – 101-150.

Christ University is one among the 91 Universities in the country qualified for the Times Higher Education (THE) World University Rankings 2024. Christ University is also ranked in QS India University Rankings, QS-ASIA, and QS-BRICS. The

University is also listed in the Times Higher Education Impact Ranking (THE) 2023. The multi-disciplinary Institution which focuses on teaching, research and service, offers UG, PG and Doctoral programmes in Humanities, Social Sciences, Science, Commerce, Management, Engineering, Architecture, Education and Law to students from all the States and Union Territories of India and about 77 other countries. The University, having four campus locations in Bangalore, and one-Off Campus each in Pune Lavasa and Delhi NCR is a living example for the harmonious multiculturalism. The University publishes six peer-reviewed research journals and has published hundreds of books in Kannada and English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence. With 'Excellence and Service' as the Vision, the University is actively involved in community development through student involvement. The University has slum and rural development projects with a focus on women and children in the states of Karnataka, Kerala, Maharashtra, Uttar Pradesh and Chhattisgarh directly benefiting over 10,000 families in more than 124 villages and five Urban slums.

1.6. Audit Team Details

1. Date of Audit	**: 09.01.2024**
2. Audit Site	**: Christ (Deemed to Be University),** Bangalore-560 029, Karnataka, India
3. Inspection Body	**: Nature Science Foundation** Coimbatore, Tamil Nadu, India.
4. Audit Scope	**: Green and Soil & Water Audits as per ISO/IEC 17020:2012**
5. Name of the Auditing Chairman	**: Dr. S. Rajalakshmi** ISO QMS, EMS and EnMS Certified Lead Auditor, Founder & Chairman of NSF.

6. Name of the Auditing Team Leader: Ms. V. Sri Santhya

ISO QMS, EMS and EnMS Certified Lead Auditor & ISO 17020:2012 (Green Audit)
Joint Director & Programme Manager, NSF.

7. **Name of the Lead Auditor for**: Dr. R. Mary Josephine

Green Audit +Air Quality ISO EMS and EnMS Certified Lead Auditor. Audit

8. **Name of the Lead Auditor for**: Ar. N. M. Pradeep Kumar Environment Audit + Waste
ISO EMS and IGBC Certified Lead Auditor. Management Audit

9. **Name of the Lead Auditor for**: Er. A. Karthick Energy Audit Bureau of Energy Efficiency Certified Auditor.

10. **List of Auditees**: 1. Dr Alex Joseph - Director, IQAC 2. Dr D Sayantan - Assistant Professor of Life Sciences 3. Mr Trijo Joseph - Coordinator, Facility Management 4. Mr Anil P - Secretary, IQAC

1.6.1. Audit Scope and Criteria

Green audits are conducted in line with National Building Code (NBC) Part 11 Approach to Sustainability as per the NAAC and NABCB advisory. NBC part 11 consists of 11 different types of clauses. In this report the eleven clauses of sustainability are differentiated into Green, Environment, Energy, Waste Management, Soil & Water, Air Quality and Hygiene audits.

S.No.	Name of the Audits	NBC covered clauses
1.	Green Audit	3. Approach to Sustainability (3.2 & 3.9), 6. Siting, Form and Design (6.2.4.), 7. External Development and Landscape (7.1.1.), 12. Constructional Practices (12.4.5. & 12.4.6.)
2.	Environment Audit	3. Approach to Sustainability (3.2, 3.7, 3.10 & 3. 11), 4. Applicability of this part (4.1 and 4.2), 5. Implementation of this part (5), 6. Siting, Form and Design (6.2.1.), 7. External Development and Landscape (7.1.2, 7.2, 7.3, 7.4.), 9. Materials (9.1, 9.2, 9.3), 10. Water and Waste Management (10.1.), 12. Construction Practices (12.8. and 12.11.)

3.	Energy Audit	3. Approach to Sustainability (3.2, 3.5, 3.6 & 3.8), 6. Siting, Form and Design (6.2.2, 6.2.3, 6.2.5, 6. 2.6, 6.2.7, 6.2.8, 6.2.9 & 6.2.10), 7. External Development and Landscape (7.5.), 8. Envelope Optimization (8.1, 8.2. & 8.3), 11. Building service Optimization (11.1 – 11.16), 12. Constructional Practices (12.3.4, 12.4.4 & 12.9.), 13. Commissioning, Operation, Maintenance and Building Performance Tracking (13.1, 13.2, 13.3, 13.4, 13.5 & 13.6.)
4.	Waste Management Audit	3. Approach to Sustainability (3.3 & 3.4), 10. Water and Waste Management (10.6.1. – 10.6.5.), 12. Construction Practices (12.1, 12.2, 12.3, 12.5, 12.7, 12.10.)
5.	Soil & Water Audit	7. External Development and Landscape (7.3.2), 10. Water and Waste Management (10.2. – 10.5.), 12. Construction Practices (12.4.1. and 12.4.2.)
6.	Air Quality Audit	12. Construction Practices (12.4.3.)
7.	Hygiene Audit	12. Construction Practices (12.3.6 & 12.3.7.)

1.6.2. Audit Checklist Observations

The audit checklist in line with National Building Code (NBC) Part 11 – Approach to Sustainability covers 163 checkpoints. During the onsite visit, respective auditors marks not applicable and write the reason for non-applicability and wherever its applicable, auditors verifies the records / practice / documents and physical observation to confirm the same.

There are two parameters such as meeting the requirements and not meeting the requirements. Marking as meeting the requirements for the specific checkpoint reveals that the physical observation and documents are up to the mark. For some checkpoints OFI – Opportunity for Improvements will be given by the auditors. The physical observations and documents which are not up to the mark will be given as not meeting the requirements. The checkpoints under not meeting the requirements are up to the Management of the Organization to develop further.

1.7. List of Instruments used in the Inspection Process

During the on-site visit the below listed instruments are used by the Lead Auditors and Technical experts to check the specific parameters in the view of maintaining sustainability. All the instruments are calibrated by ISO 17025 accredited labs (JRTS Technical Services, Chennai, Tamil Nadu and Instruments Calibration and Test Centre, Coimbatore, TN). The frequency of calibration is six months once or 20 times after its use.

1.7.1. Oxygen Meter

Oxygen meter is used in the audit process to measure the oxygen level in the organization. The instrument is calibrated after using 20 times. Suitability of the instrument are range between 0 to 30% O_2, resolution of 0.1%, accuracy is ± (1% reading + 0.2% O_2), response time is ≤ 15 seconds, environment pressure range is 0.9 to 1.1 atmosphere, temperature range is 0 °C to 50°C, 32°F to 122°F, temperature resolution is 0.1°C, temperature accuracy is 25°C.

1.7.2. Carbon dioxide meter

Carbon dioxide meter is to measure the carbon level in the organization. The instrument is calibrated after using 20 times. Suitability of the instrument are range between 0 ~ 4000 ppm, resolution of CO_2 Meter is 1 ppm, accuracy is ≤ 1,000 ppm, repeatability is ± 20 ppm, temperature range between 0°C to 50°C, 32°F to 122°F, temperature resolution is 0.1°C, temperature accuracy is at 25°C.

1.7.3. Light (LUX) Meter

Light meter is to calculate the light intensity in the organization. Suitability of the instruments are, 5 ranges. ie., 40.00, 400.0, 4,000, 40,000, 400,000 Lux, operating temperature is 0 to 50°C, Operating humidity is less than 80% RH, Power consumption is DC 8 mA approximately. This Instrument will be calibrated yearly once or during non-functioning.

1.7.4. Sound Level Meter

Sound level meter is to measure the noise level in the organization. This instrument is calibrated yearly once or after using 20 times. Suitability of the instruments are measurement range is 30 – 130 dB, resolution is 0.1 dB, accuracy is (23±5 °C), Frequency of the instrument is 31.5 to 8,000 Hz, Operating temperature is 0 to 50 °C (32 to 122 °F), Operating humidity is less than 80% RH, Power consumption is DC 6 mA approximately.

1.7.5. pH Meter pH meter is generally used to measure the pH level in water. It is calibrated 6 months once or after 20 times of its use. Suitability of the instrument are range of the pH meter is 0 – 14, accuracy is ± 2%, resolution of the instrument is 0.1 pH, operating temperature is 0 to 50 °C (32 to 122 °F).

1.7.6. TDS Meter

TDS meter is generally used to measure the TDS level in water. Suitability of the meter are range of TDS meter is 0 – 9990 ppm (mg/L), operating temperature is 0 to 80 °C (32 to 176 °F) and accuracy is ± 2 %. This meter is calibrated six months once or 20 times after its use.

1.7.7. GPS Meter

GPS meter is subjected to know the latitude and altitude, location, etc., Suitability of the GPS meter are, dimension is 2.1" x 4.0" x 1.3" (5.4 x 10.3 x 3.3 cm), Display resolution is 128 x 160 pixels an GPS Map features included in Continental Europe. It is calibrated six months once or after 20 times of the usage.

1.7.8. Deluxe Water and Soil Analysis Kit

Deluxe water and soil analysis kit is used to analyze the pH, TDS, salinity, turbidity, alkalinity dissolved oxygen of water.

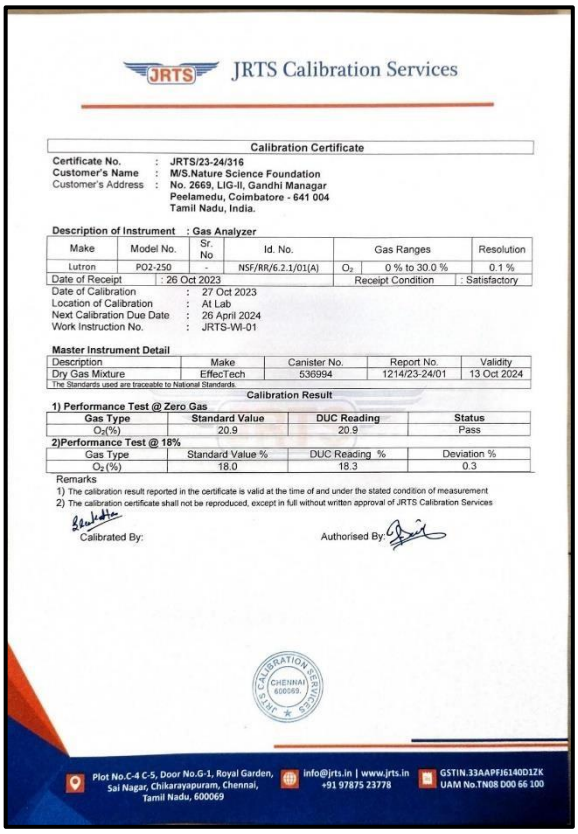

1.7.9. Digital Clamp (Voltage) Meter

It is used to check the input and output voltage between two points of an electrical circuit of Alternating Current (AC) and Direct Current (DC) by means of the high resistance of the voltage that impede the flow of current.

1.7.10. Calibration Certificates of Instruments used for the conduct of audits

JRTS Calibration Services

Calibration Certificate

Certificate No. : JRTS/23-24/316
Customer's Name : M/S.Nature Science Foundation
Customer's Address : No. 2669, LIG-II, Gandhi Managar Peelamedu, Coimbatore - 641 004 Tamil Nadu, India.

Description of Instrument : Gas Analyzer

Make	Model No.	Sr. No	Id. No.	Gas Ranges		Resolution
Lutron	PO2-250	-	NSF/RR/6.2.1/01(A)	O_2	0 % to 30.0 %	0.1 %

Date of Receipt : 26 Oct 2023 Receipt Condition : Satisfactory
Date of Calibration : 27 Oct 2023
Location of Calibration : At Lab
Next Calibration Due Date : 26 April 2024
Work Instruction No. : JRTS-WI-01

Master Instrument Detail

Description	Make	Canister No.	Report No.	Validity
Dry Gas Mixture	EffecTech	536994	1214/23-24/01	13 Oct 2024

The Standards used are traceable to National Standards.

Calibration Result

1) Performance Test @ Zero Gas

Gas Type	Standard Value	DUC Reading	Status
O_2(%)	20.9	20.9	Pass

2)Performance Test @ 18%

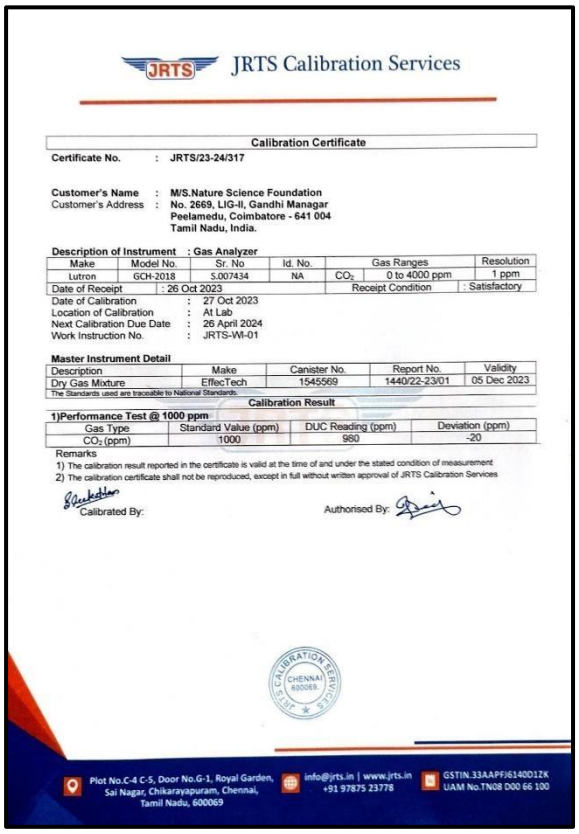

Gas Type	Standard Value %	DUC Reading %	Deviation %
O_2(%)	18.0	18.3	0.3

Remarks
1) The calibration result reported in the certificate is valid at the time of and under the stated condition of measurement
2) The calibration certificate shall not be reproduced, except in full without written approval of JRTS Calibration Services

Nature Science Foundation Coimbatore

1.8. Use of Personal Protective Equipment (PPE)

Personal Protective Equipment (PPE) refers to protective clothing for the eyes, head, ears, hands, respiratory system, body, and feet. It is utilized to protect individuals from the risks of injury while minimizing exposure to chemical, biological, and physical hazards. PPE serves as the final line of defense when engineering and administrative controls are insufficient in reducing risks. Nature Science Foundation safeguards all the auditors by supplying PPE during the conduct of audits. PPE used are safety jackets, ear plugs, googles, face shield, hand gloves, shoes, etc.,

1.8.1. Safety jackets:

PPE includes safety vests and suits that can be used for inspection process which will protect body injuries from extreme temperatures, flames and sparks, toxic chemicals, insect bites and radiation.

1.8.2. Goggles and Face shield:

Goggles and face shield are used in the inspection process while inspecting items which would cause eye damage or loss of vision, spray or toxic liquids especially in chemistry labs, nearing the electric and electronic item.

1.8.3. Helmet:

PPE includes hard hats and headgears which will be required for tasks that can cause any force or object falling to the head. It also helps to resist penetration.

1.8.4. Hand gloves:

PPE includes safety gloves and should be used for tasks that can cause hand and skin burns, absorption of harmful substances, cuts, fractures or amputations**.** Selection of hand gloves is based on the application of use.

1.8.5. Safety Boots:

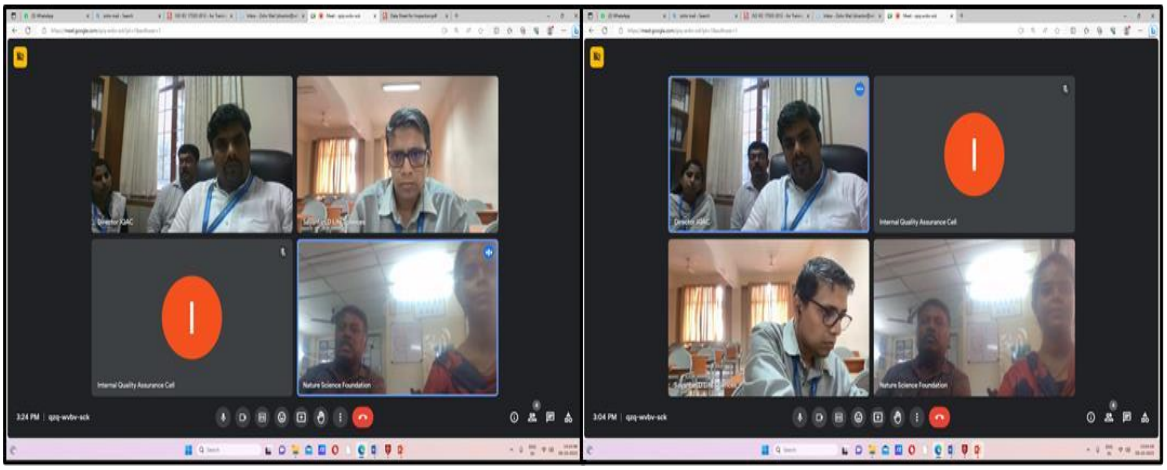

Foot protection is one of the most commonly used PPE and can differ depending upon the environment. Safety boots are used for tasks that can cause serious foot and leg injuries from falling or rolling objects, hot substances, electrical hazards, and slippery surfaces.

1.8.6. Ear Plug:

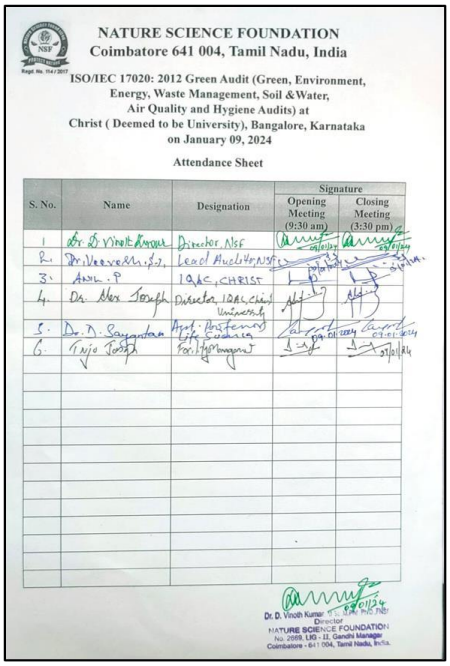

Ear plugs are used for tasks that can cause hearing problems and loss of hearing. Hearing protection devices reduces the noise energy reducing reaching and causing damage to the inner ear. This ear plug is mostly used near sound producing devices like power motors, genets, generators, etc.,

2. **GREEN AUDIT**

2.1. Introduction

Green audit ensures the Organization's campus should have greenish with large diversity of trees, herbs, shrubs, climbers and lawns to reduce the environmental pollution and soil erosion; it is also useful in relation to biodiversity conservation, landscape management, irrigation/economic water utilization and maintenance of natural topography besides vegetation. For the benefit of stakeholders, solid waste management, recycling of water, disposal of sewage and waste materials (electronic and biomedical wastes), 'zero' use of plastics, single use plastic items, etc. should be followed consistently in the organization campus. Green Audit procedures include the definition of green audit, methodology on how to conduct green audit at Educational Institutions and Industrial sectors as per the checklist based on National Building Code (NBC) Part 11 - Approach to sustainability and assessment of risk at 360º view.

2.2. Importance of green audit

The Management of the Organization (Auditee) should be exposed their inherent commitment towards making ecofriendly atmosphere through the green auditing and ready to encourage/follow all types of green activities. A clean and healthy environment will enhance an effective teaching/learning process. They should create the awareness on the importance of greenish initiatives through environmental education among the student members and research scholars. Green audit is the most effective, ecological approach to manage environmental complications (Rajalakshmi *et al*., 2023). Green audit is a kind of professional care and a simple indigenized system about the environment monitoring in terms of planting a greater number of trees which is a duty of each and every individual who are the part of economic, financial, social and environmental factors. Green audit is a professional and useful measure for an organization to determine how and where they are retaining the campus eco-friendly manner. It can also be used to implement the alleviation measures at win-win situation for the stakeholders and the planet. It provides an opportunity to the stakeholders for the development of ownership, personal and social responsibility.

2.3. Green audit observations

- It is observed that the Organization has facilities (ramp walk, lift, wheel chair, rest rooms, etc.,) for disabled and different age group people.
- Monitoring plan is available for the periodic checking at proper time interval to maintain sustainability.
- Adequate training and awareness programmes are conducted to the Stakeholders for sustainable development at all stages of building life cycle.
- More than 30% of open space is maintained as soft scapes (vegetation) to lower the energy conservation in the campus.
- Land scape design is planned to maintain the natural capacity of the site.
- Land scape irrigation is performed as per the microclimatic condition like during humid through irrigation is observed.
- Vegetation is available around the building to reduce energy consumption and maintain indoor climates.
- Soil health is maintained well without using any chemical fertilizers.
- Ecological design such as Transplantation, climate and design in accordance with bio diversity, reduced pesticides and other activities are not applicable because no new construction is planned and raised.
- Terrace garden and green roof system are available to maintain sustainability.
- Plant and animal species are monitored by conducting the periodic survey in the Organization.
- Traffic survey is conducted to measure the number and type of vehicles passing on the existing main roads giving access to the campus

2.3.1. Facilities for Human Comforts (NBC checkpoint 3.2. and 3.9.)

As per the National Building Code part 11 (Approach to Sustainability) under elements of sustainability quality of plumbing services and buildings are maintained in line with the standard. Ramp walk are implemented for the benefit of disabled and different age group people.

Ramp walk facilities designed for the comfort of person with disability.

2.3.2. Natural topography, vegetation and monitoring (NBC checkpoint 6.2.4.)

Natural topography means the original geographical features and natural resources of the Site. It is observed that the organization has the natural features like rocks, water resources, slopes, landscape, pathways, etc. Vegetation is the cultivation of a bunch of plants irrespective of the plant *taxa* for the covering of the area or ground topography. The observation at the campus indicated that there are more than 40% natural topography and vegetation. Monitoring plan for maintaining the vegetation and sustainability are evident through separate operation and maintenance team & their records for regular watering as per the micro climatic condition through irrigation.

Natural Topography and Vegetation at the Campus

2.3.3. Landscape design and soil erosion control (NBC Checkpoint 7.1.1. – 7.1.3.)

Landscape design is an important feature for any disasters to control especially with respect to the soil erosion. In general, soil erosion occurs if the design of the land is not altered so as to prevent the slope features by strong vegetation and use of a plant buffer zone as safe for escape of nutrients or fertilizers entering the streams. Observation revealed that the audited site has very good landscape design without disturbing the natural vegetation. Contour ploughing is being done at right angles to the slope wherever possible and ridges and furrows are properly maintained to break the flow of water down to the empty land. These activities are widely adopted to control soil erosion in the campus. Microclimatic conditions are considered, during winter season irrigation and watering to plants are controlled as per the water management plan. External landscapes are designed based on the shading pattern of the building. Green vegetation are available around the building to reduce the energy consumption.

Landscape design and soil erosion control in the Campus

2.3.4. Establishment of different gardens, vertical landscaping and roof gardens (NBC Checkpoint 7.1.1. – 7.1.3.)

It is observed that Organization has implemented and maintaining terrace gardens to lower the energy consumption. To maintain certain biomass critical for human health and also to reduce the bio-retention through water flow rates different types of gardens like ornamental garden is implemented in the campus.

Vertical and Herbal Gardens observed in the Campus

2.3.5. Survey of Flora and Fauna (NBC Checkpoint 12.4.5. and 12.4.6.)

Ensuring the rich biodiversity in the green campus is an important parameter which reflects the real-time ecosystem. In general, plants improve the outdoor air quality with increased oxygen levels and reduced temperature and carbon dioxide. The record on maintenance of the plant biomass and its management are important with respect to green campus initiatives. The existence of such plants and birds in the green campus are recorded for the rich flora and fauna which are being considered as a value addition to the campus.

Delonix regia

Colvillea racemosa

Spathodea campanulata

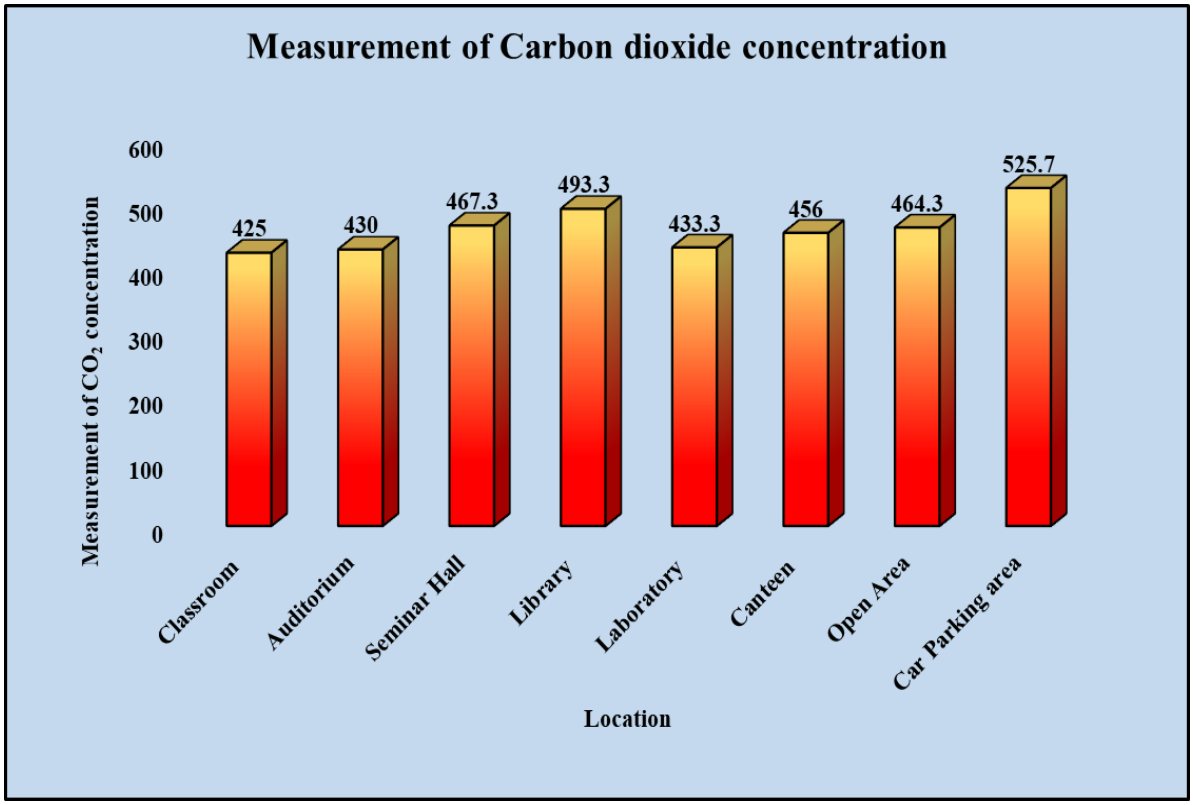

2.4. Air quality audit observations (NBC Checkpoint 12.4.3.)

It is observed that carbon dioxide and oxygen values are acceptable range. The air circulation is very good in all the places which in turn useful to give pure air to the stakeholders. The observation showed that the concentration of CO_2 in the atmosphere is found to be optimal which did not exceed the critical limit of CO_2. It is further revealed that all the selected locations are having pure air without any air contaminants with good air exchange/circulation in the campus. Some of the places like Canteen and Class Rooms are recorded with high level of carbon dioxide level due to student mobilization and the maximum number of electrical items fixed from which the carbon dioxide emission was observed followed by all laboratories and seminar and auditorium halls (Table 1).

Table 1. Measurement of CO_2 concentration in the Organization

S. No.	Different locations of the Organization's Campus	Carbon dioxide level (ppm)*	Remarks
1.	Classroom	425.0	Within permissible limits
2.	Auditorium	430.0	Within permissible limits
3.	Seminar Hall	467.3	Within permissible limits
4.	Library	493.3	Within permissible limits
5.	Laboratory	433.3	Within permissible limits
6.	Canteen	456.0	Within permissible limits
7.	Open Area	464.3	Within permissible limits
8.	Car Parking area	525.7	Within permissible limits
Mean		410.56 %	
SEC ±		2.16	
CD at P=0.05%		3.84	

Figure 2. Measurement of CO_2 concentration in the Organization

2.5. Atmospheric oxygen level measurements analysis and interpretation

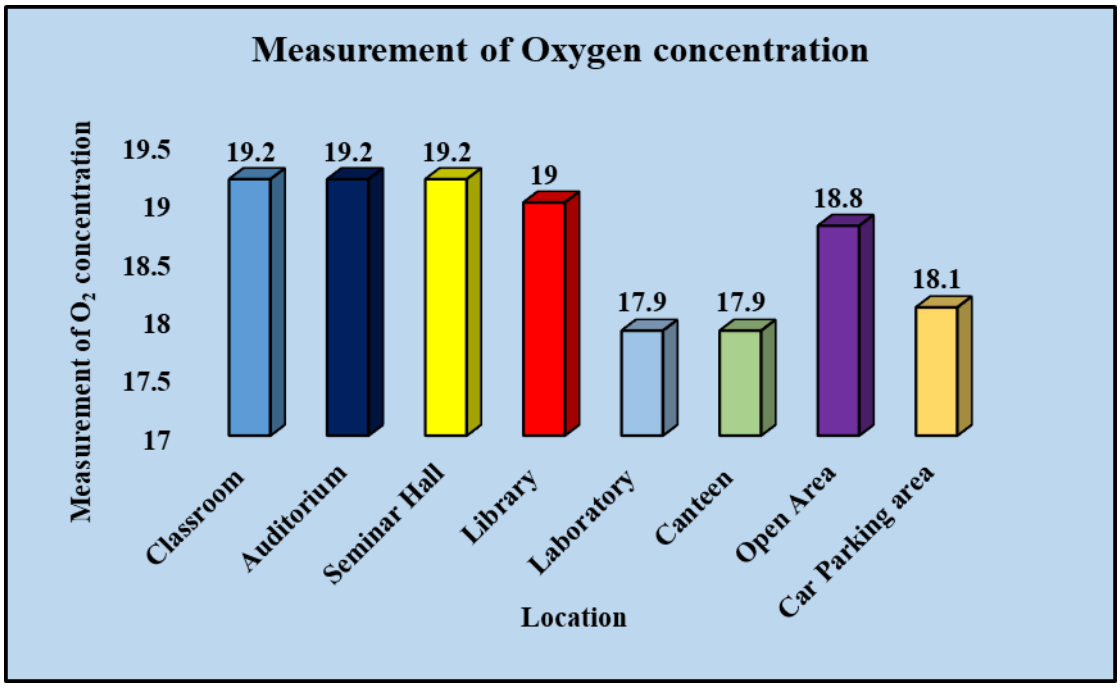

Oxygen level refers to the amount of oxygen available within the atmosphere or water bodies. Oxygen is produced/released as a by-product of photosynthesis, the metabolic activity of all green plants besides certain microbes. Oxygen plays a paramount role in metabolic activities like respiration and the energy-producing chemistry of all living organisms. In order to quantify the oxygen level, Oxygen Meter is used. The atmosphere contains 18-21% oxygen concentration, 75-78.5% nitrogen and 2- 3% other gases like carbon dioxide, neon and hydrogen. The amount of oxygen level in the atmosphere is determined by abiotic factors like altitude, latitude and longitude and biotic factors like plantations in the surroundings. If it excess, it causes oxygen toxicity and oxygen poisoning by creating coughing, breathing trouble and damage the lungs to human beings. The oxygen level of different places at the campus are monitored and presented (Table 2).

Table 2. The oxygen concentration at different places of audited organization

S. No	Location	Oxygen Level (%) *	Remarks
1.	Classroom	19.2	O_2 level is good
2.	Auditorium	19.2	O_2 level is good
3.	Seminar Hall	19.2	O_2 level is good

3. SOIL AND WATER AUDIT

3.1. Introduction

Soil and water are inequitable natural resources of India at global level. Soil are naturally occurring loose covering on the earth's surface. Weathering altered the rock particles of soil into mixtures of mineral and organic constituents. Soil is rich in microorganisms such as bacteria, fungi, actinomycetes, algae, protozoa and nematodes. The microorganism of the soil helps in enzymatic degradation of organic matter, energy storage and conversion of nutrients in available form in their biomass. Water the other natural resource constituting with 97% of salt water and 3% of fresh water. The use of water is inevitable in our daily needs. Water is used in agriculture, industrial, household, recreational and environmental activities. The natural source of fresh water are surface water and ground water.

Soil and water are natural resources of the organization that has to be structured, planned and developed from the point of entry to end users the stakeholders in such a way with contamination free soil and water, sustainable use of land and water and suitable measures for their conservation. Soil and water audit is a tool to improve the quality of the land and water to provide a healthy environment for the stakeholder directly and indirectly of the campus. It creates awareness on environmental ethics, resolves environmental issues and offers solutions to various social and economic needs. It strengthens the concept of 'Jal Jeevan Mission' and 'Sustainable Land Management' among stakeholders of India for the protection of natural ecosystems for future prospects. Soil and water audit helps the educational institutions/ industries to maintain ecofriendly environment, assures personal hygiene to various stakeholders and supports the nation; on the whole for the noble cause of environmental protection and nature conservation which in turn enhances the quality of life of all living beings.

Most of the soil in India are well drained, deep, fairly loamy, slightly acidic to alkaline and lime-free soils and they are ideal for variety of plant cultivation. The Indian soils are mainly

derived from gneissic rock containing large amount of mica with good behavior of water holding capacity with abundance of micro and macro elements. Some of the soils are characterized by clay loam type, classified as latosols with good organic matter contents along with sufficient amount of nitrogen, potassium and phosphorous contents all tea soils are distinctly acidic, rich in nitrogen content.

3.2. Soil and Water audit observations

1. The campus has well established rainwater harvesting models, percolation pond to recharge the bore wells by collecting rainwaters from the building roofs, open areas and playgrounds including unexplored areas which are channelized properly.
2. The physic-chemical properties of soils revealed that the soil health is good towards the construction of building and the cultivation of various native and wild type plant species.
3. The water quality parameters revealed that the quality of water is good in terms of domestic and irrigation purposes.
4. It is observed that the Organization is created massive facilities for wastewater treatment to purify the wastewaters to manage the wastewaters effectively.
5. A well-established rainwater harvesting system to recharge water ground status by collecting rainwaters from the campus coinciding with the contour of the terrain and natural drains.
6. Solar water heater are available to serve hot water for domestic purpose.
7. Low flow fittings, low cisterns and bath faucet are available to conserve water.

3.2.1. Geology, topography and soil condition (NBC Checkpoint 12.4.1)

The Organization is located in the Bangalore District of Karnataka, India.

Bangalore is situated in the southeast of the South Indian. It is positioned at 12.97° N 77.56° E and covers an area of 2,190 square kilometres (850 sq. mi). A landlocked city,

Bangalore is located in the heart of the Mysore Plateau (a region of the larger Deccan Plateau) at an average elevation of 920 metres (3,020 ft). Bangalore district borders with Kolar and Chikkaballapur in the northeast, Tumkur in the northwest, and Mandya and Ramanagaram in the southeast. The topography of Bangalore is undulating with a central ridge running NNE-SSW. The highest point is Doddabettahalli, which is 962 m (3,156 ft) and lies on this ridge.[4] No major rivers run through the city, though the Arkavathi and [Dakshin Pinakini river] cross paths at the Nandi Hills, 60 km (37 mi.) to the north. River Vrishabhavathi, a minor tributary of the Arkavathi, arises within the city at Basavanagudi and flows through the city. In most parts of the city the soil is of thin veeneer soil. Most of the soil is black clayey soil, while some parts of the Dindigul town have the red soil in it.

3.2.2. Assessment of Physico-chemical property of Soil samples

Soil physic-chemical properties influence the behaviour of soil and hence, knowledge of soil property is important. Soil testing is the only way to understand the soil health and to determine the available nutrient status in soil. The fertility of the soil depends on the concentration of N, P, K, organic and inorganic materials, conductivity. The results on soil samples analysis revealed that the pH, Electrical conductivity, total organic carbon, total nitrogen, available phosphorous and exchangeable potassium were found to be within the range and suitable for building constructions and cultivating the plants corresponding to the soil health. Bangalore has a handful of freshwater lakes and water tanks, the largest of which are Madivala tank, Hebbal Lake, Ulsoor Lake and Sankey Tank. Groundwater occurs in silty to sandy layers of the alluvial sediments. The Peninsular Gneissic Complex (PGC) is the most dominant rock unit in the area and includes granites, gneisses and migmatites, while the soils of Bangalore consist of red laterite and red, fine loamy to clayey soils.

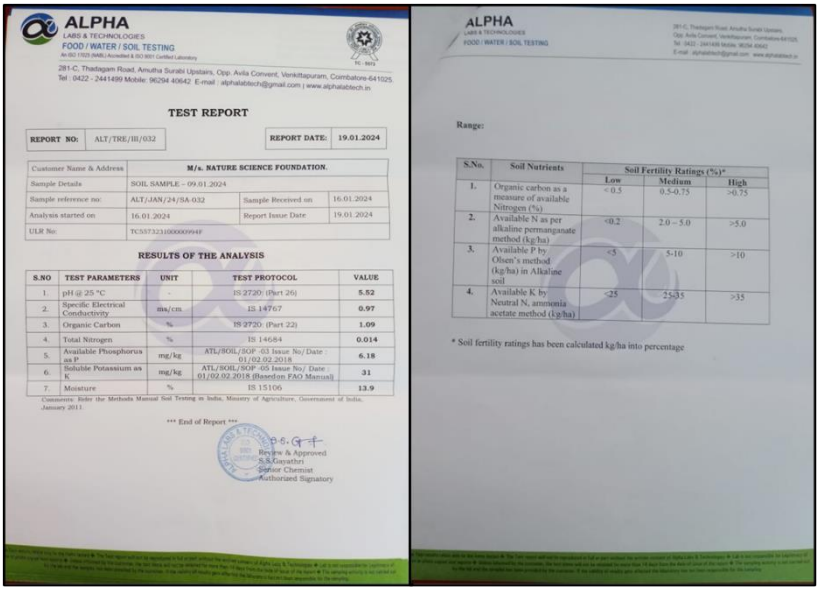

Soil Sample Test Result:

S.No	Test Parameters	Value	Unit	Test Protocols	Comments
1.	pH @ 25 °C	5.52	-	IS 2720: (Part 26)	Sufficient

3.3. Water management activities (NBC Checkpoint 7.3, 10.2 – 10.5 and 12.4.2.)

In order to conserve water resources, it is essential that any environmentally responsible institution should examine its water use practices. Water auditing is conducted for the appraisal of facilities of raw water intake and determining the facilities for water treatment and reuse. Auditor concerned investigates the relevant method that can be adopted and implemented to balance the demand and supply of water. The Organization is taking enough attempt to manage wastewater that are coming out from various Department laboratories, hostels and canteens as per the water management plan. Solar water heaters are available for the domestic use of water. Chemicals like bromine and chlorine are avoided to maintain the water quality and to maintain hygienic environment to the stakeholders. Low flow fitting are implemented in the recently constructed building to conserve water.

Water Cooler details available at the Campus

Sewage Treatment Plant available in the Campus

3.3.1. Operational water supply thro' drip and sprinkler systems

Maintaining the green campus, water conservation mechanisms should be applied efficiently in the campus. Well planned water irrigation systems like sprinkler and drip should be implemented in the entire green area of the campus for an effective water management system. This can be implemented only when the plantations are well planned. Vegetative area of the audited organization has taken sufficient efforts to maintain the plants greenish and frequency of watering to the plants.

Irrigation Facilities, Borewell Units and RO Units observed in the Campus

3.3.2. Rainwater harvesting system and percolation pond

Rainwater harvesting system is a traditional old practice not only in drought prone areas and also in areas having seasonal rainfall. Indian traditional rainwater harvesting systems are constructed based on three modes either direct pumped, indirect pumped or by both modes. In addition, lakes, ponds, water channels and any other water reservoir methods are considered as the rainwater harvesting system. During the audit it has been observed that the organization has well developed and maintained rain water harvesting system. Rainwater harvesting structures have been commissioned at different locations of the audited organization's campus.

Rainwater harvesting units in the Campus

3.3.3. Water quality

After air, water is the second most critical element for life to exist. As a result, the scientific literature has numerous descriptions of water quality. It is the physical, chemical and biological characteristics of water, is the most frequently used definition of water quality. Water quality is a measurement of the state of water in relation to the needs of one or more biotic species and/or to any human need or purpose.

- One of the most crucial aspects of water quality is pH. It is described as the hydrogen ion concentration's negative logarithm. It is an arbitrary number that expresses how acidic or basic a solution is. Actually, water's pH is a gauge of how acidic or basic it is. Both basic and acidic water have more hydrogen (H+) and hydroxyl (OH) ions than usual.
- Total dissolved solids is referred to as TDS. It calculates the overall concentration of soluble salts and minerals in water. One mg/L of dissolved minerals, for instance, means that the water pitcher contains one mg/L of TDS.
- The salinity of a body of water, commonly known as saline water (also see soil salinity), is the degree to which salt is present. It is often measured in grams per litre (g/L). Water that is cloudy is referred to as turbid. It gauges how well light can travel through water. It is brought on by particulate matter suspended in water, including clay, silt, organic matter, plankton and other particles.
- One of the most crucial indicators of the water quality in streams, rivers and lakes is dissolved oxygen (DO) which is regarded as one of the factors. It is an important indicator of water pollution. The water quality improves as the dissolved oxygen concentration does.

Water samples for Test Analysis using pH and TDS Meters

3.3.4. Standards for physico-chemical properties of water

The water samples collected from various sources, i.e., RO water, tap water, bore well water, wastewater and treated water samples were subjected to analyze for its physico-chemical parameters. The results showed that all the parameters were found to be appreciable and no harmful effect was recorded (Table 9). These parameters were observed to be within the limit of Indian Standards of drinking water quality. The observed pH values were found to be 6.5 - 8.5 ranges. Similarly, observed TDS and salinity were 0 - 900 mg/L and 300 - 380 mg/L, respectively. Turbidity and dissolved oxygen were 4.5 – 5.5 NTU and 6.5 - 8.0 mg/L, respectively which are compliance with ISI standards.

Table 9. Physico-chemical properties of various water sources

S.No.	Water source	pH	TDS (mg/L)	Salinity (mg/L)	Turbidity (NTU)	Dissolved Oxygen (mg/L)
1.	RO water	6.9	73.3	320.0	4.5	6.7
2.	Tap water	8.0	124.7	352.3	4.6	7.3
3.	Pond water	8.2	279.7	321.0	5.0	7.7
4.	Waste water	7.2	274.7	311.0	5.1	6.7

5.	Treated water	8.3	387.0	307.0	5.4	7.6
Mean		7.71	254.24	322.2	4.92	7.3
SEC ±		0.06	3.10	1.37	0.11	0.09
CD at P = 0.05:		0.10	5.52	2.45	0.19	0.17

Source: IS 10500: 2012

3.3.5. Water consumption rate

Since several variables are influenced water consumption by various stakeholders of an organization; it is hard enough to precisely assess the water quantity demanded by the public. Water is an immense requirement of any living organism. Though it is a natural resource, we are exploiting water for various purposes in day-today activities. As an educational institution, water requirement for various activities may differ. Per capita Domestic Consumption in Hostels combined with Canteen ranges between 90 - 125 litres. Industrial or laboratory demand for water is estimated ranges between 100 - 300 litres. Losses as leakages and routine consumption accounts approximately 30 - 50 litres (per capita) and other uses daily usage uses accounts another 50 litres.

Table 10. Water consumption for various purposes

S.No.	Types of consumption	Normal range (L/capita/day)	Average
1.	Per capita domestic consumption at hostel and canteen	95-125	110
2.	Industrial and commercial demand at laboratories	140 - 260	175
3.	Public uses including fire demand, transport washes	2600-3600	2800
4.	Losses and waste as routine consumption	35-50	35
5.	Daily use (day-to-day use)	60	32

4. Conclusion

Considering the fact that the organization is a well-established academic institution and there is significant scope for conserving green, environment, energy, waste management, soil & water management, air quality and hygiene which in turn make the campus as self-sustained. The organization has taken enormous efforts to maintain green campus in a sustainable manner. It has conducted a large number of activities for the benefit of rural and tribal community people without disturbing the natural environment. The installation of a rainwater harvesting system and irrigation system to conserve rainwater and improve the ground water levels are noteworthy. The Organization has created medicinal, herbal and ornamental gardens at small scale level for establishing a massive reforestation / afforestation programme in which a large number of trees and shrubs species were planted together for providing an eco-friendly atmosphere to the stakeholders in a sustainable manner.

The energy conservation initiatives taken by the organization are substantial. Water and Soil conservation activities are also implemented and practiced. Proper facilities and procedures are followed for waste collection, segregation, disposal, recycle and reuse. Quality of soil and water observed to be good. Hygienic practices are monitored and maintained considering the health and sustainability of the stakeholders at canteen and hostel premises. Tree plantation at appropriate locations is maintained to resist the indoor climate and conserve energy as per the National Building Code (Part 11 – Approach to Sustainability). The organization has made significant progressive contributions with respect to teaching learning, research and consultancy, innovation and transfer of technology, community service and value education, in toto. It imparts quality education to rural, tribal and urban people across the nation which is excellent in terms of academic activities and providing an eco-friendly atmosphere to the stakeholders.

Film Screening the Elephant Whisperer

The Elephant Whisperers 23rd
February 2023
Room 605

The Forum of Intersectionality, Diversity, Gender, and Inclusivity (FIDGI) organized a screening and discussion of *The Elephant Whisperers* (2022), in collaboration with the Oneness with Nature (OWN) Club. The event, held in Room 605 from 130 pm to 230 pm, featured a presentation by Vanshika Kalshetti, the OWN Club Representative from Christ University, BGR Campus.
The session, titled *Orphaned Elephants & Humanity*, shed light on the decline in elephant populations, the challenges of caring for abandoned calves, and the broader issue of biodiversity extinction. The event also marked the official launch of the OWN Club, the first ecology and animal welfare club on campus.

The discussion focused on the urgent need for more caretakers to support abandoned elephants, emphasizing the role these young elephants play in sustaining the species' future. The session concluded with a message about upcoming events, including a trek organized by the OWN Club. The topic underscored the importance of ecological conservation and animal welfare, reminding attendees that while elephants face a significant risk, they are not the only species nearing extinction, and protecting biodiversity requires immediate collective actions.

KEY HIGHLIGHTS

- History of abandoned elephant orphans in South India
- Difference between being pro-animals & taking action to nurture it
- Poaching & black-market threat
- Scarcity of designated elephant caretakers per region
- Blurred lines between baby elephants and human children
- Purpose of life is service, and gratitude; adding color to your own life

Plantation Drive Namma Bhumi, Namma Maragalu

Plantation Drive

September 28 to September 30, 2023

Christ University, Bengaluru.

A plantation drive and meeting titled Namma Bhumi, Namma Maragalu was organized by Nagara, an initiative led by Bidisha Dutta, the Head of Nagara. The activity, aimed at contributing to Sustainable Development Goal (SDG) 15, Life on Land, took place via Google Meet with a total of 34 student participants. SDG 15 focuses on conserving terrestrial ecosystems, protecting biodiversity, and addressing land degradation.

The event began with a plantation drive, where participants contributed from their homes by planting seeds and saplings. This initiative was a step towards reforestation and land conservation, underscoring the importance of preserving green cover and promoting biodiversity in urban spaces. By planting a variety of species, the participants ensured that their contributions would have a long-lasting, positive impact on their local environment.

Following the plantation activity, a brief meeting was held to review the outcomes, share the collective experience, and strategize for future environmental initiatives. This meeting fostered a sense of community among the participants as they celebrated their efforts and reflected on the significance of plant life in maintaining the balance of urban ecosystems. The key takeaway from the initiative was the role that each individual plays in achieving SDG 15, emphasizing the importance of plants and trees in sustaining life on Earth. The event successfully highlighted the collective responsibility towards environmental conservation and the importance of ongoing efforts to protect and restore the planet's ecosystems.

Reimaging Forest Governance

Documentary Grizzly Man 9th
of January 2024
Christ University, Bengaluru.

The Department of English and Cultural Studies at CHRIST (Deemed to be University), Bangalore, organized a film screening under the SDG Cell initiative. The documentary Grizzly Man by renowned filmmaker Werner Herzog was showcased, addressing Sustainable Development Goal (SDG) 15, Life on Land. The screening was held across multiple classrooms, with over 170 students from the BA English program attending. The event aimed to create awareness about the importance of biodiversity conservation and the human-nature relationship, using the life of Timothy Treadwell, the protagonist of the film, as a focal point for discussion.

Grizzly Man explores Treadwell's intense connection with wildlife, specifically the grizzly bears he lived among, and his untimely death while protecting them. Through the lens of this compelling narrative, students were introduced to the broader themes of wildlife conservation and the delicate balance of ecosystems. The screening provided an insightful perspective on SDG 15, emphasizing the role of humans in preserving and nurturing life on land, and sparking interest among the students to reflect on their own relationship with the environment.

After the screening, students engaged in a discussion about the implications of human interventions in nature, the ethical boundaries of wildlife conservation, and the lessons learned from Treadwell's story. The event succeeded in raising awareness about environmental sustainability and the necessity of protecting biodiversity. Although no specific follow-up plans were laid out, the discussions that emerged during the session highlighted the potential for future activities and projects focusing on the importance of SDG 15.

Cultural Kaleidoscope

Cultural Kaleidoscope 2023,
April 2023
CHRIST (Deemed to be University)

The Cultural Kaleidoscope 2023, held at CHRIST (Deemed to be University), was a vibrant three-day cultural event designed to showcase the creative talents of students across the university. The event featured three major segments an open mic, a photography competition, and a short film competition. Kicking off on October 25th, the open mic event saw an enthusiastic flash mob by members of the Cultural Committee from the School of Law, followed by a melodious performance by the SLCU Choir. The stage was then taken over by ten students who impressed the audience with their captivating singing and poetry performances. Each participant demonstrated a unique talent, making the event a celebration of student creativity.

The second day of Cultural Kaleidoscope 2023 was dedicated to photography. Ten talented photographers submitted powerful and thought-provoking images, making the competition both visually stimulating and challenging to judge. The submissions highlighted the depth of talent present at the university, and selecting the best photograph became a difficult task due to the exceptional quality and meaningful themes portrayed in each image. The final day saw the culmination of the event with a short film competition, a collaborative effort between the Cultural Committee of SLCU and the Department of Media Studies. Teams from various departments presented their short films, leading to a cinematic experience that captivated both the judges and the audience.

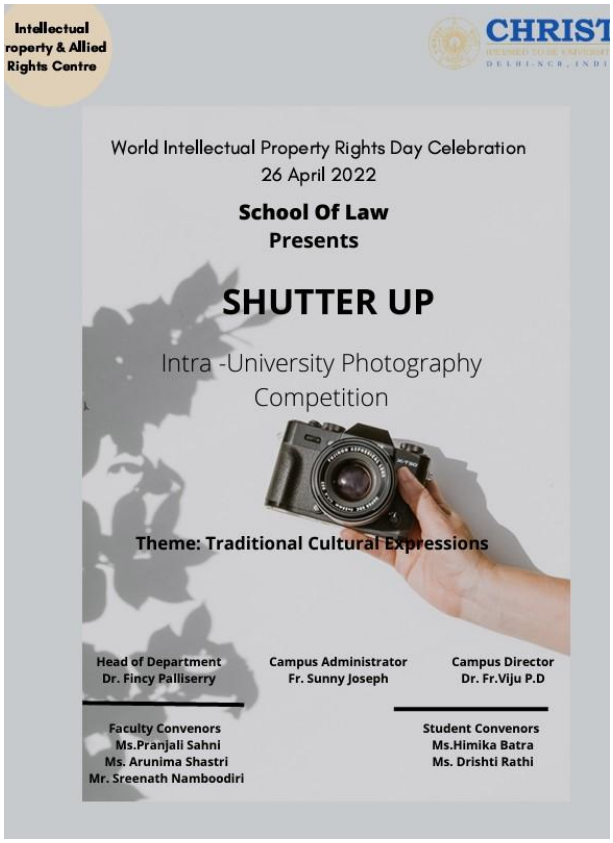

Cultural Kaleidoscope 2023 not only provided a platform for students to express their artistic talents but also aligned with Sustainable Development Goal (SDG) 15, focusing on the importance of preserving life on land through creative expression and awareness. The event fostered teamwork, leadership, and collaboration among participants, highlighting the significance of ethical and professional behavior. The success of the event has inspired plans to organize future editions with even broader participation, reinforcing its role as a key cultural showcase at the university.

Photography Competition

Beat Plastic Pollution

22 JUNE 2023
CHRIST (Deemed to be University), Bangalore

The Environmental Law Studies and Orientation Programme at CHRIST (Deemed to be University), Bangalore, organized a photography competition in celebration of World Environment Day 2023. With the theme Beat Plastic Pollution, the competition aimed to raise awareness about the harmful effects of plastic waste. The contest was announced on May 15, 2023, and submissions were accepted until June 10 via email. The event invited students across various disciplines to showcase their creativity while addressing an urgent environmental issue. A total of 17 entries were received, each reflecting the participants' deep concern for the environment and their artistic abilities.

The photographs submitted by the students creatively depicted the widespread problem of plastic pollution, capturing both its visual and ecological impacts. The high quality of the submissions demonstrated the participants' passion for environmental causes and their commitment to reducing plastic waste. The competition successfully engaged students in a meaningful conversation about plastic pollution and highlighted the importance of taking action against it. The photographs not only sparked reflection but also inspired viewers to consider their own role in tackling environmental challenges.

On August 3, 2023, the four winning photographs were featured on the university's social media platforms, further spreading the message of environmental awareness. The competition's success encouraged a deeper sense of environmental responsibility among the student body and provided a platform for creative expression on a crucial global issue. The organizers plan to continue featuring similar initiatives to promote sustainability and inspire positive environmental action among students in the future.

Reimaging Forest Governance

Reimaging Forest Governance

6, October, 2023
CHRIST (Deemed to be University)

The School of Law at CHRIST (Deemed to be University), Bangalore, organized a reading circle and discussion forum titled Reimaging Forest Governance Appraisal of the Forest Conservation Amendment Act 2023 on October 6, 2023. The session, held from 345 to 445 PM in Room No. 408 of the Central Block, was facilitated by Aleena Annabelly, a final-year law student at the School of Law, CHRIST. The event aimed to critically analyze the implications of the Forest Conservation Amendment Act 2023 on forest preservation in India. The discussion was framed around an article by Prof. Sairam Bhat, allowing students to engage deeply with both the benefits and shortcomings of the act. Eleven students participated, actively debating the topic with the help of the facilitator.

The session provided valuable insights into the challenges of balancing forest conservation with economic development. Participants discussed the varying approaches to environmental conservation across different countries, influenced by their stages of development. Key concerns raised included the arbitrary reallocation of forest funds for national security purposes and the specific definition of 'forest' in the amendment, which some participants argued left room for exploitation. The group reached a consensus after a structured debate that highlighted both sides of the argument.

This reading circle serves as part of a larger effort by the School of Law to encourage critical thinking and legal scholarship among students. It aligns with the Program Objectives (PO) and Program Specific Objectives (PSO) of the law curriculum, contributing to interdisciplinary legal discussions and professional development. Plans for future sessions include similar discussions to further engage students in relevant legal and environmental topics. No budget was allocated for this event, and it was mapped to several relevant law courses, including Environmental Law, Climate Change Law and Policy, Land Laws, and Earth Justice.

Segregate The Waste

Segregate The Waste 12
February, 2024
Garden Street, Central Campus

The School of Law at CHRIST (Deemed to be University), Bangalore, organized an interactive SDG Week Stall on February 12, 2024, at Garden Street, Central Campus. The exhibition stall, open from 9 AM to 4 PM, aimed to raise awareness about sustainability and the Sustainable Development Goals (SDGs). The event, hosted by the SDG Cell of the School of Law, featured a range of activities designed to engage visitors and promote sustainable practices. Around 170 participants, including students, faculty, and the general public, visited the stall. The stall displayed informative posters and charts, and visitors were invited to participate in games such as Myth or Fact and Segregate the Waste to test their knowledge of sustainability.

A key highlight of the event was an interactive activity where visitors decorated a tree with their thumbprints, symbolizing their personal commitment to environmental protection. Faculty members and the Head of the Department also visited the stall, further encouraging engagement with the SDGs. The initiative provided a platform for participants to share their views on environmental issues and develop a sense of shared responsibility towards achieving sustainability. Through meaningful dialogues and hands-on activities, the event successfully fostered awareness and critical thinking about important environmental topics.

The SDG Week Stall was a valuable opportunity to educate the community on sustainable practices and inspire collective action toward a greener future. Visitors gained practical insights into waste segregation, environmental issues, and how individual contributions can make a difference in achieving the SDGs. The event's success, underpinned by its interactive approach, paves the way for future awareness-raising activities. With a budget of Rs. 3000, only Rs. 725 was spent, leaving room for further initiatives aimed at promoting sustainability.

Wildlife Week

Wildlife Week October
4 to 7, 2023.
CHRIST (Deemed to be University), Bangalore

The School of Law at CHRIST (Deemed to be University), Bangalore, in collaboration with the Karnataka Forest Department, organized a workshop during Wildlife Week from October 4 to 7, 2023. Held at Chitrakala Parishat, the event aimed to raise awareness about wildlife conservation and environmental protection, focusing on responsible human behavior around wildlife. The workshop featured a panel discussion highlighting the significant role of the media in wildlife conservation and how truthful reporting can drive conservation efforts. Fourteen students actively participated in the sessions, gaining insights into the intersection of media, wildlife, and environmental preservation.

A key highlight of the event was the discussion on Karnataka's success in tiger conservation, led by the state's Forest Department. The panel emphasized the importance of engaging youth in conservation efforts, as they are the future custodians of the environment. The workshop also underscored the need for responsible behavior when interacting with wildlife to ensure the safety of both humans and animals. The discussions provided students with a deeper understanding of how legal frameworks and media advocacy can support wildlife conservation efforts.

The event concluded with a call to further engage in similar initiatives to enhance awareness and advocacy for wildlife and environmental conservation. Participants were encouraged to continue learning and advocating for responsible conservation practices. The workshop's alignment with the Program Objectives (POs) and Program Specific Objectives (PSOs) of the law curriculum further reinforced the students' academic and professional development in environmental law, media law, and wildlife conservation. The workshop also addressed cross-cutting issues of sustainability, emphasizing the vital role of the next generation in safeguarding the environment.

Introduction To SDGs

Introduction to SDGs July
19, 2023
CHRIST (Deemed to be University)

The Department of Media Studies at CHRIST (Deemed to be University), Bangalore, organized an orientation session on July 19, 2023, titled Introduction to SDGs for first-year students of 1 BAM&J. The session, led by Gowri Jagdish, a third-year student from 3 JOUH, was held from 1200 PM to 100 PM in Room 401. The primary objective was to familiarize the new students with the concept of Sustainable Development Goals (SDGs), with a specific focus on the department's assigned goals Affordable and Clean Energy (SDG 7), Life on Land (SDG 15), Peace, Justice, and Strong Institutions (SDG 16), and Partnerships for the Goals (SDG 17). Throughout the session, students were introduced to all 17 SDGs, creating a foundation for understanding how sustainability ties into media education.

A highlight of the session was the enthusiastic participation of the students, who not only engaged actively during the discussions but also expressed a strong interest in volunteering for the Media Studies Department's SDG cell. This enthusiasm was further reflected in the dynamic Q&A segment, where students raised insightful questions about the practical implications of the SDGs and how they can contribute to sustainable initiatives through their future media-related work. The session succeeded in generating curiosity and fostering a sense of responsibility among the students toward global sustainability efforts.

In summary, the orientation was a success, providing students with a comprehensive introduction to SDGs and encouraging active engagement with sustainability issues. The discussion not only broadened their understanding of key global goals but also inspired them to take an active role in the department's sustainability initiatives. The students left the session with a deeper awareness of the importance of the SDGs in shaping their future roles as media professionals committed to positive change.

Best Out of Waste

BEST OUT OF WASTE

February 15, 2024

CHRIST (Deemed to be University)

The Department of Media Studies at CHRIST (Deemed to be University), Bannerghatta Road Campus, organized a Best Out of Waste competition on February 15, 2024, from 0115 P.M. to 0215 P.M. The event, aligned with Sustainable Development Goal 15 (Life on Land), was held at the Bird Cage and facilitated by Dr. Jais Merlin P. Augustine, Assistant Professor from the department. The competition aimed to encourage students to creatively repurpose waste materials into useful and innovative objects, promoting the importance of recycling and upcycling. Twelve students participated in the event, showcasing their ingenuity by transforming discarded materials like old newspapers, straws, and bottles into artistic creations.

