*Former Vice Chancellor and Rector, Liverpool Hope University, UK*

**Synopsis of the activity**

Objective(s) of the activity	<p>The session aimed to raise awareness about sustainability and climate change.</p> <ul style="list-style-type: none"><li>• Students engaged in discussions on environmental issues, global conflicts, and the importance of ecological balance.</li><li>• The session focused on fostering a mindset shift from an 'egocentric' to</li></ul>
------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	an 'ecocentric' approach in daily life.
	<ul style="list-style-type: none"> <li>• The importance of inner peace before striving for world peace.</li> <li>• Breaking the cycle of violence through forgiveness.</li> </ul>

Highlights of the activity	<ul style="list-style-type: none"> <li>• The connection between ecology and conflict resolution.</li> <li>• The disparity in global resource distribution (2% owning 50% of the world's resources).</li> <li>• Encouraging sustainable habits and policymaking in institutions like Liverpool University.</li> <li>• <b>Peace Praxis Center</b>, which was present with us in the interactive session, focusing on: Intercultural dialogue, Ecology, Media, Cyber social well-being</li> <li>• Thought-provoking Q&amp;A session, where students actively participated and asked questions related to peace, sustainability, and ecological well-being.</li> <li>• The session emphasized the need to plant 'seeds of change' even if the immediate impact is not visible.</li> </ul>
Summary of the activity	The interactive session on Sustainability and

	Climate Change successfully engaged students in meaningful discussions about ecological balance and peacebuilding. Pillai Sir shared valuable insights on global conflicts, forgiveness, and environmental responsibility. The event emphasized the need to shift from an egocentric to an ecocentric mindset to build a sustainable future. Students actively participated in discussions, making the session a valuable learning experience.
