

Department of Chemistry

Program Report

Date: 29.01.2020

Time: 9:00 – 10:00 am

Venue: Council Room

Program Coordinator: Dr. Riya Datta and Dr. Vinod T. P.

Nature of Program: Guest Lecture through Skype

Program Level: Departmental

Title: Controlled Crystal Growth and Functional Coatings through Microfluidic Reactors

Number of participants: 100 (96 Students)

Nature of Participants: I MSc and II MSc students and faculty members of Chemistry Department

Guest/Speaker: Dr. Abhiteja Konda,

Nano Science and Technology Division, Argonne National Laboratory,
Illinois, USA

Remarks: Detailed description on Microfluidics, fabrication of microfluidic reactors and their applications were discussed. This was followed by a question-answer session.

Organises

INVITED TALK THROUGH SKYPE

FOR

I & II YEAR PG CHEMISTRY STUDENTS

Topic

**Controlled Crystal Growth and Functional Coatings
through Microfluidic Reactors**

Speaker

Dr. Abhiteja Konda
Nano Science and Technology Division
Argonne National Laboratory
Illinois, USA

on

29 January 2020

9:00 am to 10:00 am

Venue

Council Room, Central Block, Bangalore Central Campus

Program Report

Date: 29.01.2020

Time: 10:00 – 11:00 am

Venue: Council Room

Program Coordinator: Dr. Riya Datta and Prof. Hepziba S. J.

Nature of Program: Career guidance through Skype

Program Level: Departmental

Title: Career Guidance and Opportunities Abroad

Number of participants: 100 (96 Students)

Nature of Participants: I MSc and II MSc students and faculty members of Chemistry Department

Guest/Speaker: Dr. Abhiteja Konda,

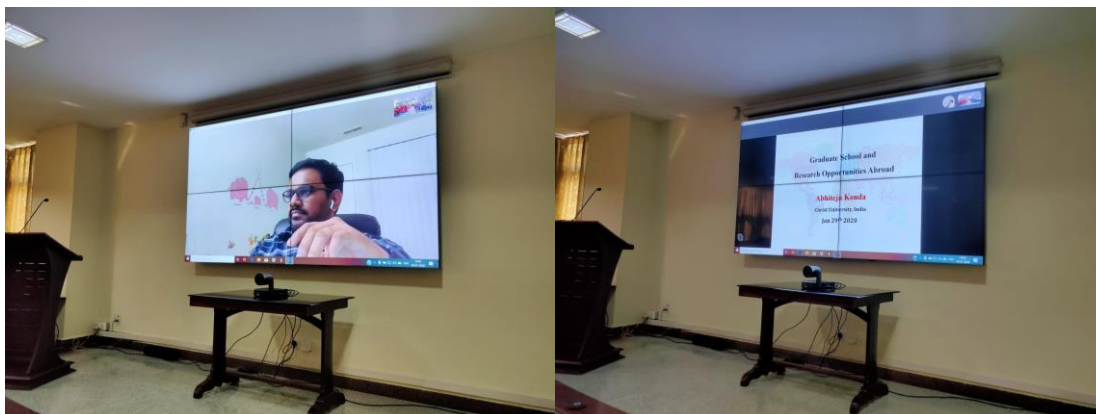

Nano Science and Technology Division, Argonne National Laboratory,
Illinois, USA

Remarks: Speaker gave guidance on Research and Post-doctoral Research abroad. He also highlighted on the different branches that a Chemistry post graduate student can pursue. He also mentioned the eligibility criteria for different Universities around the world and how an effective application can be written.

Program Report

Date: 15.02.2020

Time: 9:00 – 10:00 am

Venue: Council Room

Program Coordinator: Dr. Yamuna Nair

Nature of Program: Guest Lecture through Skype

Program Level: Departmental

Title: Insight on Career Perspectives

Number of participants: 46

Nature of Participants: II MSc students and faculty members of Chemistry Department

Guest/Speaker: Dr. SUMAN CHAKRABARTY

Post Doctoral Researcher,

University of Michigan

Ann Arbor

Remarks: Detailed discussion on various career aspects in the field of chemistry was the major highlight of the talk. This was followed by a question-answer session.
