

School of Arts, Humanities and Social Sciences

September 05, 2020

The teacher's day celebrations started at 4 pm on Microsoft teams. About 68 teachers logged in with the link provided to them with the e-invite that was sent to them a day in prior. The event started with the introduction and welcome address by the USC members and it was followed by a presentation of a prerecorded video of performances and recordings of different videos of students talking about their teachers. There were a few technical issues which were resolved and in the meantime the teachers were given a chance to interact and talk with the students and tell them about their quarantine routine and how they were coping with the online mode of classes.

Several teachers interacted and the session was facilitated by Midhun and Alaka (USC reps). Then the faculty went into breakout sessions where their respective departments waited for them. They were engaged in games and interactive activities and they were given a chance to talk to their students.

The departmental session ended at 5:15 and everyone returned to the main session where the video by Sonu Sood was played and the vote of thanks was delivered by Amshrutha (USC rep). We concluded the event at 6:00pm after the vote of thanks wishing our dear teachers a very happy teachers day.

A total of 78 people attended the main meeting including 10 USC reps and 68 faculty members. Thankyou cards were sent to the faculty later that day with personalized message appreciating their efforts and thanking for joining the event and making it a success.
