Report:

ANTARCHAKSHU | THE EYE WITHIN was an experiential workshop aiming to provide a unique perspective into the lives of the visually impaired. It was organized by Xavier's Resource Centre for the Visually Challenged (XRCVC), St. Xavier's College (Autonomous), Mumbai, in collaboration with CAPS, and the Centre for Counselling and Health Services. The event started on time. After a brief introduction of the speaker, Mr Warriar took over the session. He began by asking the audience to introspect and think about the various difficulties faced by the visually impaired. Next there were certain activities involved. The audience was quite engaged throughout. The other speaker, Mr Phalke, started with a discussion and gave insights regarding his life as he himself is visually impaired. The questions from the audience were inquisitive and appropriate. After the vote of thanks, the session ended around 6 pm, which was on time.