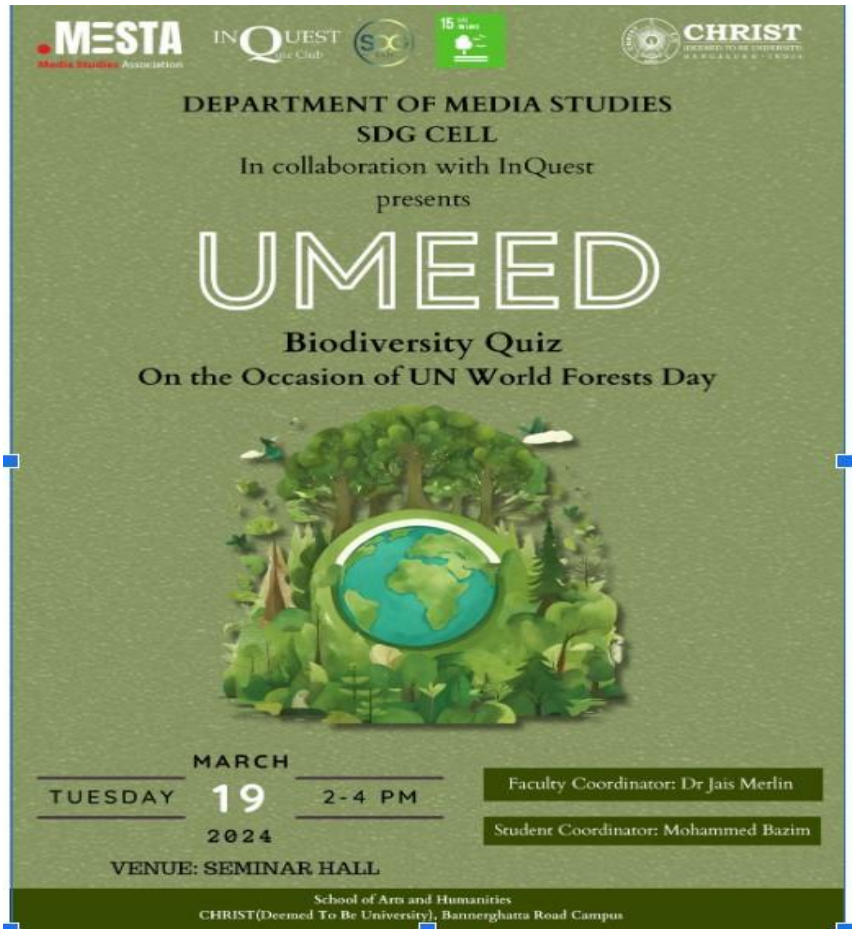

The competition highlighted the participants' creativity and raised awareness about environmental sustainability. Students demonstrated their ability to use waste materials effectively, crafting unique products that emphasized the importance of minimizing waste. The event successfully fostered environmental consciousness among the students, encouraging them to think critically about sustainable practices and how everyday discarded items can be given new life through recycling and upcycling. The enthusiasm and innovative spirit displayed by the participants underscored the value of such competitions in promoting eco-friendly habits.

In conclusion, the Best Out of Waste competition provided an engaging platform for students to creatively engage with sustainability efforts. The activity not only showcased the potential of waste materials but also instilled a sense of responsibility towards the environment. The event concluded with the collection of the completed items, marking the successful completion of a meaningful initiative that reinforced the significance of sustainable practices and environmental stewardship among the student body.

Umeed-Biodiversity Quiz

Umeed-Biodiversity Quiz
March 19, 2024
CHRIST (Deemed to be University)

The SDG Cell of MESTA (Media Studies Association) at CHRIST (Deemed to be University) organized the Umeed-Biodiversity Quiz in collaboration with InQuest on March 19, 2024, as part of the celebrations for UN World Forests Day. The event, aligned with SDG 15 (Life on Land), took place in Classroom 404 from 2 pm to 4 pm and attracted 100 students. The quiz aimed to engage participants in a deeper understanding of biodiversity and its importance in achieving sustainable development. It featured two rounds the prelims and the finals, which tested the students' knowledge on ecosystems, species conservation, and sustainable practices. The prelims set the stage by sparking curiosity among participants with ten challenging questions about biodiversity.

In the finals, the intensity and excitement increased as finalists answered more complex questions related to biodiversity and environmental conservation. The competition was both entertaining and educational, as students demonstrated their understanding of key biodiversity concepts and issues. The event was filled with insightful discussions about the need for preserving ecosystems, the impact of human activities on biodiversity, and the significance of conserving endangered species. The winners of the quiz were Vatsala Mishra and Rohan

Bhattacharyya, followed by Pihu Kunwar and Shatakshi Negi in second place, and Chirantan Satish and Kriti Giri in third place.

Overall, the Umeed-Biodiversity Quiz was a successful initiative in raising awareness among youth about the importance of biodiversity conservation. It empowered participants with knowledge about pressing biodiversity issues and inspired them to take an active role in conservation efforts. By engaging students in a fun and competitive format, the quiz ignited a passion for biodiversity and encouraged proactive measures toward a sustainable future.

The Impact of Colonization on India's Ecology

The Impact of Colonization on India's Ecology September 12, 2023
CHRIST (Deemed to be University)

On September 12, 2023, the Ecological Diversity Cell at CHRIST (Deemed to be University) organized a lecture titled The Impact of Colonization on India's Ecology, presented by Dr. Rolla Das. The lecture explored how colonialism shaped India's ecological landscape, focusing on both historical and contemporary issues. Dr. Das highlighted the exploitation of landscapes during colonial rule, including the hunting of tigers, deforestation, and the extinction of species like the Dodo bird. She also discussed global environmental impacts such as oil spills and carbon colonialism, emphasizing how colonial practices continue to affect ecosystems and communities today.

The lecture delved into the historical roots of ecological destruction, comparing local examples from India with global ones, such as the overexploitation of the American bison. Dr. Das explained how colonial practices altered ecosystems and introduced invasive species, leading to long-term damage. She also discussed the commodification of nature, particularly through

industries like textiles and railways, which contributed to the destruction of India's forests and grasslands. A key focus was on how colonial economies, such as plantation agriculture, disrupted native practices, often leading to unsustainable land management and environmental degradation.

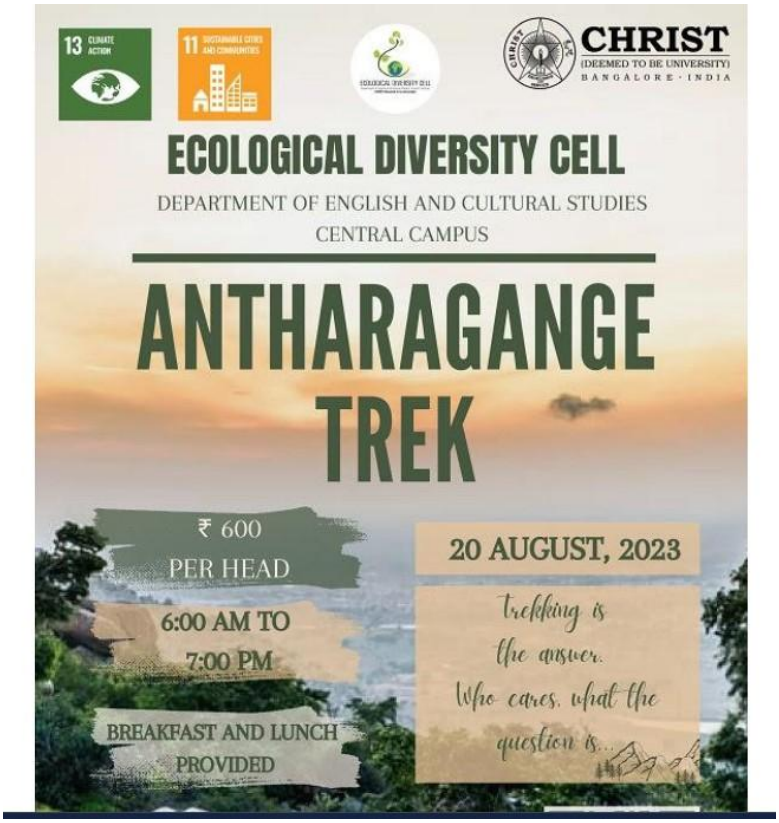

In conclusion, Dr. Das underscored the importance of understanding the interconnectedness of ecology, economy, and colonial history to address contemporary environmental challenges. She advocated for a renewed focus on studying and preserving native practices that promote sustainability. The session emphasized the need for continued research and education on the long-term ecological impacts of colonization, and how this knowledge can inform current policies and conservation efforts.

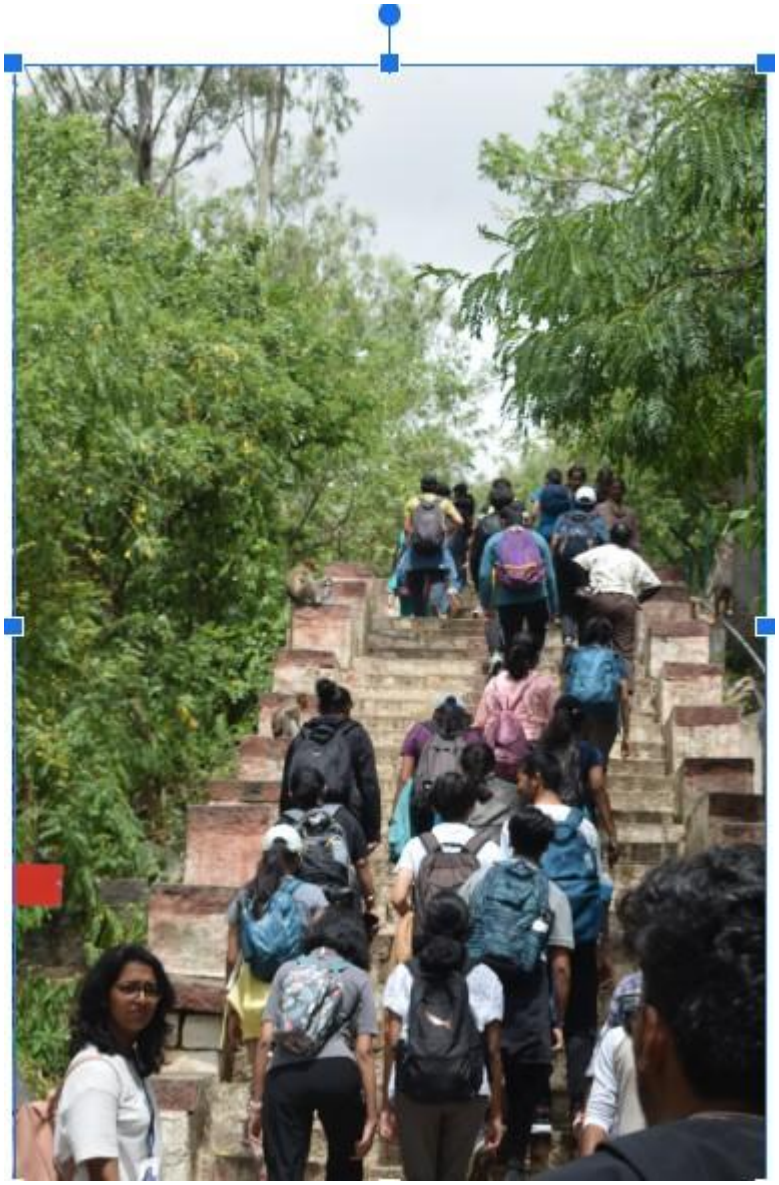

A Trek to Antharagange

Trek To Antharagange August
20, 2023
CHRIST (Deemed to be University)

The Ecological Diversity Cell of CHRIST (Deemed to be University) organized a trek to Antharagange, providing students with an opportunity to connect with nature while promoting environmental awareness. The day began at 800 AM from the Bangalore Central Campus with a briefing by Professor Deepak Saravanan, who outlined guidelines for the trek, emphasizing the importance of sustainability. The students, excited for the adventure, reached the base of Antharagange by 930 AM, where breakfast was served. In line with the environmental theme, participants used their own cutlery and plates, reducing single-use waste. The group also visited a nearby temple, adding a cultural aspect to the experience.

Throughout the trek, the students enjoyed scenic views, playful encounters with monkeys, and a peaceful environment, which offered a refreshing break from their academic routine. After exploring the temple and enjoying the natural beauty of the surroundings, the participants returned to the campus, where they were treated to a lunch of pulao and raita. The event was well-organized, balancing fun and environmental consciousness, with the use of personal utensils contributing to waste reduction.

Overall, the trek to Antharagange was a rejuvenating and enriching experience for all involved. It not only encouraged physical activity and mental relaxation but also reinforced the importance of sustainable practices in everyday life. The event highlighted the significance of reducing waste and adopting eco-friendly habits, with plans to organize similar activities in the future to continue promoting environmental awareness among students.

Green Audit

Report of Green and Soil & Water Audits

Mr. P. KANAGARAJ, FNSF.,
Secretary

1. Nature Science Foundation has conducted onsite green audit at ***Christ (Deemed to Be University), Bangalore-560 029, Karnataka, India*** by deputing certified Lead Auditors and Technical Experts.
2. On the basis of audit observations by the auditors and pertinent data collected from the Auditee, the Technical Report has been prepared and being submitted.
3. Data presented in the Technical Report are verified and to best of our knowledge, the data are authentic and reliable.
4. Nature Science Foundation declares that data generated were not shared with any third parties and the soft copy of the report is available with Nature Science Foundation's Office.
5. Provided the Auditee desired to publish or share the data with other agencies, Nature Science Foundation has no conflict of interest.
6. We at Nature Science Foundation express our deep sense of gratitude to the Management for given an opportunity to conduct green audit at their premises in compliance with NAAC criteria in line with ISO/IEC 17020:2012 standards and NABCB guidelines and for whole hearted support extended at the time of onsite audit. Our sincere thanks to NAAC, IQAC Coordinators and Head of the Departments of the Organization for their intangible assistance and cooperation extended to the audit team at the time of physical facility verification.

1. GENERAL INTRODUCTION

1.1. Introduction

Green campus is an area of the Organization or the Organization as a whole itself contributing to have an infrastructure or development that is structured/planned to incur less energy, less water, less or no CO_2 emission and less or pollution free environment. Green Audit is a tool to evaluate environment management system which is systematically executed to protect and preserve the environment. Green audit constitutes the environmentally friendly practices and education combined to promote sustenance of green environment by adopting user-friendly technology within the campus. It creates awareness on environmental ethics, resolves environmental issues and offers solutions to various social and economic needs. It strengthens the concept of 'Green Building' and 'Oxygenated Building' which in turn provides a healthy atmosphere to the stakeholders.

1.2. Importance of National Building Code (NBC)

National Building Code (NBC) of India has a set of rules and guidelines that regulates construction of buildings and as well as ecofriendly activities of the campus without harming the environment. In order to achieve the minimum standards of welfare and safety of stakeholders of a campus, the Governing body of Central and State Governments lays down a set of guidelines to offer sustainable environment. In 1970, the National Building Code (NBC) was first published in India and the significant provisions of the Indian Building Code involve:
1. Structural safety of the building, 2. Earthquake-resistant building design, 3. Fire and life safety, 4. Solid waste management, 5. Accessibility for differently-abled and senior citizens, 6. Use of alternative building techniques and 7. Environmentally compatible building construction techniques like the use of solar power, rainwater harvesting, etc.

NBC is not only offering a standard uniform benchmark that constructors and environmentalists must meet, but they also establish safety standards along with ecofriendly atmosphere of a campus for years to come. As extreme weather conditions and fires are growing rapidly in the country, it becomes vital that buildings and structures be built and designed using the current building codes to allow for maximum safety sustainability and resilience to the stakeholders. For instance, new and updated building codes put much emphasis on conservation as energy and the degradable and non-degradable wastes are the most expensive byproduct of older regions. This will not only offer environmental benefits to future generations but will also regulate indoor air pollution and greenhouse gas emissions to protect the health of human beings.

Before the introduction of NBC in the construction industry, building commercial and residential properties used a lot of energy which adversely affected the sustainable environment. Thus, enforcing building codes to create low-energy buildings offers a tangible way for the company to help decrease the greenhouse gas emissions of the nation. While safety is the primary objective, new building codes are making significant contributions toward solving energy issues relating to the use of environmentally compatible construction techniques like planting trees, landscaping, rainwater harvesting and renewable and non-renewable energy sources.

1.3. Environment Friendly Campus

As stated earlier, Organization is liable to provide an eco-friendly atmosphere along with good quality of drinking water facility to all the stakeholders. Manuring the cultivated plants/grown within the campus may applied with organic manure, cow dung, farmyard manure and vermicompost instead of using chemical fertilizers. All non-compostable and single-use disposable plastic items, plastic utensils, plastic straws and stirrers should be avoided. Demonstration / awareness programme on establishing plastic-free environment and utility of organic alternatives for all incoming and current students, staff and faculty should be organized. Reduction of use of papers alternated with e-services, e-circulars, etc., and proper disposal of wastes, recycling and suitable waste management system should be considered to establish environment friendly campus.

The term ‘auditing’ is to examine the management practices and to evaluate performance of an organization in relation to environmental issues. World along with Associated Chambers of Commerce and Industry of India (ASSOCHAM), Green Building Council (IGBC) and Green Ratings Systems (GBCRS), Green Rating for
Integrated Habitat Assessment (GRIHA), Bureau of Energy Efficiency (BEE), Leadership in Energy and Environmental Design (LEED), CII-GreenCo–GreenCo Rating System (CII-GRS), Food Safety Management System & Occupational Safety & Health (FSMS), Swatch Bharath under India Clean Mission (SBICM) and International Standard Organization (ISO 2021) have formulated a series of standards in the field of environmental auditing. These standards are basically intended to guide organizations and auditors on the general principles common to the execution of environmental audits.

Green Audit (ISO/IEC 17020:2012) comprised green campus, environment, energy, waste management (solid, liquid, municipal sewage, biomedical, plastic and electronic wastes), water, soil, air quality and hygienic audits are playing important role in Academic Institutions, R&D Organizations and Industries towards the accreditation process as well as maintaining a hygienic eco-friendly environment to the stakeholders in their campus. All audits will be

conducted as per the Government Law and Environmental and the concept of Swachh Bharath Abhiyan under Clean India Mission.

1.4. About Nature Science Foundation (NSF)

NSF is the ISO QMS (9001:2015), EMS (14001:2015), OHSMS (45001:2018) & EnMS (50001:2018) Certified and registered with Ministry of Micro, Small and Medium Enterprise (MSME), Government of India Organization functioning energetically towards the noble cause of nature conservation and environmental protection. NSF is managed by a Board of Trustees which is a Public Charitable Trust registered under the TN Societies registration Act 1975 (TN Act 27 of 1975) on 29th November, 2017 at Peelamedu, Coimbatore 641 004, Tamil Nadu, India with Certificate of Registration No. 114 / 2017. In addition, NSF has 12AA, 80G and Form 10AC certificates for income tax exemption and implanting various Government schemes. The main motto of the NSF is 'Save the Nature to Save the Future' and 'Go Green to Save the Planet'.

1.5. About the Organization

CHRIST (Deemed to be University), established in 1969 as Christ College was granted Autonomy by the University Grants Commission (UGC) in 2005 and Institution with Potential for Excellence status in 2006. In 2008, the Ministry of Education (then Ministry of Human Resource Development) Government of India, declared the Institution a Deemed to be University, in the name and style of Christ University under Section 3 of UGC Act 1956. The first institution in the state of Karnataka to be accredited in 1998 and one among the first 14 in India to be accredited by the National Assessment and Accreditation Council (NAAC). Currently CHRIST (Deemed to be University) is accredited with 'A+' Grade.

The University is also accredited by the National Board of Accreditation (NBA). In NIRF India Ranking 2023 Christ University was ranked as follows: University - 67, Overall - 100, Law - 13, Management - 60, Engineering – 101-150.

Christ University is one among the 91 Universities in the country qualified for the Times Higher Education (THE) World University Rankings 2024. Christ University is also ranked in QS India University Rankings, QS-ASIA, and QS-BRICS. The

University is also listed in the Times Higher Education Impact Ranking (THE) 2023. The multi-disciplinary Institution which focuses on teaching, research and service, offers UG, PG and Doctoral programmes in Humanities, Social Sciences, Science, Commerce, Management, Engineering, Architecture, Education and Law to students from all the States and Union Territories of India and about 77 other countries. The University, having four campus locations

in Bangalore, and one-Off Campus each in Pune Lavasa and Delhi NCR is a living example for the harmonious multiculturalism. The University publishes six peer-reviewed research journals and has published hundreds of books in Kannada and English. A promoter of sports, music and literary activities, it is a nurturing ground for creative excellence. With 'Excellence and Service' as the Vision, the University is actively involved in community development through student involvement. The University has slum and rural development projects with a focus on women and children in the states of Karnataka, Kerala, Maharashtra, Uttar Pradesh and Chhattisgarh directly benefiting over 10,000 families in more than 124 villages and five Urban slums.

1.6. Audit Team Details

1. Date of Audit	**: 09.01.2024**
2. Audit Site	**: Christ (Deemed to Be University),** Bangalore-560 029, Karnataka, India
3. Inspection Body	**: Nature Science Foundation** Coimbatore, Tamil Nadu, India.
4. Audit Scope	**: Green and Soil & Water Audits as per ISO/IEC 17020:2012**
5. Name of the Auditing Chairman	**: Dr. S. Rajalakshmi** ISO QMS, EMS and EnMS Certified Lead Auditor, Founder & Chairman of NSF.
6. Name of the Auditing Team Leader	**: Ms. V. Sri Santhya** ISO QMS, EMS and EnMS Certified Lead Auditor & ISO 17020:2012 (Green Audit) Joint Director & Programme Manager, NSF.

7. **Name of the Lead Auditor for**: Dr. R. Mary Josephine

Green Audit +Air Quality ISO EMS and EnMS Certified Lead Auditor. Audit

8. **Name of the Lead Auditor for**: Ar. N. M. Pradeep Kumar Environment Audit + Waste ISO EMS and IGBC Certified Lead Auditor. Management Audit

9. **Name of the Lead Auditor for**: Er. A. Karthick Energy Audit Bureau of Energy Efficiency Certified Auditor.

10. **List of Auditees**: 1. Dr Alex Joseph - Director, IQAC 2. Dr D Sayantan - Assistant Professor of Life Sciences 3. Mr Trijo Joseph - Coordinator, Facility Management 4. Mr Anil P - Secretary, IQAC

1.6.1. Audit Scope and Criteria

Green audits are conducted in line with National Building Code (NBC) Part 11 Approach to Sustainability as per the NAAC and NABCB advisory. NBC part 11 consists of 11 different types of clauses. In this report the eleven clauses of sustainability are differentiated into Green,

Environment, Energy, Waste Management, Soil & Water, Air Quality and Hygiene audits.

S.No.	Name of the Audits	NBC covered clauses
1.	Green Audit	3. Approach to Sustainability (3.2 & 3.9), 6. Siting, Form and Design (6.2.4.), 7. External Development and Landscape (7.1.1.), 12. Constructional Practices (12.4.5. & 12.4.6.)
2.	Environment Audit	3. Approach to Sustainability (3.2, 3.7, 3.10 & 3. 11), 4. Applicability of this part (4.1 and 4.2), 5. Implementation of this part (5), 6. Siting, Form and Design (6.2.1.), 7. External Development and Landscape (7.1.2, 7.2, 7.3, 7.4.), 9. Materials (9.1, 9.2, 9.3), 10. Water and Waste Management (10.1.), 12. Construction Practices (12.8. and 12.11.)
3.	Energy Audit	3. Approach to Sustainability (3.2, 3.5, 3.6 & 3.8), 6. Siting, Form and Design (6.2.2, 6.2.3, 6.2.5, 6. 2.6, 6.2.7, 6.2.8, 6.2.9 & 6.2.10), 7. External Development and Landscape (7.5.), 8. Envelope Optimization (8.1, 8.2. & 8.3), 11. Building service Optimization (11.1 – 11.16), 12. Constructional Practices (12.3.4, 12.4.4 & 12.9.), 13. Commissioning, Operation, Maintenance and Building Performance Tracking (13.1, 13.2, 13.3, 13.4, 13.5 & 13.6.)
4.	Waste Management Audit	3. Approach to Sustainability (3.3 & 3.4), 10. Water and Waste Management (10.6.1. – 10.6.5.), 12. Construction Practices (12.1, 12.2, 12.3, 12.5, 12.7, 12.10.)
5.	Soil & Water Audit	7. External Development and Landscape (7.3.2), 10. Water and Waste Management (10.2. – 10.5.), 12. Construction Practices (12.4.1. and 12.4.2.)
6.	Air Quality Audit	12. Construction Practices (12.4.3.)
7.	Hygiene Audit	12. Construction Practices (12.3.6 & 12.3.7.)

1.6.2. Audit Checklist Observations

The audit checklist in line with National Building Code (NBC) Part 11 – Approach to Sustainability covers 163 checkpoints. During the onsite visit, respective auditors marks not applicable and write the reason for non-applicability and wherever its applicable, auditors verifies the records / practice / documents and physical observation to confirm the same.

There are two parameters such as meeting the requirements and not meeting the requirements. Marking as meeting the requirements for the specific checkpoint reveals that the physical observation and documents are up to the mark. For some checkpoints OFI – Opportunity for Improvements will be given by the auditors. The physical observations and documents which are not up to the mark will be given as not meeting the requirements. The checkpoints under not meeting the requirements are up to the Management of the Organization to develop further.

1.7. List of Instruments used in the Inspection Process

During the on-site visit the below listed instruments are used by the Lead Auditors and Technical experts to check the specific parameters in the view of maintaining sustainability. All the instruments are calibrated by ISO 17025 accredited labs (JRTS Technical Services, Chennai, Tamil Nadu and Instruments Calibration and Test Centre, Coimbatore, TN). The frequency of calibration is six months once or 20 times after its use.

1.7.1. Oxygen Meter

Oxygen meter is used in the audit process to measure the oxygen level in the organization. The instrument is calibrated after using 20 times. Suitability of the instrument are range between 0 to 30% O_2, resolution of 0.1%, accuracy is ± (1% reading + 0.2% O_2), response time is ≤ 15 seconds, environment pressure range is 0.9 to 1.1 atmosphere, temperature range is 0 °C to 50°C, 32°F to 122°F, temperature resolution is 0.1°C, temperature accuracy is 25°C.

1.7.2. Carbon dioxide meter

Carbon dioxide meter is to measure the carbon level in the organization. The instrument is calibrated after using 20 times. Suitability of the instrument are range between 0 ~ 4000 ppm, resolution of CO_2 Meter is 1 ppm, accuracy is ≤ 1,000 ppm, repeatability is ± 20 ppm, temperature range between 0°C to 50°C, 32°F to 122°F, temperature resolution is 0.1°C, temperature accuracy is at 25°C.

1.7.3. Light (LUX) Meter

Light meter is to calculate the light intensity in the organization. Suitability of the instruments are, 5 ranges. ie., 40.00, 400.0, 4,000, 40,000, 400,000 Lux, operating temperature is 0 to 50°C, Operating humidity is less than 80% RH, Power consumption is DC 8 mA approximately. This Instrument will be calibrated yearly once or during non-functioning.

1.7.4. Sound Level Meter

Sound level meter is to measure the noise level in the organization. This instrument is calibrated yearly once or after using 20 times. Suitability of the instruments are measurement range is 30 – 130 dB, resolution is 0.1 dB, accuracy is (23±5 °C), Frequency of the instrument is 31.5 to 8,000 Hz, Operating temperature is 0 to 50 °C (32 to 122 °F), Operating humidity is less than 80% RH, Power consumption is DC 6 mA approximately.

1.7.5. pH Meter pH meter is generally used to measure the pH level in water. It is calibrated 6 months once or after 20 times of its use. Suitability of the instrument are range of the pH meter is 0 – 14, accuracy is ± 2%, resolution of the instrument is 0.1 pH, operating temperature is 0 to 50 °C (32 to 122 °F).

1.7.6. TDS Meter

TDS meter is generally used to measure the TDS level in water. Suitability of the meter are range of TDS meter is 0 – 9990 ppm (mg/L), operating temperature is 0 to 80 °C (32 to 176 °F) and accuracy is ± 2 %. This meter is calibrated six months once or 20 times after its use.

1.7.7. GPS Meter

GPS meter is subjected to know the latitude and altitude, location, etc., Suitability of the GPS meter are, dimension is 2.1" x 4.0" x 1.3" (5.4 x 10.3 x 3.3 cm), Display resolution is 128 x 160 pixels an GPS Map features included in Continental Europe. It is calibrated six months once or after 20 times of the usage.

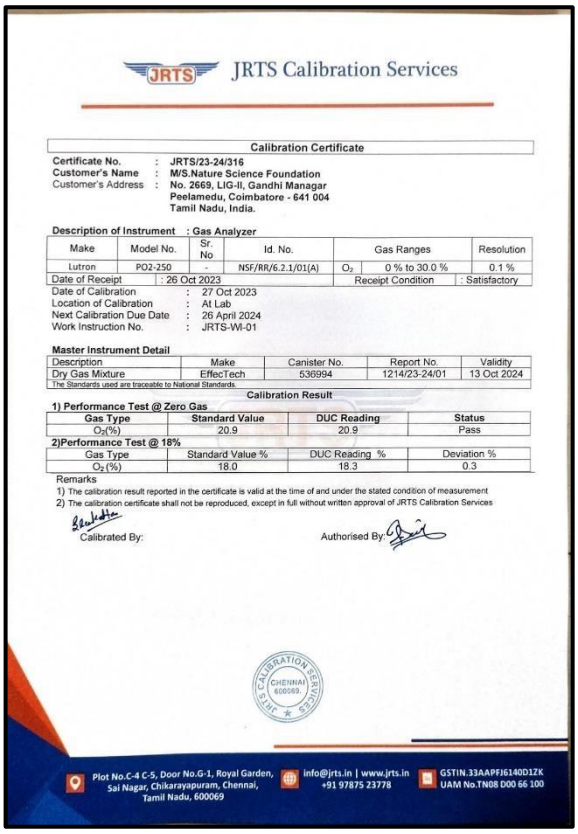

1.7.8. Deluxe Water and Soil Analysis Kit

Deluxe water and soil analysis kit is used to analyze the pH, TDS, salinity, turbidity, alkalinity dissolved oxygen of water.

1.7.9. Digital Clamp (Voltage) Meter

It is used to check the input and output voltage between two points of an electrical circuit of Alternating Current (AC) and Direct Current (DC) by means of the high resistance of the voltage that impede the flow of current.

1.7.10. Calibration Certificates of Instruments used for the conduct of audits

JRTS Calibration Services

Calibration Certificate

Certificate No. : JRTS/23-24/316
Customer's Name : M/S.Nature Science Foundation
Customer's Address : No. 2669, LIG-II, Gandhi Managar Peelamedu, Coimbatore - 641 004 Tamil Nadu, India.

Description of Instrument : Gas Analyzer

Make	Model No.	Sr. No	Id. No.	Gas Ranges	Resolution
Lutron	PO2-250	-	NSF/RR/6.2.1/01(A)	O_2	0 % to 30.0 %	0.1 %

Date of Receipt : 26 Oct 2023 Receipt Condition : Satisfactory
Date of Calibration : 27 Oct 2023
Location of Calibration : At Lab
Next Calibration Due Date : 26 April 2024
Work Instruction No. : JRTS-WI-01

Master Instrument Detail

Description	Make	Canister No.	Report No.	Validity
Dry Gas Mixture	EffecTech	536994	1214/23-24/01	13 Oct 2024

The Standards used are traceable to National Standards.

Calibration Result

1) Performance Test @ Zero Gas

Gas Type	Standard Value	DUC Reading	Status
O_2(%)	20.9	20.9	Pass

2)Performance Test @ 18%

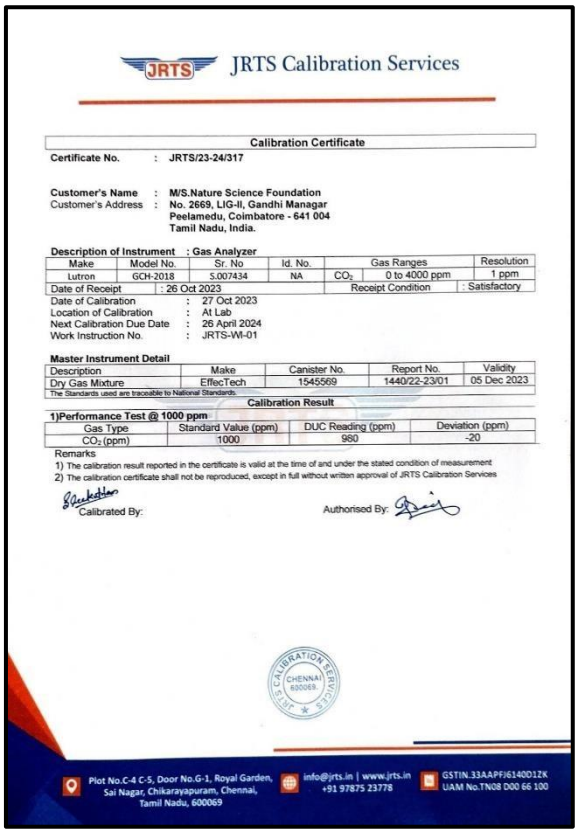

Gas Type	Standard Value %	DUC Reading %	Deviation %
O_2(%)	18.0	18.3	0.3

Remarks
1) The calibration result reported in the certificate is valid at the time of and under the stated condition of measurement
2) The calibration certificate shall not be reproduced, except in full without written approval of JRTS Calibration Services

GPS calibration at North Railway Station Coimbatore - 641012, Tamil Nadu

GPS Calibration at North Railway Station Coimbatore, Tamil Nadu - 641012

1.8. Use of Personal Protective Equipment (PPE)

Personal Protective Equipment (PPE) refers to protective clothing for the eyes, head, ears, hands, respiratory system, body, and feet. It is utilized to protect individuals from the risks of injury while minimizing exposure to chemical, biological, and physical hazards. PPE serves as the final line of defense when engineering and administrative controls are insufficient in reducing risks. Nature Science Foundation safeguards all the auditors by supplying PPE during the conduct of audits. PPE used are safety jackets, ear plugs, googles, face shield, hand gloves, shoes, etc.,

1.8.1. Safety jackets:

PPE includes safety vests and suits that can be used for inspection process which will protect body injuries from extreme temperatures, flames and sparks, toxic chemicals, insect bites and radiation.

1.8.2. Goggles and Face shield:

Goggles and face shield are used in the inspection process while inspecting items which would cause eye damage or loss of vision, spray or toxic liquids especially in chemistry labs, nearing the electric and electronic item.

1.8.3. Helmet:

PPE includes hard hats and headgears which will be required for tasks that can cause any force or object falling to the head. It also helps to resist penetration.

1.8.4. Hand gloves:

PPE includes safety gloves and should be used for tasks that can cause hand and skin burns, absorption of harmful substances, cuts, fractures or amputations**.** Selection of hand gloves is based on the application of use.

1.8.5. Safety Boots:

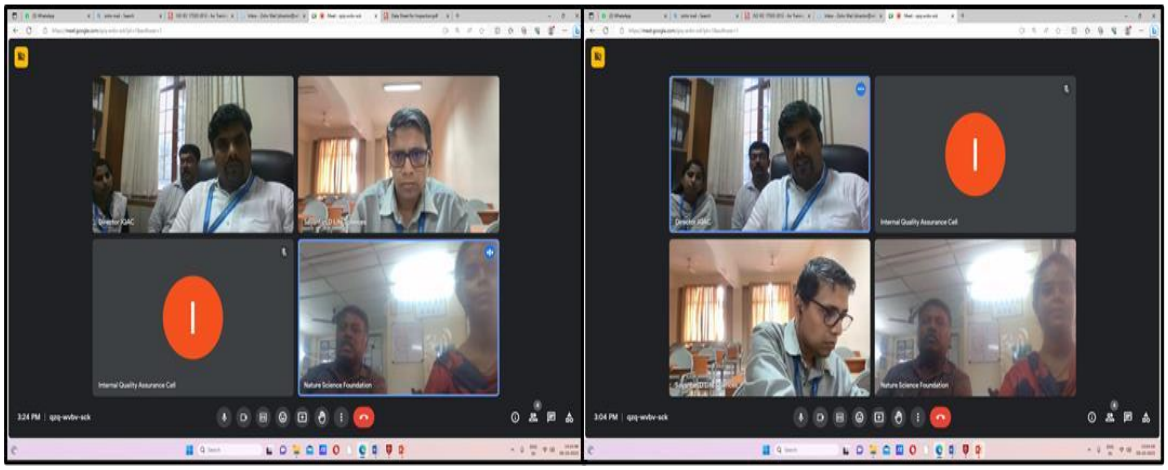

Foot protection is one of the most commonly used PPE and can differ depending upon the environment. Safety boots are used for tasks that can cause serious foot and leg injuries from falling or rolling objects, hot substances, electrical hazards, and slippery surfaces.

1.8.6. Ear Plug:

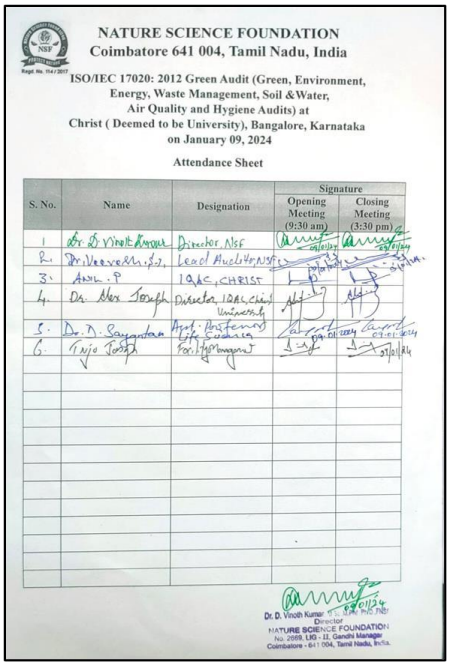

Ear plugs are used for tasks that can cause hearing problems and loss of hearing. Hearing protection devices reduces the noise energy reducing reaching and causing damage to the inner ear. This ear plug is mostly used near sound producing devices like power motors, genets, generators, etc.,

2. GREEN AUDIT

2.1. Introduction

Green audit ensures the Organization's campus should have greenish with large diversity of trees, herbs, shrubs, climbers and lawns to reduce the environmental pollution and soil erosion; it is also useful in relation to biodiversity conservation, landscape management, irrigation/economic water utilization and maintenance of natural topography besides vegetation. For the benefit of stakeholders, solid waste management, recycling of water, disposal of sewage and waste materials (electronic and biomedical wastes), 'zero' use of plastics, single use plastic items, etc. should be followed consistently in the organization campus. Green Audit procedures include the definition of green audit, methodology on how to conduct green audit at Educational Institutions and Industrial sectors as per the checklist based on National Building Code (NBC) Part 11 - Approach to sustainability and assessment of risk at 360^{o} view.

2.2. Importance of green audit

The Management of the Organization (Auditee) should be exposed their inherent commitment towards making ecofriendly atmosphere through the green auditing and ready to encourage/follow all types of green activities. A clean and healthy environment will enhance an effective teaching/learning process. They should create the awareness on the importance of greenish initiatives through environmental education among the student members and research scholars. Green audit is the most effective, ecological approach to manage environmental complications (Rajalakshmi *et al*., 2023). Green audit is a kind of professional care and a simple indigenized system about the environment monitoring in terms of planting a greater number of trees which is a duty of each and every individual who are the part of economic, financial, social and environmental factors. Green audit is a professional and useful measure for an organization to determine how and where they are retaining the campus eco-friendly manner. It can also be used to implement the alleviation measures at win-win situation for the stakeholders and the planet. It provides an opportunity to the stakeholders for the development of ownership, personal and social responsibility.

2.3. Green audit observations

- It is observed that the Organization has facilities (ramp walk, lift, wheel chair, rest rooms, etc.,) for disabled and different age group people.
- Monitoring plan is available for the periodic checking at proper time interval to maintain sustainability.

- Adequate training and awareness programmes are conducted to the Stakeholders for sustainable development at all stages of building life cycle.
- More than 30% of open space is maintained as soft scapes (vegetation) to lower the energy conservation in the campus.
- Land scape design is planned to maintain the natural capacity of the site.
- Land scape irrigation is performed as per the microclimatic condition like during humid through irrigation is observed.
- Vegetation is available around the building to reduce energy consumption and maintain indoor climates.
- Soil health is maintained well without using any chemical fertilizers.
- Ecological design such as Transplantation, climate and design in accordance with bio diversity, reduced pesticides and other activities are not applicable because no new construction is planned and raised.
- Terrace garden and green roof system are available to maintain sustainability.
- Plant and animal species are monitored by conducting the periodic survey in the Organization.
- Traffic survey is conducted to measure the number and type of vehicles passing on the existing main roads giving access to the campus

2.3.1. Facilities for Human Comforts (NBC checkpoint 3.2. and 3.9.)

As per the National Building Code part 11 (Approach to Sustainability) under elements of sustainability quality of plumbing services and buildings are maintained in line with the standard. Ramp walk are implemented for the benefit of disabled and different age group people.

Ramp walk facilities designed for the comfort of person with disability.

2.3.2. Natural topography, vegetation and monitoring (NBC checkpoint 6.2.4.)

Natural topography means the original geographical features and natural resources of the Site. It is observed that the organization has the natural features like rocks, water resources, slopes, landscape, pathways, etc. Vegetation is the cultivation of a bunch of plants irrespective of the plant *taxa* for the covering of the area or ground topography. The observation at the campus indicated that there are more than 40% natural topography and vegetation. Monitoring plan for maintaining the vegetation and sustainability are evident through separate operation and maintenance team & their records for regular watering as per the micro climatic condition through irrigation.

Natural Topography and Vegetation at the Campus

2.3.3. Landscape design and soil erosion control (NBC Checkpoint 7.1.1. – 7.1.3.)

Landscape design is an important feature for any disasters to control especially with respect to the soil erosion. In general, soil erosion occurs if the design of the land is not altered so as to prevent the slope features by strong vegetation and use of a plant buffer zone as safe for escape of nutrients or fertilizers entering the streams. Observation revealed that the audited site has very good landscape design without disturbing the natural vegetation. Contour ploughing is being done at right angles to the slope wherever possible and ridges and furrows are properly maintained to break the flow of water down to the empty land. These activities are widely adopted to control soil erosion in the campus. Microclimatic conditions are considered, during winter season irrigation and watering to plants are controlled as per the water management plan. External landscapes are designed based on the shading pattern of the building. Green vegetation are available around the building to reduce the energy consumption.

Landscape design and soil erosion control in the Campus

2.3.4. Establishment of different gardens, vertical landscaping and roof gardens (NBC Checkpoint 7.1.1. – 7.1.3.)

It is observed that Organization has implemented and maintaining terrace gardens to lower the energy consumption. To maintain certain biomass critical for human health and also to reduce the bio-retention through water flow rates different types of gardens like ornamental garden is implemented in the campus.

Vertical and Herbal Gardens observed in the Campus

2.3.5. Survey of Flora and Fauna (NBC Checkpoint 12.4.5. and 12.4.6.)

Ensuring the rich biodiversity in the green campus is an important parameter which reflects the real-time ecosystem. In general, plants improve the outdoor air quality with increased oxygen levels and reduced temperature and carbon dioxide. The record on maintenance of the plant biomass and its management are important with respect to green campus initiatives. The existence of such plants and birds in the green campus are recorded for the rich flora and fauna which are being considered as a value addition to the campus.

Delonix regia

Colvillea racemosa

Spathodea campanulata

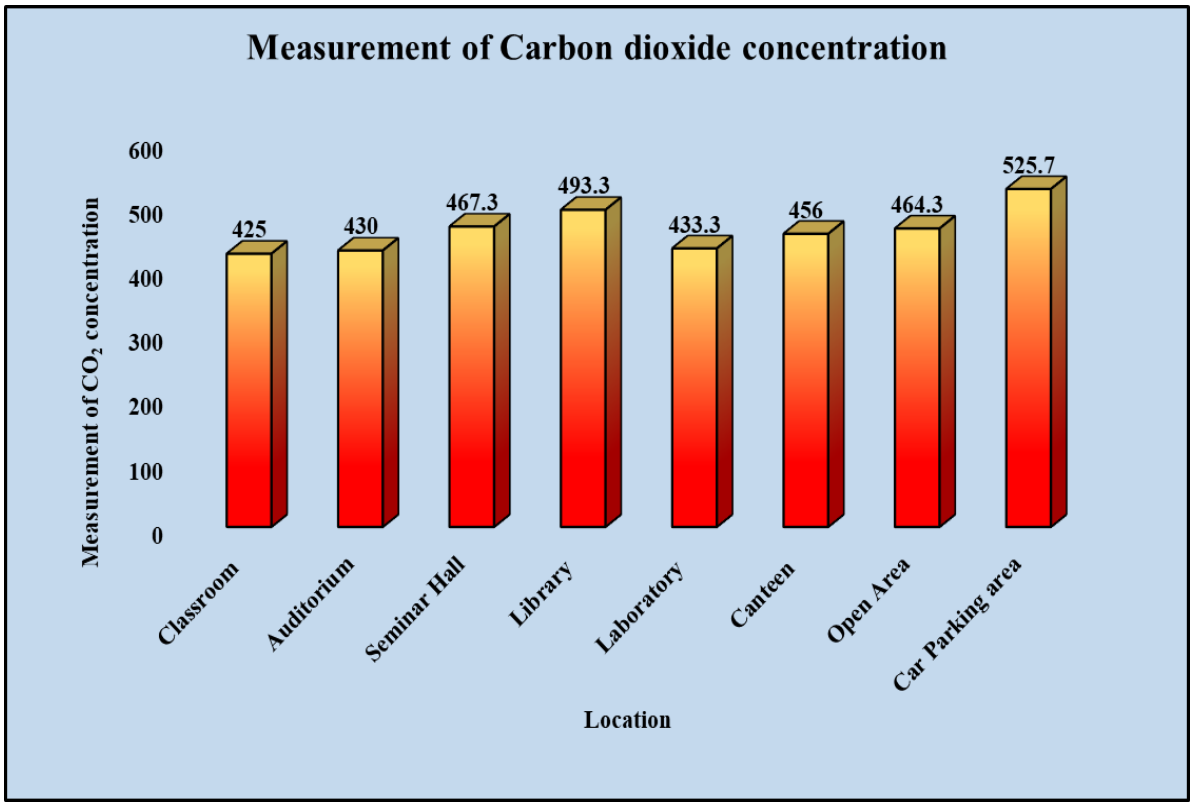

2.4. Air quality audit observations (NBC Checkpoint 12.4.3.)

It is observed that carbon dioxide and oxygen values are acceptable range. The air circulation is very good in all the places which in turn useful to give pure air to the stakeholders. The observation showed that the concentration of CO_2 in the atmosphere is found to be optimal which did not exceed the critical limit of CO_2. It is further revealed that all the selected locations are having pure air without any air contaminants with good air exchange/circulation in the campus. Some of the places like Canteen and Class Rooms are recorded with high level of carbon dioxide level due to student mobilization and the maximum number of electrical items fixed from which the carbon dioxide emission was observed followed by all laboratories and seminar and auditorium halls (Table 1).

Table 1. Measurement of CO_2 concentration in the Organization

S. No.	Different locations of the Organization's Campus	Carbon dioxide level (ppm)*	Remarks
1.	Classroom	425.0	Within permissible limits
2.	Auditorium	430.0	Within permissible limits
3.	Seminar Hall	467.3	Within permissible limits
4.	Library	493.3	Within permissible limits
5.	Laboratory	433.3	Within permissible limits
6.	Canteen	456.0	Within permissible limits
7.	Open Area	464.3	Within permissible limits

Mean		410.56 %	
SEC ±		2.16	
CD at P=0.05%		3.84	

Figure 2. Measurement of CO_2 concentration in the Organization

2.5. Atmospheric oxygen level measurements analysis and interpretation

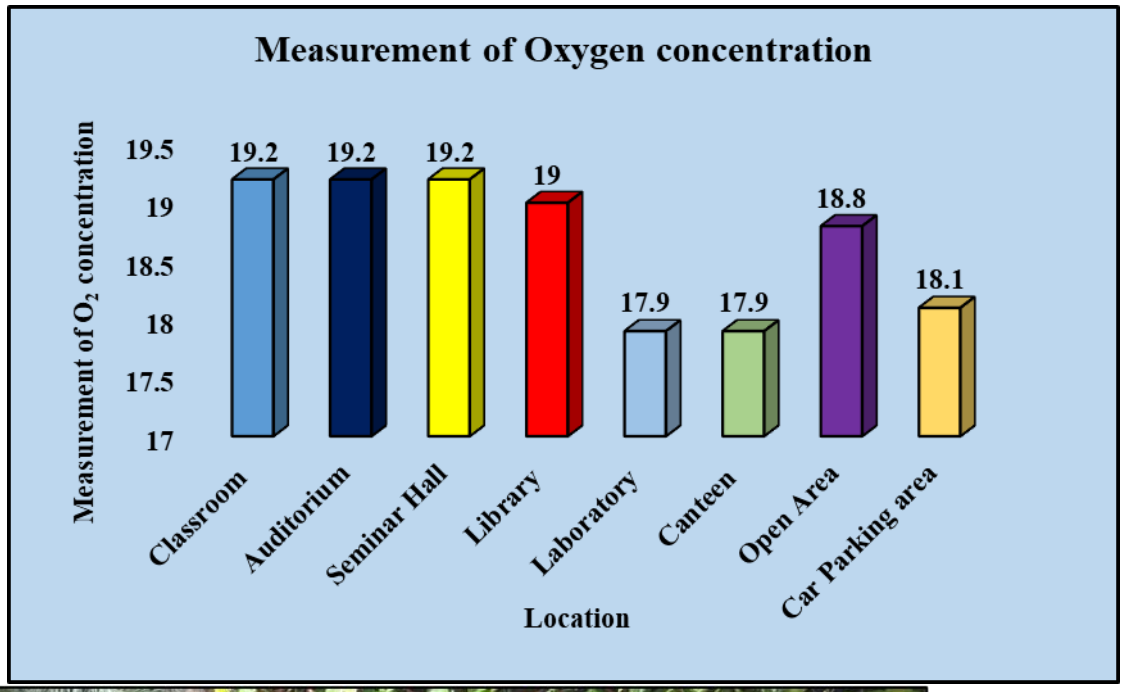

Oxygen level refers to the amount of oxygen available within the atmosphere or water bodies. Oxygen is produced/released as a by-product of photosynthesis, the metabolic activity of all green plants besides certain microbes. Oxygen plays a paramount role in metabolic activities like respiration and the energy-producing chemistry of all living organisms. In order to quantify the oxygen level, Oxygen Meter is used. The atmosphere contains 18-21% oxygen concentration, 75-78.5% nitrogen and 2- 3% other gases like carbon dioxide, neon and hydrogen. The amount of oxygen level in the atmosphere is determined by abiotic factors like altitude, latitude and longitude and biotic factors like plantations in the surroundings. If it excess, it causes oxygen toxicity and oxygen poisoning by creating coughing, breathing trouble and damage the lungs to human beings. The oxygen level of different places at the campus are monitored and presented (Table 2).

Table 2. The oxygen concentration at different places of audited organization

S. No	Location	Oxygen Level (%) *	Remarks
1.	Classroom	19.2	O_2 level is good
2.	Auditorium	19.2	O_2 level is good
3.	Seminar Hall	19.2	O_2 level is good
4.	Library	19.0	O_2 level is good

Measurement of Carbon dioxide and oxygen concentration in the Campus

3. SOIL AND WATER AUDIT

3.1. Introduction

Soil and water are inequitable natural resources of India at global level. Soil are naturally occurring loose covering on the earth's surface. Weathering altered the rock particles of soil into mixtures of mineral and organic constituents. Soil is rich in microorganisms such as bacteria, fungi, actinomycetes, algae, protozoa and nematodes. The microorganism of the soil helps in enzymatic degradation of organic matter, energy storage and conversion of nutrients in available form in their biomass. Water the other natural resource constituting with 97% of salt water and 3% of fresh water. The use of water is inevitable in our daily needs. Water is used in agriculture, industrial, household, recreational and environmental activities. The natural source of fresh water are surface water and ground water.

Soil and water are natural resources of the organization that has to be structured, planned and developed from the point of entry to end users the stakeholders in such a way with contamination free soil and water, sustainable use of land and water and suitable measures for their conservation. Soil and water audit is a tool to improve the quality of the land and water to provide a healthy environment for the stakeholder directly and indirectly of the campus. It creates awareness on environmental ethics, resolves environmental issues and offers solutions to various social and economic needs. It strengthens the concept of 'Jal Jeevan Mission' and 'Sustainable Land Management' among stakeholders of India for the protection of natural ecosystems for future prospects. Soil and water audit helps the educational institutions/ industries to maintain ecofriendly environment, assures personal hygiene to various stakeholders and supports the nation; on the whole for the noble cause of environmental protection and nature conservation which in turn enhances the quality of life of all living beings.

Most of the soil in India are well drained, deep, fairly loamy, slightly acidic to alkaline and lime-free soils and they are ideal for variety of plant cultivation. The Indian soils are mainly derived from gneissic rock containing large amount of mica with good behavior of water holding capacity with abundance of micro and macro elements. Some of the soils are characterized by clay loam type, classified as latosols with good organic matter contents along with sufficient amount of nitrogen, potassium and phosphorous contents all tea soils are distinctly acidic, rich in nitrogen content.

3.2. Soil and Water audit observations

1. The campus has well established rainwater harvesting models, percolation pond to recharge the bore wells by collecting rainwaters from the building roofs, open areas and playgrounds including unexplored areas which are channelized properly.

2. The physic-chemical properties of soils revealed that the soil health is good towards the construction of building and the cultivation of various native and wild type plant species.
3. The water quality parameters revealed that the quality of water is good in terms of domestic and irrigation purposes.
4. It is observed that the Organization is created massive facilities for wastewater treatment to purify the wastewaters to manage the wastewaters effectively.
5. A well-established rainwater harvesting system to recharge water ground status by collecting rainwaters from the campus coinciding with the contour of the terrain and natural drains.
6. Solar water heater are available to serve hot water for domestic purpose.
7. Low flow fittings, low cisterns and bath faucet are available to conserve water.

3.2.1. Geology, topography and soil condition (NBC Checkpoint 12.4.1)

The Organization is located in the Bangalore District of Karnataka, India.

Bangalore is situated in the southeast of the South Indian. It is positioned at 12.97° N 77.56° E and covers an area of 2,190 square kilometres (850 sq mi). A landlocked city,

Bangalore is located in the heart of the Mysore Plateau (a region of the larger Deccan Plateau) at an average elevation of 920 metres (3,020 ft). Bangalore district borders with Kolar and Chikkaballapur in the northeast, Tumkur in the northwest, and Mandya and Ramanagaram in the southeast. The topography of Bangalore is undulating with a central ridge running NNE-SSW. The highest point is Doddabettahalli, which is 962 m (3,156 ft) and lies on this ridge.[4] No major rivers run through the city, though the Arkavathi and [Dakshin Pinakini river] cross paths at the Nandi Hills, 60 km (37 mi.) to the north. River Vrishabhavathi, a minor tributary of the Arkavathi, arises within the city at Basavanagudi and flows through the city. In most parts of the city the soil is of thin veeneer soil. Most of the soil is black clayey soil, while some parts of the Dindigul town have the red soil in it.

3.2.2. Assessment of Physico-chemical property of Soil samples

Soil physic-chemical properties influence the behaviour of soil and hence, knowledge of soil property is important. Soil testing is the only way to understand the soil health and to determine the available nutrient status in soil. The fertility of the soil depends on the concentration of N, P, K, organic and inorganic materials, conductivity. The results on soil samples analysis revealed that the pH, Electrical conductivity, total organic carbon, total nitrogen, available phosphorous and exchangeable potassium were found to be within the range and suitable for building constructions and cultivating the plants corresponding to the soil health. Bangalore has a handful of freshwater lakes and water tanks, the largest of which are Madivala tank, Hebbal Lake, Ulsoor Lake and Sankey Tank. Groundwater occurs in silty to sandy layers of the alluvial sediments. The Peninsular Gneissic Complex (PGC) is the most dominant rock unit in the area and includes granites, gneisses and migmatites, while the soils

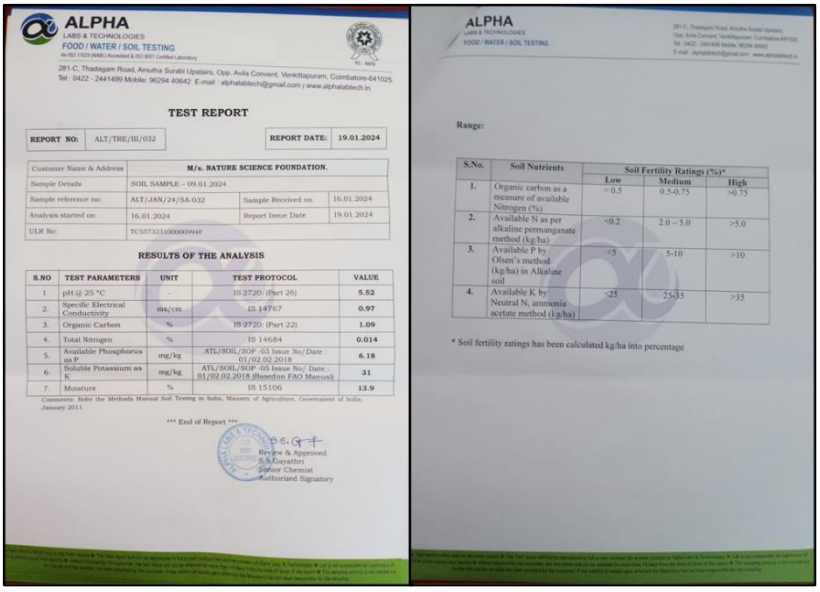

of Bangalore consist of red laterite and red, fine loamy to clayey soils.

Soil Sample Test Result:

S.No	Test Parameters	Value	Unit	Test Protocols	Comments
1.	pH @ 25 ^{o}C	5.52	-	IS 2720: (Part 26)	Sufficient
2.	Specific Electrical Conductivity	0.97	ms / cm	IS 14767	Sufficient

3.3. Water management activities (NBC Checkpoint 7.3, 10.2 – 10.5 and 12.4.2.)

In order to conserve water resources, it is essential that any environmentally responsible institution should examine its water use practices. Water auditing is conducted for the appraisal of facilities of raw water intake and determining the facilities for water treatment and reuse. Auditor concerned investigates the relevant method that can be adopted and implemented to balance the demand and supply of water. The Organization is taking enough attempt to manage wastewater that are coming out from various Department laboratories, hostels and canteens as per the water management plan. Solar water heaters are available for the domestic use of water. Chemicals like bromine and chlorine are avoided to maintain the water quality and to maintain hygienic environment to the stakeholders. Low flow fitting are implemented in the recently constructed building to conserve water.

Water Cooler details available at the Campus

Sewage Treatment Plant available in the Campus

3.3.1. Operational water supply thro' drip and sprinkler systems

Maintaining the green campus, water conservation mechanisms should be applied efficiently in the campus. Well planned water irrigation systems like sprinkler and drip should be implemented in the entire green area of the campus for an effective water management system. This can be implemented only when the plantations are well planned. Vegetative area of the audited organization has taken sufficient efforts to maintain the plants greenish and frequency of watering to the plants.

Irrigation Facilities, Borewell Units and RO Units observed in the Campus

3.3.2. Rainwater harvesting system and percolation pond

Rainwater harvesting system is a traditional old practice not only in drought prone areas and also in areas having seasonal rainfall. Indian traditional rainwater harvesting systems are constructed based on three modes either direct pumped, indirect pumped or by both modes. In addition, lakes, ponds, water channels and any other water reservoir methods are considered as the rainwater harvesting system. During the audit it has been observed that the organization has well developed and maintained rain water harvesting system. Rainwater harvesting structures have been commissioned at different locations of the audited organization's campus.

Rainwater harvesting units in the Campus

3.3.3. Water quality

After air, water is the second most critical element for life to exist. As a result, the scientific literature has numerous descriptions of water quality. It is the physical, chemical and biological characteristics of water, is the most frequently used definition of water quality.

Water quality is a measurement of the state of water in relation to the needs of one or more biotic species and/or to any human need or purpose.

- One of the most crucial aspects of water quality is pH. It is described as the hydrogen ion concentration's negative logarithm. It is an arbitrary number that expresses how acidic or basic a solution is. Actually, water's pH is a gauge of how acidic or basic it is. Both basic and acidic water have more hydrogen (H+) and hydroxyl (OH) ions than usual.
- Total dissolved solids is referred to as TDS. It calculates the overall concentration of soluble salts and minerals in water. One mg/L of dissolved minerals, for instance, means that the water pitcher contains one mg/L of TDS.
- The salinity of a body of water, commonly known as saline water (also see soil salinity), is the degree to which salt is present. It is often measured in grams per litre (g/L). Water that is cloudy is referred to as turbid. It gauges how well light can travel through water. It is brought on by particulate matter suspended in water, including clay, silt, organic matter, plankton and other particles.
- One of the most crucial indicators of the water quality in streams, rivers and lakes is dissolved oxygen (DO) which is regarded as one of the factors. It is an important indicator of water pollution. The water quality improves as the dissolved oxygen concentration does.

