

## Student Booths 2022

### CHRIST (Deemed to be University), Kengeri Campus

The student council at Kengeri campus organized student booths for the incoming first-year students on 19 and 20 August, 2022. The booths were set up at two prominent locations on campus, one in front of the open audi and one beside the south canteen. Both the booths were active from 12.00 noon onwards on both days and huge numbers of first years accompanied by their guardians visited the stalls to get their doubts resolved. The stalls not only had an 'Ask me Anything' section for student queries but also fun activities that would promote the knowledge of campus. At the end of the two days, the total footfall was observed to be around 400 students and common queries involved doubts about hostels, dress code, banks, courses, and canteens.

The Student Booths were a great success and much appreciated by the students visiting the stalls as they repeatedly thanked us for providing an opportunity to resolve all their queries.
