Synopsis of the Activity (Description)

Highlights of the Activity	a)
Key Takeaways	Enhanced Collaborative Learning & Peer Assessment Faculty plan to implement structured peer assessment and deliberate group formation strategies to foster student ownership, mutual learning, and effective teamwork in group assignments. Assessment Revision & Reflective Writing Clarity There is a clear intent to revise existing assessment tools, with a specific focus on providing greater clarity and explicit criteria for reflective writing assignments. Demand for Interdisciplinary Knowledge-Sharing Participants found the session highly engaging and expressed a strong desire for ongoing sessions featuring external expert speakers, real-world classroom examples, and interdisciplinary experience sharing.
Summary of the Activity	Dr Bhavani Sridharan discussed the growing importance of teamwork and the challenges in measuring teamwork at the individual level. Based on her practice as well as research she demonstrated the ways in which team work assessments can be facilitated and graded.
Tangible Outcomes	1. Clarity on embedding peer and self assessments 2. Use of technology in assessments 3. Tips on facilitating team based assessments
Follow-up plan	More sessions will be organised on relevant topics

Feedback

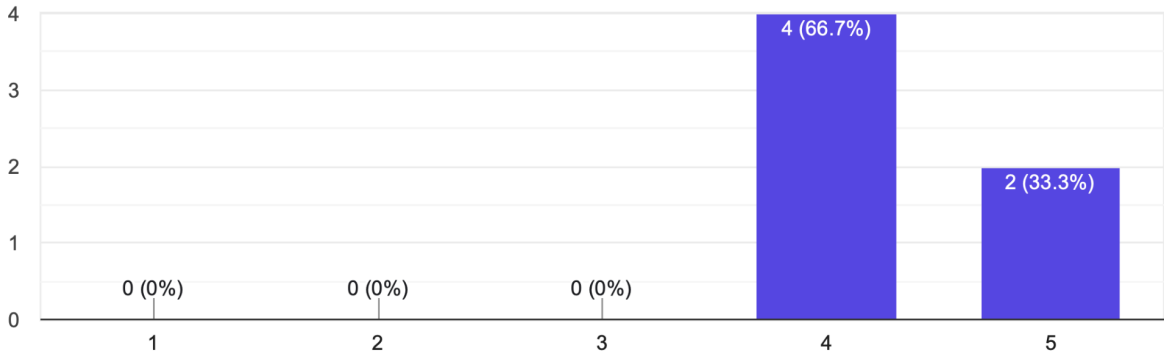

The session objectives were clearly stated and effectively addressed.

6 responses

The content shared in the session was relevant and applicable to my teaching practice.

6 responses

Participant feedback reflects strong enthusiasm for incorporating structured collaborative learning and refined assessment methods into teaching practices. Faculty members emphasized the immediate value of adopting peer assessment models, improving group formation strategies, and providing clearer guidance on reflective assignments. Additionally, attendees expressed interest in integrating session insights into their research and called for continued cross-disciplinary sessions featuring practical classroom examples and expert speakers.
