program in Business Analytics from IIM Lucknow and Masters in Bharatanatyam from Tamil University.

Professional Bharatanatyam dancer

“B com professional' as the name suggests helped me in becoming a professional in every field; be it Finance, Management accounting, Music, Dance, etc. CIMA having interweaved into B Com P enabled me to become a professional along with my under- graduation. The timings of the course and the faculty encouraged me in seizing all the opportunities that came my way during the 3 years. This department is for students desiring to succeed in any field, whether it is Finance, Accounting, Entrepreneurship, Management, fine arts, etc. The zeal, culture, peers and the exposure given by the department helps students to identify their strengths and work on it. DPS can be personified as a wholesome platter. It offers to the outside world a bunch of excellent, professional, talented, well groomed, knowledgeable and highly skilful students and I am very proud to be its product. The added feather is being a lecturer in Risk Management for the final year batch.”

BCOM Professional,
University
CIMA Qualified
Fellowship - Insurance
India

“My 3 years as a student of Department of Professional Studies at Christ University has been a life changing experience. The BCOM Professional program offered by the department has CIMA syllabus integrated with regular classes which helped me complete an additional degree along with my normal course. The CIMA subjects in itself helped me in gaining in-depth knowledge about various industries and the risks faced thereof. BCOM Professionals also included Insurance as an add on professional course which helped me gain more knowledge in a different domain. The department also prioritized additional courses like Advance Excel and Six Sigma which further helped us in getting a head start at our respective workspace. The department has always been very supportive of extracurricular activities which has played a crucial role in building my personality and made me more confident as a person.”

University, Qualified Company
Secretary, Consultant at Ernst &
Young LLP

“Bachelor of Commerce Professional in the 3-year course has transformed each one of us to be truly professional. The curriculum incorporates the basics of the professional courses—mainly CIMA and CS, giving us a fair idea about the course.

The faculty not only offered practical knowledge but also handheld us and pushed us wherever and whenever required. The course not only aimed at professional excellence in academics but left no stone unturned in terms of the extracurricular and co-curricular activities, from dancing to organizing the biggest events - we did it all. The challenging yet rewarding course enhanced our ability and served as a stimulus, making us ready for our next journey.

The family of professional studies will continue to inspire our upcoming professionals and create a memorable experience as it did for me”
