| Sl No | Suggestions | Comments |
|-------|--|--|
| 1 | The curriculum have to improve more | If I look back and think... I definitely enjoyed each and every moment here. Especially the coffee breaks, meeting CIAs deadline, working together. It was wholesome and good. Thanks. |
| 2 | Some syllabus feels repeated, which restricted us to know more. It can go beyond where we can get our placement experience better. | The syllabus and the overall teaching structure was well planned! |
| 3 | Much appreciated if the general things are well coordinated in the department, if sensitivity training is provided for teachers just as students are given classes on the need to be culturally competent, and there should be a bit more flexibility for both teachers and students. Great full for the dept. | Overall a happy academic experience and a lifetime experience. Thank you |
| 4 | It would be better to alter the subjects in semester wise according to the need for applicability in internships and the burden of the semester. Please do consider this. | These 2 years of MSW helped me to learn,unlearn and relearn many things in real life. Suggestion could be not to stress students much about everything. |
| 5 | Class strength need to be reduced, because faculties and students will able achieve more than expected. | It was very good study domain to explore and enhanced skill and knowledge |
| 6 | need freedom to voice out for social justice without fear. The dept teaches social action and avoid us to do social actions. | Good and satisfied |
| 7 | Practical engagements should be improved | Enjoyed every single moment of learning! |
| 8 | There are some unnecessary papers in the curriculum and it would be better remove them add something new which equip the candidate to perform more efficient in the work place. | Would help to add project management, performance management, etc to the syllabus |