Water samples for Test Analysis using pH and TDS Meters

3.3.4. Standards for physico-chemical properties of water

The water samples collected from various sources, i.e., RO water, tap water, bore well water, wastewater and treated water samples were subjected to analyze for its physico-chemical parameters. The results showed that all the parameters were found to be appreciable and no harmful effect was recorded (Table 9). These parameters were observed to be within the limit of Indian Standards of drinking water quality. The observed pH values were found to be 6.5 - 8.5 ranges. Similarly, observed TDS and salinity were 0 - 900 mg/L and 300 - 380 mg/L, respectively. Turbidity and dissolved oxygen were 4.5 – 5.5 NTU and 6.5 - 8.0 mg/L, respectively which are compliance with ISI standards.

Table 9. Physico-chemical properties of various water sources

S.No.	Water source	pH	TDS (mg/L)	Salinity (mg/L)	Turbidity (NTU)	Dissolved Oxygen (mg/L)
1.	RO water	6.9	73.3	320.0	4.5	6.7
2.	Tap water	8.0	124.7	352.3	4.6	7.3
3.	Pond water	8.2	279.7	321.0	5.0	7.7
4.	Waste water	7.2	274.7	311.0	5.1	6.7
5.	Treated water	8.3	387.0	307.0	5.4	7.6
Mean		7.71	254.24	322.2	4.92	7.3

Source: IS 10500: 2012

3.3.5. Water consumption rate

Since several variables are influenced water consumption by various stakeholders of an organization; it is hard enough to precisely assess the water quantity demanded by the public. Water is an immense requirement of any living organism. Though it is a natural resource, we are exploiting water for various purposes in day-today activities. As an educational institution, water requirement for various activities may differ. Per capita Domestic Consumption in Hostels combined with Canteen ranges between 90 - 125 litres. Industrial or laboratory demand for water is estimated ranges between 100 - 300 litres. Losses as leakages and routine consumption accounts approximately 30 - 50 litres (per capita) and other uses daily usage uses accounts another 50 litres.

Table 10. Water consumption for various purposes

S.No.	Types of consumption	Normal range (L/capita/day)	Average
1.	Per capita domestic consumption at hostel and canteen	95-125	110

2.	Industrial and commercial demand at laboratories	140 - 260	175
3.	Public uses including fire demand, transport washes	2600-3600	2800
4.	Losses and waste as routine consumption	35-50	35
5.	Daily use (day-to-day use)	60	32

4. Conclusion

Considering the fact that the organization is a well-established academic institution and there is significant scope for conserving green, environment, energy, waste management, soil & water management, air quality and hygiene which in turn make the campus as self-sustained. The organization has taken enormous efforts to maintain green campus in a sustainable manner. It has conducted a large number of activities for the benefit of rural and tribal community people without disturbing the natural environment. The installation of a rainwater harvesting system and irrigation system to conserve rainwater and improve the ground water levels are noteworthy. The Organization has created medicinal, herbal and ornamental gardens at small scale level for establishing a massive reforestation / afforestation programme in which a large number of trees and shrubs species were planted together for providing an eco-friendly atmosphere to the stakeholders in a sustainable manner.

The energy conservation initiatives taken by the organization are substantial. Water and Soil conservation activities are also implemented and practiced. Proper facilities and procedures are followed for waste collection, segregation, disposal, recycle and reuse. Quality of soil and water observed to be good. Hygienic practices are monitored and maintained considering the health and sustainability of the stakeholders at canteen and hostel premises. Tree plantation at appropriate locations is maintained to resist the indoor climate and conserve energy as per the National Building Code (Part 11 – Approach to Sustainability). The organization has made significant progressive contributions with respect to teaching learning, research and consultancy, innovation and transfer of technology, community service and value education, in toto. It imparts quality education to rural, tribal and urban people across the nation which is excellent in terms of academic activities and providing an eco-friendly atmosphere to the stakeholders.

Workshop On Contract Drafting, Focusing On Investment And Transaction Docu

Intensive Workshop On Contract Drafting
CHRIST (Deemed to be University)
The Department of Legal Studies at CHRIST (Deemed to be University) organized an intensive workshop on contract drafting, focusing on investment and transaction documents. The session covered key areas such as drafting share purchase agreements, subscription agreements, and ancillary contracts involved in investment deals. Expert speakers delved into the intricacies of various stages of investment transactions, highlighting due diligence, investor protection, and balanced contractual terms. The discussions provided students with a comprehensive understanding of drafting commercial contracts, drawing from various disciplines within the legal field.

In addition to the theoretical sessions, the workshop featured a drafting competition where students were challenged with real-world scenarios. This interactive competition allowed participants to apply the skills they had learned, drafting legal documents under time pressure. The competition offered an invaluable learning experience, as students received detailed feedback from experienced legal professionals. The high-pressure environment fostered collaboration and quick thinking, enhancing the students' ability to draft precise and comprehensive contracts.

The workshop not only focused on technical legal skills but also emphasized the importance of commercial awareness in contract drafting. Students left with a deeper understanding of how to structure agreements with clear communication, legal precision, and risk mitigation. Plans for follow-up sessions and one-on-one mentorships were discussed to help students continue developing their skills in specialized areas like mergers and acquisitions (M&As), private equity agreements, and technology contracts. The event was a success, with a budget of Rs 53,000, and income generated reaching Rs 60,800.

National Symposium On Corporate Juris Nexus

National Symposium on Corporate Juris Nexus
29th September 2023
CHRIST (Deemed to be University)

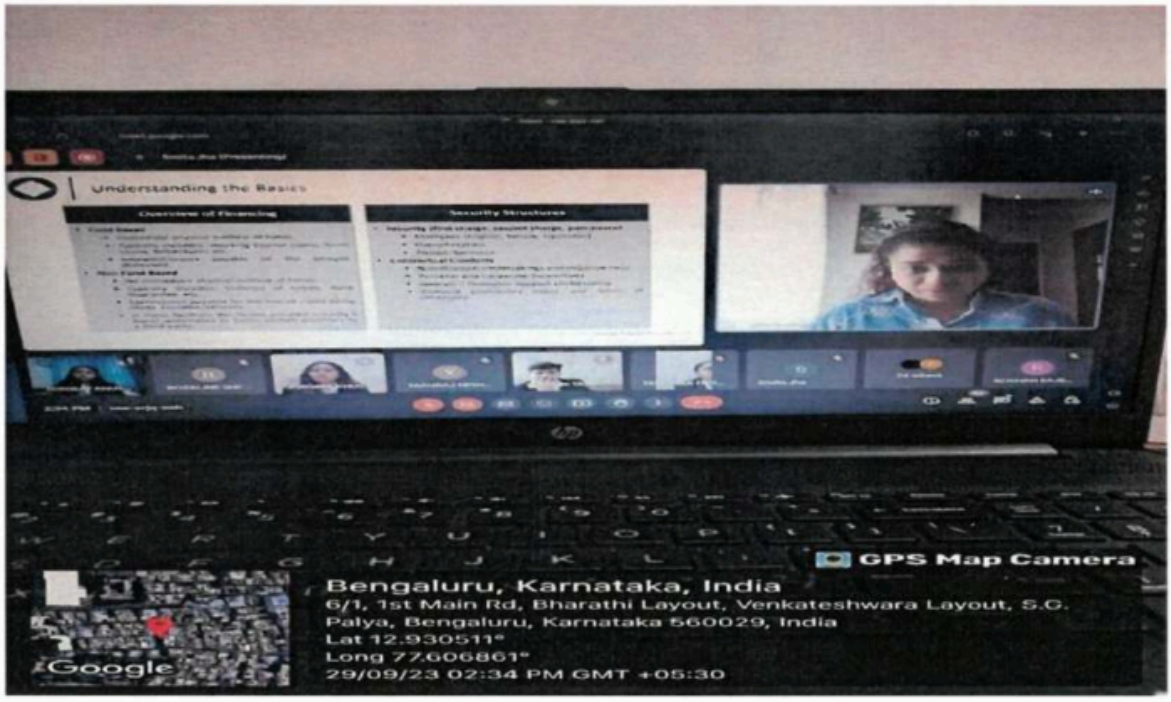

The School of Law, CHRIST (Deemed to be University), organized the "1st National Symposium on Corporate Juris Nexus" in an online format via Google Meet. The event featured prominent legal experts, including partners from prestigious law firms like Shardul Amarchand Mangaldas & Co., J Sagar Associates, Samvad Partners, and Khaitan & Co. The symposium was attended by 64 participants, comprising students from various law courses across India. The speakers delved into key aspects of corporate law, including mergers and acquisitions (M&A), insolvency, corporate restructuring, and banking and finance. Their discussions provided a comprehensive overview of current trends and challenges in these fields, offering students an opportunity to engage with cutting-edge legal concepts.

A major highlight of the symposium was the discussion on the "Prison Pill" strategy in M&A, which is employed by target companies to fend off hostile takeovers. The speakers also emphasized the critical role of technology in M&A transactions, serving as both a tool for due diligence and a potential source of risk. Cybersecurity concerns, antitrust

regulations, and competition law were thoroughly examined as key factors in corporate transactions. Through case studies and expert insights, the students gained a deeper understanding of the legal, financial, and operational risks involved in corporate deals, making the symposium a significant learning experience.

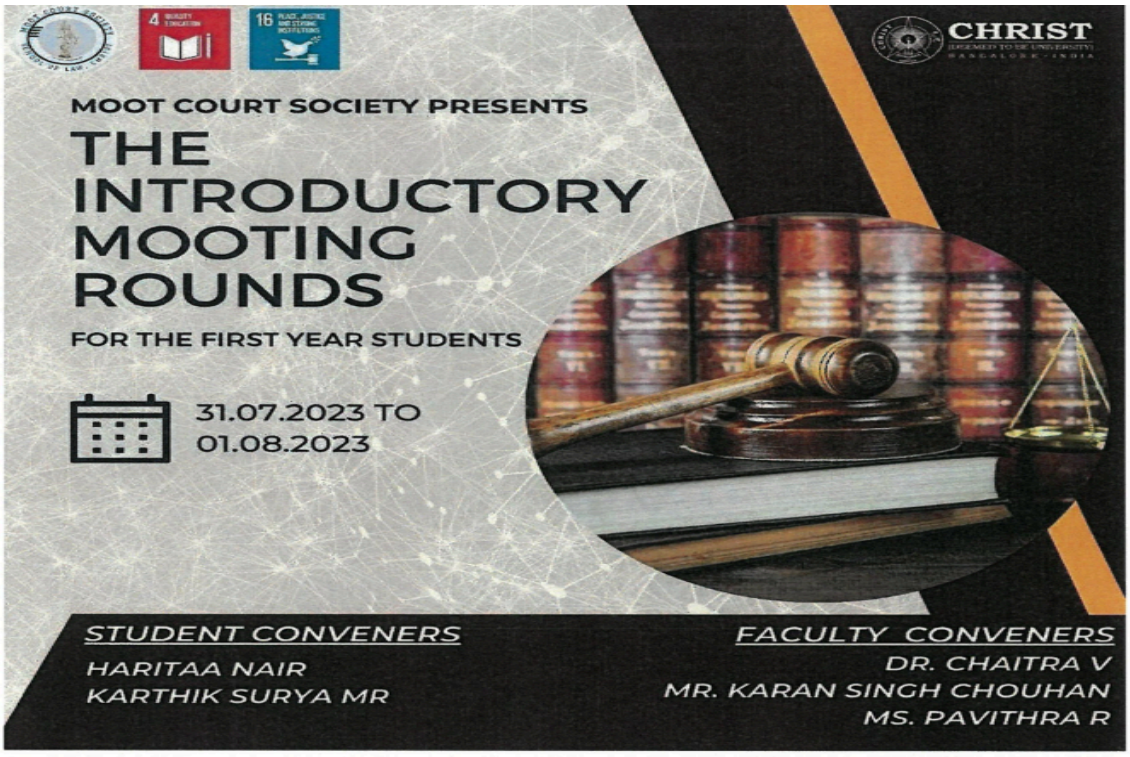

Photographs of the Activity

The event was highly interactive, with students actively participating and posing thought-provoking questions to the panel of experts. The symposium succeeded in fostering awareness and enthusiasm for corporate law among the participants. Moving forward, the School of Law aims to continue organizing such national-level events, with plans for more focused discussions on corporate law topics based on student feedback. Financially, the event was efficiently managed, with a budget of INR 33,500, an actual expenditure of INR 7,822, and an income of INR 32,009, ensuring a successful and sustainable event.

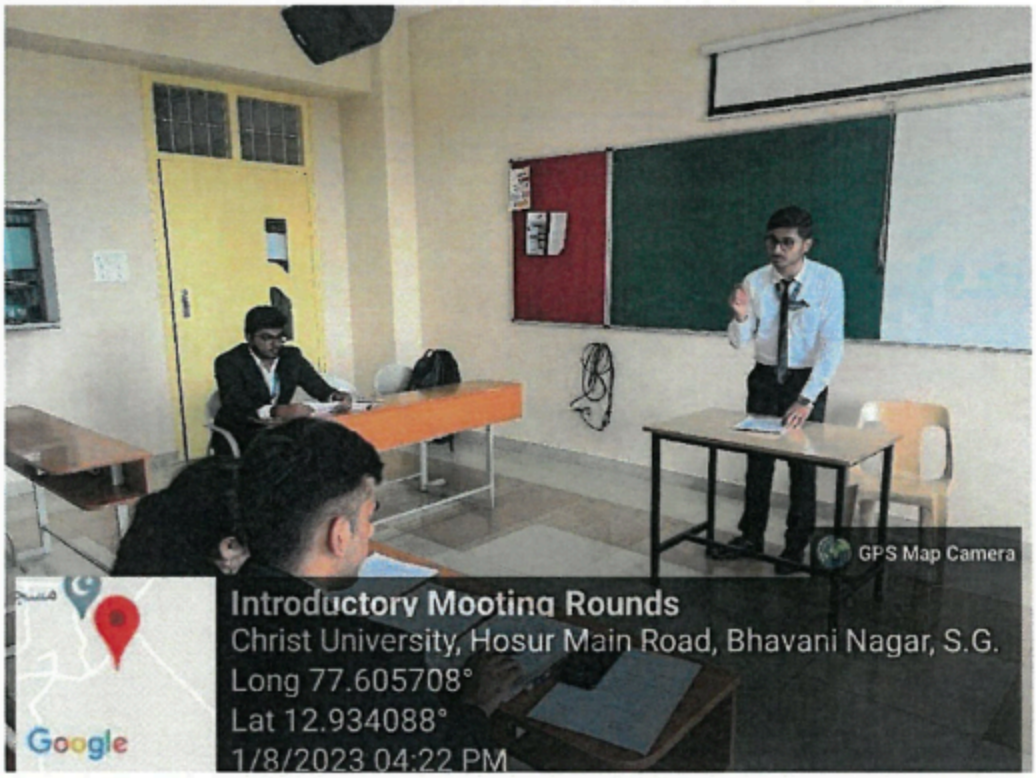

Introductory Mooting Rounds

Introductory Mooting Rounds
31st July to 1st August 2023
EVENT 4th and 5th floors of the Central Block
The School of Law at CHRIST (Deemed to be University), Bangalore, conducted the Introductory Mooting Rounds (IMR) for first-year law students from 31st July to 1st August 2023. This competition, held on the 4th and 5th floors of the Central Block, aimed to introduce new students to the world of mooting, allowing them to develop essential courtroom skills. A total of 400 students participated, representing either the plaintiff or defendant in a moot court setting. The event was overseen by 62 judges comprising fourth and fifth-year law students, while third-year students acted as coaches, helping participants prepare for the rounds.

The highlight of the IMR was the moot proposition based on Tort Law, specifically focusing on trespass and defamation. Participants were provided with guidance on how to conduct legal research, present arguments, and follow courtroom procedures. Each team was assigned either the plaintiff or defendant's side and was evaluated by the senior student judges on various criteria. The competition not only gave first-year students a glimpse into the intricate process of mooting but also instilled in them the necessary skills and knowledge required for future legal competitions.

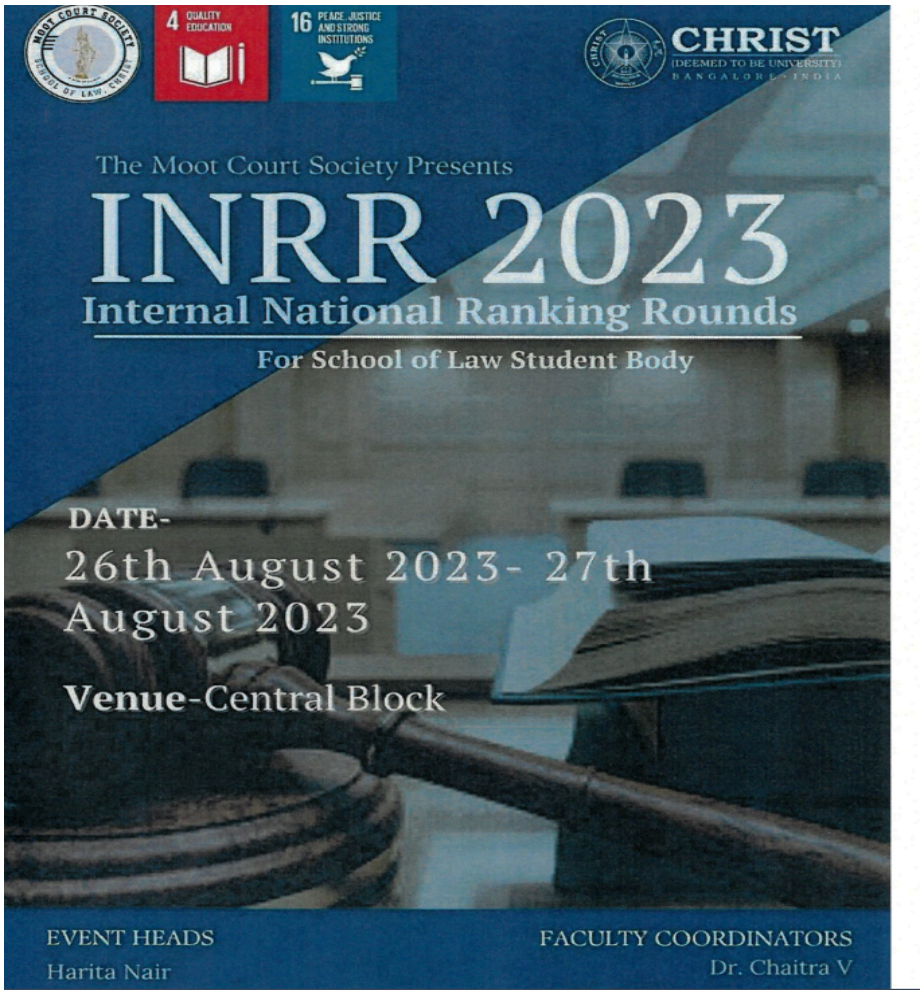

Pictures from the Event

The Introductory Mooting Rounds were a success, with enthusiastic participation from the first-year students and valuable feedback provided by the judges. The Moot Court Society plans to build on this momentum by organizing more competitions, such as the Internal National Ranking Rounds and the Internal Mooting Championships for first to fifth-year students. These upcoming events will further hone the students' legal acumen and prepare them for external national and international moot court competitions. The total budget allocated for the IMR was Rs. 5,380, with Rs. 3,763 spent on the successful execution of the event.

Internal National Ranking Rounds

Internal National Ranking Rounds
26th and 27th August 2023
4th and 5th floors of the Central Block
The School of Law at CHRIST (Deemed to be University), Bangalore, organized the Internal National Ranking Rounds (INRR) on 26th and 27th August 2023. This intra-departmental activity was held on the 4th and 5th floors of the Central Block and involved 477 students from across all five years of the law program. The competition provided participants with an opportunity to represent either the petitioners or respondents and prepare memorandums for both sides. The event was judged by 60 external judges, including litigating and corporate advocates, senior associates, partners, and legal practitioners.

The INRR centered on a moot proposition based on Constitutional Law, focusing on the doctrine of basic structure, judicial review, anti-defection laws, and the interpretation of the definition of 'state.' Students were trained in legal research, drafting memorandums, and presenting arguments in a courtroom setting. The oral rounds were conducted with external judges who evaluated the students based on various criteria and offered

valuable feedback. This competition aimed to rank the teams, enabling them to bid for external moot court competitions.

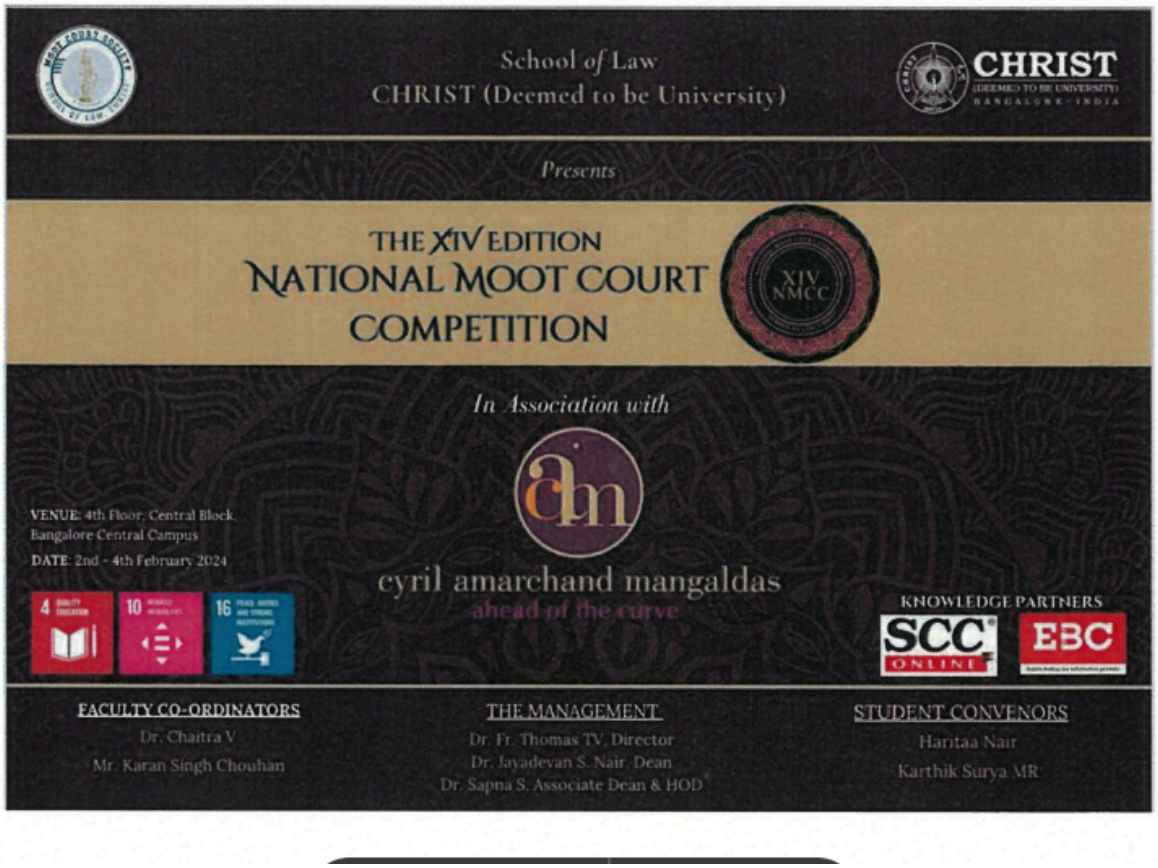

The event successfully fulfilled its objectives, with enthusiastic participation and constructive learning experiences. The Moot Court Society plans to continue developing students' mooting skills by organizing additional competitions, such as the Internal International Mooting Championship (IIMC) and the Internal Mooting Championship (IMC). These future events will further strengthen the mooting culture within the student community at CHRIST, encouraging active participation in national and international competitions.

Internal International Scheduled Moot Ranking Rounds

Internal International Scheduled Moot Ranking Rounds
2nd and 3rd September 2023
CHRIST (Deemed to be University), BangalorE

The School of Law at CHRIST (Deemed to be University), Bangalore, organized the Internal International Scheduled Moot Ranking Rounds (IISMRR) on the 2nd and 3rd of September 2023. This intra-departmental activity was designed to provide undergraduate BA/BBA LLB students the opportunity to compete in international moot court simulations. A total of 153 students participated, competing for rankings that would determine their eligibility for external international moot court competitions. The event was held on the 4th floor of the Central Block, with four external judges, including international law experts, senior associates, and partners from leading legal practices, evaluating the participants' performances.

The moot problem for IISMRR was based on International Criminal Law, with a focus on critical issues such as crimes against humanity, war crimes, genocide, and the Geneva Conventions. Participants were tasked with drafting memorandums for either the Prosecution or Defense and presenting oral arguments in front of the judges. This competition provided students with valuable exposure to the research and procedural aspects of international law mooting. The external judges offered detailed feedback, evaluating students on various parameters such as legal reasoning, advocacy, and

presentation skills. The event served as a crucial platform for students to refine their legal acumen in a competitive and rigorous setting.

Following the successful completion of the IISMRR, the Moot Court Society plans to organize further activities such as the Internal International Mooting Championship (IIMC) and the Internal Mooting Championship (IMC). These initiatives aim to enhance the development of mooting skills among undergraduate law students and foster a strong mooting culture within the university. The total budget allocated for the event was Rs. 61,813, with an expenditure of Rs. 46,179, ensuring the smooth execution of the competition.

14th National Moot Court Competition

14th National Moot Court Competition
2nd to February 4th, 2024
Moot Court Hall, and the Main Auditorium
The 14th National Moot Court Competition (NMCC) was held at CHRIST (Deemed to be University), School of Law, in association with Cyril Amarchand Mangaldas (CAM) from February 2nd to February 4th, 2024. This prestigious national-level competition saw the participation of 41 teams, comprising 121 law students from institutions across India. The competition took place in various locations within the university, including the 4th and 5th floor classrooms, the Moot Court Hall, and the Main Auditorium. The event featured external judges ranging from Associates to Senior Partners from law firms, as well as sitting High Court and Supreme Court judges, making it a rigorous and highly competitive platform for students to showcase their mooting skills.

The moot problem for the 14th NMCC revolved around Health Law and Constitutional Law, focusing on the tension between government-prescribed medical protocols and the autonomy of medical practitioners. Participants were required to research extensively, draft memorandums for both petitioners and respondents, and present their arguments before a distinguished panel of judges. The competition provided an invaluable learning experience, where students honed their legal research, drafting, and oral advocacy skills. They also gained insight into complex legal principles and were exposed to real-world legal challenges, receiving detailed feedback from experienced practitioners and judges.

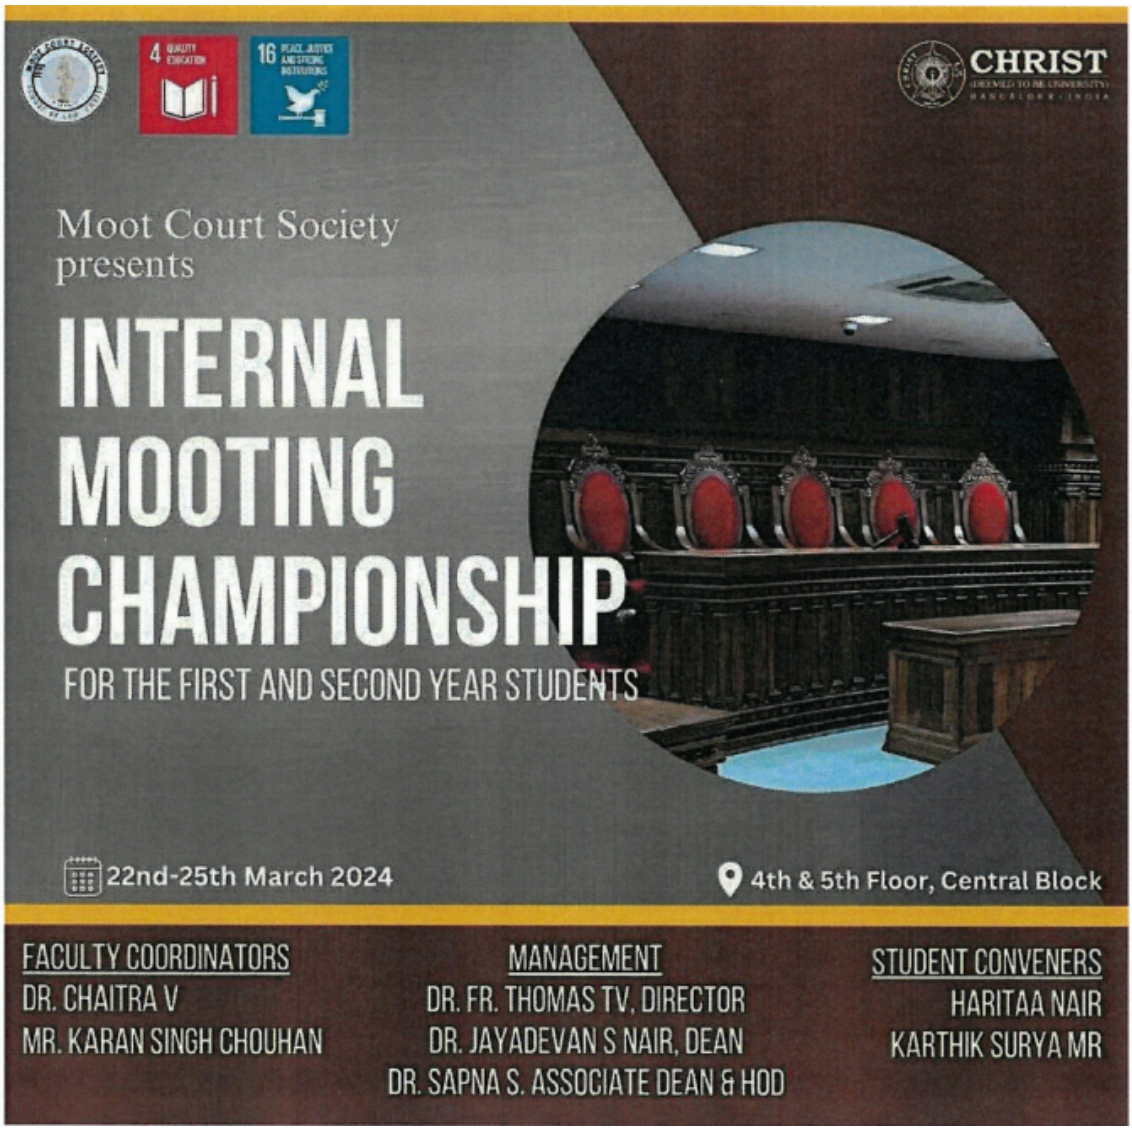

The 14th NMCC successfully fulfilled its purpose of providing a platform for law students to engage in high-level legal analysis and advocacy. The event fostered a spirit of healthy competition, encouraging participants to critically examine legal issues and respond to the challenging questions posed by the bench. Following the successful completion of this competition, the Moot Court Society plans to organize more internal competitions, such as the Internal Mooting Championship and Internal International Mooting Championship, to further enhance the mooting culture within the university and nurture the next generation of skilled legal advocates.

Interval International MootingChampionship

Internal International Mooting Championship

March 14th to 18th, 2024,
CHRIST (Deemed to be University)
The Internal International Mooting Championship (IIMC) 2024, held from March 14th to 18th, 2024, at CHRIST (Deemed to be University), School of Law, was an intra-departmental activity designed for first- and second-year law students. The event aimed to introduce these students to the intricacies of international moot court competitions. Fourth- and fifth-year law students served as judges, while third-year students acted as coaches, guiding participants through the research and presentation process. The event provided an excellent platform for participants to hone their legal research, drafting, and oral advocacy skills, with a particular focus on international law.

The moot problem presented to the students was based on key international law issues, including genocide, ICJ jurisdiction, and environmental law, particularly regarding ocean pollution caused by illegal industrial discharge. This allowed students to engage with subjects like public international law, refugee law, and international relations. Through this exercise, participants developed critical skills such as crafting legal arguments, responding to challenging questions, and performing rebuttals, all of which are essential in the competitive world of international moot courts. Additionally, the event fostered professional conduct and the development of formal arguing techniques.

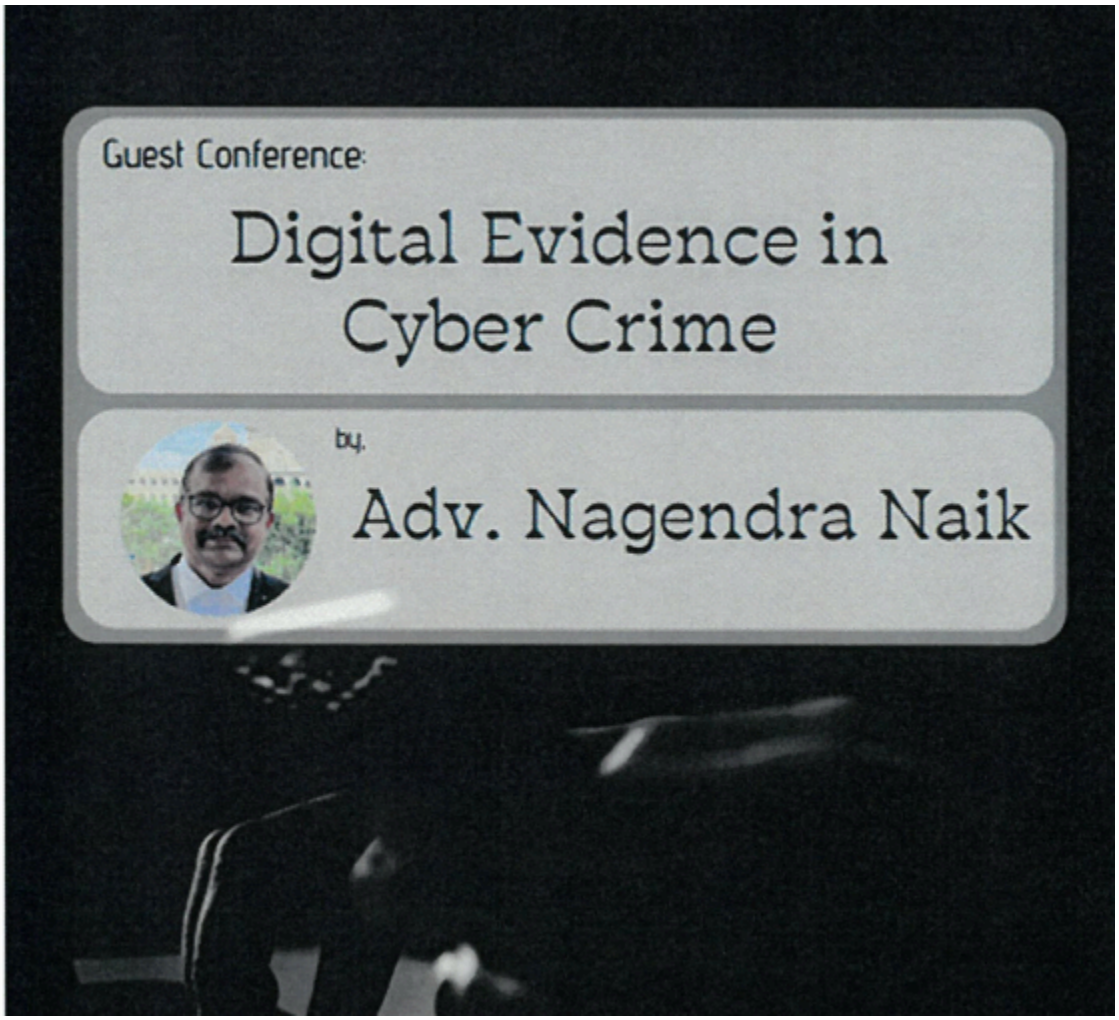

The IIMC 2024 not only aligned with the academic goals of enhancing legal education but also supported the Sustainable Development Goals (SDGs), particularly SDG 4 (Quality Education), SDG 14 (Life Below Water), and SDG 16 (Peace, Justice, and Strong Institutions). By simulating real-world legal challenges and promoting discussions around justice, international agreements, and environmental preservation, the event contributed significantly to the students' legal acumen while addressing global concerns related to environmental and institutional justice.

Internal Mooting Championship

Internal Mooting Championship
March 22nd to 25th, 2024
CHRIST (Deemed to be University)

The Internal Mooting Championship (IMC) 2024, organized by the School of Law at CHRIST (Deemed to be University), was an interdepartmental competition held for first- and second-year law students from March 22nd to 25th, 2024. The event provided students with hands-on experience in mooting, offering them the opportunity to represent either the plaintiff or the defendant in a complex legal proposition. The competition was judged by fourth- and fifth-year law students, while third-year students acted as coaches, guiding participants through their research and preparation. The competition aimed to strengthen students' understanding of the Law of Contracts and arbitration procedures, with 135 participants engaging enthusiastically.

The moot problem for the IMC 2024 was based on the Law of Contracts, focusing on the performance of contracts and the arbitration clause. This allowed participants to delve deeply into legal research, develop their argumentative skills, and understand court procedures. The judges, composed of senior law students, evaluated the participants on

multiple parameters, providing them with feedback to help them refine their advocacy skills. This competition served as a platform for students to learn the nuances of mooting, from drafting legal memoranda to presenting oral arguments in a formal courtroom setting.

The IMC 2024 successfully achieved its goal of providing an immersive learning experience for the first- and second-year law students, enhancing their legal acumen and skills. By aligning with Sustainable Development Goals (SDG) 4 (Quality Education) and SDG 16 (Peace, Justice, and Strong Institutions), the competition contributed to skill development in critical thinking, legal reasoning, and dispute resolution. The competition also encouraged ethical behavior and collaboration among participants, reinforcing the importance of teamwork in legal practice.

Digital Evidence In Cyber Crime

Digital Evidence in Cyber Crime
August 28, 2023
CHRIST (Deemed to be University)

The School of Law at CHRIST (Deemed to be University) hosted a conference on "Digital Evidence in Cyber Crime" on August 28, 2023, led by Advocate Nagendra Naik. This event, organized by the Advanced Criminal Law Studies Committee, was attended by 277 fifth-year law students. The conference focused on the growing importance of digital evidence in criminal investigations and the courts' approach to assessing such evidence. Sunidhi Hegde, a core committee member, delivered the introductory speech, followed by Adv. Naik's presentation, which shed light on key topics, including the stages of criminal investigation and trial, the role of digital evidence, and the significance of Section 65B of the Indian Evidence Act, which governs the admissibility of electronic records in court.

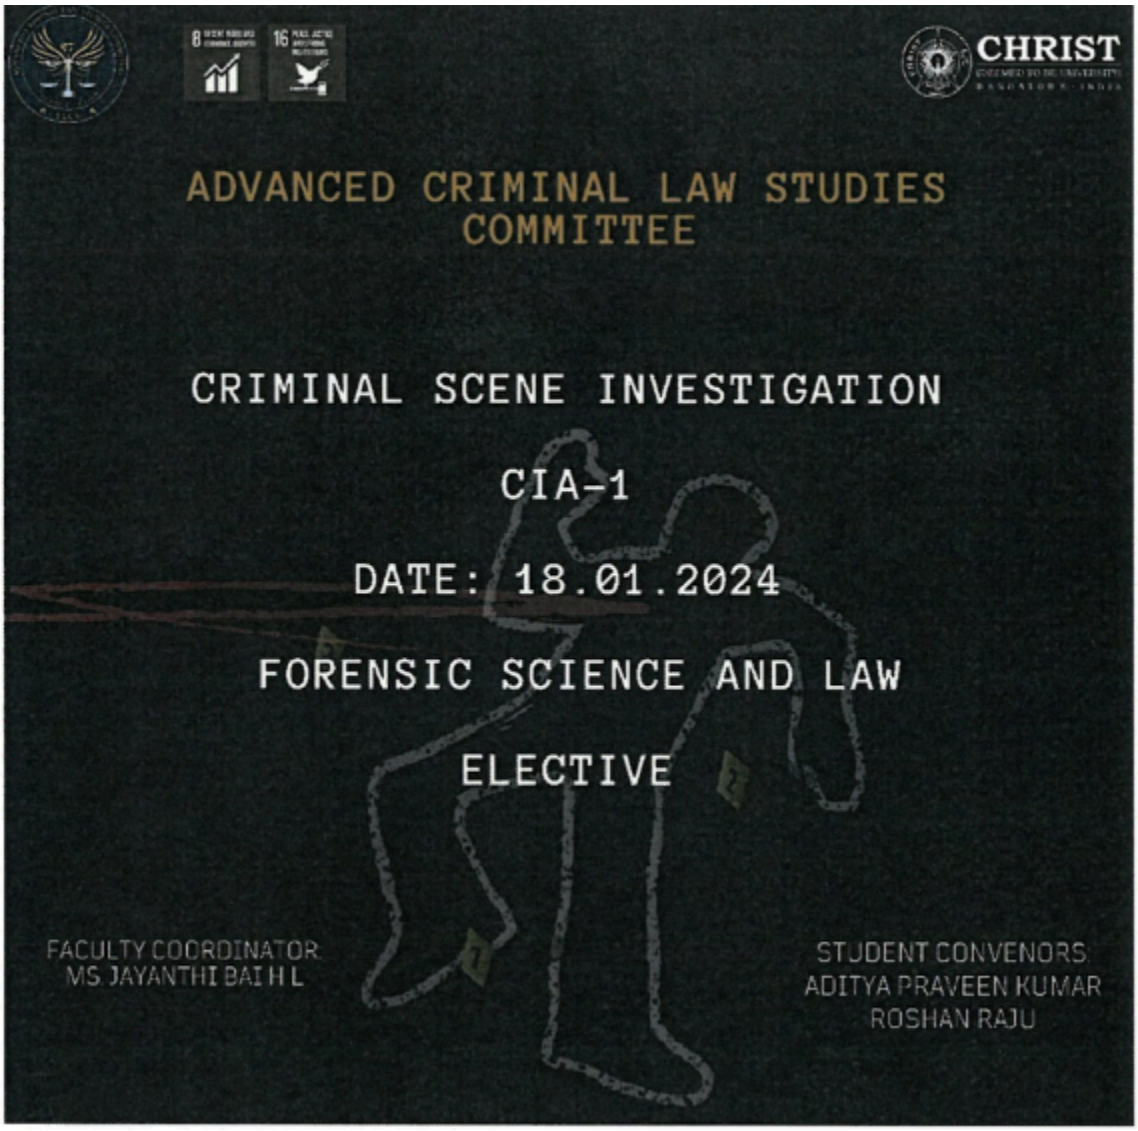

The conference emphasized the critical role of digital evidence in corroborating events, proving intent, and supporting the legal framework in cybercrime cases. Adv. Naik explained how digital evidence is collected, verified, and presented in court, offering practical insights into the complexities of criminal investigations. The discussion on Section 65B was particularly insightful, as it outlined the legal criteria that electronic records must meet to be considered valid evidence in a trial. The conference provided the students with a comprehensive understanding of the intersection between technology and law, equipping them with the knowledge to navigate future cases involving digital evidence.

This conference was mapped to key courses such as "Criminal Law I," "Digital Evidence," and the "Law of Evidence," addressing local, national, and global needs. The session not only enhanced the students' legal knowledge but also contributed to skill development in the fields of criminal law and digital forensics, aligning with Sustainable Development Goal (SDG) 16, which promotes peace, justice, and strong institutions. By focusing on the evolving challenges of cybercrime and the importance of digital evidence, the event prepared students for future legal careers, enhancing their employability in a rapidly changing digital landscape.

Crime Scene Investigation

Forensics CIA Crime Scene Investigation
January 18, 2024
CHRIST (Deemed to be University)
The Advanced Criminal Law Studies Committee at the School of Law, CHRIST (Deemed to be University), organized a workshop titled "Forensics CIA Crime Scene Investigation" on January 18, 2024. This hands-on session, specifically designed for fourth-year law students and those pursuing forensic science electives, focused on developing essential crime scene investigation skills. The workshop engaged 50 participants, who were given access to a staged crime scene to practice evidence collection, documentation, and witness examination. Through this experience, students learned the practical application of legal principles and forensic techniques crucial for criminal investigations.

Participants were tasked with meticulously examining the crime scene, collecting physical and documentary evidence, and creating sketches and photographs to support their findings. Additionally, they conducted witness interviews, honing their ability to gather information effectively. The evidence gathered was analyzed to create comprehensive reports, allowing students to exercise critical thinking and evidence evaluation. By presenting their findings, participants polished their skills in articulating arguments and presenting legal reports—abilities crucial for future careers in criminal law and law enforcement.

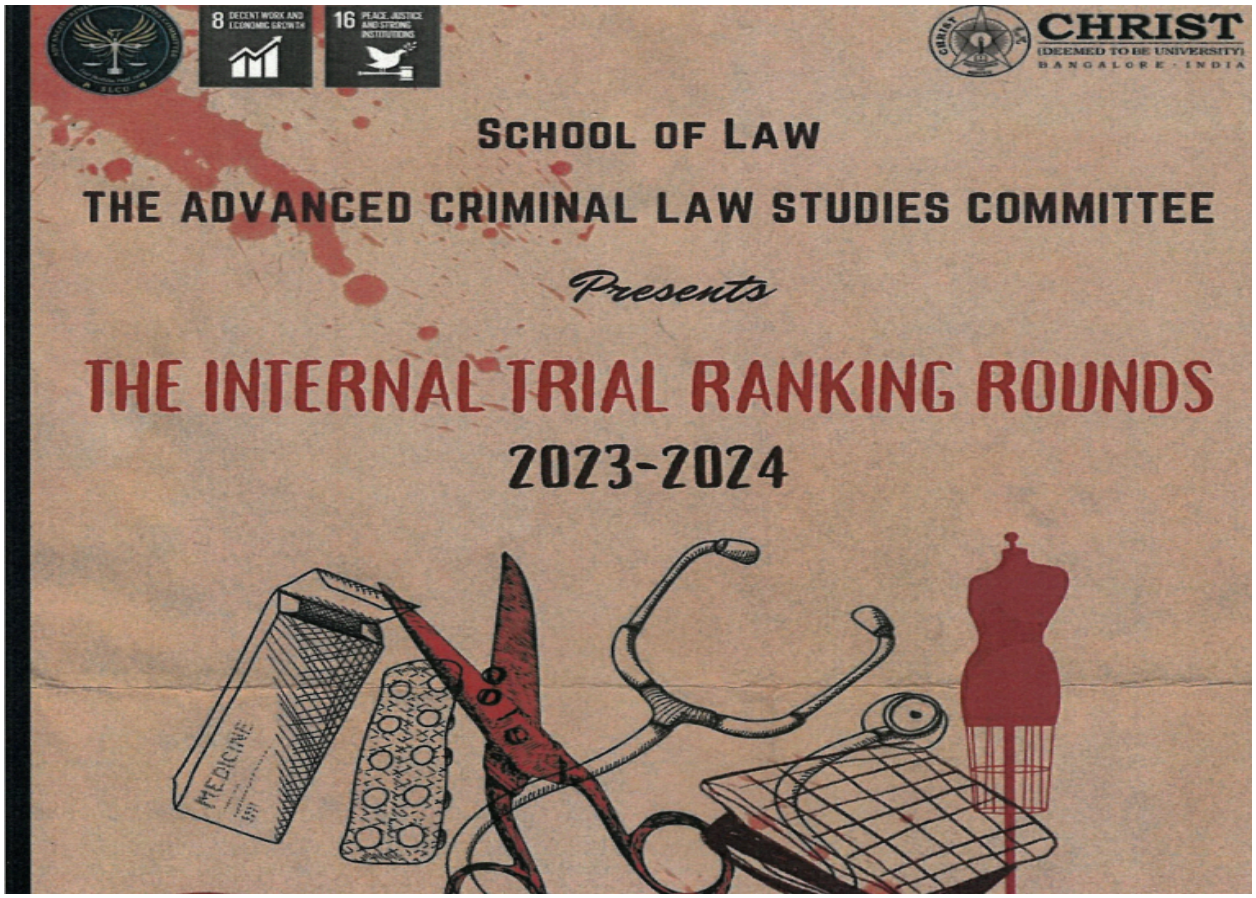

This workshop not only contributed to the development of practical legal skills but also aligned with Sustainable Development Goal (SDG) 16, which promotes justice and strong institutions. The experiential learning provided by this activity enhanced the employability of the participants, preparing them for real-world legal challenges. Through the hands-on approach, students gained a deeper understanding of the role of crime scene investigations in the broader context of law enforcement, demonstrating the importance of precision, attention to detail, and ethical considerations in criminal justice.

Internal Trial Ranking Rounds

Internal Trial Ranking Rounds
September 30, 2023
CHRIST (Deemed to be University

The School of Law at CHRIST (Deemed to be University), Bangalore, organized the Internal Trial Ranking Rounds (ITRR) on September 30, 2023. This activity aimed to evaluate and rank students' trial advocacy skills, with a focus on selecting teams for national and international trial competitions. A total of 87 shortlisted students participated in the rounds, which tested their abilities in various aspects of a criminal trial, such as opening statements, examination-in-chief, cross-examination, and closing arguments. The event was judged by a panel of 16 legal professionals, including experienced advocates and corporate lawyers.

The ITRR was structured into two primary rounds. The judges were briefed from 230 to 330 PM, followed by the first round from 330 to 430 PM, where participants demonstrated their knowledge of procedural, evidentiary, and ethical requirements in criminal trials. The second round, held from 500 to 600 PM, assessed the participants on their ability to handle evidence, mark exhibits, and cross-examine witnesses

effectively. The ranking rounds provided an immersive platform for students to refine their legal reasoning, critical thinking, and public speaking skills, which are essential for trial advocacy.

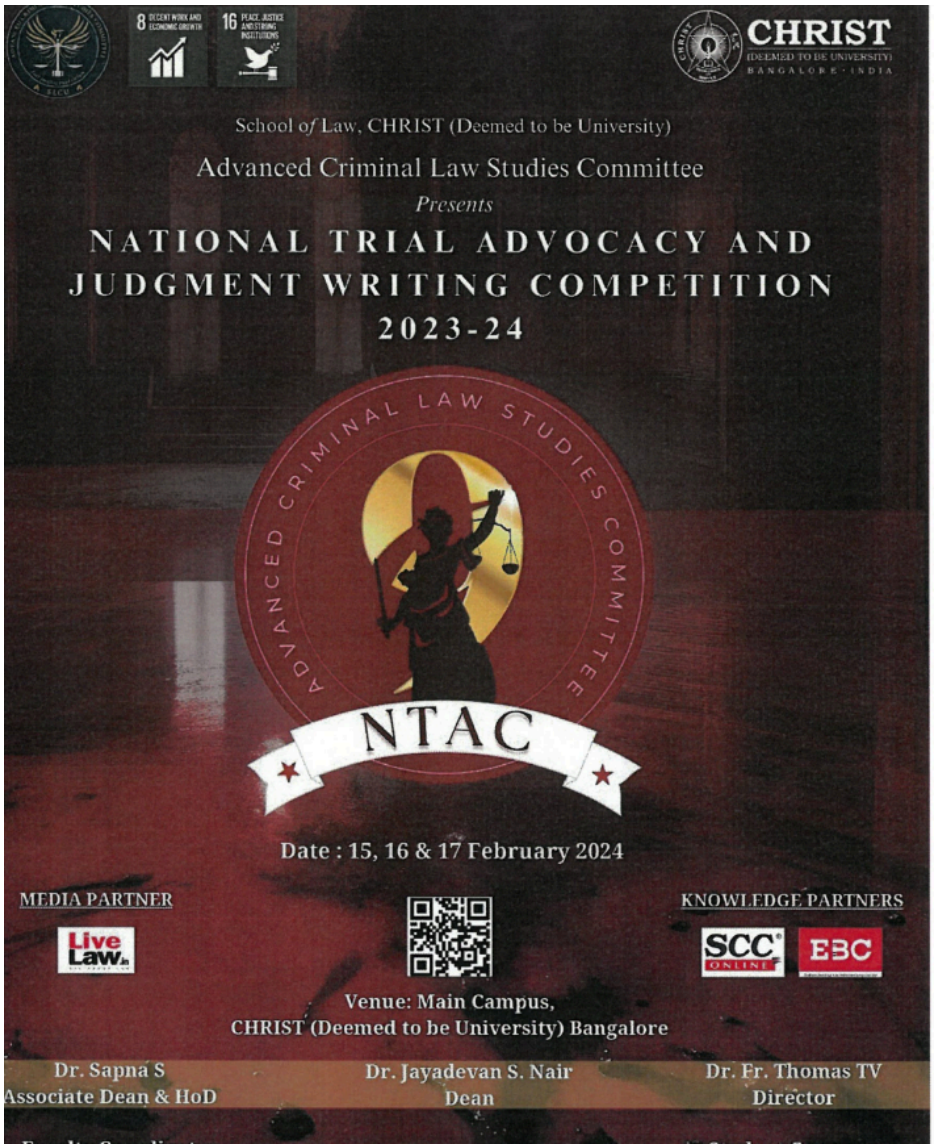

The event concluded with the release of the final rankings and detailed feedback from the judges, offering students constructive insights into their performance. The ITRR not only enhanced students' practical skills but also contributed to their overall professional development, aligning with the Program Outcomes (POs) and Program Specific Outcomes (PSOs) of the law curriculum. The focus on skill development and employability ensures that participants are better equipped for future legal challenges, both locally and globally.

National Trial Advocacy And Judgment Writing Competition

9th National Trial Advocacy and Judgment Writing Competition
15th to 17th February 2024.
CHRIST (Deemed to be University)

The 9th National Trial Advocacy and Judgment Writing Competition, hosted by the School of Law, CHRIST (Deemed to be University), is set to take place from 15th to 17th February 2024. This national event aims to enhance participants' skills in trial advocacy and judgment writing. The event will be held with support from Live Law as the media partner and SCC Online & Eastern Book Company as the knowledge partners. The competition featured notable dignitaries such as Shri Murthy D. Naik and Shri P. Prasanna Kumar, Senior Advocate of the Karnataka High Court, as chief guests at the inauguration.

Over the course of three days, the competition will include various rounds judged by a distinguished panel of legal experts, including faculty members, practicing advocates, and judges from the High Court of Karnataka. Participants will showcase their advocacy skills through preliminary, quarter-final, semi-final, and final rounds, with the final judgment coming from esteemed High Court judges. This event will see participation from 81 undergraduate law students from across the country, along with a valedictory ceremony attended by 1,200 law students from the host institution.

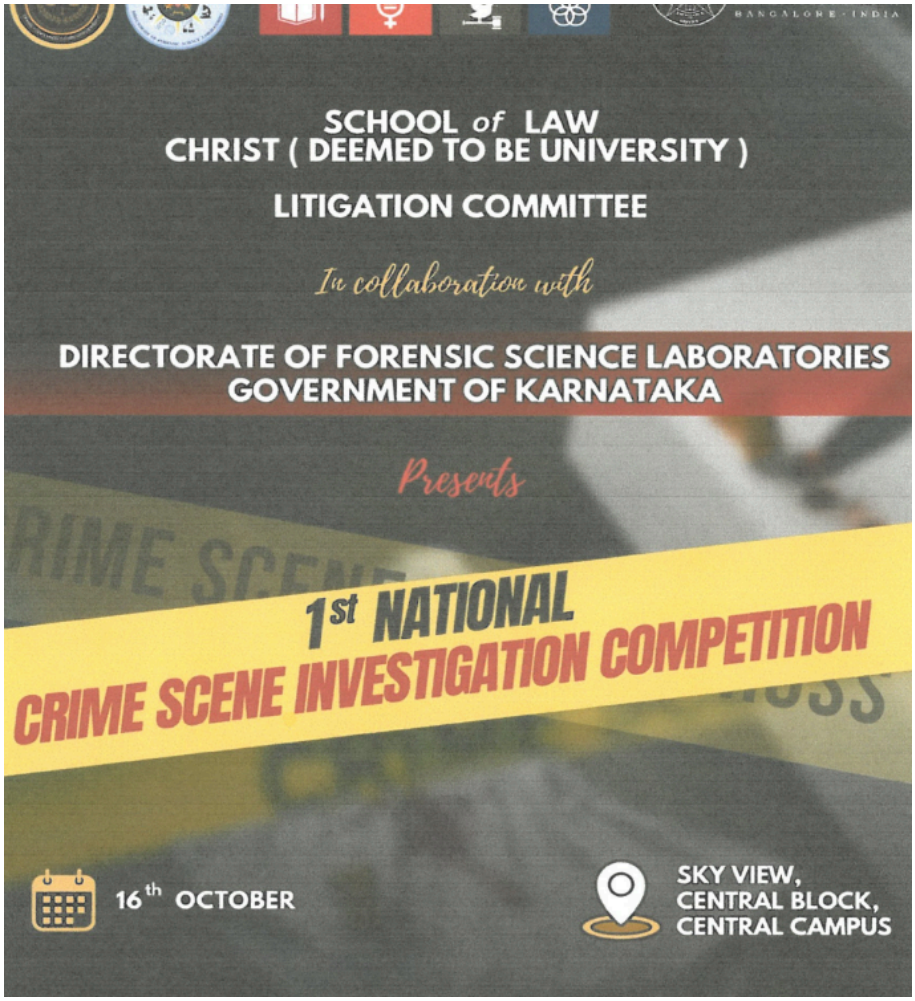

The primary objective of this event is to promote a trial culture and strengthen criminal litigation skills among law students. Participants will have the opportunity to gain practical experience in courtroom procedures, develop their judgment writing abilities, and enhance their legal knowledge. With its national reach, the competition attracts talented students from various law schools and provides them with a platform to refine their legal expertise, preparing them for future roles in the legal profession.

National Crime Scene Investigation Competition

National Crime Scene Investigation Competition
October 16, 2023
Central Campus in Bengaluru

The 1st National Crime Scene Investigation Competition 2023, organized by CHRIST (Deemed to be University), School of Law, took place on October 16, 2023, at the Central Campus in Bengaluru. The event, held in collaboration with the Directorate of Forensic Science Laboratories, Government of Karnataka, provided a platform for law students from across India to engage in practical crime scene investigation exercises. The competition ran from 830 AM to 430 PM, with 139 participants representing 34 teams. Distinguished guests and forensic science experts, including Dr. Vinod J. Lakkappan and Dr. Divya V Gopinath, were present to inaugurate and conclude the event.

During the competition, participants were tasked with investigating crime scenes set up at eight different stalls. Teams were given 20 minutes to examine the scene, gather evidence, and take photographs. Following this, they had 45 minutes to compile detailed

reports based on their observations, which were evaluated by a panel of forensic experts. The event highlighted the importance of critical thinking, unbiased investigation, and the role of forensic science in solving crimes. The competition was a valuable learning experience, combining theoretical knowledge with practical application in a crime scene context.

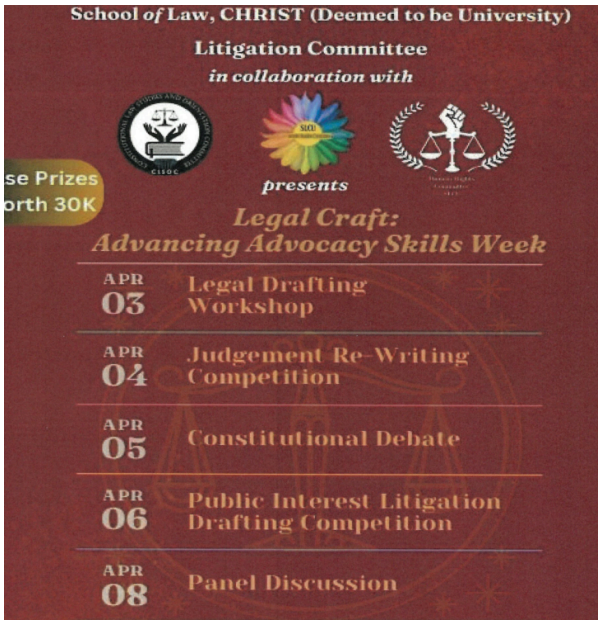

The event concluded with a valedictory ceremony, where KLE Law College, Bengaluru, won first place, and Kristu Jayanti College of Law was the runner-up. The Chief Guest, Dr. Divya V Gopinath, delivered a closing speech, emphasizing the significance of such competitions in fostering forensic science education. Plans are underway to organize the 2nd National Crime Scene Investigation Competition in 2024, with a focus on enhancing collaboration and sponsorship to further elevate the quality and scope of the event.

Legal Craft Advancing Advocacy Skills Week 2024

Legal Craft Advancing Advocacy Skills
3rd to 8th April 2024
Central Campus

The Legal Craft Advancing Advocacy Skills Week 2024, organized by CHRIST (Deemed to be University), School of Law, took place from 3rd to 8th April 2024 at the Central Campus in Bengaluru. This event, held in collaboration with the Constitutional Law Studies and Orientation Committee, Human Rights Committee, and Gender Studies Committee, aimed to provide law students with practical exposure to various aspects of advocacy. It featured activities such as a Legal Drafting Workshop, a Judgment Re-Writing Competition, a Constitutional Debate, and a Panel Discussion, all designed to enhance students' legal skills and critical thinking.

The event kicked off with a Legal Drafting Workshop, followed by a Judgment Re-Writing Competition on April 4th, where participants re-examined the landmark case of Tukaram & Ors. v. State of Maharashtra from a feminist perspective. The competition focused on challenging gender biases and promoting a more inclusive legal approach. On April 5th, the Constitutional Debate was held, where teams debated critical issues such as reservations, citizenship based on religion, and the potential conflict between cultural customs and a uniform civil code. Throughout the week, participants had opportunities to refine their legal drafting, analysis, and public speaking skills.

