

Infrastructure

Classroom and Learning Facilities

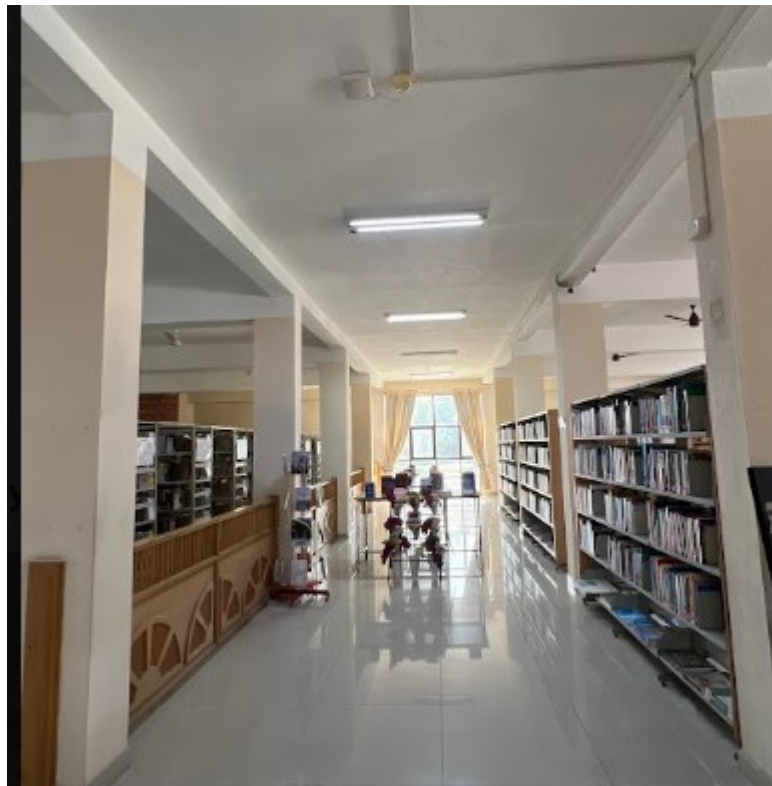

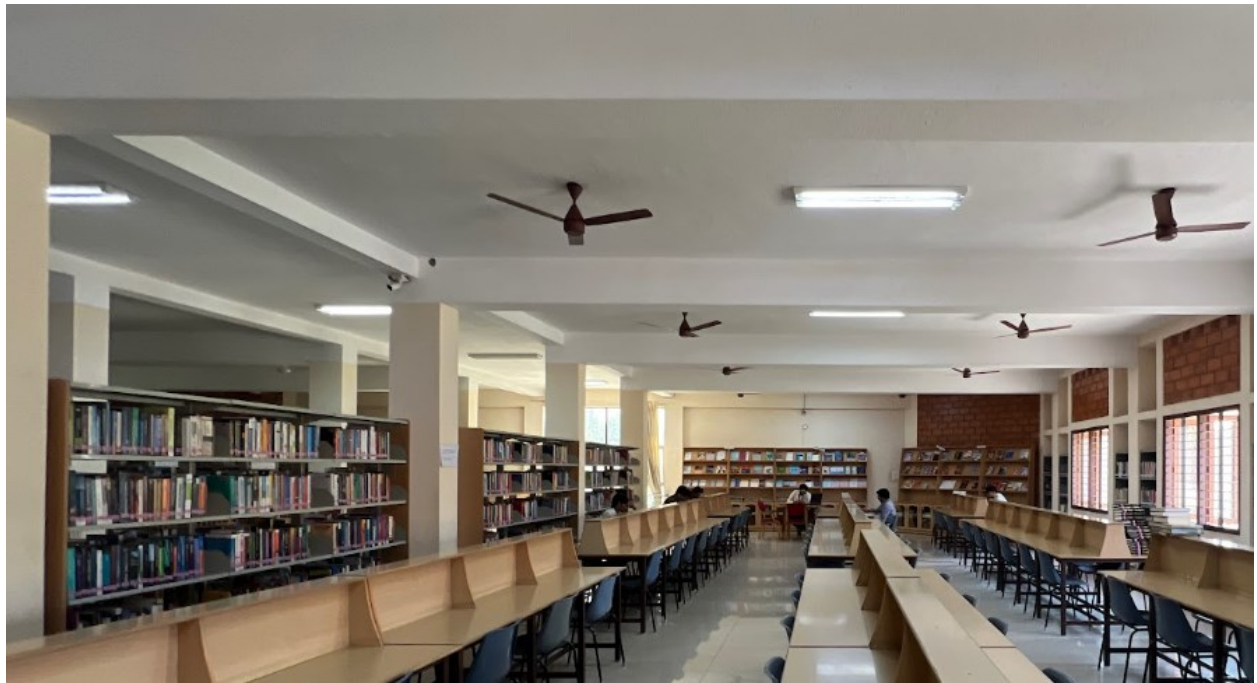

SBM provides students and faculty with adequate facilities to make teaching and learning effective and engaging. The e-learning facilities are available to both faculty and students and also ensure their use by their stakeholders. The school regularly assesses infrastructure needs and strives to provide faculty and students with the best facilities to enhance learning.

