4. To promote ethical decision-making and responsible leadership.
5. To encourage creativity, innovation, and out-of-the-box problem-solving.
6. To simulate real-time business scenarios across multiple functional domains.
7. To foster teamwork, collaboration, and peer-to-peer learning.
8. To build confidence and adaptability through high-pressure tasks and role-based simulations.

### **Conclusion:**

Prarambh 2025 successfully delivered one of the most holistic student development experiences on campus. Through meticulously curated simulations and real-time crisis challenges, it broke conventional boundaries between classroom learning and practical application. Students weren't just participants—they became negotiators, reformers, whistleblower defenders, and crisis leaders across nations and corporations. The themes

explored were bold and timely, ranging from anti-union retaliation and carbon offset scandals to governance breakdowns and post-war recovery. These challenges encouraged participants to embrace ambiguity, think deeply about values, and collaborate with purpose. The event demonstrated how leadership is less about titles and more about judgment, empathy, and action under uncertainty.