The event concluded with a Panel Discussion featuring Advocates Aditya Krishna Pandey, Jaibatruka Mohanta, and Anirudh Kulkarni, who provided insights into the real-world challenges of advocacy and legal practice. The week-long event allowed participants to bridge the gap between theoretical knowledge and practical application, while also networking with legal professionals. Plans are underway to host the 2nd Legal Craft Advancing Advocacy Skills Week in 2025, with a focus on strengthening collaborations and sponsorships to further enhance the event's scope and impact.

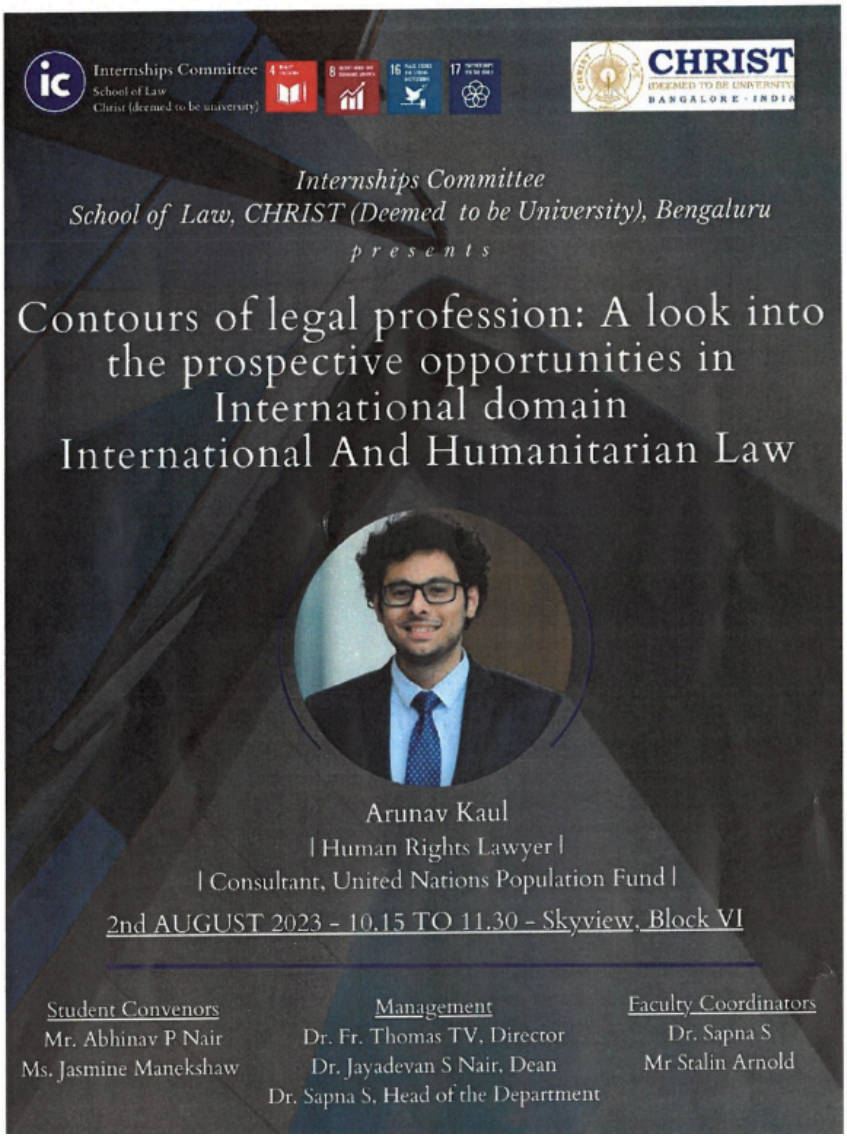

Contours Of The Legal Profession A Look Into Prospective Opportunities In The International Domain

Contours of the Legal Profession A Look into Prospective Opportunities in the International Domain

2nd September 2023

CHRIST (Deemed to be University), Bengaluru

The Workshop on Employability titled "Contours of the Legal Profession A Look into Prospective Opportunities in the International Domain" was held on 2nd September 2023 at the School of Law, CHRIST (Deemed to be University), Bengaluru. The session was conducted by Mr. Arunav Kaul, a Human Rights Lawyer with the United Nations Population Fund (UNFPA), who shared his expertise with 252 students. The workshop aimed to provide students with a deeper understanding of the scope of International Law and Humanitarian Law, as well as insights into career prospects in the international legal domain.

The speaker highlighted several key areas for students aspiring to enter the global legal profession. These included the availability of international internship opportunities, job prospects in organizations related to international law, and guidance on choosing the right Master's Degree to enhance their employability in this field. The session offered practical advice and strategies for building a successful legal career with an international focus, providing students with a clear road map to explore these opportunities.

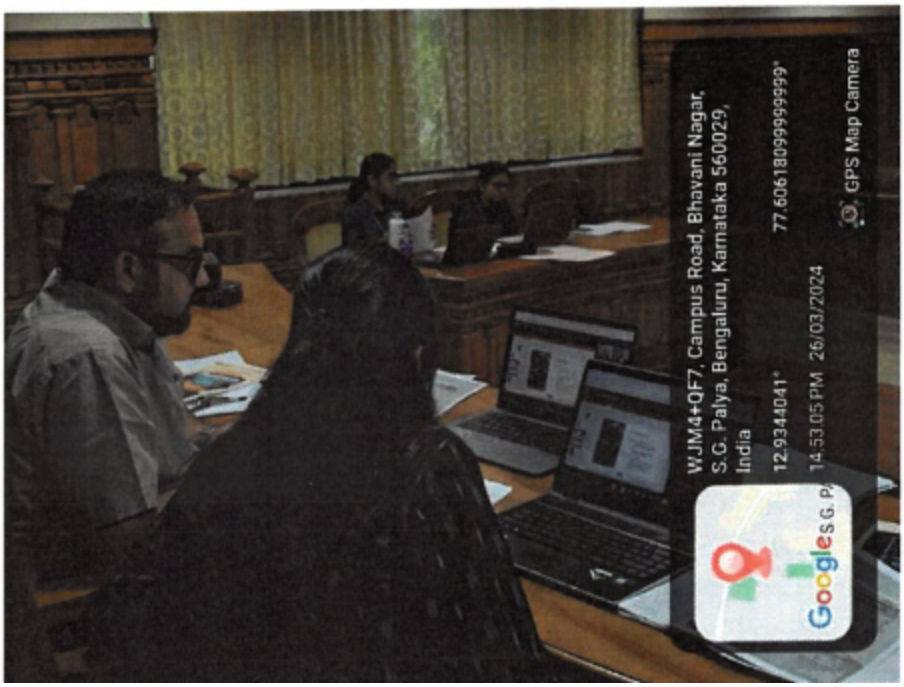

Looking ahead, the organizing committee plans to host more sessions, focusing on helping students select suitable Master's programs in International Law. There will also be increased efforts to engage alumni in these initiatives to provide additional support and mentorship to students interested in pursuing international careers. The workshop's alignment with key Sustainable Development Goals (SDGs), particularly Goal 4 Quality Education and Goal 16 Peace, Justice, and Strong Institutions, underscored its relevance to both local and global legal needs.

National Event On Ai Policy

National Event on AI Policy,
March 26, 2024
CHRIST (Deemed to be University
The National Event on AI Policy, held at CHRIST (Deemed to be University), School of Law, was a significant event focusing on the ethical dimensions of Artificial Intelligence (AI) in India. The event comprised a panel discussion titled"Navigating the Future Policy Frameworks for Ethical AI in India" and the 1st National Policy Drafting Competition. The panel discussion featured prominent speakers like Mr. Alok Prasanna Kumar from the Vidhi Centre for Legal Policy, Mr. Raghav Muthanna from Indus Law, and Ms. Deepa Padmar, a Research Fellow at Vidhi Centre, with Ms. Aishani Rai from Aapti Institute as the moderator. The discussion, which took place in person and online, explored the rapid growth of AI, its integration into the legal profession, and the need for strong ethical guidelines to govern its use.

During the event, the speakers emphasized the critical role of AI in reshaping the legal landscape, particularly in law firms, and discussed potential policy measures to ensure the responsible and ethical use of this technology. They encouraged students to explore opportunities in technology law, highlighting the increasing career prospects in AI-related fields. Real-life examples of unethical AI usage were shared to stress the importance of regulation, and the speakers referenced the European Union's AI regulations as a model for India to consider. Students were urged to enhance their skills through internships and specialized courses in AI and technology law to stay competitive in this emerging sector.

Following the panel discussion, the 1st National Policy Drafting Competition was held, with 8 teams presenting policy frameworks on AI regulation. The competition was aimed at giving law students practical experience in drafting policies for the evolving field of technology law. The event successfully concluded with the announcement of the competition results and a vote of thanks. Looking ahead, the university plans to continue fostering interest in technology law and policy drafting among students, recognizing the growing importance of these fields in the global legal environment.

Blood Donation Drive Legion Of Super Heroes

Legion of Superheroes
January 31, 2024
CHRIST (Deemed to be University)
the School of Law, CHRIST (Deemed to be University), in collaboration with St. John's Medical College and Kidwai Memorial Institute of Oncology, organized a Blood Donation Drive titled "Legion of Super Heroes." The event took place from 9 a.m. to 3 p.m. behind Ivy Hall, near the Choir Practice area of the Audi Block. Students and faculty members actively participated in the drive, with a total of 171 donors contributing to the cause. The drive aimed to raise awareness about the importance of blood donation and to encourage the university community to engage in life-saving efforts.

The event was meticulously planned by student volunteers and featured a comprehensive promotional campaign to generate interest. The slogan "Heroes come in all blood types" resonated with participants and helped foster a sense of community involvement. Donors were provided with incentives, and friendly competitions added an element of excitement to the event. Both online pre-registrations and walk-in registrations were available to ensure a smooth and organized process. Health screenings were conducted by medical professionals from St. John's and Kidwai to verify the eligibility of donors, ensuring safety for all participants. After donating, donors received refreshments, stickers, and certificates in recognition of their contribution.

This initiative not only highlighted the critical importance of blood donation in saving lives but also served as an impactful experience for the students, instilling in them the values of community service and altruism. The event fostered a culture of social 1responsibility on campus and motivated participants to engage in similar volunteering activities in the future. Looking ahead, the organizing committee plans to continue

hosting such socially beneficial events to further enhance public health and community engagement.

Economic Analysis Of Law Corporate Insolvency Resolution Process

Economic Analysis of Law in relation to the Corporate Insolvency Resolution
October 13, 2023
Gujara
The School of Law, CHRIST (Deemed to be University) hosted a seminar on enhancing corporate insolvency resolution skills, with a focus on the Economic Analysis of Law in relation to the Corporate Insolvency Resolution Process (CIRP) in Gujarat. The session was led by Dr. Hiteshkumar Thakkar, an Assistant Professor of Economics from Gujarat National Law University. The seminar, held at Skyview, welcomed 194 law students, who were introduced to the intersection of economics and corporate law.

The seminar began with Dr. Thakkar providing a brief overview of fundamental economic concepts, helping students understand how these principles apply to the legal framework, particularly in corporate insolvency. Through interactive discussions, real-life examples, and thought-provoking questions, the speaker illustrated how economic strategies are integral to resolving corporate insolvency cases, with a special emphasis on how these processes unfold in Gujarat. The lecture emphasized how

economic principles can impact decision-making and outcomes in corporate legal matters.

This seminar was particularly insightful for the second-year law students, who are beginning to explore the integration of economic theory with legal practices. The session shed light on the broader significance of economics in various areas of law, with a special focus on corporate insolvency, encouraging students to develop a more comprehensive understanding of the subject. The success of this seminar has set the stage for further interactive sessions on the application of economics in other legal fields.

National Crime Scene Investigation Competition

National Crime Scene Investigation Competition
October 16, 2023
Christ (Deemed to be University)

The 1st National Crime Scene Investigation Competition 2023, held on October 16, 2023, was a significant event at Christ (Deemed to be University). Collaborating with the Directorate of Forensic Science Laboratories of the Government of Karnataka, the competition welcomed 34 teams from various universities across India. Each team, consisting of 3 to 5 members, was tasked with investigating eight meticulously set-up crime scene stalls, observing and gathering evidence. Participants were given 20 minutes at the scene and an additional 45 minutes to compile a comprehensive report based on their findings. The event fostered a unique blend of theoretical knowledge and practical application, allowing law students to engage directly with forensic science processes.

The competition provided an invaluable experience for participants, enhancing their critical thinking, problem-solving, and teamwork abilities. Throughout the event, students developed essential legal skills, such as analyzing evidence and presenting their findings. These skills, vital for their future legal careers, were sharpened in a real-world setting. The participants also gained exposure to the intricacies of crime scene investigation and how forensic science plays an integral role in legal proceedings.

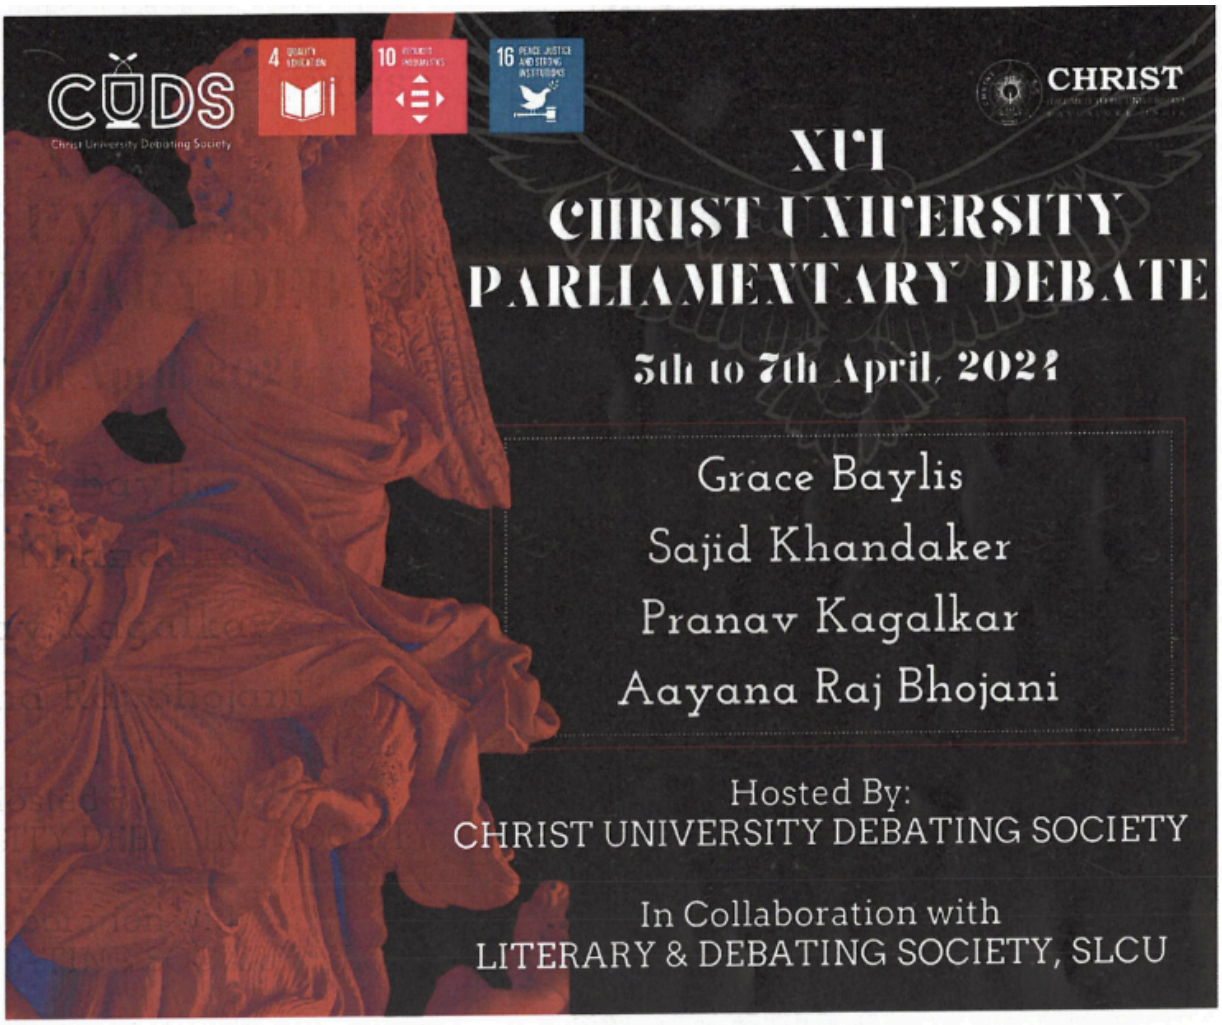

Notably, the competition highlighted the importance of collaboration, with teams working together to dissect evidence and formulate legal strategies.

The event concluded with a valedictory ceremony, where KLE Law College Bangalore emerged as the winner, and Kristu Jayanti College of Law secured the runner-up position. The competition's success has prompted plans to organize the 2nd National Crime Scene Investigation Competition in 2024. By providing a platform for students to apply theoretical knowledge, develop critical skills, and network with professionals in the field, this competition proved to be a transformative experience, shaping future legal professionals while promoting a passion for criminal law and litigation.

Christ University Parliamentary Debate

Christ University Parliamentary Debate
April 5th to 7th, 2024
Christ (Deemed to be University), Bengaluru
The Christ University Parliamentary Debate (CUPD) 2023-24 was held from April 5th to 7th, 2024, at Christ (Deemed to be University), Bengaluru. The event brought together 130 participants from universities across India, offering them an opportunity tcompete in an Asian Parliamentary Debate format. Over the course of three days, participants engaged in a series of debates, guided by propositions and motions prepared by the organizing committee. The debates were evaluated by external adjudicators, who scored the participants based on criteria set by the committee's scoring policy.

The primary objective of the event was to promote the art of debating among students, helping them to hone their argumentative and analytical skills while also understanding the intricacies of parliamentary debate formats. Both speakers and adjudicators were given the chance to develop their debating skills in a competitive yet supportive environment. The event not only helped the participants improve their public speaking

and critical thinking abilities but also encouraged them to engage deeply with diverse topics, thereby broadening their perspectives.

Looking ahead, the organizing committee aims to further strengthen the debating culture within the university by conducting regular practice sessions and sharing resources from established debaters worldwide. By fostering continued interest in debating through these initiatives, the School of Law at Christ (Deemed to be University) hopes to prepare students for future external competitions and enhance their overall academic and co-curricular achievements.

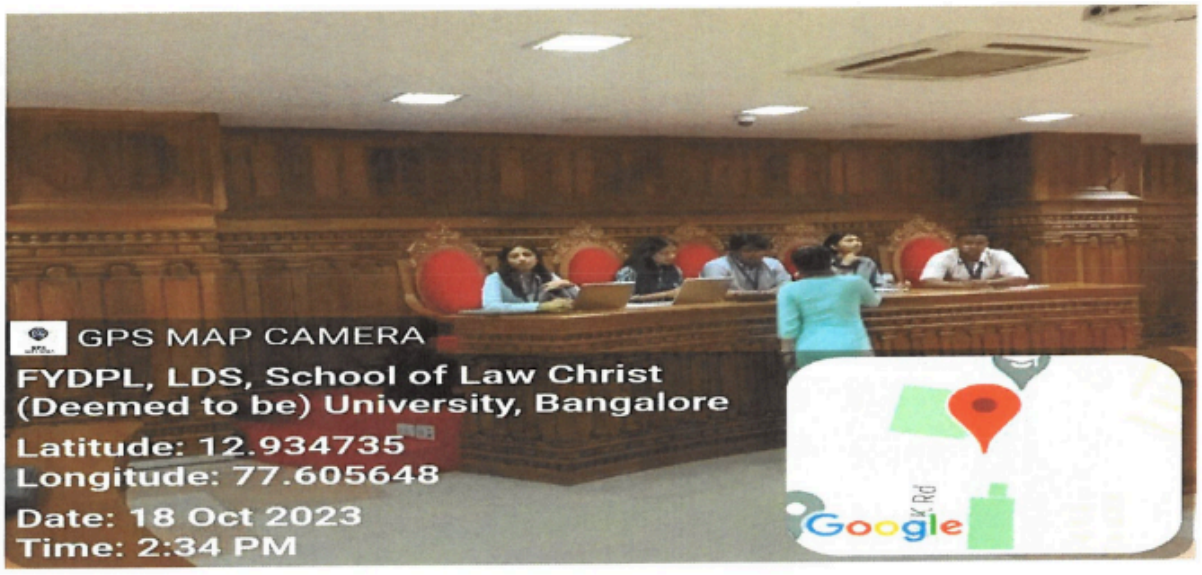

First Years Debating Premier League

First Years Debating Premier League
October 16th to 18th, 2023
CHRIST (Deemed to be University), Bengaluru

The First Years Debating Premier League 2023-24 was organized from October 16th to 18th, 2023, at CHRIST (Deemed to be University), Bengaluru. Aimed at introducing first-year law students to the Asian Parliamentary Debate format, the event served as a platform for participants to develop their debating skills. Prior to the competition, students attended workshops designed to familiarize them with the formalities and procedures of parliamentary debating, helping them understand the intricacies involved in this style. The competition attracted 70 students, with various thought-provoking motions covering topics like climate change, feminism, justice, and education.

Throughout the three-day event, participants demonstrated a high level of enthusiasm and competitive spirit, engaging in debates that challenged their critical thinking and persuasive abilities. The tournament culminated in a Grand Finale, judged by a panel of senior debaters from the 4th and 5th years, who brought their extensive experience from external competitions. The event not only allowed first-year students to showcase their skills but also helped to instill confidence and promote the art of debate within the law school.

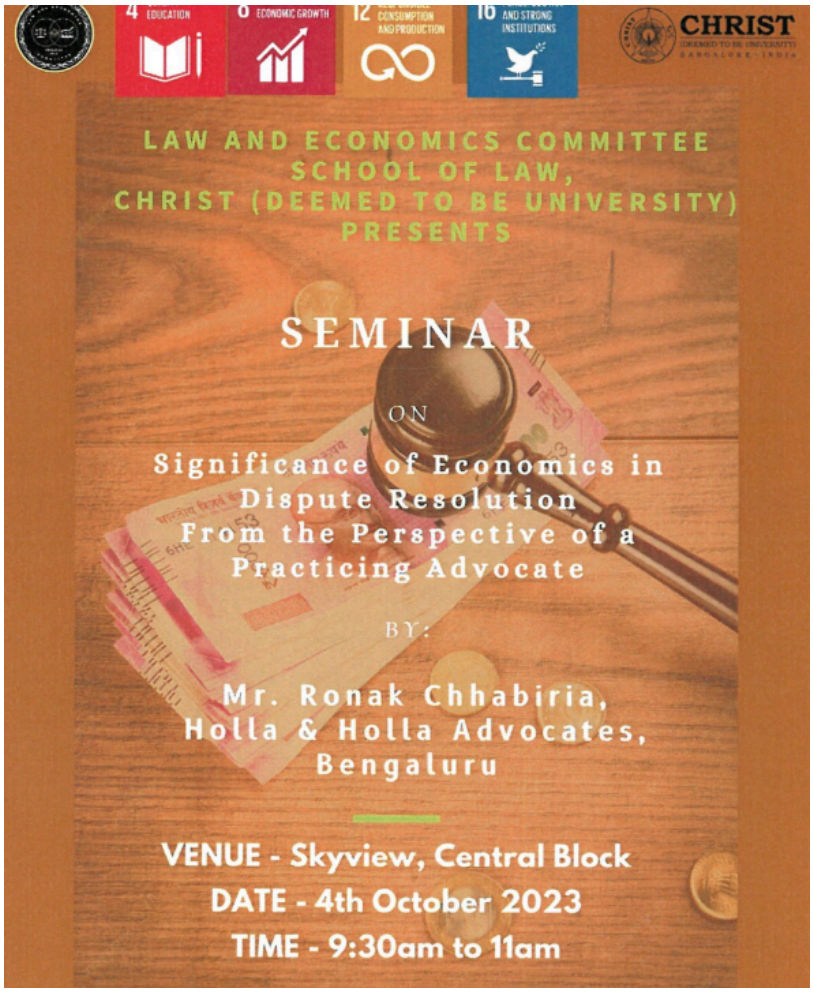

Moving forward, the organizing committee plans to hold regular practice sessions and distribute debate materials from renowned debaters worldwide. These efforts aim to foster a culture of debating at CHRIST (Deemed to be University) and encourage students to participate in future external competitions, thereby enhancing the overall academic and extracurricular achievements of the law school. The total budget approved and expended for the event was Rs. 7700.

The Significance Of Economics In Dispute Resolution

THE SIGNIFICANCE OF ECONOMICS IN DISPUTE RESOLUTION
October 4th, 2023
Skyview, CHRIST (Deemed to be University)

The Seminar on the Significance of Economics in Dispute Resolution was held on October 4th, 2023, at the Skyview, CHRIST (Deemed to be University), Bengaluru. Organized for first-year law students, the seminar was led by Advocate Ronak Chabbiria from Holla and Holla Advocates. The session aimed to introduce students to the critical role of economics in legal dispute resolution. The speaker provided an overview of basic economic concepts and engaged students with real-life scenarios, making the session highly interactive. One prominent example discussed was the recent case of "Humans of Bombay vs. People of India," which served to demonstrate how economic principles are applied in advising clients during disputes.

Throughout the seminar, Chabbiria emphasized the relevance of economic theory in resolving disputes, illustrating how concepts like the Coase theorem can be practically applied to view legal disputes through a rational lens. The students gained insights into how a lawyer's understanding of economics can guide decisions in litigation and

negotiations. The speaker's use of practical examples helped the participants connect the abstract economic theories to real-world legal practices.

The session was well-received by the 250 students in attendance, who left with a deeper understanding of how economics plays an integral role in various aspects of law. The event succeeded in its goal of introducing the first-year law students to the importance of economics in legal practice. As a follow-up, the organizers plan to host more interactive sessions focused on exploring the relationship between economics and other areas of law to further broaden the students' perspectives.

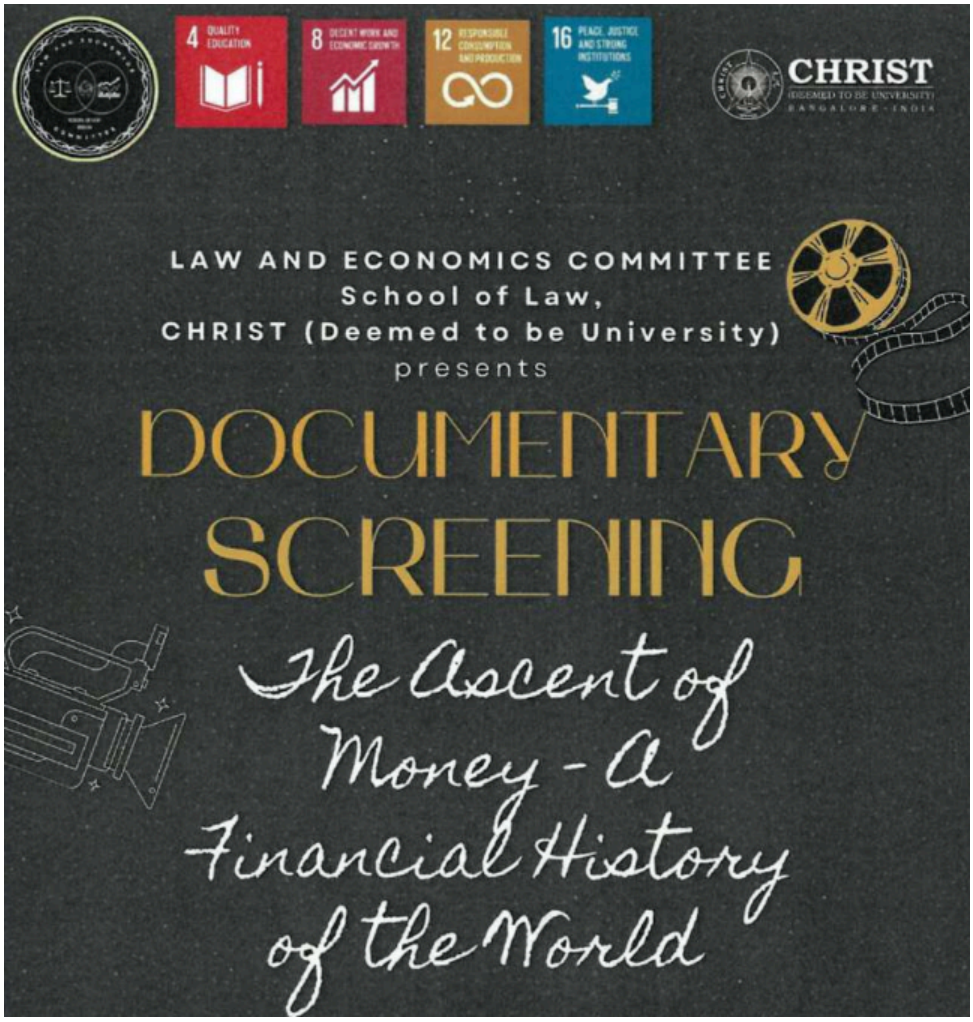

The Ascent Of Money - A Financial History Of The World Dreams Of Avarice

THE ASCENT OF MONEY - A FINANCIAL HISTORY OF THE WORLD DREAMS OF AVARICE.

October 19th and 20th, 2023

Central Block

On October 19th and 20th, 2023, the School of Law at CHRIST (Deemed to be University) organized a documentary screening titled "The Ascent of Money - A Financial History of the World Dreams of Avarice". Held at the Central Block of the university's central campus, the event aimed to enhance students' understanding of financial literacy. Around 180 law students attended the screening, where they were introduced to key economic concepts and the global significance of financial history, particularly through the lens of avarice (greed). The introductory session provided students with background information, enabling them to grasp the documentary's subject matter more effectively.

The documentary focused on the theme of avarice, illustrating how the intense desire for wealth and material gain has shaped economies and influenced financial systems

worldwide. Through the screening, students learned about the complexities of financial ambition and its potential consequences, gaining insights into how economic principles affect both individuals and organizations. The documentary not only highlighted the pursuit of financial success but also the risks and moral dilemmas that often accompany such ambitions, making the content highly relevant for future legal professionals.

The screening served as an educational tool to broaden students' perspectives on financial history and economics. By connecting these concepts to the real world, the event encouraged students to think critically about the role of finance in society and its impact on legal matters. The School of Law plans to conduct more such screenings in the future, helping students to further explore the intersection of economics and law and apply these insights to their future careers.

Handful Of Food

HANDFUL OF FOOD
July 10th to July 26th, 2023
CHRIST (Deemed to be University)
The School of Law at CHRIST (Deemed to be University), in collaboration with the School of Business and Management and the Department of Hotel Management, organized a social action initiative titled "Handful of Food". The program was launched to commemorate the 175th anniversary of the establishment of the first educational institution by St. Kuriakose Elias Chavara. The initiative aimed to resume the mid-day meal program for 130 government school children in project areas where the university's Center for Social Action is actively involved. This program ensured that these children received nutritious meals essential for their health and well-being.

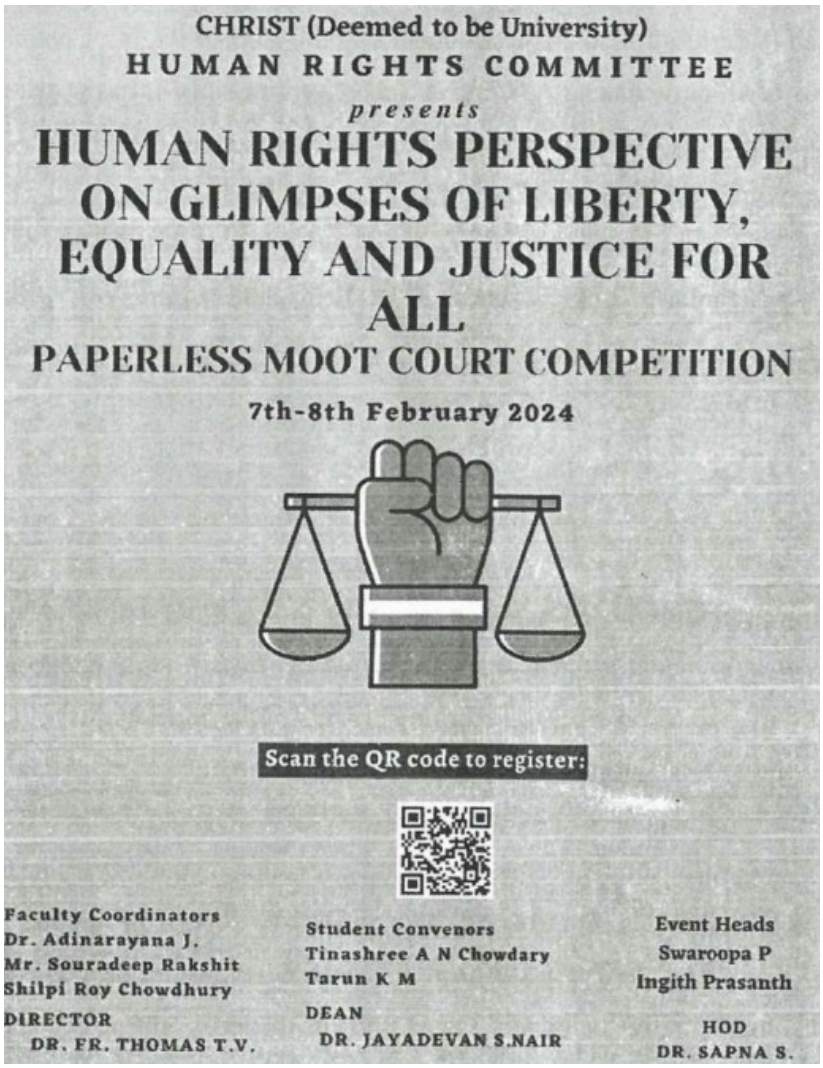

The event was marked by a strong sense of community and responsibility as students, teaching, and non-teaching staff were encouraged to contribute dry ingredients such as rice, cereals, pulses, spices, oil, and fresh vegetables for the preparation of meals. The collective effort by various departments across the university, including the School of Law, resulted in a significant amount of contributions. The emphasis on providing nutritious meals to school children highlighted the importance of ensuring proper health and nutrition for young learners, while also promoting social responsibility and awareness among the student body and staff.

Following the success of the Handful of Food initiative, the organizers aim to make this an annual event in collaboration with the School of Business and Management and the Department of Hotel Management. This initiative not only benefits the children in need but also fosters a culture of social action and volunteerism within the university, reinforcing the importance of giving back to the community and encouraging active participation in social welfare programs.

Glimpses Of Liberty, Equality, And Justice For All

Glimpses of Liberty, Equality, and Justice for All
February 5, 2024
online

The Human Rights Committee (HRC) of the School of Law, CHRIST (Deemed to be University), hosted an online Reel-Making and Photography Competition as part of Human Rights Week 2024. The competition was centered around the theme "Glimpses of Liberty, Equality, and Justice for All - A Human Rights Perspective", encouraging participants to express their understanding of human rights issues through creative visual media. Open to students from the Central Campus of CHRIST University, the competition saw entries from both reel-makers and photographers.

Participants submitted reels (factual and creative videos between 30 to 60 seconds) and photographs, each accompanied by a caption that aligned with the theme of human rights. The best submissions were showcased on the HRC's official social media platforms, particularly Instagram, where voting was conducted through an online poll.

On February 6, 2024, all entries were also exhibited in the HRC stall, allowing students and visitors to view the creative work and vote for their favorites.

The competition successfully engaged the student body in reflecting on critical human rights themes such as liberty, equality, and justice. By providing a platform for students to express their perspectives through art and media, the event encouraged deeper awareness and advocacy around human rights issues. The initiative demonstrated the power of creative expression in raising awareness, fostering dialogue, and inspiring action in support of human rights.

Wto A Step Forward Towards Gains From Trade

WTO A Step Forward Towards Gains from Trade

March 23, 2024
CHRIST (Deemed to be University)

On March 23, 2024, the School of Law at CHRIST (Deemed to be University) organized a seminar titled "WTO A Step Forward Towards Gains from Trade" aimed at enhancing students' understanding of international trade mechanisms. The session, led by Dr. Sunitha Abhay Jain, a professor at the School of Law, focused on the role of the World Trade Organization (WTO) in facilitating global trade and how economic concepts are intertwined with international trading practices. Throughout the seminar, Dr. Jain engaged participants with real-life examples, notably discussing the Section 301 investigation initiated by the United States into China's intellectual property practices and its subsequent impact on global trade tariffs.

The interactive nature of the seminar allowed students to gain deeper insights into the workings of the WTO and other international institutions. Through various case studies, participants understood how these organizations monitor trade policies, mediate trade disputes, and contribute to a more efficient global trade network. Dr. Jain emphasized the importance of understanding how international bodies like the WTO influence trade

decisions, especially through the imposition of tariffs and regulations that impact the economies of trading nations.

This seminar was specifically designed for third-year law students studying Economics of International Trade, helping them grasp the economic principles that guide international trade agreements and practices. The session reinforced the significance of international organizations in maintaining balanced trade relations and highlighted the need for a robust understanding of trade law for future legal professionals. Moving forward, the School of Law plans to organize more interactive seminars to deepen students' knowledge of the intersection between economics and various fields of law.

Introduction To SDGS

Introduction to SDGs
July 19, 2023,
Christ University

On July 19, 2023, an informative orientation session titled "Introduction to SDGs" was conducted for first-year students, led by Ms. Labdhi Pirgal from 3 JOUH. The session aimed to provide a comprehensive introduction to the Sustainable Development Goals (SDGs) as outlined by the United Nations. During the hour-long session, Ms. Pirgal explained the relevance of all 17 SDGs, covering a wide range of topics such as poverty reduction, gender equality, clean energy, and climate action. This introductory session sought to familiarize students with the broader concept of sustainable development and the role of the university in promoting these goals.

The session specifically highlighted the Department of Media Studies' assigned SDGs Goal 7 (Affordable and Clean Energy), Goal 15 (Life on Land), Goal 16 (Peace, Justice, and Strong Institutions), and Goal 17 (Partnerships for the Goals). Ms. Pirgal emphasized the importance of these goals in the context of media education, encouraging students to explore how their discipline could contribute to sustainable development. The session was interactive, allowing students to share their perspectives and engage in discussions about the significance of SDGs in their academic journey.

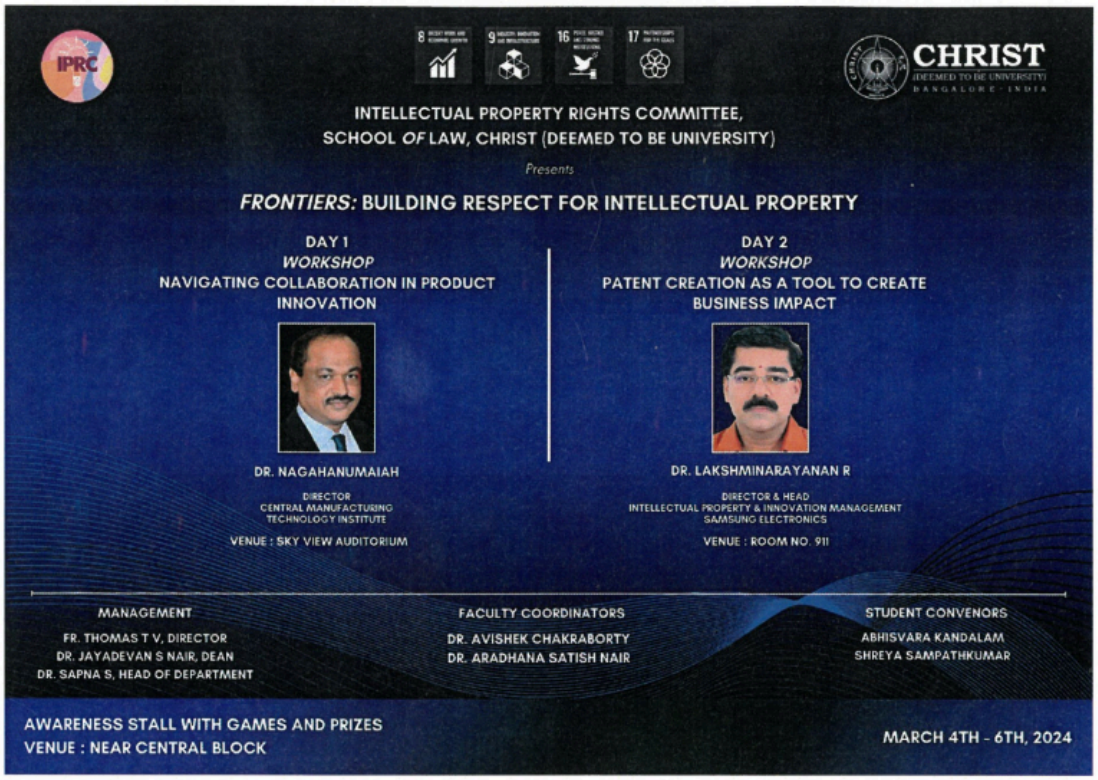

In conclusion, the session successfully introduced students to the core principles of SDGs and demonstrated the university's commitment to integrating sustainability into its academic frameworks. By aligning departmental goals with specific SDGs, the session aimed to inspire students to actively participate in sustainable initiatives and contribute to broader development efforts. The involvement of student representatives further reinforced the role of the SDG cell in supporting sustainable practices across campus.

Frontiers Building Respect For Ip

Frontiers Building Respect for IP
March 4th and 5th, 2024
CHRIST (Deemed to be University)

The School of Law, CHRIST (Deemed to be University) hosted a workshop titled "Frontiers Building Respect for IP", focusing on intellectual property (IP) and innovation. The two-day event featured expert speakers and interactive stalls, aiming to educate law students on the importance of IP in today's global market. Dr. Nagahanumaiah, Director of Central Manufacturing Technology Institute, inaugurated the event with a talk on "Navigating Collaboration in Product Innovation", where he discussed the significance of IP in the context of Atmanirbhar Bharat (self-reliant India). He highlighted the challenges of IP creation and drew inspiration from ancient Indian inventions, offering a deeper understanding of the innovation process and the legal frameworks involved in protecting IP.

On the second day, Dr. Lakshminarayanan R, Director & Head of IP and Innovation Management at Samsung Electronics, delivered a presentation titled "Patent Creation as a Tool to Create Business Impact". His lecture focused on the strategic importance of patents in driving technological innovation and competitiveness. He shared insights into managing IP, identifying patentable ideas, and generating business impact through IP assets. His real-world experiences, including high-profile disputes like Samsung vs.

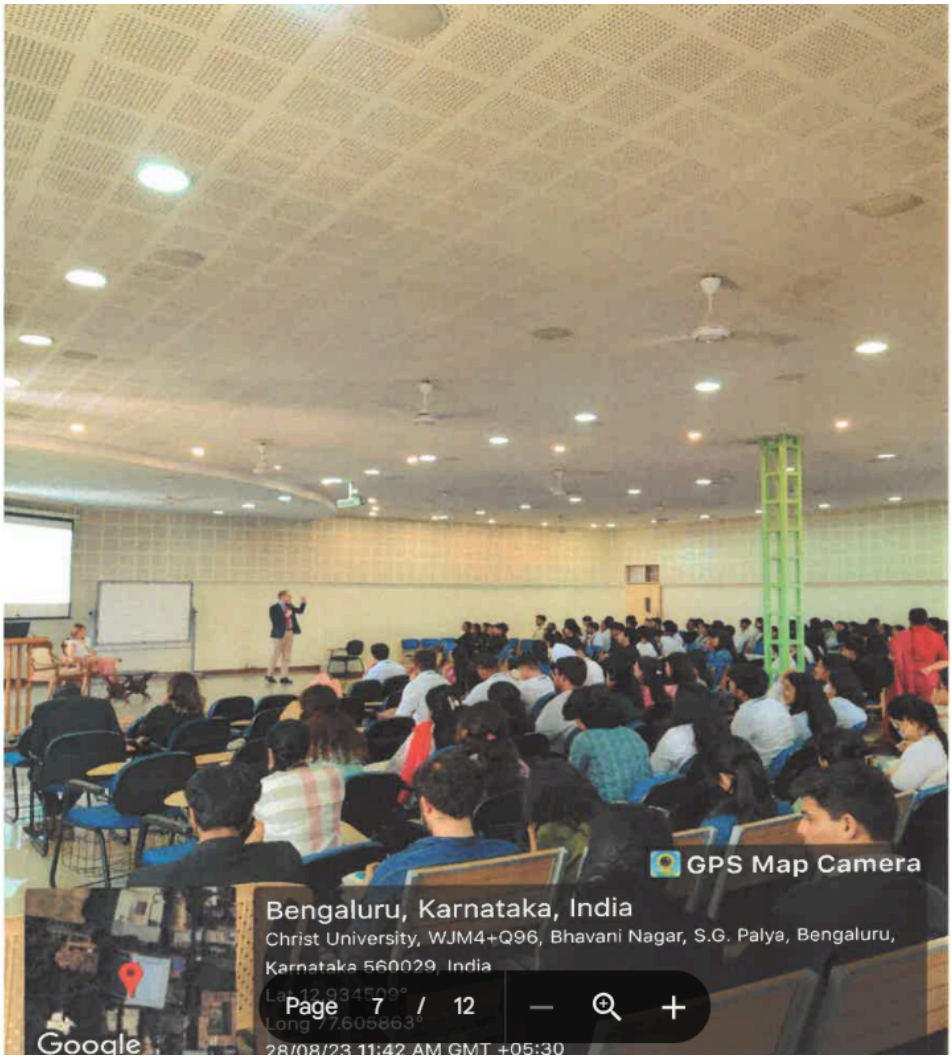

Apple, provided students with practical knowledge about how companies leverage IP to create value and stay competitive in the tech industry.

Alongside the lectures, interactive stalls were set up on both days to engage the broader university community in understanding IP and competition law. The stalls featured activities such as a GI Tags game, where participants identified the origins of various items, and a Logo Infringement activity, which tested their knowledge of trademark laws. These activities helped raise awareness about the practical implications of IP law, encouraging students to explore potential career opportunities in the field of IP and competition law.

Copyright Pitfalls Of Derived Creativity

Copyright Pitfalls of Derived Creativity.
August 28, 2023
CHRIST (Deemed to be University)
The School of Law at CHRIST (Deemed to be University), in collaboration with the Office of International Affairs, hosted a seminar on "Copyright Pitfalls of Derived Creativity". The session was led by Dr. Bernd Justin Jütte, an Assistant Professor in Intellectual Property Law at the University College of Dublin. His presentation explored the complexities of copyright law, particularly focusing on issues surrounding derived creativity in the music industry. Through audio comparisons of songs involved in copyright disputes, Dr. Jütte illustrated the intricate legal battles that arise from copyright claims on small audio samples, such as the case of Pelham v. Hütter and Others, where a two-second clip led to 20 years of litigation.

Dr. Jütte's lecture examined the broader implications of copyright law for artistic freedom, shedding light on the challenges and inconsistencies that artists face when navigating intellectual property rights. He discussed key concepts such as Rights and Exceptions to Copyright, and compared several landmark cases, including Andy Warhol Foundation v. Goldsmith Et Al. and Campbell v. Acuff Rose Music Parody Case, to demonstrate how courts have interpreted copyright in different contexts. Through these case studies, he highlighted the tension between artistic creativity and legal protection, prompting thought-provoking discussions among the attendees.

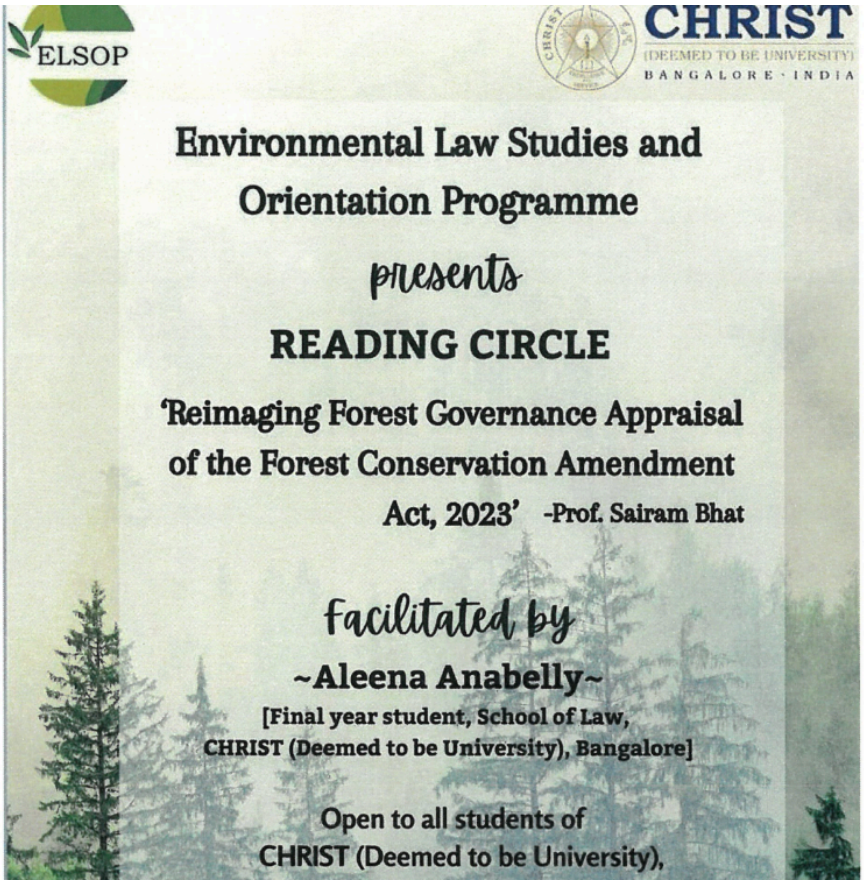

Following the seminar, Dr. Jütte engaged in a conversation with the Director of the School of Law and the Vice Chancellor of CHRIST (Deemed to be University) regarding potential future collaborations. Discussions included the possibility of exchange programs with the University College of Dublin, fostering opportunities for further academic cooperation between the two institutions. The seminar was well-received, with 180 students in attendance, and plans for future international collaborations were set in motion as a result of this enriching event.

Reimaging Forest Governance Appraisal Of The Forest Conservation Amendment Act

Reimaging Forest Governance Appraisal of the Forest Conservation Amendment Act.
6th October 2023
Room 408,CHRIST (Deemed to be University)

The School of Law, CHRIST (Deemed to be University), held a Reading Circle and Discussion Forum titled "Reimaging Forest Governance Appraisal of the Forest Conservation Amendment Act 2023". The session, which took place in Room 408, was led by Aleena Annabelly, a final-year law student. Eleven participants, all students, gathered to discuss the implications of the newly amended Act, using an article by Prof. Sairam Bhat as the foundation for the conversation. The primary objective was to critically analyze the potential benefits and drawbacks of the Forest Conservation Amendment Act 2023 in preserving Indian forests.

The discussion kicked off with the participants collectively reading the article, which offered an overview of the historical evolution of forest conservation regulations in India. Three key questions based on the article were posed by the facilitator, prompting participants to explore the intricate balance between forest conservation and economic development, and the challenges posed by varying levels of development across different countries. The group also scrutinized the Act's definition of "forest," which they believed was narrow and could open the door to exploitation. Additionally, the arbitrary allocation of funds for National Security purposes within the Act was also a point of debate.

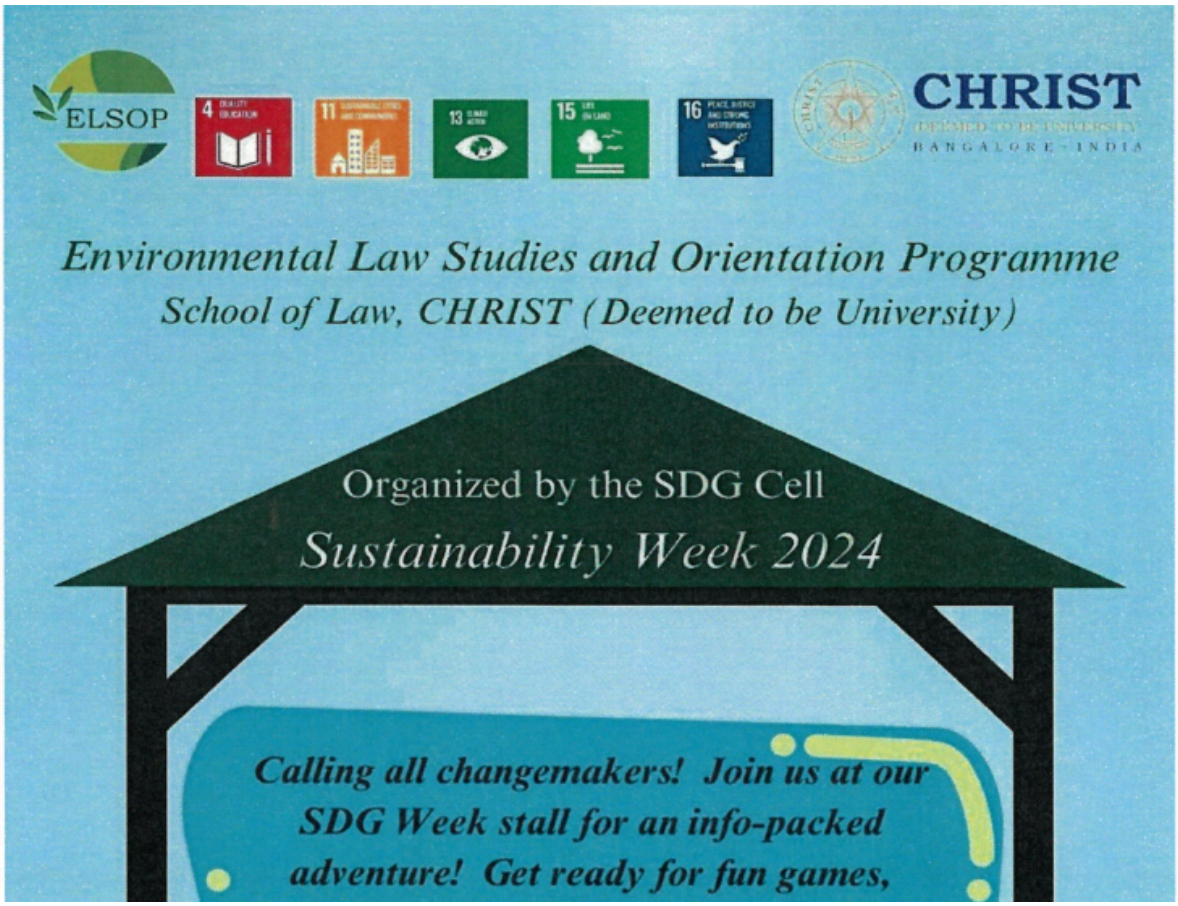

In conclusion, the participants engaged in a dynamic debate from multiple perspectives before reaching a consensus on the topics discussed. The reading circle allowed for an in-depth exploration of the Forest Conservation Amendment Act 2023, encouraging students to reflect on how forest governance in India can be reimagined. The event successfully fostered critical thinking and encouraged active participation, highlighting the importance of finding a balance between environmental conservation and economic growth.

Exhibition Stall And Awareness-Creating Activities

Exhibition Stall and Awareness-Creating Activities
12th February 2024
Garden Street, Central Campus

As part of the SDG Week, the SDG Cell, School of Law, CHRIST (Deemed to be University) hosted an Exhibition Stall and Awareness-Creating Activities at Garden Street, Central Campus. The event, which was open to the public, attracted around 170 visitors. The stall aimed to educate visitors on various Sustainable Development Goals (SDGs) and promote environmentally sustainable practices through interactive games and activities. The event was designed to encourage public participation and raise awareness about the importance of sustainability.

Visitors were invited to engage in games like 'Myth or Fact' and 'Segregate the Waste', which tested their knowledge on environmental issues and proper waste management. The stall also provided a space for attendees to share their views on sustainability, fostering open dialogue on environmental concerns. A unique and interactive feature of the event involved visitors decorating a tree with their thumbprints, symbolizing their personal commitment to the cause. The stall drew the attention of both the Head of the

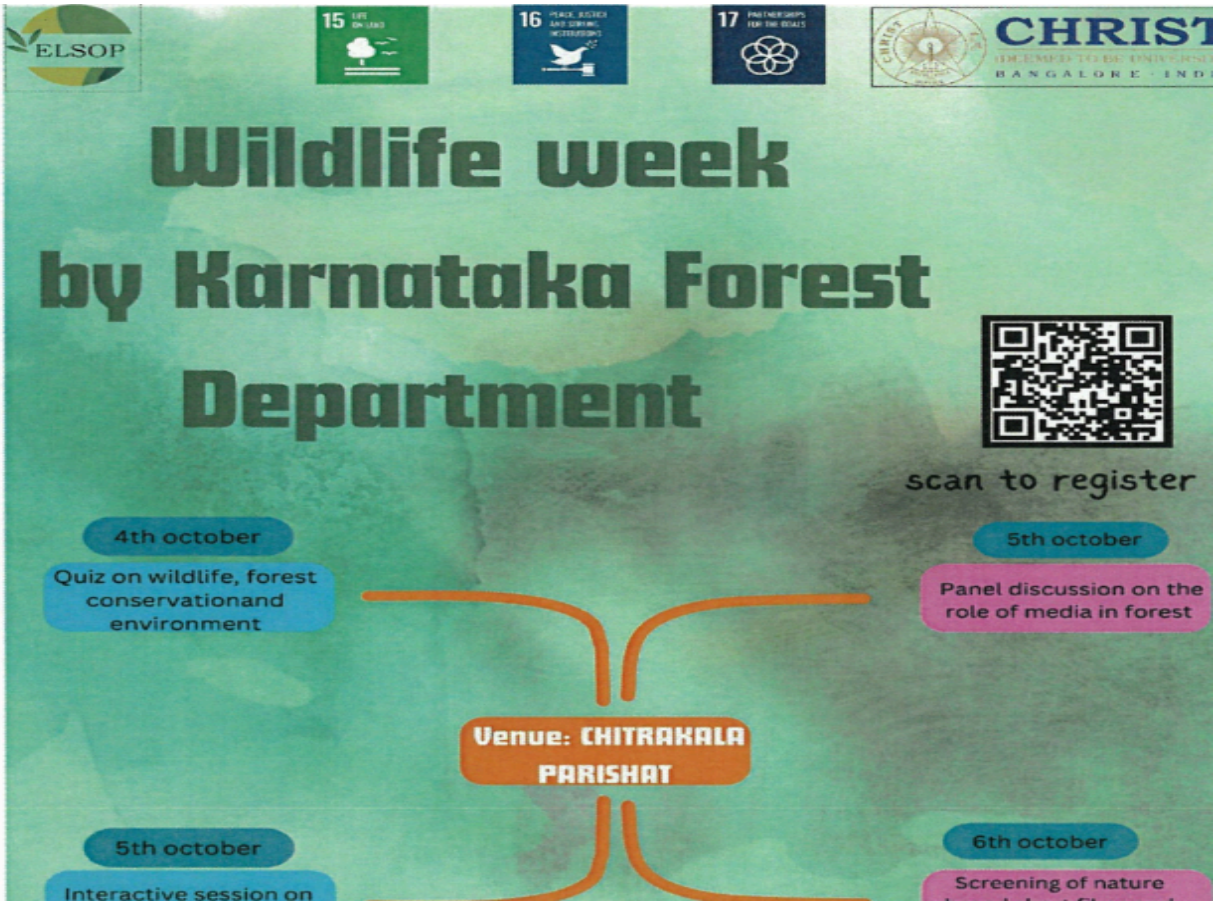

Department (HOD) and other faculty members, further emphasizing the importance of sustainability in the university community.

The key takeaway from the event was the emphasis on collaboration and collective responsibility for sustainability. By creating a platform for meaningful discussions and engaging activities, the stall successfully educated participants on sustainable practices and the SDGs. Visitors left with a deeper understanding of how their individual actions contribute to the larger goal of environmental preservation. The event also served as a foundation for future initiatives, with plans to conduct more activities that promote awareness and action towards a sustainable future.

Workshop On Wildlife Conservation And Environmental Protection

Workshop on Wildlife Conservation and Environmental Protection.
4th to 7th October 2023
CHRIST (Deemed to be University)
A Workshop on Wildlife Conservation and Environmental Protection was held at Chitrakala Parishat as part of Wildlife Week, organized by the Karnataka Forest Department. The event, aimed at raising awareness about wildlife conservation, was attended by 14 students from CHRIST (Deemed to be University). The primary focus was on the role of the media in wildlife conservation and the importance of responsible behavior when interacting with wildlife.

During the event, participants discussed the Karnataka Forest Department's success in tiger conservation, which serves as a model for other regions. The panel highlighted how the media can play a crucial role in educating the public and promoting conservation efforts by offering truthful and responsible reporting. The discussions also emphasized the need for youth to engage in conservation efforts, as their involvement is key to the future of environmental stewardship.

The event stressed that conservation requires responsible behavior from individuals and the active involvement of younger generations in protecting wildlife. The workshop concluded with a commitment to continue participating in similar initiatives to promote environmental conservation and responsible interaction with wildlife. The media's potential to influence public opinion and support conservation efforts was recognized as a vital tool for the future.

