Department of Commerce
Academic Year 2024-2025**

Introduction

The stakeholders of an educational institution are individuals or organisations having a legitimate interest in the process and their inputs and outcomes. It includes students, teachers, employers, and alumni. Each stakeholder in the education system is essential to the success of the educational goals.

A structured feedback form on the curriculum is circulated to students, alumni, teachers, and employers after the mid-semester examinations during the odd semester every year. The feedback is analysed and presented to the Curriculum Development Cell (CDC) for further deliberation and recommendation by the CDC members. The Action Taken Reports recommend the changes based on the feedback analysis presented in the forthcoming BOS. This report is subdivided into the following two parts – first, the Feedback Analysis Report and second, the Action Taken Report.

Feedback Analysis Report and the Action Taken Report for the academic year 2024-25 on Curriculum, Course, teaching-learning, and evaluation programme are collected from students, teachers, industry, parents and alumni in the following order of different programmes offered by the Department of Commerce-

- BCom (Accountancy and Taxation / Honours / Honours with Research)
- BCom (Finance and Investment/ Honours / Honours with Research)
- BCom (Applied Finance and Analytics/ Honours / Honours with Research)
