

GREEN VOICES 2026

Student Presentations on Local Environmental Issues

What you should do

1. **Identify the Problem:** Choose one specific, local environmental issue.
2. **Form Your Team:** Maximum 5 members with defined roles.
3. **Observe, Study & Collect Data:** Gather photos, numbers, and local accounts from the site.
4. **Think for a Possible Solution:** Develop a practical, low cost, testable idea.
5. **Write & Submit a Short Abstract:** Cover problem, impact, and proposed solution in under 200 words.
6. **Present at Final:** Selected teams will be mentored and present at Green Voices-2026.