Introduction To SDGS

Introduction to SDGs
19th July 2023
Room 401 , Central Campus.
An offline session titled "Introduction to SDGs" was held from 1200 pm to 100 pm in Room 401 for 1st-year BAM&J students. The session was conducted by Ms. Gowri Jagdish, a student from 3 JOUH. The focus was to introduce students to the Sustainable Development Goals (SDGs), with a special emphasis on the department's designated SDGs 7th (Affordable and Clean Energy), 15th (Life on Land), 16th (Peace, Justice, and Strong Institutions), and 17th (Partnerships for the Goals).

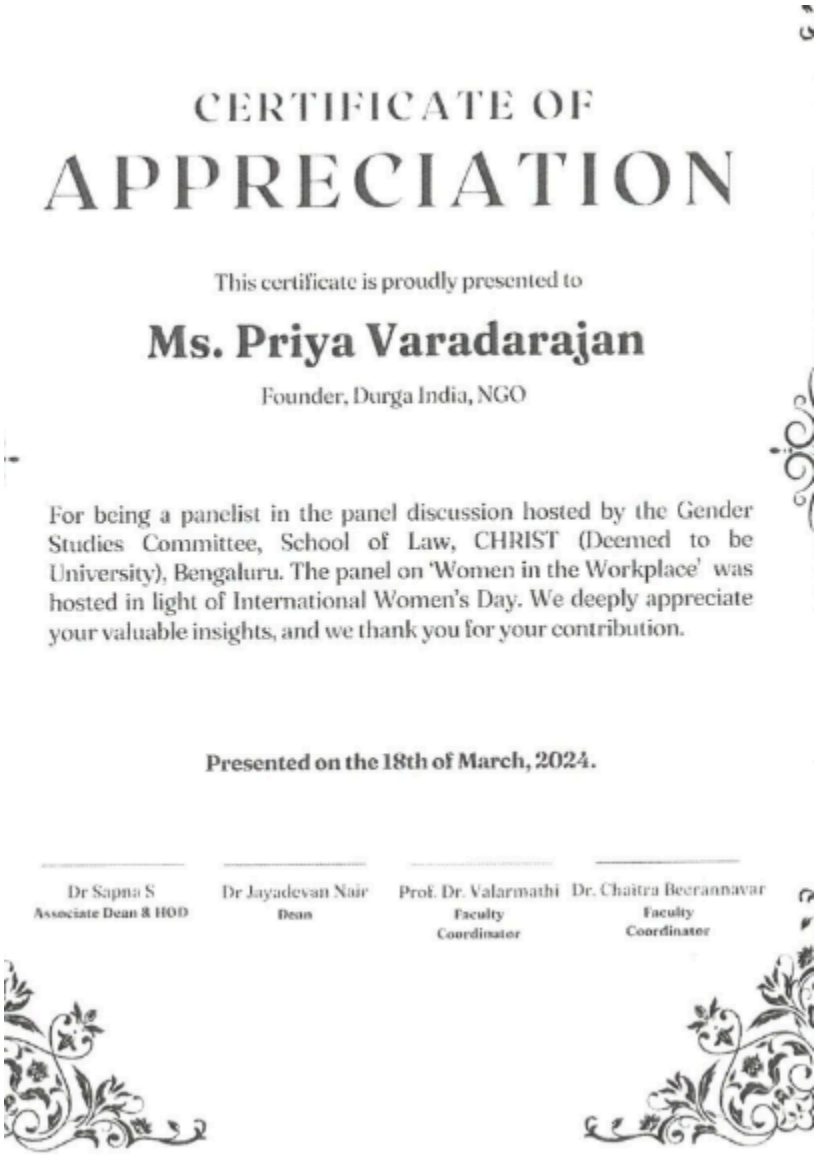

The event saw enthusiastic participation, with students showing a strong desire to volunteer for the Media Studies Department's SDG cell. A lively Q&A session followed the presentation, where students sought clarity on various SDGs and expressed curiosity about how these goals relate to media education. Their engagement demonstrated a deep interest in contributing to sustainable initiatives.

The orientation session successfully acquainted students with the 17 SDGs, fostering critical thinking and active participation. By the end of the session, students expressed eagerness to be part of sustainability efforts, marking the event as a successful foundation for future engagement in global development initiatives.

Rights Of Women In India

Rights of Women in India
16th March 2024
Room 101, Block 4, Central Campus
The Southern Regional Law Review Consultation on Property Rights of Women in India was held at Room 101, Block 4, Central Campus, Bengaluru, from 900 A.M. to 400 P.M.. The event was organized in collaboration with the National Commission for Women (NCW), New Delhi. It gathered a panel of distinguished speakers, including Justice Kauser Edappagath (High Court of Kerala), Justice Ram Mohan Reddy (High Court of Karnataka), and several other legal experts, academicians, and advocates. A total of 31 participants attended the consultation.

CERTIFICATE OF

APPRECIATION

This certificate is proudly presented to

Ms. Priya Varadarajan

Founder, Durga India, NGO

For being a panelist in the panel discussion hosted by the Gender Studies Committee, School of Law, CHRIST (Deemed to be University), Bengaluru. The panel on 'Women in the Workplace' was hosted in light of International Women's Day. We deeply appreciate your valuable insights, and we thank you for your contribution.

Presented on the 18th of March, 2024.

Dr Sapna S
Associate Dean & HOD

Dr Jayadevan Nair
Dean

Prof. Dr. Valarmathi
Faculty Coordinator

Dr. Chaitra Beerannavar
Faculty Coordinator

The primary aim of the event was to scrutinize property rights of women in India, focusing on inheritance laws, marital property rights, and gender equality reforms. The discussions delved into legal precedents, societal norms, and contemporary challenges faced by women in property ownership across various religious communities such as Hindus, Christians, Muslims, and Parsis. The review aimed to propose comprehensive reforms to address historical disparities and ensure equitable access to property for women.

The consultation was conducted over three sessions and resulted in several key recommendations for reforming property laws in India. The NCW plans to compile these recommendations into a formal report to be submitted for legislative changes. The event successfully facilitated a meaningful dialogue on making property rights more just and equitable for women. The total budget approved for the event was INR 5,32,035, and the expenditure incurred matched the approved amount.

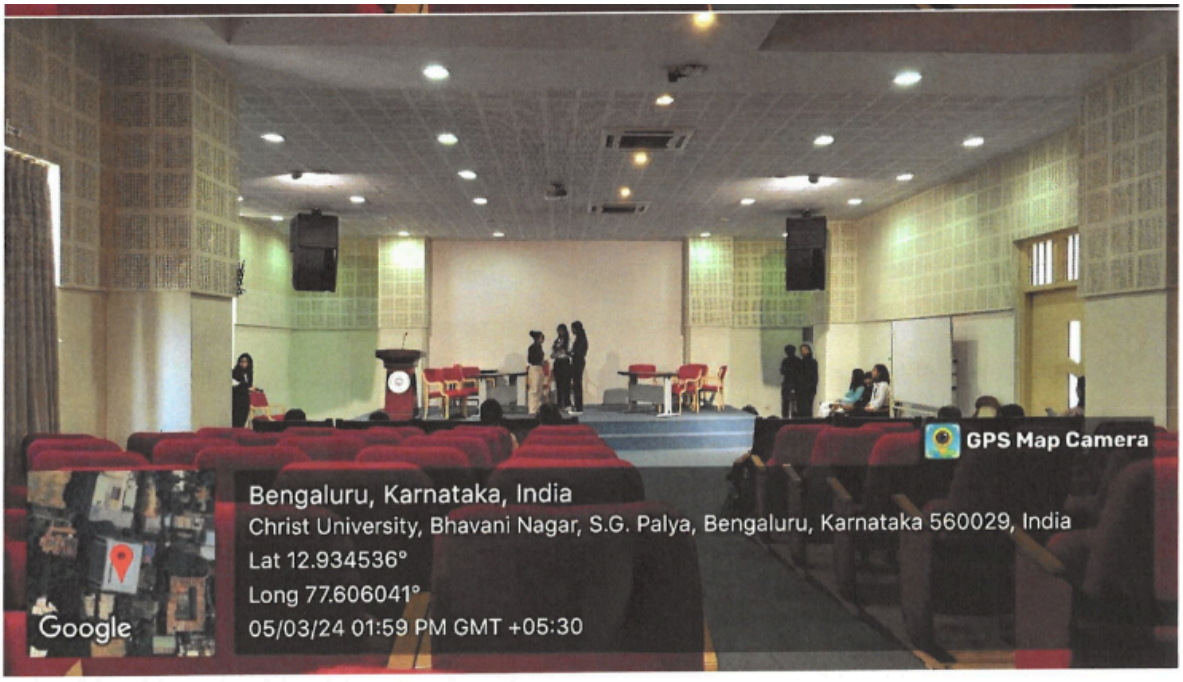

Menstrual Leave Policy Making

Menstrual Leave Policy Making
5th March 2024,
Room 911, Central Block

A Skit on Menstrual Leave Policy Making was held from 1200 P.M. to 200 P.M. at Room 911, Central Block, in collaboration with the Ministry of Labor, Karnataka. The event brought together 16 participants, including members of the State Labour Commission, policy representatives, lawyers, and members of the State Menstrual Leave Policy Committee.

The skit, performed by members of the Gender Studies Committee, served as an introduction to a broader discussion on the menstrual leave policy in the workplace. It depicted the challenges faced by menstruating employees due to stereotypes and discriminatory attitudes from colleagues and employers. Through a mediation session, the skit highlighted the constitutional, legal, and international aspects of the menstrual leave issue. The dialogue aimed to explore diverse perspectives on menstruation and seek practical solutions that could balance the interests of employees with the responsibilities of employers.

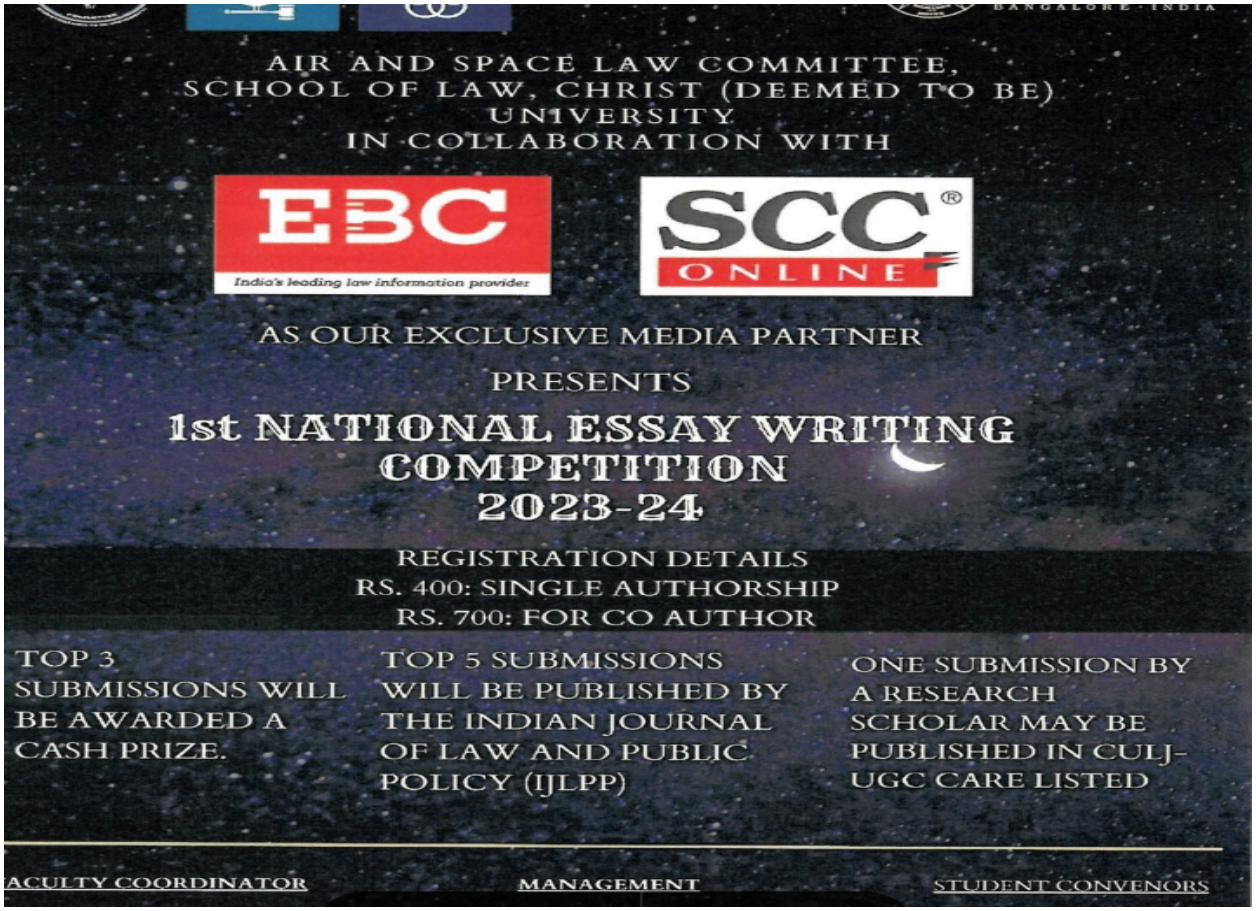

Key takeaways from the skit emphasized the harmful effects of menstrual stereotypes and the importance of creating an inclusive workplace culture. The event illustrated how constructive communication can lead to effective policy-making through the involvement of various stakeholders. By presenting research, case studies, and legal perspectives, the skit underscored the need for a well-rounded approach to developing a menstrual leave policy. The insights provided will guide the State Commission on Menstrual Leave Policy in formulating legislation that aligns with the interests of both employees and employers, aiming to enact a nationwide policy in the future.

National Essay Writing Competition

National Essay Writing Competition

October 20th, 2023 to January 15th, 2024

The 1st National Essay Writing Competition 2023-24 was hosted online by CHRIST (Deemed to be University), Bangalore, from October 20th, 2023 to January 15th, 2024. This national event aimed to foster skill development among law students and research scholars by challenging them to write essays on themes related to Aviation and Space Law. The competition saw widespread participation from undergraduate and postgraduate law students across India. Notable media partners included SCC Online and EBC Reader, with The Indian Journal of Law and Public Policy (IJLPP) serving as the knowledge partner.

Participants competed for cash prizes, with INR 5,000 awarded to the winner, INR 3,000 to the 1st runner-up, and INR 2,000 to the 2nd runner-up. The competition encouraged participants to refine their legal research and writing skills while deepening their understanding of the complex issues surrounding the aviation and space industries. This event not only provided an opportunity for students to showcase their legal acumen but also helped them develop a nuanced perspective on resolving legal challenges in these rapidly evolving fields.

1st National Essay Writing Competition on Air and Space Law 2023-24

The Air and Space Law Committee, School of Law, CHRIST (Deemed to be University), Bengaluru, is organising the 1st National Essay Writing

Post

The Air and Space Law Committee, School *of* Law, CHRIST (Deemed to be University), Bengaluru, is organising the 1st National Essay Writing Competition 2023-24.

About the Organiser

The School of Law at CHRIST (Deemed to be University), is dedicated to achieving both academic excellence and holistic development. It gives the students an all-around legal education focusing on interdisciplinary research and co-curricular activities. The School aims at aiding students to not only excel in their careers and contribute meaningfully to the legal profession and society as a whole.

About the 1st National Essay Writing Competition 2023-24

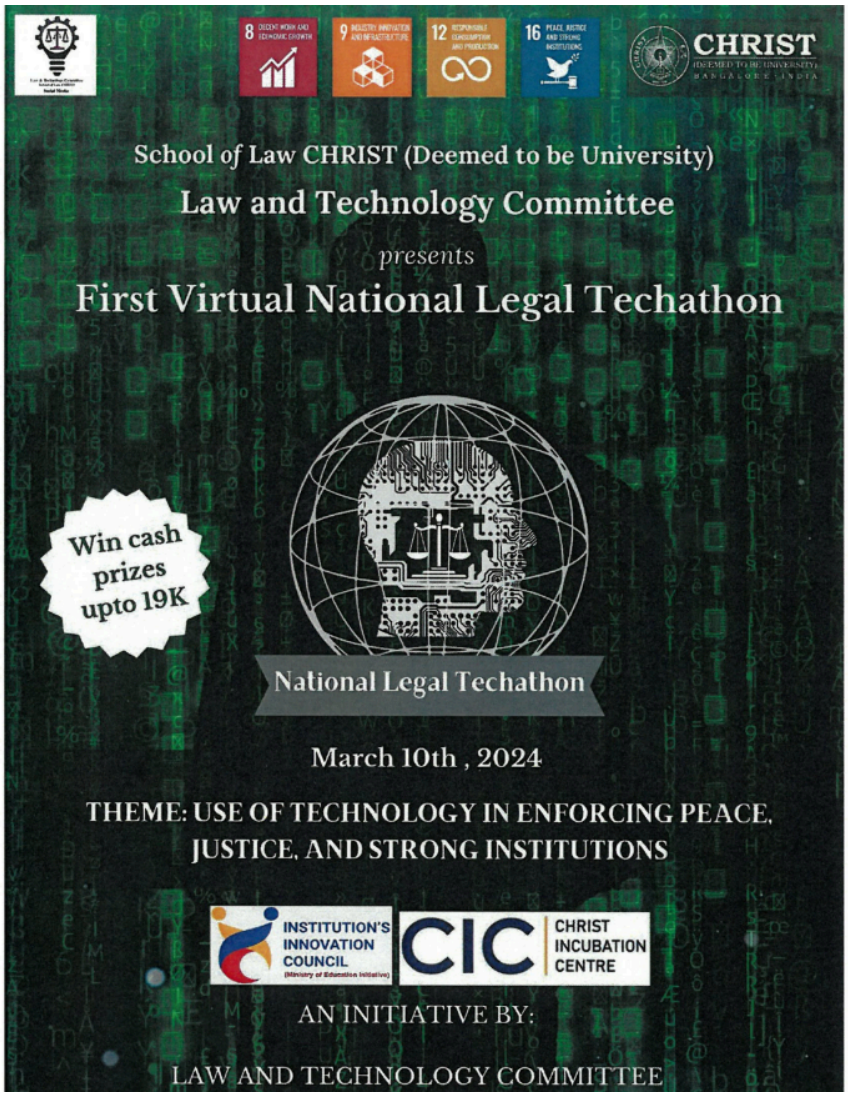

Keeping in tune with our dynamic environment, the Air and Space Law Committee of the School of Law brings forth the ***1st National Essay Writing Competition on Air and Space Law***, along with the Indian

The competition highlighted the importance of critical thinking and legal writing in the context of technological advancements. Moving forward, the university plans to continue organizing similar events to enhance awareness and engagement with pressing legal issues. The overall objective is to further cultivate students' abilities and knowledge in specialized legal areas, contributing to their professional growth and expertise.

Virtual National Legal-Techathon

Virtual National Legal-Techathon
March 10, 2024
Google Meet

The 1st Virtual National Legal-Techathon was held on March 10, 2024, from 11 a.m. to 4 p.m. via Google Meet, organized by CHRIST (Deemed to be University), Bangalore, in collaboration with the CHRIST Incubation and Entrepreneurship Support Cell. This pioneering event focused on addressing contemporary challenges in law enforcement through the integration of Artificial Intelligence. The competition provided law students with a unique platform to apply their creative problem-solving skills to develop AI-driven solutions and prototype models aimed at enhancing law enforcement practices.

The event featured a panel of distinguished judges, including Shyam Nallasenapathy from Zevi, Aditya Agarwal from Highfi Me & Jiffylabs, Deepak Thakur from

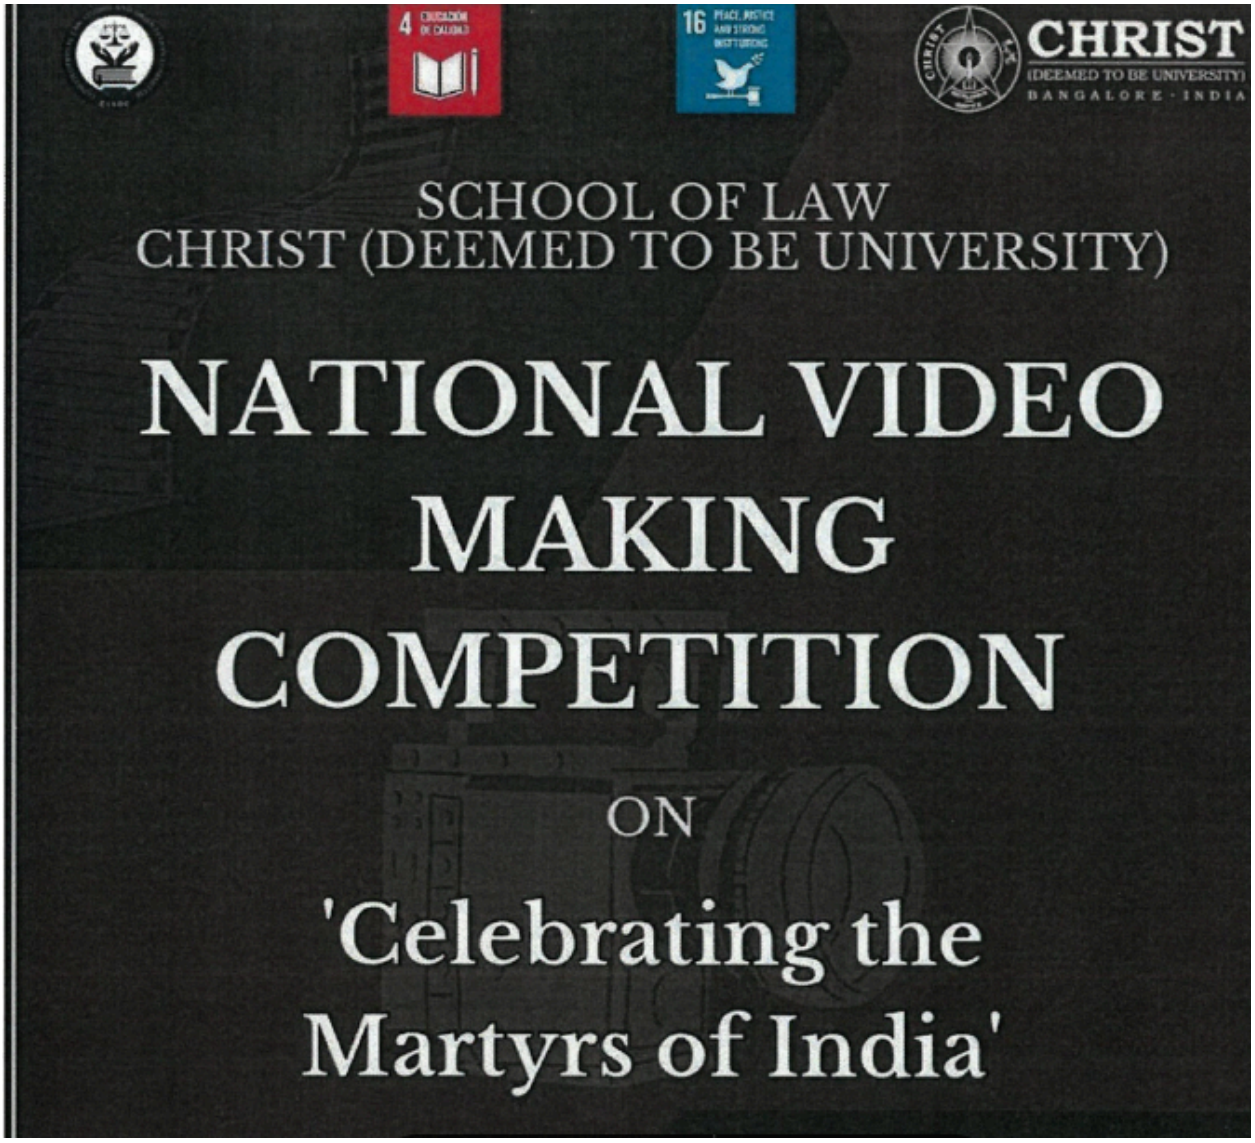

Nyaysashtram, Aniket Dutta from Nyaysashtram and DEEL, and Ashok G.V. from Allied Law Practices. The competition encouraged participants to explore the intersection of law and technology, facilitating interdisciplinary collaboration and networking opportunities. The final session included a guest lecture on "Examining Loopholes and Weakening Responsibility in the DPDP Act, 2023," offering valuable insights into the current legislative landscape.

The Virtual Legal-Techathon was well-received, with participants showcasing innovative solutions and engaging in constructive dialogue with industry experts. The event's success was reflected in its positive impact on participants' skills and networking opportunities. Future follow-up plans include fostering continued learning and collaboration among participants to ensure the practical application and development of the ideas presented during the Techathon. The budget for the event was INR 35,000, with an expenditure of INR 27,500 and income generated amounting to INR 7,500.

National Video Making Competition

National Video Making Competition
January 1 to January 30, 2024

The National Video Making Competition (NVMC) 2023, held from January 1 to January 30, 2024, focused on the theme "Celebrating the Martyrs of India". The competition, conducted entirely online, aimed to enhance participants' creative skills and deepen their understanding of constitutional law by exploring the historical significance of India's martyrs. College students from across the country submitted their videos, showcasing their interpretations and artistic expressions related to the martyrs' enduring impact on the nation.

The competition was judged on multiple criteria, including relevance, creativity, clarity, research, and emotional impact. Top entries were recognized with cash prizes and certificates of excellence. Notable winners included "Fight Club" from the Indian Institute of Management, Rohtak, and "Frame Changers" from Amity Law School, Noida. All participants received certificates, acknowledging their contributions to the event. By utilizing Instagram as the platform for submissions, the competition effectively engaged a broad audience, providing a modern and accessible space for showcasing video-making skills and promoting discussions on constitutional topics.

The NVMC 2023 successfully combined creative expression with educational objectives, offering students an opportunity to practically apply their theoretical knowledge of constitutional law. The event highlighted the importance of engaging with historical and constitutional themes through innovative media, fostering both learning and creativity within the academic community.

National Event On First Artificial Intelligence Policy

National Event on First Artificial Intelligence Policy.

March 26, 2024

The National Event on First Artificial Intelligence Policy in India, held on March 26, 2024, featured a Panel Discussion on the theme "Navigating the Future Policy Frameworks for Ethical AI in India" and the 1st National Policy Drafting Competition. The event, organized by the Law and Technology Committee in collaboration with the Public Policy and Governance Committee of the School of Law, CHRIST (Deemed to be University), highlighted the growing role of AI in law and the urgent need for ethical frameworks. The panel discussion featured esteemed speakers, including Alok Prasanna Kumar from Vidhi Centre for Legal Policy, Raghav Muthanna from Indus Law, Aishani Rai from Aapti Institute, and Deepa Padmar, who shared their insights on the importance of regulating AI usage in law firms and the broader legal industry.

The discussion covered the rapid advancements in artificial intelligence, its increasing integration into the legal profession, and the necessity for policy interventions to ensure ethical use. The speakers emphasized career prospects in technology law, urging students to gain skills in AI and participate in internships to stay ahead in the field. Real-life examples of AI's impact, both positive and negative, were shared, along with an exploration of regulatory measures like those recently introduced in Europe. The event offered a valuable platform for students to understand the intersection of law and technology and encouraged them to pursue specialized careers in this area.

Following the panel discussion, the National Policy Drafting Competition commenced in the afternoon, with eight teams participating. The competition challenged students to draft policies focused on regulating AI usage, providing them with hands-on experience in policy formulation for a rapidly evolving field. The event concluded with the announcement of results and a vote of thanks. The entire event, which had an approved budget of ₹1,51,090, generated ₹30,000 in income, resulting in a final expenditure of ₹1,21,090. It was an enriching experience for all participants, fostering interest in technology law and AI policy drafting.

Navigating Adr In Ip Law Multi-Jurisdictional Perspectives

Navigating ADR in IP Law Multi-Jurisdictional Perspectives
8th September 2023
Zoom

The National-Level Webinar titled "Navigating ADR in IP Law Multi-Jurisdictional Perspectives", held on 8th September 2023, focused on the integration of Alternative Dispute Resolution (ADR) in Intellectual Property (IP) law across different jurisdictions. The event was conducted virtually via Zoom and featured distinguished speakers, including Mr. Russell E. Levine, Mr. Alban Kang, Mr. Pranav Mago, and Ms. Isha Singh, who brought their global perspectives on ADR practices in IP disputes. Attendees comprised law students, academicians, and legal practitioners from across India, with over 204 participants engaging in the discussions.

Each speaker shared valuable insights into their respective jurisdictions. Mr. Levine, a partner at Kirkland & Ellis LLP, Chicago, highlighted the common use of mediation in U.S. patent litigation, stressing the importance of confidentiality and enforceability in ADR processes. Mr. Kang shared his expertise from Singapore, discussing how arbitration plays a key role in resolving IP disputes in the region. From an Indian perspective, Mr. Mago outlined the challenges and opportunities surrounding ADR in the country's IP framework. Ms. Singh, from the WIPO Arbitration and Mediation Center, Geneva, enriched the session with real-world case studies, illustrating the operational mechanisms of ADR in global IP disputes.

The event provided a platform for attendees to broaden their understanding of ADR in IP law and explore career opportunities in this specialized field. The interactive Q&A session allowed participants to engage with the speakers, fostering meaningful exchanges and networking opportunities. The School of Law, CHRIST (Deemed to be University), aims to build on this success by organizing more events that bridge local expertise with international legal perspectives, enhancing students' employability and contributing to the university's commitment to Sustainable Development Goal (SDG) 9, which emphasizes innovation and industry.

Workshop On Skill Development

Workshop On Skill Development
4th April 2024
CHRIST (Deemed to be University)

The School of Law CSA Committee from CHRIST (Deemed to be University), Bangalore, organized a workshop on skill development at the Nele Foundation, Bengaluru. The workshop aimed at enhancing students' decision-making, public speaking, and confidence through interactive activities. The event ran from 1000 AM to 300 PM, involving around 35 to 40 students from grades 1 to 10, who were part of the foundation's summer school program. Nele Foundation focuses on holistic development, offering activities like Sanskrit learning, folklore, and yoga to help students unlock their potential.

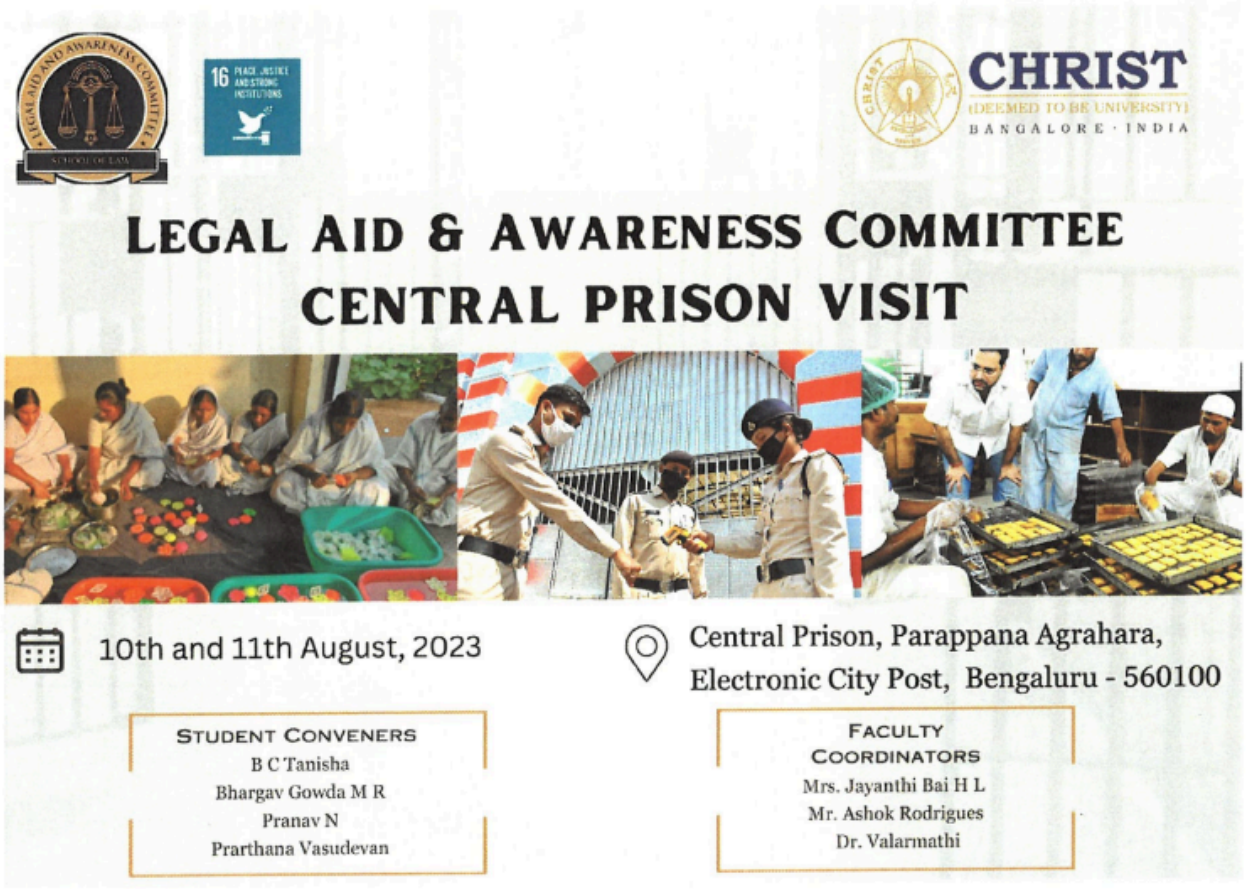

The day started with introductory sessions, where participants introduced their friends and shared interesting facts about them. This ice-breaking activity was followed by a game that required participants to perform a skill if they lost, fostering a fun and engaging learning environment. These activities were designed to boost students' confidence, improve decision-making abilities, and polish their public speaking skills. The participants were highly interactive and embraced the opportunity to showcase their talents and enhance their soft skills.

The CSA Committee also had an insightful exchange with the foundation's team, learning about their mission to provide equal opportunities for education and their ongoing initiatives. The workshop was a success, leaving both the committee and the foundation's students eager to collaborate further. The committee hopes to plan similar workshops in the future to continue supporting the foundation's work in nurturing young minds and empowering them through practical skill development.

Visit To The Central Prison, Parappana Agrahara.

Visit To The Central Prison, Parappana Agrahara.
10th and 11th August 2023
Central Prison, Parappana Agrahara
The School of Law, CHRIST (Deemed to be University), Bengaluru, organized a prison visit to the Central Prison, Parappana Agrahara. The visit aimed to enhance students' understanding of trial advocacy skills by exposing them to the real-life conditions and operations of a prison facility. A total of 330 participants, including faculty members, students, and prison authorities, attended the two-day event. The visit was conducted in collaboration with the Department of Prisons and Correctional Centre, Government of Karnataka. The participants observed various units within the prison, including the barracks for undertrial and convicted prisoners, the bakery unit, textile manufacturing unit, soap production unit, and the kitchen. Female students were also given access to the women's prison for a more comprehensive understanding.

The students underwent three rounds of security checks before entering the facility. Once inside, they were shown how the prison is largely self-sufficient with its in-house production units, including those for textiles, soap, and bakery products. They also visited the prison library, which was well-stocked with academic and non-academic literature. One of the highlights of the visit was an instrumental music performance by inmates, who had been trained at the Bengaluru Central Music School, showcasing the

prison's efforts toward rehabilitation and reform. The women's prison, a smaller facility with no segregation between undertrial and convicted prisoners, was visited by the female students.

Annexure 2: Photo of the Activity

The visit provided a first-hand experience of the infrastructure and operations of the prison, allowing students to critically examine the living conditions of inmates and the reformative activities in place. It gave the participants a better understanding of the working conditions within a prison and emphasized the importance of rehabilitative programs in the justice system. The event also facilitated discussions on the potential areas for improvement in prison administration, with the students leaving with a deeper appreciation for the complexities of the correctional system.

A National Quiz Competition Aimed At Enhancing Students

A National Quiz Competition Aimed At Enhancing Students.
27th October 2023
CHRIST (Deemed to be University)

On 27th October 2023, the School of Law, CHRIST (Deemed to be University) hosted the South Regional Rounds of ConQuest 2023, a national quiz competition aimed at enhancing students' quizzing proficiency in subjects such as the Indian Constitution, politics, law, history, and current affairs. Organized in collaboration with the Centre for Law and Policy Research (CLPR), this year's theme was focused on the intersection of Artificial Intelligence (AI) and constitutional matters. Quiz Masters Mr. Raghav and Ms. Ashwini from QShaala led the event, which saw the participation of 30 students from various colleges in the southern region. The competition not only challenged participants but also engaged the audience, encouraging critical thinking on contemporary legal and technological issues.

The quiz featured a series of rounds designed to test the participants' understanding of constitutional law, the evolving role of AI in legal frameworks, and their ability to apply knowledge across interdisciplinary contexts. Participants displayed their proficiency in interpreting the Indian Constitution and its historical development, while also exploring how emerging technologies like AI can intersect with constitutional governance. In addition to fostering a deeper appreciation for legal principles, the event highlighted the increasing relevance of technology in shaping the future of law, offering students an opportunity to critically engage with modern legal challenges.

ConQuest 2023 successfully promoted team collaboration, critical legal reasoning, and ethical professionalism in line with the learning outcomes outlined by the School of Law. Through this event, students not only gained a deeper understanding of legal and constitutional issues but also developed skills that will benefit their future careers, such as problem-solving, legal research, and public speaking. The event also aligned with Sustainable Development Goals (SDGs), particularly in promoting gender equality, fostering decent work and economic growth, and strengthening peace, justice, and strong institutions.

Zero Recruitment Interviews

Zero Recruitment Interviews
26th July 2023
CHRIST (Deemed to be University)

The School of Law, CHRIST (Deemed to be University) conducted the Day Zero Recruitment Interviews for the final year law students. Held in the Conference Room on the fifth floor of the R&D Block, the recruitment drive was in collaboration with Cyril Amarchand Mangaldas (CAM), one of India's leading law firms. The event featured interviews with 20 shortlisted students, providing them with an opportunity to secure positions at CAM. The visiting team from the firm included Mr. Bishen Jeswant and Mr. Lomesh Kiran Nidumuri, both Partners, along with Ms. Samhita Biswas, the HR representative. They provided insights into the firm's working environment and culture, preparing the students for the interviews.

During the interviews, the recruiters assessed the students' legal knowledge, reasoning abilities, and interpersonal skills. The event was a significant opportunity for the students to showcase their potential in front of senior professionals from CAM. Students were evaluated not only on their legal acumen but also on their ability to communicate effectively, think critically, and propose sound legal arguments. The event underscored the importance of professionalism and ethical behavior, crucial components of legal practice. The recruitment drive also highlighted CAM's work culture and provided students with a valuable opportunity to connect with one of India's top law firms.

The Day Zero Recruitment Drive served as an important step toward enhancing the employability of law students by exposing them to real-world legal recruitment processes. It aligned with several Programme Outcomes (POs), including fostering critical thinking, legal reasoning, and professional behavior. Furthermore, the collaboration between the School of Law and Cyril Amarchand Mangaldas established a strong foundation for future recruitment opportunities. The Placement Committee continues to work closely with the organization for post-interview procedures and is committed to building lasting relationships to ensure future collaboration.

Resolut Debate Program

Resolut Debate Program
12th September 2023
CHRIST (Deemed to be University)
The School of Law at CHRIST (Deemed to be University) hosted the Resolut Debate Program, aimed at enhancing students' speaking skills. Conducted online, this debate competition featured esteemed judges Vypak Desai, Lead-International Disputes at Nishith Desai Associates, and Ruchir Sinha, Managing Partner at Resolut Partners. The event saw the participation of 64 students who were keen to improve their oral skills in the context of legal debates and arguments.

The debate centered on the motion, "Organ donation after death Should it be mandatory or elective?" This topic provided students with a platform to refine their ability to structure logical legal arguments and conduct thorough legal research. The activity was particularly focused on enhancing oral skills essential for moot courts, litigation, and other debate forums. By engaging with complex legal issues, participants gained valuable insights into argumentative techniques and legal reasoning.

Looking forward, the committee plans to organize similar events to continuously improve students' debate and legal research skills. These initiatives are intended to align students with the skills sought after by recruiters and to foster a strong foundation for future legal practice. The program was conducted without any specific budget allocation, but it effectively contributed to the academic and professional growth of the participants.

Career Guidance Workshop

Career Guidance workshop
18th August 2023
Room No. 105, Central Block

The School of Law at CHRIST (Deemed to be University) conducted a Pre-Placement Career Guidance workshop in collaboration with Resolüt Partners. Held in Room No. 105, Central Block, the session was led by Mr. Austin Thomas, an Associate at Resolüt Partners. The workshop was attended by 43 fourth and fifth-year law students, who were provided with comprehensive insights into careers in Private Equity advisory.

Mr. Thomas offered valuable guidance on the work culture at Resolüt Partners, including details about the firm's daily discussions on current developments and advisories. He shared his personal career journey and provided examples of the types of deals and advisories the firm engages with. This allowed students to gain a better understanding of what to expect from the firm and the broader private equity sector.

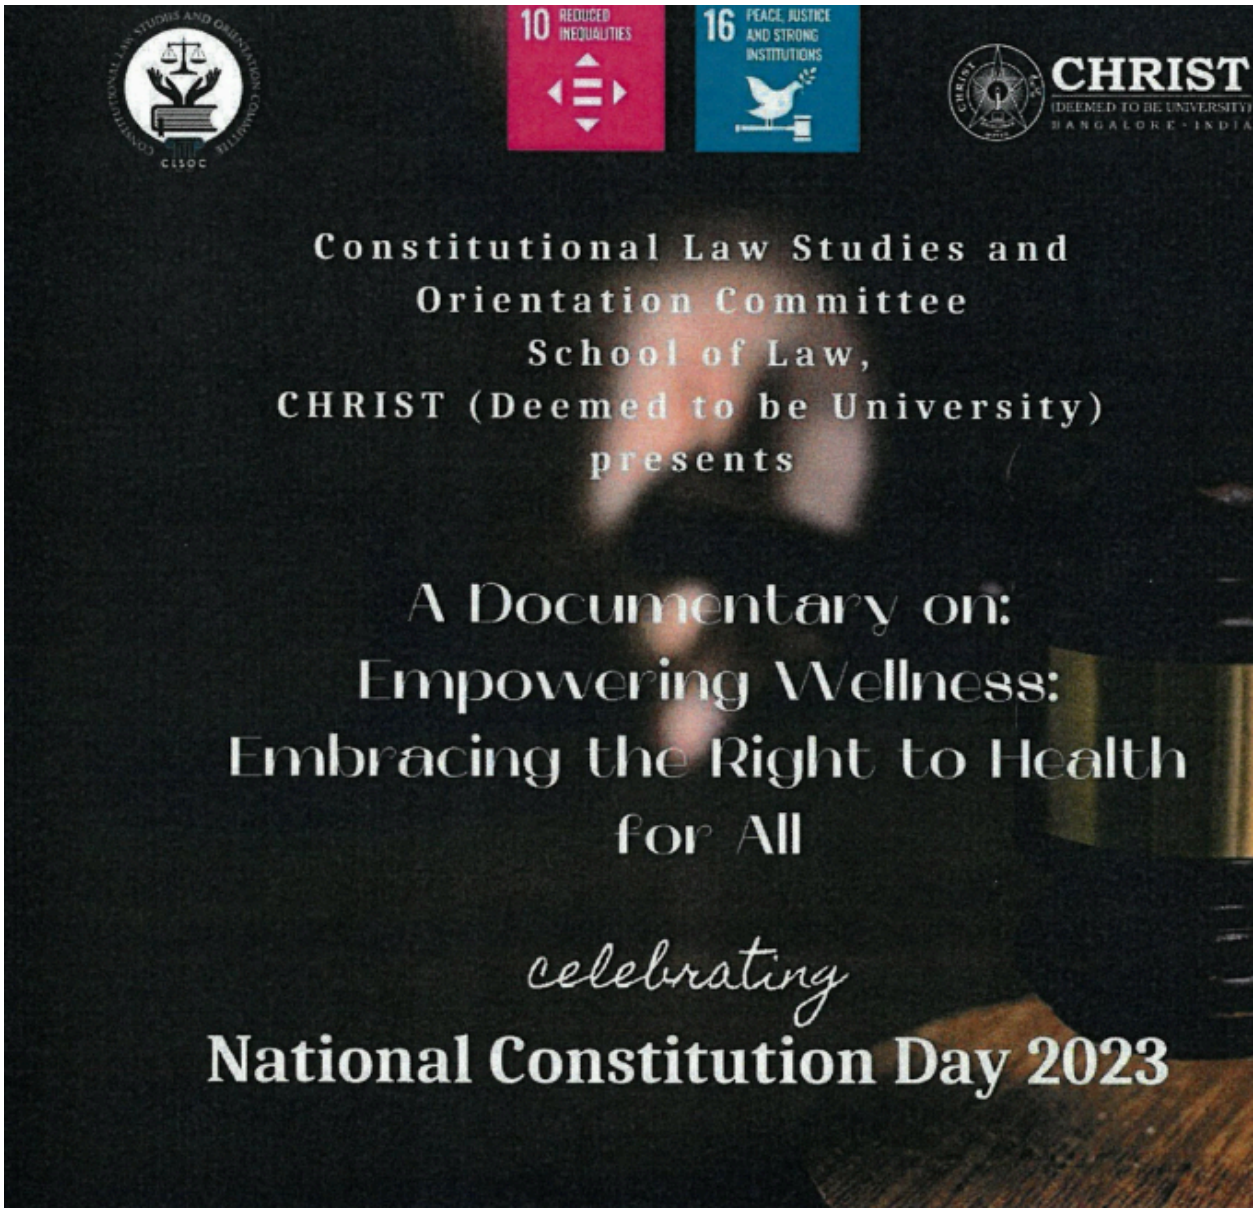

The session aimed to equip students with essential information and skills to navigate their career choices effectively. Looking ahead, the committee plans to follow up with Resolüt Partners to explore internship opportunities for the graduating batch of 2024. The workshop not only prepared students for careers in capital markets and corporate law but also aligned with local, regional, and national growth aspirations, fostering critical analysis and innovation within a globalized marketplace.

Empowering Wellness Embracing The Right To Health For All.

Empowering Wellness Embracing the Right to Health for All.
;26th November 2023
CHRIST (Deemed to be University)

CHRIST (Deemed to be University) celebrated National Constitution Day with a screening of the documentary titled "Empowering Wellness Embracing the Right to Health for All." The event, organized by the Constitutional Law Studies and Orientation Committee, focused on Article 21 of the Indian Constitution, highlighting the Right to Health as a fundamental right. The documentary, which was distributed online to the university community, featured landmark cases related to this right and addressed its implications during the COVID-19 pandemic.

The screening aimed to enhance students' understanding of Constitutional Law and promote awareness of fundamental rights. The committee members took part in various roles, including direction, scriptwriting, acting, and videography, which not only fostered teamwork but also enhanced their creative skills. The documentary underscored the transformative nature of the Indian Constitution and honored the contributions of Dr. B.R. Ambedkar and the Constituent Assembly.

Moving forward, the committee plans to organize an awareness program to further educate students and the local community about their rights under the Constitution, including those developed through case laws. This initiative is intended to deepen practical learning and broaden awareness of the Constitution's core values.

Socioludic 2023 - 2024

SOCIOLUDIC 2023 - 2024

January 7th to 25th, 2024
Christ University Grounds

The Department of Sociology and Social Work at CHRIST (Deemed to be University), unfolded from January 7th to 25th, 2024, across the Christ University Grounds and Dharmaram Ground. This vibrant sports fest, encompassing Mainstream, Individual, and Inclusive Events, was inaugurated by Brigadier B G Jagadeesh (Retd), who set an energetic tone by kicking off the first ball. The event attracted 270 students and 10 teachers, embodying the theme of Unity and Inclusivity through sports. The sports day saw an impressive turnout, with a balanced representation of 150 women and 120 men, reflecting the department's commitment to gender inclusivity and equal participation.

The multi-day extravaganza featured diverse sporting events, including popular team sports like Football, Cricket, Volleyball, Basketball, and Throwball, as well as individual events such as Table Tennis, Athletics, and Chess. The MSW HRDM course emerged as a standout performer, securing victories in the majority of events and earning the title of overall winners. The sports fest not only promoted athletic excellence but also fostered personal growth, teamwork, and holistic well-being among participants. By challenging students to overcome obstacles and develop resilience, the event contributed to their physical fitness and social interaction, thereby supporting Sustainable Development Goal 16 of building peaceful and effective societies.

Looking ahead, the department plans to solicit participant feedback to enhance future sports events, expand the scope and diversity of activities, and encourage continuous student engagement in sports. Future initiatives will include exploring interdepartmental collaborations and developing a long-term strategic plan for fostering a culture of sports excellence. By promoting ongoing participation and collaboration, the department aims to sustain the enthusiasm and impact of sports within the university community.

Nuances Of General Corporate Practice

Nuances of General Corporate Practice
July 12, 2023
Room 505 of the Central Block

The School of Law at CHRIST (Deemed to be University) hosted a seminar titled "Nuances of General Corporate Practice" led by Mr. Christopher Rao, a Partner at Krishnamurthy and Co. Held in Room 505 of the Central Block, this event aimed to enrich students' understanding of general corporate practice, particularly in preparation for the Day Zero Placement Drive. With 64 participants, predominantly students keen on corporate law, the seminar provided invaluable insights into the complexities and demands of corporate legal practice.

Mr. Rao's presentation delved into various aspects of general corporate practice, offering a comprehensive overview of the field. The interactive session allowed participants to engage directly with Mr. Rao, posing questions and gaining practical knowledge. This exposure to real-world corporate law scenarios was designed to better equip students for interviews and future employment in the field. The seminar highlighted the firm's esteemed position within the industry, emphasizing its recognition and diverse client base, which includes Indian, international, and government clients.

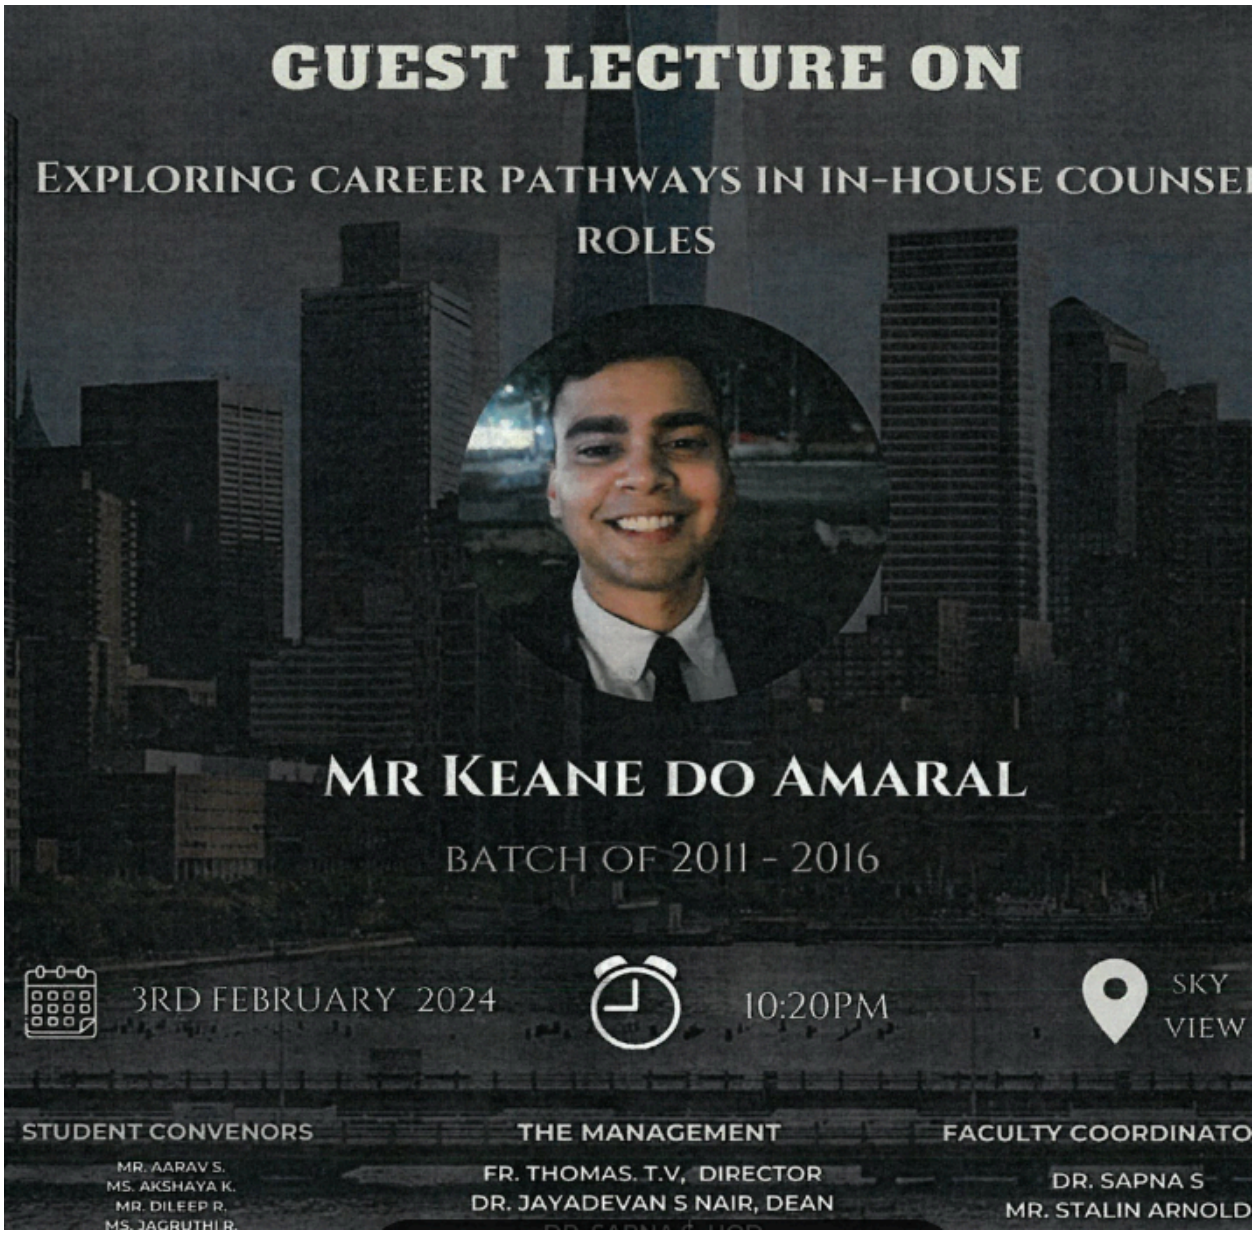

Following the seminar, the committee plans to organize similar events to continue bridging the gap between academic learning and industry expectations. Maintaining ongoing communication with Krishnamurthy and Co. will ensure that students remain informed about current industry practices and are well-prepared for their professional careers.

Exploring Career Pathways In-House Counsel Roles

February 3, 2024
Sky View, Central Block

The School of Law at CHRIST (Deemed to be University) organized a seminar titled "Exploring Career Pathways in-house Counsel Roles" led by Mr. Keane Do Amaral, Group General Counsel at Connect Ventures. Held in Sky View, Central Block, the seminar catered to 247 fourth-year law students. Mr. Amaral, an esteemed alumnus of the School of Law, provided a comprehensive overview of the in-house counsel role, contrasting it with traditional law firm positions.

Mr. Amaral's presentation covered the diverse nature of an in-house counsel's work, emphasizing their broad expertise compared to specialized law firm lawyers. He illustrated how general counsels often manage a range of legal issues across various

fields, such as IP, health law, and corporate law, while working in collaboration with external legal teams. The seminar also highlighted the significant role of contract law and negotiations in an in-house counsel's daily responsibilities and the favorable work-life balance compared to litigation roles.

The committee aims to continue organizing similar events to enhance students' understanding of career opportunities in in-house legal roles. Future plans include additional training sessions and workshops to further explore these career paths, providing students with valuable interactions with industry experts and practical insights into the field.

Careers In Tmt Legal Practice

Careers in TMT Legal Practice
August 29, 2023
K.E. Auditorium, Block 4

The School of Law at CHRIST (Deemed to be University) hosted a seminar titled "Careers in TMT Legal Practice" at the K.E. Auditorium, Block 4. The event featured a panel discussion with distinguished speakers Mr. Naqeeb Ahmed Kazia, Principal Associate at Indus Law; Ms. K Megha Nambiar, Legal Head at HyperVerge; and Ms. Shambhavi Ravishankar, Consultant at Ikigai Law. Attended by 329 students from UG and PG law courses, the seminar aimed to provide insights into career opportunities within Technology, Media, and Telecommunications (TMT) legal practice.

The panel began with an overview of Technology Law, contrasting its dynamic nature with more traditional legal practices. The speakers emphasized the importance of engaging in diverse activities, such as hackathons and internships, to gain a comprehensive understanding of data compliance and technology law. They highlighted

various career paths available to law students interested in TMT fields and stressed the growing importance of cybersecurity laws in India.

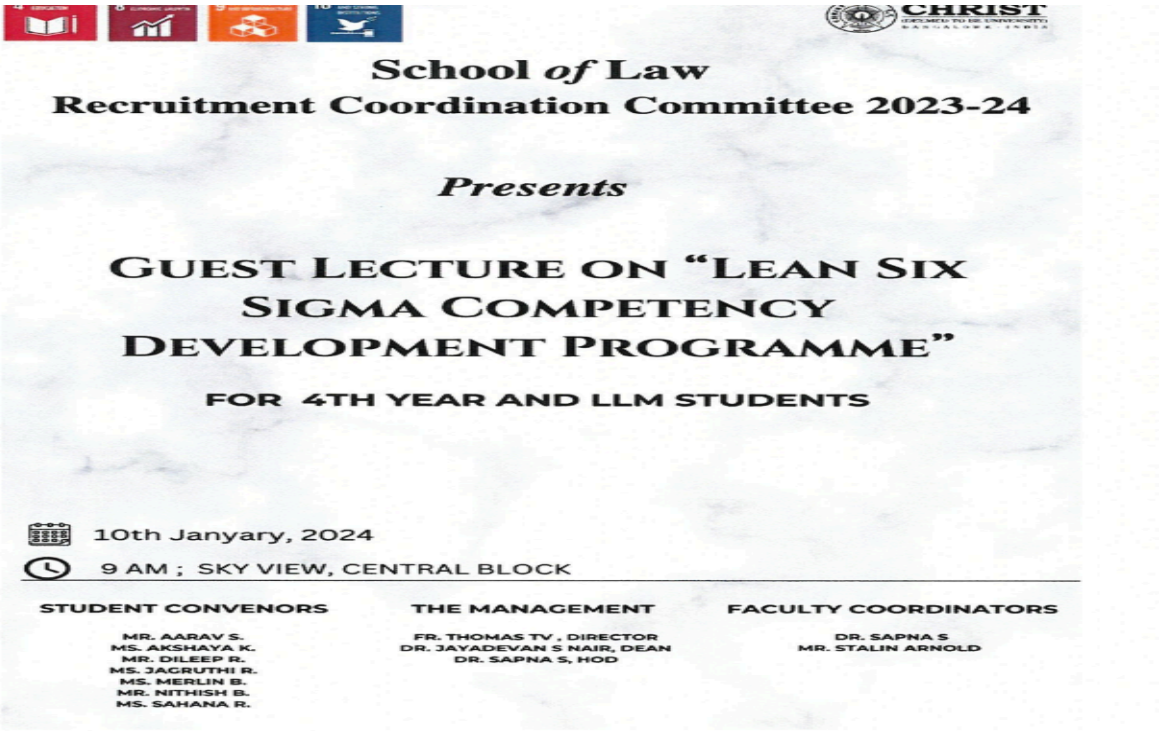

The seminar served as a valuable platform for students to enhance their legal understanding and critical thinking skills, specifically in TMT domains. Moving forward, the committee plans to continue organizing events that offer practical insights and foster critical thinking, thereby preparing students for successful careers in these rapidly evolving legal fields.

Lean Six Sigma Competency Development Programme

Lean Six Sigma Competency Development Programme
January 10, 2024
Skyview, Central Block

The School of Law at CHRIST (Deemed to be University) organized a seminar titled "Lean Six Sigma Competency Development Programme" in collaboration with KPMG. The event, held at Skyview, Central Block, aimed to familiarize students with Lean Six Sigma, a methodology developed to address cost management and process improvement. The seminar featured presentations from key KPMG professionals, including Mr. Jagpreet Brar, Director of Learning Services; Mr. Venu Nilgar, Associate Director; Mr. Sahil Nayar, Senior Associate Director of Human Resources; and Mr. Sarthak Shukla, Assistant Manager. The session was attended by 385 students from the 4th year B.A. LLB (Hons), B.B.A. LLB (Hons), and LLM programs.

The speakers elaborated on the core concepts of the Lean Six Sigma Competency Development Programme, a course designed to equip participants with the tools and knowledge needed for waste reduction, process control, and sustainable improvements. They explained how Lean Six Sigma applies across various industries and sectors, enhancing operational efficiency, agility, and compliance with existing systems. The presentation introduced students to the Green Belt Wing, which focuses on data analysis, trend evaluation, and performance improvement through statistical tools and hands-on mini-group practice. The Black Belt Wing helps participants lead projects aligned with critical business challenges, mentoring green belt initiatives and integrating virtual projects to deepen understanding.

