Greetings from CHRIST (Deemed to be University), Bangalore, India!

We are delighted to welcome you to join us at our Virtual Summit.

The world has realized that the economic success of the states is directly determined by their education systems. Education is a nation's strength. A developed nation is inevitably an educated nation.

Covid 19 is having a direct impact on all the universities across the world. Higher education is at crossroads. The pandemic has pushed the world to drastically reinvent ways of coping with the 'new normal'. This has opened up huge opportunities as well as there are challenges going forward. After the initial phase of complete overhaul, it is critical to understand the short and long-term impact and future measures.

The Higher Education (HE) Summit tries to find a refreshed perspective and boost to Universities through conversations. The Summit aims to bring together leading academicians / administrators to exchange and share their experiences / ideas on the theme: Future of Higher Education: Opportunities and Challenges.

This Virtual Summit will take place on [Cisco WebEx platform](#).

**Admission is free, but Registration is essential.**

Request you to register for the event in advance.

**REGISTER**

We look forward seeing you at the Virtual Summit on **December 04, 2020** for what we believe to be the most important conversation of our time.
