SUMMARY

The EMCEEs for today's ceremony were Ms. Shalini Tirkey and Mr. Joseph Mathew. The ceremony started with a song sung by the University Choir along with the lamp lighting ceremony. It was followed by showing the FOOBAR 2.0 video which was made by the students of CSE department. The welcome speech was given by Mr. Madhavendra Singh Negi.

Dr. K Balachandran, HOD, Department of CSE was asked to address the gathering. He talked about Augmented Reality (AR) and how it can be used in enhancing the features. The first edition of FOOBAR at Faculty of Engineering, Christ University received an overwhelming response with over 350 participants. Last year, with events like Hackathon, Gaming, Tech Hunt, Comic Strip and Half-a-Minute, Foobar registered itself as one of the exemplary fests at Christ University. This year, with the theme 'Redefying Reality', Foobar 2.0 is adorned with events such as Code Crunch, AR Tech Hunt, ML-a-thon (Machine Learning Hackathon), Circuit Debugging and others. With already over 200 registrations before the inauguration, FOOBAR 2.0 is already off to a great start.

The inaugural speech was followed by FOOBAR glimpse and introduction of the Chief Guest. The introduction talked about the education, skills and achievements of the Chief Guest.

Mr. Gautam Khanna, Chief Guest, was asked to enlighten the gathering with his words. It was his first time to inaugurate an event in Faculty of Engineering, Christ University. He talked about foundational elements that a person requires for success. The elements are: grit, self-control and curiosity. Grit is a combination of hardwork and perseverance. He said about the Marshmallow Test and how our life is full of temptations. For being successful in life one should be able to control his/ her temptations.

After the speech, the students were given certificates of their achievements by the Chief Guest.