The seminar provided students with a comprehensive overview of the Lean Six Sigma programme and its practical applications in professional settings. Following the event, discussions with KPMG were initiated to enable students to enroll in the programme and pursue certification, fostering continuous learning and development in this critical skillset.

Industrial Visit To Stovekraft

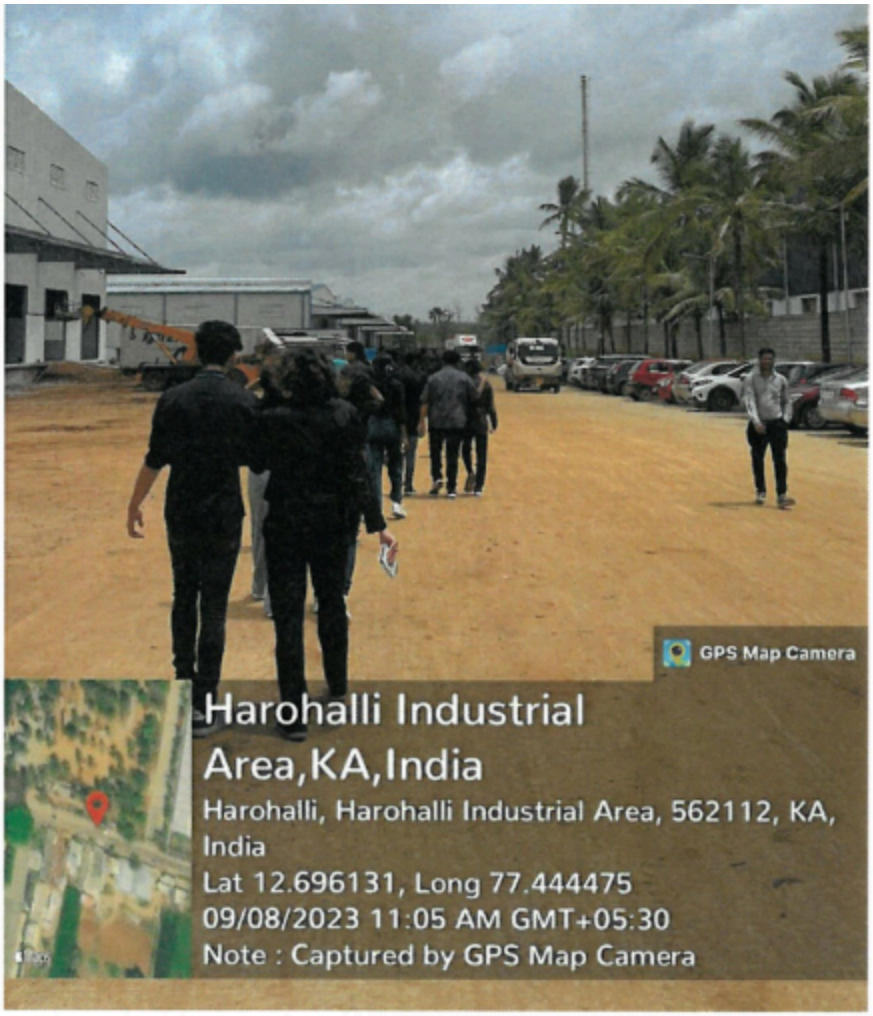

Industrial Visit To Stovekraft

8th September 2023
StoveKraft, 3rd Block, 297, 10th Main, Bengaluru

The industrial visit to StoveKraft aimed to expose 2nd-year BBA LLB students to the real-world functioning of corporate enterprises, focusing on the practical application of management principles. The students had the opportunity to explore the inner workings of the stove and kitchen appliance industry, gaining firsthand insights into various aspects of corporate culture, operational management, technology, and corporate social responsibility. The visit emphasized the importance of adhering to safety standards and maintaining quality control, while showcasing the company's commitment to sustainability.

The industrial visit to StoveKraft offered 67 students from the 2nd year of the BBA LLB program an enriching opportunity to observe the practical applications of management theories within a corporate environment. Students were exposed to StoveKraft's operational management and sustainability initiatives, learning how core business principles are applied to address real-world challenges. The visit fostered an understanding of the importance of safety standards, quality assurance, and sustainable practices, which are vital components of modern business operations. The session concluded with a reflective discussion, encouraging students to share key insights and takeaways from their experience.

The visit emphasized the development of employability skills, including communication, teamwork, and problem-solving, by engaging students with industry professionals. Observing real-world applications of theoretical knowledge helped improve their adaptability and understanding of industry standards. Exposure to safety practices, supply chain dynamics, and sustainability made students more competitive and marketable candis for future employment.

Private Equity And Venture Capital.

Private Equity and Venture Capital.
March 2, 2024, to April 20, 2024.
Central Block, Central Campus, CHRIST, Bengaluru.

The School of Law at CHRIST (Deemed to be University) organized a certificate course for skill enhancement and employability in collaboration with Khaitan & Co. The offline certificate course, titled "Private Equity and Venture Capital," ran from March 2, 2024, to April 20, 2024, spanning 12 hours over six Saturdays. The sessions were held at the Central Block, Central Campus, CHRIST, Bengaluru. The program was designed for 4th-year BA LLB and BBA LLB students, with a total of 32 participants.

The course was led by Mr. Hardik Bhatia, Counsel at Khaitan & Co., and Ms. Prerna Ranjan, Senior Associate at Khaitan & Co. It provided an in-depth exploration of private equity and venture capital, emphasizing their importance in fostering innovation and startup growth. Over six sessions, the participants were guided through the entire deal cycle, from origination to exit strategies, focusing on essential components like due diligence, legal frameworks, and negotiation techniques. The exploration of key legal documents, such as Shareholder Agreements (SHA), Share Subscription Agreements (SSA), and Sale and Purchase Agreements (SPA), was a highlight, offering participants the skills necessary for successful investment management.

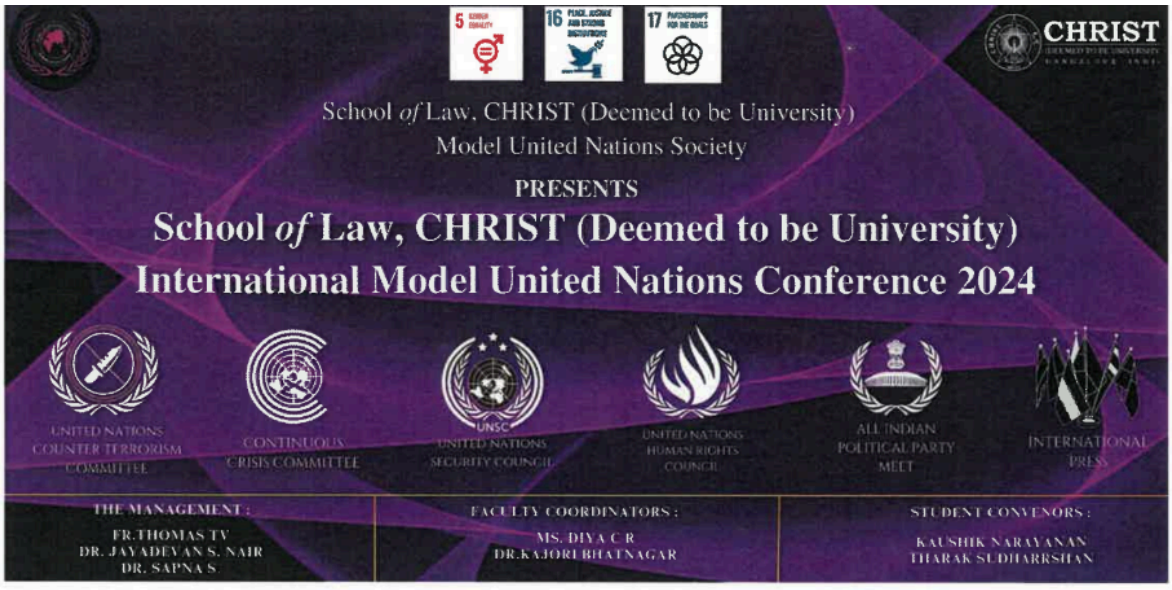

The course provided a detailed understanding of the differences between private equity and venture capital, covered critical aspects of the deal cycle, and emphasized the importance of legal due diligence and regulatory considerations. It introduced participants to negotiation strategies for securing favorable investment terms and provided a comprehensive overview of legal documents essential for PE/VC transactions. Key takeaways included the significance of understanding the deal cycle, the importance of legal and regulatory knowledge, the critical role of due diligence, and the value of negotiation skills for maintaining healthy investor relationships.

In summary, the course offered a comprehensive foundation in private equity and venture capital, with participants gaining practical insights into deal structuring, due diligence, negotiation strategies, and legal documentation. The interactive lectures and case studies equipped students with the knowledge and skills necessary to navigate the complex landscape of PE/VC investments, preparing them for future roles in the field.

12th Edition Of Its National-Level Model United Nations (Mun) Conference.

12th Edition of its National-Level Model United Nations (MUN) Conference.
February 10th To 12th, 2024.
University's Central Campus

The School of Law, CHRIST (Deemed to be University), hosted the 12th Edition of its National-Level Model United Nations (MUN) Conference from February 10th to 12th, 2024. The event took place across various s on the university's central campus, including the Main Auditorium, K.E. Auditorium, and multiple conference rooms. The conference featured esteemed dignitaries, including Mr. K.M. Chandrasekhar, former Cabinet Secretary, and Mr. T.P. Sreenivasan, former Ambassador and Permanent Representative of India to the United Nations in Vienna, who served as the Guest of Honour and Chief Guest, respectively. Other notable attendees included His Excellency Dr. Abdul Manaff, Royal Ambassador of the Sultanate of Sulu and Sabah, and Hon'ble Retd. Mr. Justice J.B. Koshy, retired Chief Justice of the High Court of Patna. The event was attended by 266 participants, ranging from 15 to 25 years of age, representing CHRIST (Deemed to be University) and various schools and universities across the country.

The conference began with an Inaugural Ceremony marked by an inspiring speech from Mr. K.M. Chandrasekhar, who shared insights into his life as a diplomat and civil servant. Mr. T.P. Sreenivasan also engaged the audience with his perspectives on international diplomacy and the role of the United Nations. Dr. Sapna S., Associate Dean and HOD of the School of Law, extended a warm welcome to the dignitaries and participants, and the SLCU Choir's captivating performance added elegance to the occasion. Following the inauguration, the Committee Sessions commenced, engaging delegates in intense debates and discussions on pressing global issues. The first day

concluded with two highly interactive sessions that set a productive tone for the rest of the conference.

Day two featured an interactive session with Mr. T.P. Sreenivasan and Mr. K.M. Chandrasekhar, who provided participants with valuable insights on the relevance of the United Nations in today's geopolitical landscape. Lively discussions ensued, offering a dynamic exchange of ideas between delegates and the esteemed guests. Committee Sessions continued throughout the day, interspersed with breaks for reflection and informal discussions. The day ended on a festive note with a cultural night that celebrated diversity through music, dance, and camaraderie, fostering a deeper sense of community among the participants.

The final day of the conference saw delegates working diligently to finalize their draft resolutions during the last Committee Session. The Valedictory Ceremony, attended by Hon'ble Retd. Mr. Justice J.B. Koshy, His Excellency Dr. Abdul Manaff, and Professor Madhav Das Nalapat from Manipal University, served as the perfect conclusion to the event. Speeches from dignitaries emphasized the significance of Model United Nations in shaping future leaders and fostering diplomatic skills among students. The announcement of awards, including the Best Delegation award, recognized the exceptional performance of participants, reinforcing the value of collaboration, negotiation, and diplomacy. The event exemplified the School of Law's commitment to nurturing future leaders and promoting international cooperation, leaving participants with a richer understanding of global issues and diplomacy.

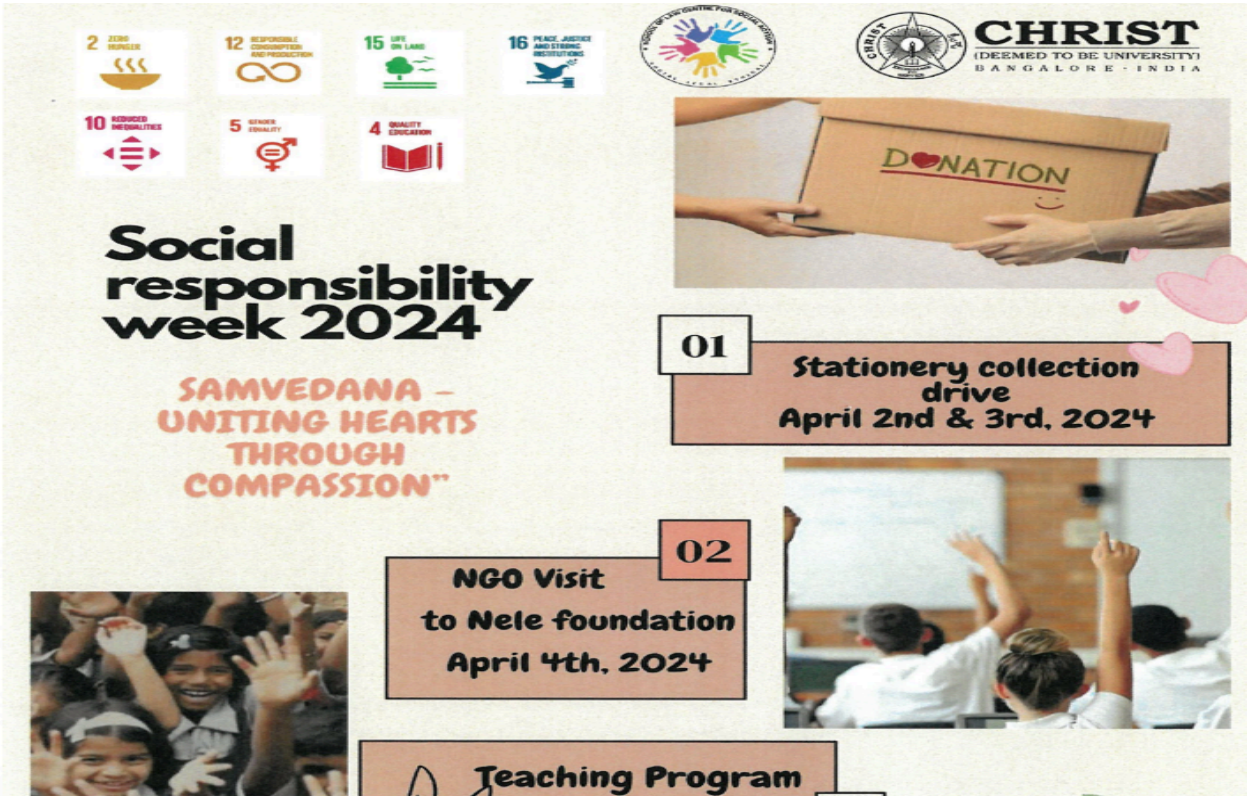

Stationery And Fund Collection Drive.

Stationery and Fund Collection Drive.

April 2 to April 3, 2024

Central Block

The School of Law, CHRIST (Deemed to be University), organized a two-day social awareness initiative focused on addressing societal needs through a Stationery and Fund Collection Drive. The event, which ran from 9 a.m. to 5 p.m. next to the Central Block, involved the active participation of both students and faculty members. The primary goal was to collect stationery items and raise financial contributions for orphanages and marginalized groups, particularly underprivileged children and Goushalas. By establishing a stall to promote the cause, the committee fostered a strong sense of community engagement, aiming to support the educational needs of vulnerable youth.

The stall featured an array of engaging games, designed to incentivize donations and enhance community involvement. This creative approach effectively mobilized support, making the donation process enjoyable while spreading awareness about the challenges faced by marginalized children in accessing education. Participants were encouraged to contribute towards providing essential learning tools for underprivileged students, thereby promoting educational equity. The initiative not only underscored the importance of social responsibility but also highlighted the role of community involvement in addressing societal challenges.

Through this stationery collection drive, the School of Law raised awareness about educational inequities and the need for equal opportunities for all. The follow-up plan includes ensuring the transparent utilization of the funds raised, with an emphasis on purchasing quality stationery items and developing a distribution plan. The committee will collaborate with local schools, NGOs, and community centers to ensure that the collected items are delivered to the intended beneficiaries, further supporting marginalized children in their educational journeys.

Teaching Program In Madiwala

Teaching Program in Madiwala
April 5, 2024, from 500 PM to 630 PM
Madiwala

The School of Law, CHRIST (Deemed to be University), in collaboration with the CHRIST Centre for Social Action (CSA), conducted a Teaching Program in Madiwala. The primary aim of the program was to foster communication skills and empathy among students from the 2nd to 9th grades. The session encouraged children to break stereotypes and express themselves better through a series of interactive and engaging activities. Thirty children from the project area participated in the program, which focused on developing key skills such as quick thinking, creativity, teamwork, and strategic planning.

The session began with an introductory activity where students were paired up to share three interesting facts about each other. This exercise helped assess their communication skills, body language, and comfort level in expressing themselves. The second activity, "Pass the Potato," was a team-building exercise that involved passing a potato down a line using only the wrists. This fun and engaging task emphasized teamwork, coordination, and communication, with students discussing their strategies after the activity.

The third exercise involved showing students pictorial drawings of various scenes, which they had to describe and form sentences about. This activity was designed to enhance their observation skills and imaginative thinking. The final game, "Tiger and Cow," required students to strategize as a group to protect a "cow" from a "tiger" within a circle. This game emphasized teamwork, coordination, and strategic planning, allowing students to experience the value of working together to achieve a common goal.

Overall, the Teaching Program was successful in developing critical skills among the students while fostering an environment of empathy and communication. The committee plans to organize similar programs in the future to continue promoting these important life skills among young learners.

Career Prospects In The Regulatory Sector

Career Prospects in the Regulatory Sector
August 25th and 26th, 2023
Council Room, Central Block
The School of Law at CHRIST (Deemed to be University) hosted a two-day workshop titled "Career Prospects in the Regulatory Sector" in collaboration with HSA Advocates. Held in the Council Room, Central Block, the workshop was designed to provide 85 fourth-year BA LLB and BBA LLB (Hons) students with comprehensive insights into career opportunities within the regulatory and policy sectors. The event featured prominent speakers from HSA Advocates, including Shubhi Sharma, Associate Partner, and Nipun Sharma, Principal Associate, who shared their expertise on career trajectories and technical trends in the field.

Poster

The first day of the workshop, led by Ms. Nipun Sharma, focused on the foundational aspects of Energy Laws and the associated hierarchy of authorities. This session provided attendees with a detailed understanding of energy regulations and their applications. On the second day, Ms. Shubhi Sharma expanded on career prospects

within regulatory and policy sectors, discussing various roles within law firms and delving into specifics of Power Purchase Agreements (PPAs). These presentations and discussions were enriched with real-world examples and case studies, offering students practical insights into the operational mechanisms of regulatory frameworks.

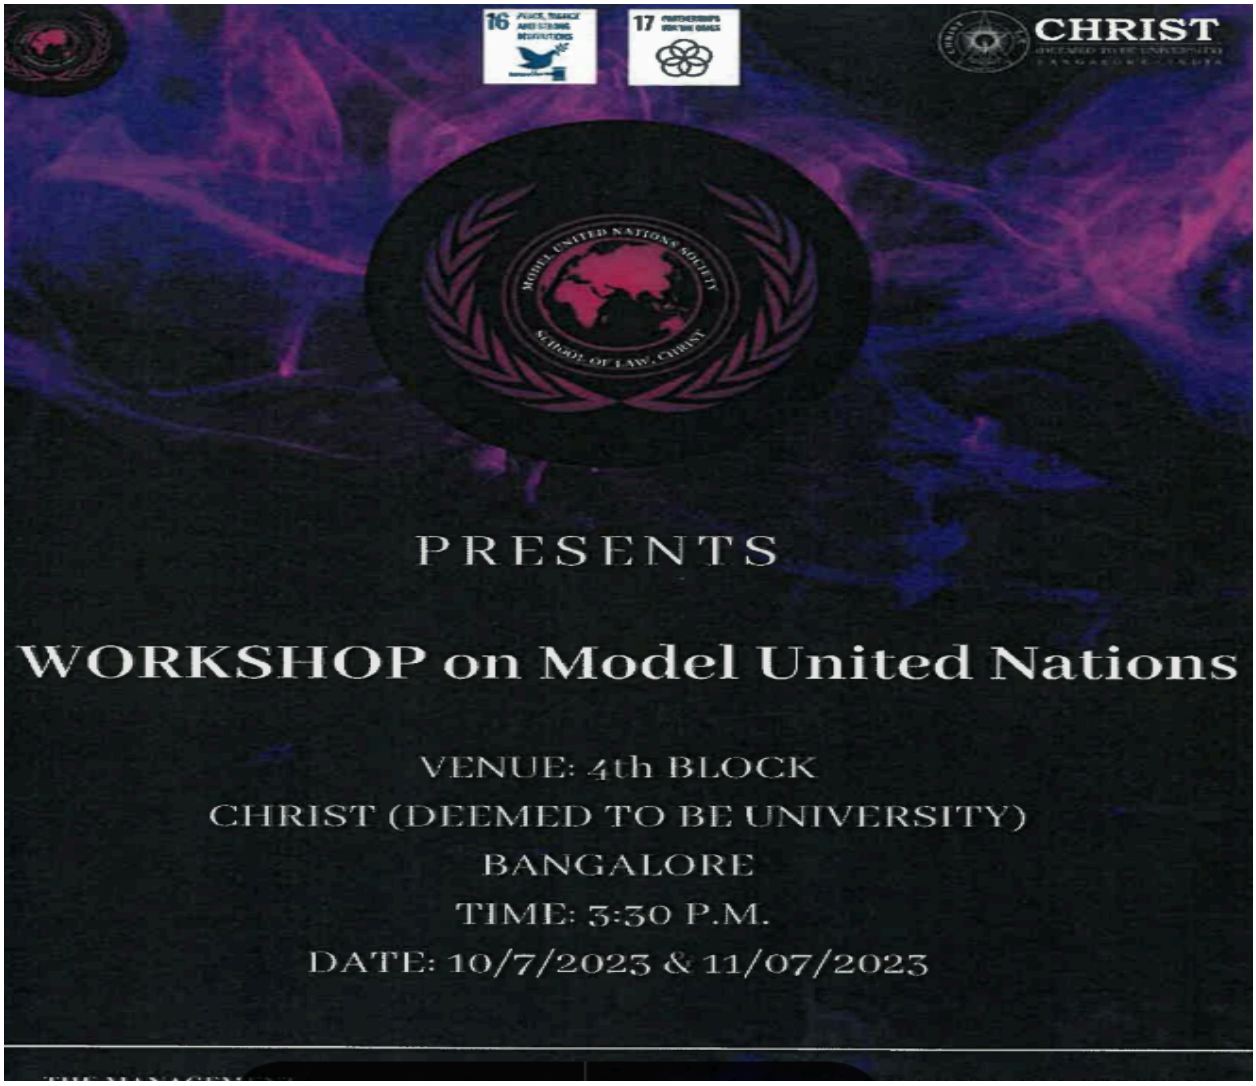

The workshop effectively equipped participants with a nuanced understanding of the regulatory sector, enhancing their ability to make informed career decisions. By covering both theoretical concepts and practical applications, the sessions provided a solid foundation for students to explore career paths in regulatory and policy areas. The follow-up plan involves leveraging this knowledge to guide students in aligning their career choices with their interests and future goals, ensuring they are well-prepared for recruitment drives and professional opportunities in the regulatory sector.

Introduction To Model United Nations (Mun)

Introduction To Model United Nations (Mun)

August 10th and 11th, 2023
4th Block, Central Campus

The School of Law at CHRIST (Deemed to be University) organized a workshop on Model United Nations, held in the 4th Block, Central Campus. This two-day workshop aimed to provide CHRIST Junior College students with an introduction to Model United Nations (MUN) and a mock experience of its proceedings. The event featured sessions led by student convenors from the Model United Nations Society, including Kaushik Narayanan, Tharak S. Reddy, Amiti Agarwal, Rohan Vasanth, Benedict Thomas, and Tanweer Uz Zaman Laskar. They covered various aspects of MUN, such as its objectives, differences from the actual United Nations, benefits, and effective research methods for both UN and Indian committees.

The workshop began with interactive sessions where participants learned about the fundamentals of MUN, including its flow and structure. Students were then engaged in a simulated MUN conference, where they were assigned countries and given agendas to debate, simulate real MUN proceedings. The second day provided a hands-on experience in a mock setup, allowing students to practice debates, negotiations, and drafting resolutions. A feedback session concluded the workshop, offering participants insights into improving their skills and preparing for external MUN conferences.

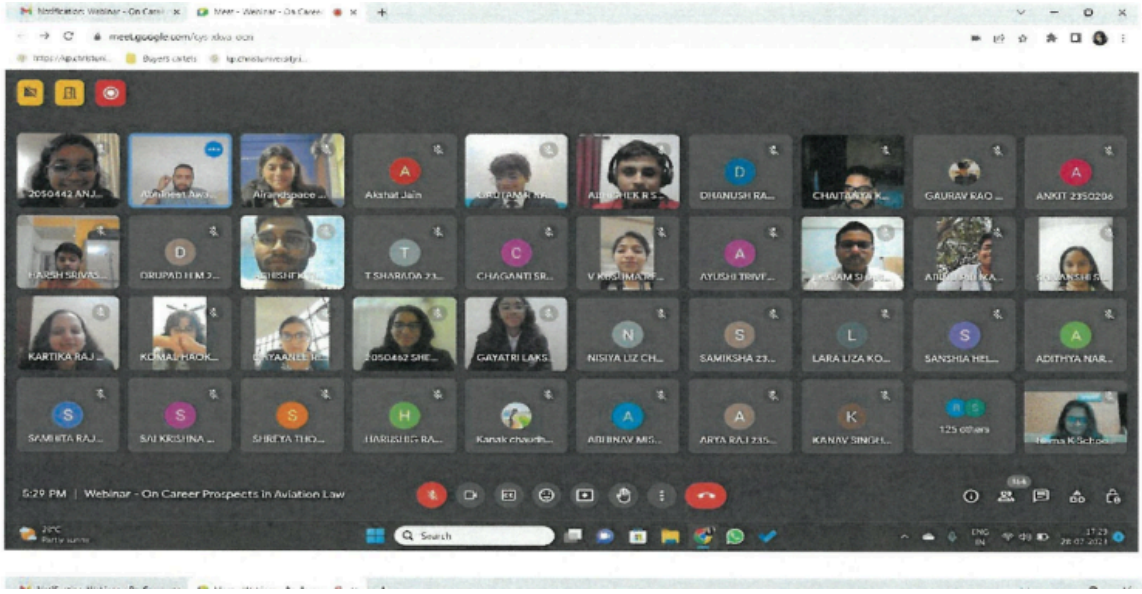

Key takeaways from the workshop included enhanced research skills, improved communication abilities, and practical experience in diplomacy and negotiation. These skills are invaluable for academic and professional development, particularly in fields like law and international relations. The workshop successfully introduced first-time participants to MUN, fostering their interest in international law and preparing them for future MUN engagements. Moving forward, the School of Law plans to continue hosting such workshops to further develop students' MUN skills and strengthen their participation in external conferences.

Career Prospects In Aviation Law

Career Prospects in Aviation Law

July 28th, 2023
CHRIST (Deemed to be University)
The School of Law at CHRIST (Deemed to be University) hosted a workshop titled "Career Prospects in Aviation Law," conducted online via Google Meet. The session, led by Mr. Abhineet Awasthi, Head of Transactions at TrueNoord, was designed to provide law students with insights into career opportunities within the field of aviation law. With 165 participants in attendance, the workshop aimed to enhance students' understanding of the legal framework governing aviation and explore various career paths available in this specialized area.

The workshop began with an overview of aviation law, emphasizing its critical role in regulating air travel, safety, and international relations. Mr. Awasthi discussed the diverse career opportunities in aviation law, including roles within law firms, government agencies, international organizations, airlines, airports, and consulting firms. Attendees were introduced to potential career roles such as aviation lawyers, regulatory experts, and safety inspectors, highlighting the scope and recent developments in the field.

This session provided valuable insights into the contemporary advancements in aviation law, helping students understand the current job market and the qualities needed for successful careers in this domain. Looking ahead, the School of Law plans to continue organizing interactive workshops to further educate students on emerging issues and career opportunities in various legal fields.

Career Prospects In The Field Of Intellectual Property Rights

Career Prospects in the Field of Intellectual Property Rights
August 18th, 2023
Room 105, Central Block
The School of Law hosted a workshop titled "Career Prospects in the Field of Intellectual Property Rights" in Room 105, Central Block. This session, organized in collaboration with K&S Partners, aimed to provide students with essential insights into the field of Intellectual Property (IP) law and enhance their career readiness. The workshop featured presentations by Mr. Satyam Rathore, Senior Associate at K&S Partners, and Ms. Lipi Parashar, Associate at the same firm, who shared their expertise on the various career opportunities and necessary skills within IP law.

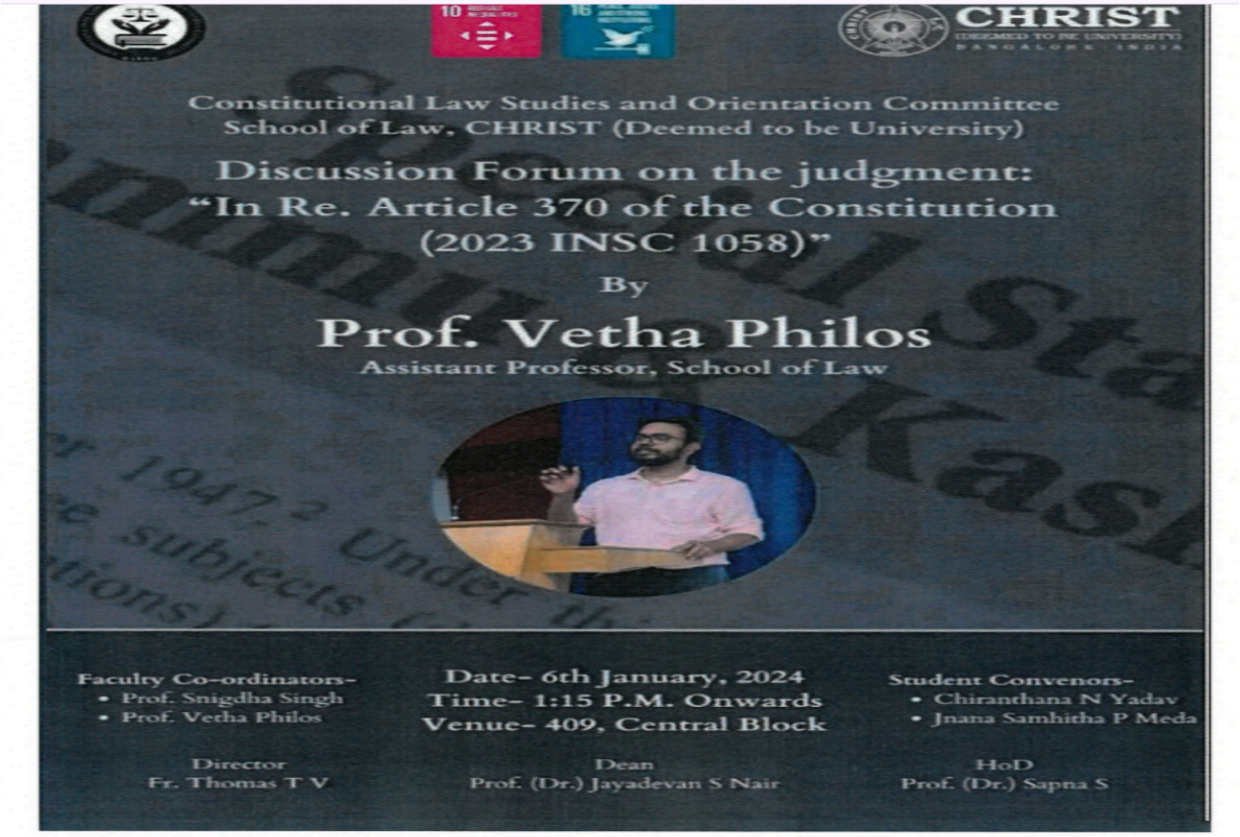

The workshop covered a broad range of topics including the skills required to excel in IP law, the operational dynamics of law firms in the industry, and guidance on internship and job prospects. Students were introduced to the different practice areas within Intellectual Property Rights and provided with practical advice on how to navigate their career paths effectively. The speakers also discussed the structure and functioning of law firms like K&S Partners, offering valuable insights into the industry's standards and expectations.

Following the event, the School of Law plans to continue organizing similar workshops to further equip students with the skills and knowledge necessary for successful careers in IP law. The committee will maintain close contact with industry professionals to ensure that students remain informed about emerging opportunities and developments in the field.

Article 370 Of The Constitution.

Article 370 of the Constitution
January 6, 2024
Room 409, Central Block

The School of Law hosted a workshop titled "In Re. Article 370 of the Constitution" in Room 409, Central Block. This session was conducted by Prof. Vetha Philos, Assistant Professor at the School of Law, who provided an in-depth analysis of the legal and constitutional implications surrounding the abrogation of Article 370. The workshop was attended by 25 BA LLB and BBA LLB students, focusing on the historical context and the procedural issues associated with the revocation of this article.

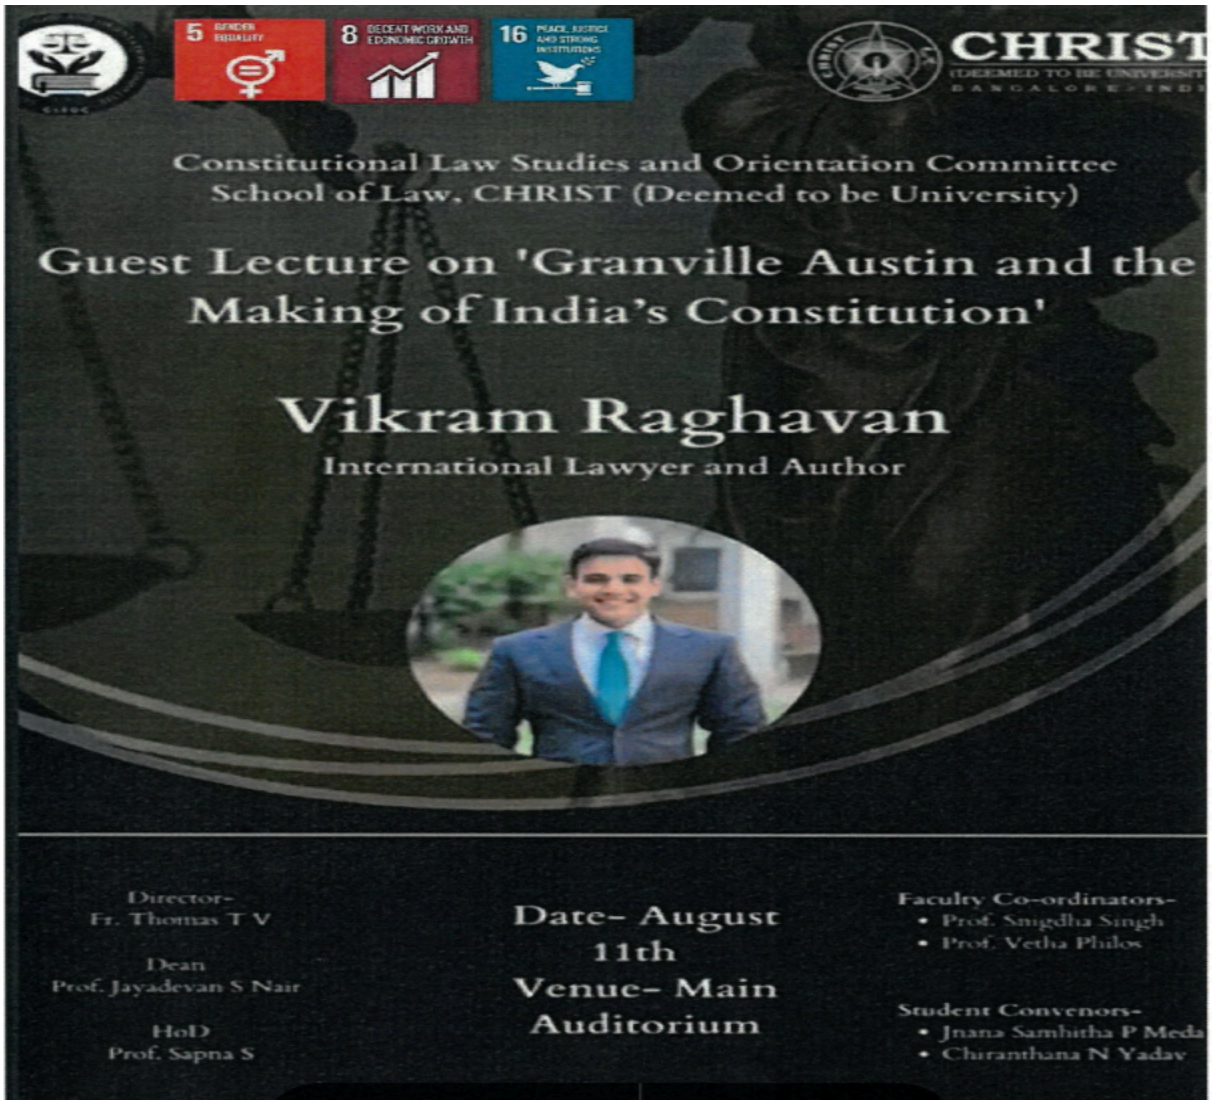

The discussion highlighted the complexities and criticisms related to the abrogation of Article 370, initially designed to address the unique circumstances of Jammu and Kashmir and maintain a federal balance. Prof. Philos critiqued the 2019 abrogation for bypassing constitutional procedures, particularly the dissolution of the Jammu & Kashmir Constituent Assembly in 1956, which undermined the legitimacy of the revocation. Additionally, the workshop examined the procedural irregularities of Constitutional Orders, specifically CO 273, which did not follow the required ratification processes.

The workshop concluded that the abrogation of Article 370 and the subsequent reorganization of Jammu and Kashmir into Union Territories were constitutionally flawed, posing potential threats to India's federal structure. The session emphasized the need for adherence to constitutional mans and provided students with a critical perspective on the legal and procedural aspects of such significant constitutional changes.

Granville Austin And The Making Of India's Constitution

Granville Austin and the Making of India's Constitution
August 11, 2023
Main Auditorium of CHRIST (Deemed to be University)
A workshop titled "Granville Austin and the Making of India's Constitution" was held in the Main Auditorium of CHRIST (Deemed to be University). The session, led by Mr. Vikram Raghavan, Lead Counsel at the World Bank's Legal Department in Washington, D.C., offered a profound exploration of Granville Austin's contributions to the analysis of India's constitutional formation. Mr. Raghavan detailed Austin's personal and professional journey and how his seminal work, "The Indian Constitution Cornerstone of a Nation," has significantly shaped the legal discourse in India.

0
The workshop, attended by 80 law students from the School of Law, delved into Austin's impactful study of the Indian Constitution, highlighting its continuing relevance. Mr.

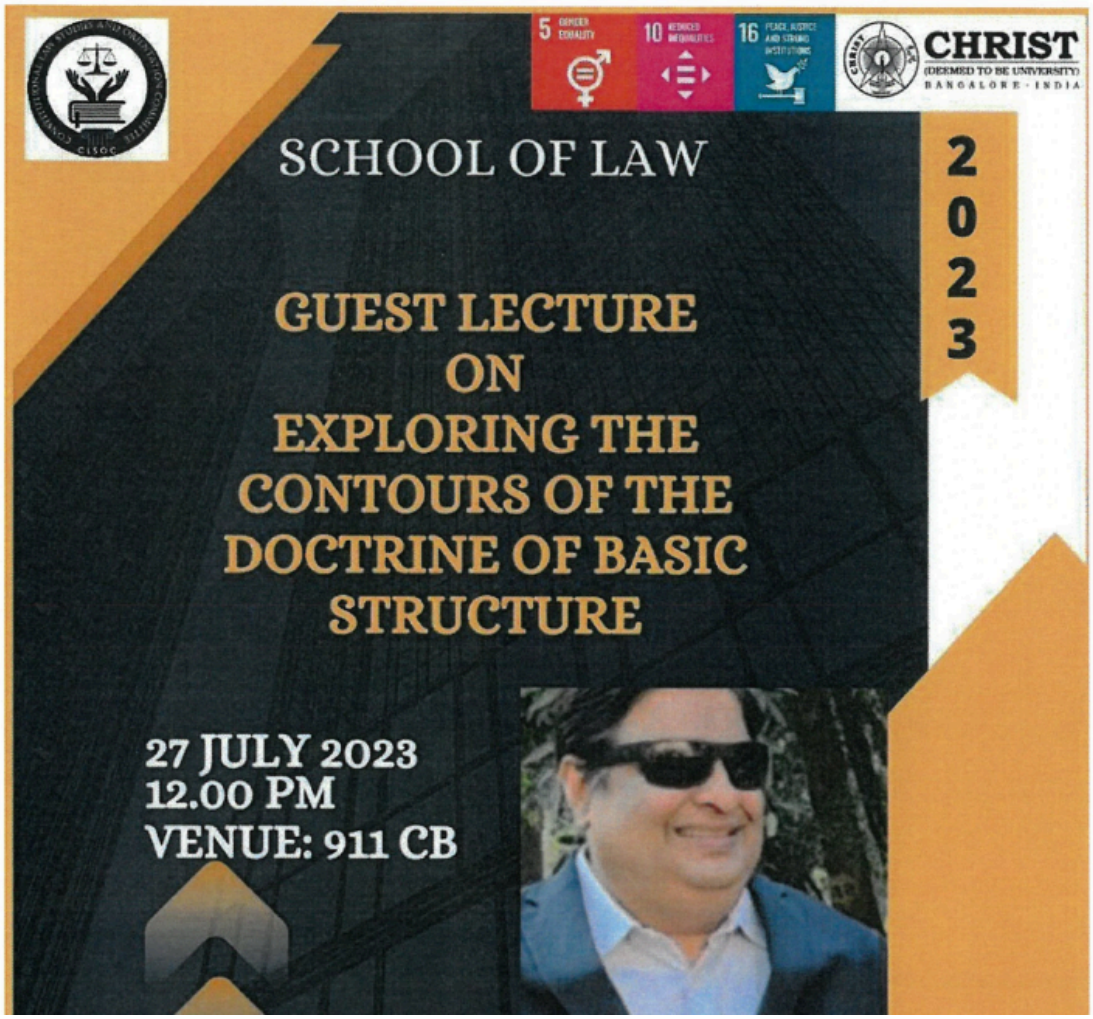

Raghavan emphasized Austin's unique position as a foreign author who meticulously documented the constitutional process, including insights from Austin's letters to Indian leaders and his interactions with prominent figures such as Adv. Nani Palkhivala and Prof. Upendra Baxi. The session provided a glimpse into how Austin's work remains a cornerstone of India's constitutional and legal discussions.

The discussion underscored the enduring significance of Austin's contributions to understanding India's constitutional development. It was noted that Austin's work has been instrumental not only in legal circles but also in parliamentary discussions on public institutions. The Committee plans to build on this success by organizing more workshops featuring distinguished personalities and professionals to further enrich the academic experience for students.

Exploring The Contours Of The Doctrine Of Basic Structure

Exploring the Contours of the Doctrine of Basic Structure
July 27, 2023
911 CB

A workshop on constitutional skills titled "Exploring the Contours of the Doctrine of Basic Structure" was conducted at 911 CB from 1200 to 100 PM. The speaker for the event was Dr. Sanjay Jain, a Professor at the National Law School of India University, Bangalore. Despite being visually impaired, Dr. Jain's entrance was met with warm applause, setting the tone for an insightful lecture on one of the most important doctrines in Indian constitutional law. His discussion spanned the historical development, key criticisms, and future implications of the Basic Structure Doctrine.

Dr. Jain's unique perspective, compared to the broader consensus on the Basic Structure Doctrine, captured the attention of the 130 law students in attendance. He explored how other democratic countries approach similar doctrines and emphasized the importance of dynamic constitutionalism in modern governance. His lecture

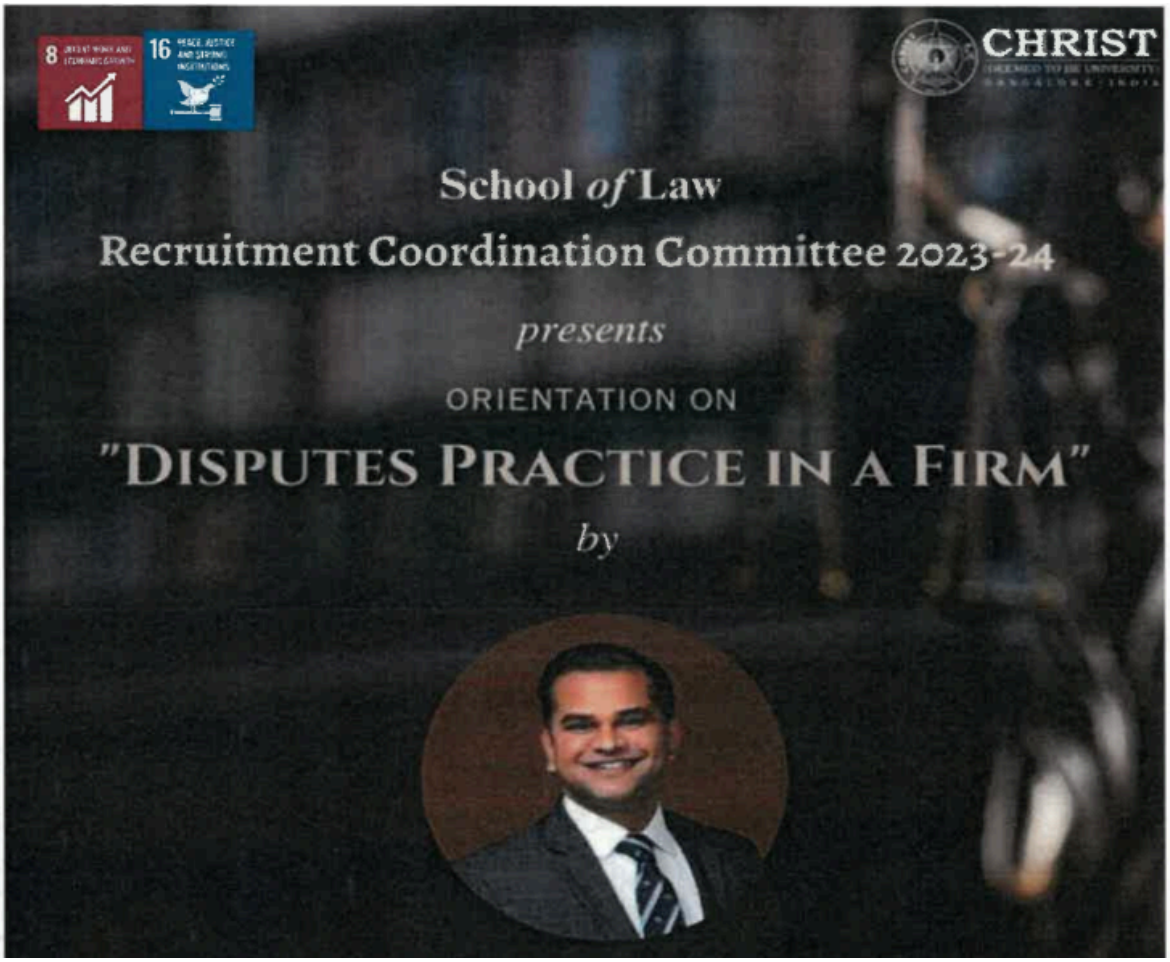

illuminated the complexities of the Basic Structure Doctrine, and his critical analysis provided students with fresh angles to consider on this foundational topic of constitutional law.

The event concluded smoothly, with Dr. Jain being honored with a memento and a vote of thanks. The LLM students, in particular, benefited from his thought-provoking insights. The School of Law plans to maintain collaboration with Dr. Jain to continue enriching the intellectual landscape for future batches. Recognizing the essential nature of constitutional understanding for all law students, the School aims to host many more such lectures in the future.

Disputes Practice In A Firm

Disputes Practice in a Firm
July 22, 2023
Room 505, Central Block

A workshop on career guidance and resume building for aspiring litigation lawyers was conducted at Room 505, Central Block, at 1000 AM. The workshop, titled "Disputes Practice in a Firm," was led by Mr. Dharmendra Chatur, a Partner at Poovayya & Co. Mr. Chatur, an alumnus of the School of Law, engaged with the final-year law students to provide valuable insights on building a career in litigation, with particular emphasis on constitutional and civil litigation.

During the session, Mr. Chatur shared his professional journey, offering advice to students aiming to pursue a career in disputes practice. He highlighted the importance of excelling in academics, participating in moot courts, and gaining practical experience through internships while still studying. The session provided students with a deeper understanding of the workings of litigation within a law firm and the necessary steps to excel in this field.

The orientation was specifically organized for the 2024 graduating batch, focusing on preparing them for recruitment opportunities. The event was highly beneficial, as students gained practical knowledge and were motivated by Mr. Chatur's advice on making informed career choices. The School of Law aims to conduct more such interactive sessions to keep students upd and well-prepared for the evolving demands of the legal profession.

Legal Aid And Para Legal Services Skills

Legal Aid and Para Legal Services Skills

5th and 6th of August, 2023

Kolathur Village, Srinivasapura Taluk,

A workshop on "Legal Aid and Para Legal Services Skills" was held on the 5th and 6th of August, 2023 at Kolathur Village, Srinivasapura Taluk, Kolar District. Organized in collaboration with the Karnataka State Legal Service Authority (KSLSA) and the District Legal Service Authority (DLSA), Kolar, the event was aimed at creating legal awareness among the rural community. The workshop featured insightful presentations by Honourable Justice Sri Manu B K, Principal Civil Judge, Judicial Magistrate of First Class, and Sri Jayarame Gowda, President of the Taluk Bar Association, among others. Both days were structured around a blend of legal teaching, rallies, cultural programs, and house-to-house surveys conducted by final-year law students from the university.

Day 1 began with a rally to raise awareness about the importance of legal aid, followed by a cultural program where students performed skits and dances to illustrate socio-legal issues, such as the NDPS Act and the Rights of Senior Citizens. These activities served to engage the village community, offering them a basic understanding of their legal rights and responsibilities. Day 2 focused on a village-wide survey conducted by the students, who collected data on legal issues faced by the villagers. The

survey highlighted significant challenges, including the lack of birth certificates for 135 village residents, which was discussed in the official program.

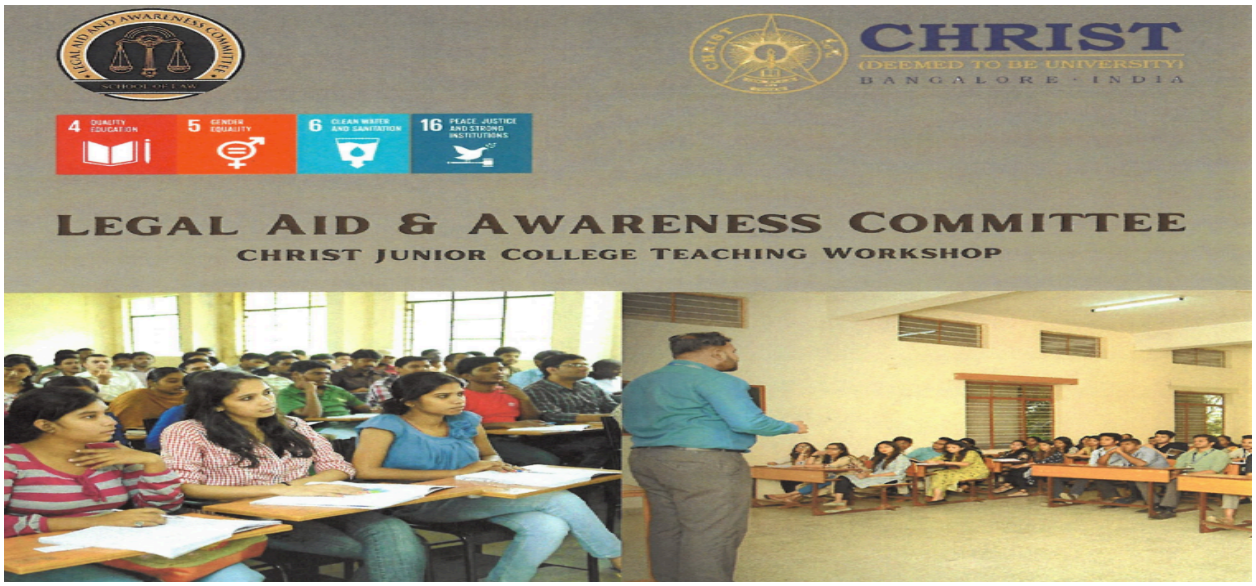

The workshop not only provided a practical learning opportunity for the students but also brought tangible legal support to the rural community. The event concluded with a session by Justice Manu B K, where the final survey results were shared. The initiative was a resounding success, showcasing how legal aid can contribute to the empowerment of rural communities. The School of Law intends to continue similar programs in the future to enhance legal awareness and community development.

Cjc Teaching Workshop On Legal Aid Skills

CJC Teaching Workshop on Legal Aid Skills
11th of December 2023
Christ Residential PU College

The *CJC Teaching Workshop* on Legal Aid Skills was held on the 11th December 2023 at Christ Residential PU College, Kengeri Campus. This interactive session was attended by 1,700 students from 1st and 2nd PU, with the primary goal of fostering a legal mindset among young learners. The workshop covered several key legal topics including the Constitution of India, The Motor Vehicles (Amendment) Act, 2019, The Consumer Protection Act, 2019, The Right to Information Act, 2005, and the Narcotic Drugs and Psychotropic Substances Act, 1985. Student volunteers from the School of Law collaborated in teams to lead discussions in different classrooms, ensuring active engagement.

Throughout the workshop, students were introduced to essential legal concepts that impact their daily lives. The Constitution of India, as the fundamental law of the nation, was explained with an emphasis on the rights and duties it enshrines. Topics like the Motor Vehicles Act and the NDPS Act were explored to highlight the importance of legal compliance and the consequences of violations. Furthermore, students were introduced to the Right to Information Act, a crucial tool in ensuring accountability and transparency in public institutions, and the Consumer Protection Act, which provides mechanisms for grievance redressal.

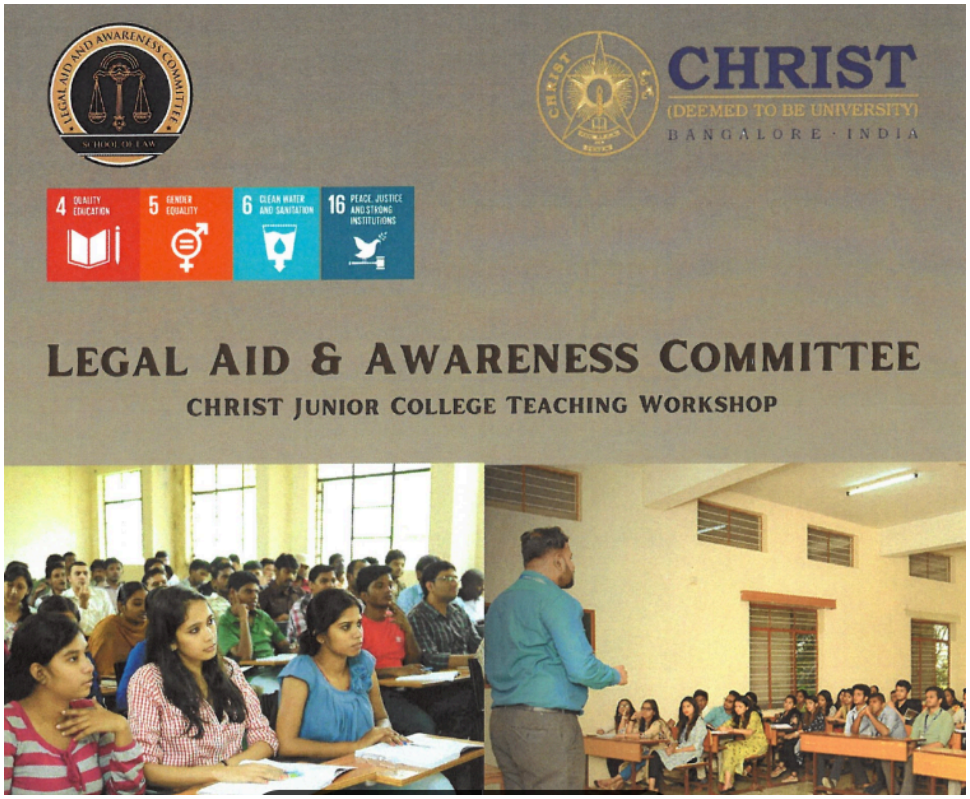

The workshop was a significant learning experience for both the PU students and the SLCU volunteers. The legal concepts taught provided the young learners with a comprehensive understanding of laws relevant to their lives, while the volunteers gained practical teaching experience. The committee plans to continue expanding the scope of such workshops to foster legal awareness among youth and to instill in them a deeper understanding of their rights and responsibilities as citizens.

Teaching Workshop for the students

23rd August 2023

CHRIST (Deemed to be University), Bangalore

The School of Law at CHRIST (Deemed to be University), Bangalore, conducted a *Teaching Workshop* for the students of Christ Junior College and Christ PU College. The workshop was split into two sessions – one for the morning college from 11 am to 12 pm and another for the evening college from 1 pm to 2 pm. Over 1,461 students attended the event, where they were introduced to significant legal concepts, including The Constitution of India, The Motor Vehicles (Amendment) Act, The Consumer Protection Act, The Right to Information Act, and The Narcotic Drugs and Psychotropic Substances Act. The primary aim was to foster a general awareness of legal rights and responsibilities among young students.

Student volunteers and committee members from the School of Law were divided into pairs and assigned to individual classes across all three streams—science, commerce, and arts. This workshop marked the first time that the committee extended its outreach to the evening college students, engaging them with interactive sessions that focused on

understanding legal principles, regulations, and the importance of compliance. The students showed great enthusiasm and actively participated in the discussions, making the sessions a mutually enriching experience for both the PU students and the SLCU law volunteers.

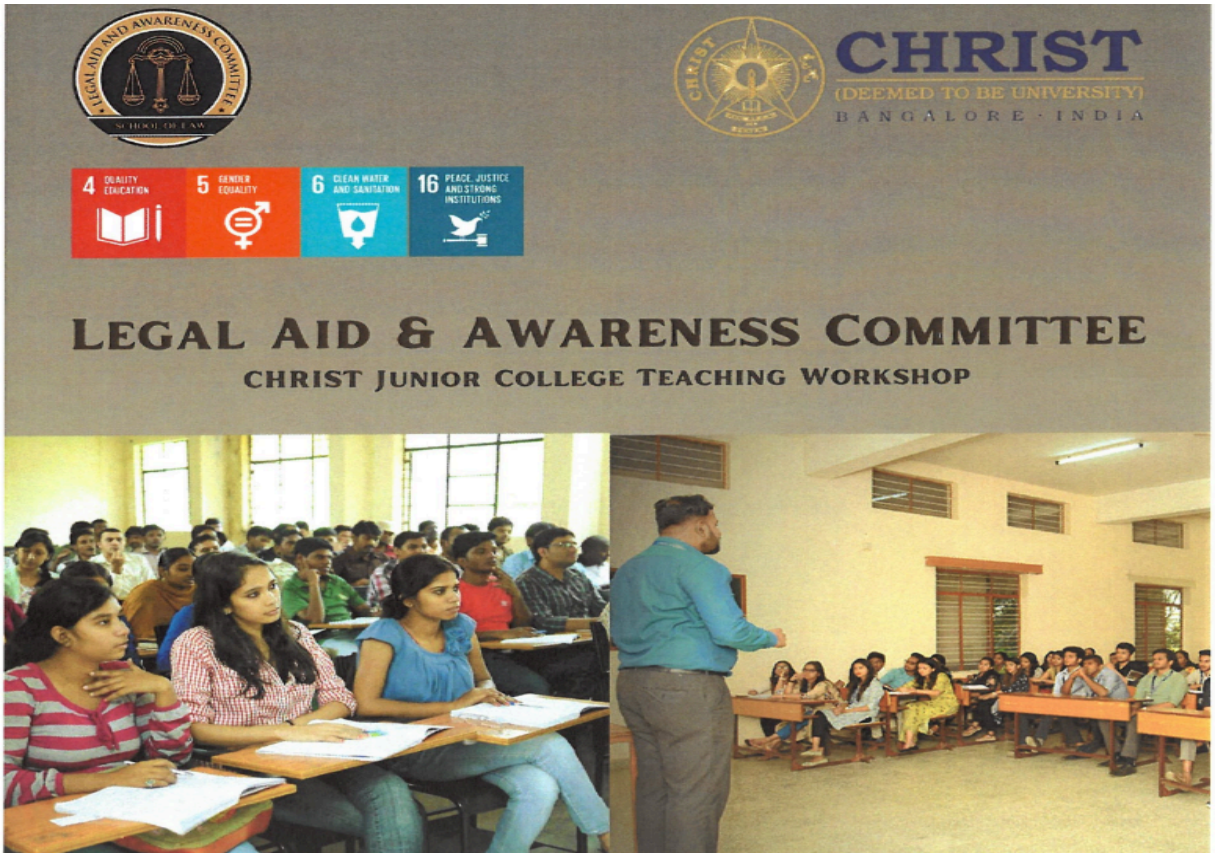

The workshop provided students with a deeper understanding of the rules and laws that govern their daily lives. The session covered various aspects of the Constitution, including fundamental rights and the roles of the legislature, executive, and judiciary. Additionally, topics such as traffic rules, drug possession laws, consumer rights, and the Right to Information Act were discussed in detail. The Legal Aid Committee aims to continue conducting similar workshops to promote legal literacy and awareness among the youth, broadening their knowledge of their rights and responsibilities as informed citizens.