Library Facilities

SBM's well-stocked library enables students, faculty, and research scholars by creating a conducive environment for learning and research. The library offers students and faculty access to reference books, newspapers, periodicals, magazines, journals, databases, MOOCs, reference materials, thesis and dissertation reports, and plagiarism and similarity-check software. The students can access the following services through an online library catalog: searching by book title, author, subject, keywords, or ISBN; checking a book's status; viewing bibliographic details; renewing books; and receiving purchase suggestions. The library management software in use is RemoteX and Knimbus. SBM has subscribed to the plagiarism-check software Turnitin and Urkund, and to the proofreading software Grammarly.com.

Amphitheatre

The amphitheater has been a sublime locale that hosts many activities and events. The students host various functions here, including musical, theatrical, and other artistic productions. The presentations in the amphitheater are not limited to students, staff members, alumni, and families; they also reach the whole community through large-scale productions.

Auditoriums

The Bangalore Kengeri campus has three air-conditioned auditoriums, each equipped with modern facilities, that accommodate a total of 770 people. There is also an open auditorium (2400 square meters) with a seating capacity of 2500. It is distinguished by a large stage and green rooms with state-of-the-art audio and lighting systems and movable seating.

Seminar Halls

The campus houses three seminar halls, accommodating 50 to 175 people at a time. These facilities support the efficient organization of on-campus events, including meetings, conferences, guest lectures, presentations, short-term training programs, workshops, seminars, cultural activities, and celebrations.

Meeting Rooms

Panel Room – Meeting & Conference Facility

A Professional Space for Meaningful Discussions and Strategic Meetings

The Panel Room at Christ University is a professionally designed meeting space ideal for **panel discussions, corporate meetings, academic interactions, conferences, presentations, and stakeholder engagements**. With a spacious boardroom-style seating arrangement, integrated presentation facilities, and a comfortable professional ambiance, the room provides an ideal setting for productive conversations and collaborative decision-making.

Stationary

The campus is equipped with two student stationery centers located in Block I and IV, catering to the daily needs of the students. The kiosks offer a variety of items and provide photocopying services on campus to benefit students and staff. In addition, it serves as a daily essential provider from bedding to toiletries for the hostel students.

Cafeteria and Canteens

Bangalore Kengeri Campus has four cafeterias and four canteens, seating up to 2000 individuals. A variety of hygienically prepared delicious food is served. Whether it is breakfast, lunch, a quick snack, or a cup of coffee, one is looking for; the canteens are

where they should go. Conveniently located in Blocks I & IV, with nearby Car parking and in Devadan Hall, these facilities are easily accessible to anyone, including visitors. The sight of hundreds of students spread out across the quadrangle and the lake view, enjoying their food in groups, is pleasant.

Sports Facilities

We ensure our students have access to the best athletic facilities because we understand the direct relationship between physical and cognitive fitness. On campus, we have two basketball courts, one cricket ground, one volleyball court, two badminton courts, two football grounds, and an athletic track.

Gym

The campus provides well-equipped gym facilities for the students to train and maintain fitness.

Ambulance Facility

The campus has an on-call ambulance service that responds to medical emergencies on campus and in the local community at all hours.

Transportation

The campus has an efficient transport department. Equipped with buses, it provides hassle-free, safe transportation for students and staff living in various locations.

Healthcare Center

The Bangalore Kengeri Campus has a healthcare centre that provides essential medical care to students, faculty, staff, and visitors. It offers assistance for common illnesses, minor injuries, and basic medical needs. Conveniently located within the campus, the

centre ensures easy access to healthcare services and contributes to the well-being of the university community.

Bloomberg Lab

The Bangalore Kengeri Campus has a Bloomberg Lab equipped with Bloomberg terminals that provide access to real-time financial data, market information, and analytical tools. The lab supports students in understanding financial markets, investment analysis, and economic trends through practical learning. It serves as a valuable resource for developing financial knowledge and industry-oriented skills.