Legal Awareness Workshop

Legal Awareness Workshop

23rd August 2023
Christ Junior College and Christ PU College
the School of Law at CHRIST (Deemed to be University), Bangalore, organized a *Legal Awareness Workshop* for the students of Christ Junior College and Christ PU College. The workshop was conducted in two sessions 11 am to 12 pm for the morning college and 1 pm to 2 pm for the evening college, with a total participation of 1,461 students. The primary goal of the workshop was to enhance students' awareness of essential legal principles and their rights under the law, covering key topics such as *The Constitution of India, The Motor Vehicles (Amendment) Act, The Consumer Protection Act, The Right to Information Act*, and *The Narcotic Drugs and Psychotropic Substances Act*.

The workshop adopted an interactive teaching approach, where student volunteers from the Legal Aid Committee were paired up and assigned to individual classes. They engaged with students across all three streams—science, commerce, and arts—offering legal insights and fostering dialogue. For the first time, the committee extended its outreach to the evening college, which saw active participation and curiosity from the students, making it a rewarding experience for both the PU students and the SLCU law volunteers.

The workshop successfully provided a comprehensive understanding of the legal framework governing everyday life, including the importance of fundamental rights,

duties, and legal compliances. The interactive sessions also emphasized the significance of laws such as the NDPS Act, consumer protection rights, and the RTI Act, which empower citizens to hold public authorities accountable. This initiative reflected the committee's ongoing mission to expand legal literacy among the youth and encourage active participation in upholding justice and transparency in society.

National Level Crime Scene Investigation

Date: 16th October
Time: 8:30 am - 4:30 pm
Venue: CHRIST (Deemed to be University), Central Campus, Hosur Main Road, Bhavani Nagar, S.G. Palya, Bengaluru, Karnataka 560029

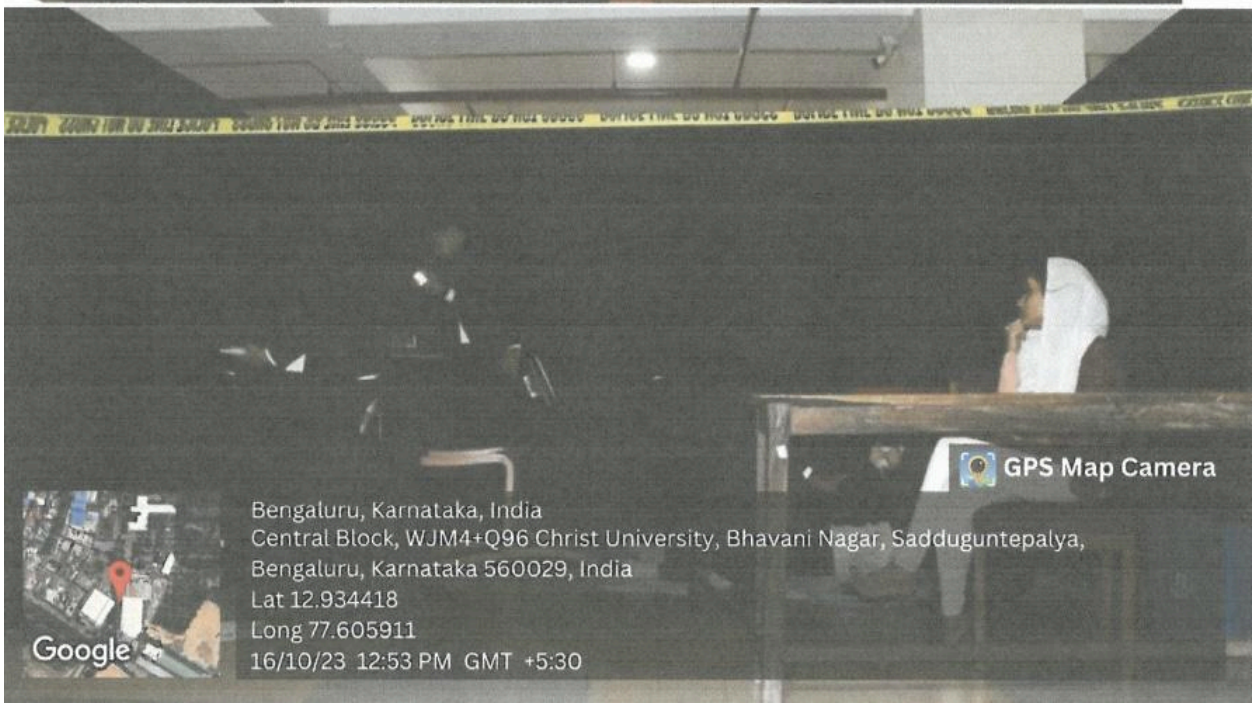

The National Crime Scene Investigation Competition, hosted by the School of Law at CHRIST (Deemed to be University) in partnership with the Directorate of Forensic Science Laboratories, Karnataka, provides law students with invaluable practical experience in crime scene investigation, evidence collection, and legal analysis. This competition serves as a bridge between local and global legal needs, offering a platform for participants to develop critical skills that are essential for success in the legal field. By engaging in simulated crime scenarios, students enhance their employability, preparing them for roles in criminal law, forensics, and law enforcement.

The event also reinforces key Program Outcomes by challenging students to apply critical thinking, legal reasoning, and problem-solving skills in real-world contexts. Additionally, it supports Sustainable Development Goals (SDGs) by promoting quality education, gender equality, and justice, while fostering partnerships between academic institutions and government agencies. The competition's focus on inclusivity and collaboration ensures that participants from diverse backgrounds are equipped to address the complex legal challenges of the future, aligning with the university's mission to nurture legal talent capable of making meaningful contributions to society.

Key takeaways:

- This helps in boosting employability in criminal law and forensics.
- The competition addresses both local and global legal challenges, bringing together participants from diverse backgrounds.
- It promotes quality education, gender equality, justice, and encourages academic-government partnerships.
- The event ensures a diverse, equitable environment by encouraging participation from all genders.
- Enhancing the quality of criminal inversion through collaboration with the Directorate of Forensic Science Laboratories
- Participants apply critical thinking and legal reasoning in realistic scenarios, preparing for complex legal practice.

Workshop On Employability

Date: 2nd September, 2023
Time: 10 A.M - 11:45 A.M
Venue: SKY VIEW, Central Block, School of Law, Christ (Deemed to be) University

The Workshop on "Contours of the Legal Profession: A Look into Prospective Opportunities in the International Domain" provided participants with valuable insights into career opportunities in international law and the educational paths to pursue them. At a local level, it guided students on how to engage with international organizations and pursue advanced degrees like LLM to further their careers. On a global scale, the workshop addressed international issues and the role of organizations in solving them.

The event enhanced employability by offering direction on entering international organizations, covering topics such as scholarships, higher education costs, and opportunities in Alternate Dispute Resolution. Additionally, the workshop aligned with Sustainable Development Goals (SDGs) by promoting peace, justice, and strong institutions (SDG 16), advancing quality education (SDG 4), and fostering partnerships (SDG 17). Overall, it served as a catalyst for advancing sustainable development through education, justice, and global collaboration.

Key takeaways:

- Career guidance on international law careers and educational paths like LLM degrees.
- Addressed local opportunities and global issues in international law.
- Covered scholarships, education costs, and roles in Alternate Dispute Resolution.
- Promoted SDGs 16 (peace and justice), 4 (quality education), and 17 (partnerships).
- Fostered partnerships between academia, legal experts, and civil society.
- Advanced education, justice, and global collaboration.

Deliberative Democracy

Date: 26th April, 2023
Time: 9 AM - 4 Pm
Venue: Seminar Hall

The event began with addresses from Dr. Chaitanya, Dr. Venkatanarayan S, and Dr. MJ Vinod, who discussed various aspects of democracy, including the inherent presence of conflict in democratic societies, the importance of dissent, and different trajectories of democratic development across countries. They emphasized that democracy is a means, not an end, and highlighted the differences between minimalist and maximalist democracies, as well as the importance of deliberative democracy.

Participants engaged in an activity to create posters on various democratic values, using creative expression to connect democratic theories to real-life incidents. The workshop concluded with the creation of a "Wall of Democracy," where participants displayed their posters and presented themes such as human rights, equality, and justice. The event ended with musical and dance performances, followed by a discussion on democracy, marking the end of the workshop.

Key takeaways:

- Democracy inherently involves conflict, shaped by different ideologies.
- Dissent is crucial, especially in addressing inequalities and democratic erosion.
- Democratization varies across nations; deliberative democracy is essential.
- Participants explored democratic values through a poster-making activity.
- A display of posters on key democratic themes like human rights and justice.
- The workshop concluded with performances and discussions on democracy.

Outreach Programme - Social Interaction through SDG Goals 10 and 17

Date: 23rd - 31st August
Time: NA
Venue: Bengaluru

From August 23 to 31, 2023, the ECS SDG Cell conducted an outreach program in Bangalore focused on exploring inequalities (SDG 10). Students engaged with local individuals to understand the diverse challenges faced in daily life:

1. **Workplace Issues:** Devika Menon and Sharanya Kanjlal found that a cashier and a restaurant owner experienced long working hours and gender-based discrimination in their roles.
2. **Social Prejudice:** Eshisha Java and Kritika Khokhar discovered that a laundromat owner faced social bias due to his non-white-collar job, with frequent comparisons to IT professionals.
3. **Business Challenges:** Annesha Chakraborty, Antarikha Sankriti, and Rahul Bothra learned about the difficulties a juice shop owner faced, including cultural and language barriers in a metropolitan setting.
4. **Financial Instability:** Hiyashree Baishya and Suhasini Sudan spoke to a corn seller struggling with inconsistent earnings and language barriers, impacting his business.
5. **Entrepreneurial Bias:** Shanvi Agarwal found that a female bookstore owner faced skepticism and dependency issues, reflecting broader gender biases.
6. **Competitive Impact:** Paromita Bhattacharyya reported on a small store owner's struggle with business loss due to competition from larger supermarkets.
7. **Gender Inequality:** Chris Hormis and Anu Ananya discussed with Chris's mother the gender-based discrimination she faced growing up and during her education.

The program provided valuable insights into various forms of inequality, enhancing students' understanding of these issues in their community.

Key takeaways:

- Long hours and gender discrimination are prevalent.
- Non-white-collar jobs face undervaluation.
- Small business owners face cultural, language, and financial barriers.
- Female entrepreneurs encounter skepticism and dependency issues.
- Traditional businesses struggle against larger supermarkets.
- Persistent gender-based discrimination in education and upbringing.

International Conference On Environment & Sustainable Development

Date: 16th December, 2022
Time: 9:30 AM
Venue: CHRIST Deemed to be University, Delhi NCR Campus

On December 16, 2022, the Department of Psychology, CHRIST Deemed to be University, Delhi NCR, in collaboration with the University of Salerno, Italy, hosted an International Conference on Environment and Sustainable Development. The event, which attracted over 600 delegates worldwide, was inaugurated with an invocation and lighting of the lamp. The guests of honor included Smt. Naaz Rizvi from the Ministry of Environment and Dr. Hans-Werner Gessmann from Germany. The conference featured talks on community efforts in sustainable development, environmental consciousness, and the integrative role of women in sustainability. The session was divided into four panel discussions, focusing on climate change, pro-environmental behavior, sustainability policies, and the media's role in promoting a sustainable society.

The event also included an Eco-Mart for women entrepreneurs and a guest talk by Mr. Ramveer Tanwar, who emphasized the importance of reducing waste and protecting natural resources. With 500 delegates and 180 research paper presentations across 15 scientific tracks, the conference offered a platform for valuable discussions on marine conservation, water scarcity, and sustainability. The conference concluded with a call to action for collaborative efforts to address global environmental challenges.

Key Takeaways:

- Importance of community efforts in sustainable development.
- Role of women in leading a sustainable future.
- Discussions on climate change, pro-environmental behavior, and sustainability policies.
- Importance of reducing waste and transforming urban spaces.
- Collaboration needed among all stakeholders to mitigate climate change.

Environmental Law Orientation Session: Economic Analysis Of Environmental Impact Assessment

Date: 9th February, 2023
Time: 1:30 PM to 2:30 PM
Venue: Room No. 505, Central Block, Christ(Deemed To Be University), Central Campus

The orientation session on the Economic Analysis of Environmental Impact Assessment provided an insightful overview of how economic principles intersect with environmental concerns, particularly in the context of climate change. Attendees gained a foundational understanding of the importance of cost-benefit analysis (CBA) in evaluating the financial and environmental impacts of projects. The session emphasized market failures, trade-offs, and opportunity costs, highlighting the need for policies that balance economic growth with environmental sustainability. The discussion also underscored the role of economic analysis in ensuring equitable distribution of costs and benefits across social groups, regions, and generations.

The event highlighted how economic assessments can guide policymakers, businesses, and communities in making decisions that optimize both economic development and environmental well-being. It reinforced the importance of sustainable and socially responsible economic growth, and the need for continued efforts to raise awareness about climate change issues. The session also laid the groundwork for future orientation programs to enhance engagement on environmental and socio-legal topics.

Key Takeaways:

- Understanding the role of cost-benefit analysis (CBA) in environmental impact assessments.
- Highlighting market failures and the need for policies addressing environmental costs.
- Focus on trade-offs and opportunity costs in environmental decision-making.
- Importance of balancing economic growth with environmental sustainability.
- Equitable distribution of costs and benefits across different social groups and generations.
- Encouragement for ongoing efforts to raise awareness on climate change and environmental concerns.

Environmental Law Mini Moot

Date: 20th October, 2023
Time: 9:30 AM to 11:05 AM
Venue: Classrooms of 3rd Year BA & BBA LLB, 4th & 5th floors, Central Block, Christ (Deemed To Be University), Bangalore

The Mini-Moot on Environmental Law aimed to bridge the gap between theoretical knowledge and practical legal applications for third-year students. This educational event focused on enhancing students' understanding of Indian environmental policies and regulations, preparing them for real legal cases. Participants engaged in drafting, argumentation, and decision-making exercises, emphasizing the use of electronic resources over printed materials to promote digitization. The moot proposition was student-drafted, and the event provided a platform for petitioners and respondents to present their arguments, with judgments delivered by a panel of judges.

This event encouraged community engagement in environmental protection and promoted legal participation in the field. It also reinforced the importance of biodiversity protection and sustainability. Moving forward, the program aims to conduct more such events to deepen students' legal knowledge and foster critical thinking and logical reasoning in environmental law.

Key Takeaways:

- Bridging theoretical classroom learning with practical legal application.
- Encouraging community engagement in environmental protection.
- Promoting the use of digital resources over printed documents.
- Enhancing students' skills in drafting, argumentation, and decision-making.
- Preparing students for real-world legal cases related to environmental law.
- Encouraging further events to promote legal participation in environmental issues.

World Environment Day Photography Competition

Date: 5th June, 2023
Time: N/A
Venue: Online

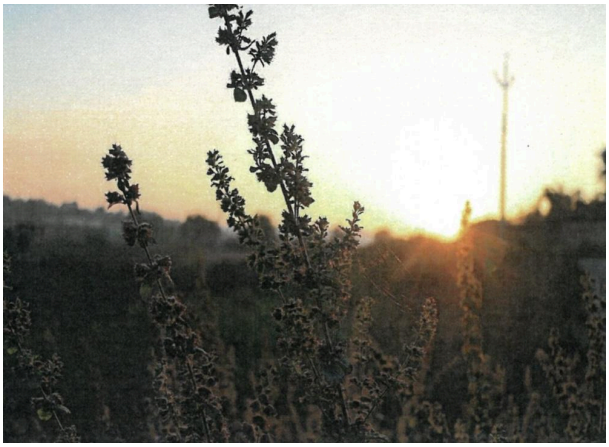

The Environmental Law Studies Orientation Program hosted a photography competition aligned with the 2023 World Environment Day theme, "Beat Plastic Pollution." Announced on May 15, the competition accepted submissions until June 10, receiving over 17 high-quality entries from students across disciplines. These creative photographs effectively highlighted the pervasive issue of plastic waste. The four winning entries were featured on social media on August 3, 2023, raising awareness about the impact of plastic pollution and the importance of reducing waste.

This competition encouraged students to engage with environmental issues creatively, promoting awareness and action against plastic pollution. The activity was designed to inspire social transformation through socio-legal engagement and to promote sustainability, in line with global environmental goals. The initiative demonstrated students' passion for environmental causes and their ability to address societal challenges through artistic expression.

Key Takeaways:

- Competition focused on the theme "Beat Plastic Pollution."
- Received 17 high-quality entries, with 4 winners featured on social media.
- Raised awareness about the impact of plastic waste.
- Encouraged students across disciplines to engage in environmental issues creatively.
- Promoted sustainability and responsible consumption in line with global SDG goals.
- Highlighted the importance of social transformation through socio-legal engagement.

Wildlife Week

Date: 4th - 7th October, 2023
Time: 10 AM - 5 PM
Venue: Chitrakala Parishat

The event featured a panel discussion on wildlife conservation, highlighting the crucial role of media in raising awareness and educating the public. The media was recognized for its ability to connect people to conservation efforts, truthfully report on wildlife issues, and pressure authorities for more effective conservation actions. The discussion also emphasized the Karnataka Forest Department's successes in tiger conservation and underscored the importance of responsible behavior around wildlife to ensure the safety of both humans and animals.

Youth engagement and education were identified as essential for the future of wildlife conservation, with young people being the next generation of environmental stewards. The panel encouraged further participation in conservation-focused discussions and events to continue raising awareness and advocating for responsible environmental behavior. Overall, the session reinforced the importance of integrating media, youth engagement, and responsible action into wildlife conservation efforts.

Key Takeaways:

- Media plays a crucial role in wildlife conservation by raising awareness and promoting accountability.
- The Karnataka Forest Department has achieved significant success in tiger conservation.
- Responsible behavior around wildlife is essential for the safety of both animals and humans.
- Youth engagement and education are vital for the future of wildlife conservation.
- Participation in conservation-focused events and discussions is encouraged to further awareness and advocacy.
- Emphasis on sustainability and responsible environmental practices aligns with global SDG goals, especially SDG 15 (Life on Land).

Introduction To SDGs

Date: 19th July, 2023
Time: 12 PM - 1 PM
Venue: Room 401

The orientation session held on July 19, 2023, for 1st-year Media Studies students (1BAM&J) focused on introducing them to Sustainable Development Goals (SDGs). Led by Gowri Jagadish, the session covered all 17 SDGs, with an emphasis on the department's key goals: Affordable and Clean Energy (SDG 7), Life on Land (SDG 15), Peace, Justice, and Strong Institutions (SDG 16), and Partnerships for the Goals (SDG 17). Students actively participated, contributing their perspectives and engaging in discussions that promoted critical thinking about the global sustainability agenda.

The session concluded with a dynamic Q&A, where students expressed interest in volunteering for the Media Studies Department's SDG cell, reflecting their commitment to sustainable initiatives. This orientation successfully fostered an understanding of the SDGs, encouraging students to get involved in sustainability-related activities and equipping them with foundational knowledge for future initiatives.

Key Takeaways:

- Students were introduced to key SDGs, especially 7th, 15th, 16th, and 17th.
- Active student participation highlighted the significance of SDGs in media education.
- A vibrant Q&A session demonstrated students' curiosity and eagerness to volunteer.
- The orientation fostered critical thinking and commitment to sustainable development goals.

Introduction To SDGs - 2

Date: 19th July, 2023
Time: 11 AM - 12 PM
Venue: Room 403

The orientation session on July 19, 2023, introduced first-year students to the concept of Sustainable Development Goals (SDGs) as outlined by the United Nations. The session provided a comprehensive overview of all 17 SDGs, addressing critical global issues such as poverty alleviation, gender equality, clean energy, and climate action. Facilitated by Labdhi Pirgal, the session emphasized the University's commitment to integrating SDGs into academic frameworks. It also highlighted the role of student representatives in promoting specific goals within their respective departments, showcasing how the university is aligning education with sustainability.

The Department of Media Studies was assigned four specific goals: Goal 7 (Affordable and Clean Energy), Goal 15 (Life on Land), Goal 16 (Peace, Justice, and Strong Institutions), and Goal 17 (Partnerships for the Goals). The session focused on familiarizing students with these particular SDGs and explored the department's role in advancing sustainability in media education. Students actively participated, sharing insights and perspectives, which enriched their understanding of the SDGs and their importance in global development. The session encouraged students to engage with these goals meaningfully and contribute to the broader sustainable development agenda.

Key Takeaways:

- Introduction to the 17 SDGs and their global significance.
- Department-specific focus on Goals 7, 15, 16, and 17.
- Active student participation enhanced understanding of SDGs in media education.
- Emphasis on the University's commitment to sustainable development.
- Encouragement for students to engage with and promote SDG initiatives.

G20 Presidency Of India - A Round Table Discussion (SDG 17)

Date: 27th September, 2023
Time: 11 AM - 12:30 PM
Venue: Seminar Hall, Block A, Third Floor

The SDG Cell, Department of Economics, in collaboration with the University Student Council at CHRIST (Deemed to be University), Delhi NCR Campus, organized a Round Table Panel Discussion on "G20 Presidency of India" on September 27, 2023. The panel featured expert faculty members who shared insights on India's G20 leadership, covering topics like business prospects, international law, economic governance, climate financing, and reforms in multilateral institutions. The event included a Q&A session, allowing students and faculty to engage with the experts. The discussion concluded with a felicitation of the panelists and a vote of thanks.

Key Takeaways:

- Explored various aspects and challenges of India’s G20 Presidency.
- Focused on business prospects, international law, and economic governance.
- Addressed key issues like climate financing and multilateral reforms.
- Engaged students and faculty in a dynamic Q&A session.
- Highlighted diverse perspectives from economics, law, and international studies.

Piano Masterclass

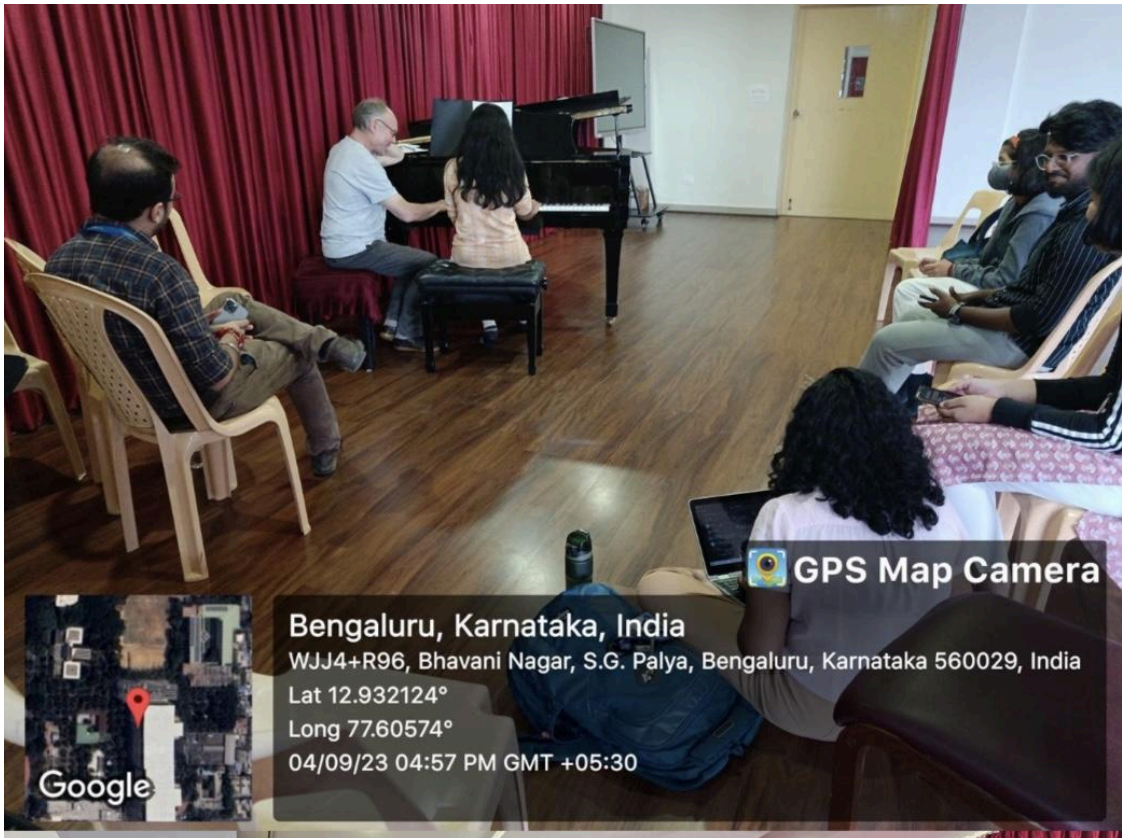

Date: 4th - 7th september, 2023
Time: 4 Sep: 9:00 am to 11am & 1:30pm to 5:30pm
5 Sep: 9:00 am to 4 pm
6 Sep: 2:00 pm to 4 pm
7 Sep: 9:00 am to 11 am
Venue: 706 Concert Hall, Block IV, 7th floor, Central campus,CHRIST (Deemed to be university)

From September 2nd to 7th, 2023, Professor Mark Troop, a former professor of piano at the Guildhall School of Music & Drama and St. Paul's Boys School, conducted piano masterclasses for selected students in the Department of Music. The sessions, open to all students and faculty for observation, allowed participants to engage one-on-one with Prof. Troop, focusing on various aspects of piano technique, posture, interpretation, tone production, and sound quality. His guidance provided deep insights into technical challenges specific to Indian pianists, enriching the learning experience for both students and faculty.

The masterclasses were highly beneficial, offering valuable technical and interpretative advice to budding pianists. The department intends to initiate regular yearly or bi-yearly masterclasses with Professor Troop to continue fostering piano education at an advanced level.

Key Takeaways:

- Focus on piano technique, posture, interpretation, and tone production.
- Insights into technical challenges for Indian pianists.
- Open sessions allowed non-participants to observe and learn

1st National Essay Writing Competition 2023 - 2024

Date: 20th October, 20th November, 10th December, 2023 & 15th January, 2024
Time: N/A
Venue: Online

The 1st National Essay Writing Competition on Air and Space Law, organized by the School of Law at CHRIST (Deemed to be University), provided law students with a unique platform to explore legal issues related to aviation and space industries. The competition aimed to foster critical thinking, legal writing, and research skills by encouraging participants to delve into the rapidly evolving field of Air and Space Law. With a focus on technological advancements, the competition offered an opportunity for students to analyze both national and international legal frameworks, promoting a deeper understanding of industry regulations, dispute resolution mechanisms, and policy needs. Cash prizes were awarded to the winners, further motivating participants to excel in their submissions.

Participants praised the competition for its intellectual rigor and its role in honing their legal skills. Judges commended the high standard of essays, emphasizing the depth of research and innovative thinking exhibited. The competition also highlighted the importance of addressing global challenges like aviation safety, space regulations, and sustainable practices. Feedback from participants suggested improvements in communication and transparency, as well as the introduction of non-monetary rewards such as internships and networking opportunities. The event successfully contributed to skill development and provided valuable insights into a niche but growing area of law.

Key Takeaways:

- Developed legal research, writing, and analytical skills in Air and Space Law.
- Addressed both national and global needs in aviation and space legal frameworks.
- Enhanced understanding of the legal dynamics in the aviation and space industries.
- Encouraged critical thinking and problem-solving abilities in students.
- Suggestions for improved communication and non-monetary incentives for future competitions.

Navigating ADR in IP Law: Multi-Jurisdictional Perspectives

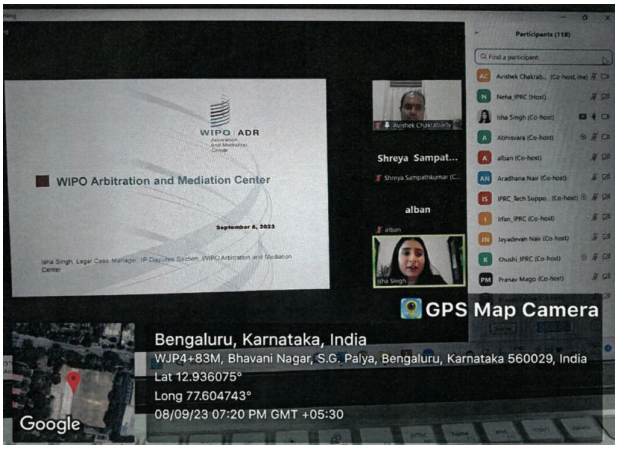

Date: 8th September, 2023
Time: 6:35 PM - 8:05 PM
Venue: Virtual, Zoom meeting

The National-Level Webinar on Alternative Dispute Resolution (ADR) in Intellectual Property (IP) law brought together distinguished speakers, including Mr. Russell E. Levine, Mr. Alban Kang, Mr. Pranav Mago, and Ms. Isha Singh, to share insights from their respective jurisdictions. The speakers emphasized the advantages of ADR, such as confidentiality and enforceability, while providing a comprehensive overview of the IP landscape across the US, Singapore, and India. Ms. Singh enriched the discussion with enlightening case studies, illustrating the practical application of ADR mechanisms in resolving IP disputes. The interactive Q&A session fostered participant engagement and networking, reflecting the committee's commitment to enhancing IP awareness and expertise within the legal community.

The webinar effectively aligned with the goals of Sustainable Development Goal (SDG) 9 by advocating for intellectual property protection and fair dispute resolution, thus nurturing an environment conducive to innovation and industry growth. Participants gained valuable insights into niche career paths in IP law, enhancing their employability skills and legal understanding. The committee plans to continue organizing similar events, further strengthening collaborations between the School of Law and international law firms, while equipping future legal professionals with essential skills to address emerging challenges in the IP domain.

Key Takeaways:

- Provided a comprehensive overview of ADR in IP law across multiple jurisdictions.
- Enhanced participants' understanding of niche career opportunities in IP law.
- Developed critical thinking and legal skills essential for employability in the field.
- Fostered networking opportunities between students and industry experts.
- Emphasized the importance of ADR in promoting innovation and industry growth, aligning with SDG 9 objectives

Cadabams Rehabilitation Centre Visit

Date: 12th December, 2023
Time: 9:30 AM - 5:30 PM
Venue: Cadabams Rehabilitation Centre

During an informative 8-hour visit to Cadabam's Hospitals in Bangalore, students explored the rehabilitation center's operations and interacted with clients across various cases. The tour began at the main center, Amitha, where a counselor provided an overview and guided the students. They spent two hours engaging with residents before moving to Anunitha, the de-addiction facility, where discussions with clinical psychologists and psychiatrists highlighted the practical applications of therapy for different disorders. The visit concluded with interactions at the campus for individuals with developmental disabilities, emphasizing the significance of clinical psychology, therapy durations, and the caregiver role in extreme cases.

Key Takeaways:

- Practical application of Clinical Psychology in rehabilitation settings.
- The impact of therapy duration on various disorders.
- Insights into the role of caregivers in managing extreme cases.
- Understanding of the administration and functioning of a rehabilitation center.

Financial Literacy Drive

Date: 13th - 16th December, 2023
Time: Day 1 to Day 3: 2 PM to 4 PM
Day 4: 11 AM to 1 PM
Venue: Day 1: Wilson Garden Educational Society
Day 2 to Day 4: CHRIST (Deemed to be University), Bannerghatta Road Campus

The ECONTAGO Economics Association of Christ (Deemed to be University) conducted a successful four-day Financial Literacy Drive from December 13 to 16, 2023. The initiative aimed to educate non-teaching staff and students on essential financial topics, ranging from basic banking procedures to advanced subjects such as DigiLocker and online services. Led by enthusiastic student volunteers, the program included engaging sessions with PowerPoint presentations and practical demonstrations. The drive not only empowered participants with crucial financial knowledge but also fostered a sense of social responsibility among the student volunteers, promoting active involvement and community engagement.

Feedback from the initiative was overwhelmingly positive, highlighting the high-quality content and interactive nature of the sessions. Participants appreciated the practical insights into various financial concepts, such as budgeting, credit scores, and online safety measures. The use of regional languages ensured that the information was accessible to all, while the emphasis on safety and practical banking skills contributed to participants' overall financial well-being. The drive successfully instilled a sense of belonging and solidarity among student volunteers and non-teaching staff, making it a significant educational endeavor.

Key Takeaways:

- Comprehensive coverage of financial literacy topics, including banking, insurance, and online services.
- Active participation from student volunteers fostered social responsibility and community engagement.
- Positive feedback highlighted the practical insights gained by participants.
- Accessibility of content was enhanced through the use of regional languages.
- The initiative contributed significantly to participants' understanding of financial practices and safety measures.

A snapshot from the Financial Literacy Drive, taken on 13th December, 2023 at 3:20 PM at Wilson Garden Educational Society

One Day Basic Training Programme On Human Rights

Date: 12th March, 2024
Time: 8:30 AM - 4:50 PM
Venue: Assembly Hall, Block 2, Christ Central Campus

The National Human Rights Commission (NHRC) of India, established on 12 October 1993 under the Protection of Human Rights Act, 1993, plays a vital role in safeguarding human rights in India. NHRC's mandate includes inquiring into complaints of human rights violations, spreading awareness on human rights, and promoting international instruments on human rights. A collaborative training programme on human rights was organized by the Department of Sociology and Social Work at CHRIST (Deemed to be University) in partnership with NHRC on 12 March 2024. The event, which attracted 100 students from diverse academic backgrounds, focused on sensitizing participants about human rights issues, legal frameworks for women and transgender communities, the role of media, and civil society's role in promoting human rights. Key speakers, including Dr. Maya M and Dr. Suparna Majumdar Kar, emphasized the importance of education, research, and community engagement in advancing human rights.

The session on the application of the Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW) in advancing women's rights in India, led by Dr. Chaitra Rangappa Beerannavar, explored gender discrimination, disparity, and societal mindsets. She highlighted the challenges of women's participation in the workforce, political representation, and education, while addressing key violations of women's rights such as dowry deaths, domestic violence, and sexual harassment. Dr. Beerannavar discussed India's commitment to CEDAW, the legal framework post-ratification, and landmark judicial cases upholding women's rights. Despite India's progress, she emphasized the limitations of CEDAW due to reservations and cultural challenges, stressing the need for continued efforts toward gender equality and women's empowerment.

Key Takeaways:

- CEDAW and Women's Rights: CEDAW has influenced women's rights in India, though challenges remain due to reservations and social issues like domestic violence and dowry deaths.
- Political and Economic Participation: Women's participation in politics and the workforce is low, contributing only 18% to India's GDP, with underrepresentation in leadership positions.
- Transgender Rights: The session highlighted the struggles of nearly 3 million transgender people in India, focusing on legal rights, education, and government schemes for their welfare.
- Media's Role: Media is crucial in promoting human rights, but faces challenges from government pressures, ownership biases, and the spread of misinformation.
- Civil Society's Contribution: Civil society organizations (CSOs) play a key role in addressing human rights issues and advocating for policy changes where governments fall short.

Corporate Secretary Orientation

Date: 17th August, 2023
Time: 9:30 AM - 11:05 AM
Venue: Sky View, Central Block

The "Corporate Interface" program, organized by the Management Studies Committee of the School of Law at Christ University, featured a presentation by Mr. Sai Kumar D., a Company Secretary, on August 17, 2023. This orientation was designed for first-year law students, providing them with a comprehensive overview of the Company Secretary (CS) exam, its stages, and the employment opportunities available for CS professionals. Mr. Sai Kumar discussed key topics like company law, debentures, and the role of CS in upholding corporate governance standards. The session helped students gain insights into the importance of company law in fostering sustainable business practices and equipped them with essential knowledge for their future career paths in the legal and corporate sectors.

Follow-up and Mapping:
The event was linked to employability, entrepreneurship, and skill development, meeting the rising demand for skilled legal practitioners in corporate governance and dispute resolution. The orientation addressed Sustainable Development Goals (SDGs) such as Quality Education (SDG 4), Decent Work and Economic Growth (SDG 8), Industry and Infrastructure (SDG 9), and Partnerships for Goals (SDG 17). The session also mapped key law subjects like Principles of Management and Company Law to national and regional employability needs, offering students a valuable foundation for their professional development in the corporate legal field.

Key Takeaways:

- Overview of Company Secretary exam stages, subjects, and career opportunities.
- Importance of CS in corporate governance and sustainable business practices.
- Linkage of the event to SDGs such as education, decent work, and economic growth.
- Enhanced employability through specialized knowledge in company law and corporate governance.
- Practical insights into real-world applications of legal principles in the corporate sector.

12th Edition Of The School Of Law, Christ (Deemed To Be University) Model United Nations 2024

Date: 10th - 12th February, 2024
Time: Day 1: 9 AM - 7 PM
Day 2: 8:30 AM - 8:30 PM
Day 3: 9 AM - 3 PM
Venue: Main Auditorium, Audi Block, CHRIST (Deemed to be University)
Central Block, CHRIST (Deemed to be University)
K.E. Auditorium, Block IV, CHRIST (Deemed to be University), Central Campus
Room No. 911, Central Block, CHRIST (Deemed to be University)

The 12th Edition of the School of Law, CHRIST (Deemed to be University) International Model United Nations 2024 brought together esteemed guests, including former Indian diplomat Mr. T.P. Sreenivasan and retired civil servant Mr. K.M. Chandrasekhar, whose presence elevated the event. Through insightful sessions, delegates engaged in thought-provoking debates on critical global issues, fostering diplomatic skills and deepening their understanding of legal, environmental, and geopolitical matters. The cultural night celebrated diversity through music, dance, and camaraderie, enriching the overall experience. The Valedictory Ceremony honored outstanding contributions, with awards recognizing the best delegations and individual achievements. The event not only enhanced students' leadership and negotiation skills but also promoted global citizenship by addressing pressing global challenges.

The event emphasized the significance of Model United Nations in nurturing future leaders by fostering interdisciplinary thinking, collaboration, and problem-solving skills. Participants gained insights into diplomacy, legal principles, and sustainable development, making connections with key issues like gender equality, peace, and economic cooperation. The conference mapped well with the university's learning outcomes, covering employability, entrepreneurship, and skill development, and aligned with Sustainable Development Goals (SDGs) like Quality Education (SDG 4), Gender Equality (SDG 5), and Peace, Justice, and Strong Institutions (SDG 16). Follow-up plans include hosting external delegations and future MUN editions, along with skill-building workshops to further enhance students' abilities in law and diplomacy.

Key Takeaways:

- Insightful discussions on global issues, focusing on legal, environmental, and geopolitical dynamics.
- Enhanced diplomatic, leadership, and problem-solving skills through committee sessions and debates.
- Recognition of outstanding contributions with committee awards and best delegation honors.
- Integration of interdisciplinary topics like gender equality, peace, and economic cooperation, aligned with SDGs.
- Cultural exchanges promoting diversity, mutual appreciation, and a sense of global citizenship.

Samagra- A Quiz on the Sustainable Development Goals

Date: 21st August, 2023
Time: 10 AM - 12 PM
Venue: Seminar Hall, First Floor, Christ (Deemed-to-be) University, Bannerghatta Road Campus

Samagra, organized by Inquest-The Quiz Club in collaboration with the Departments of Political Science, History, and Business Management, was a well-coordinated quiz event focusing on sustainable development goals. Participants registered in teams of two or three, and after a competitive preliminary round, seven teams advanced to the second round. The second round consisted of four stages, incorporating the pounce strategy to enhance competition. The quiz aimed to raise awareness about sustainability issues, with the top three teams being felicitated by the overall head of Inquest.

The event, praised for its transparent scoring and high-quality questions, concluded with a photo session and vote of thanks. While the feedback from students and faculty was largely positive, some participants questioned the relevance of such events at a personal level. Nevertheless, the quiz was appreciated for addressing global issues and engaging curious minds in thoughtful discussions.

Key Takeaways:

- Samagra focused on sustainability issues, creating awareness through a quiz.
- Teams competed in multiple rounds, with transparent scoring.
- The winners were Bharat Krishna (1st), Kriswin E and Pallavi Krishnan (2nd), and Shreyans Lunkar and Devika Menon (3rd).
- Feedback was mostly positive, praising the event's organization and relevance, though some questioned its personal importance.

Workshop On Model United Nations

Date: 10th - 11th August, 2023
Time: 3:30 - 5:00 PM
Venue: 4th Block, Central Campus, Christ (Deemed To Be University)

The Model United Nations Workshop held on the 10th and 11th of August 2023 at CHRIST Junior College aimed to train students in diplomacy, research, and international relations. Conducted by the Model United Nations Society of CHRIST School of Law, the workshop introduced participants to the structure and procedures of a Model UN conference. The first day focused on interactive sessions explaining the MUN framework and research strategies, while the second day featured a mock session where students acted as delegates representing various countries. This allowed participants to engage in debates, draft resolutions, and gain firsthand experience of a real MUN conference. The workshop concluded with a feedback session, helping students improve their skills for future participation in external MUNs and pursue careers in international law.

Participants benefited immensely from the workshop, enhancing key skills such as research, public speaking, diplomacy, and negotiation. Through thoughtful debates and role-playing exercises, students learned how to navigate complex global issues, negotiate diplomatically, and effectively communicate their country's stance. The event also highlighted various UN committees, addressing topics like international relations, human rights, and global economic policies. Overall, the workshop provided students with valuable hands-on experience, preparing them for external MUNs while fostering critical thinking and a deeper understanding of global affairs.

Key Takeaways:

- Improved research skills on global issues and countries.
- Enhanced public speaking and communication abilities.
- Practiced diplomacy and negotiation techniques.
- Gained experience in MUN procedures and sessions.
- Received feedback for personal improvement in future MUNs

Academic–Industry Interface on Contemporary Developments in Investment and Securities Law

Date: 10th - 14th March, 2024
Time: 8:30 AM - 2:00 PM
Venue: Central Block, Room No. 911

The workshop on Insolvency and Bankruptcy Code, 2016, and Mergers & Acquisitions in India provided a comprehensive platform to gain both theoretical and practical insights into the legal and financial dynamics that affect corporations. Participants engaged with a wide range of topics, from the intricacies of mergers and acquisitions to the intersection of insolvency laws with other legal frameworks. The workshop emphasized tackling internal challenges faced by corporations and the strategies to overcome them, promoting innovative ideas and solutions. Throughout the sessions, participants were introduced to advanced concepts in investment, derivatives, and stock market regulations, which deepened their understanding of corporate and financial law.

The workshop's later sessions explored emerging trends such as venture capital in Web3, accelerators, and the role of macroeconomics and geopolitics in shaping market investments. The practical components of the workshop included live trading demonstrations, opening a Demat account, and fundamental analysis of trading strategies, ensuring participants left with actionable knowledge. The discussions were rounded off by addressing the Sustainable Development Goals (SDGs) related to resource mobilization and global cooperation, aligning the legal frameworks with broader global needs.

Key Takeaways:

- In-depth understanding of mergers, acquisitions, and their legal impact.
- Detailed analysis of the Insolvency and Bankruptcy Code and related laws.
- Practical insights into the stock market, investments, and SEBI regulations.
- Introduction to venture capital, Web3 funding mechanisms, and emerging trends.
- Application of macroeconomics and geopolitics in market analysis and investments.

Colonial Relies & Revisions

Date: 10th - 11th January, 2024
Time: 2 PM - 3 PM
Venue: Mini Auditorium, second floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session titled 'Colonial Relics and Ecological Revisions' explored the intricate interplay between colonial history, ecological narratives, and their socio-political impact through a series of thought-provoking paper presentations. Riya Reji and Nandana K Mohan's presentation on Lagaan examined colonialism through the lens of subalterns and disability discourse, focusing on the silencing of indigenous voices in postcolonial narratives. Similarly, Neethu M S and Dr. R Bhuvaneswari's paper analyzed Amitav Ghosh's works, The Great Derangement and The Nutmeg's Curse, delving into decolonisation and the environmental discourse surrounding human identities in crisis. The session moderated by Dr. Muskaan emphasized the intersection of historical narratives and ecological concerns, particularly highlighting how colonization continues to affect both land and people.

Priscilla N Rozario's paper brought attention to how landscapes and communities in Bengal were transformed through religious and colonial impositions. Using a case study of Bengali Catholic enclaves, she explained how colonization shaped not just societal structures but also the spatial and architectural configurations of living spaces. Yatin Arora's paper on The Hunger Games analyzed eco-feminism through a South Asian lens, connecting the environmental subjugation to family dynamics and gender roles, as seen in Katniss Everdeen's experiences. Overall, the presentations focused on how colonial history shapes contemporary ecological and social identities.

Key Takeaways:

- Exploration of colonial narratives through subaltern perspectives in Lagaan.
- The impact of colonization on landscapes and communities, as discussed in the Bengali Catholic context.
- An eco-feminist analysis of The Hunger Games using a South Asian perspective.
- Dewilding and decolonization themes in environmental discourse through the works of Amitav Ghosh.

Eco-Spatiality & Literary Imaginations

Date: 11th January, 2024
Time: 2 PM - 3 PM
Venue: 606, sixth floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session on 'Eco-Spatiality and Literary Imaginations,' chaired by Dr. Arya S, brought together a diverse range of perspectives on the intersections between ecology, spatiality, and literature. Chirag TR's presentation on Aldo Leopold's A Sand County Almanac highlighted the idea of ecological equilibrium, stressing the importance of a mutually respectful relationship between humans and nature. He examined the ethical challenges of land commodification in a modern, capitalist world, advocating for a balance between human interventions and ecological preservation. Gayathri P's presentation on Vaikom Muhammad Basheer's works, particularly Inheritors of the Earth and The Honey Mango Tree, explored the tension between anthropocentric and ecological consciousness, shedding light on ethical dilemmas related to animism, land, and deep ecological hierarchies. Both presentations stressed the need for harmonizing human actions with ecological awareness.

Leona Maria Lenny's close reading of Uzma Aslam Khan's Thinner Than Skin offered an insightful analysis of indigenous spatial awareness and the role of nomadic communities in bridging the nature-culture divide. Her presentation deconstructed imperialistic views and focused on how nomads contribute to ecological sustainability. The final presentation by Shanmathi D, co-written with Dr. Umaa Devi, delved into cross-cultural ecological spatialities, examining how spatial shifts affect people's relationships with land and nature. This presentation discussed the complexities of cultural and religious ties with land, particularly through the works of Lela Aboulela. The session concluded with an engaging discussion about the relevance of ecological concepts in educational spaces and the importance of incorporating ecological consciousness into modern societal constructs.

Key Takeaways:

- Aldo Leopold's ecological equilibrium emphasizes human respect for nature and ethical land use.
- Vaikom Muhammad Basheer's works highlight the ideological conflict between anthropocentrism and ecological consciousness.
- Uzma Aslam Khan's novel reflects indigenous communities' role in bridging the nature-culture divide.
- Cross-cultural ecological spatiality reveals how land and culture shape relationships with the environment.
- The session stressed the need for integrating ecological ideas into modern spaces and educational contexts.

Mind Over Matter: Eco-Psychological Discourses & Practices

Date: 11th January, 2024
Time: 2 PM - 3 PM
Venue: 602, sixth floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session on "Mind Over Matter: Eco-Psychological," chaired by Dr. Nivea Thomas, brought together insightful presentations that explored the psychological impacts of environmental issues and the therapeutic potential of nature. Lakxana S. kicked off the session with a study on therapeutic ecology, advocating for its use as a response to environmental anxiety by drawing connections between nature and mental well-being. Neha Nair followed with her research on the relationship between nature connectedness and mental health among Indian adults, highlighting the positive effects of nature-based activities like gardening on mental well-being.

Saranya Lakshmanan's presentation focused on eco-anxiety, using Kim Stanley Robinson's The Ministry for the Future as a reference to examine the emotional toll of climate change. Angeline Nikita delved into environmental virtue ethics, analyzing characters' interactions with nature in Ambikasutan Mangad's Swarga. Finally, Geetika Sawhney explored the therapeutic implications of nature-based interactions, examining how factors like gender, caste, and class influence engagement with nature. Dr. Nivea Thomas concluded by emphasizing the recurring themes of ecological consciousness and mental well-being across the presentations.

Key Takeaways:

- Lakxana S: Therapeutic ecology can be a solution to environmental anxiety, fostering a sustainable relationship with nature.
- Neha Nair: Nature connectedness and conservation behaviors significantly improve mental health in Indian adults.
- Saranya Lakshmanan: Eco-anxiety, driven by climate change, has profound psychological effects, necessitating coping mechanisms.
- Angeline Nikita: Environmental virtue ethics is crucial for transforming human-nature relationships.
- Geetika Sawhney: Ecotherapy's impact varies due to societal factors like gender and class, questioning the possibility of a singular approach.

Silver Screens: Eco-Visuality Cinema

Date: 11th January, 2024
Time: 2 PM - 3 PM
Venue: Seminar Hall, Academic Block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru

The session on "Silver Screens: Ecovisuality in Cinema" explored the dynamic intersection between film, literature, and ecological discourse, highlighting the diverse ways in which media reflects and shapes our relationship with the environment. Geethika Gireendran and Minu K. Jose began with an ecocritical study of the Malayalam film Aavasavyuham, where they discussed human-nature relationships through the lenses of ecocriticism and biopolitics. Shruthy Krishandas followed with her analysis of The Chronicles of Narnia movie series, emphasizing how language in the films influences ecological discourse, shaping our understanding of environmental themes. Both presentations underscored the role of cinema in portraying complex ecological relationships and human interactions with nature.

The session continued with Abisha Jasmine Suganthy S. and Dr. V. Karunanithi's study of interspecies communication in Life of Pi, focusing on biosemiotics and the relationship between Pi Patel and the tiger, Richard Parker. Their research challenged traditional communication methods, emphasizing survival in the context of ecological challenges. Finally, M. Ramesh Kumar and D. Christopher presented an insightful analysis of ecological and ornithological trauma in Nissim Ezekiel's Poet, Lover, Birdwatcher and Sankar's works, exploring the intersection of art, poetry, and ecology through the lens of Ecopsychology. This session showcased how films and literature serve as powerful tools for understanding the deeper ecological connections between humans, animals, and nature.

Key Takeaways:

- Aavasavyuham reflects human-nature relationships through ecocriticism and biopolitics.
- Language in The Chronicles of Narnia influences ecological discourse and our understanding of environmental themes.
- Life of Pi demonstrates interspecies communication and survival through biosemiotics in an ecocritical context.
- Nissim Ezekiel's poetry addresses ecological and ornithological trauma within the framework of Ecopsychology.
- Cinema and literature provide valuable insights into the complex interplay between humanity and the environment.

From Crisis To Possibility: Speculating Futures Through An Ecological Lens

Date: 11th January, 2024
Time: 2 PM - 3 PM
Venue: Room 603, sixth floor, academic block, CHRIST (Deemed to Be) University, Bannerghatta Road Campus, Bengaluru

The session titled "From Crisis to Possibility: Speculating Futures through an Ecological Lens" brought together four insightful presentations on ecological futures, climate change, and the role of technology and diplomacy in addressing global environmental issues. Meenakshi S. opened the session with a discussion on Lavanya Lakshminarayanan's Analog/Virtual (2020), exploring speculative futures using Fisiko's framework of 'lifeboat' and 'collective' narratives, and the importance of critically evaluating these systems. Gayathri V. followed with a posthuman ecocritical reading of the film 2.0, examining the complex relationship between digital technology and ecological futures. Both presentations highlighted the need for balance between nature and technology.

Krishna Priya's presentation analyzed select climate disaster movies, showcasing their role in raising public awareness about environmental degradation. Dr. Anagha Babu concluded the session with a paper on culinary diplomacy, focusing on India's use of the Spice Route as a tool for soft power and international relations. The panel discussions addressed the relevance of cinema and digital technology in communicating ecological crises, while also touching on sustainability and the importance of human adaptability in facing future challenges. The session emphasized the intersection of culture, technology, and ecology in shaping a sustainable future.

Key Takeaways:

- The balance between technology and nature is critical, as shown in the film 2.0.
- Analog/Virtual provides insights into speculative futures using lifeboat and collective narratives.
- Climate disaster films are effective in raising public awareness about environmental degradation.
- Culinary diplomacy plays a significant role in international relations, with India using the Spice Route as a form of soft power.
- The discussions underscored the importance of sustainability and human adaptability in the face of ecological crises.

Ecofeminism: Gendered Perspectives in Ecological Narratives

Date: 11th January, 2024
Time: 2 PM - 3 PM
Venue: 506, fifth floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session on gendered perspectives in ecological narratives featured three diverse presentations that highlighted the intersection of gender, environmentalism, and sustainability. Mekhla Salkar, an independent researcher, initiated the discussion with her paper, "The Future Must Be Feminine," which employed a semiotic reading of climate fiction, focusing on Brenda Cooper's For the Snake of Power and Cat Rambo's Big Rural. She emphasized the importance of recognizing the intersectionality between gender and socio-environmental sustainability. Following her, Rubina Sahu, a research scholar, explored the contrasting dynamics of masculine environmentalism in Life of Pi and Sherdil: The Pilibhit Saga, addressing the dominance of hegemonic masculinities and advocating for men to cultivate ecological selves. Rashi Agarwal, a student, concluded the session by discussing the artistic contributions of women folk artists to eco-feminist movements, particularly through Madhubani art, highlighting their significant role in environmental activism and sustainability.

The session was chaired by Dr. Arya PV, who provided valuable insights following the presentations. Mekhla's work opened the floor for discussions on breaking traditional gender binaries, while Rubina's analysis called for a re-evaluation of masculine identities in environmental contexts. Rashi's presentation underscored the symbiotic relationship between eco-feminism and folk art, advocating for a collective tapestry of liberation and environmental harmony. Unfortunately, due to time constraints, the question-and-answer session was omitted. Nevertheless, the discussion reinforced the crucial roles both genders play in addressing environmental challenges and the need for collaborative efforts in sustainability.

Key Takeaways:

- A semiotic reading of climate fiction reveals the intersectionality between gender and socio-environmental sustainability.
- The analysis of masculine environmentalism in Life of Pi and Sherdil highlights the need for men to develop ecological selves.
- Women folk artists play a pivotal role in environmental activism, with their contributions being essential to localized movements for change.
- The session emphasized the importance of breaking traditional binaries and fostering collaboration between genders in ecological narratives.

Green Activism: Sustainability, Resilience & Vision

Date: 12th January, 2024
Time: 2 PM - 3 PM
Venue: Mini Auditorium, Academic Block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session on "Green Activism: Sustainability, Resilience, and Vision" featured a diverse range of presentations that explored the intricate connections between environmental issues and various fields, such as fashion, indigenous practices, ecocriticism, and media. The event commenced with Melba Sabu and Poornima Nair, who addressed the impact of fast fashion on waste generation and emphasized the importance of responsible production and consumption. Arushi Sood and Niharika Vinod followed with a critical examination of the commercialization of indigenous beauty practices, highlighting their exploitation within the capitalist framework. Shilpa J presented an insightful analysis of Vandana Shiva's biocentric vision, advocating for sustainable practices grounded in traditional knowledge. Other presenters, including Tanim Mozumder, Sona Joy, and Lena Karunya, further enriched the discussion by analyzing eco-sensitivity in social media, postcolonial ecocriticism in video games, and the representation of nature in relation to sexual violence in literature.

The session, moderated by Miss Renu Elizabeth Abraham, concluded with an engaging Q&A segment, allowing for deeper interaction between presenters and attendees. Each paper contributed unique perspectives on sustainability and environmental consciousness, urging a re-evaluation of contemporary practices and the necessity for ecological awareness across various domains. This event not only highlighted the urgency of addressing environmental issues but also showcased the potential for interdisciplinary approaches in promoting a sustainable future.

Key Takeaways:

- Fast fashion significantly contributes to landfill waste, necessitating recycling and responsible production practices.
- Indigenous beauty practices often face exploitation within the global capitalist economy, raising questions about sustainability claims.
- Ecocentrism and ecofeminism provide frameworks for addressing the environmental crisis through traditional knowledge and biodiversity.
- Social media platforms like Instagram can enhance ecological awareness through narratives that engage with diverse understandings of nature.
- Video games reflect colonial stereotypes and can serve as platforms for promoting sustainable practices among youth.
- Nature imagery in literature can be used to explore complex themes, including the representation of violence and its relationship to eco-feminism.

INTRODUCTION
Our paper looks at body as the center of political disciplinary and scientific discourse (Federici). In concern with the discourses of beauty that is changing in the context of a global society that is increasingly concerned with environment and sustainability. Focusing on *Greenwashing* and its exploitation of indigenous beauty practices for profit in the global capitalist economy.

Echoes Of Nature: Decentering The Anthropocene

Date: 12th January, 2024
Time: 2 PM - 3:30 PM
Venue: Room 506, fifth floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The second day of Vachana '24 featured a paper presentation session titled "Echoes of Nature: Decentring the Anthropocene," which aimed to explore the intersection of the Anthropocene and Environmental Humanities across various genres and texts. The session was chaired by Dr. Sucheth, with Miss Bhruvi Bhatia serving as the emcee. Presenters included Srivarshini Senthilkumar, who analyzed the dynamics of human-nature relationships in Amitav Ghosh's The Hungry Tide, emphasizing the dominance of anthropocentrism over nature. Arundhati A examined animal-centric narratives in Malayalam literature, critiquing the commodification of animals and its connection to environmental degradation. Other presentations, such as those by Manju Bhashini and Sarah Palukurthi, discussed the conflict between anthropocentrism and ecocentrism in the film Jigarthanda DoubleX, while Aaron Leo explored the aesthetics of ecohorror in Keralite cinema.

The session also featured analyses of ecological symbolism in Mike Flanagan's The Fall of the House of Usher by Sarah Pauly, who argued that horror narratives can serve as allegories for climate change. The final presentation by Karnika Jeevagan and Nivetha Ekambaram examined the evolution of gaming community slangs, noting a shift towards ecocentric language in the post-pandemic context. This session not only highlighted the diverse approaches to understanding ecological issues but also emphasized the need for more inclusive and ecocentric narratives across various forms of media.

Key Takeaways:

- An anthropocentric mindset often leads to the exploitation of nature, as illustrated in The Hungry Tide.
- Animal-centric narratives in Malayalam literature critique commodification and post-humanism, linking environmental degradation to capitalist practices.
- The conflict between anthropocentrism and ecocentrism in Jigarthanda DoubleX reveals capitalistic politics and calls for more ecocentric narratives.
- Keralite ecohorror films highlight ecophobia and culturally created landscapes, exposing the exoticization of rural settings.
- The Fall of the House of Usher presents nature as a victim rather than a monster, using horror as an allegory for climate change.
- The evolving language of online gaming communities indicates a growing awareness of ecocentric values and the need for ecological sensitivity.

Expressing out of Bounds: Creative Texts

Date: 12 January 2024
Time: 3:30 PM - 4:15 PM
Venue: Mini Auditorium, second floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru

The final session of the conference provided an engaging platform for scholars to present their creative works, highlighting the intersection of literature, environment, and critical discourse. Ms. Shreya Pradhan, the emcee, welcomed the audience, while Dr. Yadukrishnan P.T. moderated the diverse presentations. The session opened with two poems, "An Ode in Memory of Fastertide" and "Palm Haven," which reflected on indigenous Christian identity and cultural paradoxes. The second presentation, a stop-motion short film titled "The Revelation: Genesis of Fall," envisioned a dystopian society, blending creative storytelling with speculative themes. This was followed by a Hindi poem, "Rahasya" (Mystery), which explored transformation through the lens of Queer Ecology. Another poetic work, "Nature's Divinity," took inspiration from John Keats, shifting focus from environmental determinism to a humanitarian perspective.

The latter part of the session delved into speculative futures and environmental themes. "The Mystique of Generative AI" explored the relationship between human creativity, nature, and AI. An article titled "What Sultana's Dream Teaches Us about a Solarpunk Future" analyzed the feminist utopia from 1905, advocating for sustainable coexistence. The final presentation, "Blood Soil," intertwined themes of feminine oppression with environmental degradation, emphasizing their interconnectedness. The session concluded with the distribution of certificates, leaving the audience with a deeper understanding of how creative narratives can shape discourse around identity, culture, and nature.

Key Takeaways:

- Artistic exploration fosters engagement with critical issues like identity, culture, and environment.
- Presentations ranged from poetry to speculative fiction, blending tradition with innovation.
- Themes of Queer Ecology, environmental determinism, and AI were central to the discussions.
- The session underscored the relevance of literary works in advocating for sustainability and social justice.

Eco-Urban Discourses: Dialogues on Development and Beyond

Date: 12th January, 2024
Time: 2 PM - 3 PM
Venue: Room 602, sixth floor, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The session titled “Eco-Urban Discourses: Dialogues on Development and Beyond” provided a rich platform for diverse perspectives on the intersections of urban development, environmental conservation, and societal well-being. The session was introduced by the emcee, Ms. Elvi K Eldhose, who welcomed the participants and introduced the session chair, Dr. Rajat Sebastian. The first presentation, by K. Renuka, focused on the role of graphic novels in nature conservation, particularly through Sarnath Banerjee’s All Quiet In Vikaspuri. Renuka's analysis emphasized how the sluggish waters in the novel metaphorically questioned human impact on water bodies. Presenters Neha Shetty, Dr. Saurabh, and Nandini Chakraborty, in their collaborative paper, examined the deforestation and urbanization issues in the Western Ghats through an ecofeminist lens. Their multidisciplinary analysis underscored the relationship between environmental policies and community-based sustainability, highlighting the role of women in shaping eco-friendly policies.

The latter part of the session explored broader urban and ecological themes. Nimisha Yadav's presentation on Dominique Lapierre's The City of Joy delved into issues of struggle, overcrowding, and environmental resilience in the context of ecocriticism. Mahika Mor explored the sustainable nature of urban foraging, linking it to food security and cosmopolitanism. Mohammad Jabir KK examined the connection between biophilia, architecture, and real estate, while Allu Alfred's paper on the socio-ecological impacts of the Vizhinjam Sea Port Construction debated the tension between progress and preservation. The session concluded with an engaging Q&A segment led by Dr. Sebastian, where participants explored the intricate connections between urban development and environmental sustainability.

Key Takeaways:

- Graphic novels can play a significant role in raising awareness about environmental conservation.
- Ecofeminism and community-based sustainability are essential in shaping modern environmental policies.
- Urban foraging offers a sustainable approach to food security and urban planning.
- Architecture and real estate are increasingly influenced by environmental considerations like biophilia.
- The tension between urban development and ecological preservation continues to provoke debate, as seen in the case of Vizhinjam Sea Port.

Swap And Sustain

Date: 18th December, 2024
Time: 1 PM - 4 PM
Venue: Quadrangle, CHRIST (Deemed to be University), Bannerghatta Road Campus

The promotional stall event for Vachana (Swap and Sustain), organized in collaboration with the Centre for Social Action (CSA), encouraged students to participate in a circular consumption model by donating and exchanging items. Set up like a thrift store, the event invited participants to bring clothes, jewellery, books, and other items they no longer needed and exchange them for pre-owned goods. The theme of Vachana, focused on ecological discourse, resonated strongly with the participants. Professors and students alike were enthusiastic, with some opting for nature-themed mehndi and face paintings to celebrate the event's environmental message.

The event was a resounding success, with many stalls running out of items due to high participation. The volunteers creatively attracted attention by giving away beautifully designed bookmarks, which added a personal touch and encouraged more engagement. The leftover items will be donated through CSA, reflecting the spirit of generosity and community involvement that marked the event. This initiative not only promoted sustainability but also fostered a strong sense of collaboration and social responsibility.

Key Takeaways:

- Encouraged participants to exchange items they no longer needed, promoting reuse.
- Raised awareness about mindful consumption and reducing waste.
- Creative strategies like bookmark giveaways helped increase participation.
- The event highlighted community involvement and environmental appreciation.

Pre-Vachana Conference Workshop on Language and Education in Multilingual India: Ecological Perspectives

Date: 10th January, 2024
Time: 2 PM - 5 PM
Venue: Seminar Hall, Academic Block, CHRIST (Deemed to be University), Bannerghatta Road Campus

The workshop on Eco-Linguistics, introduced by Dr. Santosh Kumar and emceed by Miss Minu K Jones and Miss Muskan Garg, explored the intersection of language, ecology, and society. Somrita Bannerjee opened the session by discussing how Eco-Linguistics studies the role of language in sustaining interactions between humans, other species, and the physical environment. She emphasized the need to address ecological crises through language and policy, breaking down the binary opposition of human-made society versus nature. Dr. Dripta Pillai (Mondal) presented on the "Ecolinguistic Understanding of Multilingual Classrooms," focusing on the tea gardens of Dooars, West Bengal, where linguistic and ecological diversity intersect. She highlighted the marginalization of Adivasi languages like Sadri and the environmental challenges faced by the region, including river pollution and deforestation, linking them to the issue of linguistic imperialism and ecological hazards.

Lekshmi R shifted the focus to English in multilingual societies, tracing its historical evolution from colonial times to the National Education Policy of 2020. She examined how English has shaped power dynamics in education and highlighted the ecological impact of neocolonial pedagogy, citing the endosulfan crisis in Kerala as an example. The workshop concluded with Somrita Bannerjee simplifying the terms ideology and discourse in relation to ecosophy and encouraging critical discourse analysis. The session ended with a Q&A and a vote of thanks, leaving participants with a deeper understanding of how language influences both ecological and social policies.

Key Takeaways:

- Language plays a crucial role in addressing environmental issues and promoting sustainability.
- Eco-Linguistics explores how language interacts with its ecological and social environments.
- The impact of linguistic imperialism on marginalized languages and its ecological consequences.
- The historical and contemporary role of English in shaping power dynamics and environmental policies.
- Linking ecological issues with the perspectives of multilingual speakers and linguistic diversity.

Traversing The Peripheries: Indigenous Eco-Tales & Folklore

Date: 12th January, 2024
Time: 2 PM - 3:30 PM
Venue: Seminar Hall, First Floor, Academic block
CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

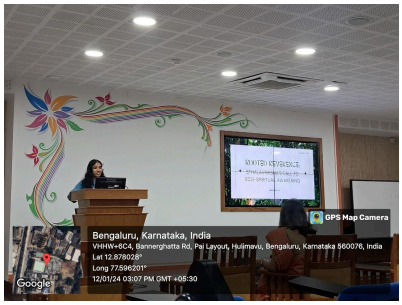

The session titled "Traversing the Peripheries: Indigenous Eco-Tales and Folklore" delved into the role of indigenous narratives and ecological practices in shaping cultural and environmental identities. The first presenter, Prarthana Manoj, analyzed the novel Valli by Sheela Tomy, highlighting the importance of oral narratives and the Paniya language in resisting dominant power structures. Eshaduti Dey examined the impact of colonization and casteism on the Santhal community, using Hansda Sowvendra Shekhar's writings to explore the internalization of inferiority and the ambivalence between oppressed communities. Lalitha K. M. discussed post-truth perspectives in Kota Neelima's works, focusing on the plight of Adivasi women and farmers' suicides, using Dr. Vandana Shiva's Earth Democracy theory.

The session continued with Fathima Fasleena's exploration of Indigenous Reverential Ecofear among the Cholanaikkan community, while Sreelekha Kopparambil spoke about Kerala's sacred groves as biodiversity hotspots maintained by traditional knowledge systems. Finally, Abiraami P. S. introduced the concept of Sthalavrikshas, sacred trees protected by temples, linking them to eco-spirituality and community reverence. The session concluded with questions on research gaps and reflections on the presented studies, emphasizing the connection between ecological preservation and cultural identity.

Key Takeaways:

- Oral narratives and indigenous languages serve as counter-discourses to dominant power structures.
- Postcolonial theory helps examine cultural crises and the internalization of inferiority in indigenous communities.
- Indigenous Reverential Ecofear plays a role in ecological preservation through reverence for nature and deities.
- Sacred groves in Kerala are preserved as biodiversity hotspots through traditional faith-based practices.
- Sthalavrikshas, sacred trees, act as symbols of eco-spirituality, linking nature with cultural and religious practices.

EcoSpective: Ecological Discourses In South Asia

Date: 11th - 12th January
Time: 9 AM - 5 PM
Venue: CHRIST (Deemed to be University), Bannerghatta Road Campus,
Hulimavu, Bangalore, Karnataka - 560076

The Pre-Vachana workshops held on 10 January 2024, focused on two crucial themes: the role of uncultivated foods in Indian food systems and the ecological perspective on language and education in multilingual India. The first workshop explored the historical significance of uncultivated foods in maintaining biodiversity and nutritional richness within Indian diets. However, due to evolving foodscapes and the rapid shift towards industrialized food systems, the traditional knowledge and practice of foraging for uncultivated foods are declining. Participants discussed how climate change and industrialization influence these changing foodscapes, emphasizing the need to preserve biodiversity through diverse diets.

The second workshop delved into the intersection of ecolinguistics, language policies, and multilingual education. Drawing from literature in these fields, the workshop examined how language and environment shape each other, using ecology as a metaphor to understand language policies. It emphasized the biases inherent in language that construct our understanding of the environment and explored how adopting a neutral outlook can help navigate these complexities. The sessions provided insights into the ecological discourses on language and the importance of integrating environmental communication in multilingual education.

Key Takeaways:

- Uncultivated foods are vital for maintaining biodiversity and nutrition in Indian food systems, but their practice is rapidly declining.
- Climate change and industrialization are reshaping foodscapes, calling for renewed focus on preserving biodiversity through diverse diets.
- Ecolinguistics explores the connection between language, environment, and policy, with ecological metaphors offering new perspectives on multilingual education.
- Language policies can influence environmental communication and shape how we understand ecological concerns.
- Adopting a neutral stance in language can help address biases that affect our perception of the environment.

We Are The Earth: The Ecological Crises and the Human Crises are Interconnected

Date: 11th January, 2024
Time: 9 AM - 11 AM
Venue: Main Auditorium, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

Vachana 2024 commenced with a solemn opening led by the university choir, followed by an invocation dance by Natyavriksha, setting a reflective tone for the conference. Dr. Santhosh Kumar, the Faculty Convener, welcomed the gathering, addressing the importance of bridging the gap between theory and environmental practice. Dr. John Joseph Kennedy, Dean of CHRIST University, highlighted the growing relevance of ecological discourses, emphasizing the urgency of addressing the environmental crisis. The keynote address by Dr. Vandana Shiva, titled "We are the Earth: The Ecological Crisis and the Human Crisis are Connected," was a powerful exploration of humanity's deep bond with the Earth and the necessity of sustainable practices for the planet's and our own healing.

In her keynote, Dr. Shiva outlined the negative impacts of industrial farming, which she linked to environmental degradation and human health issues, contrasting it with the benefits of organic farming. She also discussed how historical events like the Green Revolution and wars have contributed to ecological imbalance. Dr. Shiva emphasized the concept of quantum thinking—recognizing the interconnectedness of all life—and invited students to collaborate with her organisation, Navdanya, which works toward ecological sustainability. The session concluded with a thought-provoking Q&A where urban gardening, seed sovereignty, and global media's role in environmental discourse were explored.

Key Takeaways:

- The connection between human health and the Earth's health is critical; healing one can heal the other.
- Industrial farming is a significant contributor to climate havoc and biodiversity loss, while organic farming promotes ecological balance.
- Practising quantum thinking—understanding that everything is interconnected—can lead to sustainable living.
- Collaborative efforts, like those at Navdanya, can promote ecological and cultural biodiversity.
- Ecological discourses should shift from a focus on change to addressing the crisis and chaos caused by human actions.

Saving Wild Nature In Changing India

Date: 12th January, 2023
Time: 9 AM - 10: 30 AM
Venue: Mini Auditorium, Second Floor, Auditorium Block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The second day of Vachana 2024 began with a warm welcome by Ms. Renu Elizabeth Abraham, Head of the Department of English and Cultural Studies, who expressed gratitude to all involved in organizing the event. She emphasized the importance of sustainability and environmental discourse, highlighting the value of connecting students, activists, and thinkers through the conference. Following this, Dr. Ullas Karanth delivered a keynote address titled "Saving Wild Nature in Changing India," where he discussed ecological concepts such as wildlife and biodiversity. He underscored the need for both scientific understanding and passionate efforts to address conservation challenges.

Dr. Karanth delved into the impacts of agricultural expansion on species extinction and the environmental costs of renewable energy sources like solar and wind power on landscapes and wildlife. He also reflected on his personal experiences in wildlife conservation, touching on themes of human encroachment, sustainable development, and ethical considerations in wildlife management. The session concluded with a Q&A, where topics such as human-wildlife conflict, conservation strategies, and the challenges of introducing cheetahs were discussed.

Key Takeaways:

- Conservation requires both scientific solutions and a passionate drive to protect biodiversity.
- Agricultural expansion inversely affects wildlife species, contributing to extinction.
- Renewable energy sources like solar and wind power also have environmental impacts on landscapes and animals.
- Sustainable development must balance ecological preservation with human needs.
- Ethical considerations in wildlife management and education on environmental issues are crucial for long-term conservation efforts.

Mediated Ecologies: Exploring the Nexus of Media, Art and Justice

Date: 12th January, 2024
Time: 11 AM - 1 PM
Venue: Mini Auditorium, Academic Block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The “Mediated Ecologies: Exploring the Nexus of Art, Media, and Justice” panel discussion, moderated by Ms Anchitha Krishna, delved into the relationship between nature, culture, and media representation of environmental issues. Dr. Samuel Moses Srinivas explored the intersection of the caste system and environmental injustice in India, highlighting how ecological stratification mirrors social hierarchies. Dr. Siddhartha Krishnan contributed with insights on the role of media in shaping public perception of climate crises, emphasizing the need for impactful visuals to communicate environmental degradation effectively.

Dr. Padmakumar M M addressed the role of arts and media in tackling climate change, advocating for a shift from anthropocentric narratives to ecocentric forms of justice. He critiqued the media for privileging elite perspectives and stressed the importance of distributive, multi-generational, and multi-species justice. The session concluded with a video presentation by Dr. Krishnan, providing a visual exploration of eco-criticism through the communities of Darjeeling and Gangtok, reinforcing the panel's key themes.

Key Takeaways:

- The caste system significantly impacts environmental injustice and ecosystem stratification in India.
- Media plays a critical role in raising awareness of the climate crisis but must move beyond elite narratives.
- The overconsumption and exploitation of natural resources contribute to environmental degradation.
- Embracing ecocentric justice, which includes multiple species and generations, is vital for future sustainability.
- Holistic learning involves breaking free from materialism and engaging with diverse cultures and nature.

From Protest to Progress: Agrarian Narratives and Environmental Policies

Date: 11th January, 2024
Time: 11:15 AM - 1 PM
Venue: Mini Auditorium, academic block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru.

The panel session, "From Protest to Progress: Agrarian Narratives and Environmental Policies," moderated by Dr. Meghna Mudaliar, examined critical issues related to sustainable agriculture, farmer crises, and the struggles of indigenous communities. Dr. Richa Govil discussed the complexities of sustainable food production and the need for sustainable intensification to meet population demands while protecting the environment. She highlighted alternative farming methods in various Indian states as examples of successful sustainable practices. Mr. Amandeep Sandhu reflected on the displacement of Adivasi communities due to industrial development and linked the ecological disruptions of Punjab's Green Revolution to the rise of extremism in the region.

Ms. Jacinta Kerketta, through her evocative poetry, brought attention to the struggles of Adivasi identity and their connection to nature. Her poems revealed the seclusion and marginalization of indigenous communities, emphasizing the deep cultural and ecological ties that are often ignored by modern society. The session concluded with discussions on how academic spaces can influence these discourses and help bridge the gap between ecological theory and practice.

Key Takeaways:

- Dr. Richa Govil emphasized sustainable intensification as a means to balance population growth and environmental sustainability.
- Mr. Amandeep Sandhu linked ecological disruptions to political and social unrest, citing examples like the Green Revolution and Adivasi displacement.
- Ms. Jacinta Kerketta stressed the power of words in driving change and fostering interconnectedness between nature and communities.
- The panel called for greater integration of ecological discourses in classrooms and a focus on agrarian movements and media representations to raise awareness.
- The need to critically examine the sources of food and their ecological impact was emphasized throughout the discussion.

Bridging Development and Ecology for Nurturing Sustainable Futures

Date: 11th January, 2024
Time: 3 PM - 5 PM
Venue: Mini Auditorium, Academic Block, CHRIST (Deemed to be University), Bannerghatta Road Campus, Bengaluru

The panel discussion titled "Nurturing Sustainable Futures: Bridging Development and Ecology," moderated by Miss Nithu S. Nair and Mr. Pratyush Bakshi, focused on the role of corporate sustainability and the importance of local community involvement in sustainable projects. Dr. Neesha Dutt opened the dialogue by discussing how economic, cultural, and technical developments influence political decisions. Dr. Vidhya Athreya emphasized that sustainable development should be a collective responsibility of citizens, urging a mindset shift regarding our shared cultural space with animals. Dr. Kshithij Urs highlighted the distinction between climate change and environmental change, advocating for policies rooted in rural needs to mitigate carbon emissions.

The panelists engaged in a lively question-and-answer session, addressing concerns about the availability of local produce and the challenges of practicing sustainability as individuals. Dr. Urs encouraged the creation of markets for local vegetables in response to consumer demand and advised adopting a minimalist mindset to reduce waste. He stressed the importance of growing one's own food as a way to foster sustainability while also promoting the principles of reducing, reusing, and recycling. The discussion underscored the necessity of grassroots efforts and informed policies to create a sustainable future.

Key Takeaways:

- Dr. Neesha Dutt discussed how economic, cultural, and technical developments shape political choices impacting sustainability.
- Dr. Vidhya Athreya called for citizen engagement in sustainable practices, shifting responsibility from policymakers to individuals.
- Dr. Kshithij Urs emphasized the difference between climate change and environmental change, advocating for local produce markets.
- The need for policy frameworks to support sustainability initiatives was stressed by multiple panelists.
- Participants were encouraged to adopt minimalist lifestyles to reduce consumption and promote sustainable living practices.

Chat Over Coffee

Date: 26th August, 2022
Time: N/A
Venue: 5th floor, CHRIST (Deemed to be University), BGR campus

"Chat Over Coffee" is an initiative organized by the Media and Communication wing of the Centre for Social Action, Bannerghatta, aimed at fostering open discussions on social issues, with a primary focus on gender equality. Through informal group discussions, participants are encouraged to share their views while sipping coffee, creating a comfortable atmosphere for meaningful conversation. This initiative raises awareness about gender-related issues and advocates for social causes aligned with the United Nations' Sustainable Development Goals (SDGs), particularly SDG 5 (gender equality), SDG 10 (reduced inequalities), and SDG 16 (peace, justice, and strong institutions).

The initiative not only enhances communication among participants but also has a far-reaching impact on the broader community. By sharing their insights with family and friends, participants contribute to a ripple effect of awareness. The discussions foster a deeper understanding of gender equality and social justice, leaving a lasting impression on both volunteers and the community.

Key Takeaways:

- Improved communication and dialogue on social issues.
- Increased understanding of gender-related topics.
- Positive impact on the community through shared knowledge
- Alignment with SDG goals on gender equality, reduced inequalities, and justice.

Mukti Bike Rally

Date: 29th October - 4th November, 2022
Time: N/A
Venue: St.Teresa college of women
Location 2 : Government school, Mandya
Location 3: St.Ignatius Loyola church
Location 4: Shri Mahalingeshwara, Puttur
Location 5: Ramakrishna orphanage, Puttur
Location 6: Ullal Beach, Mangalore
Location 7: Board High School, near service bus stand, Udupi.
Location 8 : Koteshwara Govt. High school
Location 9 : Mutnal
Location 10: Basavanakurichi temple, Belgaum
Location 11: Yeragatti government school and college
Location 12: Ghalwad bus stand, Miraj, Maharashtra.
Location 13: Tanang Village, Miraj, Maharashtra

The Mukthi Bike Challenge, held from October 29, 2022, to November 4, 2022, was a collaborative effort by the NGO Oasis-India and Drishti, the theater wing of CSA, to raise awareness about the pressing issue of human trafficking. This week-long event featured street performances at thirteen locations, from Bangalore to Miraj, Maharashtra, aiming to educate and engage a diverse range of audiences. Through powerful street plays, the event highlighted various forms of human trafficking, including child labor and sexual exploitation, while also empowering the public with the knowledge needed to respond to such situations. Special efforts were made to reach students in government schools and colleges, informing them about the dangers of kidnapping and exploitation.

The Mukthi Bike Challenge had a significant impact on both the volunteers and the communities they reached. Volunteers not only gained hands-on experience in crisis management and performing street plays but also developed a deeper understanding of the severity of human trafficking. This event instilled a sense of responsibility in the volunteers to continue advocating against this issue and inspired many to take action. The initiative succeeded in spreading awareness to a wide audience, making it a meaningful step toward combating human trafficking in India.

Key Takeaways:

- Volunteers gained crisis management and performance skills.
- Heightened awareness of human trafficking and its forms.
- Empowered the public to respond effectively to trafficking situations.
- Extensive outreach across India, especially among students.
- Inspired volunteers to work passionately for the cause.

Drishti Street Play on ‘Child Marriage and Right to Education’

Date: 30th March, 2023
Time:4:30 - 5:30 PM
Venue: Ragigudda Slum, JP Nagar (3rd Phase)

On 30th March 2023, Drishti, the theatre wing of the Centre for Social Action (CSA) at CHRIST (Deemed to be University) Bannerghatta Road Campus, organized a street play at the Ragigudda Slum in JP Nagar, Bengaluru. The play focused on raising awareness about child marriage and the right to education, highlighting the consequences of these social issues. Local community members gathered enthusiastically to watch, engaging with the important message delivered through the performance.

The play left a positive impact on the audience by clearly showcasing the harmful effects of child marriage. For the volunteers, it was an enriching experience that improved their street play performance skills, such as eye contact and presence of mind, while also giving them a sense of fulfillment for contributing to societal change.

Key Takeaways:

- Volunteers gained experience in performing street plays.
- Improved skills in eye contact and presence of mind.
- Volunteers felt fulfilled by contributing to raising awareness.
- The play positively impacted the community by highlighting critical social issues.

Wall Painting

Date: 29th September, 2023
Time: 9 AM - 1 PM
Venue: Project Area, composite School

Date: 29th September, 2023
Time: 9 AM - 1 PM
Venue: Project Area, composite School

On 29th September 2023, we organized a "Wall Painting" event where every side of the library was beautifully painted with a theme centered around books. The vibrant artwork was designed to create an inviting atmosphere for students, encouraging them to explore the world of reading. By transforming the library into a visually stimulating space, we hoped to inspire students to take up reading as a hobby and, in turn, gain knowledge and insight through books. The event was a great success and brought a fresh energy to the library.

The initiative, spearheaded by CSA, aimed to set up a library that would not only serve as a place for learning but also as a space for students to discover their passions and understand themselves better through reading. The event also had a significant impact on the volunteers, allowing them to think creatively and push the boundaries of their imagination. Working closely together, they improved their communication skills and demonstrated strong teamwork throughout the project.

Key Takeaways:

- Created a welcoming library environment to encourage reading among students.
- Helped students explore their interests and gain knowledge through books.
- Volunteers enhanced their creativity and collaboration skills.
- Strengthened teamwork and communication among volunteers.

Goonj NGO Visit

Date: 1st March, 2024
Time: 9:30 AM - 4 PM
Venue: Goonj NGO

On 1st March 2024, CSA organized an NGO visit to Goonj in Delhi, founded by Anshu Gupta in 1999. His motivation to start the NGO stemmed from a tragic experience, where he saw many dead bodies but no clothes to cover them. Goonj, which now operates in its 25th year with a head office in Delhi and branches in eight other cities, focuses on providing clothes and other essentials to those in need. Donations are collected through drives, sorted by women at the NGO, and either recycled or repaired as necessary. The clothes are then packed into kits, such as the family pack containing essential clothing items. These kits are distributed as rewards for learning vital skills like farming or tailoring, ensuring recipients gain skills for survival while receiving aid.

Goonj also organizes impactful initiatives like Vaapsi (employment generation), Raahat (disaster relief), and POWER OF 5 (providing uniforms and school essentials). Other initiatives include Green by Goonj, Udado Zindagi (focused on winter clothing), and educational programs like Chehek Centers and sessions on menstrual health. The NGO values emotions over monetary donations, with older generations even contributing sentimental artifacts. Volunteers learned valuable lessons in communication, community engagement, and fundraising strategies, while beneficiaries were inspired to align with Sustainable Development Goals (SDGs) and apply their knowledge to improve their communities.

Key Takeaways:

- Volunteers gained insights into fundraising and communication strategies.
- Improved understanding of how NGOs like Goonj operate and benefit communities.
- Beneficiaries learned about SDG goals and were inspired to implement them.
- Goonj promotes skill-building and survival through aid distribution and training.
- A strong emphasis on valuing emotions and community-based learning initiatives.

Panel Discussion On Entrepreneurship Journey

Date: 27th February, 2024
Time: 11 AM - 1:15 PM
Venue: Mini Auditorium Block - B

The entrepreneurial panel discussion offered valuable insights into the keys to business success, with a focus on resilience, innovation, and the power of strong networks. The panelists emphasized that staying adaptable and persevering through challenges are crucial traits for any entrepreneur. They highlighted the importance of seeking mentorship and building strong relationships within professional circles to navigate the complexities of the business world. Innovation was another key focus, with entrepreneurs stressing the need to stay ahead of market trends to remain competitive in a constantly evolving landscape. A clear vision and purpose, according to the panelists, are fundamental in driving entrepreneurial ventures forward.

The event had a significant impact on participants by fostering greater awareness about entrepreneurship and offering networking opportunities with like-minded individuals, potential mentors, and collaborators. Attendees gained practical knowledge and advice from experienced entrepreneurs, learning from real-world examples and applying these lessons to their own ventures. For volunteers, organizing and facilitating the discussion enhanced their interpersonal skills, while managing the event provided hands-on experience in event coordination and communication. The experience of curating topics and interacting with entrepreneurs also helped them update and refine their communication skills.

Key Takeaways:

- Highlighted the importance of resilience, adaptability, and perseverance in business.
- Stressed the value of building strong networks and seeking mentorship.
- Emphasized the need for innovation and staying ahead of market trends.
- Underscored the importance of having a clear vision and purpose in entrepreneurship.
- Enhanced interpersonal and event management skills for volunteers.
- Provided networking opportunities and practical insights for participants.

SDG Group Discussion

Date: 19th January, 2024
Time: 3 PM - 4:30 PM
Venue: N/A

The SDG Group Discussion, held at Christ University, Delhi-NCR, focused on Sustainable Development Goals (SDGs) 8 and 17. SDG 8 promotes sustained, inclusive economic growth and decent work, while SDG 17 emphasizes global partnerships for sustainable development. Moderated by Dr. Pankaj Dhandiyal and Mrs. Shaila Varghese, the event brought together students from various departments to discuss the impact of technological advancements on employment and the challenges and opportunities in global cooperation for climate actions. The discussions highlighted the transformative potential of innovation, technology, and partnerships in fostering economic growth and sustainable development.

The event not only deepened participants' understanding of SDGs and the Environmental, Social, and Governance (ESG) framework but also provided a platform for developing essential interpersonal skills through collaborative discussions. Volunteers gained valuable experience in event management, topic curation, and communication. Overall, the discussion served as a catalyst for promoting societal benefits by encouraging collaboration across sectors and advancing the vision of a more equitable and sustainable future.

Key Takeaways:

- Increased awareness of SDG 8 (economic growth and decent work) and SDG 17 (global partnerships).
- Understanding of the role of innovation and technology in sustainable development.
- Importance of the ESG framework in the corporate world.
- Enhanced interpersonal skills and event management experience for volunteers.
- Strengthened collaboration and partnerships among participants.

NEST: Activity Centre Classes

Date:Every Saturday (August 2022 – April 2023)
Time: N/A
Venue: SFSS School

On the visit to SFS School, Kumbalgodu, 15 volunteers from the Activity Centre and Media & Communication division arrived at 2 PM to engage with the students. The children were divided into groups based on their grades, and each group received tailored lessons in subjects like English, Moral Science, Mathematics, and History. After an hour of teaching, the students were tested on their understanding. Post-class, the volunteers organized games such as kho-kho, Basketball, Volleyball, and Carrom Board, and also taught the kids origami. The event was a grand success, blending learning with fun, and the volunteers were deeply touched by the students' affection.

The activity not only provided educational support but also fostered emotional and social development in the children. The volunteers played an essential role in boosting the students' self-esteem and confidence by teaching and engaging them in creative activities. The experience also strengthened the community bond between the volunteers and students, making it a truly rewarding and impactful event.

Key Takeaways:

- Impact on the Community:
- Emotional and social development through interactive play and teaching.
- Educational support that strengthens literacy, numeracy, and critical thinking.
- Fosters community building, empathy, and stronger social connections.
- Benefit to Volunteers:
- Making a positive, lasting impact on children's development.
- Sharing knowledge and skills, broadening children's learning experiences.
- Boosting children's self-esteem and confidence through positive reinforcement.

25	Editorial: Emerging perspectives on probiotics, prebiotics, and synbiotics for prevention and management of chronic disease	Arun K B, P. Nisha, and Alberto Finamore	Frontiers in Nutrition		October 2023	Alberto Finamore - Council for Agricultural Research and Economics—Research Centre for Food and Nutrition (CREA—Food and Nutrition), Rome, taly	Department of Life Sciences	School of Sciences
26	Influence of symmetric/asymmetric boundaries on axisymmetric convection in a cylindrical enclosure in the presence of a weak vertical throughflow	PG Siddheshwar, C Kanchana, LM Pérez, D Laroze	Communications in Nonlinear Science and Numerical Simulation	126	November 2023	C Kanchana,David Laroze -Instituto de Alta Investigación, Sede Esmeralda, Universidad de Tarapacá, Av. Luis Emilio Recabarren 2477, Iquique, Chile, L. M. Pérez-Departamento de Física, FACI, Universidad de Tarapacá, Casilla 7 D, Arica 1000000, Chile	Department Physics & Electronics	School of Sciences

27	Cadmium as an Endocrine Disruptor That Hinders the Reproductive and Developmental Pathways inFreshwater Fish: A Review	Kaakarlu Shivakumar Vinanthi Rajalakshmi, Wen-Chao Liu, Balasubramanian Balamuralikrishnan Arun Meyyazhagan, Govindharajan Sattanathan, Manikantan Pappuswamy, Kadanthottu Sebastian Joseph, Kuppusamy Alagesan Paari , and Jang-Won Lee	Fishes	8	November 2023	Department of Animal Science, College of Coastal Agricultural Sciences, Guangdong Ocean University, Zhanjiang 524088, China 3 Department of Food Science and Biotechnology, College of Life Science, Sejong University, Seoul 05006, Republic of Korea;bala.m.k@sejong.ac.kr5 Department of Integrative Biological Sciences and Industry, Sejong University, Seoul 05006, Republic of Korea	Department of Life Sciences	School of Sciences

28	Review on impacts of micro- and nano-plastic on aquatic ecosystems and mitigation strategies	Shilpa Susan Scaria, Balamuralikrishnan Balasubramanian b, Vijayalaxmi S. Dandin c, Arun Meyyazhagan a, Manikantan Pappuswamy a, Govindharajan Sattanathan d, Wen-Chao Liu e ,Joseph Kadanthottu Sebastian a, Sungkwon Park	Aquatic Toxicology			Department of Food Science and Biotechnology, College of Life Science, Sejong University, Seoul 05006, South Korea Department of Animal Science, College of Coastal Agricultural Sciences, Guangdong Ocean University, Zhanjiang 524088, PR China	Department of Life Sciences	School of Sciences
29	Mathematical modeling to investigate the influence of vaccination and booster doses on the spread of Omicron	K.N. Kavya, P. Veeresha, Haci Mehmet Baskonus, Mansoor Alsulami	Communications in Nonlinear Science and Numerical Simulation		December 2023	Haci Mehmet Baskonus: - Harran University,Turkey. Mansoor Alsula: - King Abdulaziz University,Saudi Arabia	Department of Mathematics	School of Sciences
30	On the Hermite and Mathieu Special Characterizations to the Logarithmic Zakharov–Kuznetsov Equations	Zehra Pinar, Haci Mehmet Baskonus, P Veeresha, Wei Gao	International Journal of Applied and Computational Mathematics	10	December 2023	Zehra Pinar: - Tekirdag Namık Kemal University,Turkey, Haci Mehmet Baskonus:- Harran University,Turkey. Wei Gao: -Yunnan Normal University, China	Department of Mathematics	School of Sciences

31	Solution of boundary eigenvalue problems and IBVP involving a system of PDEs using the successive linearization method	M. Narayana, P. G. Siddheshwar	ZAMM-Journal of Applied Mathematics and Mechanics	103(12)	December 2023	Department of Mathematics, The University of the West Indies, Kingston, Jamaica	Department of Mathematics	School of Sciences
32	A Unified Approach to Two-Dimensional Brinkman-Bénard Convection of Newtonian Liquids in Cylindrical and Rectangular Enclosures	Pradeep G Siddheshwar, Kanakapura M Lakshmi, David Laroze	Entropy	26(1)	December 2023	K. M. Lakshmi - Instituto de Alta Investigación, Sede Esmeralda, Universidad de Tarapacá, Av. Luis Emilio Recabarren 2477, Iquique, Chile;David Laroze- Instituto de Alta Investigación, CEDENNA, Universidad de Tarapacá, Casilla 7D, Arica, Chile	Department Physics & Electronics	School of Sciences
33	Anthocyanin Production from Plant Cell and Organ Cultures In Vitro	HosakaĴe Niranjana Murthy, KadanthoĴu Sebastian Joseph, Kee Yoeup Paek, So-Young Park	Plants		December 2023	Department of Horticultural Science, Chungbuk National University, Cheongju 28644, Republic of Korea	Department of Life Sciences	School of Sciences
34	Biogenesis and Green Synthesis of Metal Nanoparticles and Their Pharmacological Applications		Plant Science today		December 2023	Department of Food Science and Biotechnology, College of Life Sciences, Sejong University, Seoul. South Korea	Department of Life Sciences	School of Sciences

35	Study of chaos in the Darcy–Bénard convection problem with Robin boundary condition on the upper surface	PG Siddheshwar, Davita Devi Soibam, D Laroze	Physics of Fluids	36(1)	January 2024	David Laroze- Instituto de Alta Investigación, CEDENNA, Universidad de Tarapacá, Casilla 7D, Arica, Chile	Department Physics & Electronics	School of Sciences
36	Bifunctional Amorphous Transition-Metal Phospho-Boride Electrocatalysts for Selective Alkaline Seawater Splitting at a Current Density of 2A cm−2	Rohan p\Pascal Fernandes, Silviya r,Aniruddha Santhosh Bhide,Suraj Gupta,rRnkoo Raram Bhabal,Matja Spreitzer,Alpa dashora,nainesh kantilal patel	Small Methods		January 2024	Suraj Gupta & Matjaž Spreitzer Advanced Materials Department, Jožef Stefan Institute, Jamova 39, Ljubljana, 1000 Slovenia	Department Physics & Electronics	School of Sciences
37	Impact of boundary conditions on Rayleigh-Bénard convection: stability, heat transfer and chaos	Noor Arshika S, PG Siddheshwar, Sameena Tarannum, C Kanchana	International Journal of Ambient Energy	45(1)	January 2024	C Kanchana - Instituto de Alta Investigación, Sede Esmeralda, Universidad de Tarapacá, Av. Luis Emilio Recabarren 2477, Iquique, Chile	Department Physics & Electronics	School of Sciences
38	Production of biomass and bioactive compounds from cell and organ cultures of ginseng, He-shou-wu, purple coneflower, and St. John’s wort for	HosakaĴe Niranjana Murthy, KadanthoĴu Sebastian Joseph, Kee Yoeup Paek, So-Young Park	South African Journal of Botany	164	January 2024	Department of Horticultural Science, Chungbuk National University, Cheongju 28644, Republic of Korea	Department of Life Sciences	School of Sciences

	use in the cosmetic industry							
39	Biosynthesis of zinc oxide nanoparticles mediated by Strobilanthes hamiltoniana: Characterizations, and its biological applications	Jaya Gangwar, Balamuralikrishnan Balasubramanian, Akshay Pratap Singh, Arun Meyyazhagan A, Manikantan Pappuswamy, Amer M. Alanazi Kannan R.R. Rengasamy e, Joseph Kadanthottu Sebastian	Kuwait Journal of Science	51	January 2024	Department of Food Science and Biotechnology, College of Life Science, Sejong University, Gwangjin-gu, Seoul, 05006, Republic of Korea Pharmaceutical Chemistry Department, College of Pharmacy, King Saud University, Riyadh, 11451, Saudi Arabia e Centre of Excellence for Pharmaceutical Sciences, North-West University, Potchefstroom, 2520, South Africa	Department of Life Sciences	School of Sciences
40	Fabrication of biopolymeric sheets using cellulose extracted from water hyacinth and its application studies for reactive red dye removal	Adhithya Sankar Santhosh a, Mridul Umesh, Sapthami Kariyadan a, Sreehari Suresh, Saleh H. Salmen b, Sulaiman Ali Alharb, Sabarathinam Shanmugam	Environmental Research	240	January 2024	Department of Botany and Microbiology, College of Science, King Saud University, PO Box -2455, Riyadh, 11451, Saudi Arabia c Chair of Biosystems Engineering, Institute of Forestry and Engineering, Estonian University of Life Sciences, Tartu, 51006, Estonia	Department of Life Sciences	School of Sciences

41	Phytofabricated bimetallic, synthesis of silver-copper, nanoparticles using Aerva lanata extract to evaluate their potential cytotoxic and antimicrobial activities	GopishankarThirumoorthy, Balamuralikrishnan Balasubramanian, JincyA. George,Aatika Nizam, Praveen Nagella, N. Srinatha4, Manikantan Pappuswamy, Amer M.Alanazi, Arun Meyyazhagan1, Kannan R. R. Rengasamy, Vasantha Veerappa Lakshmaiah	Scientific Reports		January 2024	Department of Food Science and Biotechnology, College of Life Sciences, Sejong University, Seoul, South Korea. Pharmaceutical Chemistry Department, College of Pharmacy, King Saud University, 11451 Riyadh, Saudi Arabia. Centre of Excellence for Pharmaceutical Sciences, North-West University, Potchefstroom 2520, South Africa.	Department of Life Sciences	School of Sciences
42	A novel approach to study generalized coupled cubic Schrödinger–Korteweg -de Vries equations	Lanre Akinyemi, P. Veeresha , M.T. Darvishi , Hadi Rezazadeh , Mehmet Şenol , Udoh Akpan	Journal of Ocean Engineering and Science	Volume 9, Issue 1,	February 2024	Lanre Akinyemi-Hampton University, USA; M.T. Darvishi-Razi University, Iram ; Hadi Rezazadeh -Amol University, Iran ; Mehmet Şenol- Nevşehir Haci Bektaş Veli Üniversitesi,Turkey ; Udoh Akpan-Drexel University,USA	Department of Mathematics	School of Sciences
43	Enhancing photocatalytic performance through surfactant-assisted	Rajiv Bharadwaj, Madhushree R, Sunaja Devi K R, Dephan Pinheiro,	Journal of Molecular Structure	1306 (2024) 137835	February 2024	Sivakumar Manickam: Petroleum and Chemical Engineering, Faculty of Engineering, Universiti	Department of Chemistry	School of Sciences

	electrochemical synthesis: Surface modification of hierarchical ZnO morphologies with Ag/ZnWO4 nanoparticles	Sivakumar Manickam				Teknologi Brunei, Bandar Seri Begawan, BE1410, Brunei Darussalam		
44	The fractional-order marriage–divorce mathematical model: numerical investigations and dynamical analysis	Mohammad Izad, P. Veeresha, Waleed Adel	The European Physical Journal Plus	Volume 139, article number 205	March 2024	Mohammad Izad-Shahid Bahonar University,Iran; Waleed Adel-Mansoura University, Egypt	Department of Mathematics	School of Sciences
45	Influence of Two-Frequency Rotational Modulation on the Dynamics of the Rayleigh–Bénard Convection in Water-Based Nanoliquids with Either AA7072 or AA7075 Nanoparticles	C Kanchana, PG Siddheshwar, D Laroze	International Journal of Bifurcation and Chaos	Volume 34, No 4	March 2024	C Kanchana - Instituto de Alta Investigación, Sede Esmeralda, Universidad de Tarapacá, Av. Luis Emilio Recabarren 2477, Iquique, Chile and David Laroze- Instituto de Alta Investigación, CEDENNA, Universidad de Tarapacá, Casilla 7D, Arica, Chile	Department Physics & Electronics	School of Sciences

46	Control of chaos in Darcy–Bénard axisymmetric convection in a cylindrical enclosure using a uniform vertical cross-flow	C Kanchana, PG Siddheshwar, D Laroze	Physics of Fluids	36(3)	March 2024	C Kanchana - Instituto de Alta Investigación, Sede Esmeralda, Universidad de Tarapacá, Av. Luis Emilio Recabarren 2477, Iquique, Chile and David Laroze- Instituto de Alta Investigación, CEDENNA, Universidad de Tarapacá, Casilla 7D, Arica, Chile	Department Physics & Electronics	School of Sciences
47	Unveiling the synergistic effect of amorphous CoW-phospho-borides for overall alkaline water electrolysis	Nainesh Kantilal Patel, Rohan Pascal, Fernandes, Suraj Gupta, Kishan H. Mali, Brajesh Rajesh Bhagat, Alpa Dashora, Maulik Patel	International Journal of Hydrogen Energy	63	March 2024	Suraj Gupta,Advanced Materials Department, Jožef Stefan Institute, Jamova 39, Ljubljana, 1000 Slovenia	Department Physics & Electronics	School of Sciences

48	A review on ethanol tolerance mechanisms in yeast: Current knowledge in biotechnological applications and future directions	Gandasi Ravikumar Sahana, Balamuralikrishnan Balasubramanian, Kadanthottu Sebastian Joseph, Manikantan Pappuswamy, Wen-Chao Liu, Arun Meyyazhagan, Hesam Kamyab, Shreeshivadasan Chelliapan, Biljo V. Joseph	Process Biochemistry	138	March 2024	Department of Food Science and Biotechnology, College of Life Science, Sejong University, Seoul, South Korea; Department of Animal Science, College of Coastal Agricultural Sciences, Guangdong Ocean University, Zhanjiang 524088, PR China; Faculty of Architecture and Urbanism, UTE University, Calle Rumipamba S/N and Bourgeois, Quito, Ecuador; Process Systems Engineering Centre, Department of Chemical and Energy Engineering, Faculty of Engineering, Universiti Teknologi Malaysia, Skudai, Johor, Malaysia; Balamuralikrishnan Balasubramanian, Wen-Chao Liu, Hesam Kamyab, Shreeshivadasan Chelliapan	Department of Life Sciences	School of Sciences

49	Biotechnological approaches for the production of hypericin and other important metabolites from the genus Hypericum	Jameel M. Al-Khayri, Sudheer Wudali Narasimha, Amaranatha Reddy Vennapusa, Praveen Nagella, Wael Fathi Shehata, Muneera Q. Al-Mssallem4	Plant Cell, Tissue and Organ Culture		March 2024	Department of Agricultural Biotechnology, College of Agriculture and Food Sciences, King Faisal University, Al-Ahsa 31982, Saudi Arabia; Department of Agriculture and Natural Resources, Delaware State University, Dover, DE 19901, USA	Department of Life Sciences	School of Sciences
50	Nonlinear Rayleigh-Bénard magnetoconvection of a weakly electrically conducting Newtonian liquid in shallow cylindrical enclosures	PG Siddheshwar, Arshika S Noor, Sameena Tarannum, D Laroze	Chaos, Solitons & Fractals	182	May 2024	David Laroze- Instituto de Alta Investigación, CEDENNA, Universidad de Tarapacá, Casilla 7D, Arica, Chile	Department Physics & Electronics	School of Sciences
51	Nonlinear stability analysis of double-diffusive convection in Kelvin –Voigt fluid with chemical reaction	Mahanthesh Basavarajappa, Dambaru D Bhatta	Mathematical Methods in the Applied Sciences		May 2024	Dambaru Bhatta: University of Texas Rio Grande Valley	Department of Mathematics	School of Sciences
52	Study of nanofluid flow in a stationary cone–disk system with temperature-dependent viscosity and thermal conductivity	Anagha Susan John, Mahanthesh Basavarajappa, Igor V. Shevchuk	Physics of Fluids	36(5)	May 2024	Igor V. Shevchuk: TH Koln-University of Applied Sciences	Department of Computer Science	School of Sciences

53	Tourism and Hospitality in Asia: Crisis, Resilience and Recovery	Azizul Hassan, Anukrati Sharma, James Kennell, Priyakrushna Mohanty	Springer Nature		2023	Surrey University, UK, Tourism Consultant, UK	Department of Business and Management	School of Business and Management
54	Nature-based tourism and nature conservation: Exploring the elements and links	Jeetesh Kumar, Priyakrushna Mohanty, and Neethiahnanthan Ari Ragavan	Routledge.		2023	Taylor's University, Malaysia	Department of Business and Management	School of Business and Management
55	Sustainable carbonaceous nanomaterial supported palladium as an efficient ligand-free heterogeneous catalyst for Suzuki–Miyaura coupling	Apoorva Shetty, Dhanya Sunil, Thitima Rujiralai, Sanjeev P. Maradur, Abdullah N. Alodhayb and Gurumurthy Hegde	Nanoscale Adv., 2024, 6, 2516	6	2024	Thitima Rujiralai, Center of Excellence for Innovation in Chemistry, Division of Physical Science, Faculty of Science, Prince of Songkla University, Hat Yai, Songkhla, 90112, Thailand Abdullah N. Alodhay, fDepartment of Physics and Astronomy, College of Science, King Saud University, Riyadh 11451, Saudi Arabia	Department of Chemistry	School of sciences

56	Fungi-Templated Silver Nanoparticle Composite: Synthesis, Characterization, and Its Applications	Francis Joy, Jyothis Devasia, Aatika Nizam, Vasantha Veerappa Lakshmaiah, Suresh Babu Naidu Krishna,	Appl. Sci. 2023, 13, 2158.	13	2023	Suresh Babu Naidu Krishna, Institute for Water and Wastewater Technology, Durban University of Technology, Durban-4000, South Africa	Department of Chemistry	School of sciences
57	Multicomponent Synthesis Strategies, Catalytic Activities, and Potential Therapeutic Applications of Pyranocoumarins: A Comprehensive Review	Francis Joy, Jyothis Devasia, Aatika Nizam, Vasantha Veerappa Lakshmaiah and Suresh Babu Naidu Krishna,	Chem. Biodiversity 2023, e202300836		2023	Suresh Babu Naidu Krishna, Institute for Water and Wastewater Technology, Durban University of Technology, Durban-4000, South Africa	Department of Chemistry	School of sciences
58	Recent Trends and Progress in Corrosion Inhibitors and Electrochemical Evaluation	Kiran Bijapur, Vandana Molahalli, Apoorva Shetty, Arafat Toghan, Paola De Padova, Gurumurthy Hegde	Appl. Sci. 2023, 13, 10107.	13	2023	Arafat Toghan: Chemistry Department, Faculty of Science, South Valley University, Qena 83523, Egypt, Paola De Padova, CNR-Istituto di Struttura della Materia, Via Fosso del Cavaliere, 100, 00133 Roma, Italy	Department of Chemistry	School of sciences

59	From Waste to Strength: Unveiling the Mechanical Properties of Peanut-Shell-Based Polymer Composites	Kiran Bijapur, Vandana Molahalli, Apoorva Shetty, Arafat Toghan, Paola De Padova, Gurumurthy Hegde	J. Compos. Sci. 2023, 7, 307.	7	2023	Arafat Toghan: Chemistry Department, Faculty of Science, South Valley University, Qena 83523, Egypt, Paola De Padova, CNR-Istituto di Struttura della Materia, Via Fosso del Cavaliere, 100, 00133 Roma, Italy	Department of Chemistry	School of sciences
60	Synthesis of bent-shaped azobenzene main-chain polymers for photo-switching properties	Md Lutfor Rahmana, Tang Xin Tinga, Mohd Sani Sarjadia, Sazmal Effendi Arshad, Sabrina Soloia, Zuhair Jamaina, Mohd Hafiz Abd Maji, and Gurumurthy Hedge	Journal of Macromolecular Science, Part A: Pure and Applied Chemistry 2024, VOL. 61, NO. 1, 40–52	61	2024	Tang Xin Ting, Faculty of Science and Natural Resources, Universiti Malaysia Sabah, Kota Kinabalu, Malaysia;	Department of Chemistry	School of sciences
61	A weighted Weibull distribution: Properties and applications	Thomas Xavier, Saralees Nadarajah	Quality and Reliability Engineering International	DOI: 10.1002/qre.3439	September 2023	Dr. Saralees Nadarajah, Reader Department of Mathematics, University of Manchester, UK	Department Statistics and Data Science	School of Sciences
62	Scopus Indexed Book Edited: "Advanced Applications of Python Data Structures and Algorithms"	Mohammad Gouse Galety, Arul Kumar Natarajan, A. V. Sriharsha	IGI Global Publisher	DOI: 10.4018/978-1-6684-7100-5	July 2023	Samarkand International University of Technology, Samarkand, Uzbekistan	Department Statistics and Data Science	School of Sciences

63	Scopus Indexed Book Chapter: "Organizing Data Using Lists: A Sequential Data Structure"	Saleem Raja Abdul Samad, N. Arulkumar, Justin Rajasekaran, R. Vinodini, Pradeepa Ganesan	IGI Global Publisher	DOI: 10.4018/978-1-6684-7100-5.ch002	July 2023	University of Technology and Applied Sciences, Shinas, Oman	Department Statistics and Data Science	School of Sciences
64	New discrete trigonometric distributions: estimation with application to count data	Christophe Chesneau, Jiju Gillariose	International Journal of Modelling and Simulation	https://doi.org/10.1080/02286203.2024.2315328	February 2024	Christophe Chesneau Department of Statistics Universit´e de Caen, LMNO, Campus II, Science 3, 14032, Caen, France Jiju Gillariose Department of Statistics CHRIST (Deemed to be University), Hosur Road, Bengaluru-560029, India	Department Statistics and Data Science	School of Sciences
65	Simulation model of ZigBee network to analyze routing protocols for sustainable healthcare environment.	Sandeep J, Faizal N Vasaya, Smera C, Kirubanand VB, Balamurugan E	NeuroQuantology	20	May 2022		Department Statistics and Data Science	School of Sciences

66	Green Synthesis of Bioinspired Nanoparticles Mediated from Plant Extracts of Asteraceae Family for Potential Biological Applications	Juhi Puthukulangara Jaison, Balamuralikrishnan Balasubramanian, Jaya Gangwar, Nilina James, Manikantan Pappuswamy , Arumugam Vijaya Anand, Naif Abdullah Al-Dhabi, Mariadhas Valan Arasu , Wen-Chao Liu , and Joseph Kadanthottu Sebastian	Antibiotics		March 2023		Department of Life Sciences	School of Sciences
67	Production of anthraquinones from cell and organ cultures of Morinda species	Hosakatte Niranjana Murthy, Kadanthottu Sebastian Joseph, Kee Yoeup Paek, So Young Park	Applied Microbiology and Biotechnology		February 2023		Department of Life Sciences	School of Sciences
68	Dynamic ways of Using DAS with reduced Call Drops and Hands-off	Princy S Ajit, Rohini V, Kirubanand V B , Balamurugan E, Vinay M					Department of Computer Science	School of Sciences
69	Environmental based Precision Agriculture	Rohini V, Kirubanand V B , Arokiasamy Soosamanickam	Psychology and Education		November 2020		Department of Computer Science	School of Sciences

70	Bioreactor systems for micropropagation of plants: present scenario and future prospects	Hosakatte Niranjana Murthy, Kadanthottu Sebastian Joseph, Kee Yoeup Paek, So Young Park	Frontiers in Plant Science		April 2023		Department of Life Sciences	School of Sciences
71	Phytochemical Composition, Bioactive Compounds, and Antioxidant Properties of Different Parts of Andrographis macrobiotics Nees	Dayanand Dalawai,Hosakatte Niranjana Murthy, Yassir Hassan Dewir, Kadanthottu Sebastian Joseph, Anish Nag	Life		May 2023		Department of Life Sciences	School of Sciences
72	Plant Secondary Metabolites: The Weapons for Biotic Stress Management	Jameel M. Al-Khayri, Ramakrishnan Rashmi, Varsha Toppo, Pranjali Bajrang Chole, Akshatha Banadka, Wudali Narasimha Sudheer, Praveen Nagella, Wael Fathi Shehata, Muneera Qassim Al-Mssallem, Fatima Mohammed Alessa, Mustafa Ibrahim Almaghasla, Adel Abdel-Sabour Rezk	Metabolites		May 2023		Department of Life Sciences	School of Sciences

73	Efficient in vitro propagation of Artemisia nilagirica var. nilagirica (Indian wormwood) and assessment of genetic fidelity of micropropagated plants	Smita Shinde, Joseph Kadanthottu Sebastian, Jyothi Ramesh Jain, Manohar Shirugumbi Hanamanthagouda , Hosakatte Niranjana Murthy	Physiol Mol Biol Plants		December 2016		Department of Life Sciences	School of Sciences
74	Stress Analysis based on Atmospheric, Physical, and Personal Stressors to Improve Deployment of Military Personnel	Monica Pallavi J, Vinodhini S, Sandeep J, Libin Thomas, Balamurugan E, KirubanandV B	NeuroQuantology		May 2022		Department of Computer Science	School of Sciences
75	The Process of Converting Natural Language to SQL Query	Princy S Ajit, Rohini V, Kirubanand V B, Balamurugan E, Vinay M	Natural Volatiles and Essential oils		2021		Department of Computer Science	School of Sciences
76	Improving Security in Internet of Things using DNA	Shrey Shah, Rohini V, Kirubanand V B, Balamurugan E	Natural Volatiles and Essential oils		2021		Department of Computer Science	School of Sciences

Joint Conference with International Universities					
Sr No.	**Conference Theme**	**Partner Universities/Organizations**	**Coordinating CU Departments**	**CU School**	**Coordinating CU Campus**
1	Interdisciplinary Engagement and Social Innovations in Business and Tourism	Universitas Diponegoro, Indonesia	Department of Business and Management	School of Business and Management	Bannerghatta Campus
2	Media Meet 2023 - 17 SDGs	Manchester Metropolitan University	Department of Media Studies	School of Arts and Humanities	Bangalore Central Campus
3	International Symposium - From Conflict to Collaboration: Empowering Youth for Change	Ulster University	Department of Media Studies	School of Arts and Humanities	Bangalore Central Campus
4	Global Progress, Local Actions: Aligning Business and Management Practices with SDG Agendas	Virginia Commonwealth University (VCU)	Department of Commerce	School of Commerce Finance and Accountancy	Bangalore Central Campus
5	International Workshop on Instabilities in Newtonian Fluid Flows	Universiti Malaysia Terengganu	Department of Mathematics	School of Sciences	Bangalore Central Campus
6	The International Conference on Scientific Advances in Natural Sciences & Techniques (SAiNTS - 2024)		Department of Chemistry	School of Sciences	Bangalore Central Campus

7	Two days international symposium on Science Beyond Boundary: Invention, Discovery, Innovation and Society, Rasayan 18	-	Department of Chemistry	School of Sciences	Bangalore Central Campus
8	Two-day international conference on Family care to social care	Association for International Social Work - Japan	Department of Sociology and Social Work	School of Social Sciences	Bangalore Central Campus
9	Workshop-Seminar	Hong Kong Shue Dn University	Department of English and Cultural Studies	School of Arts and Humanities	Bangalore Central Campus
10	International Conference on "Ethical Values in Nowadays Society"	Transilvania University of Braşov, Romania	Department of Law	School of Law	Pune Lavasa Campus
11	International Conference on Sustainable Finance and Accountancy	Asia Pacific University	Department Professional Studies	School of Commerce Finance and Accountancy	Bangalore Central Campus
12	Awarded Bronze award in Intex innovation and technology exposition and conference	Raia Hotel & Convention Centre Kuching, Jalan Lapangan Terbang, 93250 Kuching, Sarawak, Malaysia	Department of Chemistry	School of Sciences	Bangalore Central Campus

International Webinars						
Sr No.	**Webinar Topic**	**Speaker**	**Organized on (DD -MM -YY)**	**Partner University**	**Coordinating CU Departments**	**CU School**
1	Entrepreneurial Journalism	Jeremy Caplan	21-08-2023	City University of New York	Department of Media Studies	School of Arts and Humanities
2	Emerging Trends in Marketing	Dr. Neel Kamath	09-05-2024	Lincoln University Malaysia	Department of Commerce	School of Commerce, Finance and Accountancy
3	Technical skill enhancement in “Atomic Force Microscopy”	Prof. Brian Rodriguez	10-02-2024	University College Dublin	Department Physics & Electronics	School of Sciences
4	Sexual Harassment in public spaces and police patrol: experimental evidence from urban India	Dr. Nishith Prakash	09-08-2023	Northeastern University Boston	Department of Economics	School of Social Sciences
5	Interactive Session	Prof. N. Gregory Mankiw, Robert M Beren	15-02-2024	Harvard University USA	Department of Economics	School of Social Sciences
6	Collaboration Through Art: Student Work, Consultation, and Conversation – A First Encounter	Professors Jerolyn Morrison, Andrew McIntyre, Tina Linville, Greg Lewallen, Kimberly A Williams with Faculty from Christ University	02-21-2024	Baylor University, USA	Department of English and Cultural Studies	School of Arts and Humanities

7	Guest Lecture on Social Justice	Rupavardhini Balakrishnan Raju	08-09-2023	University of Oxford	Department of Law	School of Law
8	Interactive session	Dr. Janice Kinghorn	10-07-2023	Miami university	Department of Economics	School of Social Sciences
9	Economics of population aging and marketing for elderly consumers	Prof. Norbert Meiners	09-03-2024	Oxford institute of population Ageing	Department of Economics	School of Social Sciences
10	Conceptualizing Asian Commons	Dr. Mithilesh Kumar	22-06-2024	Shue Dan University	Department of English and Cultural Studies	School of Arts and Humanities
11	Sustainable Accounting	Dr. Kip Krumwiede	16-02-2024	Institute of Management Accountants (IMA)	Department of Business and Management	School of Business and Management
12	Data Science on Rise: Current Trends and Exciting Opportunities	Dr. Hiroki Sayama	30-09-2023	Binghamton University	Department of Computer Science	School of Sciences
13	Research Webinar on Best Practices for High-Quality Publications	Sujata Krishnamoorthy	22-09-2023	Wenzhou-Kean University	Department of Computer Science	School of Sciences

Curriculum Internationalization					
Sl no.	**Curriculum Impact**	**Partner University**	**Coordinating CU Departments**	**CU School**	**Coordinating CU Campus**
1	Collaboration for a 2+2 UG program in Social Work	JCU, Australia	Department of Sociology and Social Work	School of Social Sciences	Bangalore Central Campus
2	Curriculum update of all integrated UG programs BCOMIAF with ACCA, BCOM P with CIMA, BCOM IF with CPA USA/CFA	ACCA/CIMA/CPA/CPA (Professional Bodies)	Department of Professional Studies	School of Commerce, Finance and Accountancy	Bangalore Central Campus

Professional Bodies (Eg - CIMA, CFA etc)						
Sr no.	**Collaborating Professional Body**	**Activities performed in the academic year**	**Consultancy Amount (If any, in $)**	**Coordinating CU Departments**	**CU School**	**Coordinating CU Campus**
1	Faculty Name: Dr Avijit Kumar Das - Guest Editor of Special Issue "Recent Advances in Coordination Supramolecular Chemistry" of the Journal Molecules (Indexed within Scopus, and PubMed, Impact Factor 4.927). This special issue belongs to the section "Macromolecular Chemistry".	Published two papers as Editorial member	-	Department of Chemistry	School of Sciences	Bangalore Central Campus
2	Faculty Name: Dr Avijit Kumar Das RSC Advances Reviewer Panel member	Received RSC Advances Reviewer Panel Membership Certificate for significant contribution to the journal	-	Department of Chemistry	School of Sciences	Bangalore Central Campus
3	Faculty Name: Dr Avijit Kumar Das Associate Member of the Royal Society of Chemistry and is entitled to use the designatory letters AMRSC, Membership Number: 762863	Designated as AMRSC	-	Department of Chemistry	School of Sciences	Bangalore Central Campus
4	ACCA	Examinations, Funding for conference	3 lakh Rupees	Department Professional Studies	School of Commerce, Finance and Accountancy	Bangalore Central Campus
5	CFA institute	Examinations, 7 Scholarships received	-	Department Professional Studies	School of Commerce, Finance and Accountancy	Bangalore Central Campus

6	CIMA	Examinations	-	Department Professional Studies	School of Commerce, Finance and Accountancy	Bangalore Central Campus

Teaching sessions by International Faculty for CHRIST Students									
Sl no.	**Collaborating University**	**Country**	**Name of the Faculty**	**From Date (DD -MM -YYYY)**	**To Date (DD -MM -YYYY)**	**Topic**	**Coordinating CU Departments**	**CU School**	**Coordinating CU Campus**
1	Friedrich-Alexander Universitat, Erlangen-Nurnberg	Germany	Mr Yassine Iabdounane	12-09-2023	20-09-2023	Introduction to Corpus Linguistics	Department of Languages	School of Arts and Humanities	Pune Lavasa Campus
